April 01, 2014 to September 30, 2015 (hereinafter referred to as 'Investigation Period'/'relevant period'). The copy of relevant extract of the investigation report is enclosed as **Annexure-B**.

3. It may be noted that reversal trades are considered non-genuine trades if it involves an entity reversing its buy or sell positions in a contract with subsequent sell or buy positions with the same counterparty during the same day. In this regard, artificial volume is considered as the volume (no. of units) reversed in non-genuine trades, comprising both original volume and reversed volume while keeping out the volume which is not reversed.
4. Pursuant to the investigation, it is alleged that, during the investigation period, a total of 2,91,744 trades comprising substantial 81.41% of all the trades executed by various entities in Stock Options Segment of BSE were non-genuine trades. The aforesaid alleged non genuine trades resulted into creation of artificial volume to the tune of 826.21 crore units or 54.68% of the total market volume in Stock Options segment of BSE during the Investigation period. It is alleged that 14,720 entities were involved in the execution of non-genuine trade during the above mentioned investigation period and further, it is alleged that the Noticee is among the 14,720 entities who/which have indulged in the said non-genuine trades during the investigation period. In this regard, details of all the alleged non-genuine trades of the Noticee in Stock Option Segment of BSE during relevant period are attached as **Annexure-C**.
5. It is further noted that said alleged non-genuine trades were not restricted to any specific contract or between any specific set of entities. Following points deals with the dealings of Noticee during the Investigation period and allegations against its execution of non-genuine trades.

6. For the purpose of illustration of non-genuine trades and creation of artificial volume by the Noticee, details of trading done by the Noticee in the contract viz. "ARVI15APR290.00CEW3" on March 17, 2015 is given below:

Date	Buyer	Seller	Buy Order Time	Sell Order Time	Trade Time	Trade Rate (Rs.)	Trade Quantity
17/03/2015	ANUJA SINGLA	BRAHM (ALLOYS) LIMITED	13:02:44.440419	13:02:44.339471	13:02:44.440419	3.9	20000
17/03/2015	BRAHM (ALLOYS) LIMITED	ANUJA SINGLA	13:02:38.639130	13:02:38.640097	13:02:38.640097	16.1	20000

7. It is observed from the table above that the trades entered by the Noticee in the contract of "ARVI15APR290.00CEW3" on March 17, 2015, with the counterparty viz. Brahm (Alloys) Limited were reversed between the Noticee and the same counterparty on the same day resulting in reversal of trades which are, *prima facie*, considered to be as non-genuine. Therefore, in the process artificial volume in the stock option contract at BSE has been generated by the Noticee through such non-genuine trades. From the table above, it is observed that the artificial volume created as no. of units reversed in non-genuine trades is 40,000 units comprising both volume of initial trade and volume of reversal trade, while not considering the volume which is not reversed. In the process, it is observed that the Noticee had made a profit of Rs. 2,44,000 /-
8. The transactions in a said contract were reversed with the same counterparty indicates a prior meeting of mind with a view to execute the reversal trades at a pre-determined price. Since these trades were done in illiquid option contracts, there was no trading in the said contract and hence, there was no price discovery in the strictest terms. The wide variation in prices of the said contracts, within a short span of time, is a clear indication that there was pre-determination in the prices by the counterparties while executing the trades. Thus, it is observed that

Noticee had indulged in reversal trades with her counterparty in the stock options segment of BSE and the same were non-genuine trades.

9. It is further observed from the trade data of the Noticee that she has allegedly entered into non-genuine trades in 2 contracts wherein she executed a total of 4 trades all of which were, *prima facie*, non-genuine trades. In view of this, it is alleged that such fraudulent trades of the Noticee had resulted into creation of artificial volume of total 50,000 units.
10. From the perusal of the trade data of the alleged non-genuine trades of the Noticee, it is observed that Noticee has allegedly executed non-genuine trades in 2 contracts. The total volume of 50,000 units generated by the Noticee in these 2 contracts due to her alleged non-genuine trades was artificial volume generated by the Noticee in the stock option segment of BSE. These alleged non-genuine trades, executed by Noticee in above contracts, had significant differential in buy rates and sell rates considering that the trades were reversed on same day.
11. Further, summary of dealings of Noticee in 2 Stock Options contracts in which she had allegedly executed non genuine trades during the relevant period is enclosed as **Annexure D**.
12. In view of the foregoing, it is alleged that the Noticee, by indulging in execution of reversal trades in Stock Options with same entities on the same day, which were non-genuine in nature, has created false or misleading appearance of trading in the aforementioned contracts traded in the option segment of BSE. In view of the fact that these options contracts were illiquid in nature, having very small volume in trading, the Noticee allegedly created artificial volumes in stock options which was manipulative and deceptive in nature. Therefore, in view of above, it is alleged that the Noticee has violated Regulation 3(a), (b), (c), (d), 4(1) and 4(2)(a) of
