Draft Prospectus
September 18, 2025

CAPRI GLOBAL CAPITAL LIMITED

Capri Global Capital Limited (the "**Company**" or the "**Issuer**") was originally incorporated as "*Daiwa Securities Limited*" in Calcutta on November 15, 1994, as a public limited company under the Companies Act, 1956, with a certificate of incorporation granted by the Registrar of Companies, West Bengal at Calcutta. Our Company received the certificate of commencement of business from the Registrar of Companies, West Bengal at Calcutta on November 28, 1994. Subsequently, the name of our Company was changed to "*Dover Securities Limited*" and a fresh certificate of incorporation was granted by the Registrar of Companies, West Bengal at Calcutta, on May 19, 1999. Our Company has obtained a certificate of registration dated November 5, 2007, bearing registration number B-13.01882, as a non-banking financial company without accepting public deposits by RBI in accordance with Section 45 IA of Reserve Bank of India Act, 1934. The name of our Company was further changed to "*Money Matters Financial Services Limited*" and a fresh certificate of incorporation was issued by the Registrar of Companies, Maharashtra at Mumbai ("**RoC**") on October 6, 2008. The name of our Company was further changed to "*Capri Global Capital Limited*" and a fresh certificate of registration was issued by the RoC on July 24, 2013. For further details see "*General Information*" on page 55.

GENERAL RISKS

Investment in non-convertible securities is risky, and investors should not invest any funds in such securities unless they can afford to take the risk attached to such investments. Investors are advised to take an informed decision and to read the risk factors carefully before investing in this offering. For taking an investment decision, investors must rely on their examination of the issue including the risks involved in it. Specific attention of the Investors is invited to the chapters *"Risk Factors"* and *"Material Developments"* on pages 16 and 203, respectively, before making an investment in this Issue. These risks are not and are not intended to be a complete list of all risks and considerations relevant to the non-convertible securities or the investors' decision to purchase such securities. This Draft Prospectus has not been and will not be approved by any regulatory authority in India, including the Securities and Exchange Board of India ("**SEBI**"), the Reserve Bank of India ("**RBI**"), the RoC, or any Stock Exchange in India or do they guarantee the accuracy or adequacy of this document.

ISSUER'S ABSOLUTE RESPONSIBILITY

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Draft Prospectus contains all information with regard to our Company and the Issue, which is material in the context of the Issue, that the information contained in this Draft Prospectus is true and correct in all material aspects and is not misleading, that the opinions and intentions expressed herein are honestly stated and that there are no other facts, the omission of which make this document as a whole or any of such information or the expression of any such opinions or intentions misleading

CREDIT RATING

The NCDs proposed to be issued under the Issue have been rated "ACUITE AA | Stable" for an amount of ₹4,000 million by Acuite Ratings & Research Limited vide its rating letters dated September 11, 2025, and press release for rating rationale dated September 11, 2025 and "IVR AA/ Positive" for an amount of ₹4,000 million by Infomerics Valuation and Rating Limited vide its rating letter dated September 15, 2025, and press release for rating rationale dated September 16, 2025. The ratings given by Acuite Ratings & Research Limited and Infomerics Valuation and Rating Limited remain valid as on the date of this Draft Prospectus and shall remain valid as on the date of issue, allotment and listing of the NCDs on BSE Limited. Securities with this rating are considered to have high degree of safety regarding timely servicing of financial obligations. Such securities carry very low credit risk. The rating is not a recommendation to buy, sell or hold securities and investors should take their own decision. The rating may be subject to revision or withdrawal at any time by the assigning rating agencies and each rating should be evaluated independently of any other rating. The rating agencies have a right to suspend or withdraw the rating at any time on the basis of factors such as new information. Please refer to Annexure IA and IB of this Draft Prospectus for the rating letter, rating rationale and press release of the above rating. There are no unaccepted ratings and any other ratings other than as specified in this Draft Prospectus.

PUBLIC COMMENTS

This Draft Prospectus dated September 18, 2025 has been filed with BSE, pursuant to the provisions of the SEBI NCS Regulations and will be open for public comments for a period of one day immediately after the date of filing of this Draft Prospectus with the Stock Exchange. All comments on this Draft Prospectus are to be forwarded to the attention of Yashesh Pankaj Bhatt, Company Secretary and Compliance Officer. Comments may be sent through post, facsimile or email. However, please note that all comments by post must be received by our Company by 5:00 p.m. (Indian Standard Time) within one day from the date on which this Draft Prospectus is hosted on the website of the Stock Exchange. All comments received on this Draft Prospectus will be suitably addressed prior to filing of the Prospectus with the RoC.

LISTING

The NCDs offered through this Draft Prospectus and the Prospectus are proposed to be listed on BSE. Our Company has received an 'in-principle' approval from BSE by way of its letter bearing reference number [●] dated [●]. For the purposes of this Issue, BSE shall be the Designated Stock Exchange.

COUPON RATE, COUPON PAYMENT FREQUENCY, REDEMPTION DATE, REDEMPTION AMOUNT AND ELIGIBLE INVESTORS

For details pertaining to Coupon Rate, Coupon Payment Frequency, Redemption Date and Redemption Amount of the NCDs, see "*Terms of the Issue*" beginning on page 266. For details relating to eligible investors, see "*Issue Structure*" beginning on page 261.

ISSUE PROGRAMME*	
Issue opens on: As specified in the Prospectus	**Issue closes on: As specified in the Prospectus**

*IDBI Trusteeship Services Limited under regulation 8 of SEBI NCS Regulations has, by its letter dated September 11, 2025, given its consent for its appointment as Debenture Trustee to the Issue and for its name to be included in this Draft Prospectus, the Prospectus and in all the subsequent periodical communications to be sent to the holders of the NCDs issued pursuant to the Issue.

** The Issue shall remain open for subscription on Working Days from 10:00 A.M. to 5:00 P.M. (Indian Standard Time) during the period indicated above, except that the Issue may close on such earlier date or extended date (subject to a minimum period of two (2) working days and a maximum period of ten (10) working days from the date of opening of the Issue and subject to not exceeding thirty (30) days from filing Prospectus with the RoC including any extensions) as may be decided by the Board of Directors of our Company or the Management Committee, subject to relevant approvals. In the event of an early closure or extension of the Issue, our Company shall ensure that notice of the same is provided to the prospective investors through an advertisement in an English national daily with wide circulation and a regional daily with wide circulation where the Registered Office of our Company is located (in all the newspapers in which pre-issue advertisement for opening of this Issue has been given) on or before the date of Issue closure. On the Issue Closing Date, the Application Forms will be accepted only between 10:00 A.M. and 3:00 P.M. (Indian Standard Time) and uploaded until 5 P.M. or such extended time as may be permitted by the Stock Exchanges. Further, pending mandate requests for bids placed on the last day of bidding will be validated by 5:00 P.M. on one Working Day post the Issue Closing Date. For further details please refer to the chapter titled "Issue Related Information" on page 261 of this Draft Prospectus. A copy of the Prospectus shall be filed with the RoC, in accordance with Section 26 of the Companies Act, 2013, along with the endorsed/certified copies of all requisite documents. For further details, please see "Material Contracts and Documents for Inspection" on page 340 and "Issue Related Information" on page 261 of this Draft Prospectus.*

CERTAIN CONVENTIONS, USE OF FINANCIAL, INDUSTRY AND MARKET DATA AND CURRENCY OF PRESENTATION

Certain Conventions

In this Draft Prospectus, unless otherwise specified or the context otherwise indicates or implies, references to "you", "offeree", "purchaser", "subscriber", "recipient", "investors" and "potential investor" are to the prospective investors in this Issue, all references to "we" or "us" or "our" or "Group" are to Capri Global Capital Limited and our Subsidiaries on a consolidated basis. Unless stated otherwise, all references to page numbers in this Draft Prospectus are to the page numbers of this Draft Prospectus.

All references in this Draft Prospectus to "India" are to the Republic of India and its territories and possessions. All references to the "Government", "Indian Government", "GoI", "Central Government" or "State Government" are to the Government of India, central or state, as applicable. Unless otherwise specified, any time mentioned in this Draft Prospectus is in Indian Standard Time ("**IST**"). Unless indicated otherwise, all references to a 'year' in this Draft Prospectus are to a calendar year.

Presentation of Financial Information

Our Company's financial year commences on April 1 of the immediately preceding calendar year and ends on March 31 of that particular calendar year, so all references to a particular financial year or fiscal are to the 12-month period commencing on April 1 of the immediately preceding calendar year and ending on March 31 of that particular calendar year. Unless the context requires otherwise, all references to a year in this Draft Prospectus are to a calendar year and references to a Fiscal/Fiscal Year are to the fiscal year ended on March 31 of that calendar year.

In accordance with the road map for Ind AS implementation, issued by MCA, the Issuer is required to prepare its financial statements in accordance with Ind AS for periods beginning on or after April 1, 2018.

The Audited Financial Statements comprising of the 2024 Audited Consolidated Financial Statements, the 2024 Audited Standalone Financial Statements, 2023 Audited Consolidated Financial Statements and the 2023 Audited Standalone Financial Statements were audited by the previous statutory auditors of our Company, M M NISSIM & Co. LLP, Chartered Accountants on which they have issued the audit reports dated May 8, 2024 and May 22, 2023, respectively.

The Audited Financial Statements comprising of the 2025 Audited Consolidated Financial Statements and the 2025 Audited Standalone Financial Statements have been audited by the current statutory auditors of our Company, M S K A & Associates, Chartered Accountants, on which they have issued the audit report dated May 5, 2025.

The audit reports on the Audited Financial Statements are included in this Draft Prospectus in the chapter titled "*Financial Information*" on page 202. Unless stated otherwise or unless the context requires otherwise, the financial data on standalone and consolidated basis as at and for the year ended March 31, 2025, March 31, 2024, and March 31, 2023 used in this Draft Prospectus is derived from our Audited Financial Statements.

The Unaudited Financial Results of our Company have been prepared in accordance with recognition and measurement principles laid down in the aforesaid Ind AS 34 "*Interim Financial Reporting*" prescribed under Section 133 of the Companies Act, 2013, as amended, read with relevant rules issued there-under and have been reviewed by the Audit Committee and approved by the Board of Directors in its meeting held on August 1, 2025 and subjected to limited review by the Statutory Auditors, pursuant to Regulation 33 and Regulation 52 of the SEBI Listing Regulations and on which unmodified opinion dated August 1, 2025 has been issued by the Statutory Auditor. Our Company's unaudited financial results are included in this Draft Prospectus and are referred to hereinafter as "*Unaudited Financial Results*". For further details see "*Unaudited Financial Results*" on page 202.

Further, Unaudited Financial Results for the three-month period ended June 30, 2025, is not indicative of full year results and are not comparable with annual financial statements.

Unless stated otherwise and unless the context requires otherwise, the financial data used in this Draft Prospectus is on a consolidated basis. Any discrepancies in the tables included herein between the amounts listed and the totals thereof are due to rounding off.

Unless stated otherwise, macroeconomic and industry data used throughout this Draft Prospectus has been obtained from the Crisil Report, prepared by Crisil Intelligence for us. Such publications generally state that the information contained therein has been obtained from sources believed to be reliable but that their accuracy and completeness are not guaranteed, and their reliability cannot be assured. Although the Company believes that industry data used in this Draft Prospectus is reliable, it has not been independently verified. Further, the extent to which the market and industry data presented in this Draft Prospectus is meaningful depends on the readers' familiarity with and understanding of methodologies used in compiling such data.

Currency and Unit of Presentation

In this Draft Prospectus, all references to 'Rupees'/ '₹'/ 'INR'/'Rs.' are to Indian Rupees, the official currency of the Republic of India.

Except where stated otherwise in this Draft Prospectus, all figures have been expressed in 'in millions'. All references to 'million/millions/mn.' refer to one million, which is equivalent to 'ten lakhs' or 'ten lacs', the word 'lakhs/lacs/lac' means 'one hundred thousand' and 'Crore' means 'ten million' and 'billion/bn./billions' means 'one hundred crores'.

Certain figures contained in this Draft Prospectus, including financial information, have been subject to rounding adjustments. Unless set out otherwise, all figures in decimals, including percentage figures, have been rounded off to two decimal points. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row. Further, any figures sourced from third party industry sources may be rounded off to other than two decimal points to conform to their respective sources.

Certain non-GAAP financial measures and certain other statistical information relating to our operations and financial performance have been included in this Draft Prospectus. We compute and disclose such non-GAAP financial measures and such other statistical information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance. These non-GAAP financial measures and other statistical and other information relating to our operations and financial performance are supplemental measure of our performance and liquidity that is not required by, or presented in accordance with, Ind AS or Indian GAAP.

Further, these Non-GAAP Measures are not a measurement of our financial performance or liquidity under Ind AS, Indian GAAP, IFRS or US GAAP and should not be considered in isolation or construed as an alternative to cash flows, profit/ (loss) for the years/ period or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, Indian GAAP, IFRS or US GAAP.

In addition, such Non-GAAP measures are not standardised terms, hence a direct comparison of these Non-GAAP measures between companies may not be possible. Other companies may calculate these Non-GAAP Measures differently from us, limiting its usefulness as a comparative measure. These non-GAAP financial measures may not be computed on the basis of any standard methodology that is applicable across the industry and therefore may not be comparable to financial measures and statistical information of similar nomenclature that may be computed and presented by other companies and are not measures of operating performance or liquidity defined by Ind AS and may not be comparable to similarly titled measures presented by other companies.

Industry and Market Data

Any industry and market data used in this Draft Prospectus consists of estimates based on data reports compiled by Government bodies, professional organizations and analysts, data from other external sources including Crisil Report, available in the public domain and knowledge of the markets in which we compete. The report dated September, 2025, titled "*Report on Loans and Financial Services Industry in India*" is prepared for our Company. Although we believe that the industry and market data used in this Draft Prospectus is reliable, such third party and industry data compiled by Crisil Intelligence has not been independently verified by us. The extent to which the industry and market data presented in this Draft Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies, and assumptions may vary widely among different market and industry sources.

Exchange Rates

The exchange rates Rupees (₹) vis-a-vis currency, as of June 30, 2025, and March 31, 2025, March 31, 2024 and March 31, 2023 are provided below:

Currency	As at June 30, 2025	As at March 31, 2025	As at March 31, 2024	As at March 31, 2023
1 USD	85.76	85.48	83.41	82.17

(Source: fedai.org.in)

In the event that March 31 and June 30 of any of the respective years is a public holiday, the previous calendar day not being a public holiday has been considered. The rates presented are not a guarantee that any person could have on the relevant date converted any amounts at such rates or at all.

General Risk

Investment in non-convertible securities is risky, and investors should not invest any funds in such securities unless they can afford to take the risk attached to such investments. Investors are advised to take an informed decision and to read the risk factors carefully before investing in this offering. For taking an investment decision, investors must rely on their examination of the issue including the risks involved in it.

Specific attention of investors is invited to statement of risk factors contained under section "*Risk Factors*" on page 16. These risks are not, and are not intended to be, a complete list of all risks and considerations relevant to the NCDs or Investor's decision to purchase such securities.

FORWARD LOOKING STATEMENTS

Certain statements contained in this Draft Prospectus that are not statements of historical fact constitute "forward-looking statements". Investors can generally identify forward-looking statements by terminology such as "aim", "anticipate", "believe", "continue", "could", "estimate", "expect", "intend", "may", "objective", "plan", "potential", "project", "pursue", "shall", "seek", "should", "will", "would", or other words or phrases of similar import. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All statements regarding our expected financial conditions, results of operations, business plans and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, revenue and profitability, new business and other matters discussed in this Draft Prospectus that are not historical facts. All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Important factors that could cause actual results, including our financial conditions and results of operations to differ from our expectations include, but are not limited to, the following:

1. We require substantial capital for our business. If we are unable to obtain debt on acceptable terms and at competitive rates or raise capital when needed, it could have a material adverse effect on our business, financial condition, results of operations and cash flows.

2. Our business is vulnerable to interest rate risk. Volatility in interest rates could have an adverse effect on our net interest income and net interest margin, thereby affecting our results of operations and cash flows.

3. If we are unable to control the level of Stage 3 Assets / NPAs in our portfolio effectively, or if we are unable to maintain adequate provisioning coverage, or if there is any change in regulatorily mandated provisioning requirements, our financial condition and results of operations may be adversely affected.

4. We are subject to various covenants and obligations under our financing arrangements. If we do not comply with these covenants and obligations, our business, results of operations, cash flows and financial condition could be adversely affected.

5. Our Company, and our Subsidiaries are involved in certain legal and regulatory proceedings. Any adverse decision in such proceedings may have an adverse effect on our business, financial condition, cash flows and results of operations.

6. Our inability to assess and recover the full value of collateral, or amounts outstanding under defaulted loans in a timely manner, or at all, could adversely affect our business, results of operations and financial condition.

7. Our Company had experienced negative cash flows from operating activities in the past. Any negative cash flows in the future would adversely affect our cash flow requirements, which may adversely affect our ability to operate our business, thereby affecting our financial condition.

8. Our business is concentrated in the states of Rajasthan, Gujarat, Madhya Pradesh, Delhi- National Capital Region ("**Delhi-NCR**") and Maharashtra and any adverse developments in any of these regions could have an adverse effect on our business, financial condition, results of operations and cash flows.

9. Our Company is subject to periodic inspections by the RBI and our Material Subsidiary, CGHFL is subject to inspections by the NHB. Non-compliance with observations made during any such inspections could result in penalties, including revocation of registration/ license or stringent restrictions on operations, and fines and could adversely affect the reputation of our business.

10. We operate in a highly regulated industry, and any changes in the laws, rules and regulations applicable to us may adversely affect our business, financial condition and results of operations.

For further discussion of factors that could cause our actual results to differ, see section titled "*Risk Factors*" on page 16.

Additional factors that could cause actual results, performance or achievements to differ materially include, but are not limited to, those discussed under the sections titled "*Industry Overview*", "*Our Business*" and "*Legal and Other Information*" on pages 82, 136 and 231, respectively. The forward-looking statements contained in this Draft Prospectus are based on the beliefs of management, as well as the assumptions made by and information currently available to management.

Although our Company believes that the expectations reflected in such forward-looking statements are reasonable at this time, it cannot assure investors that such expectations will prove to be correct or will hold good at all times.

Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements. If any of these risks and uncertainties materialize, or if any of our Company's underlying assumptions prove to be incorrect, our Company's actual results of operations or financial condition could differ materially from that described herein as anticipated,

believed, estimated or expected. All subsequent forward-looking statements attributable to our Company are expressly qualified in their entirety by reference to these cautionary statements.

Neither our Company, its Directors, its Key Managerial Personnel, Senior Management and officers, nor any of their respective affiliates or associates or the Lead Manager have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with SEBI NCS Regulations, our Company and the Lead Manager will ensure that investors in India are informed of material developments between the date of the Prospectus until the time of the grant of listing and trading permission by the Stock Exchange for the NCDs.

SECTION II – RISK FACTORS

This Draft Prospectus contains certain forward-looking statements that involve risks and uncertainties. Our results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Prospectus. For further information, see "Forward-Looking Statements" on page 14.

An investment in NCDs involves a certain degree of risk. You should carefully consider the following risk factors as well as all the information contained in this Draft Prospectus, including the risks and uncertainties described below, before making an investment decision in relation to Issue.

The risks described below are those that we consider to be most significant to our business, results of operations and financial conditions as of the date of this Draft Prospectus. However, they are not the only risks relevant to us or the NCDs or the industry in which we currently operate. The risk factors set forth below do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the NCDs. Unless otherwise stated in the relevant risk factors set forth below, financial or other implications of the risk factors mentioned below are not quantifiable. Additional risks and uncertainties, not presently known to us or that we currently deem immaterial may also impair our business prospects, results of operations, cash flows and financial condition. As a result, the trading price of the NCDs could decline and investors may lose part or all of your interest and/or redemption amounts. In order to obtain a complete understanding about us, you should read this section in conjunction with "Our Business" and "Industry Overview", on pages 136 and 82, respectively, as well as the other financial and statistical information contained in this Draft Prospectus. In making an investment decision, prospective investors must rely on their own examination of us on a standalone and consolidated basis and the terms of the Issue, including the merits and risks involved. Investors should consult their respective tax, financial and legal advisors about the particular consequences of an investment in this Issue.

In this section, unless the context otherwise requires, "we", "us" and "our", including in the context of any financial information, includes our subsidiary, joint ventures and associates and to the extent is accompanied by financial information, such information in included on a consolidated basis. See "Our Business — Overview" on page 136. Unless otherwise stated, all financial numbers are presented in millions. To the extent applicable, financial information to the extent included for Fiscals 2025, 2024 and 2023 are from our financial statements and specifically indicated, has been included from the Audited Financial Statements. Financial information for the three month period ended June 30, 2025 have been included from the Unaudited Financial Results. For further information, see "Financial Information" on page 202.

The ordering of the risk factors is intended to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk factor over another.

*Unless otherwise indicated, industry and market data used in this section has been derived from the industry report titled "Report on Loans and Financial Services Industry in India "issued on September, 2025 ("**Crisil Report**") prepared and issued by Crisil Intelligence, appointed by us and exclusively commissioned and paid for by us for the purposes of confirming our understanding of the industry in connection with the Issue for industry related data in this Draft Prospectus, including in the sections titled "Industry Overview" and "Our Business" on pages 82 and 136, respectively*

Crisil Intelligence has used various primary and secondary sources including government sources as well as international agencies to prepare the report. The data included herein includes excerpts from the Crisil Research Report and may have been re-ordered by us for the purposes of presentation. There are no parts, data or information (which may be relevant for the proposed Issue), that has been left out or changed in any manner. Unless otherwise indicated, financial, operational, industry and other related information derived from the Crisil Research Report and included herein with respect to any particular year refers to such information for the relevant calendar year. For further details and risks in relation to the Crisil Report, see Risk Factor titled "Industry data in this document is derived from the Crisil Report commissioned by and paid for us for such purpose. The Crisil Report is not exhaustive and is based on certain assumptions, parameters and conditions. The data and statistics in the Crisil Report may be inaccurate, incomplete or unreliable." The Crisil Report is not exhaustive and is based on certain assumptions, parameters and conditions. The data and statistics in the Crisil Report may be inaccurate, incomplete or unreliable." Please refer to Industry Overview on page 82 of this Draft Prospectus.

INTERNAL RISK FACTORS

1. We require substantial capital for our business. If we are unable to obtain debt on acceptable terms and at competitive rates or raise capital when needed, it could have a material adverse effect on our business, financial condition, results of operations and cash flows.

Our ability to borrow on acceptable terms and at competitive rates depends on various factors, including, but not limited to, our debt ratings; policy initiatives and the regulatory environment; liquidity in the markets; the attractiveness of debt of NBFCs, such as our Company, to investors and lenders; and our current and future results of operations and financial condition. We face potential liquidity risks due to varying periods over which our assets and

liabilities mature. Consequently, if we are unable to obtain additional debt or renew our existing credit facilities in a timely manner, it could lead to mismatches between our assets and liabilities, which in turn could have a material adverse effect on our financial condition, results of operations and cash flows.

Our funding requirements have been historically met through a combination of term loans from banks, term loans from others and the issuance of NCDs and commercial papers. As our Company is both an NBFC – Investment and Credit Company and a Systemically Important Non-Deposit taking NBFC, we do not have access to public deposits. As of June 30, 2025, our total borrowings on a consolidated basis were ₹ 159,789.79 million, comprising of our borrowings from debt securities (NCDs and commercial papers). As at June 30, 2025, we had availed borrowings from 24 lenders, and our total borrowings from banks were ₹ 125,631.26 million, or 78.62 % of our total borrowings as at that date. As of June 30, 2025, our total borrowings on a standalone basis were ₹ 119,655.73 million, comprising ₹ 112,786.20 million of borrowings (other than debt securities) and ₹ 6,869.53 million of debt securities (NCDs and commercial papers).

The tables below present our average balances for total interest-bearing liabilities together with the related interest expense on a consolidated basis, resulting in the presentation of the average cost for the three month period ended June 30, 2025 and the Fiscals ended 2025, 2024 and 2023, as well as our average balances for total equity for the three month period ended June 30, 2025 and the Fiscals ended 2025, 2024 and 2023.

	For the three month period ended June 30, 2025			**Year ended March 31,**								
				2025			**2024**			**2023**		
	Average Balance[1] [A]	**Interest Expended(2) [B]**	**Cost[3] (%) [C = B/A]**	**Average Balance[1] [A]**	**Interest Expended(2) [B]**	**Cost[3] (%) [C = B/A]**	**Average Balance[1] [A]**	**Interest Expended(2) [B]**	**Cost[3] (%) [C = B/A]**	**Average Balance[1] [A]**	**Interest Expended(2) [B]**	**Cost[3] (%) [C = B/A]**
				(₹ in millions, except percentages)								
Interest-bearing liabilities:												
Debt securities	5,978.05	152.21	10.18 %	2,905.04	347.57	11.96%	2,476.66	191.29	7.72%	4,294.15	411.50	9.58%
Borrowings (other than debt securities and derivative financial liabilities) [4]	151,800.90	3,695.64	9.74%	126,406.93	12,060.84	9.54%	86,587.60	7,825.47	9.04%	57,206.18	4,752.07	8.31%

Notes:

(1) Average balances are calculated as the average of the opening balance at the start of the relevant Fiscal Year and the closing balances as at half year end and year end in the relevant Fiscal Year.

(2) Interest expended is finance costs less interest on lease liability, which is an Ind AS adjustment. Interest on bank overdraft and bank CC has been grouped with interest on borrowings (other than debt securities), as these are immaterial amounts.

(3) Cost on average balance is a Non-GAAP Financial Measure and is calculated as interest expended divided by the average balance.

(4) Excludes derivative financial liabilities of ₹ 616.68 million, ₹556.84 million, nil and ₹75.72 million for the three month period ended June 30, 2025 , Fiscal 2025, Fiscal 2024 and Fiscal 2023, respectively.

The tables below present our average balances for total interest-bearing liabilities together with the related interest expense on a standalone basis, resulting in the presentation of the average cost for the three month period ended June 30, 2025 and the Fiscals ended 2025, 2024 and 2023, as well as our average balances for total equity for the three month period ended June 30, 2025 and the Fiscals ended 2025, 2024 and 2023.

Our ability to borrow from various banks may be restricted on account of circulars issued by the RBI imposing restrictions on banks in relation to their exposure to NBFCs. Under the RBI's Master Circular "Bank Finance to Non-Banking Financial Companies ("**NBFCs**") issued on April 24, 2024 ("**Master Circular**"), the banks' exposures to a single NBFC (excluding gold loan companies) will be restricted to 20% of their eligible capital base (Tier I capital). The Master Circular also recommends banks to consider fixing internal limits for their aggregate exposure to all NBFCs, which limits their exposure. While we have not faced any instances of default in the last three Fiscals, any limitation on our ability to borrow from banks may increase our Cost of Funds, which could adversely affect our business, financial condition, ability to meet working capital needs, results of operations and cash flows.

2. ***Our business is vulnerable to interest rate risk. Volatility in interest rates could have an adverse effect on our net interest income and net interest margin, thereby affecting our results of operations and cash flows.***

The core business of our Company, along with our Subsidiaries is providing loans to MSME, housing loans, gold loans and construction finance. We borrow through various financial instruments to finance our core lending activity. These activities expose us to interest rate risk. Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments. Interest rate risk is measured through earnings at risk from an earnings perspective and through duration of equity from an economic value perspective. Further, exposure to fluctuations in interest rates is also measured by way of gap analysis, providing a static view of the maturity and re-pricing characteristic of balance sheet positions.

An interest rate sensitivity gap report is prepared by classifying all rate sensitive assets and rate sensitive liabilities into various time period categories according to contracted/ behavioural maturities or anticipated re-pricing date. The difference in the amount of rate sensitive assets and rate sensitive liabilities maturing or being re-priced in any time period category, gives an indication of the extent of exposure to the risk of potential changes in the margins on new or re-priced assets and liabilities. The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being considered as constant) of the Company's statement of profit and loss and equity for Fiscal 2025, on a standalone basis:

Financial Instruments Type	Increase / (decrease) in basis points (bps)	Sensitivity of profit or loss		Sensitivity of equity	
	(₹ in millions, unless otherwise stated)				
Loans	50 bps up	Impact on Profit before Tax	649.77	Impact on equity	487.51
	100 bps up		1,299.55		975.03
	50 bps down		(649.77)		(487.51)
	100 bps down		(1,299.55)		(975.03)
Borrowings	50 bps up	Impact on Profit before Tax	(714.47)	Impact on equity	(536.22)
	100 bps up		(1,428.93)		(1,072.44)
	50 bps Down		714.47		536.22
	100 bps Down		1,428.93		1,072.44

Our results of operations depend, to a large extent, on the amount of our net interest income, which we define as our interest earned (excluding interest on security deposit) less our finance costs (excluding interest on lease liability) ("**Net Interest Income**"). Our Net Interest Income is affected by changes in our net interest margin, which we define as our Net Interest Income divided by the Average Total Interest-Earning Assets ("**Net Interest Margin**"). Any increase in the rate of interest at which we borrow from our lenders, without a corresponding increase in the interest rates we are able to charge our borrowers, could expose us to interest rate risk. In a declining interest rate environment, if our cost of funds do not decline simultaneously or to the same extent as the yield on our loans, it could lead to a reduction in our Net Interest Income and Net Interest Margin, affecting our results of operations, financial condition and cash flows. The table below provides details of our Net Interest Income and Net Interest Margin in the years indicated, on a consolidated basis:

Particulars	Fiscal			
	For the three month period ended June 30, 2025	2025	2024	2023
	(₹ in millions, unless otherwise stated)			
Net Interest Income	4,214.43	13,636.55	10,194.67	6,493.00
Net Interest Margin	8.81%	8.46%	8.45%	7.58%

Interest rates are highly sensitive and volatility in interest rates could be a result of many factors, including the RBI's monetary policies, rate hikes by the monitoring policy of the U.S. Federal Reserve, deregulation of the financial services sector in India, domestic and international economic and political conditions, inflation and economic policies in India. An increase in interest rate by our Company may add to the financial stress of our borrowers, leading to potentially higher delinquencies and may reduce the demand for our loans. We may not be able to reprice our existing loans comprehensively, or retain borrowers if interest rates are increased substantially, which could have an adverse effect on our net interest income and net interest margin, thereby affecting our business, financial condition and results of operations.

As at and for the three month period ended June 30, 2025, March 31, 2025, March 31, 2024 and March 31, 2023, our fixed income investments (that is investments in commercial paper and debt instruments) were ₹ 2,243.31 million, ₹ 293.81 million, nil and nil, respectively, on a consolidated basis. Any increase in interest rates decreases the value of our fixed income investments and adversely affects our financial condition, results of operations and cash flows.

3. ***If we are unable to control the level of Stage 3 Assets / NPAs in our portfolio effectively, or if we are unable to maintain adequate provisioning coverage, or if there is any change in regulatorily mandated provisioning requirements, our financial condition and results of operations may be adversely affected.***

The table below sets forth certain details of our Stage 3 Assets / NPAs as at and for the years indicated, on a consolidated basis:

Particulars	As at and for the year ended			
	For the three month period ended June 30, 2025	March 31, 2025	March 31, 2024	March 31, 2023
	(₹ in millions, except percentages)			
Stage 3 Assets opening balance at the beginning of the period/year [(1)]	2,866.98	2,660.81	1,703.96	1,561.78
Increase/(Decrease)	488.15	206.17	956.85	142.18
Stage 3 Assets at the close of the period/year	3,355.13	2,866.98	2,660.81	1,703.96
Provisions on Stage 3 assets	1,374.56	1,196.74	1,202.45	526.45
Stage 3 Assets net of Stage 3 provisions [(2)]	1,980.57	1,670.24	1,458.36	1,177.51
Total Loans (gross of provisions) [(3)]	200,701.61	187,784.19	138,227.40	97,732.36
Expected credit loss provisions (including fund provisions)	3,222.29	2,677.96	2,566.84	1,794.47
Net Loans (net of provisions) [(4)]	199,327.05	186,587.45	137,024.95	97,205.91
Stage 3 Assets as a percentage of total Loans (gross of provisions)	1.67%	1.53%	1.92%	1.74%
Stage 3 Assets net of Stage 3 provisions as a percentage of net loans (net of provisions)	0.99%	0.90%	1.06%	1.21%
Stage 3 Assets provisions percentage	40.97%	41.74%	45.19%	30.90%

Notes:

(1) Stage 3 Assets include financial assets that have objective evidence of impairment at the reporting date.

(2) Stage 3 Provisions are lifetime expected credit loss resulting from all default events that are possible over the expected life of the financial instrument. Stage 3 Assets net of Stage 3 provisions are Stage 3 Assets less provisions (including fund based provisions).

(3) Total Loans (gross of provisions) means net principal outstanding, overdue principal, overdue interest and accrued interest on standard loans given, and excluding Provisions.

(4) Net Loans (net of provisions) means net principal outstanding, overdue principal, overdue interest and accrued interest on standard loans given, as adjusted for expected credit loss provisions (stage 3 Fund based provision).

Various factors that are beyond our control, such as macro-economic factors (including a rise in unemployment, a sharp and sustained rise in interest rates, developments in the Indian economy, movements in global commodity markets, exchange rates, rise in inflation and decreasing industrial production index), supply chain disruptions, regulatory hurdles and competition as well as customer-specific factors, such as wilful default and mismanagement of

a customer's operations, may cause a further increase in the level of Stage 3 Assets/ NPAs and have a material adverse effect on the quality of our loan portfolio. In addition, our ability to recover the amounts due from customers to whom we have provided construction finance in a timely manner depends on the effective execution of the projects and the timely sale of the units in the project. Any delay in completion of projects or a decrease in property prices may negatively affect our borrowers in our construction finance sector and could lead to increases in Stage 3 Assets/ NPAs. This could also affect our debt ratings and translate into an increase in our Cost of Funds.

There can be no assurance that we will be able to maintain our NPA ratios. Any incorrect estimation of risks may result in our provisions not being adequate to cover any further increase in the amount of NPAs. We may also be required to write-off NPAs when we have no reasonable expectations of recovering the underlying amounts, and such derecognitions can affect our balance sheet.

In addition, the RBI has introduced stringent classification and provisioning requirements. For instance, on November 12, 2021, the RBI issued clarifications with respect to the master circular DOR.No.STR.REC.55/21.04.048/2021-22 on "Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances" dated October 1, 2021 ("**Prudential Norms Master Circular**"), which clarified that the classification of borrower accounts as special mention accounts or NPAs will be on a day-end position basis and accounts can only be upgraded from an NPA to a 'standard' asset after the clearance of all outstanding dues (in other words, only if the entire arrears of interest and principal are paid by the borrower). Further, on February 15, 2022, RBI issued additional clarification with respect to the Prudential Norms Master Circular, which clarified, *inter alia*, that in case of borrowers having more than one credit facility from a lending institution, loan accounts shall be upgraded from NPA to standard asset category only upon repayment of entire arrears of interest and principal pertaining to all the credit facilities. If the RBI continues to impose increasingly stringent classification requirements regarding Stage 3 Assets/ NPAs and provisioning for such assets, the level of Stage 3 Assets/ NPAs could increase, and the overall quality of our loan portfolio could deteriorate.

In the event of any further increases in NPAs in our portfolio, or if our provisioning coverage is insufficient to cover our existing or future levels of NPAs, or if there is any change in regulatory provisioning requirements, our ability to raise additional capital and debt funds as well as our business prospects, financial condition and results of operations could be adversely affected.

4. We are subject to various covenants and obligations under our financing arrangements. If we do not comply with these covenants and obligations, our business, results of operations, cash flows and financial condition could be adversely affected.

As of June 30, 2025, we had total borrowings of ₹ 159,789.79 million on a consolidated basis and ₹ 119,655.73 million on a standalone basis. The financing arrangements that we have entered into with certain banks and financial institutions, as well as the terms and conditions of the NCDs issued by us contain restrictive covenants, which *inter alia* require us to obtain prior permission of such banks, financial institutions or debenture trustees or to inform them with respect to various activities, including the alteration of our capital structure, changes in management, approaching capital markets for mobilising additional resources either in the form of debt or equity and opening of bank accounts with other lenders. If the Promoters' and Promoter Group's shareholding in our Company falls below 51.00%, it would result in a breach of negative covenant under the agreements we have entered into for certain of our borrowings, which could lead to termination of those credit facilities, accelerated repayment of all amounts due thereunder, enforcement of any security provided thereunder and the trigger of cross default provisions. In addition, certain loan agreements require us to meet and maintain prescribed financial ratios. Furthermore, some of our financing arrangements contain cross default provisions upon the occurrence of an event of default, which could automatically trigger defaults under other financing arrangements, in turn magnifying the effect of an individual default.

While we have not faced any instances of default in the last three Fiscals and the current financial year, failure to meet our obligations under our financing agreements could have an adverse effect on our business, results of operations, cash flows and financial condition. If the obligations under any of our financing agreements are accelerated, we may have to dedicate a substantial portion of our cash flow from operations to make payments under such financing documents, thereby reducing the availability of cash for extending loans to borrowers and other general corporate purposes.

5. Our Company, and our Subsidiaries are involved in certain legal and regulatory proceedings. Any adverse decision in such proceedings may have an adverse effect on our business, financial condition, cash flows and results of operations.

From time to time, we and/or our Promoters, our Directors, and our Subsidiaries are involved in litigation, claims and other proceedings. Currently, there are outstanding legal proceedings against us, and our Subsidiaries. These proceedings are pending at different levels of adjudication before various courts, tribunals and appellate tribunals. For further details in relation to the legal proceedings against our Company, our Promoters, and our Subsidiaries, see

"*Outstanding Litigation*" on page 231. We cannot assure you that these proceedings will be decided in our, our Promoters', our Directors' and/or our Subsidiaries' favour, or that no further liability will arise out of these proceedings.

Further, we may not be able to effectively redress customers' complaints resulting from acts, omissions, or fraud by our employees in a timely manner or at all. There can be no assurance that such complaints, claims or requests for information will not result in investigations, enquiries or legal actions by any regulatory authority or third persons against us which could adversely affect our results of operations, financial condition, cash flows, prospects and reputation.

A summary of outstanding litigation involving our Company, Subsidiaries, Directors, Key Managerial Personnel, members of Senior Management and Promoters ("**Relevant Parties**") (as applicable) are set forth below:

Name of entity	Criminal proceeding	Tax proceeding	Statutory or regulatory proceeding	Disciplinary action by SEBI or Stock Exchanges	Material civil litigation	Aggregate amount involved* (₹ in millions, unless otherwise stated)
Company						
By our Company	2,349	20	Nil	NA	2	5,663.81
Against our Company	8	Nil	Nil	Nil	Nil	65.54
Subsidiary						
By our Subsidiary	867	18	Nil	NA	Nil	968.38

Against members of our Senior Management	Nil	Nil	Nil	Nil	Nil	Nil

** To the extent quantifiable.*

[&] Other than the Directors who are not the Promoters of our Company.

The amounts claimed in these proceedings have been disclosed to the extent ascertainable and include amounts claimed jointly and severally. If any new developments arise, such as a change in applicable law or rulings against us by appellate courts or tribunals, we may need to make provisions in our audited financial statements that could increase our expenses and current liabilities. Often these cases raise complex factual and legal issues, which are subject to risks and uncertainties and which could require significant time from our directors and/or our management or Promoters. Litigation and other claims and regulatory proceedings against us or our management could result in unexpected expenses and liabilities. Any adverse decision in any of these proceedings may have an adverse effect on our business, results of operations and financial condition.

For further details in relation to legal proceedings, please see the section titled "*Outstanding Litigation*" on page 231.

6. ***Our inability to assess and recover the full value of collateral, or amounts outstanding under defaulted loans in a timely manner, or at all, could adversely affect our business, results of operations and financial condition.***

We extend MSME loans, housing loans, and construction finance secured by property/land provided as collateral by the borrower. We also extend gold loans secured by pledged gold ornaments. If there is a significant fall in property prices or gold prices, there can be no assurance that we will be able to sell such properties or gold at prices sufficient to cover the amounts under default, which could lead to losses. In cases where immovable property is provided as security, its ownership documents may not be duly registered or adequately stamped, which renders such documents inadmissible in evidence, unless stamped prior to enforcement with payment of requisite penalties, or there may be challenges in title verification. Additionally, a significant portion of loans under MSME and housing loan are given to borrowers who do not have adequate formal proof of income or credit history. We may not be able to realise the assessed value of our gold collateral, due to, among other things, spurious gold or defects in the quality of gold. Consequently, should any default arise in relation to the corresponding loans, we may be unable to, or may incur additional expenses to, enforce our rights in relation to such collateral. There may also be failure by our employees to properly appraise the value of the collateral, which provides us with no recourse against the borrower and the loan sanctioned may eventually result in bad debt in our books of accounts.

As at June 30, 2025, all of our gross loans were secured by collateral, except for small business loans of ₹ 131.70 million and loans to employees of ₹ 11.63 million. The table below set forth details of the security and the asset cover as per the product rules as of June 30, 2025 for each loan vertical:

Particulars	MSME loans	Housing loans	Gold Loans	Construction Finance	Indirect Lending
Security	First and exclusive charge / mortgage over the collateral property (residential, commercial or industrial property) with clean and marketable title.	First and exclusive charge / mortgage over the property with clean and marketable title.	Pledged gold ornaments (18 to 22 carat gold).	Hypothecation of the project's cash flows through an escrow mechanism, and collateral valued at a minimum of 1.5 times the amount of the loan outstanding.	Hypothecation of receivables and / or pledge of debt securities.

Further, if any of our borrowers take recourse of arbitration or litigation against our repayment claims, it may cause a further delay in our recovery process, leading to depreciation of the secured asset. Thus, we may be unable to fully recover the outstanding balance, even where we are able to successfully repossess and liquidate the collateral.

7. ***Our Company had experienced negative cash flows from operating activities in the past. Any negative cash flows in the future would adversely affect our cash flow requirements, which may adversely affect our ability to operate our business, thereby affecting our financial condition.***

Our Company has, in the past, experienced negative cash flows from operating activities. The table below provides details of our cash flows in the periods indicated on a standalone basis:

(₹ in millions, unless otherwise stated)

Particulars	Fiscal		
	2025	2024	2023
Net cash from / (used in) operating activities	(34,314.37)	(26,895.92)	(22,440.95)
Net cash from / (used in) financing activities	46,102.30	16,922.21	34,347.70

Further, the table below provides details of our cash flows in the periods indicated on a consolidated basis:

(₹ in millions, unless otherwise stated)

Particulars	Fiscal		
	2025	2024	2023
Net cash from / (used in) operating activities	(43,116.35)	(37,000.66)	(29,938.48)
Net cash from / (used in) financing activities	51,184.86	28,702.52	40,960.22

We experienced negative cash flows from operating activities in Fiscals 2025, 2024 and 2023. This was primarily due to an increase in loans availed amounting to ₹48,367.64 million, ₹39,797.56 million and ₹32,538.57 million for Fiscals 2025, 2024 and 2023, respectively. Negative cash flows over extended periods, or significant negative cash flows in the short term, could materially impact our ability to operate our business and implement our growth plans. It may strain liquidity, increase reliance on external funding and increase borrowing costs. We may face a shortfall of capital in future as a result of negative cash flows and there can be no assurance that we will be able to raise adequate capital

in future. As a result, our cash flows, business, future financial performance and results of operations could be materially and adversely affected. For further details, see the section titled "*Financial Information*" on page 202.

8. Our business is concentrated in the states of Rajasthan, Gujarat, Madhya Pradesh, Delhi- National Capital Region ("Delhi-NCR") and Maharashtra and any adverse developments in any of these regions could have an adverse effect on our business, financial condition, results of operations and cash flows.

Our business is concentrated in the states of Rajasthan, Gujarat, Madhya Pradesh, Delhi-NCR and Maharashtra. The table below sets forth details of the state-wise concentration of our total AUM across four segments as for the three month period ended June 30, 2025:

(₹ in millions, unless otherwise stated)

State	AUM as at June 30, 2025									
	MSME[(2)]		Housing loans		Gold loans		Construction finance		Total state-wise	
	Amount	% of total MSME loans AUM	Amount	% of total housing loans AUM	Amount	% of total gold loans AUM	Amount	% of total construction finance AUM	Amount	% of total AUM
Rajasthan	20,091.80	36.67%	12,039.77	21.93%	19,621.98	21.55%	115.12	0.25%	51,868.67	21.09%
Madhya Pradesh	14,475.98	26.42%	15,136.45	27.57%	12,761.86	14.02%	1,717.22	3.80%	44,091.51	17.93%
Gujarat	11,687.92	21.33%	6,647.55	12.11%	13,048.61	14.33%	12,312.09	27.25%	43,696.17	17.77%
Delhi-NCR[(1)]	3,003.43	5.48%	10,972.23	19.98%	6,726.19	7.39%	5,747.54	12.72%	26,449.39	10.75%
Maharashtra	1,593.19	2.91%	5,479.20	9.98%	7,515.67	8.25%	11,929.50	26.40%	26,517.57	10.78%
Uttar Pradesh	1,037.82	1.89%	3,572.34	6.51%	15,569.18	17.10%	50.00	0.11%	20,229.34	8.23%
Uttarakhand	25.92	0.05%	764.39	1.39%	3,424.44	3.76%	-	0.00%	4,214.75	1.71%
Punjab and Haryana	247.76	0.45%	-	0.00%	11,899.48	13.07%	-	0.00%	12,147.24	4.94%
Goa	-	0.00%	-	0.00%	481.72	0.53%	-	0.00%	481.72	0.20%
Andhra Pradesh	1,715.59	3.13%	-	0.00%	-	0.00%	862.87	1.91%	2,578.47	1.05%
Telangana	907.06	1.66%	252.99	0.46%	-	0.00%	7,208.52	15.95%	8,368.57	3.40%
Karnataka	-	0.00%	38.48	0.07%	-	0.00%	4,930.77	10.91%	4,969.25	2.02%
Tamil Nadu	-	0.00%	-	0.00%	-	0.00%	315.56	0.70%	315.56	0.13%
Total	**54,786.47**	**100.00%**	**54,903.41**	**100.00%**	**91,049.13**	**100.00%**	**45,189.19**	**100.00%**	**2,45,928.20**	**100.00%**

Notes:

(1) Delhi-NCR comprises Delhi and its adjoining cities (Gurugram, Noida, Ghaziabad, Faridabad, etc.)

(2) Includes Micro LAP loans.

Any sustained downturn in the economy or natural disasters in any of the above referenced states could adversely affect our business, financial condition, results of operations and cash flows.

9. Our Company is subject to periodic inspections by the RBI and our Material Subsidiary, CGHFL is subject to inspections by the NHB. Non-compliance with observations made during any such inspections could result in penalties, including revocation of registration/ license or stringent restrictions on operations, and fines and could adversely affect the reputation of our business.

Our Company is subject to periodic inspections by the RBI of our Company's books of accounts and other records. The RBI conducts an annual inspection relating to our financial position every year under Section 45N of the RBI Act. RBI inspections are a regular exercise and are carried out periodically by RBI for banks, financial institutions and NBFCs. The RBI has conducted periodic inspections in the past on various matters addressing our operations and relating to, among other things, our Company's capital adequacy, internal generation of capital, compliance assessment and customer conduct.

In the recent inspection report issued by the RBI, certain observations were highlighted, including the need for more comprehensive information regarding group companies of the Company to the Board, establishment of an independent customer support team, formulation of customer service committee based on the complaints received, enhancement in the customer relationship management process in the nature of segregation of customer references into queries, requests and complaints, auto escalation of customer complaints to internal ombudsman, formulation of criteria for the appointment of SMP by the NRC committee, reconstitution of the credit committee, certain process enhancements around gold loan portfolio of the Company and , sharing of human resources with the Material Subsidiary towards which significant steps have been taken in segregating major functions between our Company and Material Subsidiary. Our Company has provided appropriate responses to these observations and has undertaken necessary steps to address

the matters raised by the RBI. However, if the RBI does not accept either partially or fully any of our compliances, or the Company fails to seek waivers or extensions of time for complying with RBI's expectations, the RBI may take adverse actions against our Company, such as revoking its registration/ licence or placing stringent restrictions on our Company's operations. Any major failure to meet the RBI's directions could materially and adversely affect our Company's pending applications or requests with the RBI and our Company's ability to obtain the regulatory permits and approvals required to expand our business, or result in the interruption of all or some of our Company's operations, which could have a material adverse effect on our Company's business, financial condition and results of operations.

Our Material Subsidiary, CGHFL is subject to inspection by the NHB every year. The NHB has conducted annual inspections of CGHFL in the past and addressed various operational matters, such as, (i) company policies, (ii) compliance with applicable regulatory guidelines and circulars and (iii) other operational matters. In the recent inspection report issued by NHB, they have highlighted observations such as revaluation of NPA accounts annually, requirement for automation for asset liability reports and non-maintenance of CKYC dates. While CGHFL has suitably responded to and complied with these observations from time to time, any significant deficiencies identified by the NHB could lead to sanctions and penalties. In the event that CGHFL is unable to comply with the applicable regulatory requirements or seek waivers or extensions of time for complying with such requirements, or if CGHFL fails to comply with the observations of the NHB, the NHB may impose penalties, take adverse action, and/or revoke CGHFL's licence/ registration or place stringent restrictions on its operations.

Inspections may temporarily impact operational efficiency by requiring significant resources and time. We cannot assure you that there will be no adverse findings by the NHB or the RBI in future inspections and that such findings will not have a material adverse effect on our reputation and business.

Since April 1, 2023, no show cause notices have been issued against us by the RBI. However, we cannot assure you that such instances will not take place or that similar actions will not be initiated against us in the future.

10. We operate in a highly regulated industry, and any changes in the laws, rules and regulations applicable to us may adversely affect our business, financial condition and results of operations.

We operate in a highly regulated industry, and we have to adhere to various laws, rules and regulations. Our Company has a certificate of registration from the RBI to operate as an NBFC and is regulated by the RBI. Our Subsidiary, CGHFL has obtained a certificate of registration from the NHB to operate as an HFC and is regulated by the NHB. Accordingly, legal and regulatory risks are inherent and substantial in our business. As we operate under licenses or registrations obtained from the RBI, we are subject to actions that may be taken by the RBI in the event of any non-compliance with any applicable policies, guidelines, circulars, notifications and regulations issued by the RBI.

The RBI is empowered to, amongst other things, remove and replace a director or supersede the board of directors of NBFCs and HFCs in the public interest, remove or debar auditors, frame schemes for amalgamation and reconstruct or split NBFCs into viable and non-viable businesses to preserve the continuity of the activities of the NBFCs. We are also subject to any adverse findings that the RBI or NHB may have in future inspections.

Further, we have incorporated two new Subsidiaries, Capri Global Securities Private Limited ("**CGSPL**") and Capri Global Capital Markets Private Limited ("**CGCMPL**") in July 2025 to enter the stock broking and financial services business. Compliance with the rules and regulations of various regulators, requires significant monitoring of capital adequacy, risk management systems, reporting obligations and adherence to prescribed codes of conduct. The complexities arise from frequent amendments, multiple circulars and guidelines issued by regulators under applicable laws, and the need for timely system and process upgrades to align with regulatory expectations. Any inability to comply with such requirements, interpret evolving regulatory provisions, or respond adequately to inspections and audits could expose stock brokers to penalties, restrictions, reputational risks and, in extreme cases, suspension or cancellation of registration.

The regulatory and policy environment in which we operate is continuously evolving and is subject to change. For instance, on April 9, 2025, the RBI introduced the Draft Reserve Bank of India (Lending Against Gold Collateral) Directions, 2025, which, *inter* alia, proposes certain changes in relation to, *inter alia*, norms for lending against gold collateral, monitoring of end use, unclaimed gold collateral, etc. The Government may implement new laws or other regulations and policies that could affect NBFCs and HFCs, which could lead to new compliance requirements requiring us to obtain approvals and licenses from RBI and NHB. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing laws, rules or regulations in the jurisdictions in which we operate, including by reason of any absence or ambiguity, or a limited body, of administrative or judicial precedent may be time consuming, as well as costly for us to resolve and may adversely affect the viability of our business or restrict our ability to grow our business in the future. Clarifications on ambiguous aspects may not be received in time, which may adversely affect the manner in which we conduct our business. Additionally, if we are adversely affected, directly or indirectly, by the application or interpretation of any provision of such laws and regulations, or are required

to bear any costs in order to comply with such provisions or to defend any proceedings in relation to alleged breaches of such laws and regulations, our business, results of operations or financial condition may be adversely affected.

11. ***The audit reports on our Audited Financial Statements for Financial Years ended March 31, 2025, March 31, 2024 and March 31, 2023 and the Limited Review reports for our Unaudited Financial Results for the three month period ended June 30, 2025, issued by our Statutory Auditor and the previous auditor, contains certain qualifications. Further, our Statutory Auditor and previous auditor have also included certain remarks pursuant to the Companies (Auditors Report) Order, 2020 ("CARO Order") in our Audited Financial Statements for the Financial Year ended March 31, 2025, March 31, 2024 and March 31, 2023.***

Our current and previous statutory auditors have reported a statement included in the auditor's report on Audited Standalone Financial Statements of the Issuer for the financial years ended March 31, 2025, March 31, 2024, and March 31, 2023 with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 (e) of the Companies (Audit and Auditors) Rules, 2014.

Our current and previous statutory auditors have reported a statement included in the auditor's report on Audited Consolidated Financial Statements of the Issuer for the financial years ended March 31, 2025, March 31, 2024, and March 31, 2023 with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 (e) of the Companies (Audit and Auditors) Rules, 2014.

For further details, please see "*Financial Information*" on page 202. There can be no assurance that our Statutory Auditors will not include similar comments in the audit reports to our Audited Financial Statements in the future, or that such remarks will not affect our financial results in future fiscal periods.

12. ***There are certain differences in the manner 'excess amounts received from customers' have been presented in the audited consolidated financial statements as at for the financial year ended March 31, 2025 compared to prior periods.***

M S K A & Associates, Chartered Accountants ("**MSKA**") were appointed as our statutory auditors for a period of three years from September, 2024 and have reviewed our audited standalone and consolidated financial results as at and for the financial year ended March 31, 2025. Our financial statements as at and for the financial year ended March 31, 2024 and prior periods were audited by other auditors.

Historically, 'excess received from customers' was netted off against the loan book during the period. However, in Fiscal 2025, the loan book is presented without such adjustment, and the excess received from customers is regrouped under the heading of 'other financial liabilities'. As a result of these adjustments implemented during the review of our financial results for the financial year ended March 31, 2025, our historical financial statements on which our previous auditors have issued an audit opinion or conclusion, as applicable, are not comparable to this extent with our financial statements for subsequent periods.

13. ***Many of our customers do not have any credit history supported by tax returns, financial statements, credit card statements, statements of previous loan exposures or other related documents, which makes it more difficult for us to assess the credit risk of loans to such customers. Difficulties in assessing credit risks associated with our lending operations may lead to an increase in the level of our Stage 3 Assets/ NPAs, which could have a material adverse effect on our business, financial condition, results of operations and cash flows.***

While deciding whether to extend credit to customers, we rely, to a significant extent, on the accuracy and completeness of information furnished to us by the customers for certain key elements of the credit assessment process. We follow Know Your Customer ("**KYC**") guidelines prescribed by RBI for potential customers to obtain information such as their income, assets, financial transactions and credit history and verify their place of employment and residence, as applicable, through telephonic conversations and physical visits. We also rely on third party service providers such as external legal and technical valuers for collateral valuation and credit bureaus for repayment records of prospective customers. However, the provision and collection of erroneous or misleading information may affect our judgement of credit worthiness of potential customers, and the value of and title to collateral.

We may not receive updated information regarding any change in the financial condition of our customers or may receive inaccurate or incomplete information as a result of any fraudulent misrepresentation by our customers or employees. Further, we primarily cater to MSMEs, self-employed non-professionals and first-time borrowers that lack access to formal credit channels. Therefore, many of our customers do not have any credit history supported by tax returns, financial statements, credit card statements, statements of previous loan exposures or other related documents. For the Fiscals 2025, 2024 and 2023, 14.32%, 12.86% and 12.47% of our MSME and housing loan disbursals were to new-to-credit customers, respectively. Cumulatively, as of March 31, 2025, 21.36% of the total AUM for MSME loans and 12.71% of the total AUM for housing loans have been to new-to-credit customers. If we are unable to properly assess the creditworthiness of our borrowers, including a failure to predict a borrower's true credit risk profile and/or

ability to repay their loan, we may need to report higher levels of Stage 3 Assets / NPAs and record additional provision expenses, which may adversely affect our business, financial condition, results of operations and cash flows.

14. We may face asset-liability mismatches, which could affect our liquidity and consequently, may adversely affect our operations and profitability.

As of March 31, 2025, loans with a tenure of 12 months or less, 12 months to 36 months and above 36 months constitute 38.31%, 17.69% and 27.50% respectively of our total assets on standalone basis. Set forth below is a break-down of our assets and liabilities based on tenure, indicating our asset-liability gap as at March 31, 2025 on standalone basis:

Particulars	Up to one month	Over one month to one year	Over one year to three years	Over three years to five years	Over five years	Total
	(₹ in millions, except percentages)					
Cash, cash equivalents and investments (net of provisions)	13,610.49	21.08	0.10	210.31	5,752.91	19,594.90
Loans (performing)	3,311.77	60,327.57	29,386.41	22,072.67	23,600.30	138,698.72

Cumulative Mismatch as a % (F/D)	**2.53%**	**1.17%**	**0.46%**	**0.37%**	**0.34%**	**0.34%**

Notes:

(1) Interest receivable on term loans given and fund infusion by the Promoters.

(2) Interest payable on borrowings.

As of March 31, 2025, ₹ 138,698.72 million, or 83.50% of our overall assets is derived from our lending business. Any mismatch in the maturity profile of our assets and liabilities may lead to a liquidity risk and have an adverse effect on our business, cash flows and results of operations.

15. Our borrowers may transfer loan balances to other banks or financial institutions, resulting in a loss of interest income expected from such loans.

If interest rates rise, borrowers with variable interest rates on their loans are exposed to increased EMIs when the loans' interest rate adjusts upward. Such borrowers may seek to refinance their loans through balance transfer to other banks and financial institutions. Even if interest rates do not increase, our borrowers may seek to transfer loans to banks or other financial institutions that offer lower interest rates. In Fiscals 2025, 2024 and 2023, our borrowers transferred ₹ 8,490.34 million, ₹ 6,329.85 million and ₹ 4,076.08 million of loans to other banks or other financial institutions, respectively, which represented 9.69%, 7.93% and 6.38% of our MSME and housing gross loans as at three month period ended June 30, 2025, and for the financial years ended March 31, 2025, 2024 and 2023, respectively. Loan balance transfers result in a loss of interest income expected from such loans over the course of their tenor. All NBFCs and HFCs are prohibited from charging pre-payment penalties on any floating rate term loan sanctioned for purposes other than business to individual borrowers. Even where we are allowed to charge a prepayment penalty, the amount of such penalty will not make up for all of the loss of interest income expected from such loans. Some of our borrowers may be able to find balance transfer options at comparably lower interest rates or

other financing alternatives, which could have an adverse effect on our business, results of operations and financial condition.

16. A decline in our capital adequacy ratios could restrict our future growth.

Our Company is subject to regulations relating to the capital adequacy of NBFCs, which determine the minimum amount of capital our Company must hold as a percentage of the risk-weighted assets on its loan portfolio, or CRAR. Under the Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 dated October 19, 2023, our Company is currently required to have a regulatory minimum CRAR of 15.00%, with a minimum Tier I Capital of 10.00%. The below table sets forth our Company's Tier I Capital, Tier II Capital and CRAR, each on a standalone basis, as at and for the years indicated:

Particulars	For three month period ended June 30, 2025	As at and for the year ended March 31,		
		2025	2024	2023
Tier I Capital (%)	33.88%	22.43%	26.15%	39.35%
Tier II Capital (%)	0.51%	0.41%	0.48%	0.51%
CRAR (%)	34.39%	22.84%	26.62%	39.86%

The below table sets forth CGHFL's Tier I Capital, Tier II Capital and CRAR, each on a standalone basis, as at and for the years indicated:

Particulars	For three month period ended June 30, 2025	As at and for the year ended March 31,		
		2025	2024	2023
Tier I Capital (%)	28.28%	26.41%	30.07%	32.57%
Tier II Capital (%)	0.62%	0.52%	0.44%	0.56%
CRAR (%)	28.90%	26.93%	30.51%	33.13%

The decrease in our Company's CRAR as at March 31, 2024 was primarily due to our Company's risk weighted assets increasing by 36.28% from ₹ 81,888.91 million as at March 31, 2023 to ₹ 111,596.08 million as at March 31, 2024. The decrease in our Company's CRAR as at March 31, 2025 was primarily due to our Company's risk weighted assets increasing by 39.42% from ₹ 111,596.08 million as at March 31, 2024 to ₹ 155,583.46 million as at March 31, 2025, which was partially offset by an increase in total capital by 19.60%.

There can be no assurance that our Company will be able to maintain our CRARs within the regulatory requirements. Further, if our Company continues to grow its loan portfolios, our Company will be required to raise additional Tier I and Tier II Capital in order to continue to meet applicable capital adequacy ratios with respect to their respective business. There can be no assurance that our Company will be able to raise adequate additional capital in the future on terms favourable to them, or at all. This could result in non-compliance with applicable capital adequacy ratios, which could have a material adverse effect on our business, financial condition, results of operations and cash flows.

17. A rise in the general income level of our customers may adversely affect the demand for our loans

The demand for our loan products is sensitive to the prevailing income levels and disposable income of the customer segments we serve. A sustained or material increase in the general income level of our customers could reduce their dependence on credit and decrease demand for our lending products (including, but not limited to, unsecured consumer loans, micro and small enterprise loans, gold loans and other collateralized products). A reduction in customer demand could result in lower disbursements, slower loan book growth, reduced interest income and compression of our net interest margin. Lower originating volumes would also increase our fixed cost per loan, could impair portfolio diversification and scale benefits, and could adversely affect our liquidity, profitability and ability to meet financial covenants. Any of the foregoing could have a material adverse effect on our business, financial condition, results of operations and cash flows.

18. The new bankruptcy code in India may affect our rights to recover loans from borrowers. The Insolvency and Bankruptcy Code, 2016 ("Bankruptcy Code")

The Bankruptcy Code offers uniform and comprehensive insolvency legislation encompassing all companies, partnerships and individuals (other than financial firms). It allows creditors to assess the viability of a debtor as a business decision and agree upon a plan for its revival or a speedy liquidation. The Bankruptcy Code creates a new institutional framework, consisting of a regulator, insolvency professionals, information utilities and adjudicatory mechanisms, which will facilitate a formal and time-bound insolvency resolution and liquidation process.

In case insolvency proceedings are initiated against a debtor to our Company, we may not have complete control over the recovery of amounts due to us. Under the Bankruptcy Code, upon invocation of an insolvency resolution process, a committee of creditors is constituted by the interim resolution professional, wherein each financial creditor is given

a voting share proportionate to the debts owed to it. Bankruptcy Code provides a 180-day timeline which may be extended by 90 days when dealing with insolvency resolution applications.

Subsequently, the insolvency resolution plan prepared by the insolvency professionals has to be approved by 66% of voting share of financial creditors, which requires sanction by the adjudicating authority and, if rejected, the adjudicating authority will pass an order for liquidation. Any resolution plan approved by committee of creditors is binding upon all creditors, even if they vote against it. In case a liquidation process is opted for, the Bankruptcy Code provides for a fixed order of priority in which proceeds from the sale of the debtor's assets are to be distributed. Before sale proceeds are distributed to a secured creditor, they are to be distributed for the costs of the insolvency resolution and liquidation processes, debts owed to workmen and other employees, and debts owed to unsecured credits. Further, under this process, dues owed to the Central and State Governments rank at par with those owed to secured creditors. Moreover, other secured creditors may decide to opt out of the process, in which case they are permitted to realize their security interests in priority.

While we provide personal loan which are not covered under the Bankruptcy Code, we may in the future expand our product offerings, including providing SME and business loans. Accordingly, if the provisions of the Bankruptcy Code are invoked against any of the borrowers of our Company, it may affect our Company's ability to recover our loans from the borrowers and enforcement of our Company's rights will be subject to the Bankruptcy Code.

Further, the GoI vide notification dated March 24, 2020 ("Notification") has amended section 4 of the Bankruptcy Code due the lingering impact of the COVID-19 pandemic. Pursuant to the said Notification, GoI has increased the minimum amount of default under the insolvency matters from ₹1,00,000 to ₹1,00,00,000. Therefore, the ability of our Company to initiate insolvency proceedings against the defaulters where the amount of default in an insolvency matter is less the ₹1,00,00,000 may impact on the recovery of outstanding loans and profitability of our Company.

19. Any decrease in demand for the third-party new car loan products we distribute could result in a decrease in our commissions for selling those products.

We are a corporate selling agent for third-party new car loans, for which we are paid commissions. The table below sets forth details of our gross fee income, net fee income and total car loan origination volume for the following years:

Particulars	For three month period ended June 30, 2025	Fiscal		
		2025	2024	2023
	₹ (million)			
Gross fee income	527.27	2,407.21	2,169.16	1,437.06
Net fee income	233.67	963.04	1,075.68	1,179.30
Total car loan origination volume	26,510.63	105,518.76	97,414.74	56,939.20

We incorporated a wholly owned subsidiary, Capri Loans Car Platform Private Limited on October 16, 2023, through which our car loan products are distributed. The demand for our car loan products is subject to several factors beyond our control, such as *inter alia* a general slowdown in the auto industry and increase in the prices of new cars, cost of raw materials used to manufacture and assemble cars and interest rates provided by our third-party partners. Any decrease in demand for the third- party new car loan products we distribute could cause our fee and commission income from our car loan distribution business to decrease, which could adversely affect our results of operations. Further, an increase in competition or change in our relationship with our banks and financial partners could adversely impact our margins. For more details, see "*Our Business – Distribution of Third-Party Products – New Car Loans*" on page 153.

20. System failures or inadequacy and security breaches in information technology and telecommunication systems may adversely affect our operations and result in financial loss and disruption of our businesses, regulatory intervention or damage to our reputation.

We are reliant on information technology systems in connection with, but not limited to, financial controls, risk management and transaction processing. The size and complexity of our computer systems may make them potentially vulnerable to breakdown, system integration problems, malicious intrusion and computer viruses. Our ability to operate and remain competitive depends in part on our ability to maintain and upgrade our information technology systems and infrastructure on a timely and cost-effective basis, including our ability to process a large number of transactions on a daily basis. Our operations also rely on the secure processing, storage and transmission of confidential and other information in our computer systems and networks. Our financial, accounting and other data processing systems, management information systems and our corporate website may fail to operate adequately or become disabled as a result of events beyond our control, including a disruption of electrical or communications services.

As of June 30, 2025, we have moved most of our information technology infrastructure to a third-party public cloud service provider. System failures or network disruptions or breaches in the systems of such third-party cloud service provider could adversely affect our reputation or business. Any such breaches or breakdowns could lead to business

interruption, exposure of our or our customers' proprietary or confidential information, data corruption, damage to our reputation, exposure to legal and regulatory proceedings and other costs. Such events could have a material adverse effect on our financial condition, results of operations and cash flows.

We are also vulnerable to risks arising from the failure of employees to adhere to approved procedures, failures of security system, information system disruptions, communication systems failure and data interception during transmission through external communication channels and networks. Failure to detect these breaches in security may adversely affect our operations.

In April 2022, we had a system disruption due a bug in one of the third-party vendor systems used by us, after which we had to operate a few aspects of our operations manually for a few days. This system disruption did not result in data loss or any interruptions to our business and we have since then replaced the vendor and developed that particular functionality in-house. Apart from this, while there have been no instances of material system failures or inadequacies, cyber-attacks or security breaches in information technology and telecommunication systems that adversely affected our business operations in the three month period ended June 30, 2025 and in the last three Fiscals, we cannot assure that such instances will not take place in the future. If any of our systems are disabled or if there are other shortcomings or failures in our internal processes or systems, it may disrupt our business, negatively affect our operational efficiencies, render us liable to regulatory intervention, result in damage to our reputation and adversely affect our results of operations.

21. We may face tax-related assessments or regulatory actions.

The laws and regulations governing the tax liability of our Company could change in the future and any such changes could adversely affect its business and future financial performance by requiring a restructuring of its activities, which may impact its results of operations. Our Company has filed tax returns with the tax department which are pending for assessment. There is a possibility that the tax department may impose additional tax liability on our Company upon completion of these assessments. Our Company cannot assure you that the tax department will not initiate scrutiny, investigation or regulatory action or reopen assessments for previous years. Any adverse finding by the tax department may have a material adverse effect on our Company's reputation, business, operations and financial conditions.

22. The financing industry is becoming increasingly competitive, and our growth will depend on our ability to compete effectively.

The sector in which we operate is highly competitive and we face significant competition from banks and other NBFCs. Many of our competitors are larger institutions, which may have much larger customer and funding sources, larger branch networks and more capital than we do. Some of our competitors may be more flexible and better positioned to take advantage of market opportunities. In particular, private banks in India and many of our competitors outside of India may have operational advantages in implementing new technologies and rationalizing branches. These competitive pressures affect the industry in which we operate as a whole, and our future success will depend in large part on our ability to respond in an effective and timely manner to these competitive pressures.

In our loan business, we face increasing competition from commercial banks and other players in the unorganized sector. Interest rate deregulation and other liberalization measures affecting the housing finance industry, together with increased demand for home finance, have also increased our exposure to competition. The demand for housing loans has also increased due to the increase in demand of real estate, stable property prices, higher disposable incomes and increased fiscal incentives for borrowers. All of these factors have resulted in facing increased competition from other lenders to the retail housing market, including commercial banks. Unlike commercial banks, we do not have access to funding from savings and current deposits of customers. Instead, we are reliant on higher cost loans and debentures for our funding requirements, which may reduce our margins compared to competitors. Our ability to compete effectively with commercial banks will depend, to some extent, on our ability to raise low-cost sources of funding in the future. If we are unable to compete effectively with other participants in the housing finance and gold loan industry, our business, future financial performance and the trading price of the NCDs may be adversely affected.

Furthermore, as a result of increased competition in the loan industry. There can be no assurance that we will be able to react effectively to these or other market developments or compete effectively with new and existing players in the increasingly competitive housing finance industry. Increasing competition may have an adverse effect on our net interest margin and other income, and if we are unable to compete successfully, the origination of new loans will decline, and we may not be able to achieve our growth objectives.

23. We are subject to the risk of failure of, or a material weakness in, our internal control systems, which could have a material adverse effect on our reputation, business, financial condition, results of operations and cash flows.

We have established internal control systems and processes for our internal audit team to scrutinise, and we periodically test and implement changes facets of our operations, as necessary. We are exposed to risks arising from

the inadequacy or failure of internal systems or processes, and any actions we take to mitigate these risks, which include investments in technology and digitising our operations, may not be sufficient to ensure an effective internal control environment. Given our high volume of transactions, errors may be repeated or compounded before they are discovered and rectified. As part of our internal audit review, our Company's internal auditors have made observations in their internal audit reports on the need for improvements in certain processes related to our internal control systems, aimed towards strengthening the overall compliance and risk mitigation framework, which our Company has noted and complied with.

While we periodically test and update our internal control systems as necessary, we are exposed to operational risks arising from the potential inadequacy or failure of internal processes or systems and we cannot assure you that our systems and policies will be sufficient or will be fully corrected, or that similar or other deficiencies will not arise in the future. Further, our management information systems and internal control procedures that are designed to monitor our operations and overall compliance may not identify every instance of non-compliance or every suspicious transaction in a timely manner given our high volume of transactions. If internal control weaknesses are identified, our actions may not be sufficient to fully correct such internal control weakness. As a result, we may incur expenses or suffer monetary losses, which may not be covered by our insurance policies and may result in a material adverse effect on our reputation, business, financial condition, results of operations and cash flows.

24. If we do not obtain, maintain or renew the statutory and regulatory permits and approvals required to operate our business, it could have a material adverse effect on our business, financial condition and results of operations.

We are required to obtain and maintain a number of statutory and regulatory approvals, licenses and registrations to operate our business in India, including those under central, state and local laws. These include, among others, approvals such as shops and establishment licenses for certain of our branches and licenses under applicable national and state labour laws for some of our offices and employees. In addition, we are required to hold specific approvals from sectoral regulators, such as a registration with the Reserve Bank of India as a non-banking financial company ("**NBFC-ML**"), approvals from the National Housing Bank ("**NHB**") for housing finance activities and license to act as a composite broker from IRDAI. Certain of these approvals, such as shops and establishment licenses, are subject to periodic renewal and we have made, and will continue to make, applications to the relevant authorities for renewal as and when required. There can be no assurance that such approvals will be renewed in a timely manner or at all. Further, we cannot assure you that approvals and licenses currently held by us will not be suspended, withdrawn or cancelled in the event of any non-compliance or alleged non-compliance with applicable conditions, or pursuant to any regulatory action.

In the future, we may be required to obtain new registrations, permits and approvals for our business, as a result of changes in current regulations or for any proposed expansion strategy or diversification into additional business lines or new financial products. There can be no assurance that the relevant authorities will issue any permits or approvals required by us in a timely manner, or at all, and/or on favourable terms and conditions.

If we fail to obtain any applicable statutory and regulatory permits and approvals in a timely manner or at all, some of our contracts with third parties may be terminated and we may not be able to undertake certain operations of our business, which would adversely affect our business, results of operations and cash flows. Also see "*– Risk Factors – We operate in a highly regulated industry, and any changes in the laws, rules and regulations applicable to us may adversely affect our business, financial condition and results of operations*" on page 24.

25. We do not own the "Capri" trademark, name or logo and our ability to use the trademark, name or logo may be impaired. Further, our inability to protect our intellectual property or any claims that we infringe on the intellectual property rights of others could have a material adverse effect on us.

Our name and trademarks are significant to our business and operations. The use of our brand name or logo by third parties could adversely affect our reputation, which could in turn adversely affect our financial performance and market price of the NCDs.

The logo CAPRI LOANS is owned by our corporate promoter, Capri Global Holdings Private Limited. We have no formal arrangement to use this logo, cannot assure you that the CAPRI LOANS trademark, name or logo will not be adversely affected in the future by events such as actions that are beyond our control, including action or inaction of entities using the CAPRI LOANS trademark, name or logo, regulatory actions against such companies or adverse publicity from any other source. Any damage to this trademark, name or logo, if not immediately and sufficiently remedied, could have an adverse effect on our financial condition, cash flows and results of operations. Further, while we have applied for the registration of the CAPRI LOANS trademark, name or logo in our Company's name, we are yet to receive requisite approvals for the usage of such trademark and cannot assure you that we will continue to have the rights to use the same in the future.

Our current and future trademarks are subject to expiration, and we cannot guarantee that we will be able to renew all of them prior to expiration. Our inability to renew registration of certain trademarks and loss of such trademarks could have an adverse effect on our business, results of operations, financial condition and cash flows.

26. Fraud, theft or misconduct by our employees could adversely affect our reputation and results of operations.

In cases where customers repay their loans in cash directly to us, we are exposed to the risk of fraud, misappropriation or unauthorised transactions by employees responsible for dealing with such cash collections. For Fiscals 2025, 2024 and 2023, borrowers made cash payments to us of ₹ 9,072.58 million, ₹30,421.41 million and ₹6,929.94 million, respectively, which represented 4.56%, 25.65% and 14.64% of total payments (excluding loans against debt securities and employee loans) by borrowers to us, respectively. While we have procured insurance for cash in safes and in transit and have put in place systems to detect and prevent any unauthorised transaction, fraud or misappropriation by our employees, these measures may not be effective in all cases. In the past, we have been subject to acts of fraud and theft committed by our employees of a non-material nature. There can be no assurance that such events will not recur in the future.

Further, we may be subject to regulatory or other proceedings in connection with any unauthorised transaction, fraud or misappropriation by our employees, which could adversely affect our reputation and goodwill. Misconduct by our employees could bind us to transactions that exceed authorised limits or present unacceptable risks, and our employees could conceal unauthorised or unlawful activities from us. For instance, our Company has initiated criminal proceedings against certain former employees under the gold loan business for committing fraud in connivance with borrowers. In the past, our Company has also received whistle blower complaints regarding involvement of certain of our employees in fraudulent activities. Our Company took appropriate action against them and such employees were relieved from services. Employee misconduct could also involve front running in securities markets or the improper use or disclosure of confidential information or non-compliance with insider trading rules, which could result in regulatory sanctions against us and serious reputational or financial harm. Since April 1, 2023, we have not had any regulatory sanctions against us for employee misconduct. It is not always possible to deter fraud or misconduct by employees, and the precautions we have taken and the systems we have put in place to prevent and deter such activities may not be effective in all cases. Any instances of fraud or misconduct could adversely affect our reputation, business, results of operations and financial condition.

27. We may not be able to realise the full value of our pledged gold, and inaccurate appraisal of the pledged gold jewellery by our personnel may adversely affect our business and exposes us to potential loss.

In case of loans secured against gold, we are exposed to the risk that we may not be able to realise the full value of pledged jewellery. This may arise due to, among other reasons, defects in the quality of gold, inability to auction the pledged jewellery at expected prices, or delays associated with the auction process. We cannot assure you that the value realised on the auction of such pledged gold will be sufficient to cover the outstanding loan amounts, and any shortfall could result in a potential loss.

The accurate appraisal of pledged gold jewellery is critical to the success of our business and requires a skilled and reliable workforce. Inaccurate valuation may result in loans being disbursed in excess of the intrinsic value of the underlying collateral, which could adversely affect our financial performance and reputation. Further, we are subject to the risk that employees or appraisers may engage in fraud or misconduct in the valuation process, which could compound these risks.

Any inability to accurately appraise pledged gold, or to realise its expected value through enforcement, could expose us to credit losses and adversely affect our financial condition, cash flows and results of operations.

28. Our branches are vulnerable to various operational risks, including theft, fraud, burglary and embezzlement by our employees and customers due to high volume of cash and gold jewellery handled by us.

Our business model requires us to handle significant volumes of cash and pledged gold jewellery, which exposes us to risks of fraud by employees, agents, customers or third parties, as well as theft, burglary and misappropriation. The short tenure of loans advanced by us and our practice of processing repayments within short timelines require us to store pledged gold jewellery on our premises at all times. The storage and movement of cash also expose us to risks of theft and diversion. Any such events could result in financial loss as well as damage to our reputation and credibility.

Although we maintain insurance policies against burglary and cash-in-transit risks, such coverage may not be sufficient to fully compensate for losses. In addition, recovery of insured amounts often requires completion of prescribed procedures, and any delays in recovery could adversely affect our liquidity, financial condition and results of operations. There can be no assurance that we will always be able to recover losses in full, or within the timeframe required.

Further, we are also exposed to the risk of employee fraud and misconduct. Any fraud, theft, burglary or misappropriation, whether by employees, customers or third parties, could adversely affect our reputation, business, financial condition, results of operations and cash flows.

29. Majority of the gold loans were offered were due within one year of disbursement, and a failure to disburse new loans may result in a reduction of our loan portfolio and a corresponding decrease in our interest income.

Majority of the gold loans were offered were due within one year of disbursement. The relatively short term nature of our loans means that we are not assured of long term interest income streams compared to businesses that offer loans with long terms. In addition, our existing customers may not obtain new loans from us upon maturity to their existing loans, particularly if competition increases. The short term nature of our loan products and the potential instability of our interest income could materially and adversely affect our results of operations and financial positions.

30. We rely on third parties to whom we have outsourced certain of our operations. If these third parties fail to perform their obligations to us, it could adversely affect our business and cause us financial loss, which may not be recoverable from such third party in full or at all.

We have engaged various third parties for support in some of our business functions, including some of our legal and technical due diligence, repossession activities, document storage, and some of our IT and cloud storage. We use third party vendors for scanning services, storage services, outbound calling, mandate registration, transaction processing and collections through internet payment gateways. Certain services like Aadhaar validation, SMS, whatsapp, LMS and Account Aggregator are also third party vendor solutions that are being used by us, however besides SMS, the API integrations and backup ecosystems for all such integrations are being done in-house. We also rely on multiple external technical vendors, in addition to the support received from our in-house technical team. Additionally, we have engaged multiple legal vendors and risk containment unit vendors for cases above ₹1.50 million. However, a majority of the core systems being used by the branches and field staff are developed in house and we have comprehensive control and monitoring mechanisms in place for the management of these systems. Several of our IT systems have been moved in-house with AWS-based snapshot policy and point in time recovery features, that have been enabled for all cloud-based vendor systems.

While there have been no significant instances in which the abovementioned third parties have failed to perform their obligation under their respective contracts in the last three Fiscals, we cannot assure you that such instances will not occur in the future. If these third parties fail to perform their obligations and we experience system or technical failures as a result of the same, it could adversely affect our business and cause us financial loss, which may not be recoverable from such third parties in full or at all.

31. In line with the RBI's co-lending model, we entered into tie-ups for co-lending in the MSME loan, gold loans and housing loan segments. If we are unable to agree on mutual standards and procedures for co-lending loan applications with our co-lending banks, it will have an adverse effect on the growth of our co-lending loans vertical.

In line with the RBI's notification on co-lending, we have entered into tie-ups for co-lending in the MSME loans segment from November 2021, in the affordable housing loans segment from February 2022, and in the gold loans segment from July 2023. Under our co-lending arrangements with the banks, we retain 20-30% of co-originated loans on our balance sheet while the co- lending banks retain the balance. We are also entitled to a spread and loan service fee from the co-lending banks. Credit costs are shared proportionately between us and the co-lending banks. As of June 30, 2025, on consolidated basis, our AUM under the co-lending model for the MSME loans was ₹ 10,326.75 million, for the affordable housing loans was ₹ 7,547.45 million and that for the gold loan was ₹ 28,939.29 million which was 18.85%, 13.75% and 31.78% of the segment wise AUM, respectively as of June 30, 2025. In order to grow our co-lending loans in a meaningful way, we will need to have mutually agreed standards and procedures for co-lending loan applications with our co-lending banks in order to reduce the turn-around time for those applications and develop a common IT platform with co-lending banks for processing co-lending applications. We have developed an in-house technology application to integrate with the banks' IT systems using APIs, and have built the co-lending parameters and acceptance criteria of the banks for processing the co-lending applications in the system, which has resulted in an improvement in acceptance ratio with our co-lending partners. However, if we are unable to achieve these two aspects, it will have an adverse effect on the growth of our co-lending loans. The incremental limits under our co-lending agreements are subject to review and are given by each bank after it analyses the performance of the co-lending loans made by them, and also our performance as a whole. Delinquencies and/or losses on co-lending loans above a co-lending bank's tolerance level may result in that bank not giving additional limits to us under the co-lending agreement with that bank, which could adversely affect the growth of our co-lending loans.

32. Our Company has certain contingent liabilities that have not been provided for in our financial statements which, if they materialize, may adversely affect our financial condition.

The following table sets forth certain information relating to our contingent liabilities as of June 30, 2025 and March 31, 2025, on a standalone basis, which have been prepared in accordance with the recognition and measurement principles laid down in Ind AS 37 on "*Provisions, Contingent liabilities and Contingent assets*":

(₹ in millions, unless otherwise stated)

Particulars	As of period ended June 30, 2025	As of March 31 2025
Income Tax under dispute	37.40	37.40
Indirect Tax matters under dispute	41.83	34.72

For details on income tax disputes involving us, see "*Outstanding Litigation – Material Civil Proceedings*" on page 233. If any of these contingent liabilities materialise, our financial condition, results of operations and cash flows could be adversely affected.

33. Any non-compliance with mandatory anti-money laundering, combating-terrorism financing and know your customer laws could expose us to liability and harm our reputation.

We are mandated to comply with anti-money laundering ("**AML**"), combating of financing of terrorism ("**CFT**") and know your customer ("**KYC**") regulations in India. These laws and regulations require us, among other things, to adopt and enforce AML, CFT and KYC policies and procedures. While we have adopted policies and procedures aimed at collecting and maintaining all relevant AML, CFT and KYC-related information from our customers in order to detect and prevent the use of our banking networks for illegal money-laundering and terrorism financing activities, we run the risk of collecting information that may be used by other parties in attempts to engage in money-laundering, terrorism financing and other illegal or improper activities.

There can be no assurance that we will be able to fully control instances of any potential or attempted violation by other parties and we may accordingly be subject to regulatory actions, including imposition of fines and other penalties by the relevant government agencies to whom we report to, including the Financial Intelligence Unit – India. Our business and reputation could suffer if any such parties use or attempt to use us for money-laundering, terrorism financing or illegal or improper purposes and such attempts are not detected or reported to the appropriate authorities in compliance with applicable regulatory requirements. We have not experienced any material instances of money laundering or similar illegal activities in the three month period ended June 30, 2025, and three preceding Fiscals.

34. Any change in control of the group or any other factor affecting the business and reputation of the group may have a concurrent adverse effect on our group's reputation, business and results of operations.

Our business is dependent on our group's goodwill and the 'Capri' brand name. Reputational risk, or the risk to our business, earnings and capital from negative publicity, is inherent in our business. The reputation of the financial services industry in general has been closely monitored as a result of the global financial crisis and other matters affecting the financial services industry. Negative public opinion about the financial services industry generally or about us specifically could materially adversely affect our ability to attract and retain customers and may expose us to litigation and regulatory action. Negative publicity can result from our or our third-party service providers' actual or alleged conduct in any number of activities, including lending practices, mortgage servicing and foreclosure practices, technological practices, corporate governance, regulatory compliance, mergers and acquisitions, and related disclosure, sharing or inadequate protection of customer information, and actions taken by government regulators and community organisations in response to that conduct. Damage to our reputation and loss of brand equity could reduce demand for our products. Any impairment of our reputation or erosion of the brand or failure to optimize the brand in the marketing of our products could have a material adverse effect on our capacity to retain our current customers and attract new customers and therefore on our sales and profitability, as well as require additional resources to rebuild our reputation and restore the value of the brand. Any adverse developments regarding our brand could materially and adversely affect our business, results of operations, cash flows and financial condition

35. We are exposed to risks of default and recovery challenges in our construction finance business, which may adversely affect our financial performance.

These loans are typically high-value exposures secured against real estate collateral. In the event of a slowdown in the real estate sector, delays in project execution, adverse regulatory actions or deterioration in market conditions, our borrowers may face challenges in meeting repayment obligations. Defaults by such borrowers could have a disproportionate impact on our portfolio, given the high ticket size of construction finance loans.

Further, recovery in case of defaults in this segment is subject to challenges, including delays in enforcement of security interests, difficulties in liquidating underlying collateral due to legal or regulatory restrictions, or depressed

collateral values in a downturn. If projects that form part of our collateral are stalled or remain incomplete for extended periods, the enforceability and value of such collateral may be impaired, adversely affecting our ability to recover dues.

Any significant defaults or delays in recovery in our construction finance portfolio may result in increased provisioning requirements, reduced profitability, and could adversely affect our business, financial condition, cash flows and results of operations.

36. Some of our Directors may have interests in entities engaged in businesses similar to ours, which may give rise to potential conflicts of interest.

Some of our Directors are, or may in the future be, associated with other companies or entities that are engaged in businesses similar to ours. As a result, situations may arise where the interests of such Directors could conflict with the interests of our Company. While such Directors are required to act in accordance with their fiduciary duties and applicable law, there can be no assurance that any potential conflict of interest will be resolved in our favour. Any decision influenced by such conflicts, or any perception of conflict, could adversely affect our business, financial condition, results of operations and reputation.

37. We may experience difficulties in expanding our business into new regions and markets in India.

Entering new geographies involves challenges such as establishing brand recognition, building distribution networks, complying with state-specific regulations and developing relationships with local stakeholders. We may also face competition from established players in those markets, which could limit our ability to scale quickly. Further, regional differences in customer preferences, credit behaviour, and regulatory frameworks may require us to adapt our products and processes, which may increase costs and operational complexity.

There can be no assurance that we will be able to successfully expand into new regions on commercially attractive terms or within the anticipated timelines. Any inability to execute our geographic expansion strategy effectively could constrain our growth prospects and adversely affect our business, financial condition and results of operations.

38. Our Company may receive complaints under its whistle blower policy from time to time.

Our Company maintains a whistle blower policy to inter alia, develop a procedure for dealing in complaints relating to malpractice, actual or suspected fraud, violation of the Code of Conduct of our Company, instances of leakage of unpublished price sensitive information, breach of any policy, abuse of power and authority by any official or any other acts with an intention of unethical personal gain or to cause damage to our Company or employees. Our Company has previously received complaints under this policy, which have either been resolved or are in the process of being resolved in accordance with the policy. As of the date of this Draft Prospectus, there are two pending complaints under our Company's whistle blower policy. In the event complaints received by the Company result in any legal action or regulatory penalties against the Company in the future, it may adversely affect our reputation, business, financial condition and/or results of operations.

39. We are dependent on our Promoters, Directors, KMPs and Senior Management. Any loss of or our inability to attract or retain such persons could adversely affect our business, results of operations and financial condition.

We are dependent on our Promoters, Directors, KMPs and Senior Management as well as persons with technical expertise for setting our strategic business direction and managing our business. We believe that the inputs and experience of our Promoters are valuable for the development of our business and operations and the strategic directions taken by our Company. We cannot assure the NCD holders that we will be able to retain these employees or find adequate replacements in a timely manner, or at all. Any loss or interruption in the services of our Senior Management could significantly affect our ability to effectively manage our operations and to meet our strategic objectives. In addition, we could incur additional expenses and need to devote significant time and resources to recruit and train replacement personnel, which could further disrupt our business and growth. Further, our Promoters may be interested in entities that are in a similar line of businesses as our businesses.

Our ability to meet continued success and future business challenges depends on our ability to attract, recruit and train experienced, talented and skilled professionals and retain our service engineers and sales and marketing professionals. Recruiting and retaining capable personnel, particularly those with expertise and experience in our industry, are vital to our success. The loss of the services of any Senior Management or our inability to recruit or train a sufficient number of experienced personnel or our inability to manage the attrition levels in different employee categories may have an adverse effect on our financial results and business prospects. Further, as we expect to continue to expand our operations and develop new products, we will need to continue to attract and retain experienced management personnel. If we are unable to attract and retain qualified personnel, our results of operations may be adversely affected.

40. Certain of our Directors, KMPs and Senior Management may have interests in us other than reimbursement of expenses incurred and normal remuneration or benefits.

Certain of our Directors, KMPs and Senior Management may be regarded as having an interest in our Company other than reimbursement of expenses incurred and normal remuneration or benefits. Certain Directors, KMPs and Senior Management, as applicable, may be deemed to be interested to the extent of Equity Shares held by them, as well as to the extent of any dividends, ESOPs, bonuses or other distributions on such Equity Shares. We cannot assure you that our Directors, KMPs and Senior Management will exercise their rights as shareholders to the benefit and best interest of our Company. For further details, see sections titled “Capital Structure" and “Our Management” on pages 64 and 170, respectively.

41. If we fail to identify, monitor and manage risks and effectively implement our risk management policies, it could have a material adverse effect on our business, financial condition, results of operations and cash flows.

We are exposed to a variety of risks, including credit risk, liquidity risk, market risk, interest rate risk, operational risk, and information security and technology risk. We have devoted significant resources to develop our risk management policies and procedures and plan to continue to do so in the future. The effectiveness of our risk management policies is affected by the quality and timeliness of available data. Our policies and procedures to identify, monitor and manage risks of fraud, money laundering, any other credit, operational or other risks may not be fully effective. Our Board and the Risk Management Committee reviews our risk management policies from time to time. We also depend on our information technology systems to assist us with our risk management functions. However, our policies and procedures to identify, monitor and manage risks may not be fully effective. Some of our risk management processes may not be automated and subject to human error.

Further, some of our methods of managing risks are based upon the use of observed historical market behaviour. As a result, these methods may not accurately predict future risk exposures, which could be significantly greater than those indicated by the historical measures. To the extent that any of the instruments and strategies we use to hedge or otherwise manage our exposure to market or credit risks are not effective, we may face risk exposure in certain market environments or particular types of risk as a result of not being able to effectively mitigate those market or credit risks. In addition, as we seek to expand the scope of our operations, we also face the risk of being unable to develop commensurate risk management policies and procedures

Our earnings are dependent upon the effectiveness of our management in the changes in credit quality and risk concentrations, the accuracy of our valuation models and our critical accounting estimates and the adequacy of our allowances for loan losses. To the extent our assessments, assumptions or estimates prove inaccurate or not predictive of actual results, we could suffer higher than anticipated losses. In addition, certain processes are carried out manually, which may increase the risk that human error, tampering, frauds or manipulation will result in losses that may be difficult to detect. As a result, we may suffer monetary losses, which may not be covered by our insurance policies.

While we have systems and procedures in place to ensure that risk is managed through a standardized framework there can be no assurance that the Risk Management Committee will successfully identify and correct defects or irregularities in title to the properties which are made collateral to the loans offered by us to our customers, which may adversely affect our business.

If we fail to effectively implement our risk management policies, our business, financial condition, results of operations and cash flows could be materially and adversely affected.

42. *Our Company has entered into securitization agreements to sell certain loans from our outstanding loan portfolio. Our business, financial condition and results of operations could be adversely affected due to some of the restrictions imposed under such agreements or downgrade in the ratings of our securitized debt or if such assignment of loan is held to be unenforceable or due to any change in the regulatory requirements*.

As part of our means of raising and/or managing our funds, we assign or securitise the receivables from our loan portfolio to banks and other institutions. Such assignments or securitization transactions are conducted on the basis of our internal estimates of our funding requirements, which may vary from time to time. As of June 30, 2025, and March 31, 2025, outstanding book value of securitized assets of ₹ 39,081.75 million, ₹ 34,634.76 million, respectively and assignment of ₹ 184.29 million and ₹ 199.71 million, respectively on a standalone basis. Our Company has sold and assigned a group of similar loans from our outstanding loan portfolio to Banks/financial institutions in return for an upfront fixed consideration. As of June 30, 2025, and March 31, 2025, our outstanding portfolio of securitized loans on a standalone basis, constituted 20.39% and 19.73% of AUM. Under such agreements, we have provided credit enhancement through fixed deposits with banks to the purchaser for an amount equal to a percentage of the value of the loans being assigned as per the rating agency to enhance the rating of the pool. If there is any short fall in the scheduled cash flow promised to the investor, then credit enhancement will be utilized to that extent.

Further, any change in statutory and/regulatory requirements such as securitization guidelines issued by RBI in August 2012 in relation to assignments or securitizations by financial institutions, including the requirements prescribed by RBI and the Government of India, could have an adverse impact on our assignment or securitization transactions. Any adverse changes in the policy and/or regulations in connection with securitization of assets by NBFCs and/or new circulars and/or directions issued by the RBI in this regard, affecting NBFCs or the purchasers of assets, would affect the securitization market in general and our ability to securitize and/or assign our assets.

43. Inaccurate appraisal of credit may adversely impact our business

We may be affected by failure of employees to comply with internal procedures and inaccurate appraisal of credit or financial worth of our clients. Inaccurate appraisal of credit may allow a loan sanction which may eventually result in a bad debt on our books of accounts. In the event we are unable to check the risks arising out of such lapses, our business and results of operations may be adversely affected.

44. *We may not be able to appropriately assess the credit worthiness of our customers before extending credit facilities to them. Unavailability of adequate information or inaccurate and/or incomplete information provided by our customers may adversely affect our operations and profitability*.

While evaluating whether to extend credit or enter into other transactions with customers and counterparties, we may rely on information furnished to us by or on behalf of customers and counterparties, including personal information, financial statements, collateral related information, credit history, purpose of availing the loan and other financial information. We may also rely on certain representations as to the accuracy and completeness of that information and, with respect to financial statements, on reports of independent auditors of customers and counterparties. We also depend on credit bureaus for verifying the creditworthiness of our customers. While we have not experienced any material instances with credit reports obtained from credit bureaus in the three months period ending June 30, 2025, and in Fiscals 2025, 2024 or 2023, any inaccurate or incomplete information received in the future could have an adverse effect on our business, reputation, results of operations, financial condition and cashflows. Further, we may have customers who are unable to document their entire income comprehensively.

45. We face difficulties and incur additional expenses in operating from rural and semi urban areas, where infrastructural facilities are limited.

A portion of our operations are conducted in rural and semi urban areas. We face certain difficulties in conducting such operations, such as accessing power facilities, transporting people and goods and maintaining profitability at branches in remote areas. We may also face increased costs in implementing security measures and expanding our advertising presence. We cannot assure that such costs will not increase in the future as we expand our network in rural and semi urban areas.

46. Our loan portfolio may no longer continue to be classified as priority sector advances by the RBI.

The RBI currently mandates domestic commercial banks operating in India to maintain an aggregate 40% of adjusted net bank credit or credit equivalent amount of off-balance sheet exposure, whichever is higher as “priority sector advances”. These include advances to agriculture, micro and small enterprises, micro enterprises within the micro and small enterprises sector, export credit and advances to weaker sections where the government seeks to encourage flow of credit for developmental reasons. Banks in India that have traditionally been constrained or unable to meet these requirements organically have relied on specialized institutions like us that are better positioned to or exclusively focus on originating such assets through on-lending or purchase of assets or securitized and assigned pools to comply with these targets.

In the event that any part of our loan portfolio is no longer classified as a priority sector advance by the RBI, or if the laws relating to priority sector lending as applicable to the banks undergo a change, our ability to securitise our asset pool will be hampered, which may adversely affect our financial condition, results of operations and/or cash flows.

47. The MSMEs to which our Company provides loans may not perform as expected and our Company may not be able to control the non-performance of such businesses.

Our Company provides loans to select growing MSMEs which obtain loans against their assets and profits made by them. Our Company does not manage, operate or control such businesses or entities. Further, our Company has no control over those businesses' functions or operations. As a result, such businesses may make business, financial or management decisions which our Company does not agree or the majority shareholders or the management of such companies may make business, financial or management decisions that may be adverse to, or otherwise act in a manner that does not serve, our Company’s best interests. The repayment of the loans extended to such businesses will depend to a significant extent on the specific management team of the relevant borrower entity. The actions taken by the

management of our Company's customers may lead to significant losses and affect their ability to repay our Company's loans. Consequently, this may adversely affect our Company's financial performance.

48. We rely on direct selling agents (DSAs) to sell our products across the country. These DSAs may not perform their obligations satisfactorily or in compliance with law or may be part of unlawful/unethical behaviour which may adversely affect the business and reputation of our Company.

We enter into direct selling arrangements with DSAs for the purpose of marketing and selling our products across India. Although adequate due diligence is conducted before entering into any DSA arrangement with any person, we cannot guarantee that there shall be no disruptions in the provision of their services to our Company or that these DSAs will adhere to their contractual obligations. If there is a disruption in the services of these DSAs, or if the DSAs discontinue their service agreement with us, our business, financial condition, cash flows and results of operations will be adversely affected. In case of any dispute between our Company and the DSAs, we cannot assure you that the terms of the agreements/arrangements entered into with the DSAs will not be breached, which may result in litigation costs. Such additional cost, in addition to the cost of entering into agreements with other DSAs, may materially and adversely affect our business, financial condition, cash flows and results of operations. Further, our DSAs or the personnel they employ may be engaged in unethical or unlawful behaviour or they may misrepresent or mis-sell our products and services. Due to this, we may also suffer from reputational and legal risks and these actions may materially and adversely affect our business, financial condition, cash flows and results of operations.

49. We have availed loans amounting to ₹ 4,350.00 million that can be recalled at any time.

As at June 30, 2025 on a standalone basis, we had loans amounting to ₹ 4,350.00 million that are repayable on demand, which represented 2.72% of our total borrowings as at that date. In case any of these loans are recalled, we would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. The early recall of any of these loans could have an adverse effect on our financial condition, results of operations and cash flows.

50. We may face tax-related assessments or regulatory actions, which could adversely affect our business and financial condition.

As a NBFC, we are subject to taxation under Indian laws, including income tax, goods and services tax and other applicable indirect taxes. Our Company may from time to time be subject to scrutiny, inquiries, investigations or assessments by tax authorities. While we have complied with applicable tax laws in the past, there can be no assurance that tax authorities will not raise claims or issue demands, which may result in additional tax liabilities, interest or penalties. Any such claims, even if successfully contested, could divert management attention, involve significant costs and adversely affect our financial condition.

In addition, we remain subject to supervision and regulation by the RBI and other regulatory bodies. Regulatory authorities may, from time to time, initiate inquiries, inspections or actions against us in relation to compliance with applicable laws, regulations or directions. Any adverse finding or action by regulatory authorities could result in penalties, restrictions on our operations or reputational harm, which could adversely affect our business, results of operations and financial condition.

51. We may be unable to adequately protect our intellectual property and may be subject to risks of infringement claims.

We have four registered trademarks and have applied for registration for fourteen other trademarks. Our Subsidiary, CGHFL has two registered trademarks and has applied for registration for ten other trademarks. For further information, see "*Our Business – Intellectual Property*" on page 161.

With respect to our trademarks that have been applied for, and/or objected or opposed, we cannot assure you that we will be successful in resolving such challenges, nor can we guarantee that our trademarks will be registered in our name. As a result, we may not be able to prevent infringement of our trademarks and a passing off action may not provide sufficient protection until such time that this registration is granted.

There can be no assurance that third parties will not infringe upon our intellectual property, causing damage to our business prospects, reputation, and goodwill. Further, while we take care to ensure that we comply with the intellectual property rights of third parties, we cannot determine with certainty whether we are infringing upon any existing third-party intellectual property rights. We cannot assure you that we will not be involved in such disputes in the future, including disputes relating to our pending trademark applications. Any intellectual property claims, with or without merit, could be very time-consuming, could be expensive to settle or litigate and could divert our management's attention and other resources. These claims could also subject us to significant liability for damages, potentially including enhanced statutory damages if we are found to have wilfully infringed intellectual property rights.

52. We do not own the premises where our branches are located, not including premises for our Registered Office and support offices. Any termination or failure by us to renew the lease and license agreements in a favorable and timely manner, or at all, could adversely affect our business, cash flows and results of operations.

As of June 30, 2025, we had 1,138 branches, not including our Registered Office and support offices, all of which were on leased premises. A number of lease deeds are currently under renewal process and we cannot assure that we will be able to renew the lease deeds on favourable terms. As our leases expire, we may fail to negotiate renewals, either on commercially acceptable terms or at all, which could cause us to pay increased occupancy costs or to close branches in desirable locations or to shift them, which may not necessarily yield best results. Furthermore, a number of long-term leases are not renewable or extendable, and the lessee would be required to vacate the premises on the expiry of the lease period. We may also be required to relocate our branches if there is early termination of any of our leases due to our non-compliance with the terms. Some of our lease or leave and license agreements may also not be adequately stamped or duly registered. Unless such documents are adequately stamped or duly registered, such documents may be rendered inadmissible as evidence in a court in India and may not be authenticated by any public officer and the same may attract a penalty as prescribed under applicable law, any of which could result in an adverse effect on our business, results of operations and cash flows.

53. Adverse changes in Goods and Services Tax ("GST") or other indirect tax laws applicable to the insurance sector may adversely affect our business.

Our insurance distribution business is exposed to changes in tax laws, particularly changes in the applicable GST rates. On September 3, 2025, the GST rate on individual life and health insurance products was exempted from the previous rate of 18% (eighteen per cent). While this change may improve product affordability and support long-term growth, it also raises risks relating to the treatment of input tax credits. Insurers may not be able to claim input tax credits on related expenses, which could increase net costs, affect the recognition and recoverability of GST-related assets recorded on our balance sheet, and result in write-downs or timing mismatches.

Future revisions in GST rates, exemptions or input credit mechanisms could create similar risks, adversely affecting the financial position, profitability and cash flows of our insurance businesses. Further, recovery of input tax credits under GST is subject to compliance with prescribed conditions, and any restriction on the availability or utilisation of input credits may increase our effective tax costs. Delays in obtaining refunds or credits may also affect our cash flows. While we endeavour to comply with all applicable indirect tax requirements, there can be no assurance that we will not face adverse rulings, retrospective amendments, or increased tax incidence in the future.

Any such developments could adversely affect the pricing of our products, profitability, cash flows and overall financial condition.

54. Our inability to compete effectively in an increasingly competitive industry may adversely affect our market share, business and financial condition.

The financial services market is being served by a range of financial entities, including traditional banking institutions, captive finance affiliates of players in various industries, NBFCs and small finance banks approved by RBI to enhance credit penetration. Our competitors include established Indian banks, other NBFCs, other HFCs, small finance banks, and the private unorganised and informal financiers who principally operate in the local market. Some of the Indian banks have subsidiaries and affiliates operating as NBFCs with significant market share, distribution reach and product portfolio, and since we are unable to accept deposits, our Cost of Funds may be higher.

We are subject to the potential increase in competition brought about by changes in the laws and regulations governing our business and those adjacent to ours. Any changes in the relevant laws or regulations by the RBI to correct, clarify or amend regulatory subject matters may result in the diminishment of the available opportunities for regulatory arbitrage. We cannot assure you that changes in the relevant laws and regulations in the future may not result in an increase in competition from other players. Liberalization of the Indian financial services sector could also lead to a greater presence or new entries of Indian and foreign banks, NBFCs, and other entities operating in the financial services sector offering a wider range of products and services. This could adversely affect our competitive environment. Increasing competition may also result in slower growth and a reduction in our net interest margin and market share, and consequently may have an adverse effect on our results of operations and financial condition.

55. We have significant exposure to the real estate sector through our housing finance and construction & real estate finance businesses and any negative trends affecting this sector could adversely affect our business and result of operations.

Our asset under management ("**AUM**") is significantly exposed to the real estate sector, as the underlying security on such loans is primarily mortgages. In the event the real estate sector is adversely impacted for any reason, including, without limitation, the introduction of more stringent regulations relating to construction, floor space index or other

compliances, the value of our collateral may diminish. This, in turn, may adversely affect our business and results of operations in the event of defaults in repayment by our clients. In addition, if any of the projects which form part of our collateral are stalled for any reason or for any significant duration, our ability to enforce security over such projects may be affected, thereby reducing the realizable value of such collateral. Given the relatively high ticket sizes of our construction finance loans, defaults in this portfolio, even by a limited number of borrowers, could disproportionately affect our asset quality and have a material adverse impact on our business, cash flows, results of operations and financial condition.

Set out below are the details of the AUM for Construction Finance and Housing Loans segment, on a consolidated basis:

Products*	Three month period ended June 30, 2025	% of Total AUM	Fiscal 2025	% of Total AUM
Construction Finance	45,189.19	22.52%	41,329.13	22.01%
Housing Loans	47,355.96	23.60%	46,056.25	24.53%
Total AUM	200,701.61	-	187,784.21	-

The value of real estate property secured under our loans is largely dependent on housing market conditions prevalent at that time, as well the quality of the construction and the relevant developer. Following the introduction of the SARFAESI Act and the subsequent extension of its application to HFCs, we are allowed to enforce any security interest and take certain other actions, including taking over the management of the business of the borrower, and which includes our right to transfer (in any manner) the underlying collateral after 60 days' notice to a borrower whose loan has been classified as non-performing.

Although the enactment of the SARFAESI Act has strengthened the rights of creditors by allowing expedited enforcement of security in an event of default, there is still no assurance that creditors like us will be able to realize the value of the collateral, in full or in part, pursuant to enforcement action under the SARFAESI Act. The Debt Recovery Tribunal ("**DRT**") has the power to issue a stay order prohibiting the lender from selling the assets of a defaulted borrower. As a result, there can be no assurance that any foreclosure proceedings would not be stayed by the DRT or any other relevant authority. In addition, delays on our part to take immediate action, delays in bankruptcy foreclosure proceedings, economic downturns, defects in security and fraudulent transfers by borrowers, may hinder our ability to realize the full value of security, which may result in a material adverse effect on our business, cash flows, results of operations, and financial condition.

56. We may not be able to realise the full value of our pledged gold, which exposes us to potential loss

In case of loan against gold, we may not be able to realize the full value of our pledged gold, due to, among other things, defects in the quality of gold. We cannot assure you that we will be able to auction such pledged gold jewellery at prices sufficient to cover the amounts under default. Moreover, there may be delays associated with the auction process. Any failure to recover the expected value of pledged gold could expose us to a potential loss. Any such losses could adversely affect our financial condition, cash flows and results of operations.

57. Any negative publicity regarding our Company or the financial services industry could damage our reputation and adversely impact our business and financial results.

Negative publicity regarding us or our operations or the financial services industry in generally could adversely affect our ability to attract and retain customers and may expose us to litigation and regulatory action. It could erode customer trust and confidence in us, particularly if such incidents attract regulatory investigations. Negative publicity could result from our actual or alleged conduct in any number of activities, including lending practices, loan servicing and foreclosure practices, corporate governance, regulatory compliance, mergers and acquisitions and related disclosure, sharing or inadequate protection of customer information, and actions taken by regulators and community organisations in response to our conduct. The dissemination of inaccurate information online could harm our business, reputation, prospects, financial condition and operating results, regardless of the information's accuracy. Such unverifiable or false information regarding us may be published online or on social media by third parties, or any other such damage to our brand or our reputation may result in withdrawal of business by our existing customers and loss of new business from potential customers, could increase our costs, lead to litigation or result in negative publicity that could damage our reputation and adversely affect our business, results of operations and financial condition.

58. We are subject to the bankruptcy code in India, the applicability of which may impact our ability to recover loans from customers.

Under the Insolvency and Bankruptcy Code, 2016 ("**Bankruptcy Code**"), upon invocation of an insolvency resolution process, a committee of creditors is constituted by the interim resolution professional, wherein each financial creditor is given a voting share proportionate to the debts owed to it. If insolvency proceedings are initiated against a debtor to

our Company, we may not have complete control over the recovery of amounts due to us. Any decision of the committee of creditors must be taken by a vote of not less than 75% of the voting share of all financial creditors. Any resolution plan approved by committee of creditors is binding upon all creditors, even if they vote against it.

In the case of a liquidation process, the Bankruptcy Code provides for a fixed order of priority in which proceeds from the sale of the debtor's assets are to be distributed. Before sale proceeds are distributed to a secured creditor, they are to be distributed for the costs of the insolvency resolution and liquidation processes and debts owed to workmen and other employees. The claims of secured creditors, workmen and other employee dues and unsecured financial creditors have priority over dues owed to the Central and State Governments. Moreover, other secured creditors may decide to opt out of the process, in which case they are permitted to realise their security interests in priority.

While the applicable provisions of the IBC in relation to insolvency resolution and bankruptcy for individuals, i.e., certain provisions of Part III of the IBC, are currently not notified, when these provisions of the IBC are notified in the future, it may affect how we recover our loans and enforce our rights in compliance with the IBC with respect to these salaried and self- employed individuals.

59. We depend on our Key Managerial Personnel, Senior Management Personnel and our employees, and the loss of their services could have a material adverse effect on our business, financial condition, results of operations and cash flows.

Our continued success depends to a large extent on our ability to recruit and retain Key Managerial Personnel, Senior Management Personnel and key employees. If we are unable to retain or suitably replace them, it could have a material adverse effect on our business, financial condition, results of operations and cash flows. Our ability to execute orders and to obtain new clients also depends on our ability to attract, train, motivate and retain highly skilled professionals, particularly at managerial levels. We might face challenges in recruiting suitably skilled personnel, particularly as we continue to grow and diversify our operations. In the future, we may also not be unable to compete with other larger companies for suitably skilled personnel due to their ability to offer more competitive compensation and benefits. The loss of any of the members of our senior management team or other key personnel or an inability on our part to manage the attrition levels; may adversely impact our business, results of operations, financial condition and growth prospects. The following table sets forth the attrition rate for our mid to senior employees for the years indicated:

Particulars	Fiscal 2025	Fiscal 2024	Fiscal 2023
Number of Employees Exits*	160	155	70
Average Number of mid to senior Employees during the period*	785	632	429
Attrition Rate*	20.40%	24.53%	16.32%

**Attrition rate is calculated as overall exits of mid to senior level employees (designated as senior manager and above) excluding employees with less than 180 days tenure, PIP, termination divided by average number of employees during the period.*

The following table sets forth the attrition rate for our senior employees for the years indicated:

Particulars	Fiscal 2025	Fiscal 2024	Fiscal 2023
Number of Employees Exits*	6	5	3
Average Number of senior Employees during the period*	50	38.5	29.5
Attrition Rate *	12.00%	12.99%	10.17%

**Attrition rate is calculated as overall exits of senior level employees (designated as senior vice president and above) excluding employees with less than 180 days tenure, PIP, termination divided by average number of employees during the period.*

The continued operations and growth of our business is dependent upon our ability to attract and retain personnel. Competition for qualified personnel with relevant industry expertise in India is intense. A loss of the services of our key personnel may adversely affect our business, results of operations, cash flows and financial condition.

60. Certain of our Company's corporate records and filings are not traceable. We cannot assure you that regulatory proceedings or actions will not be initiated against us in the future and that we will not be subject to any penalty imposed by the competent regulatory authority in this respect.

We have been unable to trace form filings, share transfer forms, and challans for certain allotments of our Company as the relevant information was not available in the records maintained by our Company or on the online portal of the Ministry of Corporate Affairs ("**MCA Portal**") or in the physical records available at the RoC premises. Despite conducting internal searches and engaging an independent practicing company secretary, i.e., Riddhi Krunal Shah, to conduct a physical search of our records at the RoC, we have not been able to trace (i) Form-2 and challan filed for allotments dated February 28, 1995, July 15, 1995 and November 3, 1997; (ii) board and shareholder resolutions and prospectus for allotment dated March 8, 1996; and board resolution for allotment dated November 3, 1997. Accordingly, for the purpose of making disclosures in this Draft Prospectus, we have relied on secondary documents

such as allotment resolutions, shareholders' resolutions and the search carried out by Riddhi Krunal Shah, independent practicing company secretary (having peer review certificate bearing number 2037/2022), and certified by their certificate dated September 16, 2025 ("**RoC Search Report**") pursuant to their inspection and independent verification of the documents available or maintained by our Company, the Ministry of Corporate Affairs at the MCA Portal and physical inspections conducted at the offices of the RoC. While there have been no regulatory proceedings or actions initiated against us in relation to the aforementioned anomalies, non-compliance, inaccuracies or non-availability of the corporate records, we cannot assure you that the relevant corporate records will become available in the future, that regulatory proceedings or actions will not be initiated against us in the future, or that we will not be subject to any penalty imposed by the competent regulatory authority in this respect.

61. Our investments are subject to market risk.

As of June 30, 2025 on a consolidated basis, our investments were ₹ 2,679.94 million, which represented 1.15% of our total assets. The table below sets forth details of our investments and our mark-to-market gains / (losses) on these investments as at the dates indicated:

Particulars	As of March 31,		
	2025	2024	2023
	(₹ million)		
Investments	1,604.17	2,162.29	2,150.41
Mark-to-market gains / (losses)	58.09	19.33	14.39

Additionally, as of June 30, 2025, our investments subject to market risks primarily included units of mutual funds, debt securities, equity instruments, government securities and certificates of deposits. The value of these investments depends on several factors beyond our control, including interest rates, the domestic and international economic and political scenario, inflationary expectations and the RBI's monetary policies. Any decline in the value of these investments may have an adverse effect on our financial condition and results of operations.

62. Our Company's ability to pay dividends in the future will depend on our financial condition, results of operations, cash flows and capital requirements.

Any dividends to be declared and paid in the future are required to be recommended by our Company's Board of Directors and approved by its Shareholders, at their discretion, subject to the provisions of the Articles of Association and applicable law, including the Companies Act. Our Company's ability to pay dividends in the future will depend on our Company's financial condition, results of operations, cash flows, capital requirements and the terms of its contracts, including financing arrangements, charter provisions and applicable laws and regulations. We cannot assure you that we will generate sufficient revenues to cover our operating expenses and, as such, pay dividends to our Company's shareholders in future consistent with our past practices, or at all.

63. We are required to comply with the requirements of certain labour laws which may impose additional costs on us.

Our employees are required to be registered under the provisions of certain labour laws such as the Employees' State Insurance Act, 1948, the Payment of Gratuity Act, 1972, and the Employees Provident Fund and Miscellaneous Provisions Act, 1952. We are also required to maintain certain records under the provisions of these laws, which add to our costs. If we are subject to penalties under these labour laws or if we do not obtain the requisite approvals, our business, financial condition, cash flows and results of operations may be adversely affected.

64. We may not have adequate insurance and may be unable to secure additional insurance to cover all losses we may incur in our business operations or otherwise.

We have an electronic equipment insurance policy, a standard fire and perils policy, a burglary insurance policy, a bankers indemnity insurance policy covering cash on hand, coverage for which is based on a certain average amount based on industry practice, vehicles insurance, a public liability insurance policy, a money in transit policy and a director and officers liability insurance policy. For details on the insurance policies that we hold, see "*Our Business – Insurance*" on page 160. However, such insurance may not be adequate to cover all losses or liabilities that may arise from our operations, including when the loss suffered is not easily quantifiable and in the event of severe damage to our reputation. Furthermore, we may not be able to secure any additional insurance coverage on commercially reasonable terms or at all. The table below sets forth our total insurance coverage on a consolidated basis as of the dates indicated:

Particulars	As of March 31,		
	2025	2024	2023
Insured assets (₹ million)	1,799.77	1,642.85	1,542.22
Percentage of total insurable assets (%)	98.52%	102.46%	112.92%

Our insurance claims for Fiscals 2025, 2024 and 2023 were ₹ nil, ₹ 0.06 million and nil, respectively. We cannot assure you that any claim under the insurance policies maintained by us will be honoured fully or on time. Any payments we make to cover any losses, damages or liabilities or any delays we experience in receiving appropriate payments from our insurers could have an adverse effect on our business, financial condition, cash flows, and results of operations. We cannot assure you that such instances will not arise in the future.

65. We have in the past entered into related party transactions and may continue to do so in the future.

We have entered into transactions with related parties in the past and from, time to time, we may enter into related party transactions in the future. All such transactions have been conducted on an arm's length basis, in accordance with the Companies Act and other applicable regulations pertaining to the evaluation and approval of such transactions. Further, it is likely that we may enter into additional related party transactions in the future. Such future related party transactions may potentially involve conflicts of interest. The table below sets forth details of absolute sum of all related party transactions and the percentage of such related party transactions to our revenue from operations in the periods indicated:

Particulars	For three month period ended June 30, 2025	Fiscal 2025	Fiscal 2024	Fiscal 2023
	(₹ million, except percentages)			
Absolute sum of all Related Party Transactions	170.61	1,807.48	391.25	30.39
Revenue from Operations (₹ million)	10,050.17	32,508.36	23,128.57	14,633.45
Absolute sum of all Related Party Transactions as a Percentage of Revenue from Operations (%)	1.70%	5.56%	1.69%	0.21%

For further information on our related party transactions, see *"Related Party Transactions" and "Financial Information"* on page 183 and 202, respectively.

66. Industry data in this document is derived from the Crisil Report commissioned by and paid for us for such purpose. The Crisil Report is not exhaustive and is based on certain assumptions, parameters and conditions. The data and statistics in the Crisil Report may be inaccurate, incomplete or unreliable.

This document includes information that is derived from the report titled "" Report on Loans and Financial Services Industry in India dated September 2025 prepared by Crisil ("***Crisil Report***"). Crisil is not in any manner related to us, our Directors or our Promoters or our Lead Manager. The Crisil Report is subject to various limitations and based upon certain assumptions that are subjective in nature. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amount may differ materially from those included in this Draft Prospectus.

Industry sources and publications are also prepared based on information as of specific dates. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ significantly from those included in this Draft Prospectus. Accordingly, investors should not place undue reliance on, or base their investment decision solely on this information. For further details, please refer to "*Industry Overview*" on page 82.

67. We may not be able to fully comply with insider trading rules and regulations, which could result in criminal and regulatory fines and severe reputational damage. Further, we may fail to detect illegal or improper activities in our business operations on a timely basis, which may have an adverse effect on our reputation, business operations, financial condition, cash flows and results of operation.

We are required to comply with applicable insider trading laws and regulations, including the SEBI Insider Trading Regulations. These laws and regulations require us to establish sound internal control policies and reporting procedures with respect to insider trading. Such policies and procedures require us to, among other things, establish or designate a policy for prohibition of insider trading which imposes reporting obligations on connected persons who are in

possession of undisclosed price sensitive information in relation to the securities of our Company. Since we experience large volumes of transactions in our securities, the policies and procedures implemented by us may not always comprehensively detect or eliminate instances of insider trading.

Further, we are subject to various laws relating to the prevention of other conflicts of interest. Conflicts of interest may exist between, (i) our departments; (ii) us and our vendors; (iii) different customers serviced by us; (iv) our employees and us; or between (v) our customers and our employees. Although we have internal controls and measures in place, there is no assurance that we will always manage such conflicts of interest, including compliance with various applicable laws and regulations.

If the controls and measures implemented for detecting or eliminating insider trading or other improper or illegal trading activities which result in conflicts of interest are considered inadequate under applicable laws and regulations by any regulatory, governmental or judicial authority, we may be subject to penal action, freezing or attachment of our assets, imposition of fines, or both. There is no assurance that the controls and measures implemented by us are adequate to detect or eliminate every instance of insider trading in a timely manner or at all. Any such lapse may adversely affect our reputation, business operations, financial condition, cash flows and results of operations.

68. We have in this document included certain non-Ind AS financial measures and certain other selected statistical information related to our operations, cash flows and financial condition. These operational metrics, non-Ind AS measures and industry measures may not be comparable with financial or industry related statistical information of similar nomenclature computed and presented by other companies.

We track certain operational metrics, including our client counts and key business and non-Ind AS / operational metrics(collectively, the "**Operational and Non-Ind AS Metrics**"). The Operational and Non-Ind AS Metrics are supplemental measures of our operations and financial performance and are not required by, or presented in accordance with, Ind AS, IFRS or US GAAP, and are prepared with internal systems and tools that are not independently verified by any third party and which may differ from estimates or similar metrics published by third parties due to differences in sources, methodologies, or the assumptions on which we rely. These Operational and non- Ind AS Metrics should not be considered in isolation or construed as an alternative to cash flows, profit / (loss) for the years / period or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, IFRS or US GAAP.

Our internal systems and tools have a number of limitations and our methodologies for tracking these metrics may change over time, which could result in unexpected changes to our metrics, including the metrics we publicly disclose. If the internal systems and tools we use to track these metrics undercount or overcount performance or contain algorithmic or other technical errors, the data we report may not be accurate. Limitations or errors with respect to how we measure data or with respect to the data that we measure may affect our understanding of certain details of our business, which could affect our long-term strategies. If our operating metrics are not accurate representations of our business, if investors do not perceive our operating metrics to be accurate, or if we discover material inaccuracies with respect to these figures, we expect that our business, reputation, financial condition and results of operations would be adversely affected.

69. Differences exist between Ind AS and other accounting principles, such as IFRS and US GAAP, which may be material to investors' assessments of our financial condition, result of operations and cash flows.

Our financial statements for the three month period ended June 30, 2025 and for the Fiscals 2025, 2024 and 2023, included in this Draft Prospectus are prepared under the Ind AS. Ind AS differs from accounting principles with which prospective investors may be familiar, such as IFRS and US GAAP. If our audited financial statements were to be prepared in accordance with such other accounting principles, our results of operations, cash flows and financial position may be substantially different. Accordingly, the degree to which the Financial Statement included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Ind AS. Investors should review the accounting policies applied in the preparation of our audited financial statements, and consult their own professional advisers for an understanding of the differences between these accounting principles and those with which they may be more familiar. Persons not familiar with Ind AS should limit their reliance on the financial disclosures presented in this Draft Prospectus.

70. This Draft Prospectus includes certain unaudited financial information, which has been subjected to limited review, in relation to our Company. Reliance on such information should, accordingly, be limited.

This Draft Prospectus includes certain unaudited financial information of our Company for the quarter ended June 30, 2025, prepared in accordance with Indian Accounting Standards 34 "Interim Financial Reporting", prescribed specified under the Section 133 of the Companies Act, 2013, Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act and in respect of which the Statutory Auditors of our Company have issued their limited review report dated August 7 2025. As this financial information has been

subject only to limited review as required under Regulations 33 and 52(2) of SEBI Listing Regulations and as described in Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India, and not to an audit, any reliance by prospective investors to the Issue on such financial information for the quarter ended June 30, 2025 should be limited. Further, this Draft Prospectus includes certain unaudited financial information such as information relating to financial indebtedness as on June 30, 2025 which has not been subjected to limited review by our Statutory Auditor. Accordingly, prospective investors should rely on their independent examination of our financial position and results of operations, and should not place undue reliance on, or base their investment decision solely on the financial information included in this Draft Prospectus.

71. We have listed non-convertible debentures. Any default, non-compliances and delays in complying with reporting requirements and the terms and conditions of NCDs in the future may render us liable to prosecution and/or penalties.

The NCDs of the Company are listed on the wholesale debt segment of BSE. The table below sets forth details of our listed NCDs as of June 30, 2025, on a standalone basis:

Sr. No.	ISIN No.	Date of Allotment	Date of Redemption	Tenor	Coupon	Sanctioned Amount (₹ in millions, unless otherwise stated)	Outstanding amount as at June 30, 2025 (₹ in millions, unless otherwise stated)
1.	INE180C07072	August 9, 2019	August 9, 2029	10 years	10.23% p.a. payable quarterly	1,500.00	1,500.00
2.	INE180C07148	March 28, 2025	February 9, 2035	9 years, 10 months and 12 days	9.40% p.a. payable annually, with the first coupon from February 10, 2026 onwards	200.00	200.00
3.	INE180C07155	April 29, 2025	July 31, 2028	3 years, 3 months and 2 days	9.00% p.a. payable annually and on maturity	500.00	500.00
						Total	**2,200.00**

We are required to comply with applicable rules and regulations, including the Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 and the SEBI LODR Regulations, in terms of our listed NCDs. While we have been in compliance with the terms and conditions of the NCDs during the last three Fiscals, if we fail to comply with applicable rules and regulations or incur any further defaults in relation to the material covenants of NCDs, we may be subject to certain penal actions, including the recall of NCDs, which may have an adverse effect on our reputation, business, financial condition and cash flows. Further, any non-compliance with the applicable rules and regulations in relation to our NCDs may result in the suspension of trading of the NCDs and levying of fines, penalties etc. by the Stock Exchanges.

RISKS RELATED TO THE ISSUE AND DEBT SECURITIES

1. Our credit ratings may not reflect all risks accurately. Further, any downgrade in our credit ratings may increase interest rates for raising new and existing debt, refinancing our outstanding debt, which would increase our financing costs, and adversely affect our future issuances of debt and our ability to borrow on a competitive basis.

Credit ratings reflect the opinions of ratings agencies on our financial strength, operating performance, strategic position and ability to meet our obligations. Set out below are the details of our current credit ratings:

Rating Agency	Date of Rating Letter	Instrument	Debt Ratings	Outlook
Infomerics Valuation and Rating Limited	September 16, 2025	Cash credit	IVR AA	Positive
Infomerics Valuation and Rating Limited	September 16, 2025	Term loans	IVR AA	Positive
Infomerics Valuation and Rating Limited	September 16, 2025	Non-convertible debentures	IVR AA	Positive
Acuité Ratings & Research Limited	September 11, 2025	Bank loan ratings	ACUITE AA	Stable

Rating Agency	Date of Rating Letter	Instrument	Debt Ratings	Outlook
Acuité Ratings & Research Limited	September 11, 2025	Non-convertible debentures	ACUITE AA	Stable
Crisil Ratings Limited	April 30, 2025	Commercial paper	Crisil A1+	NA

Any downgrade in our credit ratings may increase interest rates for refinancing our outstanding debt, which would increase our financing costs, and adversely affect our future issuances of debt and our ability to borrow on a competitive basis, which may adversely affect our business, financial condition, results of operations and cash flows.

Further, any downgrade in our credit ratings may lead to an increase in borrowing rates and/or acceleration of some of our borrowings and may also lead to lenders imposing additional terms and conditions to any financing or refinancing arrangements that we may enter into in the future thus, adversely affecting our business, results of operations, cash flows and financial condition.

The NCDs proposed to be issued under the Issue have been rated "ACUITE AA | Stable" for an amount of ₹4,000 million by Acuite Ratings & Research Limited vide its rating letters dated September 11, 2025, and press release for rating rationale dated September 11, 2025 and "IVR AA/ Positive" for an amount of ₹4,000 million by Infomerics Valuation and Rating Limited vide its rating letter dated September 15, 2025, and press release for rating rationale dated September 16, 2025. Securities with this rating are considered to have high degree of safety regarding timely servicing of financial obligations. Such securities carry very low credit risk. Credit rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed here, and other factors that may affect the value of the NCDs.

The ratings provided by Acuite Ratings and Infomerics Ratings may be suspended, withdrawn or revised at any time by the assigning rating agency and should be evaluated independently of any other rating. These ratings are not a recommendation to buy, sell or hold securities and investors should take their own decision. For details in relation to rating letters and rationale for the above rating, please refer to Annexure IA and IB of this Draft Prospectus.

2. The NCD Holders may not be able to recover, on a timely basis or at all, the full value of the outstanding amounts and/or the interest accrued thereon in connection with the NCDs. Failure or delay in recovering the expected value from a sale or disposition of the assets charged as security in connection with the NCDs could expose the holders to a potential loss.

Our ability to pay interest accrued on the NCDs and/or the principal amount outstanding from time to time in connection therewith, would be subject to various factors, inter alia, including our financial condition, cash flows, profitability and the general economic conditions in India and in the global financial markets. We cannot assure the NCD Holders that we would be able to repay the principal amount outstanding from time to time on the NCDs and/or the interest accrued thereon in a timely manner or at all. Although our Company will create appropriate security in favour of the Debenture Trustee for the NCD Holders to ensure 110% security cover for the NCDs at all times and it will be the duty of the Debenture Trustee to monitor that the security is maintained, however, the realizable value of the security, when liquidated, may be lower than the outstanding principal and/or interest accrued thereon in connection with the NCDs and the possibility of recovery of 100% of the amount shall depend on the market scenario prevalent at the time of the enforcement of the security. A failure or delay in recovering the expected value from a sale or disposition of the security in connection with the NCDs could expose the NCD Holders to a potential loss.

3. The fund requirement and deployment mentioned in the Objects of the Issue have not been appraised by any bank or financial institution.

We intend to use the proceeds of the Issue, for the purpose of onward lending, refinancing and working capital requirements. For further details, see "*Objects of the Issue*" on page 74. The fund requirement and deployment is based on internal management estimates and has not been appraised by any bank or financial institution and is subject to applicable laws and necessary approvals and consents, as applicable. The management will have significant flexibility in applying the proceeds received by us from the Issue. The utilization details of the proceeds of the Issue shall be adequately disclosed as per applicable law. Further, as per the provisions of the SEBI NCS Regulations, we are not required to appoint a monitoring agency and therefore no monitoring agency has been appointed for the Issue.

4. Security on our NCDs may rank pari passu with our Company's secured indebtedness in the future.

Substantially, all of our Company's current assets represented by the receivables are being used to secure our Company's debt. As of June 30, 2025, our Company's secured borrowings was ₹ 115,020.60 million on a standalone basis. The terms of the NCDs do not prevent our Company from incurring additional debt subject to maintenance of minimum security cover. In the event that we incur additional debt in the future which is secured against our assets, the NCDs may rank pari passu to the future indebtedness and other secured liabilities and obligations of our Company.

5. The rights over the security provided will not be granted directly to holders of the NCDs.

The rights over the security securing the obligations of our Company under the NCDs and the Trust Deed will not be granted directly to the NCD holders, but will be granted only in favour of the Debenture Trustee. As a consequence, NCD holders will not have direct security and will not be entitled to take enforcement action in respect of the security for the NCDs, except through the Debenture Trustee.

6. Failure to create and/or perfect the security.

If our Company fails to create and/or perfect the security for the NCD issuance within the stipulated time period, it will result into an occurrence of an event of default under the financing agreements being executed for the NCD issuance and the Debenture Trustee could (but is not obliged to) to exercise its enforcement rights. In such circumstances, our Company may not have sufficient resources to redeem the NCDs in full or at all. Moreover, any claim of the Debenture Trustee in a bankruptcy or similar proceeding would be unsecured to the extent that the Company has failed to create, perfect and register any security, which could limit any amount recovered by the holders of the NCDs in any such proceeding. Creation of upfront security for the NCD issuance and perfection of such security interest (with a deferred timeline in line with the time period prescribed under applicable law) is subject to various approvals and authorizations from the governmental authorities and existing lenders that may not be forthcoming.

7. NCD Holders may be subject to taxes arising on the sale of the NCDs.

Sale of NCDs by any holder may give rise to tax liability, under Indian taxation laws. Investors and or subscribers are advised to consult their own tax consultant with respect to the specific tax implications arising out of sale of the NCDs. Further, tax deductible at source is applicable on interest. For details, see "*Statement of Possible Tax Benefits"* on page 77. Investors and or subscribers are advised to consult their own tax consultant with respect to the specific tax implications arising out of sale of the NCDs.

8. There may be no active market for the NCDs on the platform of the Stock Exchanges. As a result, the liquidity and market prices of the NCDs may fail to develop and may accordingly be adversely affected.

There can be no assurance that an active market for the NCDs will develop. If an active market for the NCDs fails to develop or sustain, the liquidity and market prices of the NCDs may be adversely affected. The market price of the NCDs would depend on various factors, *inter alia*, (i) the interest rate on similar securities available in the market and the general interest rate scenario in the country, (ii) our credit rating, (iii) demand for our debt securities, (iv) general economic conditions, (v) our financial performance, growth prospects and results of operations; and (vi) the market for listed debt securities.

The market for those NCDs is very illiquid, and no secondary market has developed in respect thereof, Even if there is a secondary market for the NCDs, it is not likely to provide significant liquidity. Potential investors may have to hold the NCDs until redemption to realize any value. The aforementioned factors may adversely affect the liquidity and market price of the NCDs, which may trade at a discount to the price at which the NCD Holders purchase the NCDs and/or be relatively illiquid.

9. Changes in interest rate may affect the price of our NCDs. Any increase in the rate of interest which frequently accompany inflation and/or a growing economy, is likely to have a negative effect on the price of our NCDs.

All securities where a fixed rate of interest is offered, such as our NCDs, are subject to price risk and the price of such securities will vary inversely with changes in prevailing interest rates, i.e. when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of prevailing interest rates. Increased rates of interest, which generally accompany high inflation, are likely to have a negative effect on the price of our NCDs.

10. There may be a delay in making refund/ unblocking/ lien removal of funds to Applicants.

We cannot assure that the monies refundable to the NCD Holders / to be unblocked, on account of (i) withdrawal of Applications, (ii) our failure to receive minimum subscription in connection with the Base Issue, (iii) withdrawal of the Issue, or (iv) failure to obtain the final approval from the Stock Exchanges for listing of the NCDs, will be refunded to the NCD Holders/ unblocked in a timely manner. We shall, however, refund / remove lien / unblock such monies, with the interest due and payable thereon (in case of any delays) as prescribed under applicable statutory and/or regulatory provisions.

11. Payments to be made on the NCDs will be subordinated to certain tax and other liabilities preferred by law. In the event of bankruptcy, liquidation or winding-up, there may not be sufficient assets remaining to pay amounts due on the NCDs.

The NCDs will be subordinate to certain liabilities preferred by law such as the claims of the Government of India on account of taxes, and certain liabilities incurred in the ordinary course of our business. In particular in the event of bankruptcy, liquidation or winding-up, our Company's assets will be available to pay obligations on the NCDs only after all of those liabilities that rank senior to these NCDs have been paid as per Section 327 of the Companies Act, 2013 or Section 53 of the Insolvency and Bankruptcy Code, 2016, as the case may be. In the event of bankruptcy, liquidation or winding-up, there may not be sufficient assets remaining to pay amounts due on the NCDs.

12. There is no assurance that the NCDs issued pursuant to the Issue will be listed on Stock Exchanges in a timely manner, or at all.

In accordance with Indian law and practice, permissions for listing and trading of the NCDs issued pursuant to the Issue will not be granted until after the NCDs have been issued and allotted. Approval for listing and trading will require all relevant documents to be submitted and carrying out of necessary procedures with the Stock Exchange. There could be a failure or delay in listing the NCDs on the Stock Exchanges for reasons unforeseen. If permission to deal in and for an official quotation of the NCDs is not granted by the stock exchange, our Company will forthwith repay, with interest, all monies received from the Applicants in accordance with prevailing law in this context, and pursuant to this Draft Prospectus. While there has been no refusal of listing of the Company's NCDs during the current Fiscal and Fiscals 2025, 2024 and 2023, there is no assurance that the NCDs issued pursuant to the Issue will be listed on the Stock Exchanges in a timely manner, or at all.

13. The Security may be insufficient to redeem the NCDs.

The NCDs to be issued pursuant to the Issue will be secured by creating a first *pari-passu* charge, by way of hypothecation, shall be created on standard receivables including the loan book, unencumbered cash, and bank balances of the Company, to be shared with existing and future lenders (excluding receivables offered exclusively as security to National Bank for Agriculture and Rural Development). The Company shall maintain a security cover of at least 1.10 times the entire secured obligations throughout the tenure of the NCDs. In the event that our Company is unable to meet its payment and other obligations towards investors under the terms of the NCDs, the Debenture Trustee may enforce the Security in respect of the NCDs as per the terms of security documents, and other related documents. The Debenture Holder(s)' recovery in relation to the NCDs will be subject to (i) the market value of the security, (ii) finding willing buyers for the security at a price sufficient to repay the amount payable to Debenture Holder(s)' under the NCDs. The value realized from the enforcement of the transaction security may be insufficient to redeem the NCDs.

There may be fluctuations in the market values of the assets over which security has been provided by our Company, which could affect our Company's liquidity and reduce our Company's ability to enforce the security in terms of Security Documents, and consequently affect our Company's result of operations and financial condition. Our Company may not accurately identify changes in the value of assets over which security has been provided caused by changes in market prices, and our Company's assessments, assumptions or estimates may prove inaccurate.

14. The NCDs are subject to the risk of change in law.

The terms and conditions of the NCDs are based on Indian law in effect as of the date of issue of the relevant NCDs. No assurance can be given as to the impact of any possible judicial decision or change to Indian law or administrative practice after the date of issue of the relevant NCDs and any such change could materially and adversely impact the value of any NCDs affected by it.

15. Trading of the NCDs may be limited by temporary exchange closures, broker defaults, settlement delays, strikes by brokerage firm employees and disputes.

The Stock Exchange have experienced temporary exchange closures, broker defaults, settlement delays and strikes by brokerage firm employees. In addition, the governing bodies of the Stock Exchange have from time to time-imposed restrictions on trading in certain securities, limitations on price movements and margin requirements. Furthermore, from time to time, disputes have occurred between listed companies and Stock Exchange and other regulatory bodies, which in some cases may have had a negative effect on market sentiment.

16. Legal investment considerations may restrict certain investments.

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its own legal adviser to determine whether and to what

extent (i) the NCDs are legal investments for it, (ii) the NCDs can be used as collateral for various types of borrowings; and (iii) other restrictions apply to its purchase or pledge of the NCDs.

17. Repayment is subject to the credit risk of our Company.

Potential investors should be aware that receipt of the principal amount, (i.e., the redemption amount), interest thereon and any other amounts that may be due in respect of the NCDs is subject to the credit risk of our Company whereby the Investors may or may not recover all or part of the funds in case of default by our Company. Potential investors assume the risk that our Company will not be able to satisfy their obligations under the NCDs. In the event that bankruptcy proceedings or compositions, scheme of arrangement or similar proceedings to avert bankruptcy are instituted by or against our Company, the payment of sums due on the NCDs may not be made or may be substantially reduced or delayed.

18. Our Company, being a listed company is not required to maintain a debenture redemption reserve ("DRR").

Our NCDs are listed on BSE Limited. Pursuant to a Ministry of Corporate Affairs notification dated August 16, 2019 amending Section 71 of the Companies Act and Rule 18 (7) of the Companies (Share Capital and Debentures) Rules, 2014, a listed company is not required to maintain DRR for debentures issued through a public issue. Hence, investors shall not have the benefit of reserve funds to cover the re-payment of the principal and interest on the NCDs.

19. Failure to adequately maintain the Debenture Redemption Fund ("DRF") as required under applicable laws may adversely impact our creditworthiness and ability to raise future debt.

As per applicable provisions of the Companies Act and the rules made thereunder, including the Companies (Share Capital and Debentures) Rules, 2014, companies issuing listed debentures may be required to invest or deposit a specified portion of the amount of debentures maturing during the year into a DRF by the prescribed timelines.

Any failure or delay in maintaining the DRF in accordance with applicable regulatory requirements may lead to non-compliance with debt covenants, trigger penalties, increase scrutiny by credit rating agencies and regulators, and adversely affect our ability to raise debt in the future. In addition, such non-compliance may impact investor confidence, affect our credit ratings, and constrain our financial flexibility.

20. The NCDs may not be a suitable investment for all subscribers.

Investment in Debentures involves a significant degree of risk and is intended for sale only to those investors capable of understanding the risks involved in such instruments. Potential investors should ensure that they understand the nature of the NCDs and the extent of their exposure to risk, that they have sufficient knowledge, experience and access to professional advisers to make their own legal, tax, accounting and financial evaluation of the merits and risks of investment in the Debentures and that they consider the suitability of the Debentures as an investment in the light of their own circumstances and financial condition.

EXTERNAL RISKS

Risks Relating to India

1. Changing laws, rules and regulations in India could lead to new compliance requirements that are uncertain.

Our business, financial performance, cash flow and results of operations could be adversely affected by unfavourable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations applicable to us and our business. Our business, cash flows, results of operations and prospects may be adversely impacted, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. The regulatory and policy environment in which we operate are evolving and are subject to change. The GoI may implement new laws or other regulations and policies that could affect our business in general, which could lead to new compliance requirements, including requiring us to obtain approvals and licenses from the Government and other regulatory bodies, or impose onerous requirements.

For instance, the GoI has enacted the Digital Personal Data Protection Act, 2023 ("**Data Protection Act**") on personal data protection for implementing organizational and technical measures in processing personal data and lays down norms for cross-border transfer of personal data including ensuring the accountability of entities processing personal data. The Data Protection Act requires companies that collect and deal with high volumes of personal data to fulfil certain additional obligations such as appointment of a data protection officer for grievance redressal and a data auditor to evaluate compliance with the Data Protection Act. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. In addition, the GoI

has introduced the Code on Social Security, 2020 ("**Social Security Code**"); the Occupational Safety, Health and Working Conditions Code, 2020; the Industrial Relations Code, 2020 and the Code on Wages, 2019, which consolidate, subsume and replace numerous existing central labour legislations (collectively, the "**Labour Codes**") and the Bharatiya Nyaya (Second) Sanhita, 2023, Bharatiya Nyaya Sakshya Sanhita, 2023 and Bhartiya Sakshya Sanhita, 2023 have replaced the Indian Penal Code, 1860, Code of Criminal Procedure, 1973 and the Indian Evidence Act, 1872, respectively. The GoI has deferred the effective date of implementation of the respective Labour Codes, and they shall come into force from such dates as may be notified. Different dates may also be appointed for the coming into force of different provisions of the Labour Codes. While the rules for implementation under these codes have not been notified, we are yet to determine the impact of all or some such laws on our business and operations which may restrict our ability to grow our business in the future and increase our expenses. For instance, under the Social Security Code, a new concept of deemed remuneration has been introduced, such that where an employee receives more than half (or such other percentage as may be notified by the Central Government) of their total remuneration in the form of allowances and other amounts that are not included within the definition of wages under the Social Security Code, the excess amount received shall be deemed as remuneration and accordingly be added to wages for the purposes of the Social Security Code and the compulsory contribution to be made towards the employees' provident fund. In another example, the GoI has made it mandatory for business establishments with turnover above a certain size to offer digital modes of payment from November 2019, with no charges being levied on the consumers or the merchants by banks and payment service providers. Such measures could adversely impact our income streams in the future and adversely affect its financial performance.

Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy in the jurisdictions in which we operate, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations, cash flows, financial condition and prospects. For instance, the Supreme Court of India has in a decision clarified the components of basic wages which need to be considered by companies while making provident fund payments, which resulted in an increase in the provident fund payments to be made by companies. Any such decisions in future or any further changes in interpretation of laws may have an impact on our financial conditions, cash flows and results of operations.

2. Natural disasters, fires, epidemics, pandemics, acts of war, terrorist attacks, civil unrest and other events could materially and adversely affect our business.

Natural disasters (such flooding and earthquakes), epidemics, pandemics and man-made disasters, including acts of war, terrorist attacks, religious or communal tensions and other acts of violence or war such as ongoing Ukraine-Russia, Israel-Hamas conflict or India's ongoing geopolitical tensions with its neighbouring state, Pakistan, many of which are beyond our control, may lead to economic instability, including in India or globally, which may in turn materially and adversely affect our business, financial condition, cash flows and results of operations.

Our operations may be adversely affected by fires, natural disasters and / or severe weather, which can result in damage to our property or inventory and generally reduce our productivity and may require us to evacuate personnel and suspend operations. Any terrorist attacks or civil unrest as well as other adverse social, economic and political events in India could have a negative effect on us. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and trading price of the NCDs.

In addition, any deterioration in international relations, especially between India and its neighboring countries, may result in investor concern regarding regional stability which could adversely affect the investor's sentiments and availability of capital. In addition, India has witnessed local civil disturbances in recent years, and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse effect on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and trading price of the NCDs.

A number of countries in Asia, including India, as well as countries in other parts of the world, are susceptible to contagious diseases and, have had confirmed cases of diseases such as the highly pathogenic H7N9, H5N1 and H1N1 strains of influenza in birds and swine and more recently, the COVID-19 virus. Certain countries in Southeast Asia have reported cases of bird-to-human transmission of avian and swine influenza, resulting in numerous human deaths. A worsening of the future outbreaks of COVID-19 virus, avian or swine influenza or a similar contagious disease could adversely affect the Indian economy and economic activity in the region and in turn have a material adverse effect on our business and trading price of the NCDs.

3. Financial difficulty and other problems relating to financial institutions in India could have a material adverse effect on our business, results of operations, cash flows and financial condition.

We are exposed to the risks of the Indian financial system which may be affected by the financial difficulties faced by certain Indian financial institutions whose commercial soundness may be closely related as a result of credit, trading, clearing or other relationships. This risk, which is sometimes referred to as a "systemic risk", may adversely affect financial intermediaries, such as credit rating agencies, banks, security trustees, and stock exchanges with which we interact on a daily basis with. The systemic risk may also lead to the increase in interest rates may adversely affect our access to capital and increase our borrowing costs, which may constrain our ability to grow our business and operate profitably. Any such difficulties or instability of the Indian financial system in general could create an adverse market perception about Indian financial institutions and banks and adversely affect our business. For instance, the non-banking financial company crisis in 2018 affected financial market sentiments. Similar developments in the future could negatively impact confidence in the financial sector and could have a material adverse effect on our business, results of operations, cash flows and financial condition. In addition, we deal with various financial institutions in our business. Any one of them could be negatively affected by financial difficulty as a result of occurrences over which we have no control. If one or more of our financial institutional counterparties or intermediaries suffers economic difficulty, this could have a material adverse effect on our business, results of operations, cash flows and financial condition.

4. We may be affected by competition laws in India, the adverse application or interpretation of which could adversely affect our business.

The Competition Act, 2002, of India, as amended ("**Competition Act**"), was enacted for the purpose of preventing practices that have or are likely to have an adverse effect on competition in India and has mandated the Competition Commission of India ("**CCI**") to prevent such practices. Under the Competition Act, any formal or informal arrangement, understanding or action in concert, which causes or is likely to cause an appreciable adverse effect on competition ("**AAEC**") is considered void and may result in the imposition of substantial penalties. Further, any agreement among competitors which directly or indirectly involves the determination of purchase or sale prices, limits or controls production, supply, markets, technical development, investment or the provision of services or shares the market or source of production or provision of services in any manner, including by way of allocation of geographical area or number of consumers in the relevant market or directly or indirectly results in bid-rigging or collusive bidding is presumed to have an AAEC and is considered void. The Competition Act also prohibits abuse of a dominant position by any enterprise. If it is proved that the contravention committed by a company took place with the consent or connivance or is attributable to any neglect on the part of, any director, manager, secretary or other officer of such company, that person shall be also guilty of the contravention and may be punished.

Further, the CCI has extra-territorial powers and can investigate any agreements, abusive conduct or combination occurring outside India if such agreement, conduct or combination has an AAEC in India. However, the impact of the provisions of the Competition Act on the agreements entered into by us cannot be predicted with certainty at this stage. In the event we pursue an acquisition in the future, we may be affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, or any enforcement proceedings initiated by the CCI, or any adverse publicity that may be generated due to scrutiny or prosecution by the CCI or if any prohibition or substantial penalties are levied under the Competition Act, it would adversely affect our business, results of operations, cash flows and prospects. The manner in which the Competition Act and the CCI affect the business environment in India may also adversely affect our business, financial condition, cash flows and results of operations.

The Competition (Amendment) Act, 2023 ("**Competition Amendment Act**") was notified on April 11, 2023, which amends the Competition Act and give the CCI additional powers to prevent practices that harm competition and the interests of consumers. The Competition Amendment Act, *inter alia*, modifies the scope of certain factors used to determine AAEC, reduces the overall time limit for the assessment of combinations by the CCI from 210 days to 150 days and empowers the CCI to impose penalties based on the global turnover of entities, for anti-competitive agreements and abuse of dominant position. The Competition Amendment Act also enumerates the categories of combinations that, upon satisfying the specified criteria, are exempted from the notice requirements under the Competition Act. The CCI has introduced the Competition Commission of India (General) Regulations, 2024, which will replace the previous General Regulations, 2009. These new regulations follow the passage of the Competition Amendment Act last year. We have not experienced any instances wherein we were subject to any penalty or received any notice from the CCI in the last three Fiscals and nine months ended December 31, 2024, we cannot assure you such instances will not arise in the future.

5. Financial instability in other countries may cause increased volatility in Indian financial markets.

The Indian market and economy are influenced by economic and market conditions in other countries, including conditions in the U.S., Europe and particularly in emerging market countries located in Asia. Although economic

conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our business and our future financial performance.

Further, economic developments globally can have a significant impact on India. Concerns related to a trade war between large economies may lead to increased risk aversion and volatility in global capital markets and consequently have an impact on the Indian economy.

The global credit and equity markets have experienced substantial dislocations, liquidity disruptions and market corrections in recent years. Liquidity and credit concerns and volatility in the global credit and financial markets have increased significantly with the bankruptcy or acquisition of, and government assistance extended to, several major U.S. and European financial institutions. These and other related events have had a significant impact on the global credit and financial markets as a whole, including reduced liquidity, greater volatility, widening of credit spreads and a lack of price transparency in global credit and financial markets. In response to such developments, legislators and financial regulators in the U.S. and other jurisdictions, including India, have implemented a number of policy measures designed to add stability to the financial markets. However, the overall impact of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. In the event that the current difficult conditions in the global credit markets continue or if there is any significant financial disruption, such conditions could have an adverse effect on our business, future financial performance and trading price of the NCDs.

In addition, China is one of India's major trading partners and there are rising concerns of a possible slowdown in the Chinese economy as well as a strained relationship with India, which could have an adverse impact on the trade relations between the two countries. These developments, or the perception that any related developments could occur, have and may continue to have a material adverse effect on global economic conditions and financial markets, and may significantly reduce global market liquidity, restrict the ability of key market participants to operate in certain financial markets or restrict our access to capital. This could have a material adverse effect on our business, financial condition and results of operation and reduce the trading price of the NCDs.

6. Any adverse change in India's sovereign credit rating by an international rating agency could adversely affect our business and results of operations.

Our borrowing costs and our access to the debt capital markets depend significantly on the sovereign credit ratings of India. India's sovereign debt rating could be downgraded due to various factors, including changes in tax or fiscal policy or a decline in India's foreign exchange reserves, which are outside our control. Set for below are India's sovereign debt rating from certain credit rating agencies.

Name of Agency	Rating	Outlook
Fitch	BBB-	Stable
Moody's	Baa3	Positive
DBRS	BBB	Stable
S&P	BBB	Stable

Any further adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing and the interest rates and other commercial terms at which such financing is available, including raising any overseas additional financing. A downgrading of India's credit ratings may occur, for example, upon a change of government tax or fiscal policy, which are outside our control. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business, cash flows and financial performance and trading price of the NCDs.

7. If inflation were to rise in India, we might not be able to increase the prices of our services at a proportional rate in order to pass costs on to our customers and our profits might decline.

Inflation rates could be volatile, and we may face high inflation in the future as India had witnessed in the past. Increased inflation can contribute to an increase in interest rates and increased costs of borrowings resulting in increased cost to our business, including increased costs of transportation, salaries, and other expenses relevant to our business. Further, high inflation leading to higher interest rates may also lead to a slowdown in the economy and adversely impact credit growth. Consequently, we may also be affected and fall short of business growth and profitability. High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our operating expenses, which, we may not be able to pass on to our customers, whether entirely or in part, and the same may adversely affect our business, cash flows and financial condition. While the Government of India through the RBI continuously take economic measures to combat high

inflation rates, it is unclear whether these measures will remain in effect, and there can be no assurance that Indian inflation levels will not rise in the future.

8. Our business, financial condition and results of operations could be adversely affected by any change in the extensive central and state tax regime in globally applicable to us and our business.

Tax and other levies imposed by the central and state governments in India that affect our tax liability, include central and state taxes and other levies, income tax, turnover tax, goods and service tax, stamp duty and other special taxes and surcharges, which are introduced on a temporary or permanent basis from time to time. This extensive central and state tax regime is subject to change from time to time. The final determination of our tax liability involves the interpretation of local tax laws and related regulations in each jurisdiction, as well as the use of estimates and assumptions regarding the scope of future operations and results achieved and the timing and nature of income earned and expenditures incurred.

Companies can voluntarily opt in favor of a concessional tax regime (subject to no other specified benefits/exemptions being claimed), which reduces the rate of income tax payable to 22.0% (plus applicable surcharge and cess) subject to compliance with conditions prescribed, from the erstwhile 25.0% or 30.0% (plus applicable surcharge and cess) depending upon the total turnover or gross receipt in the relevant period. Any future amendments to these corporate tax rates or other applicable tax rules may affect our benefits such as exemption for interest received in respect of tax free bonds and the same may no longer be available to us. Any adverse order passed by the appellate authorities/ tribunals/ courts would have an effect on our profitability.

Earlier, distribution of dividends by a domestic company was subject to Dividend Distribution Tax ("**DDT**"), in the hands of the company at an effective rate of 20.6% (inclusive of applicable surcharge and cess). Such dividends were generally exempt from tax in the hands of the shareholders. However, the Government of India has amended the Income Tax Act, 1961, to abolish the DDT regime. Accordingly, any dividend distributed by a domestic company is subject to tax in the hands of the investor at the applicable rate. Additionally, tax is required to be withheld on such dividends distributed at the applicable rate.

Further, the Organization of Economic Co-operation and Development's Base Erosion and Profit Shifting project led to a series of anti-avoidance measures being developed across several actions, which are being / shall be implemented, amongst other means, vide changes to bilateral tax treaties effected through the Multilateral Instrument (**"MLI"**).

In addition, the Indian Government may make clarifications on interpretation of tax laws, which may even be applicable retrospectively. Uncertainty in the applicability, interpretation or implementation of any past or future amendment to, or change in, governing law, regulation or policy in the jurisdictions in which we operate, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future. Further, if we are affected, directly or indirectly, by the application or interpretation of any provision of such laws and regulations or any related proceedings, or are required to bear any costs in order to comply with such provisions or to defend such proceedings, our business and financial performance may be adversely affected.

For instance, the Government of India has implemented two major reforms in Indian tax laws, namely the Goods and Services Tax (**"GST"**), and provisions relating to general anti-avoidance rules (**"GAAR"**). The indirect tax regime in India has undergone a complete overhaul. The indirect taxes on goods and services, such as central excise duty, service tax, central sales tax, state value added tax, surcharge and excise have been replaced by Goods and Service Tax with effect from July 1, 2017. The GST regime is subject to evolving amendments and its interpretation by the relevant regulatory authorities. GAAR became effective from April 1, 2017. The tax consequences of the GAAR provisions being applied to an arrangement may result in, among others, a denial of tax benefit to us and our business. In the absence of any precedents on the subject, the application of these provisions is subjective. If the GAAR provisions are made applicable to us, it may have an adverse tax impact on us. Further, if the tax costs associated with certain of our transactions are greater than anticipated because of a particular tax risk materializing on account of new tax regulations and policies, it could affect our profitability from such transactions.

Further, pursuant to the Finance Act, 2025, the Government of India has implemented changes to India's taxation framework, including raising the tax exemption threshold to ₹ 1.20 million annually and recalibrating tax slabs, with the maximum rate of 30% applying to incomes of ₹ 2.40 million and above. We have not fully determined the impact of these recent laws and regulations on our business. There is no certainty on the impact of the Finance Bill, 2025 on tax laws or other regulations, which may adversely affect the Company's business, financial condition and results of operations or on the industry in which we operate.

With several proposals to introduce further regulatory compliances, additional conditions to be met to receive benefits under existing regimes being introduced, upon any such proposals being notified, we may also become subject to inter alia additional compliances and increased associated costs.

9. We are subject to regulatory, economic and social and political uncertainties and other factors beyond our control.

We are incorporated in India, and we conduct our corporate affairs and our business in India. Consequently, our business, operations, financial performance may be affected by various factors that are beyond our control. Such factors include changes in investment patterns, budget announcements, policy announcements, political changes, changes in interest rates, inadequate monsoons, health pandemics, terrorist attacks, natural calamities and other acts of violence or war, which may adversely affect worldwide financial and Indian markets. These could potentially lead to an economic recession, which could adversely affect our business, results of operations, financial condition and cash flows, and more generally, any of these events could lower confidence in India's economy. The regulatory and policy environment in which we operate is evolving and is subject to change.

Further, India has, from time to time, experienced instances of civil unrest and terrorist attacks, regional or international hostilities and other acts of violence as well as other adverse social, political and economic events. India has also experienced natural calamities such as earthquakes, tsunamis, floods and droughts in the past. If such events occur and lead to overall political and economic instability, it could have a materially adverse effect on our business, financial condition, cash flows and results of operations. Further, any such events that affect the functioning of our operations and IT systems could lead to a shutdown of certain of our operations, which could result in a material adverse effect on our business, financial condition, cash flows and results of operations.

Other factors that may adversely affect the Indian economy, and hence our results of operations may include:

- Any exchange rate fluctuations, the imposition of currency controls and restrictions on the right to convert or repatriate currency or export assets;
- The impact of international trade wars or uncertain or unfavorable policies on international trade or (whether or not directly involving the Government of India);
- Any scarcity of credit or other financing in India, resulting in an adverse effect on economic conditions in India and scarcity of financing for our expansions;
- Prevailing income conditions among Indian customers and Indian corporations;
- Epidemic or any other public health in India or in countries in the region or globally, including in India's various neighboring countries;
- Macroeconomic factors and central bank regulations, including in relation to interest rates movements which may in turn adversely impact our access to capital markets and increase our borrowing costs;
- Volatility in, and actual or perceived trends in trading activity on India's principal stock exchanges, that is, on the National Stock Exchange Limited and BSE Limited;
- Decline in India's foreign exchange reserves which may affect liquidity in the Indian economy;
- Political instability resulting from a change in governmental or economic and fiscal policies, may adversely affect economic conditions in India. In recent years, reforms in relation to land acquisition policies and trade barriers have led to increased incidents of social unrest in India over which we have no control;
- Terrorism or military conflict in India or in countries in the region or globally, including in India's various neighboring countries;
- Civil unrest, acts of violence, regional conflicts or situations or war may adversely affect the financial markets;
- International business practices that may conflict with other customs or legal requirements to which we are subject, including anti-bribery and anti-corruption laws;
- Logistical and communication challenges;
- Downgrading of India's sovereign debt rating;
- Changes in government policies, including taxation, economic and deregulation policies, social and civil unrest and other political, social and economic developments in or affecting India;
- Occurrence of natural calamities and force majeure events;

- Difficulty in developing any necessary partnerships with local businesses on commercially acceptable terms and / or a timely basis; and

- Being subject to the jurisdiction of foreign courts, including uncertainty of judicial processes and difficulty enforcing contractual agreements or judgments in foreign legal systems or incurring additional costs to do so.

Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could materially adversely affect our business, financial condition, results of operations, cash flows and prospects.

10. We are subject to anti-bribery and anti-corruption laws, violation of which may subject our Company and/or our Promoters to governmental inquiries and/or investigations, which if material and adverse in nature, could adversely affect our business, results of operations and financial condition in future periods and our reputation.

We have operations and projects, in India. Those operations and projects often involve interactions with governmental authorities and officials at the Indian federal, state and local level. We are subject to anti-corruption and anti-bribery laws in India that prohibit improper payments or offers of improper payments to governments and their officials and political parties for the purpose of obtaining or retaining business or securing an improper advantage and require the maintenance of internal controls to prevent such payments. Although, we maintain an anti-bribery compliance program and train our employees in respect of such matters, our employees might take actions that could expose us to liability under anti-bribery laws. In certain circumstances, we may be held liable for actions taken by our partners and agents, even though they are not always subject to our control. Any adverse outcome of such proceedings could result in action or penalties, both financial and non-financial. This could consequently have a material adverse effect on our reputation and our business. Any violation of anti-corruption laws against us or our Promoters could result in action or penalties, both financial and non-financial, that could have a material adverse effect on our business, results of operations and financial condition in future periods and reputation.

11. Impact of the trade and tariff policies on our business and the Indian economy.

Our business and results of operations may be adversely affected by changes in the tariff policies and trade measures of the United States of America ("**U.S.**"). In 2025, the U.S. imposed tariffs of up to 50% (fifty per cent) on a wide range of Indian exports. These measures are estimated to affect India's export volumes to the U.S. and could impact India's financial growth. Although the Indian government has introduced relief measures such as GST reductions and export support packages to partially mitigate these effects, continuing trade uncertainty remains a risk to economic stability and our operations. Adverse developments in these sectors could impair the repayment capacity of borrowers, resulting in increased delinquencies, higher provisioning requirements and deterioration in asset quality. Prolonged tariff uncertainty may also weaken investor sentiment, restrict foreign capital inflows and slow overall economic growth, which could in turn reduce demand for financial services.

Our insurance operations may also be impacted. In the life insurance segment, pressure on household income and employment in export-linked industries may reduce demand for savings and protection products. In the general insurance segment, slower corporate growth and reduced trade volumes may weaken demand for commercial and marine insurance products.

In addition, our alternatives, asset management and asset reconstruction businesses may be indirectly affected. Lower economic activity and tighter liquidity could result in reduced investor inflows into alternatives, compression of management fees in asset management, and higher acquisition costs together with lower recovery margins in stressed asset portfolios. There can be no assurance that future changes in U.S. tariff policies or trade relations between India and the U.S. will not materially and adversely affect the Indian economy, and by extension, our financial services, insurance, asset management, alternatives and asset reconstruction businesses.

SECTION III – INTRODUCTION

GENERAL INFORMATION

Our Company was originally incorporated as "*Daiwa Securities Limited*" in Calcutta on November 15, 1994, as a public limited company under the Companies Act, 1956, with a certificate of incorporation granted by the Registrar of Companies, West Bengal at Calcutta. Our Company received the certificate of commencement of business from the Registrar of Companies, West Bengal at Calcutta on November 28, 1994. Subsequently, the name of our Company was changed to "*Dover Securities Limited*" and a fresh certificate of incorporation was granted by the Registrar of Companies, West Bengal at Calcutta, on May 19, 1999. Our Company has obtained a certificate of registration dated November 5, 2007, bearing registration number B-13.01882, as a non-banking financial company without accepting public deposits by RBI in accordance with Section 45 IA of Reserve Bank of India Act, 1934. The name of our Company was further changed to "*Money Matters Financial Services Limited*" and a fresh certificate of incorporation was issued by the Registrar of Companies, Maharashtra at Mumbai on October 6, 2008. The name of our Company was further changed to "*Capri Global Capital Limited*" and a fresh certificate of registration was issued by the RoC on July 24, 2013.

For details of the business of our Company, see "*Our Business*" beginning on page 136.

SEBI Registration No.: INR000004058
CIN: U67190MH1999PTC118368

MUFG Intime India Private Limited *(formerly Link Intime India Private Limited)*, has by its letter dated September 12, 2025 given its consent for its appointment as Registrar to the Issue and for its name to be included in this Draft Prospectus, the Prospectus, and in all the subsequent periodical communications sent to the holders of the Debentures issued pursuant to the Issue.

Investors may contact the Registrar to the Issue or our Company Secretary and Compliance Officer in case of any pre- Issue or post-Issue related issues such as non-receipt of Allotment Advice, demat credit of allotted NCDs, refunds/ unblocking of funds, non-receipt of debentures certificates (in case of NCDs which have been re-materialized), transfers, etc. as the case may be.

All grievances relating to the Issue may be addressed to the Registrar to the Issue, giving full details such as name, Application Form number, address of the Applicant, Permanent Account Number, number of NCDs applied for, Series of NCDs applied for, amount paid on application, Depository Participant name and client identification number, and the collection center of the Members of the Consortium where the Application was submitted and ASBA Account number (for Bidders other than Retail Individual Investors bidding through the UPI Mechanism) in which the amount equivalent to the Bid Amount was blocked or UPI ID in case of Retail Individual Investors bidding through the UPI mechanism. Further, the Bidder shall enclose the Acknowledgement Slip or provide the acknowledgement number received from the Designated Intermediaries in addition to the documents/information mentioned hereinabove.

All grievances relating to the ASBA process may be addressed to the Registrar to the Issue with a copy to either (a) the relevant Designated Branch of the SCSB where the Application Form was submitted by the ASBA Applicant, or (b) the concerned Member of the Syndicate and the relevant Designated Branch of the SCSB in the event of an Application submitted by an ASBA Applicant at any of the Syndicate ASBA Centers, giving full details such as name, address of Applicant, Application Form number, series applied for, number of NCDs applied for, amount blocked on Application.

All grievances related to the UPI process may be addressed to the Stock Exchange, which shall be responsible for addressing investor grievances arising from applications submitted online through the App based/ web interface platform of Stock Exchange or through their Trading Members. The intermediaries shall be responsible for addressing any investor grievances arising from the applications uploaded by them in respect of quantity, price or any other data entry or other errors made by them.

All grievances arising out of Applications for the NCDs made through the Online Stock Exchange Mechanism (app based / web interface platform) or through Trading Members of the Stock Exchange may be addressed directly to the relevant Stock Exchange with a copy to the Registrar to the Issue.

Credit Rating and Rationale

The NCDs proposed to be issued under the Issue have been rated "ACUITE AA | Stable" for an amount of ₹4,000 million by Acuite Ratings & Research Limited vide its rating letters dated September 11, 2025, and press release for rating rationale dated September 11, 2025 and "IVR AA/ Positive" for an amount of ₹4,000 million by Infomerics Valuation and Rating Limited vide its rating letter dated September 15, 2025, and press release for rating rationale dated September 16, 2025. The ratings given by Acuite Ratings & Research Limited and Infomerics Valuation and Rating Limited remain valid as on the date of this Draft Prospectus and shall remain valid as on the date of issue, allotment and listing of the NCDs on BSE Limited. Securities with this rating are considered to have high degree of safety regarding timely servicing of financial obligations. Such securities carry very low credit risk. The rating is not a recommendation to buy, sell or hold securities and investors should take their own decision. The rating may be subject to revision or withdrawal at any time by the assigning rating agencies and each rating should be evaluated independently of any other rating. The rating agencies have a right to suspend or withdraw the rating at any time on the basis of factors such as new information. Please refer to Annexure IA and IB of this Draft Prospectus for the rating letter, rating rationale and press release of the above rating. There are no unaccepted ratings and any other ratings other than as specified in this Draft Prospectus.

Impersonation

As a matter of abundant precaution, attention of the investors is specifically drawn to the provisions of sub-Section (1) of Section 38 of the Companies Act, 2013, relating to punishment for fictitious applications. Section 38(1) of the Companies Act, 2013 provides that:

"Any person who —

(a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or

(b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or

(c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name,

shall be liable for action under Section 447."

Explanation — For the purposes of this section —

(i) "fraud" in relation to affairs of a company or any body-corporate, includes any act, omission, concealment of any fact or abuse of position committed by any person or any other person with the connivance in any manner, with intent to deceive, to gain undue advantage from, or to injure the interests of, the company or its shareholders or its creditors or any other person, whether or not there is any wrongful gain or wrongful loss;

(ii) "wrongful gain" means the gain by unlawful means of property to which the person gaining is not legally entitled;

(iii) "wrongful loss" means the loss by unlawful means of property to which the person losing is legally entitled."

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least ₹1.00 million or 1.00% of the turnover of our Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than ₹1.00 million or 1.00% of the turnover of our Company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹5.00 million or with both.

Recovery Expense Fund

An amount deposited by our Company with the Designated Stock Exchange, equal to 0.01% of the issue size, subject to a maximum of deposit of ₹25,00,000 at the time of making the application for listing of NCDs, in the manner as specified by SEBI in the DT Master Circular and Regulation 11 of SEBI NCS Regulations.

Underwriting

The Issue is not underwritten**.**

Arrangers to the Issue

There are no arrangers to the Issue.

Guarantor to the Issue

There are no guarantors to the Issue.

Minimum subscription

In terms of the SEBI NCS Regulations, for an issuer undertaking a public issue of non-convertible securities the minimum subscription for such public issue of non-convertible securities shall be 75% of the Base Issue Size i.e. ₹1,500.00 million. If our Company does not receive the minimum subscription of 75% of Base Issue Size i.e. ₹1,500.00 million, prior to the Issue Closing Date the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within 8 Working Days from the Issue Closing Date or such time as may be specified by SEBI. In the event, there is a delay by our Company in unblocking the aforesaid ASBA Account within the prescribed time limit our Company will become liable to refund the Application Amount along with interest at the rate of 15 (fifteen) percent per annum for the delayed period.

Under Section 39(3) of the Companies Act, 2013 and Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or the Registrar, refunds will be made to the account prescribed. However, where our Company and/or the Registrar does not have the necessary information for making

such refunds, our Company and/or the Registrar will follow the guidelines prescribed by SEBI in this regard including in the SEBI NCS Master Circular.

Designated Intermediaries

Self-Certified Syndicate Bank

The list of banks that have been notified by SEBI to act as the SCSBs for the ASBA process and UPI Mechanism process is provided on the website of SEBI at https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=44 as amended and https://sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40 respectively as updated from time to time. Issue Programme*

ISSUE OPENS ON	As specified in the Prospectus.
ISSUE CLOSES ON	As specified in the Prospectus.
PAY IN DATE	Application Date. The entire Application Amount is payable on Application.
DEEMED DATE OF ALLOTMENT	The date on which the Board of Directors/or the Management Committee approves the Allotment of the NCDs for the Issue or such date as may be determined by the Board of Directors/ or the Management Committee thereof and notified to the Designated Stock Exchange. The actual Allotment of NCDs may take place on a date other than the Deemed Date of Allotment. All benefits relating to the NCDs including interest on NCDs shall be available to the Debenture Holders from the Deemed Date of Allotment.

**The Issue shall remain open for subscription on Working Days from 10:00 A.M. to 5:00 P.M. (Indian Standard Time) during the period indicated above, except that the Issue may close on such earlier date or extended date (subject to a minimum period of two (2) working days and a maximum period of ten (10) working days from the date of opening of the Issue and subject to not exceeding thirty (30) days from filing Prospectus with the RoC including any extensions)*

as may be decided by the Board of Directors of our Company or the Management Committee, subject to relevant approvals. In the event of an early closure or extension of the Issue, our Company shall ensure that notice of the same is provided to the prospective investors through an advertisement in an English national daily with wide circulation and a regional daily with wide circulation where the Registered Office of our Company is located (in all the newspapers in which pre-issue advertisement for opening of this Issue has been given) on or before such earlier or initial date of Issue closure. On the Issue Closing Date, the Application Forms will be accepted only between 10:00 A.M. and 3:00 P.M. (Indian Standard Time) and uploaded until 5 P.M. or such extended time as may be permitted by the Stock Exchanges. Further, pending mandate requests for bids placed on the last day of bidding will be validated by 5:00 P.M. on one Working Day post the Issue Closing Date. For further details please refer to the chapter titled "Issue Related Information" on page 261 of this Draft Prospectus. Applications Forms for the Issue will be accepted only from 10:00 A.M. to 5:00 P.M. (Indian Standard Time) ("Bidding Period") or such extended time as may be permitted by the Stock Exchanges, during the Issue Period as mentioned above on all days between Monday and Friday (both inclusive barring public holiday) (a) by the Designated Intermediaries at the Bidding Centres, or (b) by the SCSBs directly at the Designated Branches of the SCSBs. On the Issue Closing Date, Application Forms will be accepted only between 10:00 A.M. to 3:00 P.M. and uploaded until 5:00 P.M. (Indian Standard Time) or such extended time as may be permitted by the Stock Exchanges. It is clarified that the Applications not uploaded on the Stock Exchange(s) Platform would be rejected.

Due to limitation of time available for uploading the Applications on the Issue Closing Date, Applicants are advised to submit their Application Forms one day prior to the Issue Closing Date and, no later than 3.00 P.M. (Indian Standard Time) on the Issue Closing Date. Applicants are cautioned that in the event a large number of Applications are received on the Issue Closing Date, there may be some Applications which are not uploaded due to lack of sufficient time to upload. Such Applications that cannot be uploaded will not be considered for allocation under the Issue. Neither our Company, nor the Lead Manager, nor any Member of the Syndicate, Registered Brokers at the Broker Centres, CDPs at the Designated CDP Locations or the RTAs at the Designated RTA Locations or designated branches of SCSBs are liable for any failure in uploading the Applications due to failure in any software/ hardware systems or otherwise. Please note that the Basis of Allotment under the Issue will be on date priority basis except on the day of oversubscription and thereafter, if any, where the Allotment will be proportionate in accordance with SEBI NCS Master Circular. For further details please refer to the chapter titled "Issue Related Information" on page 261 of this Draft Prospectus.

Details of Stock Option Plans of our Company

Pursuant to a Board resolution dated August 21, 2009, and a Shareholders' resolution dated September 22, 2009, our Company instituted the "*Money Matters Employee Stock Option Plan 2009*" ("**ESOP 2009**"). The primary objective of the plan is as follows:

The Company strongly believes that an equity component in the compensation goes a long way in aligning the objectives of an individual with those of the organization. The underlying philosophy of ESOP 2009 is to enable the employees, present and future, to share the wealth that they help to create for the organization over a certain period of time.

ESOP Plan 2009:

Sr. No.	Particulars	No. of Stock Options
1	Total number of options	52,302,680
2	Stock options granted	11,578,000
3	Stock options vested	3,709,200
4	Stock options exercised	1,044,997
5	Stock options cancelled	3,073,600
6	Stock options lapsed	757,803
7	Total Stock options granted but not vested	7,181,600

Details of any change in promoters holding in our Company during the last financial year beyond 26% (as prescribed by RBI)

There has been no change in promoters holding in our Company during the last financial year beyond 26% (as prescribed by RBI).

OBJECTS OF THE ISSUE

Issue proceeds

Our Company has filed this Draft Prospectus for a public issue of 4,000,000 secured, rated, listed, redeemable, non-convertible debentures of face value ₹ 1,000 each, amounting to ₹ 2,000 million with an option to retain over-subscription up to ₹ 2,000 million aggregating up to ₹ 4,000 million. The details of the proceeds of the Issue are summarized below.

The Issue is being made pursuant to the provisions of the SEBI NCS Regulations and the Companies Act and the rules made thereunder. Our Company proposes to utilize the proceeds raised through the Issue, after deducting the Issue related expenses to the extent payable by our Company ("**Net Proceeds**") towards funding the objects listed under this section.

The details of the proceeds of the Issue are summarized below:

Particulars	Estimated amount (₹ in millions, unless otherwise stated)
Gross proceeds of the Issue	4,000.00
Less: Issue related expenses*	As specified in the Prospectus
Net proceeds* (i.e. Gross proceeds *less* Issue related expenses)	As specified in the Prospectus

**To be finalised and updated, prior to filing of the Prospectus with the RoC.*

Requirement of Funds and Utilization of Net Proceeds

The following table details the objects of the Issue (collectively, referred to herein as the "**Objects**") and the amount proposed to be financed from the Net Proceeds:

Sr. No.	Objects of the Issue	Percentage of amount proposed to be financed from Net Proceeds
1.	For the purpose of onward lending, financing, and for repayment of interest and principal of existing borrowings of the Company*	At least 75%
2.	General corporate purposes**	Maximum up to 25%
Total		**100%**

**Our Company shall not utilize the proceeds of this Issue towards payment of prepayment penalty, if any.*
***The Net Proceeds will be first utilized towards the Objects mentioned above. The balance is proposed to be utilized for general corporate purposes, subject to such utilization not exceeding 25% of the amount raised and allotted in the Issue, in compliance with the SEBI NCS Regulations.*

The main objects clause of the Memorandum of Association of our Company permits our Company to undertake its existing activities as well as the activities for which the funds are being raised through this Issue.

Issue related expenses

The expenses for this Issue include, *inter alia*, lead management fees and selling commission to the Lead Manager, Consortium Members and intermediaries as provided for in the SEBI NCS Master Circular, fees payable to debenture trustees, the Registrar to the Issue, SCSBs' commission/ fees, fees payable to sponsor bank, printing and distribution expenses, legal fees, advertisement expenses, listing fees and any other expense directly related to the Issue. The Issue expenses and listing fees will be paid by the Company. The payment to intermediaries will be made on the basis of valid invoices within such timelines mutually agreed to/prescribed by the Company with the Designated Intermediaries/Sponsor Bank.

The estimated breakdown of the total expenses for this Issue and the timeline for such payment for the Issue shall be as specified in the Prospectus.

Purpose for which there is a requirement of funds

As specified in the Prospectus.

Funding plan

Our Company confirms that for the purpose of this Issue, funding plan will not be applicable.

Project details, gestation period of the project, extent of progress made in the project, and deadlines for completion of the project

Our Company confirms that for the purpose of this Issue, project details, gestation period of the project, extent of progress made in the project, and deadlines for completion of the project will not be applicable.

Summary of the project appraisal report

Our Company confirms that for the purpose of this Issue, summary of the project appraisal report will not be applicable.

Schedule of implementation of the project

Our Company confirms that for the purpose of this Issue, schedule of implementation of the project will not be applicable.

Break-up of the cost of the project

Our Company confirms that for the purpose of this Issue, break up cost of the project will not be applicable.

Means of financing for the project

Our Company confirms that for the purpose of this Issue, means of financing for the project will not be applicable.

Proposed deployment status of the proceeds at each stage of the project

Our Company confirms that for the purpose of this Issue, deployment status for the project will not be applicable.

Monitoring and reporting of utilisation of funds

There is no requirement for appointment of a monitoring agency in terms of the SEBI NCS Regulations. The Audit Committee of our Company shall monitor the utilisation of the proceeds of the Issue. Our Company will disclose in its financial statements for the relevant Financial Year commencing from Fiscal 2026, the utilisation of the proceeds of the Issue under a separate head along with details, if any, in relation to all such proceeds of the Issue that have not been utilised thereby also indicating investments, if any, of such unutilized proceeds of the Issue. Our Company shall utilize the proceeds of the Issue only upon receipt of minimum subscription, i.e. 75% of the Base Issue Size i.e. ₹1,500.00 million, the execution of the documents for creation of security and the Debenture Trust Deed and receipt of final listing and trading approval from the Stock Exchange. Our Company shall at the end of every quarter submit to the Stock Exchange, a statement indicating the utilization of Issue Proceeds of non-convertible securities, which shall be continued to be given till such time the issue proceeds have been utilised or the purpose for which these proceeds were raised has been achieved. Our Company shall utilise the proceeds of the Issue only upon execution of the documents for creation of Security and the Debenture Trust Deed and receipt of listing and trading approval from the Stock Exchange as stated in the section titled "*Terms of the Issue*" on page 266 of this Draft Prospectus.

Interim use of proceeds

The management of our Company, in accordance with the policies formulated by it from time to time, will have the flexibility in deploying the proceeds received from the Issue. Pending utilisation of the proceeds out of the Issue for the purposes described above, our Company intends to temporarily invest funds as may be approved by our Board of Directors or a committee thereof, in accordance with applicable law. Such investment would be in accordance with the investment policy of our Company approved by our Board of Directors or any committee thereof from time to time and applicable law.

General Corporate Purposes

Our Company intends to deploy up to 25% of the amount raised and allotted in the Issue for general corporate purposes, including but not restricted to routine capital expenditure, renovations, strategic initiatives, meeting any expenditure in relation to our Company as well as meeting exigencies which our Company may face in the ordinary course of business, or any other purposes as may be approved by our Board of Directors or duly authorized committee thereof.

Variation in terms of contract or objects in this Draft Prospectus

Our Company shall not, in terms of Section 27 of the Companies Act, at any time, vary the terms of the objects for which this Draft Prospectus is issued, except as may be prescribed under the applicable laws and specifically under Section 27 of the Companies Act. Further, in accordance with the SEBI Listing Regulations, in case of any material deviation in the use of proceeds as compared to the objects of the issue, the same shall be indicated in the format as specified by SEBI from time to time.

Other confirmations

In accordance with the SEBI NCS Regulations, our Company will not utilize the proceeds of the Issue for providing loans to or acquisition of shares of any person or company who is a part of the Promoter Group or Group Companies.

Proceeds from the Issue shall not be utilised towards full or part consideration for the purchase or any other acquisition, inter alia by way of a lease, of any immovable property. No part of the proceeds from the Issue will be paid by us as consideration

to our Promoter, the Directors, Key Managerial Personnel or companies promoted by our Promoter except in ordinary course of business.

No part of the proceeds from the Issue will be utilized for buying, trading or otherwise dealing in equity shares of any listed company. Further our Company undertakes that Issue proceeds from NCDs allotted to banks shall not be used for any purpose, which may be in contravention of the RBI guidelines including those relating to classification as capital market exposure or any other sectors that are prohibited under the RBI Regulations.

Our Company confirms that it will not use the proceeds from the Issue, directly or indirectly, for the purchase of any business or in the purchase of any interest in any business whereby our Company shall become entitled to an interest in either the capital or profit or losses or both in such business exceeding 50% thereof, the purchase or acquisition of any immovable property (direct or indirect) or acquisition of securities of any other body corporate.

The fund requirement as above is based on our current business plan and is subject to change in light of variations in external circumstances or costs, or in our financial condition, business or strategy. Our management, in response to the competitive and dynamic nature of the industry, will have the discretion to revise its business plan from time to time and consequently our funding requirements and deployment of funds may also change.

There is no contribution being made or intended to be made by the Directors as part of the Issue or separately in furtherance of the Objects of the Issue.

Benefit / interest accruing to our Promoter/Directors out of the object of the Issue

Neither our Promoter nor our Directors are interested in the Objects of this Issue.

STATEMENT OF POSSIBLE TAX BENEFITS

To,

The Board of Directors
Capri Global Capital Limited
502, Tower A, Peninsula Business Park,
Senapati Bapat Mar,
Lower Parel, Mumbai - 400013

Sub: Statement of possible tax benefits available to Capri Global Capital Limited, its debenture holders and Capri Global Housing Finance Limited, prepared in accordance with the requirements of the Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 as amended ("SEBI NCS Regulations"). Proposed Public Issue by Capri Global Capital Limited ("Company") of Secured, Redeemable, Non-Convertible Debentures of face value Rs. 1,000.00 each aggregating up to Rs. 4,000 million ("NCDs") (the "Issue").

1. We, M S K A & Associates, Chartered Accountants ("we" or "us" or "our" or the "Firm"), the statutory auditors of Capri Global Capital Limited (the "Company") hereby confirm the enclosed statement in the Annexure prepared and issued by the Company, which provides the possible special tax benefits under Income-tax Act, 1961 ('Act') presently in force in India viz. the Income-tax Act, 1961 ('Act'), the Income-tax Rules, 1962, ('Rules'), the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Union Territory Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017, The Customs Act, 1962, The Customs Tariff Act,1975 and the Foreign Trade Policy (collectively the "Taxation Laws") regulations, circulars and notifications issued thereon as amended by Finance Act, 2025, as applicable to the assessment year 2026-27 and relevant to the financial year 2025-26, available to the Company, its debenture holders,; and Capri Global Housing Finance Limited ("Material Subsidiary") identified as per the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended. Several of these benefits are dependent on the Company, its debenture holders and Material Subsidiary, as the case may be, fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company, its debenture holders and Material Subsidiary to derive the possible tax benefits is dependent upon their fulfilling such conditions, which based on business imperatives the Company, its debenture holders and Material Subsidiary face in the future, the Company, its debenture holders and Material Subsidiary may or may not choose to fulfil.

2. It is assumed that with respect to possible tax benefits available to the Company, its debenture holders and Material Subsidiary, the same would include those benefits as enumerated in the statement. Any benefits under the Taxation Laws other than those specified in the statement are considered to be general tax benefits and therefore not covered within the ambit of this statement. Further, any benefits available under any other laws within or outside India, except for those specifically mentioned in the statement, have not been examined and covered by this statement.

3. Our views are based on the existing provisions of law and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes.

4. The benefits discussed in the enclosed statement cover the possible tax benefits available to the Company, its debenture holders and its Material Subsidiary and do not cover any general tax benefits available to them.

5. In respect of non-residents, the tax rates and the consequent taxation shall be further subject to any benefits available under the applicable Double Taxation Avoidance Agreement, if any, between India and the country in which the non-resident has fiscal domicile.

6. The benefits stated in the enclosed statement are not exhaustive and the preparation of the contents stated is the responsibility of the Company's management. We are informed that this statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the distinct nature of the tax consequences and the changing tax laws, each investor is advised to consult their own tax consultant with respect to the specific tax implications arising out of their participation in the Issue and we shall in no way be liable or responsible to any subscriber for placing reliance upon the contents of this statement. Also, any tax information included in this written communication was not intended or written to be used, and it cannot be used by the Company or the investor, for the purpose of avoiding any penalties that may be imposed by any regulatory, governmental taxing authority or agency.

7. We have conducted our examination in accordance with the "Guidance Note on Reports or Certificates for Special Purposes (Revised 2016)" (the "Guidance Note") issued by the Institute of Chartered Accountants of India. The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the Institute of Chartered Accounts of India.

8. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information and Other Assurance and Related Services Engagements.

9. We do not express any opinion or provide any assurance whether:

- The Company, its debenture holders and Material Subsidiary will continue to obtain these tax benefits in future;
- The conditions prescribed for availing the tax benefits have been / would be met;
- The revenue authorities/courts will concur with the views expressed herein.

10. The contents of the enclosed statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company. We have relied upon the information and documents of the Company being true, correct, and complete and have not audited or tested them. Our view, under no circumstances, is to be considered as an audit opinion under any regulation or law. No assurance is given that the revenue authorities / courts will concur with the views expressed herein. Our Firm or any of partners or affiliates, shall not be responsible for any loss, penalties, surcharges, interest or additional tax or any tax or non-tax, monetary or non-monetary, effects or liabilities (consequential, indirect, punitive or incidental) before any authority / otherwise within or outside India arising from the supply of incorrect or incomplete information of the Company.

11. This Statement is addressed to Board of Directors and issued at specific request of the Company. The enclosed Annexure A to this Statement is intended solely for your information and for inclusion in the draft prospectus and the prospectus of the Company ("Issue Documents") and any other material in connection with the proposed public issue of NCDs of the Company, and is not to be used, referred to or distributed for any other purpose without our prior written consent. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing. Any subsequent amendment / modification to provisions of the applicable laws may have an impact on the views contained in our statement. While reasonable care has been taken in the preparation of this certificate, we accept no responsibility for any errors or omissions therein or for any loss sustained by any person who relies on it.

Enclosure: Annexure

ANNEXURE OF SPECIAL TAX BENEFITS AVAILABLE TO CAPRI GLOBAL CAPITAL LIMITED (THE "COMPANY"), ITS MATERIAL SUBSIDIARY AND ITS DEBENTURE HOLDERS UNDER THE APPLICABLE TAX LAWS IN INDIA

Outlined below are the special tax benefits available to the Company, its debenture holders and its material subsidiary under the Income-tax Act, 1961 (the IT Act) applicable for the Financial Year 2025-26. These possible special tax benefits are dependent on the Company fulfilling the conditions prescribed under the Act.

I Under the Income -tax Act, 1961 (the IT Act)

A. Special tax benefits available to the Company

1. Deduction under section 36(1)(viia) of the IT Act

The Company is entitled to accelerated deduction in respect of bad and doubtful debts up to the limit specified under section 36(1)(viia) of the Act in computing its income under the head "Profits and gains of business or profession", to the extent of five per cent (5%) of the gross total income (computed before making any deduction under this section and Chapter VI-A), and subject to satisfaction of prescribed conditions.

As per section 36(1)(vii) of the Act, where the Company has claimed deduction under section 36(1)(viia) of the Act, then the subsequent claim of deduction of actual bad debts under section 36(1)(vii) of the Act shall be reduced to the extent of deduction already claimed under section 36(1)(viia) of the Act.

Further, as per section 41(4) of the Act, where any deduction has been claimed by the Company in respect of a bad debt under Section 36(1)(vii) of the Act, then any amount subsequently recovered on any such debt is greater than the difference between such debt and the amount so allowed as a deduction under section 36(1)(vii) of the Act, the excess shall be deemed to be business income of the year in which it is recovered.

As per provisions of section 43D of the Act, in case of a Systemically Important Non-Deposit taking NBFC or a deposit taking NBFC, the income by way of interest in relation to such categories of bad or doubtful debts (i.e. Non-performing assets) as may be prescribed in Rule 6EA of the Income Tax Rules, 1962 having regard to the guidelines issued by the Reserve Bank of India in relation to such debts shall be chargeable to tax in the previous year in which it is credited to its profit and loss account or, as the case may be, in the year in which it is actually received by that NBFC, whichever is earlier.

2. **Section 80M - Deduction in respect of inter-corporate dividends**

The Section 80M of the Act, provides for deduction from gross total income of a domestic company, of an amount equal to dividends received by such company from another domestic company or a foreign company or a business trust as does not exceed the amount of dividend distributed by it on or before one month prior to the date of filing its tax return.

Where the Company receives any such dividend during a Financial Year and also, distributes dividend to its shareholders before the aforesaid date, as may be relevant to the said Financial Year, it shall be entitled to the deduction under Section 80M of the Act. It is to be noted that the dividend is taxable in the hands of shareholder; hence, the Company shall be required to comply with the withholding tax provisions of the Act.

3. Concessional corporate tax rates - Section 115BAA of the IT Act

The Taxation Laws (Amendment) Act, 2019 introduced section 115BAA wherein domestic companies are entitled to avail a concessional tax rate of 22% (plus applicable surcharge and cess) on fulfilment of certain conditions. The option to apply this tax rate is available from Financial Year ('FY') 2019-20 relevant to Assessment Year ('AY') 2020-21 and the option once exercised shall apply to subsequent AYs. The concessional rate is subject to a company not availing any of the following deductions under the provisions of the IT Act:

- Section10AA: Tax holiday available to units in a Special Economic Zone.
- Section 32(1)(iia): Additional depreciation;
- Section 32AD: Investment allowance.
- Section 33AB/33ABA: Tea coffee rubber development expenses/site restoration expenses

- Section 35(1)/35(2AA)/ 35(2AB): Expenditure on scientific research.
- Section 35AD: Deduction for capital expenditure incurred on specified businesses.
- Section 35CCC/35CCD: expenditure on agricultural extension /skill development.
- Chapter VI-A except for the provisions of section 80JJAA and section 80M.

The total income of a company availing the concessional rate of 25.17% (i.e. 22% along with surcharge and health & education cess) is required to be computed without set-off of any carried forward loss and depreciation attributable to any of the aforesaid deductions/incentives. A company can exercise the option to apply for the concessional tax rate in its return of income filed under section 139(1) of the Act. Further, provisions of Minimum Alternate Tax ('MAT') under section 115JB of the IT Act shall not be applicable to companies availing this reduced tax rate, thus, any carried forward MAT credit also cannot be claimed.

The provisions do not specify any limitation/ condition on account of turnover, nature of business or date of incorporation for opting for the concessional tax rate. Accordingly, all existing as well as new domestic companies are eligible to avail this concessional rate of tax.

Note: The Company has already opted for the concessional tax rate benefit for the FY 2019-20 relevant to the AY 2020-21 as mentioned in the Section 115BAA for which declaration in Form 10-IC has already been filed with the income tax authority.

4. <u>Deductions in respect of employment of new employees – Section 80JJAA of the IT Act</u>

As per section 80JJAA of the IT Act, where a company is subject to tax audit under section 44AB of the Act and derives income from business, it shall be allowed to claim a deduction of an amount equal to 30% of additional employee cost incurred in the course of such business in a previous year, for 3 consecutive assessment years including the assessment year relevant to the previous year in which such additional employment cost is incurred.

The eligibility to claim the deduction is subject to fulfilment of prescribed conditions specified in sub- section (2) of section 80JJAA of the IT Act.

B. Special tax benefits available to material subsidiary

As per section 36(1)(viii) of the IT Act, a housing finance company ("HFC") (being a public company formed or registered in India with the main object of carrying on the business of providing long-term finance for construction or purchase of houses in India for residential purposes) is allowed a deduction of an amount not exceeding 20% of the profits derived from eligible business computed under the head "Profits and gains of business or profession" (before making any deduction under the said clause (viii)) carried to any special reserve created and maintained by the HFC.

The term 'eligible business' means the business of providing long-term finance for the construction or purchase of houses in India for residential purposes. Provided that where the aggregate of the amounts carried to such reserve account from time to time exceeds twice the amount of the paid up share capital and of the general reserves of the specified entity, no allowance under section 36(1)(viii) shall be made in respect of such excess.

Capri Global Housing Finance Limited, being a registered HFC, is eligible to claim deduction under section 36(1)(viii), subject to the fulfilment of the conditions mentioned therein.

II Indirect tax (Indirect tax regulations)

The Central Goods and Services Tax Act, 2017, Integrated Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017, Customs Act, 1962, Customs Tariff Act, 1975 as amended, including the relevant rules, notifications and circulars issued there under, the Foreign Trade (Development and Regulation) Act, 1992 (read with Foreign Trade Policy 2015-20) (collectively referred as "Indirect Tax Regulations")

A. Special tax benefits available to the Company and Material Subsidiary.

- Availment of GST Input credit

The Company is a NBFC registered with the RBI. As per the provision of section 17(4) of the Central Goods and Service Tax Act, 2017, a banking company or a financial institution including a non-banking financial company, engaged in supplying services by way of accepting deposits, extending loans or advances shall

have the option to avail an amount equal to fifty per cent of the eligible input tax as Input tax credit on inputs, capital goods and input services.

- Interest income earned on loans granted are exempted from GST

  The Company is engaged in the business of supplying financial services interalia includes providing loans and advances and earns consideration in the form of interest. As per entry 27 of the Notification No. 12/2017-Central Tax (Rate) dated 28 June 2017, services by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount (other than interest involved in credit card services), is exempted from GST.

- Zero rated supplies of services

  As per Section 16 of the Integrated Goods and Services Tax Act, 2017, the following supplies qualifies as zero-rated supply:

  a) export of goods or services or both; or

  b) supply of goods or services or both for authorized operations to a Special Economic Zone developer or a Special Economic Zone unit

  The supply of service undertaken by the Company would qualify as 'export of services' if the Company has complied with the specified conditions mentioned in the definition of term 'export of services' as defined under Section 2(6) of the IGST Act and on fulfillment of other prescribed conditions in this regard.

  Further, the supply of services to SEZ unit or SEZ developer would qualify as 'zero-rated' if the same is for authorized operations of the SEZ and fulfills the other prescribed conditions in this regard.

Notes:

1. The ability of the Company and its material subsidiary or its debenture holders to derive the tax benefits is dependent upon fulfilling such conditions, which based on the business imperatives, the Company, its material subsidiary or its debenture holders may or may not choose to fulfil.

2. The special tax benefits discussed in the Statement are not exhaustive and is only intended to provide general information to the investors and hence, is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences aid the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the issue.

3. The Statement has been prepared on the basis that the shares of the Company are listed on a recognized stock exchange in India and the Company will be issuing shares.

4. The Statement is prepared on the basis of information available with the management of the Company and there is no assurance that:

   - The Company, its material subsidiary will continue to obtain these benefits in future;
   - The conditions prescribed for availing the benefits have been/ would be met with; and
   - The revenue authorities/courts will concur with the view expressed herein.

5. The above views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time.

6. We do not assume responsibility to update the views consequent to such change.

SECTION IV – ABOUT OUR COMPANY

INDUSTRY OVERVIEW

Macroeconomic Scenario in India

As per IMF, Global economy is witnessing downside risks as major policy shifts take control

As per the International Monetary Fund (IMF) (World Economic Outlook – July 2025 outlook), global GDP growth is projected at 3% in CY2025 and 3.1% in CY2026 as compared to 3.3% projected in January 2025 for both CY2025 and CY2026. Global growth numbers have been revised on account of swift escalation of trade tensions and high level of policy uncertainty intensifying downside risks. Global inflation is projected at 4.2% in CY2025 and 3.6% in CY2026. Real GDP in US declined at an annualised rate of 0.5%, marking the first quarterly contraction in three years. Consumer spending grew modestly by 0.5%, following a strong 4.0% rise in the previous quarter. A surge in imports and business investment, particularly in information processing equipment, suggests firms and households front-loaded purchases in anticipation of tariff-driven price increases. Furthermore, the risks to inflation remain significant going forward, with tariffs being imposed by US on imports.

The United States (US) announced a host of tariffs on products such as automobile, automobile parts, steel and aluminium in the first three months of CY2025. Alongside the primary tariffs, the US is planning to charge India with additional 25% tariff in order to penalise the oil imports from Russia. This can hit the Indian exports to USA who currently is a major party to the total exports of India. Introduction of tariffs on major global economies is expected to increase downside risks on global growth.

India expected to remain one of the fastest growing economies in the world

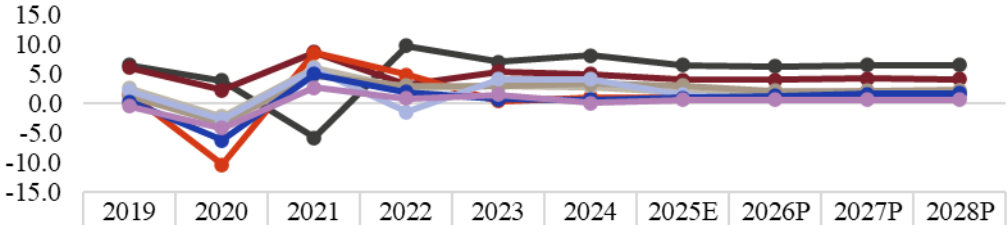

India is expected to remain one of the fastest-growing economies in the world despite challenges posed by global geopolitical instability. The Indian economy was among the fastest-growing even before the Covid-19 pandemic. In the years leading up to the global health crisis, which disrupted economic activities, the country's economic indicators improved gradually owing to strong local consumption and lower reliance on global demand.

Going forward, the expectation of slower global growth, along with anticipated reciprocal tariffs on India after three months, is likely to exert downside risks to growth forecast for fiscal 2026. Uncertainty about the duration and frequent changes in tariffs could also hinder domestic investments. Interest rate cuts, income tax relief, introduction of lower GST rates and easing inflation are expected to provide tailwinds to domestic consumption in Fiscal 2026, while the expected normal monsoon will support agricultural incomes. Moreover, the anticipated decline in global crude oil prices, resulting from a potential global slowdown, is expected to provide additional support to domestic growth.

Private consumption is expected improve further on expectations of healthy agricultural production and cooling food inflation. Softer food inflation should create space in household budgets for discretionary spending. Secondly, the tax benefits announced in Union Budget 2025-2026 and increased allocations towards key asset and employment generating schemes are expected to support consumption. Easing monetary policy by the Reserve Bank of India (RBI) is expected to support discretionary consumption. Crisil Intelligence expects the RBI's Monetary Policy Committee (MPC) to cut the repo rate by 50-75 bps in Fiscal 2026. The central bank's recent liquidity-easing measures and easier regulations for non-banking financial companies are expected to transmit the benefits from an easier monetary policy to the broader economy. Geopolitics will continue to be the key monitorable, given the wide-ranging changes that the Donald Trump administration is expected to bring about. Exports will have to navigate heightened uncertainties given United States (US) tariffs.

Over Fiscals 2022-2024, the Indian economy grew at a faster pace than its global counterparts.

India is one of the fastest-growing major economies (real GDP growth, % on-year)

	2019	2020	2021	2022	2023	2024	2025E	2026P	2027P	2028P

Note: All forecasts refer to IMF forecasts. GDP growth is based on constant prices. Data represented is for calendar years. Growth numbers for India until 2026 are for financial year, 2025 is as per the NSO's second advance estimates for Fiscal 2025. Post Fiscal 2025, all estimates for India are as per the IMF and for calendar years. Data represented for other countries is for calendar years.
Source: IMF (World Economic Outlook – April 2025), Crisil Intelligence

RBI keeps the repo rate at 550 bps and stance to neutral unchanged in the August 2025 Meeting

The Reserve Bank of India's (RBI) Monetary Policy Committee (MPC) had cut key policy rates by 25 basis points (bps) for the policy meeting in April 2025, and by 50 bps in June 2025 meeting. With inflation softening over the last six months, the MPC is shifting its focus to supporting domestic growth, which faces heightened downside risks following geopolitical tensions and weather-related uncertainties.

The repo rate is now 5.50%, standing deposit facility rate is 5.25% and marginal standing facility (MSF) rate is 5.75%. The US Federal Reserve (Fed) reduced the interest rate by 25 bps each in November and December 2024 to 4.25%- 4.50% and kept the rates unchanged in the March meeting. The Bank of England (BoE) in February 2025 eased the UK interest rate by 25 bps to 4.5%.

Repo rate in India (%)

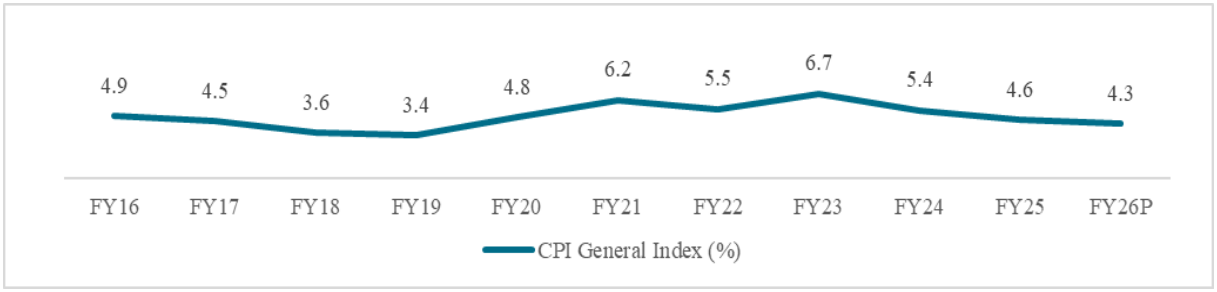

Source: RBI, Crisil Intelligence

Consumer Price Index ("CPI") inflation to average at 4.4% in FY26

Consumer price index (CPI) inflation softened sharply to 4.6% in March 2025 from 5.4% in March 2024 due to easing food inflation and core index. Food inflation eased to 7.3% from 7.5% in March 2024, led by softer inflation in vegetables, pulses and cereals. Core Index has fell sharply to 3.5% from 4.3% mainly owing to easing of housing inflation to 2.8% from 3.9% for the same time period. That said, monthly CPI inflation dropped further in June to 2.1%, the lowest since January 2019 from 2.8% in May as food inflation turned negative and fuel inflation continued easing.US inflation rose to 3.2% in June 2025 from 3%% in January 2025 well above the US central bank's target of 2.0%. Crisil Intelligence expects CPI inflation to continue to soften in FY26 to 4.3%.

Inflation to moderate to 4.4% in Fiscal 2026

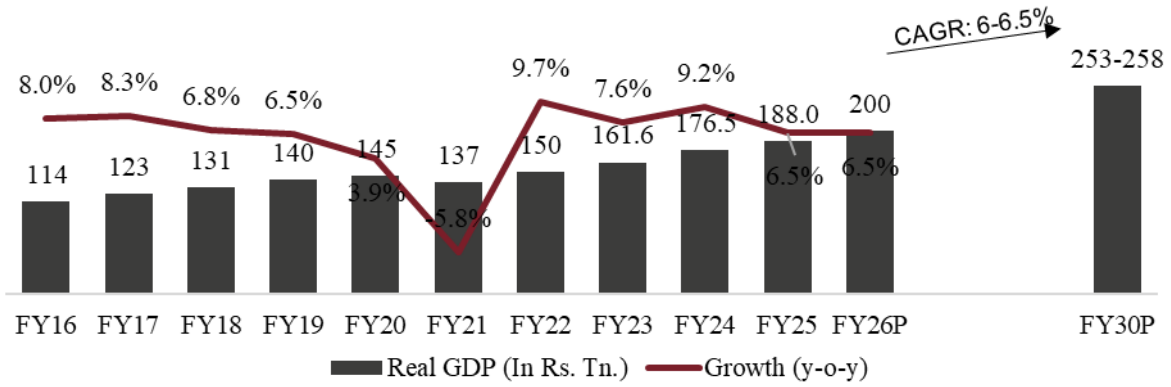

Note: P = Projected, Source: Crisil Intelligence

Macroeconomic outlook for India (Fiscal 2026)

Macro variables	FY25	FY26P	Rationale for outlook
Real GDP (y-o-y)	6.5%#	6.5%	Lower inflation and RBI's rate cuts are expected to boost growth in Fiscal 2026, assuming a normal monsoon and lower crude oil prices. Any substantial pick up in investment growth will hinge on accelerating private capex. Exports face headwinds from tariff hikes initiated by the US.
Consumer Price Index (CPI) inflation (y-o-y)	4.6%	4 3%	In fiscal 2026, food inflation is expected to ease further supported by a healthy rabi crop, assuming normal southwest monsoon that benefits the kharif crop and expectations of soft global food prices. A high base for food inflation this fiscal will also provide some relief. Non-food inflation could see some more hardening lifted by a low base this fiscal and some impact of a weaker rupee. A sharper-than-expected weakening in the rupee, price shock to global oil prices due to any geopolitical turmoil and risks from climate change could impose upside pressures on the forecast.
10-year Government security yield (Fiscal end)	6.7%	6.3%	Crisil expects yields to ease mildly next fiscal, supported by rate cuts, softer inflation and lower crude oil prices. Crisil expects the RBI to cut interest rates further in fiscal 2026 given softening inflationary pressures. However, risks from currency depreciation and any unforeseen flare-up in food prices could impact the timing of rate cuts
Fiscal Deficit (% of GDP) *	4.8%	4.4%	Fiscal consolidation will be made possible via moderating revenue expenditure thrust even as capex focus is broadly maintained. The budget banks on revenue collection to remain robust.
CAD (Current Account Deficit as % of GDP)	-0.6%	-1.3%	Current account deficit (CAD) is expected to increase owing to headwinds to exports from US tariffs. Lower crude oil prices, healthy services trade balance and robust remittances growth will prevent CAD from widening too much.
Rs/$ (March average)	86.6	87.5	A manageable CAD would mean not much pressure on the rupee but geopolitical shocks could keep the rupee volatile

Gross Domestic Product at current prices

Note: E – estimated, P – projected. GDP growth until fiscal 2024 is actual. GDP estimate for fiscal 2025 is based on the NSO's second advance estimates. GDP projection for fiscal 2026 is based on Crisil Intelligence estimates and that for fiscals 2026-2030 is based on International Monetary Fund (IMF) estimates
Source: NSO, Crisil Intelligence, IMF (World Economic Outlook – April 2025)

India is projected to increase its GDP by $ 3 trillion in 6 years from CY2024 to CY2030P, ~ 2.1 times of increase in GDP from CY2012 to CY2024

Note: P = Projected, Source: IMF World Economic Outlook (April 2025 update), Crisil Intelligence

India's GDP increased by $ 1.0 trillion between CY2012 and CY2018 and by $1.2 trillion between CY2018 and CY2024. India is projected to add $ 3 trillion to its GDP between CY2024 and CY2030 driven by factors such as MSME revolution, favourable government initiatives, increasing penetration of financiers into rural India and digitization. The growth of digital lending and financial inclusion initiatives are also expected to play a critical role in supporting India's economic growth and contributing to its GDP.

Key structural trends to drive India's economic growth

Increasing per capita GDP	• India's per capita income (at constant prices) is expected to grow at 5-6% CAGR from FY25 to FY28
Rapid urbanization	• The percentage of the population residing in urban areas in India is expected to increase to 40.0% by 2030 from 37.4% in 2025 .
Favorable Demographics	• India has the highest young population (15-29 years) among major economies
Government support for growth	• Strong government policies to boost economic growth
Lower credit penetration for major asset classes	• MSME credit penetration stands at 12% of GDP (current prices) as of March 2024 • Housing Loan credit penetration stands at 11% of GDP (current prices) as of March 2024
Rural Sector supporting growth	• Tier 3 and 4 cities are expected to grow faster because of favorable government policies and growing credit need
Change in household savings	• India to continue being a high savings economy owing to higher gross domestic savings rate as compared to world average
Rising middle India population	• Middle income households are expected to continue growing with rising GDP and household incomes.
Increasing financial inclusion and digital payments	• Increasing financial inclusion has emerged as a critical structural driver of growth for India, with the potential to unlock new opportunities

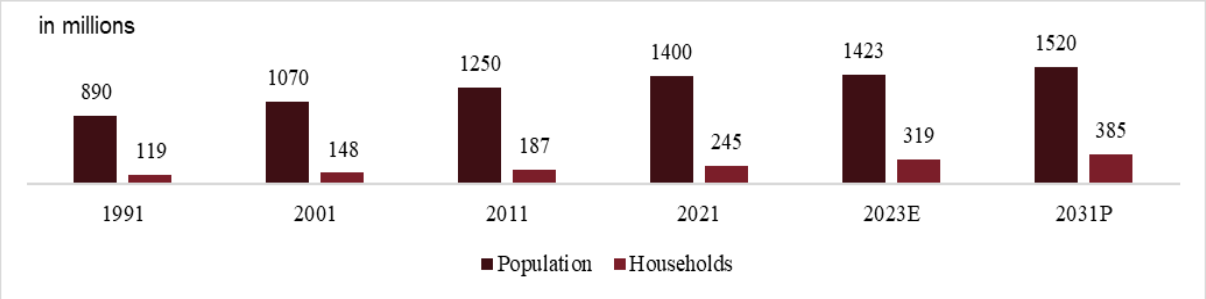

Source: RBI, Crisil Intelligence

Key growth drivers

India has the world's largest population

As per Census 2011, India's population was ~1.3 billion and comprised nearly 187 million households. The population, which grew at nearly 1.5% CAGR between 2001 and 2011, is expected by Crisil Intelligence to have increased at 1.1% CAGR between 2011 and 2021 and reached 1.4 billion. The population is expected to reach 1.5 billion by 2031, and the number of households are expected to reach to ~385 million at a CAGR of 4.6% from FY21 to FY31.

India's population growth trajectory and number of households

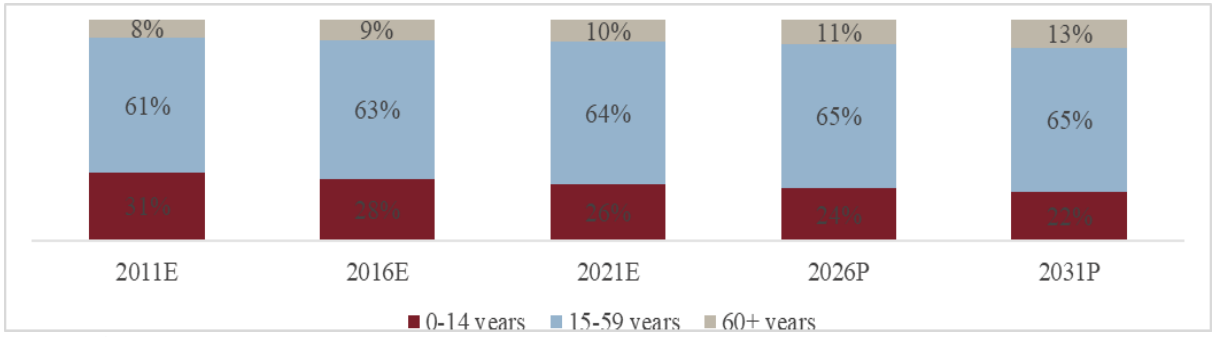

Note: As at the end of each Fiscal. P: Projected, Source: United Nations Department of Economic and Social Affairs, (https://population.un.org/wpp/), Census India, Crisil Intelligence

Favourable demographics

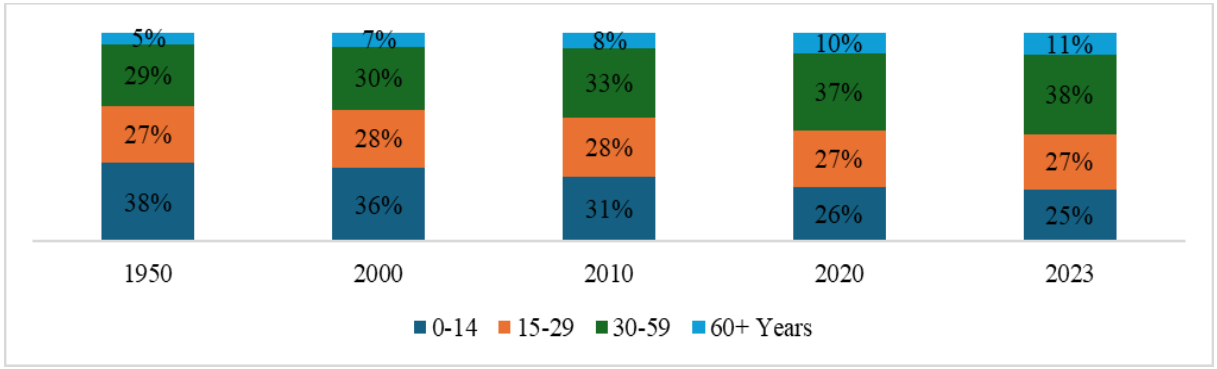

India has one of the world's largest youth populations, with a median age of 28 years. About 90% of Indians are below 60 years of age. As of CY 2023, it is estimated that India had the highest share of young working population (15-29 years) compared to major developed and developing countries with the share of 27%. Crisil Intelligence expects that the large share of working population, coupled with rapid urbanisation and rising affluence, will propel growth in the economy.

Source: World Urbanization Prospects 2024

India has the highest share of young population (15-29 years) among the major economies (CY2023)

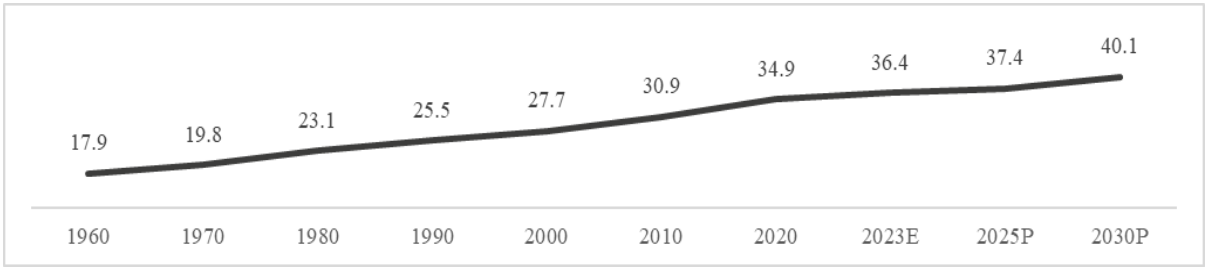

Source: World Urbanization Prospects: 2024

Rising Urbanization

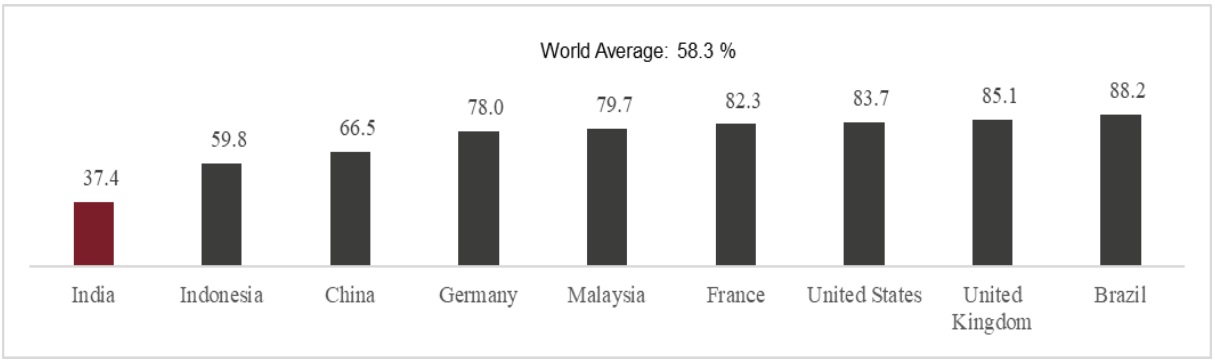

Urbanization is one of India's most important economic growth drivers. It is expected to drive substantial investments in infrastructure development, which in turn is expected to create jobs, develop modern consumer services, and increase the ability to mobilize savings. India's urban population has been rising consistently over the decades. The urban population has gradually shown a growth from 23% in FY1980 to 27.7% in FY2000 and further to 34.9% in FY2020. By 2030, 40% of India's population is projected to live in urban areas, still lower than in developed nations. To address education challenges, India needs to prioritize urban planning, building more schools with adequate infrastructure and digital access. This will help bridge the digital divide, promote remote learning, and ensure equal access to education. Investing in education planning and infrastructure is crucial for India's human capital and economic development.

Increasing per capita GDP

India's per capita net national income at constant price expanded 5.5% in FY25, reflecting robust economic growth and the government's continued endeavour to make the country an upper middle-income economy. As per IMF estimates, India's per capita income (at constant prices) is expected to grow at 5-6% CAGR in real terms from FY25 to FY28.

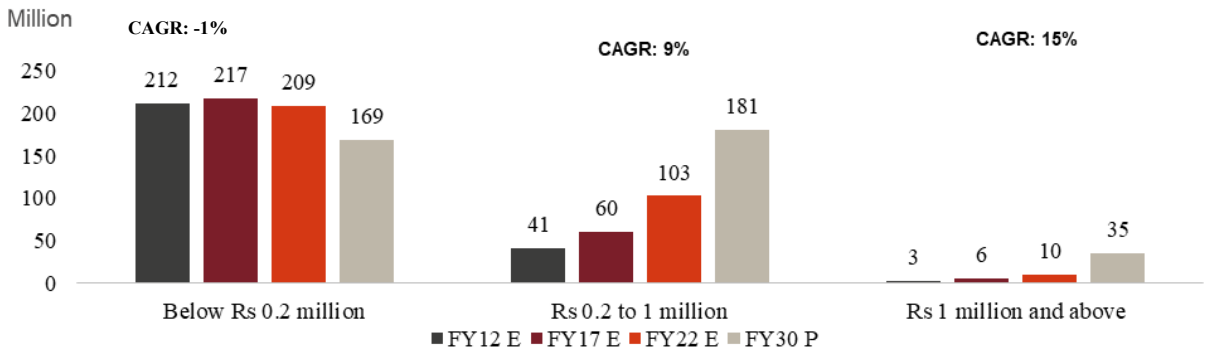

Per capita NNI	FY2025 (Rs. '000)		Growth of Real GDP Per Capita at constant prices (%)											
	Current prices	Constant prices	FY14	FY15	FY16	FY17	FY18	FY19	FY20	FY21	FY22	FY23	FY24	FY25
	205	115	4.6	6.2	6.7	6.9	5.5	5.2	2.5	-8.9	7.6	5.7	8.2	5.5

Note: P – projected. (^) Per capita NNI as per Second Advance Estimates of Annual GDP, 2024-25

Rising Middle India population to help sustain economic growth

The proportion of "Middle India" (defined as households with annual income of Rs 0.2-1.0 million) has been on the rise over the past decade and is expected to continue increasing with rising GDP and household incomes. Crisil Intelligence estimates there were 41 million middle-income households in India in FY2012 and by FY2030, expects it to increase to 181 million households. A large number of households that have entered the middle-income bracket in the past few years are likely to be from semi-urban and rural areas. As per NSS 76th round (2018), 83.3% of households were living in pucca dwelling units compared to 74.6% as per 69th NSS round (2012).

Middle India households projected to witness CAGR of 9% b between FY12 to FY2030

Note: E: Estimated, P: Projected; Source: Crisil Intelligence

MSME Revolution

The backbone of India's economy, MSMEs significantly contribute to the country's growth, accounting for approximately 29% of the GDP, 45% of manufacturing output, and providing employment opportunities to a substantial 11 crore people. The growth of MSMEs is crucial in generating employment opportunities for the Indian population. Crisil Intelligence believes that improvement in literacy levels, increasing access to information and awareness, increase in the availability of necessities and improvement in road infrastructure have increased the aspirations of Middle India, which is likely to translate into increased demand for financial products and opportunities for providers of financial services providers.

Rural sector supporting India growth story

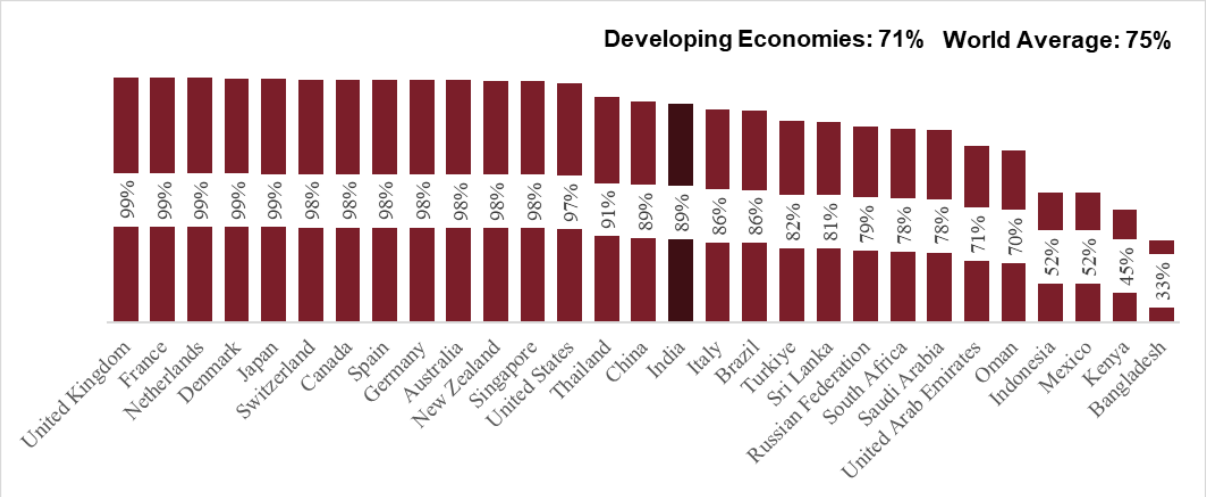

India's rural segment has been a key driver of the country's consumption growth story in recent years. In the past decade, the rural segment in India has expanded at a rapid pace, driven by factors, such as rising disposable income, urbanisation, and the proliferation of e-commerce.

According to the Economic Survey, the government strategy has been that of an integrated and sustainable development of rural India. The government aims to fuel rural growth through decentralised planning, better access to credit, skilling of youth, enhanced livelihood opportunities, empowerment of women, social security net provision, basic housing, education, health and sanitation facilities, etc.

Financial Inclusion on a fast path in India

According to the World Bank's Global Findex Database 2025, the average global percentage of adult population with an account opened with a bank, financial institution or mobile money provider, was approximately 75% in calendar year 2024. India's financial inclusion has improved significantly over calendar years 2014 to 2024 as adult population with bank accounts increased from 53% to 89% (Source: Global Findex Database) This remarkable progress can be attributed to the Indian government's concerted efforts to promote financial inclusion through a range of initiatives, including the launch of Jan Dhan Yojana, the proliferation of mobile banking and digital payments, and the implementation of government subsidies and benefits such as the Direct Benefit Transfer (DBT) scheme. Moreover, advancements in financial technology have also contributed to this significant improvement in financial inclusion.

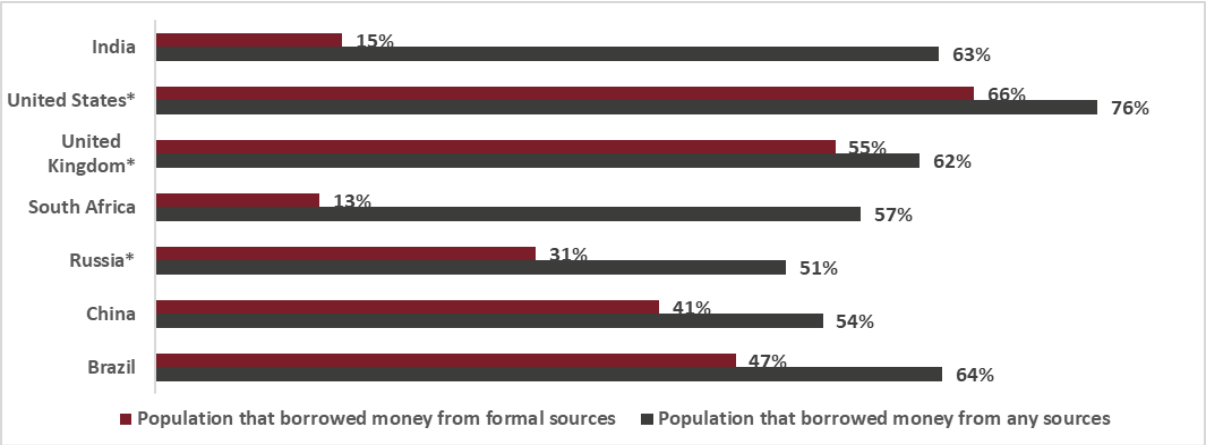

Adult population with a bank account (%): India vis-à-vis other countries

Notes: 1. Global Findex data for India excludes northeast states, remote islands and selected districts. 2. Account penetration is for the population within the age group of 15+, Source: World Bank – The Global Findex Database 2021, Crisil Intelligence

As per the Global Findex Database 2021, ~53% of the world's 650 million unbanked adults live in only eight countries (India, Bangladesh, China, Indonesia, Egypt, Mexico, Nigeria and Pakistan), of which almost 31% (230 million) are in India. This shows an immense opportunity for furtherance of financial inclusion

Only 15% of India's population borrowed money from formal sources (CY2024)

*Note: Global Findex data for India excludes northeast states, remote islands and selected districts. 2. Data is for the population within the age group of 15+, * Data consists for CY2021*
Money borrowed from formal sources includes money borrowed from Banks, NBFCs and usage of credit card.
Source: World Bank – The Global Findex Database 2025, Crisil Intelligence

Financial penetration to rise with increase in awareness and access of financial products

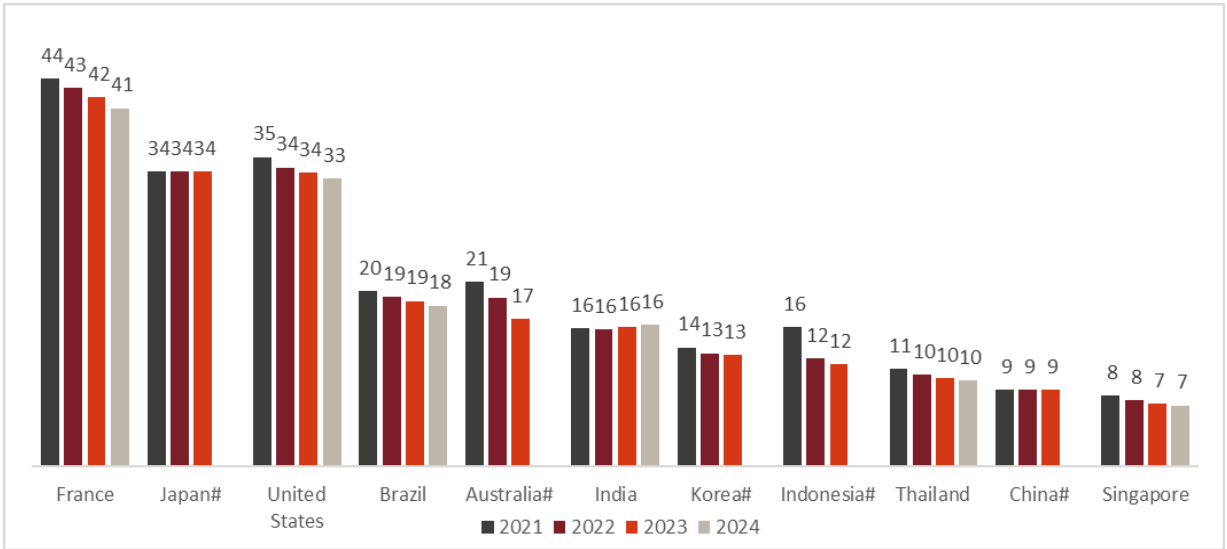

Overall literacy in India was at 77.7% as per the results of NSO survey conducted from July 2017 to June 2018, which is still below the world literacy rate of 86.5%. However, according to the National Financial Literacy and Inclusion Survey (NCFE-FLIS) 2019, only 27% of Indian population is financially literate indicating huge gap and potential for financial services industry. The survey defines financial literacy as a combination of awareness, knowledge, skill, attitude, and behaviour necessary to make sound financial decisions and ultimately achieve individual financial wellbeing.

Government initiatives like Pradhan Mantri Jan Dhan Yojana, financial literacy programs, and continuous focus on financial inclusion have increased financial literacy, resulting in significant uptick in demand for financial products, particularly in smaller cities over the past few years. Going forward, Crisil Intelligence expects financial penetration to increase on account of increasing financial literacy.

Under-penetration of the Indian banking sector provides opportunities for growth

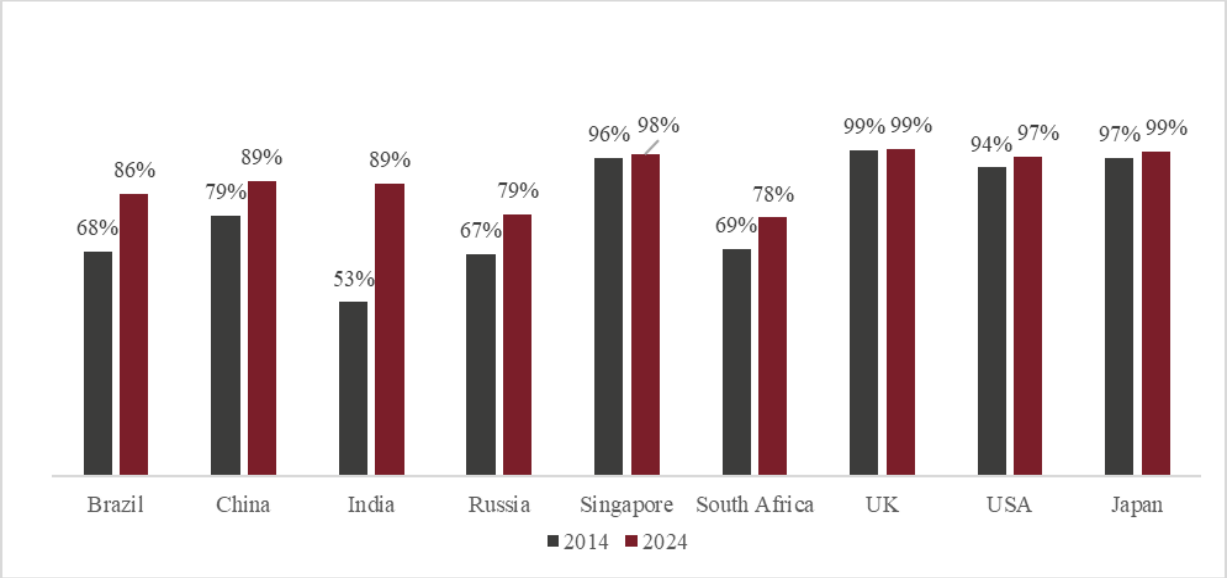

The Indian banking sector is significantly under-penetrated as observed in the current bank credit-to-GDP ratio of 56% for India as of the fourth quarter of CY2023. The number of commercial bank branches as well as ATMs in India per 100,000 people, contrast in comparison to other countries. This provides immense opportunities for banks and other financial institutions over the long term.

Number of Commercial Bank Branches per 100,000 Adults (CY)

Digital Public infrastructure reforms by Government of India

Digitization improves the transparency and efficiency of government processes, and widespread digital transformations help governments and institutions with policy implementation and broad policy outreach. The key idea for Digital Public Infrastructure (DPI) is not the complete digitization of narrow public services but the establishment of a building block of digital modularity, which can be used modularly by both government and private players to create the specific digital infrastructure required. The India Stack is a collective name for a set of open APIs and public goods in digital form like DigiLocker, UPI, e-sign etc.

Household savings expected to increase

In 2023, India's gross domestic savings as a percentage of GDP declined to 28.4%, reflecting a downward trend from 2023 when it reached 29.5%, highlighting the economy's increased consumption. Decline is also in line with global trend where the savings rate has reduced to 26% in 2024 from 27% in 2023. India remains favourable in terms of gross domestic savings rate compared with most other emerging market peers slightly higher than the world average of 27% in 2024.

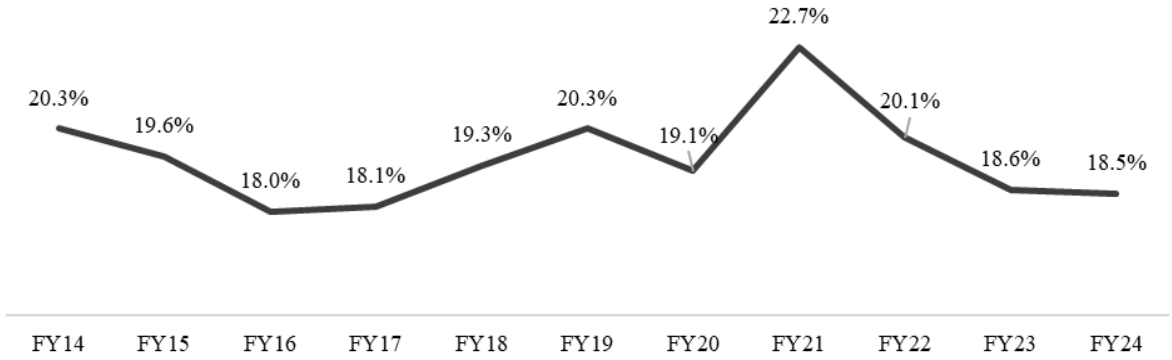

India's gross domestic savings rate is higher than global average (2024)

Note: The savings rate is in % of GDP, # Data as of 2023
Source: World Bank, Crisil Intelligence

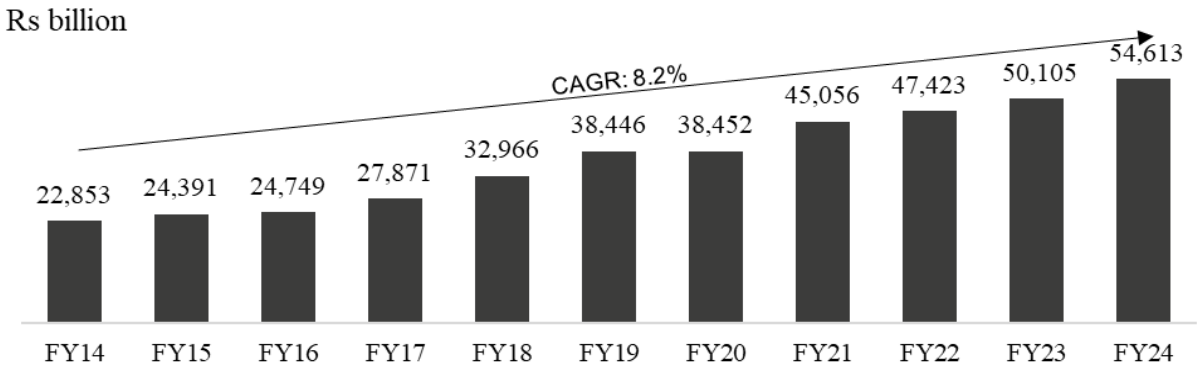

During the pandemic, household savings as a percentage of GDP increased from 19.1% in Fiscal 2020 to 22.7% in Fiscal 2021. However, household savings moderated to 18.6% in Fiscal 2023 and 18.5% in Fiscal 2024, due to households borrowing at a faster pace than they were saving since the pandemic. This was driven by a significant retail credit push by lenders, increased willingness among individuals (particularly the younger demographic) to borrow, and enhanced access to lenders facilitated by technological advancement. Crisil Intelligence expects India to remain a high-savings economy owing to a higher gross domestic savings rate than the global average.

Digitization aided by technology to play pivotal role in growth of economy

Technology is expected to play an important role by progressively reducing the cost of reaching out to smaller markets. India has seen a tremendous rise in fintech adoption in the past few years. Among many initiatives by the government, the Unified Payments Interface (UPI) is playing a pivotal role towards financial inclusion. It provides a single-click digital interface across all systems for smartphones linked to bank accounts and facilitates easy transactions using a simple authentication method. The volume of digital transactions has also seen a surge in the past few years, driven by increased adoption of UPI. Apart from financial services industry, digitization in other industries like retail will also play an important role in the growth of economy.

Younger users to drive adoption of smartphones

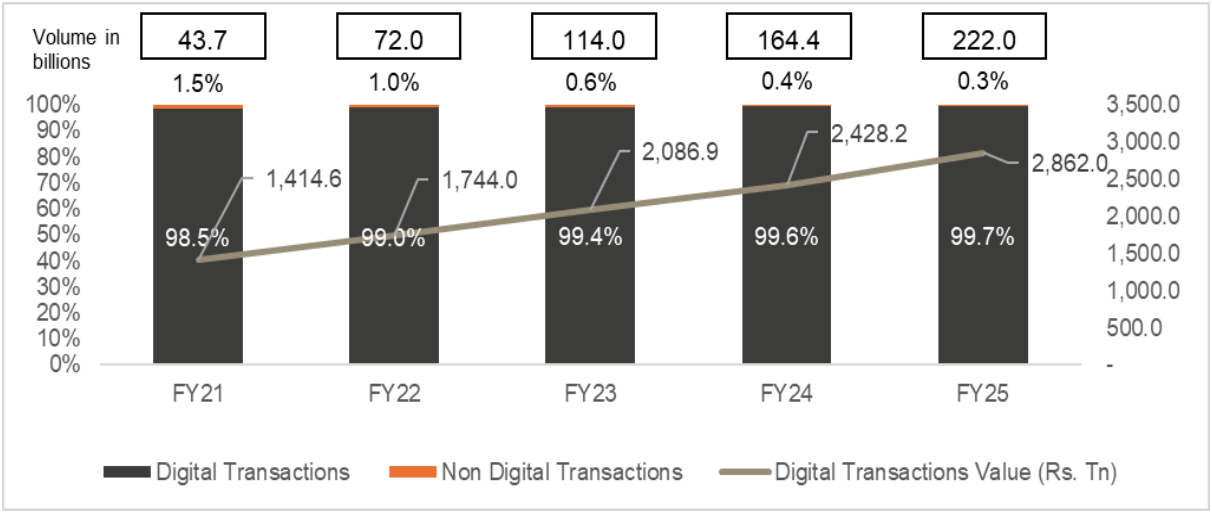

Note: E: Estimated, P: Projected; Source: Crisil Intelligence

Digital payments have witnessed substantial growth

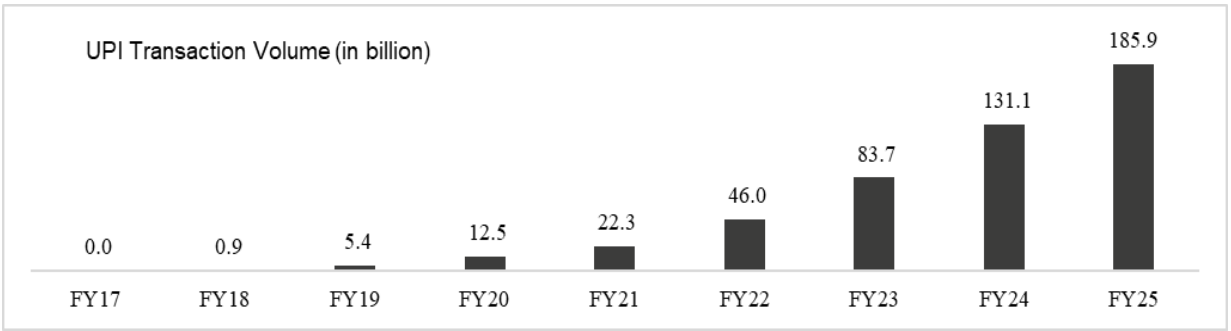

Higher mobile penetration, improved connectivity, and faster and cheaper data supported by Aadhaar, and bank account penetration have led India to shift from being a cash-dominated economy to a digital one. Total digital payments in India have witnessed significant growth over the past few years. Between FY21 and FY24, the volume of digital payments transactions increased from 43.7 billion to 164.4 billion, growing at a CAGR of ~56%. During the same period, the value of digital transactions has increased from Rs. 1,414.6 trillion in FY21 to Rs 2,428.2 trillion in FY24. Consumers are increasingly finding transacting through mobile convenient. Crisil Intelligence expects the share of mobile banking to increase dramatically over the coming years. In addition, Crisil Intelligence expects improved data connectivity, low digital payment penetration and proactive government measures to drive digitalization in the country.

Trend in value and volume of digital payments

Key Drivers for Growth of Digital Lending in India

Multiple Hurdles for Physical Lending Channels

Physical lending channels, such as bank branches and storefront lenders, face multiple hurdles in today's digital age. One major challenge is the high operational costs associated with maintaining a physical presence, including rent, utilities, and staffing expenses. Additionally, these channels often struggle to provide a seamless customer experience, with lengthy application processes and limited hours of operation. Furthermore, physical lending channels may not be able to reach a wider audience, particularly in rural or underserved areas, limiting their accessibility and scalability.

Efficiency in Catering to Credit Pan-India in Remote / Tier-2+ Regions via Digital Lending

Digital lending has transformed the way credit is accessed in remote and tier-2+ regions of India, bringing remarkable efficiency in meeting the credit requirements of underserved populations. Through digital channels, lenders can now reach borrowers in even the most remote areas, without requiring having physical branches leading to reduced operational expenses. Digital lending platforms make use of sophisticated data analytics, artificial intelligence, and machine learning algorithms to evaluate creditworthiness, streamline loan processing, and swiftly disburse funds. This empowers lenders to provide customized loan products to borrowers in remote regions who were previously excluded from the formal credit sector. Additionally, digital lending platforms offer a smooth and user-friendly experience, enabling borrowers to apply for loans and monitor their applications remotely, thereby advancing financial inclusion and narrowing the credit disparity in India's remote and tier-2+ regions.

Higher ability to cross sell as 360-degree view in customer lifecycle

Digital lending, with its sophisticated data analytics and technology-driven approach, has a higher ability to cross-sell other financial products to its existing customer. This is made possible by the platform's capacity to maintain a comprehensive 360-degree view of the customer throughout their lifecycle This comprehensive view allows lenders to understand customer behavior, preferences, and financial needs more accurately, enabling them to identify cross-selling opportunities tailored to individual customers. With insights gained from this holistic view, lenders can offer relevant financial products or services at the right time, enhancing customer satisfaction and increasing the likelihood of successful cross-selling.

Phygital Network Key for Distribution + Underwriting

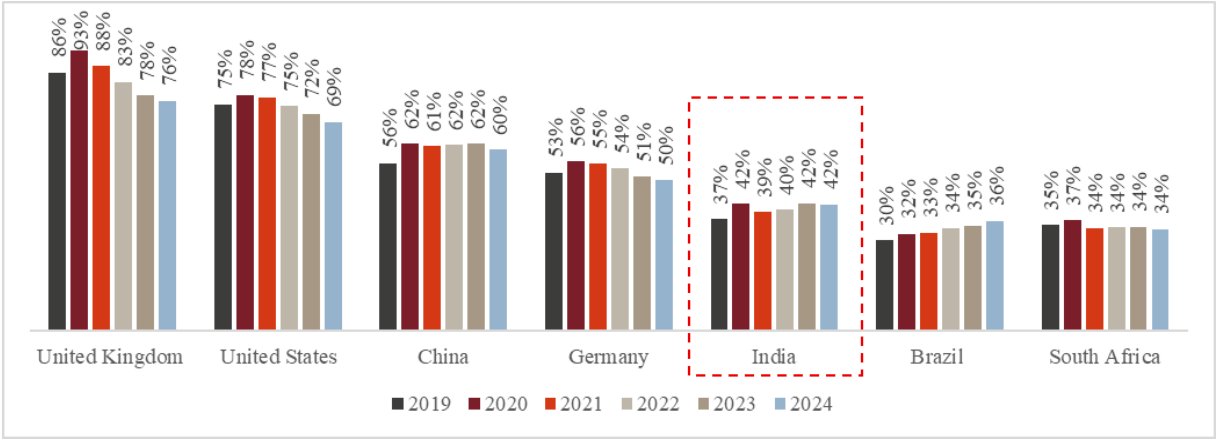

By combining the benefits of physical and digital channels, phygital networks enable lenders to reach a wider audience, increase operational efficiency, and reduce costs. Physical touchpoints, such as branches, provide a human interface for customers who require guidance and support, while digital channels facilitate seamless onboarding, loan processing, and disbursal. This hybrid approach allows lenders to leverage the strengths of each, ensuring a more efficient and effective distribution of loan products. Moreover, phygital networks enable lenders to gather richer data and insights, which can be used to refine underwriting models, improve risk assessment, and make more informed lending decisions.

Overview of Credit Scenario in India

Significant retail credit gap exists in India, as compared to other nations

Significant retail credit gap exists in India, as evident by India’s household credit to GDP ratio of 43% as of H1CY24, as compared to 62%, 71% and 78% for China, United States and United Kingdom respectively. With rising financial awareness, government’s continuous efforts for financial inclusion and rising credit accessibility to the underserved population, credit penetration in India is expected to rise. The surge in credit penetration would be led by growth in retail credit.

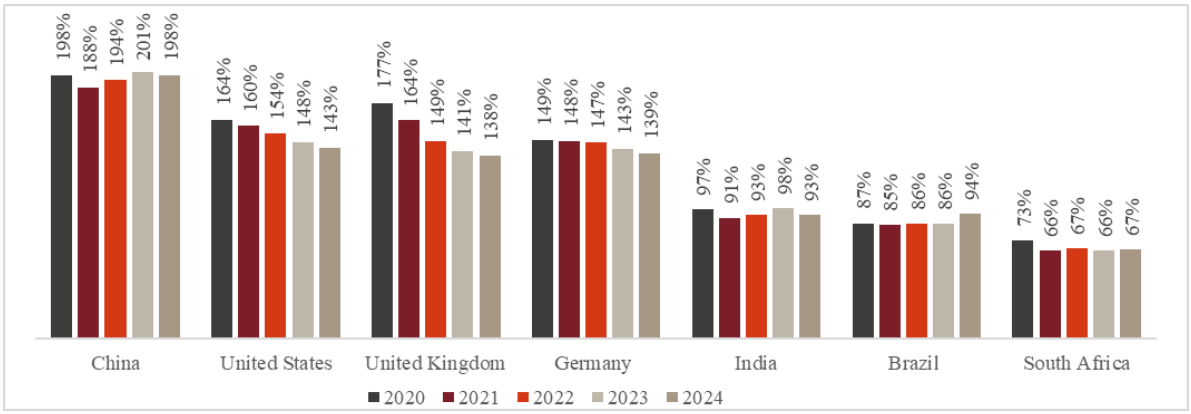

Household credit to GDP ratio of India and peer countries (CY20-CY24)

Note: Ratios as of December each CY. Source: Bank of International Settlements, Crisil Intelligence

Overall credit to GDP ratio in India stood at 93% as of CY24, which was significantly lower as compared to 138% for United Kingdom, 143% for United States and 198% for China, signalling significant room for credit penetration in the nation.

Credit to GDP ratio from (CY20-H1CY24)

Note: CY is as of December for all years. Source: Bank of International Settlements, Crisil Intelligence

Levels of banking credit penetration indicate growth opportunities for financiers

Chandigarh, Delhi, Maharashtra, Telangana, Kerela and Tamil Nadu have a banking credit to GDP ratio of more than 100% as of March 2025 which indicates that banking credit penetration in the state is higher as compared to other states in India. Based on the credit penetration data, there seems a huge scope for increasing bureau coverage as well in India. Further, people who don't have credit history, formal income proofs, documentation, etc. still rely on informal sources for debt which comes at a very high cost. It could provide growth opportunities for NBFCs which provide loans at reasonable rates.

State wise credit penetration (March 2025)

States	GSDP - constant prices FY25 (in Rs. Billion)	Banking Credit FY25 (in Rs. Billion)	Credit Penetration - FY25	% credit in rural areas - FY25	% credit in semi urban areas - FY25	% credit in urban areas - FY25	% credit in metropolitan areas - FY25

Rural and semi-urban India – Under penetration and untapped market presents a huge opportunity for growth of financiers

Bank credit to metropolitan areas has decreased over the past few years with its share decreasing from 66% as of March 31, 2019, to 59% as of March 31, 2025. Between the same period, credit share has witnessed a marginal rise in rural (7% as of FY19 to 9% as of FY25) and semi-urban areas (12% as of FY19 to 14% as of FY25). As of March 31, 2025, rural areas, which is estimated to account for 47% of GDP, received just 9% of the overall banking credit, which shows the vast market opportunity for banks and NBFCs to lend in these areas. With increasing focus of government towards financial inclusion, rising financial awareness, increasing smartphone and internet penetration, Crisil Intelligence expects delivery of credit services in rural area to increase. Further, usage of alternative data to underwrite customers is also expected to help banks and NBFCs to assess customers and cater to the informal sections of the society in these regions.

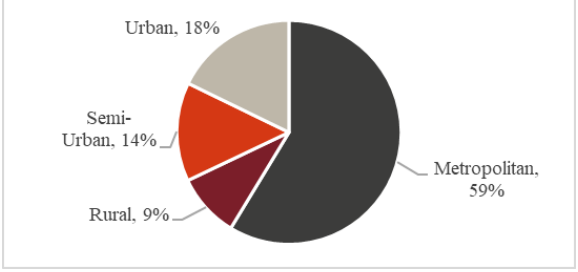

Share of rural and semi-urban regions in banking credit increased marginally between FY19 & FY25

Systemic credit

Crisil Intelligence projects systemic credit to grow at 13-15% between FY25 and FY28.

Systemic credit to grow by 13-15% between FY2025 and FY2028

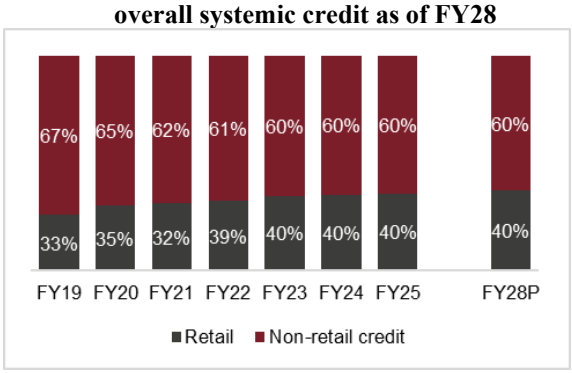

Note: P: Projected, E: Estimated, Systemic credit includes domestic banking credit (after deduction of bank lending to NBFC), NBFC credit, commercial papers, external borrowings, corporate bonds excluding those issued by Banks and NBFC.

Source: RBI, Company Reports, Crisil Intelligence

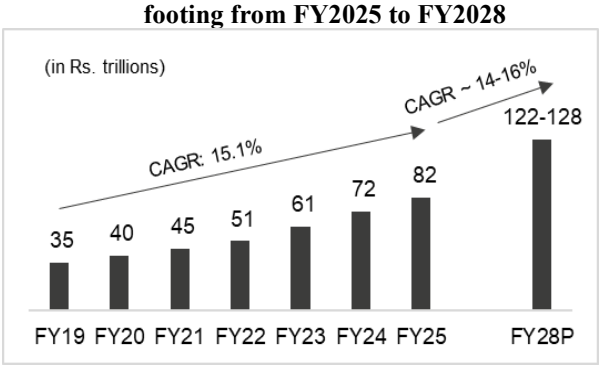

The retail credit including small ticket loans for asset classes such as Housing finance, Vehicle Financing, Gold Loans, Education Loans, Consumer Durables, Personal loans, credit cards and microfinance, in India stood at Rs. 82 trillion, as of FY25 which rapidly grew at a CAGR of 16% between FY19 and FY25. Retail credit grew at 13% in FY25 supported by steady demand in underlying assets like housing, auto and growth in credit card and personal loans growth driven by consumption. The Indian retail credit market has grown at a strong pace over the last few years and is expected to grow further at 14-16% between FY25 and FY28. Moreover, the increasing demand and positive sentiments in the Indian retail credit market, presents an opportunity for both banks and NBFCs to broaden their investor base. However, sustained inflation and increase in lending rates could moderate the retail credit growth.

Retail segment is projected to account for 40% of overall systemic credit as of FY28

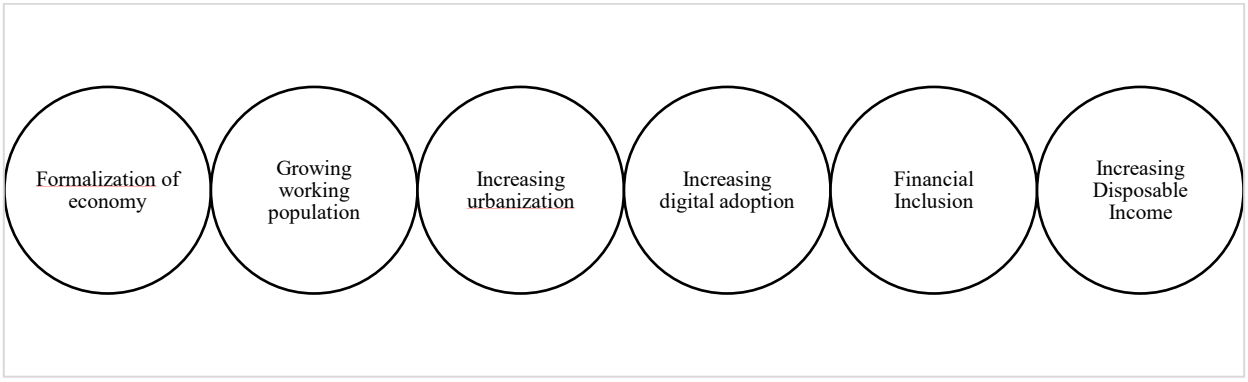

Note: E: Estimated, P: Projected. The above percentages are calculated on total systemic credit

Overview of NBFC Sector in India

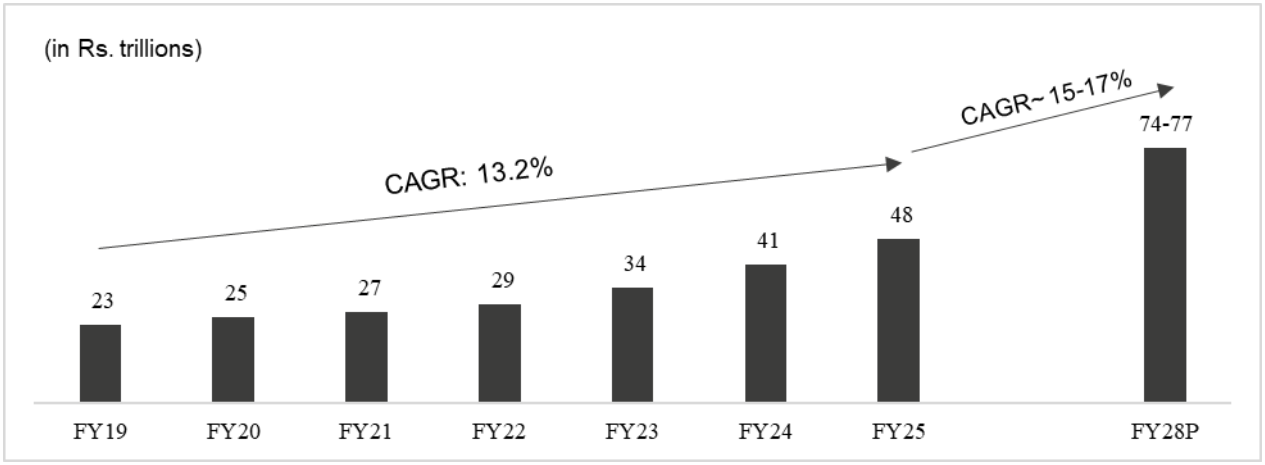

The Indian financial system includes banks and non-banking financial companies (NBFCs). Though the banking system dominates financial services, NBFCs have grown in importance by carving a niche for themselves by catering to customers in underbanked regions or those who would not be catered to by traditional financial institutions, due to absence of credit history or lack of proper collateral records.

NBFC Market Landscape

NBFC Credit to grow faster than systemic credit

The credit growth of NBFCs which has trended above India's GDP growth historically, is expected to continue to rise at a faster pace. NBFCs have shown remarkable resilience and gained importance in the financial sector ecosystem, growing from less than Rs 2 trillion AUM at the turn of the century to Rs. 48 trillion at the end of FY25. During FY19 to FY25, NBFC credit is estimated to have witnessed a growth at CAGR of 13.2%. NBFCs AUM as of FY14 was approximately Rs. 12.9 trillion which has grown at a 10 year CAGR of 14% to Rs. 48 trillion as of FY25. Rapid revival in the economy is expected to drive consumer demand in FY26, leading to healthy growth in NBFCs.

NBFC credit to grow at 15-17% between FY25 and FY28

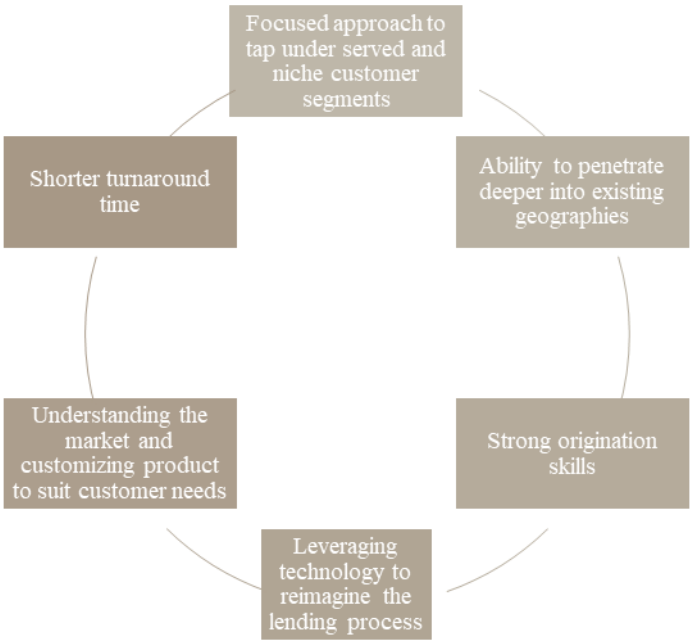

Note: P = Projected, E: Estimated; HDFC is not considered while calculating overall NBFC Credit, Source: RBI, Company reports, Crisil Intelligence

Going forward, Crisil Intelligence expects NBFC credit to grow at 15-17% between FY25 and FY28 driven by growth in retail segment, and MSME loans in the wholesale segment continuing to be the primary drivers.

NBFC's share in systemic credit is estimated to have increased from 12% in FY08 to 13% in FY14 to 21% in FY25. Overall, consolidation in certain corporate groups and other corporate activities indicate buoyancy in the NBFC space and expectations of healthy credit growth.

Crisil Intelligence believes that NBFCs will remain a force to reckon within the Indian credit landscape, given their inherent strength of providing last-mile funding and catering to customer segments that are less in focus by the Banks. Going forward, NBFCs are expected to continue to gain market share over other lenders due to their ability to provide flexible lending solutions and tailored services, focused approach to tap under-served and niche customer segments, ability to penetrate deeper into geographies, leveraging technology to reimagine the lending process, strong origination skills and shorter turnaround time.

Growth of NBFCs reflects the customer value proposition offered by them.

Source: Crisil Intelligence

With high focus on retail loans, NBFCs are driving financial inclusion

The NBFC sector has, over the years, evolved considerably in terms of size, operations, technological sophistication, and entry into newer areas of financial services and products. The number of NBFCs as well as the size of the sector have grown significantly, with several players with heterogeneous business models starting operations. The increasing penetration of neo-banking, digital authentication, and mobile phone usage as well as mobile internet has resulted in the modularization of financial services, particularly credit. Overall NBFC credit during FY 2019 to FY 2025, is estimated to have witnessed a CAGR of

~13.2% which was majorly led by retail segment which is estimated to have witnessed a CAGR of ~15.4%, while NBFC non-retail credit is estimated to have witnessed a growth of ~11.5% during the same time period.

NBFC Growth Drivers

NBFCs are better placed than traditional financial institutions like banks to service the growing credit need in niche segments in India. NBFCs help fill gaps in the availability of financial services with respect to products, customer and geographic segments. A strong linkage at the grassroots level makes them a critical cog in the financial machine. They cater to the unbanked masses in rural and semi-urban reaches and lend to the informal sector and people without credit histories, thereby enabling the government and regulators to realize the mission of financial inclusion. Some of the factors favoring the growth of NBFCs are:

- Rural Reach – NBFCs have access to geographies which are outside the ambit of banks' geographies and customer segments
- High Touch Model – NBFCs have strong ownership of its customers through the regular interactions done by them
- Specialized Underwriting – NBFCs have put in place digitized, and data linked systems through which they have been able to provide credit to people with informal income and those with Self Occupied Residential Property /Self Occupied Commercial Property, faster and effectively.
- Understanding of Micro Markets – NBFCs have gained expertise in understanding the nuances of the rural and semi-urban geographies.

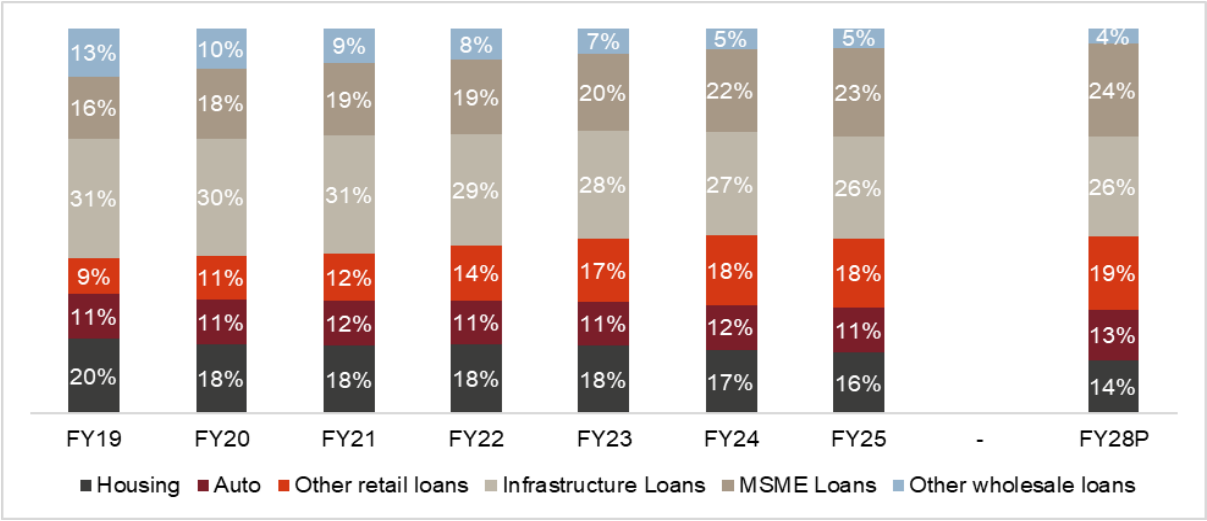

MSME, Housing and Auto Financing contributed ~47% to overall NBFC credit in FY2025

Though infrastructure accounts for the highest share in NBFC credit (27%) as of FY2025, its share in the overall NBFC credit outstanding has come down over the past years from 31% in FY2019. Retail and MSME segments are expected to experience higher growth in the upcoming fiscals. MSME credit accounted for 23% share as of FY2025, witnessing a rise in its market share from 16% in FY2019. Housing and auto segment constitute ~16% and ~11% share in overall NBFC credit as of FY2025.

The retail loan growth rate is expected to increase moderately to 17-18% in fiscal 2026, driven by growth in housing, vehicle, and consumer durable loans. However, NBFCs are expected to maintain a cautious approach to unsecured lending due to visible stress in the microfinance and personal loan segments. The growth of gold loans is expected to normalize after the exceptional growth recorded in fiscal 2025.

In contrast, the wholesale segment's growth rate is projected to decline slightly, mainly due to an expected slowdown in infrastructure disbursements. Nevertheless, MSME and corporate and real estate loans are expected to continue to see an uptick.

Distribution of NBFC Credit across asset classes

Note: Other retail loans include gold loans, microfinance loans, personal loans, consumer durable loans, education loans, Other wholesale loans include wholesale loan and construction equipment loan;
Source: Company reports, Crisil Intelligence

Growth of asset classes

Asset class (Rs trillion)	FY25 portfolio outstanding (Rs. trillion)	Share of NBFCs/HFCs/ NBFC-MFIs as of FY25	Overall portfolio CAGR (FY20-FY25)	NBFCs/HFCs portfolio CAGR (FY20-FY25)

Banks continue to gain share in borrowing mix of NBFCs; expected to undergo moderation in near to medium term

Share of bank's lending to NBFCs have almost doubled during last 10 years.

Going forward, Crisil Intelligence believes that funding access would gradually improve for NBFCs who are able to demonstrate strong performance. Reliance on bank funding is expected to remain at 38% as of FY2025, while it is expected to moderate in the near term with impact of RBI circular on risk weight and further transmission of rate hikes accelerated by deficit liquidity in the banking system.

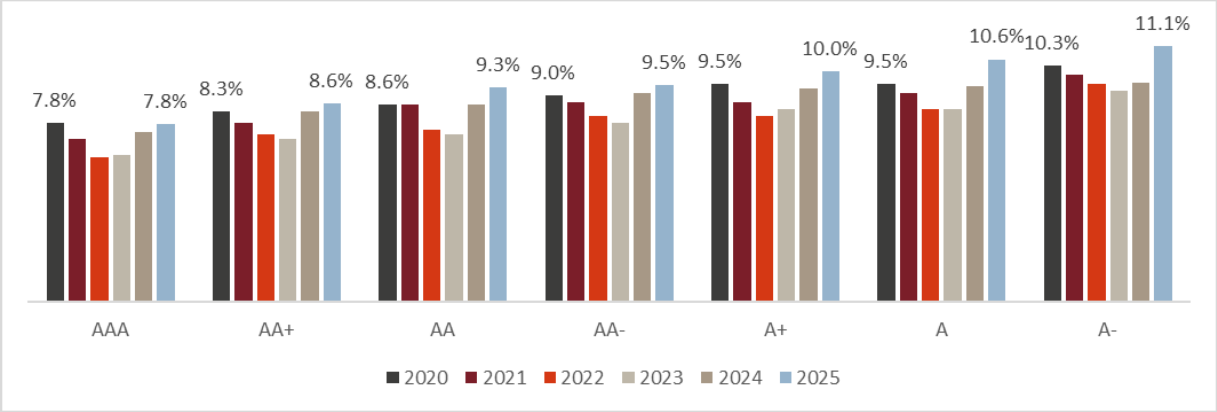

The RBI circular acted as a catalyst against the backdrop of rapid growth of unsecured lending by NBFCs and banks. As per Crisil Intelligence, impact of RBI circular will be higher on players giving unsecured loans. The impact of the circular was visible with reduced growth in unsecured segment in second half of FY2024.

Bank borrowings expected to remain primary source of funds for the NBFCs, apart from NCDs

Note: Based on sample set of NBFCs accounting for more than 80% of overall borrowings of NBFCs as of March 2023; For FY23, NCD includes Debt Securities and NCDs, Bank includes Banks and National Housing Bank, and Others include Related Parties, Foreign Institutions, External Commercial Borrowings, and other sources
Source: Company reports, Crisil Intelligence

Average cost of borrowings for companies issuing bonds in the last five fiscals

Source: Crisil Intelligence

Average cost of borrowing for companies increases with deterioration in credit rating. With softer policy rates abroad, large NBFCs have also tapped overseas funding options through the external commercial borrowing (ECB) route. Going forward with a decline in rates globally the share of borrowing via the ECB route is expected to see an uptick in current and next fiscals. Commercial papers in past have remained on a lower end as a financing source for NBFCs, however, the instrument has seen an uptick during FY2025 on account of non-banks accessing the short-term funding market in anticipation of rate decline in the near-term post which the options of bond and bank term loan funding would be more attractive. However, the pass on of interest rate will come with a lag and hence the cost of funds is expected to be higher for most NBFCs creating pressure on margins in the near term.

Alternatively, NBFCs have also started exploring several other sources of funds through securitization, there are generally two types of securitization structures, direct assignment (DA) and pass-through certificate (PTC), the common feature of these two types of transactions is that they both involve pooling of loans and selling them to a counterparty, therefore transferring credit risk. Crisil Intelligence expects, securitisation will continue to remain an important tool for NBFCs to mobilise liquidity.

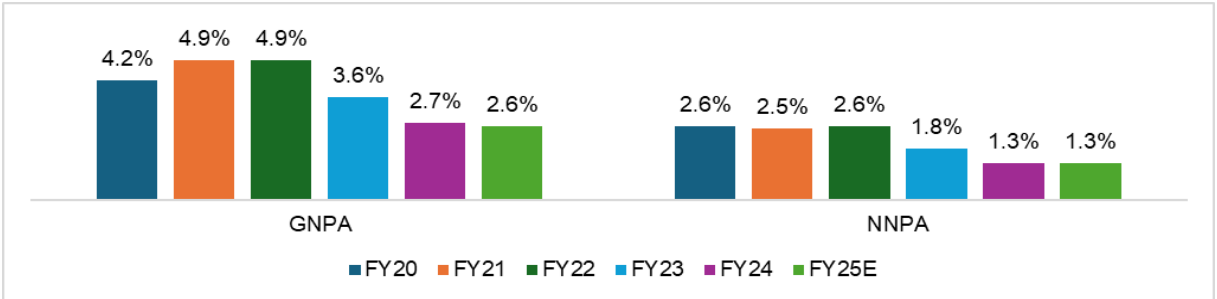

Importance of Liability Management by an NBFC:

Liability Management is an important requirement for any NBFC ensuring there is continuous flow of fund to be used for on lending by an NBFC. Matching liability with asset management helps in financial stability of the NBFC as well as helps in future business planning. It becomes an integral part of effective risk management of an NBFC. RBI as a monitor for country's financial stability also monitors NBFCs asset liability returns. Impact of interest rate sensitivity on an NBFC's portfolio is also monitored by a prudent asset liability framework. Ability of an NBFC to raise liability at duration profile that matches asset side at competitive costs is also a key important factor. NBFCs with better credit ratings (A and above) have been able to consistently raise long term funds from the market during adverse business cycles.

Asset Quality

Asset quality for NBFCs is influenced by various factors such as economic cycle, target customer segment, geographical exposure, and local events. Within the NBFC universe itself, it is observed that various asset classes tend to exhibit heterogeneous behaviour. For example, the asset quality in small business loans and personal loans tends to be highly correlated with the macroeconomic environment. This is because asset quality is more influenced by domestic factors, events that have wide ranging repercussions such as demonetisation and COVID-19 and relative leverage levels amongst borrowers.

Improving asset quality of NBFCs gives more comfort for mid-term growth

Note: For calculating GNPA and NNPA, 100 NBFCs are considered that collectively account for loans and advances of Rs 23,000 billion as on March 31, 2024, The above set excludes PFC and REC Limited. Source: RBI, Crisil Intelligence

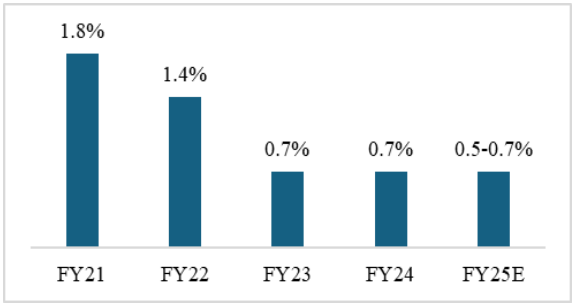

Asset quality metrics improved in FY2023 for two reasons. Firstly, the RBI decision to defer the implementation of the NPA upgradation norm until September 30, 2022, as announced in its circular dated February 15, 2022, provided a crucial breathing space for NBFCs. This circular, which built upon the earlier guidelines issued on November 12, 2021, regarding prudential norms for income recognition, asset classification, and provisioning, had introduced stricter criteria for upgrading loan accounts from NPAs to standard assets. The deferment allowed NBFCs a reasonable transition time to recalibrate processes, revamp their collection infrastructure and teams, and persuade borrowers to align with the new dispensation. Second is the improvement in macro-economic activity, which acted as a tailwind.

Asset Quality for NBFCs improved in FY2024 on account of normalisation of economic activity and improved collection efficiency across segments with the gold segment being an exception. The asset quality of NBFCs continued the improvement trend till March 2024. In FY2025, asset quality improved for all retail segments except for microfinance where overleveraging of underlying borrowers was the key reason for deterioration. Housing, personal loans, vehicle and gold loans recorded improvement in asset quality supported by resilient underlying customer base from the impact of high interest rates as well as tightened monitoring and collection efforts by NBFCs.

In FY2024 and FY2025, credit cost moderately declined on account of improved collections and lower asset quality stress translating to moderate increase in RoA.

Gold loans

Gold loan growth momentum to continue

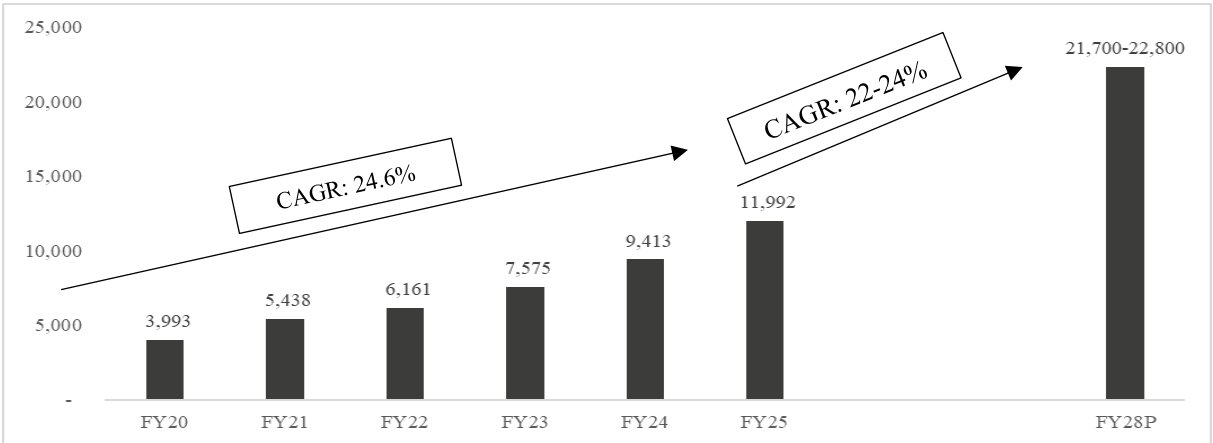

Between fiscals 2020 and 2025, the gold loan industry clocked a CAGR of 24.6%, with the portfolio of banks growing faster than that of NBFCs. However, fiscal 2025 saw NBFCs grow 28.2% compared with 27.2% of banks, while the overall segment grew 27.4%, supported by a rise in gold prices, customer addition and tonnage growth, underscoring strong demand.

The average gold prices increased 28% over the past 12 months as of June 2025. Further, for top two NBFCs, which accounted for 59% of the NBFC gold loan market as of March 2025, saw the tonnage growth of 4.9% and an 8.3% rise in active gold loan customer, indicating strong demand for gold loans.

Gold loans became a preferred option for financial institutions on account of strong demand for credit amid rising concerns over asset quality and overleveraging in the unsecured loan segment.

Going further, the overall segment is expected to grow by 22-24% between fiscal 2025 and fiscal 2028. Gold loan NBFCs will continue to lose market share to banks amid competition in the segment, although their disbursements are expected to recover. The Reserve Bank of India (RBI) issued revised directions for gold loans on June 6, 2025, which include changes to the loan-to-value (LTV) limit and credit appraisal. These changes are expected to support sustainable growth, although stricter norms on renewal and top-up may have a moderating effect.

Gold loan AUM to benefit from rising gold prices

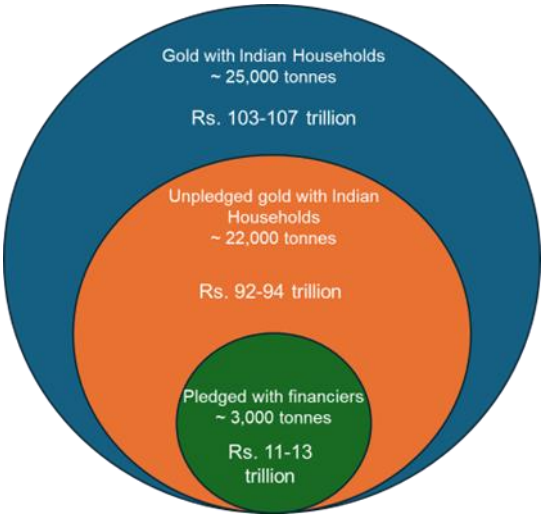

P- Projected
Source: Crisil Intelligence

Gold loan penetration in India estimated to be approximately at 12%

As per World Gold Council, Indian households store approximately ~ 25,000 tonnes of gold with them. Post assuming an LTV of 70-75%, organised gold loan penetration in the country (defined as quantum of gold pledged with organised financiers' divided by total stock of gold in the country) is estimated to be approximately at 12% as of March 2025, which presents a reasonable growth opportunity for players going forward. While low penetration provides an opportunity to grow, gold prices can be a key factor while looking at penetration because in case of increasing gold prices, customers need to keep less gold with the lender for the same amount of loan. Similarly, in case of decrease in gold prices, lenders will ask for more gold to keep as collateral, which would increase the penetration. Crisil Intelligence believes that going forward, gold loan penetration is expected to increase further on geographical diversification, rising branch network and expectations of micro-enterprises using gold loans to fund working capital requirements. Wider acceptance of doorstep gold loan service and online availability of gold loans from leading financiers' is also expected to buoy growth.

Unpledged gold with Indian households presents an attractive opportunity for gold loan financiers (as of March 2025)

Note: The above portfolio outstanding number includes agriculture lending by banks with gold as collateral and includes priority sector gold loans given by financiers. Gold Value for above numbers has been taken as Rs. 6,000 per gram.
Source: Crisil Intelligence

India's gold loan space witnesses evolving dynamics

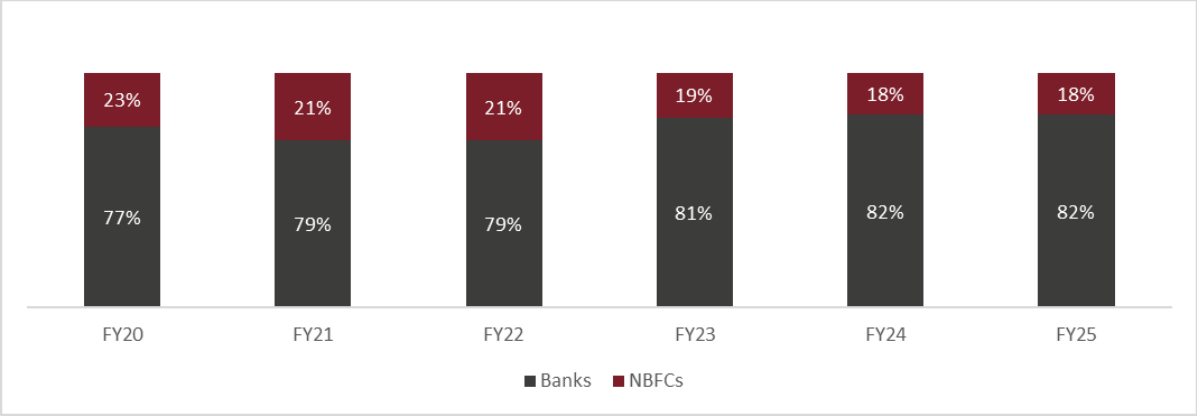

Banks have enjoyed a majority share in the domestic gold loan market historically. After fiscal 2021, despite lowering of the regulatory cap on LTV to 75%, banks continued to grow in the segment, as the country reeled under the impact of the second pandemic wave and subsequent reimposition of lockdowns.

With banks aggressively focusing on the segment, gold loan NBFCs have seen a sustained reduction in their share. Banks are competing in the organized gold loan financing market by focussing on agri-gold loans, which qualify for priority sector lending, along with offering lower interest rates to existing-to-bank (ETB) customers in higher ticket However, gold loan NBFCs compete on turnaround time (as low as 5-15 minutes), service levels and ease of processing, wider and deeper reach geographically.

In FY25, the competition among bank and NBFC witnessed some normalisation. However, the ban on one of the key NBFC benefited some large NBFCs and banks, allowing them to gain market share, which got evenly distributed among all players. Also, lesser availability of unsecured loans for the borrowers in the market created more demand for secured gold loan leading to new customer acquisitions, moderating demand from banks further benefitted the industry players. Going forward, the top NBFCs in gold finance space are expected to register a healthy double-digit growth rate.

However, recent concerns raised by the RBI on irregular practices among NBFCs, including weaknesses in maintaining LTVs, may negatively impact NBFC growth as this may keep delinquencies elevated. The RBI has highlighted the lack of a robust system for periodical LTV monitoring, which is only checked at the time of sanction and not thereafter. This could lead to a shift in market share in favour of banks and other players, posing a downside risk to NBFC growth.

NBFCs face stiff competition as banks are expected to gain market share in coming years

Note: The above portfolio outstanding number includes agriculture lending by banks with gold as collateral and excludes priority sector gold loans given by financiers.
Source: Company Reports, Crisil Intelligence

NBFCs compete on the basis of operating efficiency, turnaround time, local connect while managing risks

Despite banks having a competitive advantage of offering gold loans at lower cost, gold loan NBFCs have been trying to compete with banks through aggressive expansion of branch and increased focus on customer experience. NBFCs focus more single-mindedly on the gold loans business and have, accordingly, built their service offerings by investing significantly in manpower, systems, and processes as per the needs of the customer, some of which are listed below:

1. **Lower turnaround time and lesser documentation**: The gold loan borrower generally wants to procure the loan as quickly as possible and availability of well-trained and experienced employees in assessment and valuing gold helps NBFCs to disburse loans faster as compared to a bank.

2. **Wider reach and better local connect**: NBFCs have a geographically wider and deeper reach, especially in rural and semi-urban regions, where demand for gold loans is higher

3. **Risk management process**: Most NBFCs have put in place a comprehensive and robust risk management process taking into account their experiences over the years and the key risks in the process including steps taken to prevent fraud, store the gold safely, and recoup losses in case of a loan turning non-performing.

4. **Operational Efficiency:** Gold loan finance requires operational efficiency in storing, securing, transporting and auctioning assets. In fiscal 2025, key gold loan players Muthoot Finance and Manappuram Finance achieved significant growth of 41% and 19%, respectively, in assets under management (AUM) per branch, indicating improved operational efficiency. Since they together account for 59% of the NBFC gold loan market, their performance sets the benchmark for the industry.

Looking to compete more effectively with banks and Fintechs, gold loan NBFCs are expanding their reach and customer base through focused marketing strategies, and also by increasing advertising and employee incentives. They are also working towards ringfencing their high-value customer base (loans >Rs 2 lakh), which is targeted by the banks, and expanding to cater to rural low-income customers. The majority of customer base of gold loan NBFCs, though, remains stable, as banks typically cater to higher ticket sizes.

The gold loan portfolio of NBFCs logged a CAGR of 18.5% between fiscals 2020 and 2025 despite low credit growth of 9.2% in 2023. NBFCs grew their gold loan portfolio at a robust 18.2% in fiscal 2024 and 28.2% in fiscal 2025. Crisil Intelligence, project the gold loan credit growth of NBFCs at 24-26% this fiscal on account relaxation in the revised gold loan framework, rising gold prices and tighter underwriting standards for unsecured and microfinance loans.

The average ticket size of gold loans has increased over the past five years, since higher gold prices have created headroom for incremental credit due to lowering of the LTV ratio. Since the LTV ratio for NBFCs is capped at 75%, the increase in the average ticket size suggests a rise in the gold loan portfolio owing to higher gold prices. Thus, the AUM growth is also led by an increase in ticket size, in addition to higher volumes.

Increase in average ticket size contributed to loan book growth

Average Ticket Size (Rs Lakhs)	FY20	FY21	FY22	FY23	FY24	FY25
Manappuram Finance	0.39	0.45	0.57	0.58	0.59	0.68
Muthoot Finance	NA	0.61	0.69	0.70	~0.83	~0.93

Average Ticket Size (Rs Lakhs)	FY20	FY21	FY22	FY23	FY24	FY25
IIFL Finance	0.56	0.59	0.70	0.63	0.90	1.00

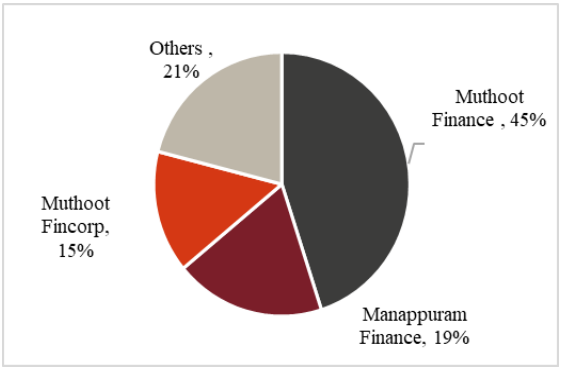

Source: Company reports, Crisil Intelligence

Rising penetration will drive organised gold loans market share

The shift in customer preference to organised players from unorganised ones will also support credit growth, largely because the latter charge exorbitant interest rates and provide little clarity on valuation of gold and the LTV ratio. Also, there is no assurance that the pledged asset will be returned. Crisil Intelligence believes the share of organised financiers will grow on increasing gold loan penetration in the country through geographical diversification and wider popularity of this mode of financing.

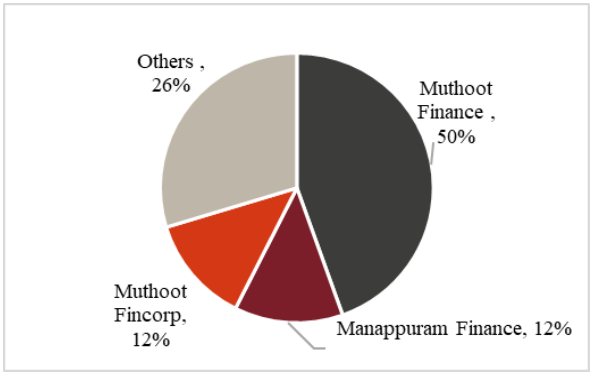

Market Share Shift among gold loan players with key players losing considerable market share

Market Share as of Fiscal 2020

Note: The above market share is calculated on total gold loan book of NBFCs. Source: Company Reports, Crisil Intelligence

Market Share as of Fiscal 2025

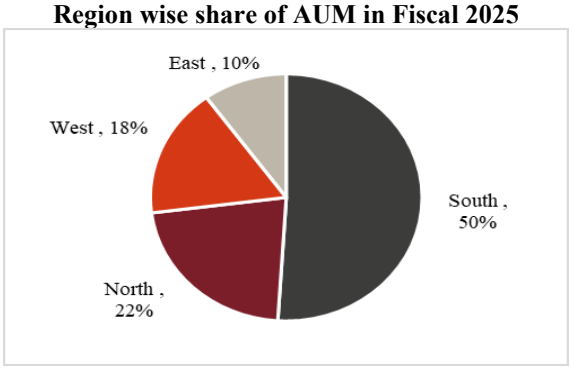

Note: The above market share is calculated on total gold loan book of NBFCs. Source: Company Reports, Crisil Intelligence

Southern India retains a major share of AUM

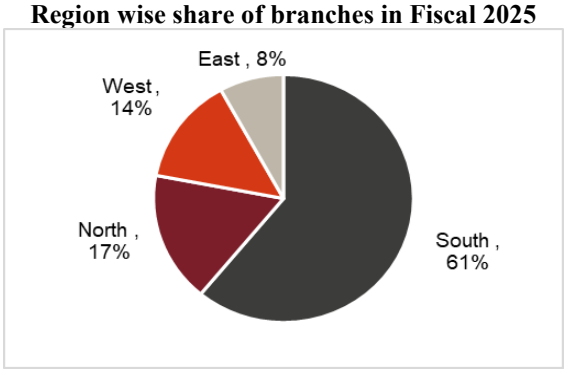

Southern India will continue to have a dominant share in AUM of gold loan NBFCs, though the players will increase their penetration in other regions. Changing consumer perception of gold loans, driven by increasing awareness and funding requirements, will give an impetus to the sector in the other regions.

Region wise share of AUM in Fiscal 2025

Note: Aggregate includes Muthoot Finance and Manappuram Finance. Source: Company Reports, Crisil Intelligence

Region wise share of branches in Fiscal 2025

Note: Aggregate includes Muthoot Finance and Manappuram Finance. Source: Company Reports, Crisil Intelligence

According to Crisil Intelligence, southern states accounts for 50-55% of the overall gold loan AUM due to the following factors:

1. Gold owners in the region have better awareness about the utility of the yellow metal as a collateral to raise funds

2. The region has seen the origination and establishment of gold loan franchisees, which have devised simple procedures that ensure quick loan disbursement

3. Though the south continues to dominate, several players have been shifting focus to untapped markets in the eastern and western regions, where there are fewer branches, but they provide an incremental growth opportunity.

Asset Quality

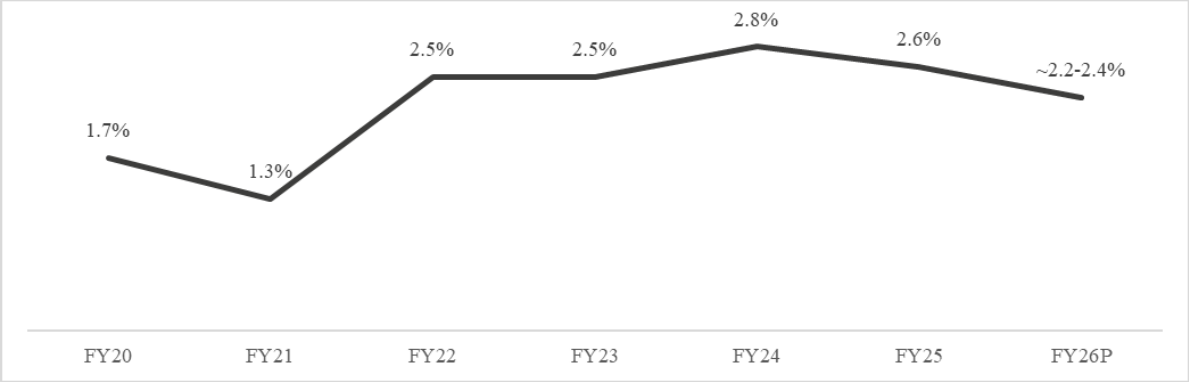

The asset quality of gold loans deteriorated in the first half of fiscal 2025, with the gross non-performing assets (GNPA) ratio increasing to 3.2% as of September 2024. This was attributed to lenders deferring auctions due to surging gold prices and the

emotional attachment of customers to their gold holdings. The decision of some major lenders to adopt a customer-focused approach, supported by adequate cushion from rising gold prices, resulted in higher GNPA levels. Banks' asset quality saw a modest improvement in March 2025, with GNPAs decreasing to 2.6% by the end of fiscal 2025, indicating a slight enhancement in the overall credit quality of the portfolio.

Crisil Intelligence expect the asset quality to remain stable, with a projected GNPA ratio of 2.2-2.4% in fiscal 2026. However, a marginal increase in the GNPA ratio may be anticipated due to the liquidity constraints faced by existing borrowers, which will be required to undergo a fresh credit assessment prior to availing renewal or top-up loans, provided the loans are classified as standard.

However, potential risks to asset quality may arise from the RBI's revised directions, which exempt loans up to Rs 2,50,000 from a detailed credit appraisal, as well as a potential decline in gold prices amid ongoing geopolitical uncertainties, which could impact recoveries from auctions. Furthermore, an increase in the LTV ratio for disbursements could render such loans more susceptible to declines in gold prices. These factors may have a bearing on the asset quality of gold loan NBFCs and, therefore, warrant close monitoring to mitigate potential risk.

GNPA levels are likely to stay high, with a slight improvement forecast for Fiscal 2026

Overview of Real Estate Financing

NBFC's Real Estate Financing Credit book to change direction owing to increasing developer's penetration in the Indian market

Over the past few fiscals, non-banking financial companies' (NBFCs) lending to the real-estate sector has undergone a considerable change in terms of size, complexity, and interconnectedness with the financial sector. Majority of housing finance companies (HFCs) are downsizing their real-estate portfolios due to asset quality concerns, but few are actively expanding and have been able to do well owing to prudent credit quality and monitoring, diversified portfolio books and quality customer sourcing strategy.

Factors affecting residential housing demand post pandemic:

- Supply rationalisation post pandemic
- Pent-up demand and tax incentives
- Concessions in stamp duty
- Sustained economic growth and hybrid working model

Top residential markets witnessed strong momentum in the past few fiscals supported by sustained economic growth and continuation of hybrid working models. Demand has declined in FY25 over high base; expected to revive in next fiscal. Consumers have witnessed affordability hit by sharp capital value appreciation amid high interest rates. Also, on account of the Real Estate Regulatory Authority (RERA), there has been increased demand for RERA compliant houses, which increases the social security of the home buyer that the House possession will be delivered on time.

Rising supply of housing projects helped in housing sales revival post pandemic

Rising supply and demand of commercial real estate projects expected to grow

The commercial real estate market is expected to grow and expand supported by the healthy growth of Indian corporate and start-up ecosystem and their need for office space, strong office leasing trend and advent of the global capabilities centres (GCCs) of the multinationals.

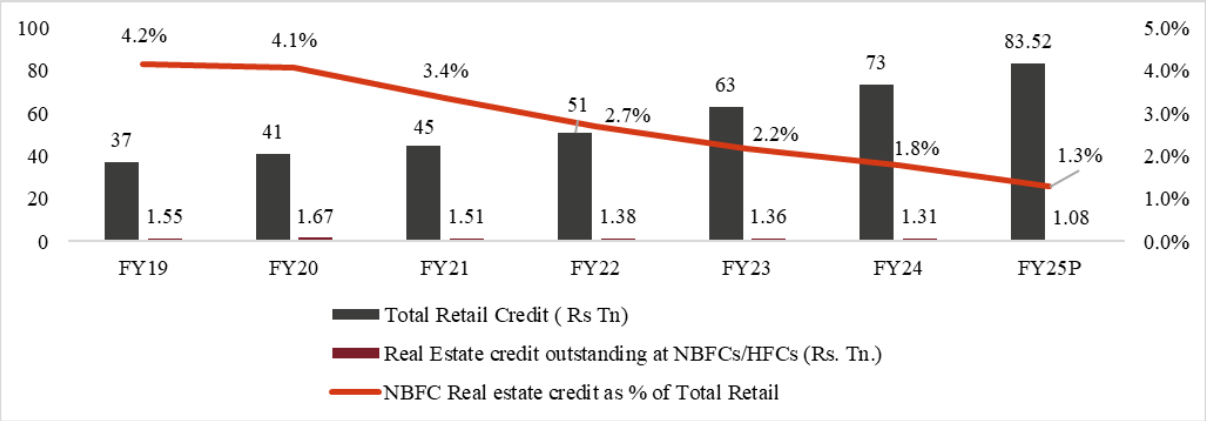

Demand for commercial real estate to reach 62 msf in fiscal 2025

Source: CRISIL Intelligence estimates

NBFCs were cautious in lending to both the corporate and real-estate sectors. NBFCs have reported a decline in their lending to the segment, as they have been prioritising retail credit over wholesale lending. Volatile asset quality driven by high ticket sizes is the primary reason why these NBFCs have been gradually shedding their wholesale portfolios.

NBFC real estate credit as a % of total retail credit

Source: Company reports, RBI, Crisil Intelligence

NBFCs' real-estate credit is estimated to improve in Fiscal 2026

NBFCs real-estate lending is estimated to decline to ~Rs 1.08 trillion in Fiscal 2025 from ~Rs 1.67 trillion in Fiscal 2020, primarily due to asset quality stress aggravating from pandemic-led lockdowns as real estate industry was already in considerable stress before Covid-19.

The pandemic and its aftermath accelerated the growth of affordable housing market, outpacing other segments. This was fuelled by an uptick in affordable real-estate demand in Tier II and III cities. With a young population demographic, major cities have been burdened to fill the supply-demand gap in housing and commercial real estate. Since the pandemic has now subsided, demand for luxury and prime housing is on the rise. Affordable housing demand, on the other hand, has moderated due to lower affordability within the targeted segment. The traditional funding practices of developers included payments collected at the time of property booking, construction-wise payments from customers or their lenders, developers' own capital and bank or NBFC borrowings. Furthermore, sudden changes in economic and global conditions have rendered projects volatile,

elevating the risk of bankruptcies. To address this, the Government of India has promoted a more diversified resource mix for developers, wherein they are introduced to the capital markets to raise capital through real-estate investment trusts (REITs) as an alternative financing source.

With downsizing of wholesale and real-estate lending books being majorly completed in Fiscal 2025 as most of the portfolio transition by NBFCs is likely to have been completed. In Fiscal 2026, the demand is expected to moderate to (10-12%) with increase in demand from TierII and Tier III cities, lower housing finance loan rates on the back of easing repo rates and growing demand of flexible work spaces in India.

The rising real estate prices and a preference for asset-light business models drive the inclination towards leasing over purchasing properties, particularly in sectors like Organised Retail and IT services. Leasing shifts capital expenditure to operating expenditure, eliminating the need for long-term resource raising to support corporate growth plans, in result driving the demand for lease rental discounting loan.

Key Growth Drivers

Rise in urbanization to create demand for residential real estate in urban India: Urbanisation provides an impetus to housing demand in urban areas as migrants from rural areas require dwelling units. In 2020, about 35% of Indian population lived in urban areas of the country and this share of urban population is expected to increase to about 40% in by 2030. This trend in urbanization has pushed the demand for houses in urban areas.

Infrastructure development across India is driving growth in the real estate sector: The development of infrastructure plays a key role in enhancing the demand for residential estate. Infrastructure development leads to an increase in connectivity through railways, air, and road, reducing commute time. Well planned transportation infrastructure attracts investments and business which further creates demand for commercial and residential real estate. Also, other infrastructure development such medical facilities, educational institutions, entertainment hubs, retail market, business centers, schools, retail outlets etc. promote real estate prices as these infrastructure projects are the most preferred aspect for residential real estate buyers.

Focus on integrated lifestyle especially by millennial buyers: Nowadays, residential real estate buyers, especially millennials, have key preferences for their homes. These residential real estate buyers look for work-life balance and seek residences which offer modern amenities, vibrant communities, and access to leisure and entertainment options. They prefer integrated townships with gated communities which offer a variety of amenities such as fitness centers, swimming pools, and recreational spaces. Due to this, developers today are focusing on offerings to cater these lifestyle-based preferences, resulting in real estate development projects for aspirations and dreams of millennial generation.

Asset quality

Real Estate sector has greater levels of stress than other segments

Overall stress in the real estate segment has remained higher than other segments. Crisil Intelligence estimates the overall stress in the real estate book to be high as commercial real estate showed a deterioration in asset quality. The GNPAs for of non-banks (including HFCs) has moderated marginally during fiscal 2023, however, for few players the GNPAs are being on high double digit due to continued decline in real estate book and no new disbursements. Crisil Intelligence estimates the overall GNPA to have remained on a higher side at 10-12% during fiscal 2024.

Key Risks in the Overall Real Estate Financing Industry

Operational risk in project approvals and construction: Operational risks in real estate financing include project delays due to legal issues, funding shortfalls, or logistical challenges, and construction risks such as poor construction quality, labour shortages, and unreliable contractors. Effective project management, regular monitoring, and contingency planning are essential to mitigate these risks and ensure timely project completion.

Increasing preference towards renting rather than buying: The millennial generation is expected to drive a significant shift in the housing market, with a growing preference for renting over buying homes. The rise of the sharing economy, co-living spaces, and online rental platforms is also contributing to this trend, making it easier and more appealing for millennials to rent rather than buy.

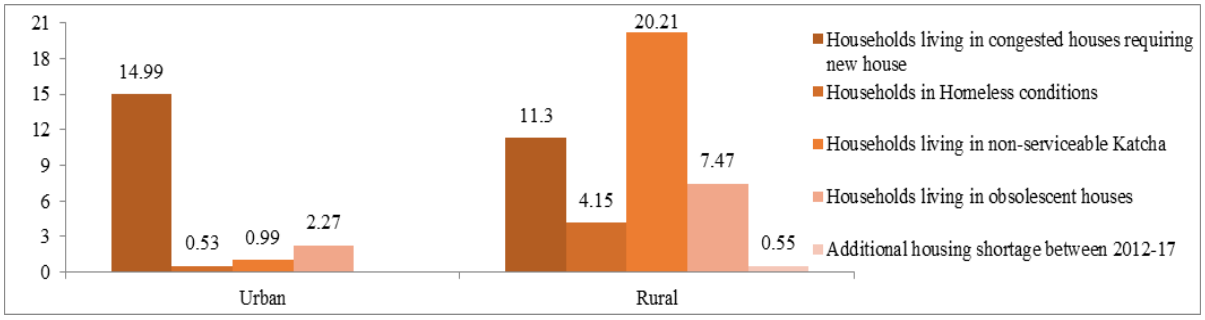

Market and regulatory risks: In the real estate financing industry, market risks such as property price volatility and demand-supply mismatches, combined with regulatory and compliance risks like frequent policy changes and legal non-compliance, pose significant challenges. Effective risk management requires market analysis, adaptive strategies, and strict adherence to evolving regulations to ensure project stability and profitability.

Housing Finance in India

Housing shortage in India

Despite the constant focus on the housing segment, housing in India is far from adequate. The shortage of overall houses (rural & urban regions) is at a very high level at 62.5 million houses (as per twelfth five-year plan 2012-17) due to changing social and demographic pattern in India such as nuclearization of families and rapid growth of urbanisation.

Housing shortage split between urban-rural (2012) – (in million)

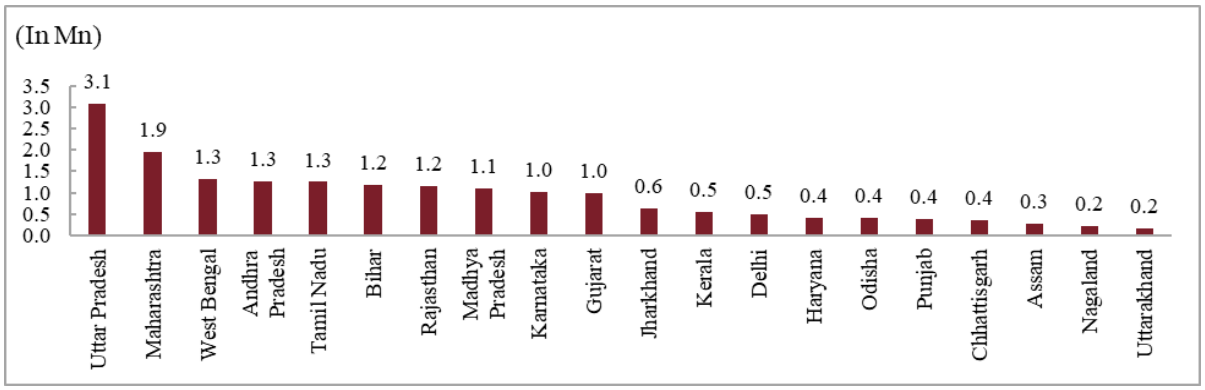

Source: 2012 Estimates, Ministry of Rural development, Planning commission, Crisil Intelligence

76% of total urban housing shortage is contributed by top 10 states (2012)

As per the estimates of the Twelfth Five Year Plan, 10 states accounted for ~76% of the urban housing shortage. Uttar Pradesh has a housing shortage of over 3 million, followed by Maharashtra (1.94 million), West Bengal (1.33 million), Andhra Pradesh (1.27 million) and Tamil Nadu (1.25 million).

State-wise housing shortage (2012)

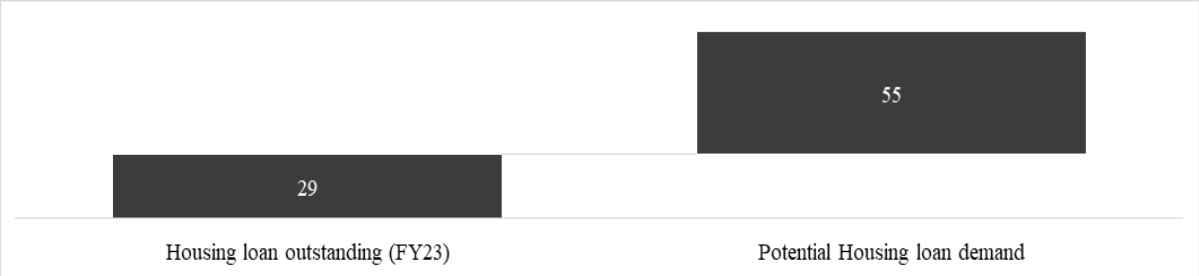

Source: Report of the Technical Urban Group on Urban Housing Shortage (TG-12), Crisil Intelligence

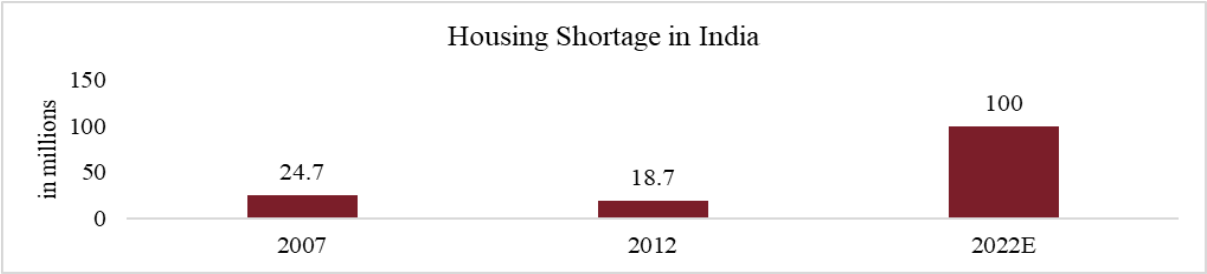

Amongst the top states with high shortage of homes, some states such as Uttar Pradesh, Bihar, West Bengal, Rajasthan & Madhya Pradesh have a lower per capita income, as compared to the national average. This shows that there is significant headroom for growth in terms of increasing per capita income and reducing the housing shortage in the country.

Estimated shortage and requirement of ~100 million houses in 2022

The housing shortage in India has only increased since the estimates at the time of the Twelfth Five-year plan. As per the report of RBI-appointed Committee on the Development of housing finance securitisation market (September 2019), the housing shortage in India was estimated to increase to 100 million units by 2022. Majority of the household shortage is for Lower income group (LIG) and Economic weaker section (EWS) with a small proportion (5-7%) of the shortage coming from middle income group or above. Total incremental housing loans demand, if this entire shortage is to be addressed, is estimated to be in the region of Rs 50 trillion to Rs 60 trillion, as per the Committee report. In comparison, the overall housing loans outstanding (excluding PMAY loans) as of March 2023 is around Rs 28.7 trillion. This indicates the immense latent potential of the market; in case a concrete action is taken for addressing the shortage of houses in the country.

Note: housing loan outstanding excludes PMAY loans for FY23, Crisil Intelligence

Note: E: Estimated; Source: RBI, Planning Commission, Crisil Intelligence

Opportunity for financiers well established in Affordable Housing segment

As per the report of RBI-appointed Committee on the Development of housing finance securitisation market (September 2019), the total value of units to fulfil the entire shortage is estimated at Rs. 149 trillion, out of which Rs. 58 trillion is estimated to be the aggregate loan demand for housing.

Estimates for aggregate demand for Housing

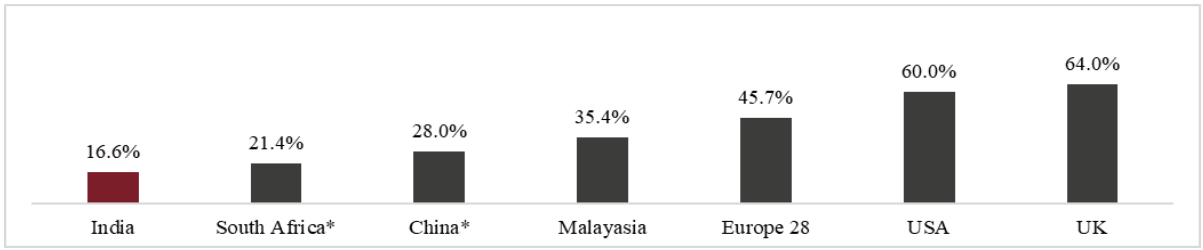

Income Segment	Housing Shortage (in Mn)	Avg ticket size (Rs. Mn)	Value of Units (in Rs. Tn)	LTV	Credit Penetration	Aggregate loans demand (in Rs. Tn)
EWS	45	< 0.75	34	40%	40%	5
LIG	50	1.5 – 5	75	50%	80%	30
MIG & above	5	> 5	40	65%	85%	22
Total	100		149			58

India's mortgage penetration is lower than other economies

India has very low penetration in terms of housing finance as compared to its rising peers which shows a high potential for expansion of Indian housing finance companies. The Housing finance market continues to face supply constraints from Banks and NBFCs, particularly for the lower income.

Mortgage-to-GDP ratio in India (FY24) compared with other countries (CY18)

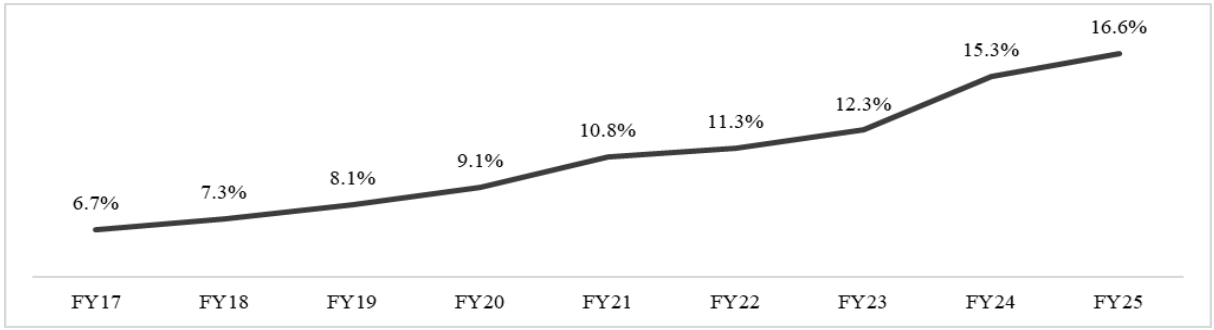

Note: (*) – As of CY17, Indian mortgage to GDP is for Fiscal 2025 – 16.6%; Europe 28 includes the 28 European Union Member states as of December 2018; Source: HOFINET, European Mortgage Federation, NHB, Crisil Intelligence

Mortgage-to-GDP ratio in India to grow to ~15% by fiscal 2026

In fiscal 2025, India's mortgage-to-GDP ratio stood at 15.3%. Though low compared with other developing countries, it has improved from 12.1% in fiscal 2019. The factors that contributed to the improvement are rising incomes, improving affordability, growing urbanisation and nuclearization of families, emergence of tier-II and tier-III cities, ease of financing, tax incentives, and widening reach of financiers. Given the expected steady growth from fiscal 2024, Crisil Intelligence projects the ratio at ~15% by fiscal 2026.

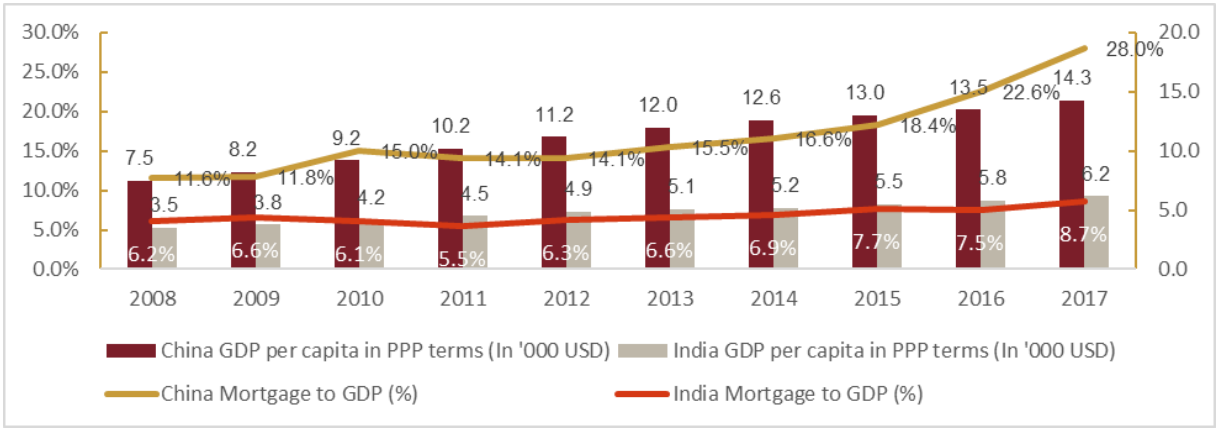

Trend in mortgage-to-GDP ratio in India

Note: P – Projected, Data for mortgage to GDP for India includes both Housing loans and LAP outstanding over current GDP; Source: Crisil Intelligence

Rise in per capita income to drive the growth of mortgage penetration in India

The mortgage penetration in China is correlated to the GDP per capita of the country and the mortgage to GDP ratio of China has grown from 12% in 2008 to 28% in 2017. The per capita income of the country has increased from USD 7,500 in 2008 to USD 14,300 in 2017. India has gone through a similar trajectory with mortgage penetration in the country increasing from 6% in 2008 to 9% in 2017 which is correlated to the increase in per capita income of the country from USD 3,500 in 2008 to USD 6,200 in 2017. India's GDP per capita income stood at USD 8,400 at end of 2022 witnessing significant growth in the past five fiscals.

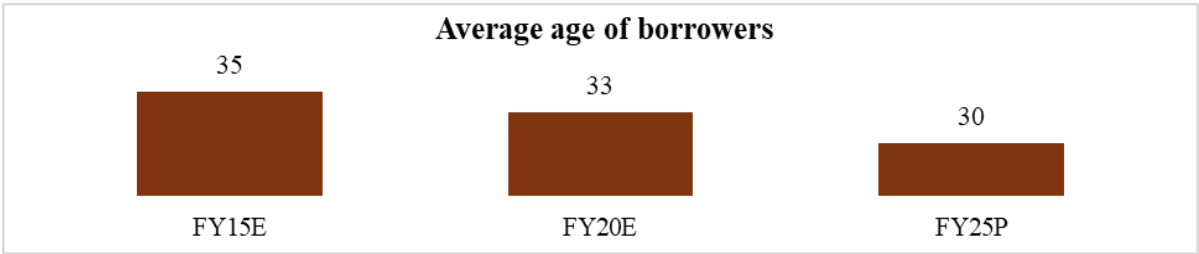

Source – HOFINET, Peoples Bank of China, World Bank, Crisil Intelligence

Shift towards younger age profile for home loan borrowings

Average age of borrowers has been declining over the years and was estimated at 33 years in fiscal 2020. We expect this figure to decline further with growth in salaries and people's strengthening preference for accumulating assets, both for investment purpose and tax benefits, coupled with increased access to formal credit India's demographic profile is expected to favour the Housing industry, leading to growth in the Housing Finance market.

Declining average age of borrowers

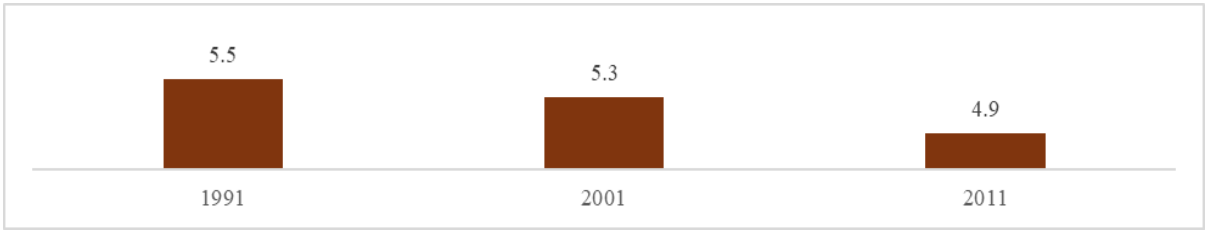

Note: E – Estimated, P – Projected, Source: Crisil Intelligence

Rise in number of nuclear families leads to formation of new houses

Nuclearization refers to formation of multiple single families out of one large joint family. Each family lives in a separate house, while the ancestral house may be retained or partitioned to buy new houses. Nuclearization in urban areas is primarily driven by changing lifestyle of people, individualism, changing social/cultural attitudes, and increased mobility of labour in search of better employment opportunities. These trends are expected to continue in future.

Trend in average household size

Source: Census 2011, Crisil Intelligence

Furthermore, according to the Census 2011, majority of the Indian households live in a one-room or two-room house. According to the NSSO Survey on Housing Conditions conducted in 2012, the average floor area of a dwelling unit was 40.03 sq. m in rural India and 39.20 sq. m in urban India during 2012.

Rising demand for independent houses

Indians traditionally prefer to live in independent houses. The Census Data 2011 also clearly shows that Indians prefer independent housing. However, the increase in population density, especially in urban areas, has increased the demand for flats. This is expected to continue to drive the demand for such homes, which are often self-constructed, especially in the smaller cities.

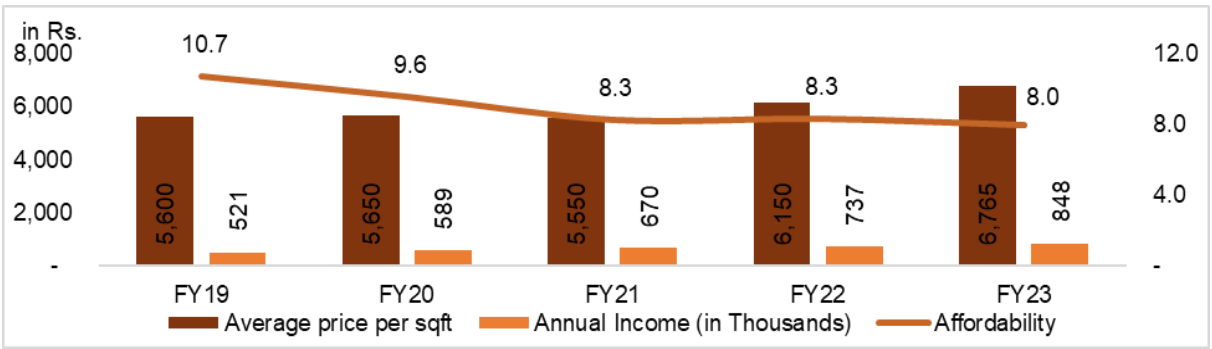

Infrastructure development to boost demand for Real Estate

Government of India has increased its focus towards infrastructural development, which can be seen through the rising allocation towards infrastructural development in the Union budget. The real estate market is impacted by infrastructure growth. Development of new infrastructure such as roads, bridges, airports, smart cities etc., opens up new areas for development and increases the value of existing properties. It also attracts businesses and population growth to an area, which boosts the local economy and supports the real estate market.

Higher affordability

Crisil forecasts that the per capita income will gradually improve with a pick-up in GDP growth and sustained low inflation. This is expected to be an enabler for domestic consumption leading to rise in demand for housing. Further, increase in household savings over the last decade coupled with availability of underwriting and providing credit to the vulnerable or informal segment owing to advancement in technology has also led to higher demand for housing.

Real estate prices are relatively higher though affordability has only improved historically

Note: The charts indicate the price per sqft based on top 10 markets -Delhi NCR, Mumbai, Pune, Ahmedabad, Chennai, Kolkata, Bangalore, Chandigarh, Hyderabad, and Kochi, at a Pan India level, the overall prices could be way lower than estimates, Affordability is computed as average price per sqft / annual income; Source: Crisil Intelligence

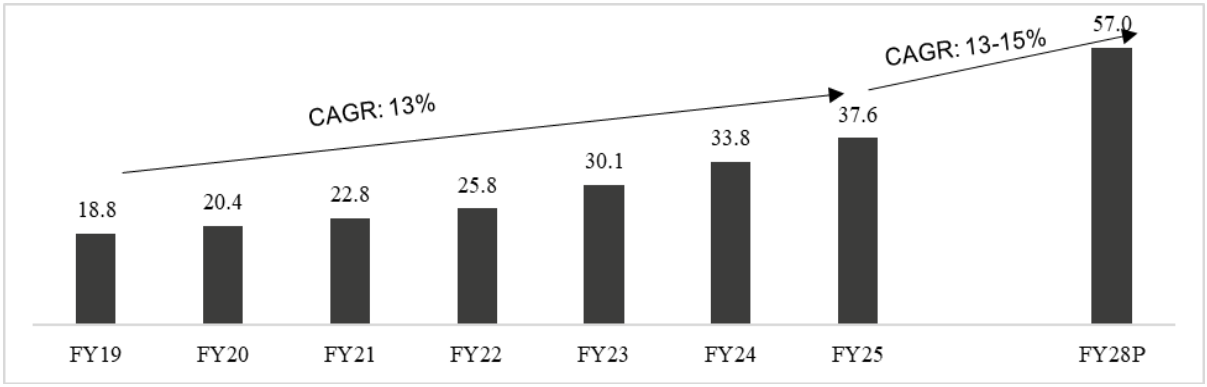

Housing finance market in India to log a CAGR of 13-15% from Fiscal 2025 to Fiscal 2028

The Indian housing finance market clocked a healthy ~12.7% CAGR (growth in credit outstanding) during fiscals 2019 -2025, on account of rise in disposable incomes, healthy demand, and greater number of players entering the segment. Over the past two fiscals, housing finance segment has seen favourable affordability on account of stable property rates and improved annual income of individual borrowers. The overall housing finance segment credit outstanding is ~Rs. 38.5 trillion as of FY25. The overall housing market growth was led by the aspirations of a growing young population with rising disposable income migrating to metro cities and elevated demand in Tier 2 and 3 cities as well. Demand for home loans remained largely unscathed despite a sudden rise in repo rates. Moreover, the income of the salaried class remained largely intact despite the economic

slowdown caused by the Covid-19 pandemic and rise in inflation, thereby allaying lenders' concerns about any deterioration in asset quality.

The Government of India has been pursuing various social welfare schemes and initiatives to enhance the flow of credit to the housing sector and increase home ownership in India. In the Union Budget, 2024-25, PMAY-U 2.0 was announced under which financial assistance was provided to construct, purchase or rent houses at affordable prices. Going forward, Crisil Intelligence expects the overall housing segment to grow at a CAGR of 13-15% from FY25-28.

Housing finance outstanding witnessed a CAGR of 13% from Fiscal 2019 to Fiscal 2025

Note: P- Projected, Source: Crisil Intelligence estimates

Encouraging and favourable trends in affordable housing finance market (loans up to Rs. 2.0 million); market to bounce back strongly in the long term

The overall size of the affordable housing finance market in terms of loan outstanding was Rs 8.8 trillion as of FY25, constituting around 23% of the overall housing finance market.

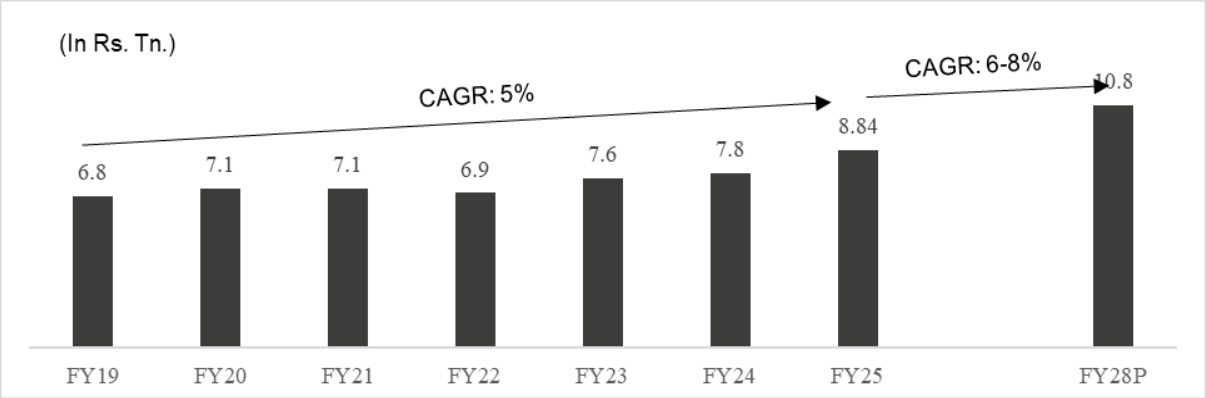

Between fiscals 2019 and 2025, the growth in the affordable housing loans has remained subdued, with the segment having witnessed a CAGR of 5% as compared to overall housing loans, which has grown by ~13% during the same time. This can be primarily attributed to a slowdown in economic activity, funding challenges due to NBFC crisis and the Covid-19 pandemic. Further, rise of hybrid work model and working from home along with rising propensity to spend merged with rising standard of living due to rising incomes of individuals has led to an increase in demand for bigger residential homes. As a result, the sale in affordable housing took a beating whereas high-end and mid-segment housing gained the maximum in the last couple of years.

The segment growth was again curtailed by the pandemic's second wave in the first quarter of fiscal 2022, leading to localized lockdowns by the state governments, which affected economic activities in tier II and III cities. But continued assistance from the government and the central bank, supported by higher demand for housing, and continued penetration in tier II and III cities by affordable HFCs helped the segment recover and bounce back. While the market has grown at a tepid pace in the past 2-3 years, Crisil Intelligence is sanguine on future growth due to the following reasons:

- Government's increased focus on housing and incentives being given by some state governments such as lowering stamp duties to aid housing demand
- Rising demand for affordable homes as consumers increasingly work out of Tier 3/4 cities in a post-Covid world
- Preference for owning homes seems to be on the rise in the post-Covid world

Crisil Intelligence expects the industry to pick up steam gradually and the affordable housing segment to touch ~Rs 11 trillion by FY28, translating into an 6-8% CAGR between FY25-28.

Affordable Housing finance market to grow at 6-8% CAGR between FY25-28

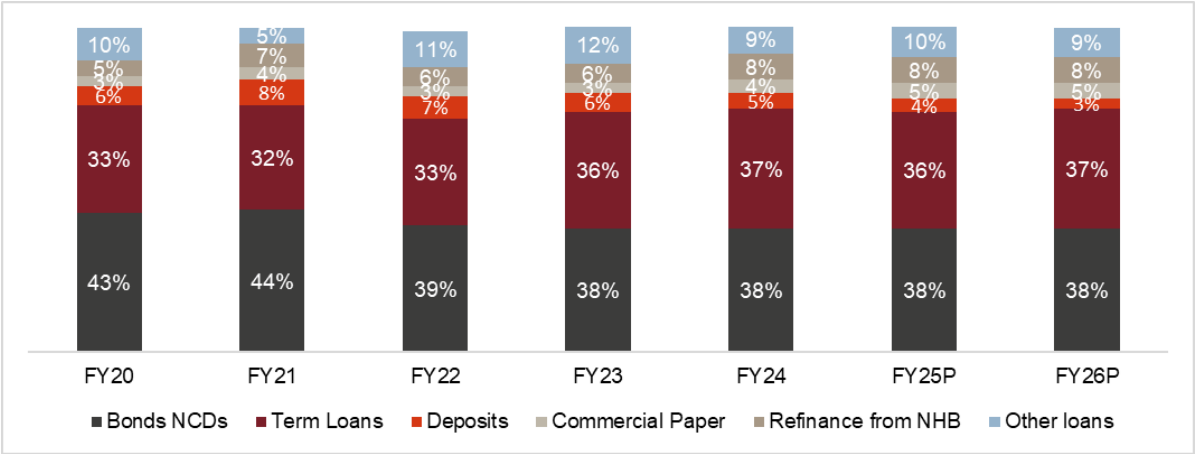

Note: P- Projected, Source: Crisil Intelligence estimates

NCD issuances to remain range-bound in Fiscal 2025 and Fiscal 2026

Non-convertible debentures (NCDs) are HFCs' main source of borrowings. However, their share declined to 38% in Fiscal 2024 from 43% in Fiscal 2020 as heightened rates caused capital-market borrowings to become more expensive. During the same period term loans share increased to 37% in fiscal 2024 from 33% in fiscal 2020 as it was a better alternative in terms of cost from capital market borrowings specially for smaller players. During fiscals 2025 and 2026, expectations of a decline in repo rate will lead to marginal increase in the share of NCD issuances. While the share of bank borrowings might fall between 60-80 bps in fiscal 2025 at ~36% the same is expected to bounce back by 60-80 bps in fiscal 2026 at ~37% as the refinance from NHB will gradually phase out at an average 30 bps in this fiscal and next. Commercial papers will continue to be a source of short-term loans for NBFCs at ~5% during fiscals 2025 and 2026. Companies have been struggling to maintain deposits, and this will be seen as deposits slowly plummeting to 4% in fiscal 2025 and another 70-80 bps in fiscal 2026.

Share of term loans from banks to fall the borrowing mix of HFCs/NBFCs in FY25

Note: P – Projected, borrowing mix of overall housing portfolio, Source: Crisil Intelligence

Highest Net Interest Income in 5 years reported in FY25 at 3.4%

In fiscal 2025, some housing-finance companies' operating expenses increased due to investments in technology, operational upgrades and inflationary pressures. However, these costs were offset by higher fee income.

Credit cost declined materially by around 30 bps to 0.2% as many large HFCs reversed their provisions during the fiscal on account of improving asset quality. As a result, return on assets improved.

Crisil Intelligence expects interest income to average asset to be around 9.6-9.7% in fiscal 2026 as lenders reduce the yields due to repo rate cuts. Interest expense is expected to drop by only 10-20 basis points to 6.2-6.3% due to slower repricing, leading to a decline in net interest income of 10-15 bps to 3.3-3.4% in fiscal 2026. Credit cost is expected to increase modestly after large reversals in previous fiscals. Overall, return on assets is expected to decline around 20bps to 2.0-2.1%.

Ratios	FY20	FY21	FY22	FY23	FY24	FY25	FY26P
Interest Income	9.6%	9.3%	8.6%	9.0%	9.7%	9.6%	9.6-9.7%
Interest Expense	7.1%	6.5%	5.8%	6.0%	6.4%	6.3%	6.2-6.3%
Net Interest Income	2.5%	2.8%	2.8%	3.0%	3.3%	3.4%	3.3-3.4%

Ratios	FY20	FY21	FY22	FY23	FY24	FY25	FY26P
Credit Cost	0.6%	0.6%	0.6%	0.5%	0.5%	0.2%	0.2-0.3%
ROA	1.4%	1.4%	1.4%	1.7%	2.1%	2.3%	2.0-2.1%

Co lending partnerships between banks and NBFC/HFCs

Co-lending arrangement between Bank and NBFC / HFCs is to extend credit by joint contribution of funds at the facility level by both the lenders and sharing of risks and rewards. The revised Co-lending Model (CLM) put in place by RBI vide notification RBI/2020-21/63 dated 05 November 2020, with intention to improve the flow of credit to the unserved and underserved sector of the economy and make available funds to the ultimate beneficiary at an affordable cost, considering the lower cost of funds from banks and greater reach of the NBFCs / HFCs.

Under the co-lending model banks are permitted to co-lend with all registered NBFCs (including HFCs) based on a prior agreement. The co-lending banks will take their share of the individual loans on a back-to-back basis in their books. However, NBFCs shall be required to retain a minimum of 20 per cent share of the individual loans on their books. (10 per cent share of the individual loans w.e.f January 1, 2026, vide RBI circular dated August 6, 2025). Additionally, banks can claim priority sector status in respect of their share of credit while engaging in the CLM adhering to the specified conditions.

Shift in housing finance landscape post-merger of HDFC Bank and HDFC

Merger of HDFC Bank and HDFC took place in the first half of fiscal 2024 which has led to changes in the dynamics of the retail housing finance market. In fact, the growth of HFCs between fiscals 2019 and 2021 was supported by high growth of HDFC due to its wide geographic reach and market penetration. At end-fiscal 2023 of the Rs 28.7 trillion housing finance market, the share of banks was ~79%, with the balance with HFCs/NBFCs. Some of the key players after HDFC are LIC Housing Finance, Bajaj Housing Finance, Indiabulls Housing Finance, PNB Housing Finance and CanFin Homes.

Following the merger of the two entities, the market share of banks vis-à-vis NBFC/HFC has shifted 80:20 in FY24 from 75:27 in FY19 with banks having majority market share. Further, in terms of HFCs/NBFCs, other large players with favorable funding profile, strong parentage, and capability to invest and expand into newer geographies would gain market share from smaller players. Further this would also open up funding limits for HFCs from banks to lend to the end consumer.

Key Risks in the Overall Housing Finance Industry

Economic Scenario: Any trends or events that have a significant impact on India's economy, including a rise in interest rates, could impact the financial standing and growth plans of HFCs. A decline in the interest rate with strong growth in the economy will boost the purchasing power of people, thus boosting demand for houses and housing loans. When the government introduces rules and regulations such as the Benami Transactions Act, establishes bodies such as the Real Estate Regulatory Authority, or takes decisions such as demonetization, all to control illegal activities and curb black money, demand for housing and housing loans takes a hit.

Insufficiency of data for credit appraisal: Credit-score availability in India is still at a nascent stage despite the presence of credit bureaus. In several cases, borrowers lack formal proof of income documents. This makes it difficult to judge the ability of the borrower to repay.

Liquidity Risk: The apartment culture has still not developed in many of the semi-urban and rural areas, leading to financing of individual properties. This makes it harder to sell a property that is built according to the needs of the borrower. Also, in rural areas, it may become difficult to find a buyer for a repossessed property due to cultural issues. All this leads to liquidity risk.

Collateral Fraud: The rising number of collateral frauds in the sector is becoming a serious issue. As a result, lending institutions are being forced to implement additional control measures, which increase their underwriting expenses.

Delay in project approvals and construction: The cash flows of HFCs are largely dependent on the timely completion of projects in which their customers have bought housing. If the project gets delayed, the borrower may start defaulting on loans. Additionally, project delays also tend to impact growth in the loan book.

Thin spreads in Housing Finance: HFCs face a risk of thin net interest margins due to lower interest rates in the segment as compared to other asset classes like MSME loans, vehicle financing etc. This is further aggravated due to intense competition in the segment among HFCs, banks and NBFCs.

Asset Liability Mismatch: Housing finance faces significant ALM challenges, arising due to inherent mismatch between the long-term nature of housing loans and the shorter-term funding sources used by housing finance companies (HFCs). This creates a maturity mismatch, where assets have longer durations than liabilities.

MSME Credit in India

Overview of MSME Sector in India

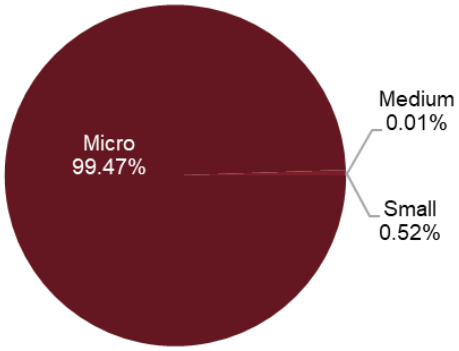

As of March 31, 2022, there are approximately 70 million MSMEs in India contributing to a substantial portion of the national GDP and total workforce. The MSME sector contributes to India's socio-economic development by providing huge employment opportunities in rural and backward areas, reducing regional imbalances, and assuring equitable distribution of national wealth and income. The Government expects that MSMEs' contribution to GDP to increase from 29.2% in FY2022 to 40-50% by FY2030.

MSME segment accounts for ~29% of Indian GDP

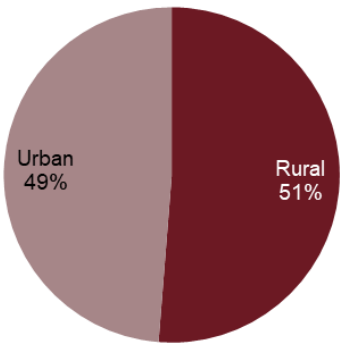

Rs trillion	Total MSME GVA	Growth (%)	Total GVA	Share of MSME in GVA (%)	All India GDP	Share of MSME in All India GDP (in %)	Number of MSMEs (in millions) *
FY16	41	11.0%	126	32.3%	138	29.7%	63.5
FY17	45	10.9%	140	32.2%	154	29.2%	65.5
FY18	51	13.0%	155	32.8%	171	29.8%	66.5
FY19	57	12.9%	172	33.5%	190	30.0%	68.5
FY20	61^	7.6%	184	33.4%	201	30.5%	NA
FY21	54^	-12.0%	182	29.7%	198	27.2%	NA
FY22	69^	27.1%	214	32.0%	235	29.2%	70.0
FY23	81^	8%	246	30.1%	269	NA	NA

Formalisation of MSMEs

After the government revised the definition of MSMEs in June 2020, MSMEs that had an existing MSME registration (Udyog Aadhaar Number or UAN), or Enterprise Memorandum ("EM"), were required to re-register themselves under UDYAM. Thereafter, in August 2020, the RBI issued a notification allowing financiers to obtain the UDYAM certificate from entrepreneurs for lending purposes.

There has been a large push for formalization of MSMEs in recent years. In Fiscal 2016, MSMEs registered on the UDYAM portal (similar government portals) were almost 0.5 million, which increased to approximately 64.5 million as of June 8, 2025. A UDYAM certificate will be required by MSMEs for taking benefit of any scheme of the Central government. The UDYAM portal is also integrated with the Government e-Marketplace ("GeM") and the Trade Receivables and Discounting System ("TReDS"), so that enterprises can participate in government procurement and have a mechanism for discounting their bills.

MSME credit gap

An IFC report titled Financing India's MSMEs (November 2018) estimated the MSME credit demand at ₹69.3 trillion in Fiscal 2017, of which only approximately 16% of demand was met through formal financing and consequently, the MSME credit gap (defined as the gap between the demand for funds amongst MSMEs and the supply from formal financiers) was estimated at ₹58.4 trillion. This gap was met through informal sources including moneylenders, chit funds and personal sources from friends and relatives. The interest rate for these sources generally ranges between 30-60% per annum.

As of Fiscal 2025, the MSME credit demand is estimated to be around ₹159 trillion, of which 27-28% of demand is met through formal financing. Assuming an increase of around 11% annually in the demand for credit and the availability of credit from formal sources, Crisil Intelligence estimates the credit gap to have increased to ₹117 trillion as of Fiscal 2025.

Despite increase in MSME loans outstanding, large credit gap still exists

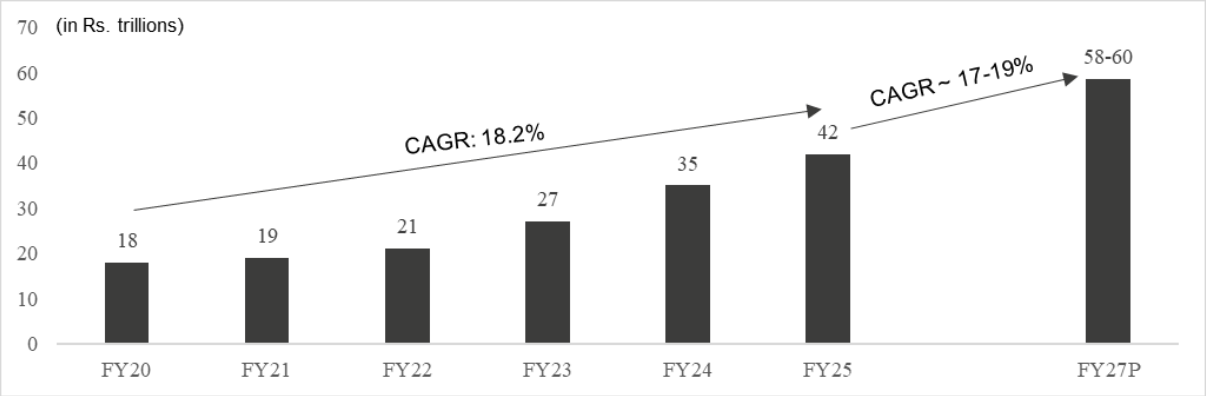

Note: E: Estimated, Source: IFC report on Financing India's MSMEs dated November 2018, Crisil Intelligence estimates

On the similar lines, as of Fiscal 2025, Crisil Intelligence estimates the total addressable credit demand at approx. ₹76 trillion, out of which current formal financing stands at approx. ₹42 trillion taking the total addressable MSME credit gap to around ₹34 trillion, which needs to be met by Financial Institutions. Crisil Intelligence expects total addressable credit demand to have increased on account of higher bank support; favorable government policies and increased lender focus with tailored products and technological advancements. Technology and use of various data sources are helping lenders analyze cash flow for NTC (New to Credit) MSME customers faster and bring many MSMEs into the formal financing network. Further, this demand is expected to grow as the Government expects MSMEs' contribution to GDP to increase in the coming years.

Overall MSME Credit Outstanding

Crisil Intelligence estimates the total size of MSME lending market across ticket sizes and various player groups (banks, NBFCs, small finance banks, and other formal lenders) to be around Rs. 42 trillion as of March 2025. This market size includes loans taken by MSMEs across various constitution types (sole proprietorships, partnership firms, private and public limited companies, and co-operatives) and the ticket size spectrum, and includes loans extended in the name of the firm/entity/company as well as the individuals in case of micro enterprises or entrepreneurs.

Portfolio outstanding for MSME portfolio to grow at 17-19% CAGR between FY25 and FY27

Source: Crisil Intelligence estimates

Growth drivers for MSME Credit

Large and increasing credit gap in the MSME segment

As per estimates, less than 15% of approximately 70 million odd MSMEs have access to formal credit in any manner as of March 2022. High risk perception and the prohibitive cost of delivering services physically have constrained traditional institutions' ability to provide credit to underserved or unserved MSMEs and self-employed individuals historically. As a result, they resort to credit from informal sources. This untapped market offers huge growth potential for financial institutions. As of Fiscal 2025, the MSME credit demand is estimated to be around ₹159 trillion, of which 27-28% of demand is met through formal financing. Assuming an increase of around 11% annually in the demand for credit and the availability of credit from formal sources, Crisil Intelligence estimates the credit gap to have increased to ₹117 trillion as of Fiscal 2025.

Increased data availability and transparency

With increased digital initiatives by the MSMEs, the shift towards their formalisation and digitisation has created a plethora of data points for lenders that would help improve the efficacy of credit assessment and gradually enable provision of credit to hitherto underserved customer segments. This has created a digital footprint of customers, which can be potentially used for credit decision making, along with other relevant parameters such as customer demographics, business details, credit score, and personal situation of the borrower. Demonetisation and GST have further accelerated formalization of the Indian economy.

Increasing access and faster TAT

Due to availability of multiple data points and technology solutions, the lending process involving documentation, verification and processing of the transactions has evolved and now takes much lesser time. Technology led enhancements such as use of big data analytics and social media campaigns to acquire customers, use of direct and derived variables for underwriting, automated processes, minimum documentations, Aadhar based e-KYC, Account aggregators, flexible repayment options due to simplified real-time digital payments system, have helped in reducing hassles, increasing access to credit for borrowers and faster TAT.

Growth in branch network of players offering MSME loans

Over past few years, players offering MSME loans have expanded their branch network with the intent to serve a larger customer base. Share of borrowers from top cities in India has been on a declining trend indicating that lenders are shifting their focus on MSMEs in rural and semi urban areas. In the future also, Crisil Intelligence expects lenders with a strong focus on MSME lending and healthy competitive positioning to continue to invest in branch expansion. With increasing branch network, customer acquisition and credit penetration, share of MSME loans is also expected to increase.

Increasing competition with entry of new players and partnerships between them

Lenders are increasing the use of digital platforms to help automate and digitize loan sanctioning process however the borrower is required to possess documents for the initial clearance as stated by the banks. Incumbent traditional lenders will increasingly leverage the network of their partners and/or digital ecosystem to cross-sell products to existing customers, tap customers of other lenders, and also cater to new-to-credit customers. This will expand the market for MSME loans.

Robust government support

The government has special focus on the MSME sector on account of its economic contribution to the economy and number of people employed in the sector. MSMEs in India come under the purview of Government of India, Ministry of MSME, Khadi Village and Coir Industries Commission (KVIC). The government launched Udyam Assist Platform (UAP) on 11th January 2023 to enhance formalization of the economy. As of FY24, 26 million informal micro enterprises have joined UAP to come under the formal economy. Government of India has also introduced a new scheme called 'PM Vishwakarma' aiming to improve the quality of products and services of small artisans and craftsman and ensure that their companies are a part of national and global supply chain. The scheme was launched on 17th September 2023. The initial amount to be disbursed under the scheme is Rs. 13,000 crores for five years from FY23-24 to FY27-28.

Relaxation in the threshold under SARFAESI Act from Rs. 5 million to Rs. 2 million for NBFCs

In the Union Budget 2021-22, for NBFCs with a minimum asset size of Rs. 1 billion, the minimum loan size eligible for debt recovery under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act (SARFAESI) Act, 2002 was proposed to be reduced from the existing level of Rs. 5 million to Rs. 2 million. The objective of this move is to improve credit discipline while continuing to protect the interest of small borrowers. This relaxation is expected to facilitate recovery from stressed books, help the NBFCs to improve their ability to recover smaller loans and strengthen their overall financial health. More importantly, it acts as a deterrent to default and enhances the enforceability of collateral for players focused on the medium ticket size LAP segment with loans of Rs. 2 million – Rs. 5 million.

Inclusion of retail and wholesale trade under MSME category

In July 2021, the Ministry of Micro, Small and Medium enterprises decided to include Retail and Wholesale trade as MSMEs for the purpose of Priority Sector Lending and they would be allowed to be registered on Udyam Registration Portal. The move is structurally positive from long-term perspective, as it will enable entities operating in the segment to register on Government's Udyam portal, participate in government tenders and also avail financing options/ benefits available to the category. This move will also aid in the formalization of India's retail trade and enable financial support to small and mid-sized retail businesses. By widening the scope of MSME to cover wholesale as well as retail trade, this move also creates an additional opportunity for MSME lenders to increase their penetration and business.

Prime Minister's Employment Generation Programme (PMEGP) providing margin money to MSMEs

PMEGP is a credit linked subsidy scheme to provide employment opportunities by establishing new micro enterprises in the non-farm sector where margin money is provided to MSMEs availing loan from banks to set up new enterprises. The maximum margin money provided under the scheme for setting up a new project is Rs 5 million for manufacturing sector and Rs. 2 million for service sector. Geo-tagging for the products and services of the units set up under this scheme has been initiated. This will help the enterprises with creating market linkages.

Credit Guarantee Fund Scheme extended to cover NBFCs

One of the major reasons why MSMEs are credit-starved is the insistence by banks or financial institutions for the provision of collateral against loans. Collaterals are not easily available with such enterprises, leading to a high-risk perception and higher interest rates for these MSMEs. In order to address this issue, the government launched the Credit Guarantee Fund Scheme under the aegis of the Credit Guarantee Fund Trust for Micro and Small Enterprises (CGTMSE) in order to make collateral-free credit available to micro and small enterprises. In January 2017, the scheme was extended to cover systemically important NBFCs as well.

Key success factors for NBFCs offering MSME Loans

- Ability to dive into deeper geographies with a strong branch network: Players need to have a clear and deeper understanding of their target customer segment, the markets they operate in and develop a strong local network. The deeper understanding and presence of inhouse sales team for direct sourcing within the segment also leads to lower customer churn.

- Focussed approach to tap underserved niche borrower segments: MSME focussed lenders need to build a portfolio with deep understanding of the target segment and market. Specific tailor-made lending products for MSMEs with easier data availability to help lenders take a focussed approach.

- Strong underwriting capabilities: MSMEs tend to generally be more impacted by vagaries of the business cycle given their limited financial wherewithal and/or reliance on larger buyers. On account of limited data to support credibility of the MSME borrower, lenders are now using alternate methods of underwriting like cash flow analysis to strengthen their underwriting capabilities.

- On-the-ground presence to manage collections and maintain portfolio quality: Additionally, given that players in the segment also cater to a relatively riskier profile, a strong focus on collections and monitoring risk of default at customer level is vital to manage asset quality. Direct Sourcing allows control over the quality of customers and processes involved for disbursement, which can lead to better asset quality, as compared to other methods of customer acquisition.

- Collateral risk management: Properties that are used as collateral for MSME loans sometimes lack proper property titles, especially in the outskirts of large cities, semi-urban and rural areas.

Overall Secured MSME Portfolio Outstanding

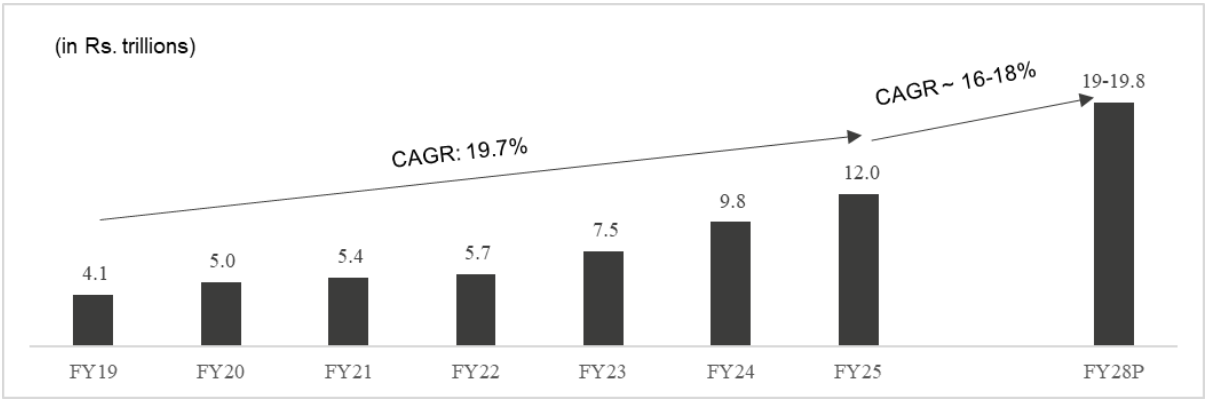

Overall Secured MSME portfolio outstanding is projected to grow by 16-18% over FY2025 - FY2028

Overall Secured MSME loan segment grew at a strong pace with portfolio outstanding registering a CAGR of ~19.7% from FY19 to FY25. Crisil Intelligence estimates such outstanding secured MSME loans given out by banks and NBFCs to be around Rs. 12.0 trillion as of FY2025. A secured MSME loan can be obtained by mortgaging a residential or commercial real estate with the lender.

In FY2022, overall secured MSME loan portfolio outstanding grew at a slower rate of 6% year on year as MSMEs needed cash for day-to-day activities in the backdrop of global and domestic uncertainties. NBFCs moved towards niche credit assessments without the requirement of property collateral to help provide credit and meet the rapid demand from MSMEs. In FY2023, overall secured MSME loan segment bounced back with 31% year on year growth as economic activity normalised through support of RBI and centre's promotion of Aatmanirbhar Bharat. In FY2024 and FY2025, overall secured MSME portfolio grew at 31% and 23% year on year respectively backed by robust economic conditions and increase in domestic consumption and growth.

Over the last few years, expansion in branch network, more data availability and government initiatives like GST, Udyam, and increasing formalisation of the MSME segment has led to increasing focus of lenders, especially the NBFCs, on this space. NBFCs/HFCs enjoy a market share of 38% as of March 2025 in overall secured MSME portfolio outstanding.

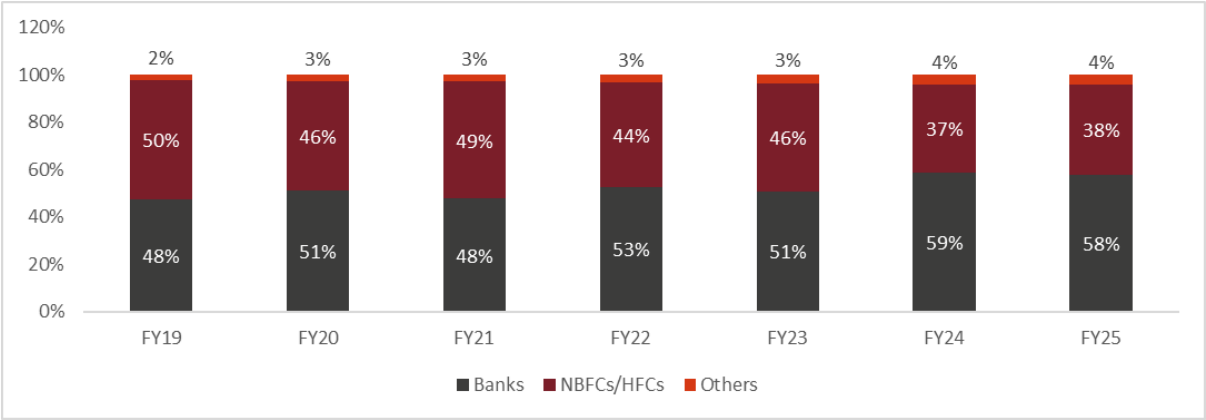

Overall Secured MSME portfolio outstanding is projected to grow by 16-18% over FY25-FY28

Note: P: Projected, Source: Crisil Intelligence estimates

NBFCs/HFCs have established a significant presence in MSME loans by prioritizing customer needs, ensuring quick turnaround times, delivering excellent customer service, and expanding their geographic reach.

Share of lender wise portfolio outstanding in overall Secured MSME portfolio outstanding.

Note: Banks include public banks, private banks, small finance banks and foreign banks. On account of merger of HDFC Bank with HDFC Limited, share of banks has shown a sudden increase in FY2024.

Potential market for residential property backed secured MSME lending for average ticket size less than Rs. 0.5 million is estimated at Rs. 22 trillion

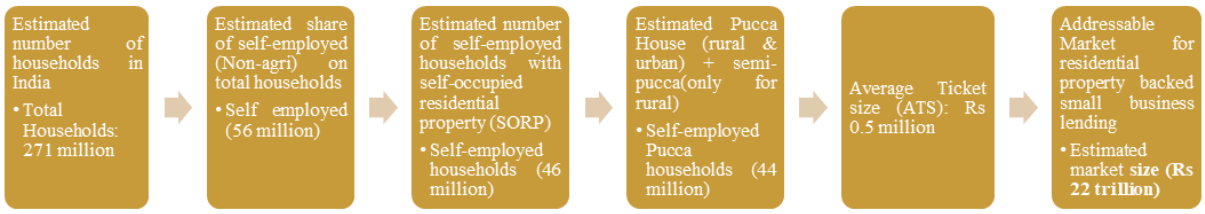

The sheer size of the gap between the supply and demand of credit and the number of enterprises impacted indicates a veritable opportunity in MSME financing. There therefore exists a plethora of players – universal banks, small finance banks, traditional NBFCs, new age fintechs, MFIs, as well as local moneylenders – who try to meet the financing requirements of MSMEs by offering secured or unsecured loans straddling various tenures.

Crisil Intelligence has attempted to decipher the size of the potential opportunity in secured residential property-backed secured MSME lending (hereafter referred to as the Addressable market for secured MSME loans), using data, information and insights at a state-level pertaining to:

- Number of households from NSS 76th round (July 2018-December 2018)
- Self-employed non-agricultural households in both urban and rural areas from Periodic Labour Force Survey (PLFS) dated July 2019-June 2020
- Proportion of self-employed households, which are staying in their own pucca or semi-pucca home (which can be taken as a collateral by financiers) from NSS 76th round (July 2018-December 2018)

Based on our analysis and assumptions detailed in the figure below, small ticket size secured (SORP – Self occupied residential property) MSME lending market potential is estimated at Rs. 22 trillion. Players such as SBFC Finance Limited, Five Star Business Finance Limited, Vistaar Financial Services Private Limited, Veritas Finance Private Limited, Finova Capital, Kinara Capital etc. currently operate in this market; our analysis indicates the Addressable Market available for these players. The top 8 states which includes Uttar Pradesh, West Bengal, Bihar, Maharashtra, Rajasthan, Tamil Nadu, Gujarat and Madhya Pradesh together account for more than 60% of the addressable market**.**

Addressable market estimation methodology for secured MSME loans given to non-agriculture self-employed households with residential self-occupied property as collateral (FY21)

Source: NSS 73rd round (July 2015 – June 2016) and NSS 76th round (July 2018 – December 2018), Crisil Intelligence

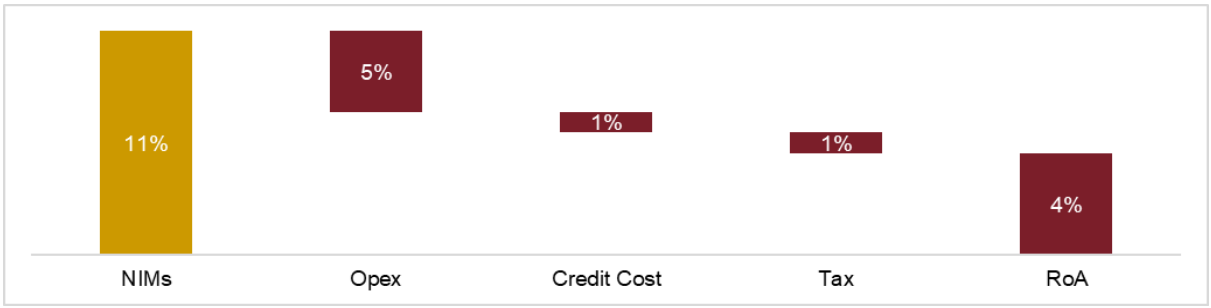

Micro enterprises are estimated to account for 97% of total employment provided by MSMEs in India

As per the National Sample Survey (NSS) 73rd round, micro enterprises are estimated to account for ~97% of total employment provided by MSMEs in India. With small and medium enterprises accounting for 2.9% and 0.2% share respectively. As per the survey, 45% of these employees are present in the rural areas while 55% are present in the urban areas.

NBFC profitability in MSME lending

NBFCs in MSME segment operate with yield in the range of 18-20%, on an average with a ticket size of ~ Rs. 19-20 lakhs at the time of disbursal. With cost of funds being in the range of 8-9%, net interest margins (NIMs) for this segment are in the range of 11-12%. Crisil Intelligence estimates the profitability in this segment to be at ~4% (RoA) as of Fiscal 2025 owing to increase in interest yields.

Profitability of MSME financing NBFCs (FY25)

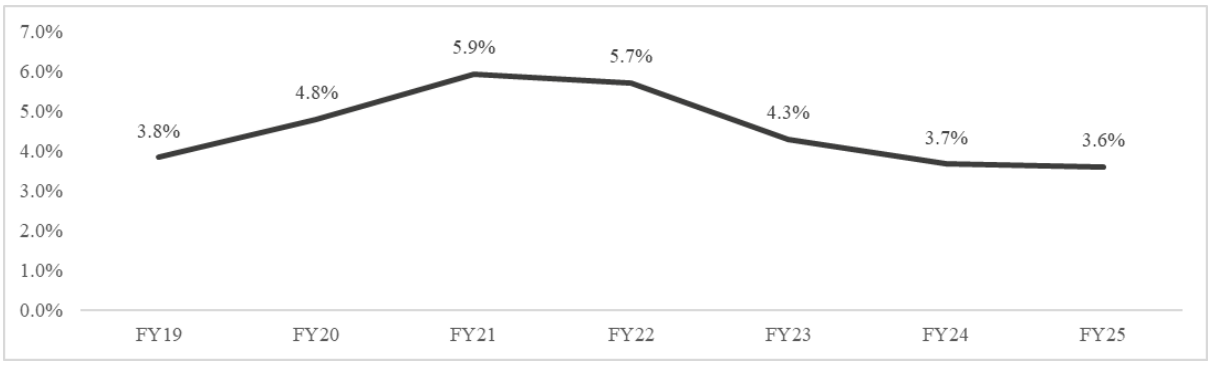

Note: The above ratios are calculated on total average assets for MSME focussed NBFCs based on their overall portfolio. Profitability estimated for FY25.
Source: Crisil Intelligence

Asset Quality

Asset quality for all lenders deteriorated in Fiscal 2021 due to the pandemic where income of the borrowers was impacted which led to rise in GNPA numbers. With continued improvement in economic activity, better collection efficiency and strong credit growth, GNPA level started improving. As of Fiscal 2025, the GNPA ratio for overall secured MSME loans stood at 3.6%.

Threats and challenges in MSME loan segment

MSME lending segment is expected to witness a rapid growth in the upcoming fiscals, however, there are a few risks associated with lending to this segment.

- **Inadequate credit history of borrowers:** Generally, small borrowers often lack credit history which is necessary for underwriting. Additionally, they do not have the financial capabilities to invest in maintaining proper accounts due to which it becomes difficult for lenders to assess their creditworthiness.
- **Borrowers susceptible to policy and regulatory changes**: Owing to the highly dynamic industry environment, MSMEs are vulnerable to policy and regulatory changes to which they might not have a capability to cope with.

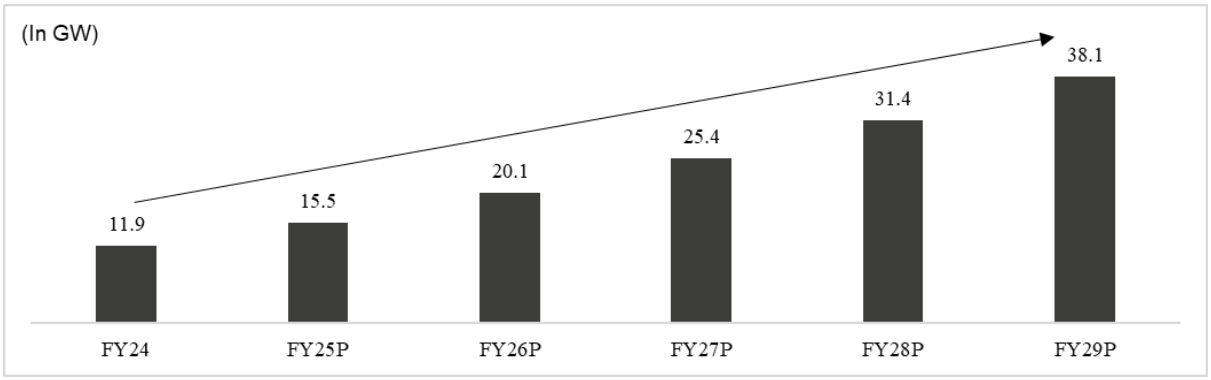

- **Borrowers lack liquidity and are vulnerable to cash flow challenges**: MSMEs often face delays in payments which significantly impact their cash flow cycle and in-turn impact their repayment behaviour.
- **Borrowers are unable or unwilling to share all information**: Borrowers usually do not have all the required information available because of which lenders cannot assess the borrowers in a better manner.
- **MSMEs lack of adaptability to technological changes**: As technological environment is dynamic in nature and keeps on changing, it is tough for MSMEs to keep up with changes owing to lack of capital and hence face the risk of getting outdated.
- **Inadequate financial literacy**: MSME owners often lack financial expertise. The lack of financial literacy may lead to poor financial planning.

Rooftop Solar Financing

Rooftop projects are small-scale solar photovoltaic (PV) installations on roofs of buildings. Rooftop projects may or may not be connected to the grid.

As per Crisil Intelligence, the rooftop solar market is expected to experience rapid growth, with a CAGR of ~26%, reaching 38 GW by Fiscal 2029. This growth is driven by factors such as increased consumer awareness, technological advancements, and supportive government initiatives, including subsidies. Additionally, global solar module prices reached a historic low of $0.22 per watt-peak (Wp) in Fiscal 2024, and continued to decline in fiscal 2025, reaching $0.13/wp, stimulating growth in solar capacity.

Solar rooftop capacities to grow by ~26 GW over the next five years, Surya Ghar Yojana to be an additional boost

Note: P- Projected, Include residential, commercial and industrial installation, Source: Crisil Intelligence

Regulatory support and recent policies to drive sector; project economics to drive additions from commercial and industrial (C&I) base

The central government's aim to achieve 40% of the 100 GW generation capacity target under the National Solar Mission (NSM) from the rooftop segment by 2022 fell short by ~31 GW. Hence, favourable policy plays a key role in driving additions. The government allocated a budget of Rs 100 billion toward solar programme in FY25 in July 2024. This was 110% more than FY24 RE allocations. The government further allocated Rs 62.5 billion in FY25 BE towards PM Surya Ghar Yojna. This is equivalent to 1.9-2.1 GW of residential rooftop additions in fiscal 2025. The cost of generating solar power from rooftop projects is estimated to be Rs 3.5-4.5 per unit (without availing accelerated depreciation). C&I consumers are best placed to claim accelerated depreciation benefits and increase their project returns/reduce generation cost. This segment includes high-tension consumers and commercial consumers such as malls, hospitals, government establishments and high-consumption group residential complexes.

Commercial & Industrial segment to witness 18% CAGR growth between FY24 and FY29

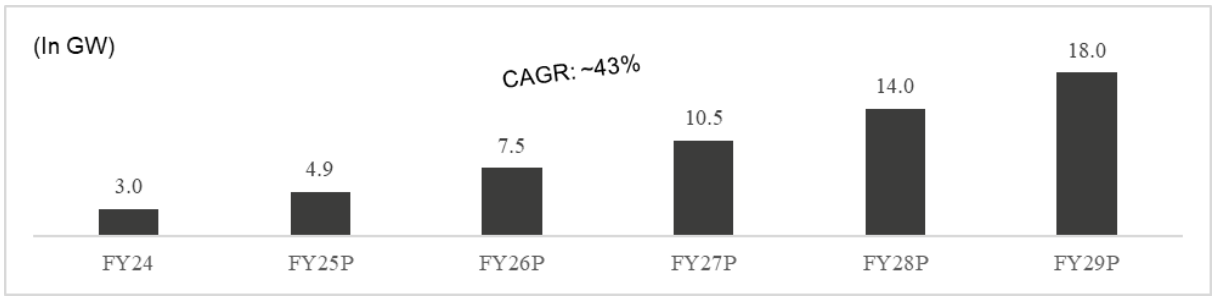

Note: P- Projected, Include commercial and industrial installation, Source: Crisil Intelligence

Surya Ghar Yojana kickstarts residential rooftop segment

The newly launched PM Surya Ghar Muft Bijli Yojana in 2024 will likely boost residential offtake of solar rooftop, specifically by addressing cost hurdles. The government emphasized to provide for the installation of solar panels to ten million households. It will provide subsidy for installing rooftop solar for residential houses, which will help save money on electricity bills. This scheme is expected to drive ~15 GW of residential rooftop additions over the next five fiscals, taking the installed base to ~18 GW in fiscal 2029 from 3 GW in fiscal 2024. In addition, the Indian government has also mandated public sector utilities under the power ministry to equip all buildings under central government administration with solar rooftops by 2025, as part of the PM Surya Ghar Yojana scheme.

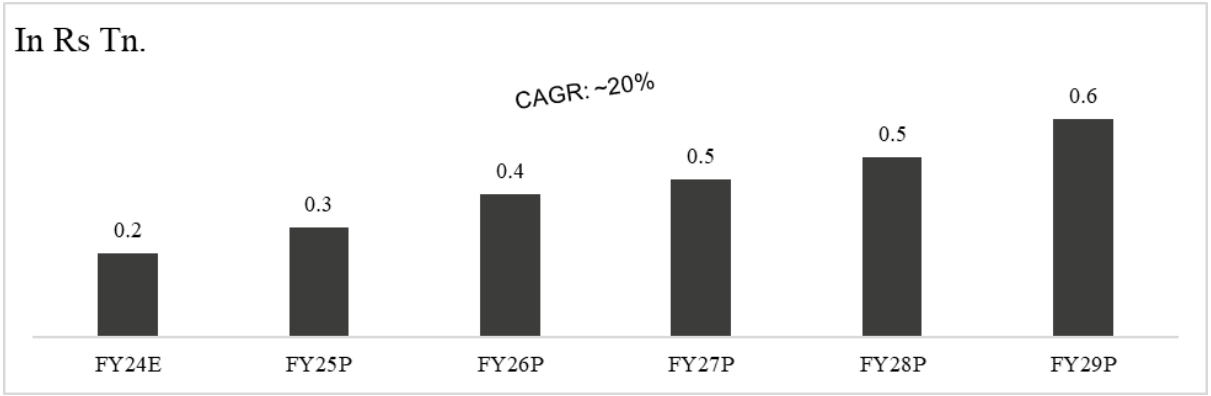

Residential segment to witness 43% CAGR growth between FY24 and FY29

Note: P- Projected, Source: Crisil Intelligence

The Indian solar rooftop market is poised for exponential growth, driven by increasing adoption of renewable energy, declining solar panel costs, and supportive government policies. The Indian solar rooftop market is expected to reach ~38 GW by FY29 in terms of capacity installation, with a potential financing requirement of ~Rs. 0.6 trillion. Both residential and commercial & industrial segments offer a significant financing opportunity for banks and NBFCs. As the market continues to evolve, financing will play a critical role in driving the adoption of solar rooftop projects. Various banks and NBFCs have registered to provide financing for solar rooftops under the scheme. These players are offering loans at fixed and floating rates of interest and for maximum tenure of 5-10 years. As per Crisil Intelligence estimates, Indian solar rooftop financing market, valued at ~Rs. 0.2 trillion in FY24, is expected to grow at a CAGR of ~20% by FY29, presenting a significant opportunity for banks and NBFCs.

Financing market for Solar Rooftop expected to grow at a CAGR of ~20% by FY29

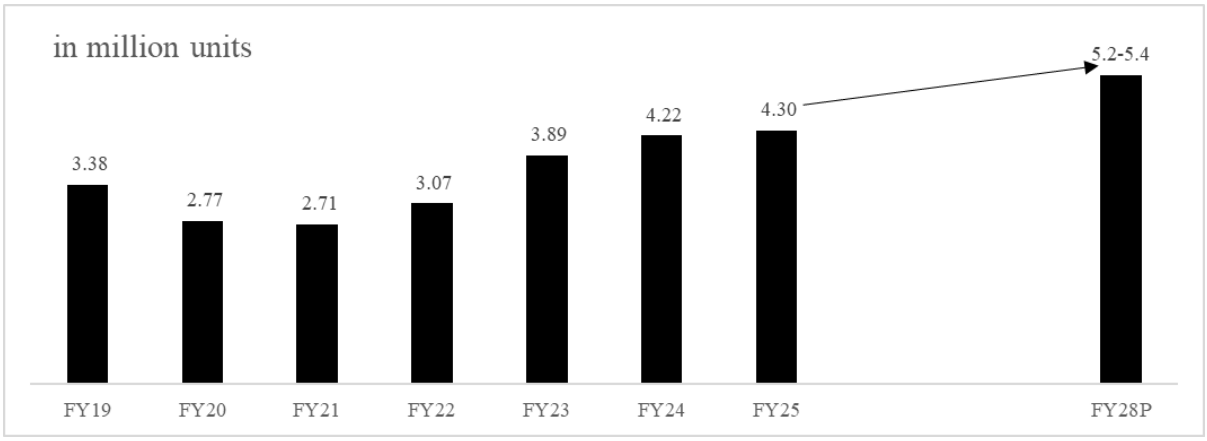

Note: E- Estimated, P- Projected, Source: Crisil Intelligence

Car Loan Distribution

Passenger vehicles sales expected to grow at 6-8% between Fiscal 2025 and Fiscal 2028

Domestic Sales of Passenger Vehicles are expected to grow at ~6-8% from Fiscal 2025 to Fiscal 2028

Note: P: Projected, Source: SIAM, Crisil Intelligence

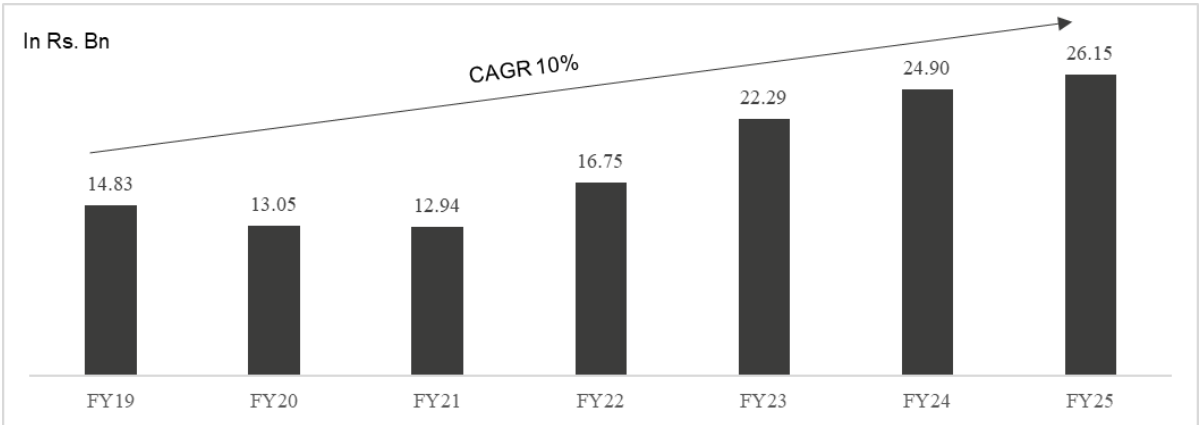

Passenger vehicles (Cars, Utility vehicles and Vans) sales witnessed a decline for two consecutive years due to the pandemic, decreasing by 17.80% and 2.20% in Fiscal 2020 and Fiscal 2021 respectively. Overall passenger vehicles sales grew at a restricted growth rate of 12.96% in Fiscal 2022. In Fiscal 2023, passenger vehicle sales improved on account of easing supply of semiconductors and higher production of vehicle variants with lower chip requirement. Passenger Vehicle sales further grew in Fiscal 2024 and Fiscal 2025 to reach at 4.3 million units and is expected to grow by 6-8% till Fiscal 2028 over a high base of Fiscal 2025. The growth is attributable to healthy demand of existing UV models along with good performance of newly launched UV models by market leaders with well-developed dealer network.

Total Addressable Market (TAM) for Car Loan Distribution

The Total Addressable Market (TAM) for car loan distribution in India is shaped by rising vehicle sales, increasing financing penetration, and growing consumer aspirations for personal mobility. NBFCs with their customer base and connects in Tier-2 and Tier-3 industries can successfully connect customers with banks which are offering car loans as per their requirement. Banks are also eager to participate with such players as it alleviates their customer sourcing cost while getting good potential customers thereby reducing turnaround time for them. NBFCs benefit in terms of being able to service customers in better ways while also generating additional fee income for them. They are also able to service their current customers with known credibility with appropriate bank loan offers through their branches. For customers this process ensures quick turnaround and better car loan interest rates.

Crisil Intelligence expects total addressable market for new car loan distribution to be around Rs. 26.15 billion as of Fiscal 2025. The sector remains highly lucrative, offering significant opportunities for players to meet the evolving financing needs of Indian consumers.

Total Addressable Market for Car Loan Distribution in India

Note: The above numbers include TAM for new passenger vehicles only. The Total Addressable Market has been derived post considering yearly passenger vehicle sales, finance penetration, Loan to Value of new passenger vehicles as well as commission charged by players.

Channel Mix for Car Loan Distribution (Dealer vs non-dealer category)

The car loan distribution landscape in India is broadly segmented into dealer-based channels and non-dealer-based channels. Each segment has its unique characteristics, advantages, and role in the overall ecosystem.

For major banks like HDFC Bank, Axis Bank, Kotak Mahindra Bank Limited, approximately 35% is through dealers and rest 65% is through Branch walk-in's, digital platforms and direct sales team.

For NBFCs approximately 60% is through dealers and rest 40% is through Branch walk-in's, digital platforms and direct sales team.

Growth Drivers for Car Loan Distribution

Rising Disposable Income and Affordability

As household incomes increase, especially in Tier 2 and Tier 3 cities, consumers are more willing to purchase vehicles. This has led to greater reliance on financing options for affordability, particularly for first-time buyers. Increasing financial literacy and awareness about EMI schemes further boost car loan adoption.

Expansion of Vehicle Ownership in Rural and Semi-Urban Markets

The demand for vehicles in rural and semi-urban areas is on the rise due to improving road infrastructure, better connectivity, and higher agricultural incomes. Financial institutions and NBFCs are capitalizing on this trend by offering customized loan products, making vehicles accessible to underserved regions.

Competitive Loan Offerings by Financial Institutions

Banks, NBFCs, and fintechs are aggressively competing to capture the growing car loan market. This competition has resulted in attractive loan terms, such as lower interest rates, flexible repayment tenures, and zero processing fees, making car loans more appealing to consumers.

Technological Advancements in Loan Processes

The adoption of artificial intelligence (AI), big data, and machine learning has enabled lenders to assess creditworthiness faster and offer personalized loans. Instant approvals and real-time tracking of loan applications have significantly improved customer experience.

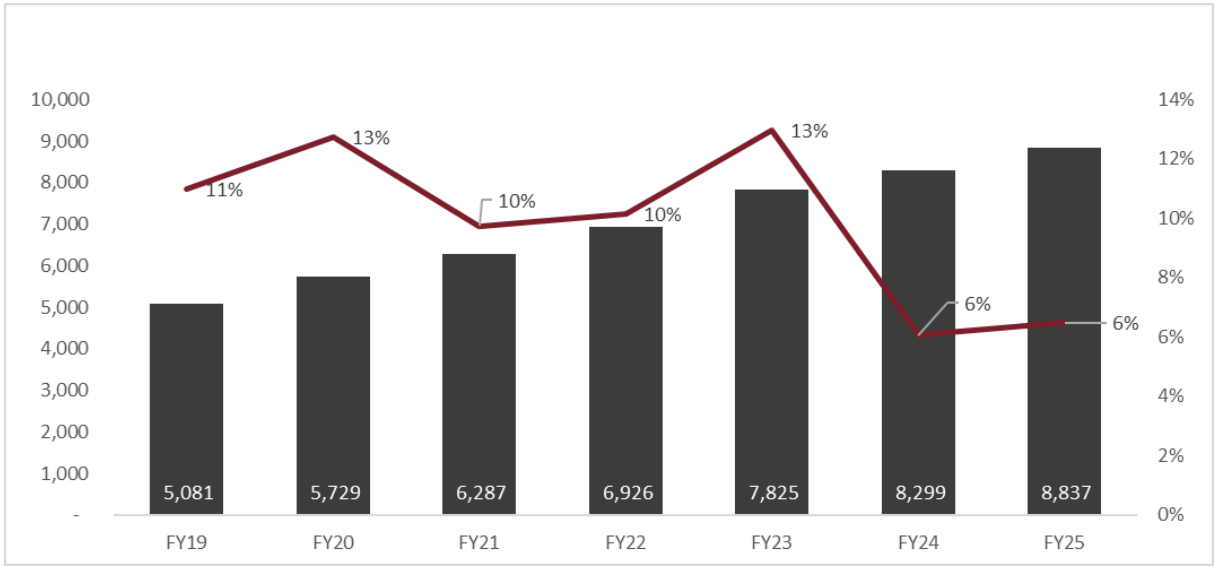

Insurance Distribution

Life Insurance Industry

Total premium has grown at 10% CAGR in last six years from Fiscal 2019 to Fiscal 2025

The life insurance premium has grown at a 10% CAGR between fiscals 2019 to 2025. Double-digit growth in premium can be attributed to expansion of the distribution network, rapid digitisation in the sector and development of new products led by COVID-19 pandemic, introduction of different government schemes and financial inclusion drives (Jan Dhan Yojana, etc). These factors have increased awareness about the need for insurance and propelled industry growth.

Strong growth in total premium for the life insurance industry

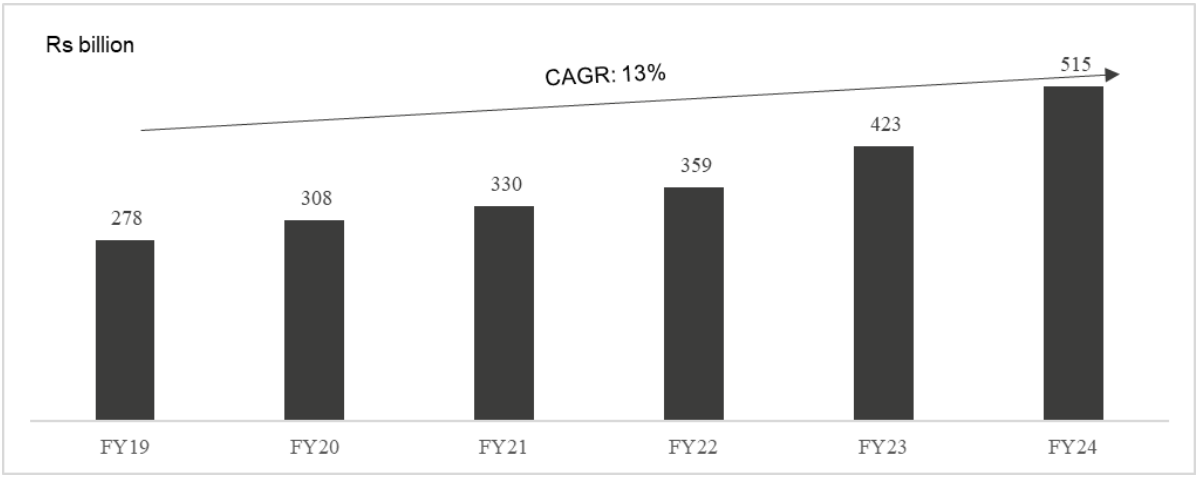

Source: IRDAI Annual report, Company reports, Crisil Intelligence

Structural factors such as the large proportion of insurable population, higher economic growth leading to rising incomes, increase in financial savings, increasing awareness about the utility of insurance, focus on financial inclusion, nil GST charges and increasing adoption of insurance through digital channels is expected to drive the growth of life insurance in India. The introduction of standard life insurance scheme by the government and financial inclusion drive (Pradhan Mantri Jeevan Jyoti Bima Yojana, etc.) are expected to further aid market growth.

Distribution industry to grow, driven by increasing awareness and demand for life insurance

The commissions paid by the life insurance players increased at 13% CAGR during the last five years ending Fiscal 2024 to ~Rs. 515 billion, despite the increasing share of direct channel in new business premium. The commission paid to the Channel Partners as % of total premium has remained range bound from 4.8% in Fiscal 2016 to 6.2% in Fiscal 2024. However, despite this, the commissions paid to distributors has recorded strong growth, as evident from the below graph.

Trend in Commission Paid by Life Insurance Players

Source: IRDAI Handbook of Statistics, Crisil Intelligence

Going forward, commission paid by life insurers is expected to grow on account of robust growth in new business premium. Also, key structural factors such as the large proportion of insurable population, rising incomes and increasing awareness about the utility of insurance is expected to drive the growth of both life insurance and distribution income.

Shift in channels of distribution of policies

The life insurance players have significantly leveraged banking channels to market their products from fiscal 2018 onwards. This gradually led to an increase in share of bancassurance channel and a decline in the share of individual agents in distribution of individual life insurance products.

Lately, due to impetus on technology by the industry and the push provided by COVID-19, share of direct selling and others including web aggregators, etc, has increased with time and the companies have in turn been able to reduce their dependency on the agency channel thus passing on some benefits to the customers and have helped to increase the profitability of the players. The direct channel accounted for close to 10% of individual life insurance premium in Fiscal 2024.

Individual agents, however, continue to account for as much as 51% of the individual life insurance premium for Fiscal 2024 due to the personal connect that they can establish especially with individual customers. They can provide hand holding to these customers, make them understand the various advantages of the policies and differences amongst various products, advice on suitability of the product basis the customer's needs, premium reminders, cheque collection etc. Thus, individual agents will continue to be the dominant channel in the Indian market where the consumers are used to their services and serve the above purposes.

Trend in channel-wise share of individual NBP in overall life insurance industry

Channel-wise new business share	FY13	FY18	FY23	FY24
Individual agents	78%	66%	53%	51%
Corporate agents – Banks	16%	25%	33%	33%
Corporate agents – Others	2%	1%	2%	2%
Brokers	2%	1%	3%	3%
Direct business[1]	3%	6%	9%	10%

Note: Individual NBP (overall industry) in fiscals 2013, 2018, 2023 and FY24 was Rs 622 billion, Rs 921 billion, Rs 1,440 billion and Rs 1,487 billion respectively. Remaining share of individual NBP is contributed by Referrals, Micro Agents, Web aggregators, CSCs, etc. Source: IRDAI Handbook of Statistics, Public disclosures of LI players, Crisil Intelligence

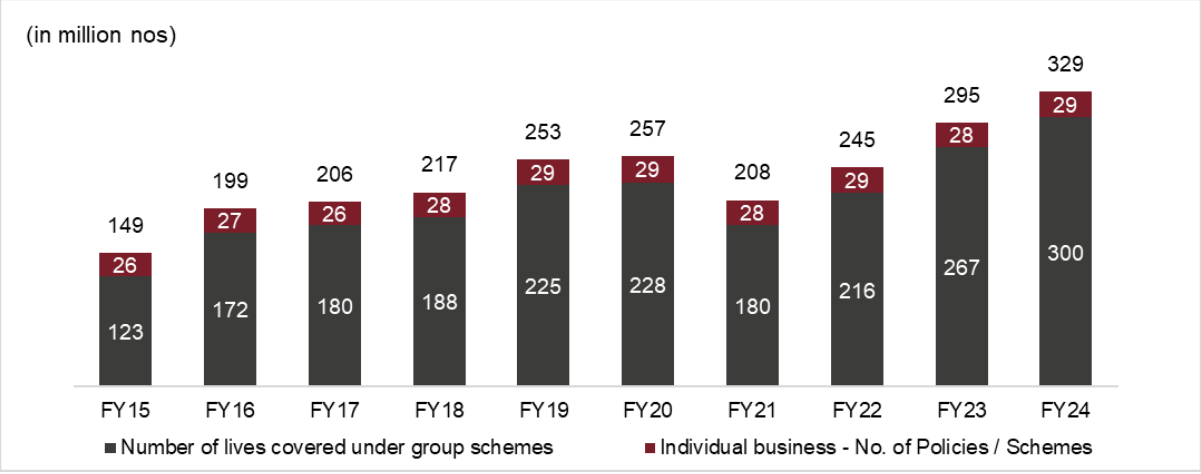

Growth drivers

Increasing life insurance coverage

The number of lives covered under life insurance increased from 66 million from Fiscal 2016 to 295 million for Fiscal 2023. However, number of lives covered declined significantly in fiscal 2021, largely due to impact of COVID 19 on group insurance business. Going forward, number of lives covered is expected to increase in both individual and group business due to increasing awareness, expanding distribution channels and enhanced product offerings.

Rising awareness on the need and benefits of insurance amongst customers, continuous innovation on the product side, and increase in reach as well as distribution network of insurers are expected to facilitate growth of the industry.

Number of lives covered in life insurance in India

Source: IRDAI Handbook of Statistics, Company reports, Crisil Intelligence

Changing customer needs and attitude towards financial security

The pandemic has spurred more people to consider insurance as a necessity to cover for morbidity risk, loss in earnings capacity and/or tackle unforeseen emergencies. So, while life insurance may be quite some way away from becoming a pull product, it is definitely moving towards becoming a nudge product. Such changes in consumer mind set have led players to adapt and introduce pandemic-specific covers, customised policies as per customer expectations and requirements, enhance focus on

[1] Includes offline direct selling and online business through company website

selling protection plans that are generally more profitable, enable digital access to services, and enhanced claim settlement mechanisms.

Digitization to be at the core of industry transformation

Convenience, digital access and customized solutions are the primary areas of focus for millennials and younger population. Insurers are designing products focussing on customer lifestyle, customer needs at various life stages and based on their interactions with the customer. The Covid-19 pandemic and increasing digital adoption by customers have prompted insurers to develop sales management tools that allows independent agents to acquire new customers digitally in the virtual presence of front-line sales representatives. Focus on collection of renewable premiums over virtual platforms has also increased over time.

Emergence of digital distribution channels

The increase in internet and mobile penetration will expand the role of digital distribution of life insurance products. In Fiscal 2024 around 10% of individual NBP came through the direct and online mode. This percentage is set to increase significantly in the coming years. A web-/app-based model will further drive-up scalability and reduce costs for insurers.

While new digital distribution channels are emerging, individual agents and banks as distributors also play an active role. The one-stop-shop model of providing multiple services through the optimum utilisation of technology is clearly sustainable. Thus, it is vital for life insurance companies to continue to use the agency and the bancassurance channel to sell insurance policies. Given the awareness of life insurance in India and the array of policy options available, the requirement of an individual to help customers select the right policy as per their need would persist. Thus, the digital distribution channel will complement the physical distribution channel and make the process more.

General Insurance Industry

The size of the Indian non-life insurance industry is Rs 3.80 trillion on total-gross direct premium basis as of Fiscal 2025. There are multiple products offered by the general insurance companies. Health segment constituted 39% share in the total premium while the motor segment alone accounted for around 32% of gross premium as of Fiscal 2025 as Motor TP is mandatory for all the vehicles.

Structure of non-life insurance industry:

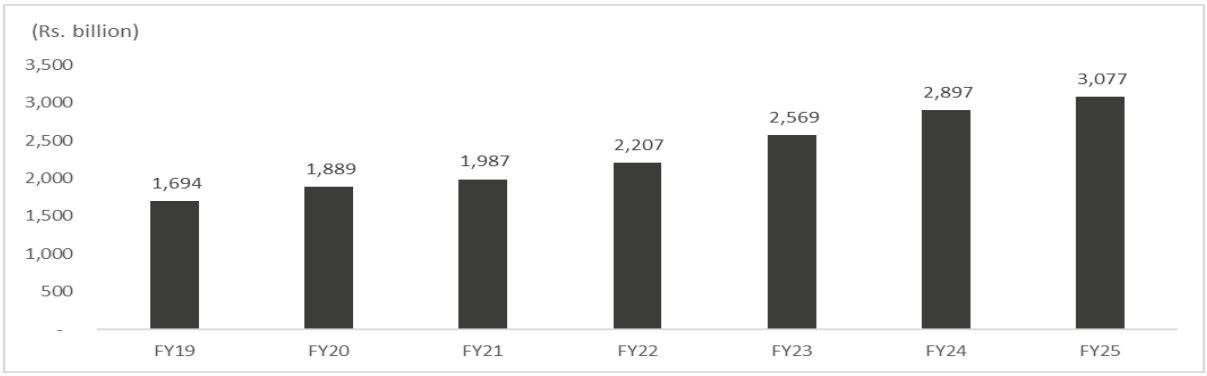

Non-life industry	Health	Motor (Total)	Fire	Marine	Others
Market share March 2025	39%	32%	8%	2%	19%

*Note - * Others includes Engineering, Aviation, Liability, Crop Insurance, P.A., Credit Guarantee and All other miscellaneous*

Gross direct premium has grown at 10.5% CAGR in last five years

The non-life insurance industry in India has grown at ~10.5% CAGR in last six years i.e. from FY19 to FY25. The double-digit growth in industry premium can be attributed to increasing penetration, continuing growth in health insurance, introduction of government schemes in some specific segments, regulatory support and changes, financial inclusion drive that has increased the awareness about the need of insurance in non-life segments and continued growth in the economy.

Trend in General Insurance premium

Source: GI Council Segment Wise Report, Crisil Intelligence

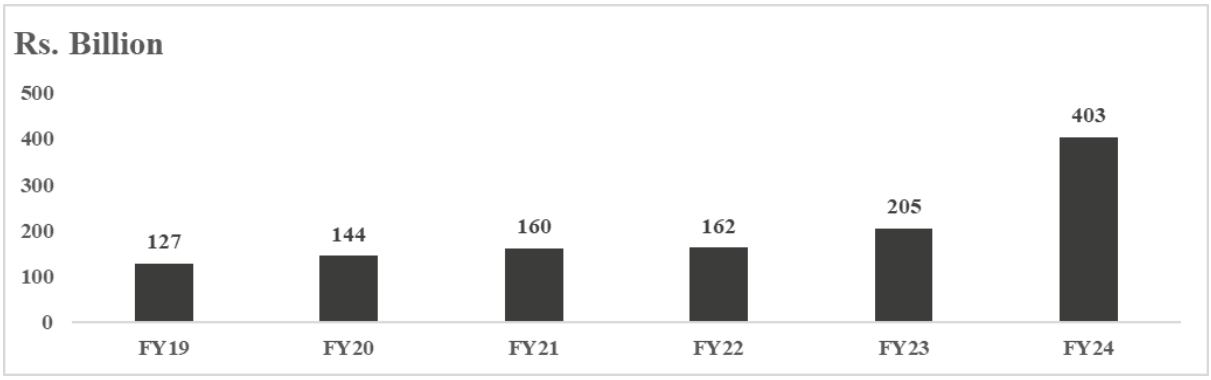

With economic growth gradually picking up and structural drivers in place (rise in healthcare spending, expected growth in retail auto sector, agricultural reforms and schemes), Crisil Intelligence expects the growth trajectory of non-life insurance products to remain strong in the coming years as well.

Distribution industry (general insurance) witnessed growth of ~26% from Fiscal 2019-2024

The commissions paid by the general insurance players increased at strong ~26% CAGR in the last five years from Fiscal 2019 to Fiscal 2024.

Going forward, commission paid by general insurers is expected to grow on account of robust growth in gross direct premium and increase in annual premium cost for customers during the same period. Also, key structural factors such as the increasing awareness about the utility of insurance, rise in vehicle sales and government policies to improve healthcare is expected to drive the growth of both general insurance and distribution income.

Trend in Commission Paid by General Insurance Players

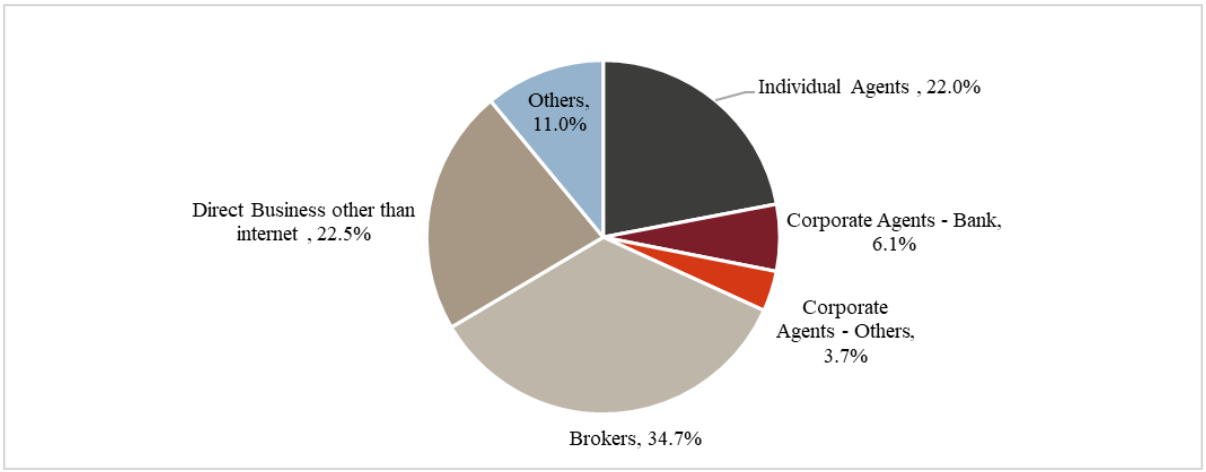

Source: GI Council Yearbook, Crisil Intelligence

Distribution trends and impact of digital channels

Individual agents and brokers account for more than 50% of the general insurance premium collected

The choice of distribution channel in general insurance is dictated by product and the target segment of various insurers. For example, players catering to the motor insurance business largely rely on the broking and the individual agent channel for garnering business, while in the health insurance business; the direct channel is also one of the major drivers of business apart from individual agent and brokers, given the retail-oriented nature of the business. In aggregate, brokers have the highest share, accounting for 34.7% of the general insurance premium in FY24.

Brokers and individual agents account for more than 50% share in channel wise premium

Growth drivers

Rise in new vehicle sales increasing the population of vehicles on road

Crisil Intelligence expects the growing middle-class population, increasing consumerism, focus of financiers' on pushing retail credit and continuous improvement in road infrastructure to have a favourable impact on domestic automobile sales in the next few years. Sales growth trajectory over a five-year period is expected to be strong for most of the segments. As a result, the stock of vehicles on India's roads are expected to increase further. This, along with an increase in insurance penetration and rise in third party premium tariffs, will drive growth in motor insurance premiums.

Domestic sales volume growth across various categories of automobiles

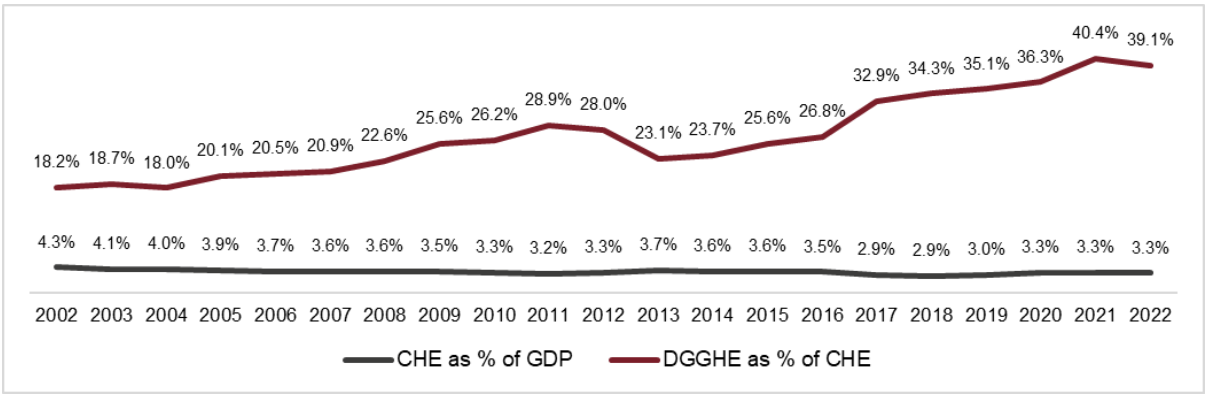

Note: P = Projected; Source: Crisil Intelligence

Government policies to improve healthcare coverage

The government has raised its healthcare budget by ~2% for Fiscal 2024-25 to Rs. 910 billion. The government through its National Health Mission aims to provide accessible, affordable and quality healthcare to all those who access public health facilities.

Government expenditure as a proportion of current healthcare expenditure

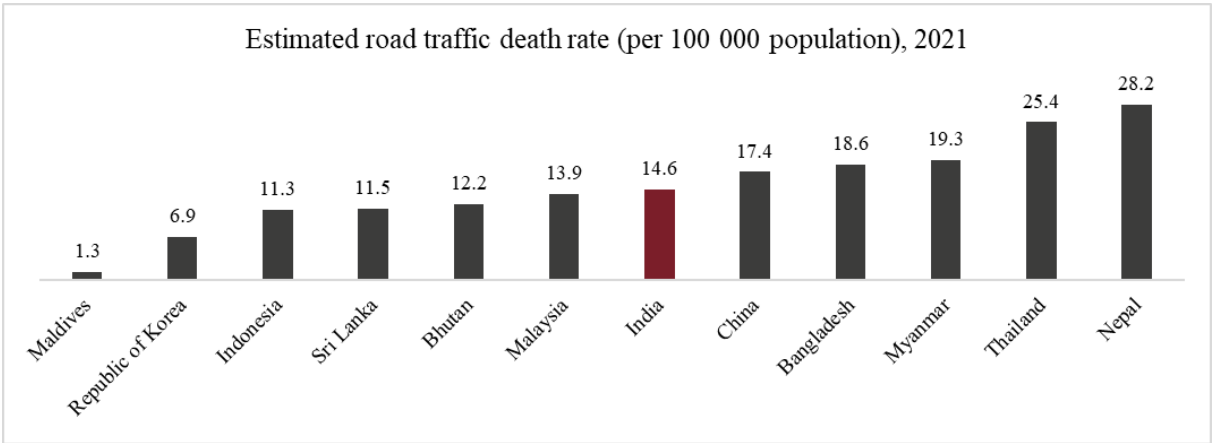

Note: CHE: Current healthcare expenditure; DGGHE: Domestic general government healthcare expenditure; Source: WHO Global Healthcare Expenditure Database

Need of insurance against personal accident

Insurance in personal accident segment also needs special focus from the insurers as India is among the nations where road traffic mortality rate is high. As per the WHO data for 2021, 14.6 people per 100,000 population pass away in India each year due to road accidents. Considering the poor traffic and road standards in India, there is an opportunity for insurers to increase the awareness of people on need of insurance against personal accident and improve their overall penetration in this segment.

Deaths from road traffic injuries

Source: WHO-Global health observatory data repository

Rising demand for fire and marine insurance

The demand from corporates for asset protection products such as fire and marine insurance is very low. As a percentage of industrial GDP, premiums from these policies are at less than 0.5%, as compared to global benchmarks of around 3-5%. Amongst small and medium enterprises (SMEs) in particular, the demand for asset protection is non-existent. We expect penetration for these products as well to rise gradually as awareness amongst corporates to these material risks, they are exposed to increases.

OVERVIEW

We are a well-diversified retail-focused systemically important non-deposit taking non-banking financial company ("**NBFC**") operating in India. We offer a wide range of secured and collateralized loans through our four primary lending segments, comprising MSME loans, housing loans, gold loans and construction finance. Under our MSME loans, we have recently launched micro loans against property ("**Micro LAP**") and indirect lending, following the phasedown of rooftop solar loans and digital lending. We also hold a corporate agent composite license for the distribution of life insurance, general insurance and health insurance policies. We received a certificate of registration as a housing finance company in July 2016 from the NHB, and started our Housing Finance business through our wholly owned subsidiary Capri Global Housing Finance ("**CGHFL**") in December 2016. Further, through our wholly-owned Subsidiary, Capri Loans Car Platform Private Limited ("**CLCPPL**"), we are also a corporate selling agent for third-party new car loans. We have incorporated two new Subsidiaries, Capri Global Securities Private Limited ("**CGSPL**") and Capri Global Capital Markets Private Limited ("**CGCMPL**") in July 2025 to enter the stock broking and financial services business. Our customers, particularly in relation to our MSME loan, housing loan and gold loan segments, primarily comprise of self-employed non-professionals and salaried individuals, who may not have adequate formal income proof or may lack access to formal credit channels.

On a consolidated basis, for the three month period ended June 30, 2025 and as at March 31, 2025, our AUM was ₹ 247,528.31 million and ₹ 228,601.98 million which grew at 46.03% year-over-year and at a CAGR of 48.83% between March 31, 2023 to March 31, 2025. On a consolidated basis, for the three month period ended June 30, 2025 and as at March 31, 2025, our Gross Loans was ₹ 198,630.96 million and ₹ 185,177.63 million which grew at 7.27 % and 35.42% year-over-year and at CAGR of 38.51% since March 31, 2023. On a consolidated basis, for the Fiscal 2025, our Company's disbursements increased by 58.16% year-over-year and at CAGR of 80.61% since Fiscal 2023 and our Company's profit after tax increased by 71.27% year-over-year and at CAGR of 52.91% since Fiscal 2023. As at June 30, 2025, we had 1,138 branches, including 821 gold loan branches, 205 MSME, housing finance and construction finance branches, 93 Micro LAP branches and 19 car loan origination branches with presence across 19 states and union territories in India. In addition, we have also established dedicated technology centres in Gurugram, Bengaluru and Noida, focused on developing our technology and data science capabilities in-house. As at June 30 2025, our Company had total employee strength of 11,546 and total customer base of 0.56 million, on a consolidated basis.

We launched our third-party new car loan distribution business in February 2021 and are a corporate selling agent for new car loan products of 12 partner banks and financial institutions across India. Our car loan originations have grown from ₹ 56,939.20 million in Fiscal 2023 to ₹ 105,518.76 million in Fiscal 2025 and ₹ 26,510.63 million in the three month period ended June 30, 2025 at CAGR of 36.13%. As of June 30, 2025, our third-party new car loan distribution business had 1,579 employees in 814 locations across 19 states and union territories, and generated a net fee income amounting to ₹ 233.67 million in the three month period ended June 30, 2025. In December 2023, we received a composite license from IRDAI for distribution of insurance policies and have subsequently partnered with 18 insurance companies and have generated a net premium income of ₹ 471.55 million and net fee income of ₹ 275.63 million in the three month period ended June 30, 2025.

We received the "Best Brands – 2024" award at the ET Now Best Brands Conclave 2024, Great Place to Work awarded for Fiscal 2025, 2024, 2023 and 2022, and our Promoter and Managing Director, Rajesh Sharma, was awarded the "Most Promising Business Leader of Asia" by the Economic Times in 2020-2021.

CORPORATE STRUCTURE

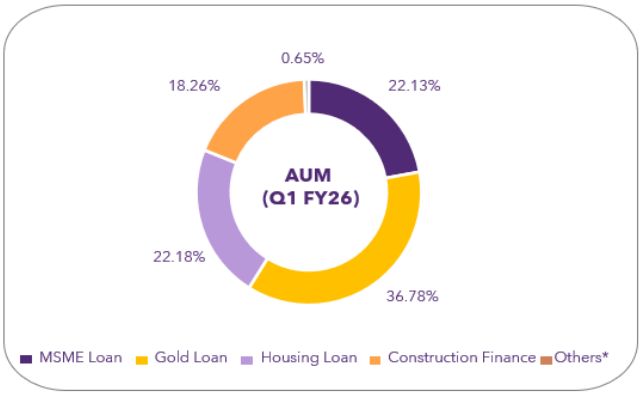

OUR STRENGTHS

Prominent and well-diversified NBFC with vintage and a track record of delivering strong growth

Since the commencement of our NBFC operations in 2011, we have established ourselves as one of the prominent players with experience of 14 years, in the Indian financial services sector and have demonstrated a consistent track record of execution and resilience. We have diversified our business operations by entering into new segments, launching new products and scaling up those segments. Our consolidated AUM has increased from ₹ 103,204.75 million as at March 31, 2023 to ₹ 156,540.38 million as at March 31, 2024 and was ₹ 228,601.98 million as at March 31, 2025 and was ₹ 247,528.31 million in the three month period ended June 30, 2025, which demonstrates significant growth at a CAGR of 48.83% between Fiscal 2023 to Fiscal 2025. Our ability to effectively scale our operations is also evident through the strategic expansion of our branch network, which has increased from 736 branches as at March 31, 2023 to 1,138 branches as on June 30, 2025, as well as our total number of employees, which has increased from 9,076 employees as at March 31, 2023 to 11,546 employees for the three month period ended June 30, 2025. Our customer base has also expanded rapidly from 141,692 customers as at March 31, 2023 to 558,788 customers for the three month period ended June 30, 2025, which reflects the trust and confidence placed in our financial products and services by our customers.

Our growth trajectory has been supported through our well-diversified product portfolio, which includes high-growth segments such as MSME loans, housing loans, gold loans and construction finance. Under our MSME loans, we have now launched

Micro LAP and indirect lending as new products, following the phasedown of rooftop solar loans and digital lending. We believe that our optimal product mix has enabled us to deliver strong growth and provided a hedge against macroeconomic events, thus making our franchise resilient and sustainable. The graph below represents the AUM split across these product segments as of June 30, 2025 on a consolidated basis:

According to the Crisil Report, in Fiscal 2025, the estimated MSME credit demand in India was approximately ₹ 159 trillion, of which 27%-28% of this demand being met through formal financing channels (*Source: Crisil Report*). As a result, the credit gap faced by MSMEs is estimated to have increased to ₹ 117 trillion as of Fiscal 2025 (*Source: Crisil Report*). With NBFCs and housing finance companies establishing a growing presence in the MSME loan sector, there is a significant opportunity to grow our MSME lending portfolio in India. In terms of our housing loans segment, the Indian housing finance market clocked a healthy CAGR of approximately 12.7% in terms of credit outstanding during Fiscals 2019 to 2025, on account of a rise in disposable incomes, healthy demand and greater number of players entering the segment (*Source: Crisil Report*). As of Fiscal 2025, the overall housing finance segment credit outstanding is approximately ₹ 38.5 trillion, and the housing segment is expected to grow at a CAGR of 13% to 15% from Fiscals 2025 to 2028 (*Source: Crisil Report*). Additionally, the overall gold loan financing market has grown by a CAGR of 24.6% between Fiscals 2020 and 2025 (*Source: Crisil Report*). NBFCs accounted for 28.2% of the gold loan financing market as of March 2025 and their share is expected to grow at a rate of 27.4% (*Source: Crisil Report*).

We believe that through our established presence and strong execution capabilities, we are well positioned to capitalize on the opportunities presented by the growth potential of these segments in India. Our focus on the underbanked and underserved customers, our understanding of local markets and on-ground presence have allowed us to curate our loan offerings and experiences tailored to customer needs, which has enabled us to gain a competitive edge over our peers in our loan segments. For instance, in relation to our MSME and housing loan segments, our existing branch network in semi-urban and rural areas, our understanding of customer occupations and cashflows, coupled with our in-house technology for loan applications, enables us to reach out to more customers and underwrite more effectively. In relation to our gold loan segment, our fully digital loan application process, modern branch infrastructure with advanced security systems, technology-driven audit and risk management triggers and focus on a faster turnaround time ("**TAT**") of less than 30 minutes has led us to achieving a customer repeat ratio of 54.56% and an average AUM per branch of ₹ 100.15 million as at March 31, 2025, within less than two and a half years of the launch of this segment. Further, in relation to our construction finance segment, we believe that our in-depth understanding of the market through years of presence, ability to provide customized solutions and turnaround proposals with speed, and well-defined multi-layered credit approval and monitoring processes led by a stable team have enabled us to build a niche expertise in this segment.

Retail-focused secured loan book supplemented by asset light income streams

We provide retail, granular and secured loans backed by collateral to our customers across our MSME loan, housing loan, gold loan and construction finance segments. As of March 31, 2025, 99.88% of our AUM on a consolidated basis, was secured by collateral. Set out below is a description of our target customers in these segments, as well as their credit requirements, which are addressed through our loan offerings:

- *MSME loans*: We offer small ticket size MSME loans to self-employed non-professionals ("**SENPs**") and underbanked/underserved customers, which comprise customers who own local provision stores, retail outlets, small manufacturing units or workshops in tier II, III, and IV cities having minimal or no credit history and may lack formal income proof. As of March 31, 2025, 97.13% of our customers in these segments were SENPs, and 49.91% of our customers' income was less than ₹ 1.00 million and 89.08% customers were with proof of assessed income. These customers typically require MSME loans for working capital, purchase of machinery, equipment or vehicles. Our MSME loans portfolio has an average ticket size of ₹ 1.32 million and are primarily secured either by residential or commercial property as collateral. Within MSME segment, our Micro LAP product have an average ticket size of ₹ 0.41 million.

- *Housing loans*: We offer small ticket housing loans to unbanked and underserved SENPs and formal salaried customers, who are primarily first-time home buyers located in tier II and tier III cities. As of March 31, 2025, 68.48% of our customers in these segments were SENPs, and 60.62% of our customers' family income was less than ₹ 1.00 million, and 62.38% customers were with proof of assessed income. These customers typically require housing loans for home or plot purchase or extension or renovation of their homes. Our housing loans portfolio have an average ticket size of ₹ 1.39 million and is secured with residential property as collateral.

- *Gold loans*: We offer gold loans to small business owners, salaried individuals, women entrepreneurs and small and marginal farmers. These customers typically require loans for medical exigencies, temporary financial requirements, business expansion or seasonal business working capital requirements. As of March 31, 2025, 87.23% of our customers' family income was less than ₹ 0.50 million, and 46.35% of the customers had taken less than ₹ 0.07 million disbursement. Our gold loans portfolio have an average ticket size of ₹ 0.13 million and are secured with 18 carat or 22 carat jewelry as collateral.

- *Construction finance*: We offer loans for construction and project related expenses to real estate developers in metro and tier 1 cities for construction of affordable homes, looking for tailored solutions and faster TAT, with maximum exposure in the retail segment.

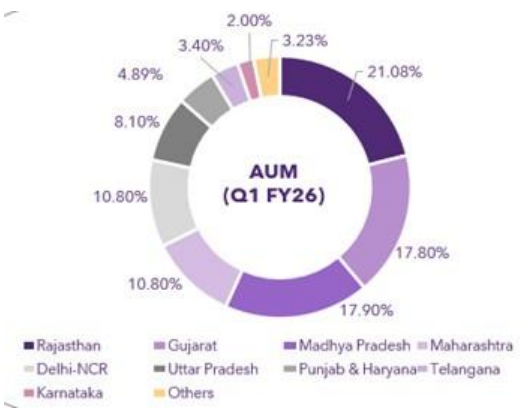

Through our customised loan offerings and customer application through digital processing, we have been able to offer comprehensive services to these customers, with minimal disruption to their businesses during the loan origination process. For details of the AUM, average ticket size, collateral and process followed in relation to these loans from origination to collection, see *"Our Business – Our Products"* on page 146.

In addition to our secured loan book, we have developed complementary asset light income streams through fee-based businesses. We launched our third-party car loan distribution business in February 2021, currently part of our wholly owned subsidiary CCLPPL and as at June 30, 2025, we have established strategic partnerships with 12 partner banks and financial institutions. For the three month period ended June 30, 2025 and in Fiscal 2025 and Fiscal 2024, we generated a net fee income of ₹ 233.67 million, ₹ 963.04 million and ₹ 1,075.68 million, respectively, through this business, and our loan originations have increased from ₹ 51,384.00 million in Fiscal 2023 to ₹ 94,636.00 million in Fiscal 2024, and were ₹ 100,743.00 million in Fiscal 2025 and ₹ 26,510.63 million in the three month period ended June 30, 2025. For details, see *"Our Business – Distribution of Third-Party Products - New Car Loans"* on page 153. In addition, we have received a composite license from IRDAI for distribution of insurance policies and have partnered with 18 insurance companies, comprising nine life insurance companies, five general insurance companies and four health insurance companies. As at March 31, 2025, we generated a policy count of 405,931 policies, out of which 84.70% were through cross-selling. In Fiscal 2025, we generated a total premium of ₹ 1,289.42 million and a net fee income of ₹ 727.12 million. Through these two segments, we are able to generate additional revenue without significant capital investment, which has helped enhance our growth potential and return on equity. In Fiscal 2025, share of non-interest income in total net income comprised 26.90%.

Continuous geographical expansion with hybrid sourcing model and in-house collections

Over the past few years, we have rapidly and strategically expanded our branch network across India, with continued penetration in existing markets and regions to consolidate our presence. Our total number of branches has increased considerably from 736 branches as at March 31, 2023 to 1,111 branches as at March 31, 2025 and 1,138 branches in the three month period ended June 30, 2025. Our branches comprised of 821 gold loan branches across 10 states and union territories, 205 branches for MSME, including construction finance and housing loans across 9 states and union territories, 93 branches for micro LAP loans and 19 branches for car loan origination. For details of our branch locations, see *"Our Business – Our Branch Network"* on page 154.

The graph below indicates the geographical distribution of AUM for the three month period ended June 30, 2025:

In addition, through the introduction of our micro LAP loans in the MSME segment, we have entered new markets of Andhra Pradesh and Telangana. Our wide geographical presence has enabled us to cater to a large number of new customers and diversify our operations, thereby avoiding concentration of operations in certain states or regions with no state contributing more than 25.00%.

We source our loans through a physical and hybrid sourcing model, which combines multiple channels for sourcing loans to ensure comprehensive market coverage and efficient customer acquisition. This model comprises of various physical channels such as branch walk-ins, an in-house direct sales team, direct selling agents and business partners that leverage their local market knowledge to tap into new customer segments, digital and online channels such as our website, tele-calling unit and targeted marketing campaigns and strategic partnerships with fintech companies. We have also developed a business sourcing model in the form of 'Capri Business Partner', which serves as a single channel for multiple product sourcing. To enhance the integration and efficiency of this channel, we have a dedicated team of 40 employees as of June 30, 2025 who are focused on its expansion, along with the development of the application "Capri Business Partner App". This application provides real-time updates on lead qualification and loan process to our partners and facilitates a one-day cycle for incentive payments through automated invoicing. As of March 31, 2025, we have onboarded over 0.08 million partners and disbursed over 0.02 million leads for an amount of over ₹ 7,061 million through this application, with a leads to disbursal ratio of approximately 17%. In addition, the rapid growth of our customer base provides us a large opportunity to cross sell other loan and fee-based products to our existing customers.

We have a disciplined and focused approach towards collection with our operations managed completely in-house through a collection staff comprising of 556 employees as of June 30, 2025, who ensure management of timely loan repayments, thereby increasing our collection efficiency and lowering our delinquency rates. Our in-house collection team also manages recovery from delinquent accounts and our litigation team helps in recovery efforts by enforcing legal actions. We have implemented a 'days past due' bucket-wise strategy to manage collections, through which loans are allocated to the collection channel based on their delinquency status and past repayment behavior of the customer. A dedicated tele-calling unit proactively contacts customers and sends reminders for upcoming payments through call, SMS or bot calling, and our field staff conducts on-ground visits to engage with customers and collect payments. As of June 30, 2025, we had 522 field employees and 24 employees in our tele calling unit for managing collections. We also extensively use technology and data science tools to drive performance of our collections process. Our detailed collection dashboards for supervisory staff and 'CollectXpress' application for field staff allows them to optimize route maps, track and monitor collections in real-time. We also use artificial intelligence ("**AI**") driven tools to analyse and optimise the performance of our tele-calling staff through speech to text conversion. Given that all our loans (except small business loans and employee loans) are secured through collateral assets, in cases of default, our litigation and collection teams facilitate the sale of the collateral and realise the sale proceeds towards repayment of the loan.

Advanced in-house technology and data analytics platform driving productivity and efficiency

We have developed an advanced technology-backed platform covering the complete customer lifecycle, including onboarding, credit underwriting, disbursement, collections and customer relationship. Our in-house developed applications provide us with the ability to customize our systems with scale, improve operational efficiency, rapidly adapt to regulatory changes and maintain low maintenance costs on an ongoing basis. Additionally, our technology infrastructure supports the encryption of confidential customer data, which supports adherence to applicable reporting and information security standards.

As part of our digital initiatives, we provide seamless end-to-end engagement with our business partners through the 'Capri Business Partner' application. For details, see *" Our Business – Strengths – Contiguous geographical expansion with hybrid sourcing model and in-house collection model"* on page 142. Our in-house sales, credit and collection teams have been provided with digital devices to tech enable them and operate efficiently. Through our 'Pragati' application, our sales team is able to capture leads, verify customer information and submit applications digitally through optical character recognition ("**OCR**") and know your customer ("**KYC**") checks. The use of this application has increased productivity and improved TAT for our sales team. We have also developed 'PD Mobility', an application for our credit team that allows them to geo-tag location and capture images of collateral live during their personal discussions with customers. Our 'LoanXpress' application is an in-house developed loan origination system, which manages the end-to-end loan application cycle, including document verifications, customer risk profiling, credit decisions, commercial approvals and loan disbursement. Further, as part of our underwriting process, we use business rule engine ("**BRE**") and scorecards, which help us evaluate applications based on multiple parameters and categorize customers into appropriate risk segments. This is further used by our underwriting team to make credit decisions and offer risk-based pricing on our offerings. Our loans are disbursed digitally through e-sign and e-stamp post verification through Aadhar-based biometric and face recognition. We have also launched our 'Capri Loans' application, which is a customer-relationship application used to make payments and raise service requests. As of March 31, 2025, we had 0.70 million customers registered, 0.21 million monthly average active users and had catered to 0.04 million service requests, and collected ₹ 10,191 million as repayments through this application, on a consolidated basis. Additionally, we launched Capri AI-Dost in August 2024, which is an AI-driven chatbot designed to assist customers by resolving their loan-related queries in vernacular language. Additionally, our proprietary loan origination system ("**LOS**"), 'Swarnim', digitizes and streamlines loan processing for gold loans.

One of the key enablers of our expanding technology footprint is our in-house technology team, which as of June 30, 2025, comprised of 159 employees. We have also established technology centres in Gurugram, Noida and Bengaluru, which serve as hubs for innovation and development of our technology infrastructure. For additional details of our technology-based initiatives, see *"Our Business – Technology"* on page 155.

Prudent underwriting practices and risk management

We employ detailed underwriting practices to ensure superior asset quality and the effective management of our risks. For our MSME and housing loans, we use a customised approach to analyse a potential borrower's income profile, since many of our customers do not have adequate proof of formal income supported by tax returns, financial statements, credit card statements, or other related documents. Loans to such customers represented approximately 89.08% of our portfolio for MSME loans and 62.38% of our portfolio for affordable housing loans, respectively, as of March 31, 2025.

Our underwriting process for MSME and housing loans includes using CIBIL scores to screen potential customers, which helps ensure that only those customers with acceptable credit profiles proceed to the next stage of the loan application process. Based on the various parameters, approximately 6% of the applications are filtered out upfront. We use our in-house BRE to categorize customers into appropriate risk segments using multiple parameters. Further, we employ a comprehensive risk-based pricing model, which basis the customer's risk profile and collateral quality, provides recommendations on yield and fees. We have in-house legal, technical and risk containment units and have additionally empanelled vendors to conduct technical and legal evaluation of the property offered as collateral. Our strong credit appraisal system is demonstrated by the fact that our login-to-sanction ratio for our MSME and housing loan segments together was approximately 31.20% as of March 31, 2025.

In particular, for our gold loan business, our underwriting process comprises evaluating the eligibility of loan application based on the weight and purity of the gold, between 18 carat to 22 carat. Our gold loan branches are generally staffed with two gold valuers, having prior experience in gold valuation. We measure the weight of the gold ornaments using calibrated weighing machines, excluding the weight and value of any stones embedded in the ornament. After determining the weight, the ornament undergoes prescribed tests to assess its purity in terms of our gold loan policy. Once both the value and weight of the gold are established, the loan eligibility is determined based on the average rate of gold over the past 30 days, as prescribed by the Indian Bullion and Jewellers Association ("**IBJA"**).

Our construction finance approval process includes evaluation of a project and the borrower from a technical, commercial, financial, and legal perspective. As part of the appraisal process, we submit a note to an internal credit committee identifying each of the risks, along with the mitigating factors, if any. We have a dedicated team responsible for monitoring our exposure until loans are fully repaid, and we require borrowers to submit monthly reports on the progress of the construction. Borrowers are also required to take a no-objection certificate from us for each unit sold in the project and are required to deposit the receivables from such sale into the designated project collection account, which is ring-fenced by way of an escrow mechanism.

We believe that our credit and risk management policies as well as the use of technology in our credit underwriting have helped us to reduce credit costs and maintain relatively low Stage 3 Assets / NPAs. For Fiscal 2025, our credit cost was 0.63% of our Average Gross loans and our average credit costs for the period since Fiscal 2023 was 0.74%, on a consolidated basis. All of our loans (except small business loans and employee loans) are secured by collateral, which helps us to recover amounts due on NPAs, keeping our actual loss experience low. As of June 30, 2025 and for Fiscal 2025, our gross Stage 3 Assets / NPA as a percentage of our gross credit exposure was 1.67% and 1.53%, respectively, our net Stage 3 Assets/ NPAs as a percentage of our net credit exposure was 0.99% and 0.90%, respectively and our provision coverage ratio ("**PCR**"), which is our total expected credit loss provisions divided by Gross Stage 3 Assets/ NPAs, was 40.97% and 41.74%, respectively, on a consolidated basis. We also maintain a significant loan to value ("**LTV**") cushion in each of our loan segments to mitigate risks associated with collateral devaluation or recovery in case of loan default by borrower.

Robust balance sheet supported by effective liability management

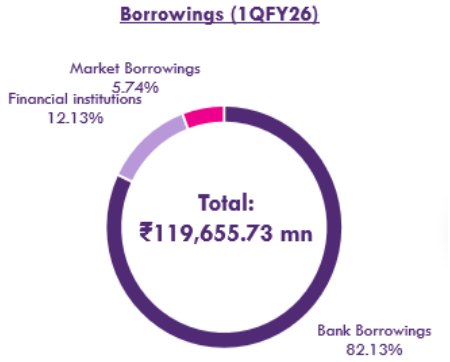

We maintain a robust balance sheet, which is supported by an effective liability management framework. This involves maintaining optimal capital adequacy ratios, so as to ensure financial stability and the ability to absorb potential losses. As of June 30, 2025, our Company's capital adequacy ratio on a standalone basis was 34.39%, compared to the statutory required minimum of 15.00%, and CGHFL's capital adequacy ratio on a standalone basis was 28.90%. We also endeavour to maintain a healthy liquidity position to meet our short-term obligations. As of June 30, 2025, we received incremental credit lines of ₹ 20,218.33 million for our Company on a consolidated basis, and maintained liquidity through cash and cash equivalents and undrawn credit lines amounting to ₹ 36,916.85 million. We maintain a sustainable level of leverage in our business, with a debt-to-equity ratio of 2.01x as of June 30, 2025, on a standalone basis.

In terms of our borrowings, we have raised long-term borrowings from various scheduled commercial banks and financial institutions and issued non-convertible debentures and commercial papers. Our preference for long-term term borrowings is in line with the long tenor of our loans, and the need to manage liquidity and interest rate risks. We have established strong relationships with 24 lenders, including public sector financial institutions, private sector banks and life insurance companies, which provides access to a wide range of funding sources and credit lines. Given that 86.71% of our interest bearing liabilities

as of June 30, 2025 were at a floating rate of interest, we believe that we are favorably placed to benefit from further reduction in the RBI repo rate.

The graph below indicates our borrowings on a consolidated and standalone basis, as of June 30, 2025:

We have also developed co-lending partnerships with 11 partner banks, for our MSME loans, housing loans and gold loans segments. Through our co-lending model, we retain 20.00% to 30.00% of our loans on our balance sheet, while our co-lending partners retain the balance; and this aids in diversifying our funding sources, managing our liabilities, conserving capital and boosting return on equity ("**RoE**"). For the three month period ended June 30, 2025 and in Fiscal 2025 and Fiscal 2024, we generated ₹ 704.90 million, ₹ 1,632.60 million and ₹ 1,002.45 million through earning spread on our co-lending loans, respectively. Our co-lending AUM in for the three month period ended June 30, 2025 and in the Fiscal 2025 was ₹ 46,813.49 million, ₹ 40,797.63 million, comprising 18.91% of the total AUM, on a consolidated basis.

Our Company had a positive asset-liability gap position on a cumulative basis across all buckets as of March 31, 2025 and June 30, 2025. Our ALM strategy is overseen by our Asset Liability Management Committee and aims to manage liquidity and interest rate risk to ensure that there are no duration mismatches between either side of the balance sheet.

Strong corporate governance led by experienced Board and senior management team

We are led by a distinguished and experienced Board, which is committed to maintaining the highest standards of corporate governance through overseeing various committees. Our Board comprises seven directors, six of whom are independent directors including a woman director, which helps ensure robust oversight and independent judgment. Our Board is led by our Chairman and Independent Director, Lingam Venkata Prabhakar, who has considerable experience in banking and finance, asset management companies and insurance companies; as well as our Promoter and Managing Director, Rajesh Sharma, who is a qualified chartered accountant and has 25 years of experience in the finance sector. Our other Independent Directors include Ajit Mohan Sharan, Desh Raj Dogra, Nupur Mukherjee, Shishir Priyadarshi and Subramanian Ranganathan.

Our senior management team has diverse experience in various financial services and functions related to our business, and an in-depth understanding of the specific industry, products and geographic regions they cover, which enables them to appropriately support and guide our employees.

OUR STRATEGIES

Diversify our product offerings for sustained growth

In order to maintain a competitive edge and cater to the needs of our customers in underserved markets, we intend to broaden our loan portfolio in the retail lending space by focusing on revenue diversification and margin expansion. In Fiscal 2025, we introduced two new products, namely Micro LAP and indirect lending in our MSME segment, to address specific market segments and foster sustainable development, which were followed by the phasedown of rooftop solar loans and digital lending. Our Micro LAP loans are tailored to meet the small ticket loan requirement of SENPs and entrepreneurs, so as to help them fund their business operations and achieve growth. We believe this will enhance our relevance in the competitive retail loan market, while also supporting our broader economic and environmental objectives.

Geographic expansion and deepening our presence in existing markets

We intend to expand our presence in India through the addition of new branches in existing geographies, while also strategically expand into underserved regions with limited financial services infrastructure. This will allow us consolidate our presence as well as cater to a wider customer base, particularly in regions where a majority of customers lack access to formal credit. In

order to optimise our expansion, we assess potential markets by analysing demographic, competitive and regulatory factors, site selection and availability, and growth potential.

We believe that branch expansion will also increase the visibility of our brand in the market and help strengthen our foothold in our customer segment. In addition to building a broader customer base and increasing productivity of existing branches, our strategy is aimed at supporting local economic development and enhancing our operational reach.

Leveraging technology and data analytics for operational excellence

We aim to leverage our existing technology, Generative AI, data science and analytics infrastructure to enhance our productivity and operations. We are currently working towards driving our efficiency and enhancing customer experience through a suite of advanced in-house technology platforms, including our loan origination framework and applications such as 'Pragati', 'LoanXpress', 'Swarnim', 'CollectXpress' and 'Capri Loans'. For details, see *"Our Business – Technology"* on page 155.

We intend to continuously upgrade our technology stack and infrastructure to optimize our operations. Our recent initiatives are being extensively used by our sales and collection teams for their loan origination and collection processes, respectively. We launched BRE scorecard-based underwriting, which evaluates applications based on multiple parameters and categorizes customers into appropriate risk segments. This process will enhance log-in to sanction ratios, improve customer profiling and enable risk-based pricing. We are also developing tools as human assistants using Generative AI to drive operational efficiency, employee productivity and customer experience. These will also ensure faster TAT and streamline loan disbursements, which in turn will enhance customer experience. We intend to further develop and strengthen our AI and ML driven collection dashboards, which will enable real-time monitoring, early detection of delinquency and improve overall asset quality.

Leveraging our customer base to drive fee income and cross-selling of products

We intend to leverage our growing customer base to generate and increase income from cross-selling of financial products, namely in our car loans and insurance distribution verticals. In particular, we intend to leverage our existing partnerships with 18 insurance companies across life insurance, general insurance and health insurance categories to expand our insurance distribution business in India. We believe that our established presence provides a significant opportunity to grow these verticals. This will enable us to further deliver on our vision to provide comprehensive and tailored financial solutions to meet the needs of our customers. Our data science and analytics initiatives will help gain actionable insights by analysing customer behaviour, market trends and industry demands, and will also help identify cross-selling opportunities. By focusing on our existing customers, we aim to strengthen relationships and increase customer engagement and retention, while also reducing acquisition costs.

Diversifying our borrowings for effective liability management

We are committed to diversifying our borrowings to ensure effective liability management and reduction of funding costs. We intend to achieve this through several initiatives, one of them being the expansion of our co-lending operations. We plan to onboard new banking partners across various product segments as well as increase borrowing limits with our existing banking partners. In addition, we also plan to leverage securitization as a complementary avenue to support our co-lending business.

We aim to diversify our funding sources and tap into other borrowing instruments such as commercial papers, non-convertible debentures and external commercial borrowings. For the three month period ended June 30, 2025 and as of March 31, 2025, outstanding commercial papers and non-convertible debentures comprised 5.74% and 4.32% of our total borrowings as compared to 1.46% as of March 31, 2024, on a standalone basis, which showcases our progress in diversifying our funding and lowering our dependence on borrowings from banks.

OUR PRODUCTS

We offer a wide range of loans through our four lending segments, namely MSME loans, housing loans, gold loans and construction finance.

MSME and Housing loans

We provide finance to SENPs operating in medium and small manufacturing and service units such as provision stores, retail outlets and manufacturing workshops, as well as MSMEs operating as transport operators, education and healthcare service providers. These MSMEs avail loans for working capital, purchase of equipment, machinery or vehicles.

As per our lending policy as of June 30, 2025, at disbursement our MSME loans have a ticket size of ₹ 0.20 million to ₹ 15.00 million, with a maximum tenor of 15 years. We offer a semi-fixed interest rate for three years and a floating interest rate that is determined by our management depending on customer profile, CIBIL score, income source, property type and location of property.

The table below set forth certain information relating to our MSME loans as at and for the periods indicated, on a standalone basis:

(₹ in millions, unless otherwise stated)

Particulars	For the three month period ended June 30, 2025 (₹ in millions, except ratios and percentages)	As at and for the year ended March 31,		
		2025	2024	2023
		(₹ in millions, except ratios and percentages)		
AUM[(1)]	54,786.47	52,789.37	50,174.29	43,579.50
MSME loans AUM as a percentage of our total AUM (%)	22.13%	23.09%	32.05%	42.23%
Average Interest Earning Loans [(*)]	41,761.01	39,154.09	38,522.78	33,052.53
Disbursements[(*)]		15,414.14	15,050.01	17,390.89
Annualised Yield on Average Interest Earning Loans[(*)] (%)	16.82%	15.37%	15.92%	15.70%
Average ticket size at sanction[(2)(*)]	0.96	1.08	1.56	1.68
Average ticket size at the balance sheet date[(*)]	1.26	1.32	1.58	1.60
Average LTVs at balance sheet date[(*)] (%)	53.07%	51.67%	51.96%	50.83%
Number of customers	43,569	40,127	31,814	27,162
Gross Stage 3 Ratio [(3)]	4.29%	3.95%	4.02%	3.38%
PCR on Stage 3 loans / NPAs[(4)]	44.87	49.11%	45.68%	25.91%

Notes:

(1) In relation to MSME loans, excess received from customers amounting to ₹ 281.81 million was netted off against the loan book of ₹ 41,728.22 million for Fiscal 2024. However, for Fiscal 2025, the loan book of ₹ 42,764.58 million is presented without this adjustment, and the excess received from customers of ₹ 319.33 million and June 30, 2025 loan of ₹ 44,459.42 million is presented without this adjustment, and the excess received from customers of ₹ 134.15 million book is regrouped under 'other financial liabilities'.

(2) Average ticket size at sanction for the period is based on the cumulative sanctioned amounts and the number of loans sanctioned for the period.

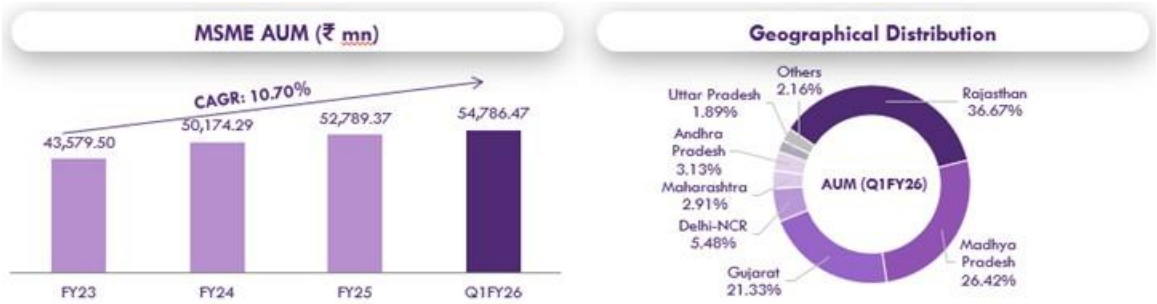

(3) Gross Stage 3 Ratio is calculated as Stage 3 Assets divided by total assets. Gross Stage 3 Assets includes financial assets that have objective evidence of impairment at the reporting date.

(4) PCR = Provisions as a percentage of Gross NPAs.

(*) Non-GAAP Financial Measure.

(**) Average balances are calculated as the average of the opening balance at the start of the relevant Fiscal year and the closing balances as at quarter end/ half year end and year end in the relevant fiscal year.

The graphs below represent the growth in AUM from the MSME loan segment and the geographical distribution of AUM from the MSME loan segment as of June 30, 2025:

Notes: Delhi-NCR comprises of Delhi and its adjoining cities (Gurugram, Noida, Ghaziabad, Faridabad, etc.)

Through our Subsidiary, CGHFL, we provide housing loans towards the purchase of residential units, the construction, extension, and renovation of homes, the purchase of land and home equity loans. As of June 30, 2025, 69.14% of our housing loans outstanding were made to SENPs and 30.86% of our housing loans outstanding were made to salaried individuals.

As per our lending policy as of June 30, 2025, at disbursement our housing loans have a ticket size of ₹ 0.20 million to ₹ 15.00 million, with a maximum tenor of 25 years. We offer a semi-fixed interest rate for three years and a floating interest rate that is determined by our management depending on customer profile, CIBIL score, income source, property type and location of property.

The table below set forth certain information relating to our housing loans as at and for the periods indicated:

(₹ in millions, unless otherwise stated)

Notes:

(1) In relation to housing loans, excess received from customers amounting to ₹ 122.38 million was netted off against the loan book of ₹ 38,905.77 million for Fiscal 2024. However, for Fiscal 2025, the loan book of ₹ 46,056.25 million is presented without this adjustment, and the excess received from customers of ₹ 223.42 million and June 30, 2025 loan of ₹ 47,355.96 million is presented without this adjustment, and the excess received from customers of ₹ 90.08 million book is regrouped under 'other financial liabilities'.

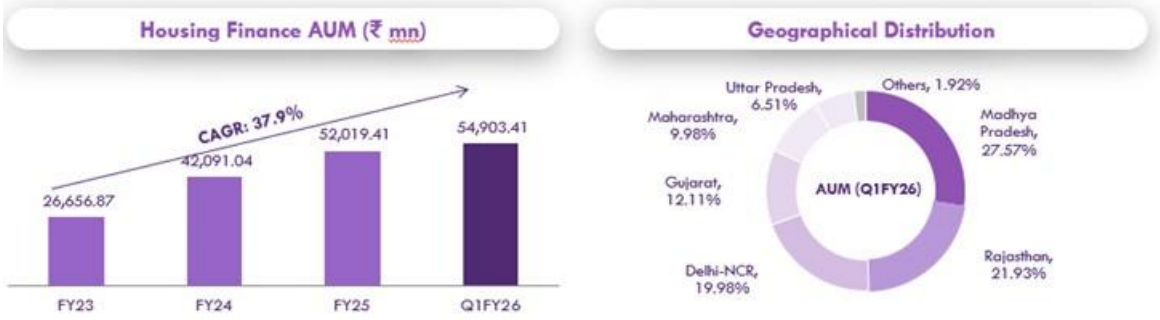

(2) Average ticket size at sanction for the period is based on the cumulative sanctioned amounts and the number of loans sanctioned for that period.

(3) Gross Stage 3 Ratio is calculated as Stage 3 Assets divided by total assets. Gross Stage 3 Assets includes financial assets that have objective evidence of impairment at the reporting date.

(4) PCR = Provisions as a percentage of Gross NPAs.

(*) Non-GAAP Financial Measure.

The graphs below represent the growth in AUM from the housing loan segment and the geographical distribution of AUM from the housing loan segment as of June 30, 2025:

Notes: Delhi-NCR comprises of Delhi and its adjoining cities (Gurugram, Noida, Ghaziabad, Faridabad, etc.).

Business origination

We have a dedicated sales team focusing on origination of MSME and housing finance loans, which identifies and sources customers eligible as prospective borrowers. The sales team also has doorstep meetings with customers and collects the necessary documents for underwriting. As of June 30, 2025, our in-house sales teams for our MSME loan and housing loan segments comprised of 808 employees and 1,075 employees, respectively.

Credit underwriting

Our credit underwriting team evaluates customer profiles on the basis of various internal and external parameters, including credit bureau checks, dedupe and negative list verification, field investigations, personal discussions and evaluation of customers' cash flows through formal and assessed income proofs. We use tools like account aggregator integration and OCR for bank statement analysis to assess the customer's income. Basis the customer profile, our in-house developed scorecards and our data analytics tools, we rate customers on different risk scale and decide appropriate commercial parameters including loan sanction amount and pricing. We have developed single view dashboards such as credit appraisal memorandum ("**CAM**") for our credit team to make informed decision through availability of all data related to customer loan application including collateral assessment report at single place. We have well defined internal policy and automated system driven process and authority matrix for approval of any deviations.

Risk containment unit, legal and technical checks

Our in-house legal team, along with the assistance of third-party vendors, conducts due diligence on customers' property documents, which includes title clearance and completeness of records. Our in-house technical teams conduct valuation of

customers' properties, and our in-house risk containment unit does an independent verification of customer information to check for frauds.

Security

The security for our MSME loans is a first and exclusive charge or mortgage over the collateral property (residential, commercial or industrial property) with clear and marketable title. As per the product rules as of June 30, 2025, the LTV ratio at sanction is maximum upto 70% for MSME Loans and 85% for housing loans. The security for our housing loans is a first and exclusive charge or mortgage over the property with clear and marketable title.

Operations

Our operation team undertakes pre-disbursal checks, centralized banking, management of repayments, as well as file storage and digitisation through vendors.

Disbursals

To ensure faster turn-around time and better customer service, after the loans are sanctioned, our branches make disbursements digitally via cheques or NEFT. We also provide customers with the facility to e-stamp and e-sign their loan agreements using Aadhar-based authentication.

Collections

We follow data and technology driven approach towards collection with 100% operations managed in-house by our employees who ensure recovery from delinquent accounts while litigation team helps in recovery efforts by enforcing legal actions. We employ a days past due bucket-wise strategy to manage collections, through which loans are allocated to the collection channel based on their delinquency status and customer past repayment behavior. We use advanced machine learning models to analyse and predict customer repayment behaviour, monitor any early warning signals for bounce rate and NPA prediction.

Centralised tele-calling

A dedicated tele-calling unit proactively contacts customers and sends reminders for upcoming payments through call, SMS or bot calling. In case of any default, we notify the customer and demand payment of outstanding amounts. In this regard, our automatic allocation system will identify fresh bounce cases and refer them to the centralised tele-calling team to take appropriate action, and will ensure there is no time lag in post-bounce allocation. Our tele-callers log outcomes in the system for respective teams to take further actions, including personal visits and issuance of dunning notices, if necessary, to collect payment. We employ an AI-based bot for automated calling to send payment reminders before and after the due dates. We also use AI driven tools to analyse and optimise the performance of our tele-calling unit staff through speech to text conversion.

Soft delinquencies

Soft delinquencies, which are loans that are 1 to 59 days past due on their payment, are handled by a dedicated in-house collection team. We utilise a dedicated application called CollectXpress to log and track all collection efforts. Our machine learning system further segments customers based on their past repayment behaviour, bounce pattern and bureau triggers to assign cases to appropriate collection channels for further action.

Hard delinquencies

Hard delinquencies, which are loans that are 60 or more days past due on their payment, are handled by a dedicated and experienced in-house collection team specialising in hard delinquencies. The team coordinates with the litigation team to initiate the process for legal action, if needed.

Litigation

Hard delinquencies that are likely to become NPAs are referred to the litigation team to initiate action. The dedicated litigation team at the regional level is responsible for ensuring that legal actions are initiated in a timely manner.

Repossession and liquidation

Our specialised marketing team created for sale of repossessed properties will ensure that the repossessed properties are sold or auctioned at a fair value, in a timely manner, and in line with the applicable statutory guidelines, as well as ensure sufficient competitiveness of the properties that are put up for auction.

Gold Loans

We launched our gold loans business in August 2022 with the opening of 108 exclusive gold loan branches across five states and union territories. As of June 30, 2025, we had 821 exclusive gold loan branches in 10 states and union territories. We offer a simplified digital loan application process and flexible repayment options. In June 2024, we launched an affordable gold loan scheme tailored for business owners with Udyam Aadhar, with the intent of providing loans to meet the working capital requirements of MSMEs. Under this scheme, we offered an interest rate of ₹ 0.99 per month per ₹ 100, which was effectively 11.88% per annum.

As per our lending policy as of June 30, 2025, at disbursement, our gold loans can have a ticket size as low as ₹ 3,000, with minimum tenor of 3 months and up to 36 months at fixed rate of interest. Borrowers may redeem gold loans at any time. In terms of the extant RBI guidelines, we currently lend up to 75.0% of value of the gold content in the ornament determined basis the previous 30 days average closing gold price of 22 carat gold.

The table below sets forth certain information relating to our gold loans as at and for the periods indicated, on a standalone basis:

(₹ in millions, unless otherwise stated)

Particulars	For the three month period ended Juen 30, 2025 (₹ in million, except ratios and percentages)	As at and for the year ended March 31,		
		2025	2024	2023
		(₹ in millions, except ratios and percentages)		
AUM[(1)]	91,049.13	80,422.35	34,909.97	11,255.71
Gold loans AUM as a percentage of our total AUM (%)	36.78%	51.37%	22.30%	10.91%
Average Interest Earning Loans	57,853.54	42,153.92	19,156.85	4,191.95
Disbursements[(*)]		167,388.64	79,034.26	18,830.64
Annualised Yield on Average Interest Earning Loans[(*)] (%)	18.82%	19.91%	18.62%	14.11%
Average ticket size at disbursement[(2)(*)]	0.16	0.13	0.10	0.10
Average ticket size at the balance sheet date[(*)]	0.14	0.13	0.11	0.10
Average LTVs at balance sheet date[(*)] (%)	64.96	64.69%	65.58%	69.21%
Number of customers	466,109	454,685	250,648	89,980

PCR on Stage 3 loans / NPAs[(4)]	20.74%	15.73%	11.26%	5.24%

Notes:

(1) In relation to gold loans, excess received from customers amounting to ₹ 5.08 million was netted off against the loan book of ₹ 28,235.67 million for Fiscal 2024. However, for Fiscal 2025, the loan book of ₹ 55,612.66 million is presented without this adjustment, and the excess received from customers of ₹ 5.04 million and June 30, 2025 loan of ₹ 62,109.84 million is presented without this adjustment, and the excess received from customers of ₹ 5.12 million book is regrouped under 'other financial liabilities'

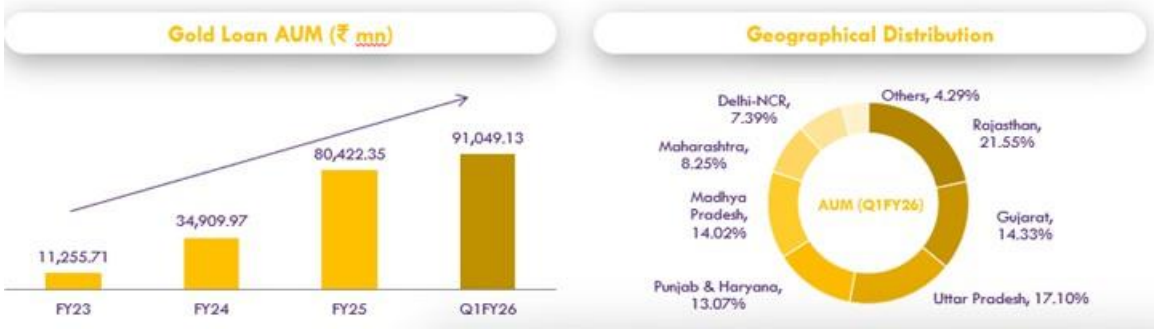

(2) Average ticket size at disbursal for the period is based on the cumulative disbursed amounts and the number of loans for that period.

(3) Gross Stage 3 Ratio is calculated as Stage 3 Assets divided by total assets. Gross Stage 3 Assets includes financial assets that have objective evidence of impairment at the reporting date.

(4) PCR = Provisions as a percentage of Gross NPAs.

(*) Non-GAAP Financial Measure.

The graphs below represent the growth in AUM from the gold loan segment and the geographical distribution of AUM from the gold loan segment as of June 30, 2025:

Business Origination

We source borrowers for our gold loans through our gold loan branches.

Selection criteria

According to our product rules as of June 30, 2025, we cater primarily to salaried and self-employed individuals, women entrepreneurs and farmers. The eligibility criteria for our gold loans includes KYC clearance and purity of the gold ornament (18-22 carat gold) to be pledged for the loan.

Gold appraisal

Each of our gold loan branches is staffed with persons who have been trained and have experience in appraising the gold content of ornament. We appraise the value of ornament solely based on the weight of its gold content, excluding the weight and value of any stones forming part of the ornament. The appraisal process begins with weighing the ornament using calibrated weighing machines. The ornament is then subject to prescribed tests for checking the quality of gold**.** Our gold appraisal process involves CCTV video recording of the gold evaluation done by certified valuer.

Loan approval and disbursal

Once the gold ornament has been appraised, customer is provided with terms and conditions of the loan as well as various schemes available to them. Once the terms are accepted by customer and consent is provided, loans are disbursed based on the rates per gram of gold for the 30 day average. Customer photo is captured live along with the geotagging of the location for additional security. We validate the bank account of the customer through a reverse penny drop before digitally disbursing the loan amount in the bank account or through UPI. We have a loan-approval matrix for recommendation and authorisation based on the loan amount.

Customer Service

Our customer service is enhanced by features designed to improve communication and convenience for customers. Our click-to-call feature allows customers to connect with representatives instantly for notifications about slab changes, days past due, and tenure expiry with a single click. Additionally, our application Capri Loans and app-based chatbot provide a seamless experience with vernacular key fact statements and most important terms and conditions, interest due reminders, and the ability to apply for top-up loans. These tools ensure that customers receive timely information and support, making their financial management more efficient and accessible.

Security and safety of collateral

Each gold loan branch has a specialized AI powered safe room accessible only through facial recognition, in which each gold ornament is locked away in tamper-proof packets. In addition, each gold loan branch has other security measures, such as 3 door interlock system, security guards, 24x7 CCTV surveillance and panic switches.

Collection and Recovery

We monitor our gold loan accounts and recovery of dues on an ongoing basis. We have a collection dashboard to track payment status, tenure expiries and overdue accounts. When a customer does not repay a loan on or before its maturity, we initiate the recovery process through selling the collateral via public auction to collect the principal and the accrued interests owed to us.

We reserve the right to sell the collateral before a loan becomes past due in the event the market value of the applicable portion of the underlying collateral is less than amount outstanding on the loan, after serving notice to the customer and if customer is unable to provide addition collateral. Once a loan is fully repaid, the pledged gold ornament is returned to the customer.

Construction Finance

We provide construction finance to small and mid-sized real estate developers in tier I cities who are looking for financing for construction of affordable homes. As per our lending policy as at June 30, 2025, at disbursement, our construction finance have a ticket size of ₹ 50.00 million to ₹ 1,600.00 million, with a tenor of upto seven years. The interest rates on our construction finance are floating rates linked to our benchmark interest rate, as decided by the management from time to time. The upper end rate of interest would depend upon the degree of risk or potential returns in the construction project on a case-by-case basis. In exceptional cases, interest rates may be quoted as a fixed rate, subject to the approval of the Credit Committee.

The table below sets forth certain information relating to our construction finance as at and for the periods indicated:

(₹ in millions, unless otherwise stated)

Particulars	For the three month period ended June 30, 2025	As at and for the year ended March 31,		
		2025	2024	2023
	(₹ in millions, except ratios and percentages)			
AUM[(1)]	45,189.19	41,329.13	26,212.79	18,301.08

		2025	2024	2023
	(₹ in millions, except ratios and percentages)			
Construction finance AUM as a percentage of our total AUM (%)	18.26%	18.08%	16.75%	17.73%
Average Interest Earning Loans	42,098.72	32,725.84	20,988.89	15,394.54
Disbursements(*)		32,421.63	20,876.02	14,405.97
Annualised Yield on Average Interest Earning Loans(*) (%)	17.99%	17.49%	17.77%	17.56%
Average ticket size at sanction(2) (*)	280.71	334.58	257.52	222.33
Average ticket size at the balance sheet date(*)	161.39	146.24	106.56	93.37
Number of live projects	280	282	246	196
Gross Stage 3 Ratio (3)	0.51%	0.18%	0.95%	0.28%
PCR on Stage 3 loans / NPAs(4)	50.00%	50.05%	80.50%	100.00%

Notes:

(1) In relation to construction finance, excess received from customers amounting to ₹ 7.02 million was netted off against the loan book of ₹ 26,212.79 million for Fiscal 2024. However, for Fiscal 2025, the loan book of ₹ 41,329.13 million is presented without this adjustment, and the excess received from customers of ₹ 1.12 million and June 30, 2025 loan of ₹ 45,189.19 million is presented without this adjustment, and the excess received from customers of ₹ 2.15 million book is regrouped under 'other financial liabilities'.

(2) Average ticket size at sanction for the period/Fiscal Year is based on the cumulative loan amount sanctioned and the number of loans sanctioned for the period/Fiscal Year.

(3) Gross Stage 3 Ratio is calculated as Stage 3 Assets divided by total assets. Gross Stage 3 Assets includes financial assets that have objective evidence of impairment at the reporting date.

(4) PCR = Provisions as a percentage of Gross NPAs.

(*) Non-GAAP Financial Measure.

The graphs below represent the growth in AUM from the construction finance segment and the geographical distribution of AUM from the construction finance segment as of June 30, 2025:

Business Origination

Our in-house marketing team is responsible for sourcing, conducting initial due diligence and gathering market information on projects and their promoters.

Selection criteria

We evaluate the creditworthiness of the promoters or the group involved as well as the project value. Our evaluation is made on the basis of project completion history and ongoing projects, previous or existing borrowing track records, and net worth. For project selection, we take into account a multitude of factors, such as whether a particular project is affordable and located in a marketable location, whether the project is able to be mortgaged, the validation of the approval and its status, whether we will be the sole lender to the project, and the cash flow visibility in the near future.

Credit appraisal and due diligence

We have a well-defined authority matrix in place for delegating authority to credit officers and a policy to ensure that credit decisions are objective. Our independent credit appraisal is undertaken in three stages: first being the business stage; second being the local and central credit stage; and third being the Credit Committee stage. Our dedicated team will arrange for meetings with promoters and conduct site visits, bureau checks and litigation searches through our in-house team and external vendors. Our in-house legal team reviews the title report of the property prepared by a third-party law firm, while our third-party technical team is responsible for valuation. Our in-house internal control team conducts the internal audit of sales, while the micro market analysis and RERA checks are done by our credit team. We have an internal risk rating model. We favour those projects over which the first and exclusive charge can be created, with promoters as co-obligors. We also measure whether the physical security and cash flow cover are satisfactory.

Credit committee approval and documentation

Our local credit team proposes the detailed note to the Credit Committee, which is reviewed by the central credit team. The credit head/credit officers thereafter recommend the proposal to the Credit Committee for approval. Upon approval, our in-house team arranges for borrowers to enter into our standard financing agreement. An empaneled advocate carries out a title search of the collateral for the previous 30 years. The title search report is further vetted by our in-house legal team, before creating a mortgage or security interest over the collateral. We also conduct a detailed compliance check prior to disbursement to make sure all conditions precedents are satisfied.

Security

The security for our construction finance is first and exclusive charge or mortgage over the property with clear and marketable title along with hypothecation of the project's cash flows through an escrow mechanism. The minimum value of collateral for construction finance is more than 1.5 times the value of the loan outstanding as per the product rules as of June 30, 2025.

Monitoring

Upon disbursement of a loan, the loan transaction is monitored until due repayment. Our monitoring team, which as of June 30, 2025 comprised of 38 employees, monitors early warning signals through internal reports pertaining to site inspection, cash flow analysis, account conduct, overdue, interest and loan instalment servicing; compliances and milestone tracking of, in particular, submission of monthly MIS and MIS analysis, all collections being routed to the designated account, construction, sales and collection milestones, and maintenance of insurance tracker; and cash flows and security, in particular, timely recovery of monthly dues, collections, escrow sweeps and direct fund transfers, tracking and recovering deficits, monitoring revisions in sweep ratios and stipulated minimum support price rates. If the team officer is satisfied with the results, he/she issues a no objection certificate for registration of the housing unit or a no due letter after recovery of deficits/dues.

Indirect Lending

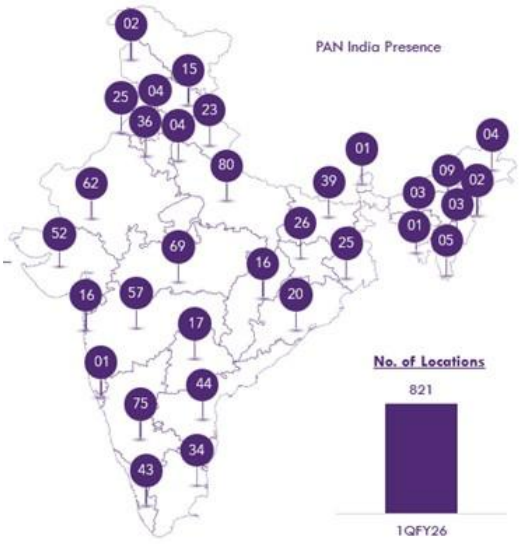

We extend loans to other smaller NBFCs engaging in MSME lending, microfinance and fintech-based NBFCs, as well as loans against pledge of debt securities to borrowers dealing in debt securities, which we refer to together as "**Indirect Lending**".

As per our lending policies as of June 30, 2025, at disbursement, our Indirect Lending loans have a ticket size of ₹ 20.00 million to ₹ 500.00 million, with a tenor of one to five years. As per our products rules as of June 30, 2025, our maximum exposure to each NBFC is ₹ 500.00 million, and the interest rates on our Indirect Lending loans are at floating rate. As of June 30, 2025, our AUM from Indirect Lending was ₹ 1,455.21 million and we had 14 customers in our Indirect Lending segment.

DISTRIBUTION OF THIRD-PARTY PRODUCTS

New Car Loans

We are a corporate selling agent for new car loan products of 12 banks and financial institutions in India, for which we receive commissions. We launched our distribution of third-party new car loans business in February 2021. As of June 30, 2025, we had a pan-India network through 821 locations, 1,565 employees in 31 states and union territories. A diagrammatic representation of this network as of June 30, 2025 is set out below:

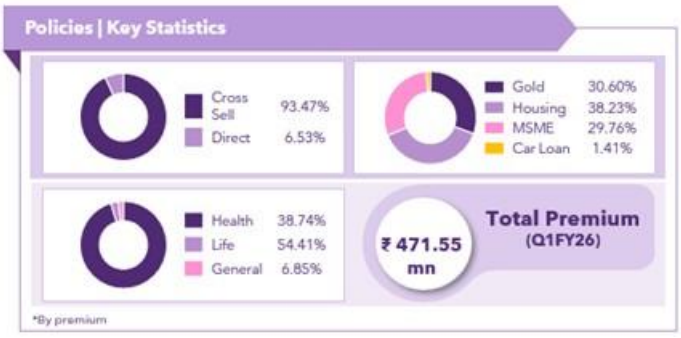

For the three month period ended June 30, 2025 and in the Fiscals 2025, 2024 and 2023, our third-party new car loan distribution business earned a gross fee income of ₹ 527.27 million, ₹ 2,407.21 million, ₹ 2,169.16 million and ₹ 1,437.06 million, respectively, and a net fee income of ₹ 233.67 million, ₹ 963.04 million, ₹ 1,075.68 million and ₹ 1,179.30 million, respectively, on a total car loan origination value of ₹ 26,510.63 million, ₹ 105,519.00 million, ₹97,414.74 million and ₹ 56,939.20 million respectively. For the three month period ended June 30, 2025 and in Fiscals 2025, 2024 and 2023, the average ticket size of the loans originated was ₹ 0.83 million, ₹ 1.05 million, ₹1.03 million and ₹1.07 million, respectively, on a consolidated basis.

We have also launched our application for the car loan distribution business, namely the 'Loans n Leads' application for employees, which provides a paperless process for loan origination, sourcing, filing of loans with partner banks, lead creation and document management.

Insurance Distribution

We are an insurance selling agent for insurance products of 18 insurance companies in India, for which we receive commissions. We have collaborated with nine life insurance companies providing credit life cover and term plans, five general insurance companies providing property cover, private car and two-wheeler covers, and four health insurance companies providing retail and group health cover, hospital daily cash cover, critical illness, personal accident and EMI protection. We received a composite license from IRDAI in December 2023 and launched our distribution of insurance policies business in January, 2024. As of June 30, 2025, total policies distributed by us was 237,494.

We sell customized insurance solutions to small businesses and individuals with high financial vulnerability. We believe that due to our considerable customer database, there is significant potential for cross-selling opportunities.

We provide a policy buy & compare portal for efficient policy selection and a streamlined digital customer on-boarding journey. Our dedicated claims desk offers comprehensive support, while real-time policy issuance ensures quick service with a turnaround time of five minutes through digital consent. Our focus on digital innovation and service excellence drives continuous improvements, enhancing operational efficiency and customer satisfaction. Additionally, our educational initiative, Insurance Ki Pathashala, increases awareness and understanding of insurance products and processes.

Our Company offers insurance products to loan customers as embedded products. We also focus on cross-selling health and motor insurance to increase penetration in tier II, III, and IV cities and rural areas. Additionally, we provide product offerings via chat links, enabling a 2-click buying journey. This approach helps us reach a wider audience and offer convenient access to our insurance products.

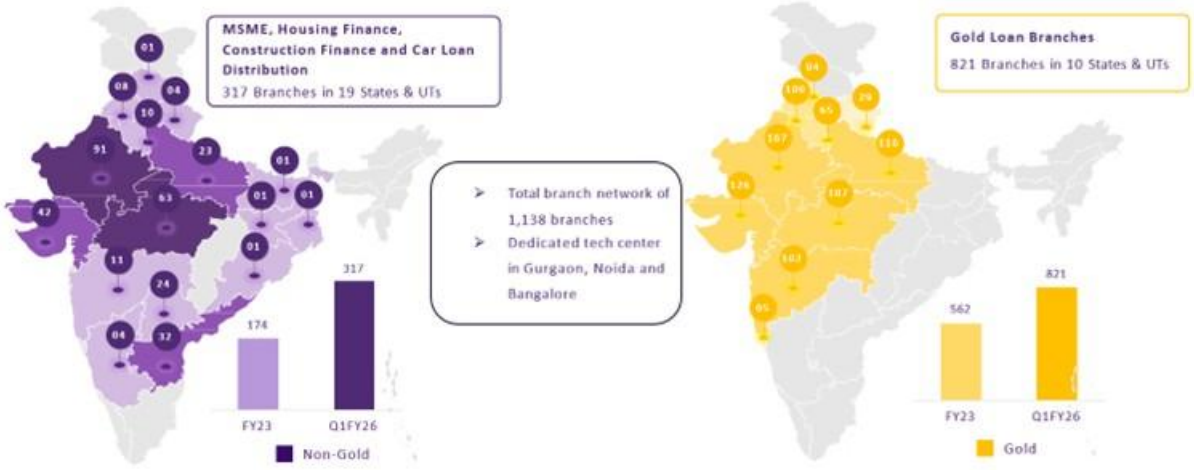

OUR BRANCH NETWORK

As of June 30, 2025, we had 1,138 branches located in 19 states and Union Territories. Our branch details are https://www.capriloans.in/find-branch/ and https://www.caprihomeloans.com/branch-locator. The table below sets forth our branch network by state and Union Territory as of June 30, 2025:

State / Union Territory	MSME, Micro LAP, housing, construction finance and third-party new car loan distribution	Gold loans	Total

TECHNOLOGY

We deploy advanced technologies to improve and simplify business processes, which reduces costs, enhances productivity and efficiency, and results in a better customer experience. Our Company aims to adhere to the highest information security standards, ensuring encryption of sensitive customer data. We have a customizable and scalable system architecture, ensuring compliance with regulatory changes, making our platform agile and adaptable. With our in-house developed technology, we offer a fully integrated workflow and digital loan journey for faster TAT and dashboards for performance monitoring, which contribute to higher productivity and cost efficiency. We are developing generative AI capabilities for process automation to enhance efficiency and innovation. We have dedicated tech centres in Gurugram, Noida and Bengaluru. As of June 30, 2025, our in-house tech team comprised 159 employees. With end-to-end in-house development, we ensure low maintenance costs. Our key applications and technology initiatives through the process include the following:

MSME and Housing Loans

Customer Onboarding

- *Pragati Mobile Application* – a digital onboarding application which empowers direct sales executives to collect customer documents electronically and streamline the login process. Its key features include seamless digital document collection, OCR engine with high accuracy, QR code-based system for collecting fees. It also has BRE based advanced screening features which filters out the applications that don't meet the criteria upfront, thus saving the time and cost on processing such applications.

- *Prarambh Portal* – this is a portal designed for tele calling agents to source leads and documents for borrowers and co-borrowers. Its key features include centralized data collection through digital platforms such as WhatsApp and a reduced TAT for file login and uploading of documentation.

- *Capri Business Partner Application* – this is a platform for DSAs (Direct Selling Agents) and connectors, that encourages engagement with our business partners. Its key features include real-time updates on lead qualification and loan progress, live status tracking, and an automated invoicing with a one-day payment cycle for billing and disbursement.

- *Lead Management Portal* – this is a unified platform with multi-channel aggregation, that helps track leads from alternate channels, cross-sell opportunities, CIBIL triggers and consumer referrals. Its key features include efficient identification and prioritization of leads for quicker conversion, centralized lead tracking, automated follow-ups with leads and insights and analysis for lead optimization and higher closure rates.

Customer Underwriting

Our credit underwriting system ensures thorough evaluation of creditworthiness.

- *Loan Xpress Application* – this is a unified in-house developed LOS, a single window loan approval workflow that digitally manages the loan application cycle from end to end. Its key features include centralized processing unit for customer queries, personal discussions with customers, risk-based pricing using scorecards and BRE, credit appraisal memorandum summaries, technical and legal evaluation, risk containment unit reports and TAT monitoring for operational efficiency. The central processing unit performs document validation once file is logged in and has a chat application integrated query module for communication with customers.

- *PD Mobility Application* – this is a digital application designed for personal discussions and property verification, income & collateral assessment and geotagging. Its key features include route mapping for on-site verification, live photo capture and geo-tagging, credit questionnaires, automated verification which triggers additional checks and a feature for borrowers to ask queries during the loan application process. In the year ended March 31, 2025, our Company processed a total of 0.10 million applications, averaging approximately 310 applications per day.

- *Collateral evaluation*: We use extensive market information including historical transaction data for trends in property value, delinquency trends for funded and non-funded properties and local insights for technical evaluation. In the year ended March 31, 2025, we processed approximately 387 applications for technical evaluation per day with an average TAT of 1.5 days.

The system incorporates a Scorecard and BRE for risk assessment and decision-making. We use risk-based pricing and dashboards for TAT monitoring, ensuring efficient operations.

Digital Disbursement

Our digital disbursement process includes E-sign and E-stamping facility, biometric and face authentication, and e-NACH registration. These digital solutions ensure a seamless and secure disbursement process. As of March 31, 2025, >95% of our disbursements for MSME and home loans were done through e-sign.

Collections

- *Collection Dashboard* – this is an advanced dashboard that offers real-time analysis and visibility into the field collection process. This platform enables real-time monitoring of collections by channel, geography, and individual performance. Its key features include providing updated performance reviews, target tracking and incentive trackings through scorecards and rankings to motivate performance from our employees.

- *Collect Xpress Application* – this is a digital application designed to improve the productivity of our collection agents. Its key features include route optimization for efficient travel, tracking of agents and collection status for management by supervisors, historical payment trends such as promise-to-pay statuses and geo-tagged payment locations, and gamified incentives and tools to boost agent performance.

Our call center analytics are powered by AI, enhancing efficiency and insight and we use machine learning models for Early Warning Systems (EWS), sloppy payer identification, and Non-Performing Assets (NPA) prediction and recovery.

Customer Engagement

- *Capri Loans Application* – this is a platform which provides access to loan documents, service requests, payments, and loan top-ups and is designed for customer engagement and payment management. Its key features include providing customers with easy access to their loan information, document management, multiple payment methods and options to customers, addressing customer service requests and facilitating easy loan top-up applications. As of March 31, 2025, our Company has successfully registered 0.70 million customers and had 0.21 million monthly average active users.

Gold Loans

Our proprietary LOS, Swarnim, digitizes and streamlines loan processing. Our 100% digital journey enables faster loan approvals, with OTP-based E-Sign making documentation paperless and reducing onboarding time. We disburse our loans

digitally (with no cash disbursements for amounts above ₹ 20,000) and our disbursal turnaround time is approximately 30 minutes, thus providing customers with quick and hassle-free loan experience. Our process also includes a maker-checker approach to ensure robust loan approval processes.

AI Initiatives

- *Data Genie* – this is an AI tool used internally within our organization, that allows our employees and management to ask data-related queries and generates actionable insights in real-time. It also provides personalized dashboards for our leadership team to enable them to make quicker data-driven decisions.

- *Capri AI-Dost* – this is an AI chatbot that helps customers with their loan-related queries. It is currently available in multiple vernacular languages, which helps enhance accessibility and customer satisfaction.

- *Gold Loans Chatbot* – this is an AI WhatsApp chatbot for our gold loan customers, which enables them to manage their gold loan documents and make payments. Its key features include access to loan statements, foreclosure values, interest dues and pledged documents and ability to respond to customer queries.

We continue improving our processes and evaluating all opportunities to leverage the digitisation and make the entire loan journey seamless.

CUSTOMER SERVICE

As part of our CRM service initiatives, we make mandatory welcome calls to new customers as well as use other methods including SMS and telecall reminders to cater to the needs of our customers. We also have digital app for our customers through which they can raise any service request, make payments, access loan documents and can request for top up loans. We have also established a customer grievance redressal system through which customers can register their complaints. We had 22 customer complaints pending as of June 30, 2025 which were subsequently resolved by July 25, 2025.

TREASURY OPERATIONS

Our dedicated treasury team undertakes liquidity management by seeking to maintain an optimum level of liquidity and monitors cash and bank balances on a daily basis. The objective is to ensure the sufficient cash reserves at all our branches while at the same time avoid holding cash in excess of what may be required in the ordinary course. The treasury team prepares reports for submission to the Asset Liability Management Committee ("**ALCO**"), based on which liquidity forecasts are made on a quarterly basis for the next six months.

We have a well-balanced asset-liability position for the short term and are well-capitalised for medium-term growth. As at June 30, 2025, our Company's CRAR on a standalone basis was 34.39%. Our borrowings are primarily borrowings from banks and financial institutions, with repayment tenures of 2-10 years (excluding CC & WCDL). We also issue non-convertible debt and commercial papers.

CREDIT RATINGS

The table below provides details of credit ratings received of the draft of this Draft Prospectus:

Rating Agency	Date of Rating Letter	Instrument	Debt Ratings	Outlook
Infomerics Valuation and Rating Limited	September 16, 2025	Cash credit	IVR AA	Positive
Infomerics Valuation and Rating Limited	September 16, 2025	Term loans	IVR AA	Positive
Infomerics Valuation and Rating Limited	September 16, 2025	Non-convertible debentures	IVR AA	Positive
Acuité Ratings & Research Limited	September 11, 2025	Bank loan ratings	ACUITE AA	Stable
Acuité Ratings & Research Limited	September 11, 2025	Non-convertible debentures	ACUITE AA	Stable
Crisil Ratings Limited	April 30, 2025	Commercial paper	Crisil A1+	NA

RISK MANAGEMENT

Interest Rate Risk

Volatility in interest rates can have a negative effect on borrowing costs of lending institution and can result in a decline in interest income and Net Interest Margins. This can cause a mismatch in asset–liability position and could lead to lower profitability and lower returns. We have an Asset Liability Management Policy, approved by the Board and administered by the ALCO to assess the risk arising out of the liquidity gap. In order to mitigate interest rate risk, we undertake the following measures:

(i) Interest rate movements are tracked and reviewed by the ALCO on a quarterly basis and base reference lending rate, i.e., long-term rate of return is decided by the ALCO after considering various factors;

(ii) Most of our loan portfolio is on floating interest rates or semi-fixed interest rates. As of June 30, 2025, ₹ 82,590.21 million or 53.86% of our loans had a floating or semi-fixed interest rate, on a standalone basis; and

(iii) Interest rates are primarily market driven and our interest risk strategy is well adept at managing the changing market dynamics.

Credit Risk

The most common risk faced by any lending institution is the borrower's inability to repay the loan. The delinquencies may result in monetary losses, higher NPAs and deterioration of asset quality and ultimately, capital adequacy. We undertake the following measures in order to mitigate credit risk:

(i) Prudent lending policies are stipulated for each business vertical, considering the risk involved with different products and customer profiles;

(ii) Our credit appraisal system is designed to minimise the probability of default;

(iii) Our credit appraisal system conducts customer meetings (business and residence) and field investigations, credit information bureau checks, in-house technical and legal verification, adequate loan to value ratio and term cover for insurance. Thorough reference checks of the borrower's overall goodwill and integrity in the market are conducted. This is followed by a thorough business assessment and long-term viability by analysing cash flows of the potential customers; and

(iv) All loans (except employee loans and small business loans) are secured by collateral. We have an in-house risk containment unit, having knowledge in fraud detection and analysis of documents, to detect and help eliminate potential frauds being committed on us.

Collateral Risk

Collateral risk is the risk of loss arising from errors in the nature, quantity, pricing, or characteristics of collateral securing a loan. We undertake the following measures in order to mitigate collateral risk:

(i) Collateral insurance must be taken for all loans other than those secured by land plot;

(ii) Strict criteria for acceptable collateral are set. Pursuant to our product policy, some properties are not eligible for funding, such as collateral owned by special purpose vehicles of an unrelated individual, and property occupied by the seller;

(iii) Each collateral must be supported by a positive valuation report as per our valuation policy;

(iv) A collateral visit report is also required after a credit manager's site visit; and

(v) Additional collateral for credit comfort or interim collateral may be required until the occurrence of a specified future event during the tenancy of a loan.

Liquidity Risk

Liquidity risk emanates from the gaps in financing activity. A skewed asset-liability profile can potentially initiate a liquidity shortfall and result in significantly higher costs of funds. We undertake the following measures in order to mitigate liquidity risk:

(i) We have a dedicated treasury team to manage liquidity and monitor fund availability and deployment on a daily basis;

(ii) Reports are submitted to the ALCO members, and are used to make relevant liquidity forecasts on a quarterly basis for the next six months; and

(iii) We borrow long-term funds with repayment tenures of 2-10 years (excluding CC & WCDL).

Portfolio Concentration Risk

This category of risk is associated with the concentration of credit in a particular sector of borrowers, products or geography. Skewed exposure in one particular sector and geographical concentration may result in losses if the sector or geography does not do well. It affects the quality of the asset-book and assessment by financing institutions.

In order to mitigate loan portfolio concentration risk, we have a loan portfolio with exposure to multiple sectors, multiple products with each sector having varied customer profiles and a focus on smaller ticket sizes, coupled with a large customer base and a wide geographical distribution.

Operational Risk

Operational risk refers to the risk of loss due to inadequate or failed internal processes, people, systems and operations. These include the risk of events such as fraud, employee misconduct, technology failure, cybersecurity threats, data breaches, natural disasters or legal or regulatory non-compliance. Operational lapses could lead to adverse impact on the sustainability of the business in the long-term and loss of profitability. We undertake the following measures in order to mitigate operational risk:

(i) We have a state-of-the-art technology-driven process flow and operational control systems; and

(ii) Our internal control infrastructure is well-aligned with our underwriting and collection processes, which are managed by a highly competent and trained team.

Regulatory and Compliance Risk

Our Company is an NBFC-ICC and NBFC-ND-SI under the regulatory supervision of the RBI. Our Company, being a listed entity, is also required to comply with the regulations and directions of SEBI and the Stock Exchanges. Non-compliance with rules, regulations and statutes may lead to stringent actions and penalties levied by SEBI or other statutory authorities. In order to mitigate regulatory and compliance risk, we undertake the following measures:

(i) We have a separate compliance department, headed by senior personnel. We keep ourselves abreast of recent developments and changes in the regulatory framework/guidelines to ensure timely, effective and proper implementation and compliance; and

(ii) We have an internal audit and control framework in place to help ensure we comply with capital adequacy norms, fair practice code, asset classification, KYC/PMLA guidelines, provisioning norms, corporate governance framework and timely reporting to the RBI, SEBI, Stock Exchanges and Ministry of Corporate Affairs, among others.

Information Technology Systems Risk

We deploy information technology systems, including enterprise resource planning, loan management applications, data repository and mobile solutions to support our business processes, communications and customer details and loan records. Risks could primarily arise from the unavailability of systems and/or loss or manipulation of information or information data security. In order to mitigate information technology systems risk, we undertake the following measures:

(i) We have information security risk monitoring systems and tools to protect sensitive customer data and guard against potential hackers and viruses;

(ii) We have adopted governance, controls and sophisticated technology across lines of business to help ward off cyber threats and protect our information;

(iii) We use back up procedures, restricted access to applications and other security restrictions. We upgrade our systems with the latest security standards. For critical applications, security policies and procedures are updated on a periodic basis and users are educated on adherence to the policies to eliminate data leakages; and

(iv) As a part of the business continuity plan, we have created a remote disaster recovery site, which gets tested on a regular basis.

AWARDS AND RECOGNITION

We have received several awards over the years, including:

- "Best AI / Machine Learning initiative, Best Compliance initiative & Best New Application Development Awards" by Banking Frontiers at the NBFCs Tomorrow and DNA Awards 2025;
- "Best Innovation in CX" at the India CX Summit & Awards 2025;
- "Best Brands – 2024" award at the ET Now Best Brands Conclave 2024;
- "Great Place to Work" by Great Place to Work Institution in 2023, 2024 and 2025; and
- "Best CSR Initiative in Non-Banking Finance Sector" at Bharat CSR & Sustainability Awards, 2025

COMPETITION

Our competitors include established Indian banks, other NBFCs, other HFCs, small finance banks, and the private unorganised and informal financiers who principally operate in the local markets. For further details, see "*Industry Overview*" on page 82. Some of the Indian banks have subsidiaries and affiliates operating as NBFCs with significant market share, distribution reach and product portfolio, and we compete with them for business.

EMPLOYEES

As of June 30, 2025, we had 11,546 permanent employees, details of which are given in the table below.

Particulars	Number of Employees
MSME	1,833
Housing loans	1,728
Gold loans	4,928
Micro Lap	711
Construction Finance	101
Car loan origination	1,556
Insurance	10
Technology	166
Others	125
Support functions	213
Administration	175
Total	**11,546**

Learning and Development

We actively encourage our employees to gain diverse experience by working across different verticals within the organization. Our comprehensive learning and development programs empower them to advance their career paths. Additionally, through training needs analysis, we conduct monthly training sessions at our branches and field equipping our employees with valuable business insights and enhancing their performance.

To foster a culture of self-learning and create a dynamic digital learning environment, we regularly release online courses, training videos, important advisories, and open online courses from external learning platforms through the CapriPedia app. Each month, these learning resources are aligned with a specific theme. Additionally, we provide system training on other online platforms such as Credit Nirvana, eNACH, Swarnim and Salesforce CRM. To further strengthen our team's expertise, we have introduced collateral-oriented training for the ground-level sales team. Our internal trainers also conduct sessions on case studies, product processes, compliance, and key SOPs.

Our mobile learning application, Capri Pedia, provides a seamless and organized platform for employees to access learning content effortlessly. Designed for quick learning and easy access, the app offers product knowledge, standard operating procedures, organizational announcements and more. In Fiscal 2024, we elevated Capri Pedia by introducing product and process learning videos in Hindi, making learning more engaging and accessible for our workforce. Further, we also roll out weekly quick learning bytes or training capsules, equipping employees with crucial insights and actionable steps to navigate unexpected situations effectively. These learning modules are thoughtfully aligned with weekly themes and key updates ensuring a structured, relevant, and impactful approach to continuous learning.

Reward and Recognition

We appreciate the dedication of our employees, and our appraisal system is designed to recognize and reward exceptional performers on a quarterly and yearly basis. To further celebrate achievements, we have introduced spot and monthly awards for our sales and collection teams, ensuring real-time recognition. Employees are rewarded with e-certificates and vouchers, keeping them motivated, while those who exceed targets and achieve beyond set thresholds receive exclusive gifts, badges, and certificates, reinforcing a culture of excellence. Our commitment to fostering a rewarding and inspiring workplace is reflected in our four consecutive years of recognition as a 'Great Place to Work' (2023, 2024, and 2025) by the Great Place to Work Institute.

INSURANCE

We maintain various insurance policies to cover the different risks involved in the operation of our business. These include directors and officers liability insurance and insurance policies for burglary, gold storage, all risk policy, group life insurance and property damage. For our gold loan business, we maintain an all risk insurance policy to protect gold loan branches and gold transit.

INTELLECTUAL PROPERTY

As of the date of this Draft Prospectus, our company has 4 registered trademarks and our Subsidiary CGHF has 2 registered trademarks under various classes. These include:

Sr. No	Trademark	Classes of registration
Company		
1.	CGCL "CGCL"	Class 35 and 36
2.	PANKH "PANKH"	Class 36
3.	CAPRI GLOBAL CAPITAL "Capri Global Capital"	Class 41
CGHFL		
5.	CAPRI HOME LOANS "CAPRI HOME LOANS HUMEIN HAI EHSAAS-GHAR HO AAPKE PAAS"	Class 36

ENVIRONMENTAL, SOCIAL AND GOVERNANCE

We are committed to sustainability and responsible business operations. We earned a score of 49 in the S&P Global Corporate Sustainability Assessment for Fiscal 2025, which underscores our dedication to our ESG initiatives with key scores of 75 for financial inclusion, 58 for labor practices, 76 for business ethics and 79 for tax strategy. We have an ESG Steering Committee dedicated to advancing our ESG agenda by ensuring compliance with applicable legal norms, enhancing transparency and integrating ESG strategies into business operations. Our Company emphasizes workplace inclusion, health, safety, skill development, and environmental sustainability, aligning with UN SDGs. We responsibly dispose of e-waste, invest in digital transformation to reduce its carbon footprint. We adhere to global reporting initiatives ("**GRI**") standards and SEBI's Business Responsibility and Sustainability Reporting ("**BRSR**") requirements, ensuring transparency and accountability and we maintain a zero-tolerance policy towards bribery and corruption.

We promote financial inclusion by providing income generating loans to MSMEs and housing loans to self-employed non-professional borrowers lacking proof of income. Women borrowers as applicants represented 95.51% and 97.15% of the number of borrowers for the Fiscal 2025 and Fiscal 2024, respectively.

As part of CSR, our initiatives to provide sustainable livelihood, education, and health initiatives are beacons of transformative change, underpinning our commitment to empowerment and inclusive growth for the communities we serve. We partner with non-governmental organisations, including Professional Assistance for Development Action (PRADAN), Manjari Foundation, Smile Foundation, National Agro Foundation, and Parivaar Education Trust, in various CSR areas, primarily: (i) healthcare and sanitation; (ii) education; (iii) women's empowerment; and (iv) integrated community development. Some of our notable CSR programmes are listed below:

*Self-help groups ("**SHGs**")*: We partner with non-governmental organizations to form and support SHGs for women, which aim to equip women with livelihood skills, capacity-building programs, creating market linkages, creating saving habits, entrepreneurship skills and provide access to affordable credit through revolving zero interest funds.

Digital Sakhis: Through this initiative, we promote the development of professional skills in women and in particular, digital training to promote entrepreneurial skills. This involves imparting digital literacy and financial knowledge in relation to digital payments, prevention of banking fraud and creating awareness and linkages of government schemes.

Green Motivators: We support farmers through agricultural initiatives to increase crop yields, reduce pesticide use and engage in the distribution of Agri-Supply kits, seeds and livestock to empower agricultural communities. We also promote sustainable practices like water body rejuvenation, solar panel installations, and borewell construction. Our efforts enhance agro-ecological practices, livestock management, and natural resource management in villages, fostering a harmonious relationship between agriculture and the environment.

Education: We support marginalized communities by providing foundational education, digital vocational labs, education materials, uniforms and shoes to children. We are also involved in providing professional training to teachers to improve their pedagogical and teaching skills. In certain government schools, we have also upgraded school facilities and STEM (Science, Technology, Engineering, and Mathematics) laboratories to help create conducive learning environment for children. Initiatives such as 'Building Learning Environment in Schools' and 'Activity Corners' foster interactive and engaging educational experiences for children. We promote digital literacy by supporting the development of computer labs and provision of digital literacy through computer classes. We also provide regular health checkups and nutritious meals to improve student health.

Women's and Artisans Network Initiative: We, in collaboration with partners, implement programmes to connect craft producers to mainstream markets and promote enterprise growth. With the aim of identifying women's skills, especially weaving skills, and linking them to markets where their products can be sold while giving them resources for marketing. Key initiatives include Craftmark certification for authentic handicrafts and the Enterprise Support Programme to help artisan groups become commercially viable. We also lead holistic cluster development programmes for sustainable rural livelihood.

Health: We focus on addressing grassroots challenges by delivering essential healthcare services to remote areas through Mobile Medical Units ("**MMUs**"). These mobile clinics provide antenatal and postnatal care, expert treatment for hypertension and diabetes, and screening for non-communicable diseases. Special focus is placed on aspirational districts to enhance reach and impact.

Shishir Priyadarshi	Member (Independent Director)

The scope of the Audit Committee includes the terms of references made under Regulation 18 read with part C of Schedule II of SEBI Listing Regulations as well as Section 177 and other applicable provisions of the Companies Act, 2013 besides the other terms that may be referred by the Board of Directors. The broad terms of reference of the Audit Committee are as follows:

The role of the Audit Committee shall include the following:

1. oversight of the company's financial reporting process and the disclosure of its financial information to ensure that the financial statement is correct, sufficient and credible;

2. recommendation for appointment, remuneration and terms of appointment of auditors of the Company;

3. approval of payment to statutory auditors for any other services rendered by the statutory auditors;

4. reviewing, with the management, the annual financial statements and auditor's report thereon before submission to the board for approval, with particular reference to:

    a. matters required to be included in the director's responsibility statement to be included in the board's report in terms of clause (c) of sub-section (3) of Section 134 of the Companies Act, 2013;

    b. changes, if any, in accounting policies and practices and reasons for the same;

    c. major accounting entries involving estimates based on the exercise of judgment by management;

    d. significant adjustments made in the financial statements arising out of audit findings;

    e. compliance with listing and other legal requirements relating to financial statements;

    f. disclosure of any related party transactions;

    g. modified opinion(s) in the draft audit report;

5. reviewing, with the management, the quarterly financial statements before submission to the board for approval;

6. reviewing, with the management, the statement of uses / application of funds raised through an issue (public issue, rights issue, preferential issue, etc.), the statement of funds utilized for purposes other than those stated in the offer document / prospectus / notice and the report submitted by the monitoring agency monitoring the utilisation of proceeds of a public issue or rights issue or preferential issue or qualified institutions placement, and making appropriate recommendations to the board to take up steps in this matter;

7. reviewing and monitoring the auditor's independence and performance, and effectiveness of audit process;

8. approval or any subsequent modification of transactions of the listed entity with related parties;

9. scrutiny of inter-corporate loans and investments;

10. valuation of undertakings or assets of the listed entity, wherever it is necessary;

11. evaluation of internal financial controls and risk management systems;

12. reviewing, with the management, performance of statutory and internal auditors, adequacy of the internal control systems;

13. reviewing the adequacy of internal audit function, if any, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit;

14. discussion with internal auditors of any significant findings and follow up there on;

15. reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the board;

16. discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern;

17. to look into the reasons for substantial defaults in the payment to the depositors, debenture holders, shareholders (in case of non-payment of declared dividends) and creditors;

18. to review the functioning of the whistle blower mechanism;

19. approval of appointment of chief financial officer after assessing the qualifications, experience and background, etc. of the candidate;

20. Carrying out any other function as is mentioned in the terms of reference of the audit committee.

21. reviewing the utilization of loans and/ or advances from/investment by the holding company in the subsidiary exceeding rupees 100 crore or 10% of the asset size of the subsidiary, whichever is lower including existing loans / advances / investments existing as on the date of coming into force of this provision.

22. consider and comment on rationale, cost-benefits and impact of schemes involving merger, demerger, amalgamation etc., on the listed entity and its shareholders.

The audit committee shall mandatorily review the following information:

1. management discussion and analysis of financial condition and results of operations;

2. management letters / letters of internal control weaknesses issued by the statutory auditors;

3. internal audit reports relating to internal control weaknesses; and

4. the appointment, removal and terms of remuneration of the chief internal auditor shall be subject to review by the audit committee.

5. statement of deviations:

    a. quarterly statement of deviation(s) including report of monitoring agency, if applicable, submitted to stock exchange(s) in terms of Regulation 32(1).

    b. annual statement of funds utilized for purposes other than those stated in the offer document/prospectus/notice in terms of Regulation 32(7).

Nomination and Remuneration Committee

The Nomination and Remuneration was reconstituted vide resolution passed in the meeting of the Board of Directors on August 3, 2024. As on the date of this Draft Prospectus, its membership comprises of:

Individual Promoters

1. Rajesh Sharma

	Rajesh Sharma, aged 55 years, is one of our Promoters and the Managing Director of our Company. His date of birth is February 28, 1970. For further details see section titled "*Our Management"* on page 170.

2. Jinisha Sharma

	Jinisha Sharma, aged 29 years, is one of our Promoters. She holds a degree in Master of Business Administration from University of Vermont. Her date of birth is August 26, 1996.

3. Raghav Sharma

	Raghav Sharma, aged 18 years, is one of our Promoters. His date of birth is April 5, 2007. He graduated from Junior College from Hill Spring International School. His date of birth is April 5, 2007.

4. Jahnavi Sharma

	Jahnavi Sharma, aged 22 years is one of our Promoters. She has graduated with a degree in Bachelor of Arts with Honours in Psychological Studies from University of Exter. Her date of birth is October 15, 2002.

5. Ramesh Chandra Sharma

	Ramesh Chandra Sharma, aged 80 years is one of our Promoters. He graduated from Rajasthan University with a Diploma in Engineering and has experience in the Government sector. His date of birth is January 3, 1945.

Promoter Trust

JJR Family Trust

Trust information and history

Our Promoter, JJR Family Trust, was settled pursuant to a deed of settlement dated March 15, 2021 between Ramesh Chandra Sharma and Rajesh Sharma. The PAN of JJR Family Trust is AADTJ8710F. The registered office of JJR Family Trust is 1B Court Chambers, 35 Sir V.T Marg New Marine Lines, Mumbai 400020.

Settlor

Ramesh Chandra Sharma is the settlor of JJR Family Trust.

Trustee

Rajesh Sharma is the trustee of JJR Family Trust.

Beneficiaries

The beneficiaries of JJR Family Trust are (i) Raghav Sharma; (ii) Jinisha Sharma; (iii) Jahnavi Sharma; and (iv) Rajesh Sharma.

Objects and purpose

The objects and purpose of JJR Family Trust, inter alia, include a succession planning structure to ensure seamless intergenerational transfer of trust funds amongst the beneficiaries who are family members.

Corporate Promoter

Capri Global Holdings Private Limited

Corporate information

Capri Global Holdings Private Limited was incorporated under the Companies Act, 1956 pursuant to a certificate of incorporation dated December 8, 1995 issued by the RoC. The registered office of Capri Global Holdings Private Limited is situated at 1-B, Court Chambers, 35 Sir Vithaldas Thackersey Marg, New Marine Lines, Mumbai, Maharashtra, India, 400020.

Capri Global Holdings Private Limited is authorised under its constitutional documents to, *inter alia*, carry on business of real estate, investments & advisory services.

Promoter of Capri Global Holdings Private Limited

Rajesh Sharma

Board of Directors of Capri Global Holdings Private Limited

Sr. No.	Name	Designation
1.	Rajesh Sharma	Director
2.	Vinod Kumar Hiran	Director
3.	Rama Subramaniam Gandhi	Chairman

Capital structure of Capri Global Holdings Private Limited

(a) Equity Share Capital

Sr. No.	Particulars	Authorised capital	Paid-up capital
1.	Total number of equity shares	72,760,000	300,000
2.	Total amount of equity shares (in Rupees)	727, 600,000	3,000,000

(b) Preference Share Capital

Sr. No.	Particulars	Authorised capital	Paid-up capital
1.	Total number of preference shares	28,500,000	0
2.	Total amount of preference shares (in Rupees)	285,000,000	0

Shareholding pattern of Capri Global Holdings Private Limited

The equity shareholding pattern of Capri Global Holdings Private Limited as on the date of this Draft Prospectus is as follows:

Sr. No.	Name	Number of equity shares	Percentage of equity share capital
1.	JJR Family Trust	2,99,999	99.99
2.	Rajesh Sharma as Nominee of JJR Family Trust	1	Negligible

Other Venture

Except as disclosed in this section and in *"Our Management – Board of Directors"* on page 170, our Promoters are not involved in any other venture**.**

Other understanding and confirmations

Our Company confirms that the permanent account number, Aadhar number, bank account number(s), personal address and passport number of our Promoters, as applicable, have been submitted to the Stock Exchange at the time of filing this Draft Prospectus.

Neither of our promoters was promoter or person in control of any company which was compulsorily delisted within a period of ten years preceding the date of this Draft Prospectus, in accordance with Regulation 24 of the Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009, as amended, or the Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021.

Our Promoters have confirmed that they have not been identified as Wilful Defaulters and that they are not a promoter of any such company which has been identified as a Wilful Defaulter. Further, no members of the Promoter Group have been identified as Wilful Defaulters.

No violation of securities laws has been committed by our Promoters in the past or is currently pending against them.

Our Promoters, Promoter Group and entities in which our Promoters are promoters or directors, are not restrained or debarred or prohibited from accessing the capital markets or restrained or debarred or prohibited from buying, selling, or dealing in securities under any order or directions passed for any reasons by the SEBI or any other authority or refused listing of any of the securities issued by any such entity by any stock exchange in India or abroad.

Common Pursuits of our Promoters

None of our Promoters are engaged in a business or other ventures similar to our Company.

Interest of our Promoters in our Company

Our Promoters do not have any interest in our Company other than as Directors of our Company, as shareholders of our Company, to the extent of shares held by them individually and as stated in *"Related Party Transactions"* on page 183. For further details on the shareholding, see section titled "*Capital Structure"* on page 64.

Accordingly, our Promoters are also interested to the extent that they are eligible for dividend that may be declared by our Company and to the extent of the remuneration received by them in their capacity as Directors.

Our Promoters do not have any interest in any property acquired by our Company within two years preceding the date of filing of this Draft Prospectus or any property proposed to be acquired by our Company or in any transaction with respect to the acquisition of land, construction of building or supply of machinery.

Our Promoters do not intend to subscribe to this Issue.

Our Promoters have no financial or other material interest in the Issue and no benefit / interest will accrue to our Promoters out of the objects of the Issue.

Details of Equity Shares allotted to our Promoters during the last three Fiscal Years

Our Promoters have not been allotted any Equity Shares of our Company during the last three Fiscal Years.

Shareholding of our Promoters in our Company as on June 30, 2025:

Sr. No.	Name of Promoter shareholder	Total number of Equity Shares	Total shareholding as % of total no. of Equity Shares
1.	Capri Global Holdings Private Limited	395,403,656	41.12%
2.	JJR Family Trust	181,100,140	18.83%
3.	Rajesh Sharma	4,000	Negligible
4.	Ramesh Chandra Sharma	1,112	Negligible
5.	Jahnavi Sharma	800	Negligible
6.	Jinisha Sharma	800	Negligible
7.	Raghav Sharma	800	Negligible

RELATED PARTY TRANSACTIONS

For details of the related party transactions for the three-month period ended June 30, 2025 and for Fiscals 2025, 2024 and 2023 in accordance with the requirements under Ind AS 24 "Related Party Disclosures" notified under Section 133 of the Companies Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended from time to time, see chapter titled "*Financial Information*" on page 202.

Related party transactions entered during the three-month period ended June 30, 2025, and during the preceding three financial years with regard to loans made or, guarantees given or securities provided (on a standalone basis)

REGULATIONS AND POLICIES

The regulations summarized below are not exhaustive and are only intended to provide general information to Investors and are neither designed nor intended to be a substitute for any professional legal advice. Taxation statutes such as the IT Act, GST laws (including CGST, SGST and IGST) and applicable local sales tax statutes, labour regulations such as the Employees State Insurance Act, 1948 and the Employees Provident Fund and Miscellaneous Provisions Act, 1952, and other miscellaneous regulations such as the Trade Marks Act, 1999 and applicable Shops and Establishments statutes apply to us as they do to any other Indian company and therefore have not been detailed below.

The following description is a summary of certain sector specific laws and regulations in India, which are applicable to our Company. The information detailed in this chapter has been obtained from publications available in the public domain. The regulations set out below may not be exhaustive, and are only intended to provide general information to the investors and are neither designed nor intended to substitute for professional legal advice. The statements below are based on the current provisions of the Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions.

Regulations governing NBFCs

Reserve Bank of India Act, 1934

As per prescribed law any company that carries on the business of a non-banking financial institution as its 'principal business' is to be treated as an NBFC. The term 'principal businesses has not been defined in any statute, however, RBI has clarified through a press release (Ref. No. 1998-99/1269) issued in 1999, that in order to identify a particular company as an NBFC, it will consider both the assets and the income pattern as evidenced from the last audited balance sheet of the company to decide a company's principal business. The company will be treated as an NBFC if its financial assets are more than 50 percent of its total assets (netted off by intangible assets) and income from financial assets should be more than 50 percent of the gross income. Both these tests are required to be satisfied in order to determine the principal business of a company.

Every NBFC is required to submit to the RBI a certificate, from its statutory auditor within one month from the date of finalisation of the balance sheet and in any case, not later than December 30 of that year, stating that it is engaged in the business of non-banking financial institution requiring it to hold a certificate of registration.

NBFCs are primarily governed by the RBI Act and the Master Directions – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023, Peer to Peer Lending Platform (Reserve Bank) Directions 2017, Master Direction– Non-Banking Financial Company - Account Aggregator (Reserve Bank) Directions, 2016, Reserve Bank Commercial Paper Directions, 2017 and the Non-Banking Financial Companies Acceptance of Public Deposits (Reserve Bank) Directions, 2016. In addition to these regulations, NBFCs are also governed by various circulars, notifications, guidelines and directions issued by the RBI from time to time.

Although by definition, NBFCs are permitted to operate in similar sphere of activities as banks, there are a few important and key differences. The most important distinctions are:

- An NBFC cannot accept deposits repayable on demand – in other words, NBFCs can only accept fixed term deposits. Thus, NBFCs are not permitted to issue negotiable instruments, such as cheques which are payable on demand; and

- NBFCs are not allowed to deal in foreign exchange, even if they specifically apply to the RBI for approval in this regard.

Types of NBFCs

Section 45-IA of the RBI Act makes it mandatory for every NBFC to get itself registered with the Reserve Bank in order to be able to commence any of the aforementioned activities. The major regulations governing our Company are detailed below:

On October 19, 2023, the RBI issued a Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023, as amended from time to time ("**SBR Directions**"). A

Revised Regulatory Framework for NBFCs ("**SBR Framework**"), whereby NBFCs have been categorised into

following four layers based on their size, activity, and perceived riskiness by the RBI:

i) NBFC- Base Layer ("**NBFC-BL**");

ii) NBFC- Middle Layer ("**NBFC-ML**");

iii) NBFC- Upper layer ("**NBFC-UL**"); and

iv) NBFC- Top Layer ("**NBFC-TL**")

The NBFC- BL comprise of (a) non-deposit taking NBFCs below the asset size of ₹ 1,00,000 lakh and (b) NBFCs undertaking the following activities- (i) NBFC-Peer to Peer Lending Platform (NBFC-P2P), (ii) NBFC-Account Aggregator (NBFC-AA), (iii) Non-Operative Financial Holding Company (NOFHC) and (iv) NBFCs not availing public funds and not having any customer interface.

The NBFC- ML consist of (a) all deposit taking NBFCs ("**NBFC-Ds**"), irrespective of asset size, (b) non-deposit taking NBFCs with asset size of ₹ 1,00,000 lakh and above and (c) NBFCs undertaking the following activities

(i) Standalone Primary Dealers (SPDs), (ii) Infrastructure Debt Fund - Non-Banking Financial Companies (IDF- NBFCs), (iii) Core Investment Companies (CICs), (iv) Housing Finance Companies (HFCs) and (v) Infrastructure Finance Companies (NBFC-IFCs).

The NBFC-UL comprise of those NBFCs which are specifically identified by RBI as warranting enhanced regulatory requirement based on a set of parameters and scoring methodology as provided in appendix to SBR Framework. The top ten eligible NBFCs in terms of their asset size shall always reside in the upper layer, irrespective of any other factor.

The NBFC-TL will ideally remain empty. This layer can get populated if RBI is of the opinion that there is a substantial increase in the potential systemic risk from specific NBFC-UL. Such NBFCs shall move to the NBFC- TL.

As the regulatory structure envisages scale based as well as activity-based regulation under the SBR Framework, the following prescriptions shall apply in respect of the NBFCs:

i) NBFC-P2P, NBFC-AA, NOFHC and NBFCs without public funds and customer interface will always remain in the base layer of the regulatory structure.

ii) NBFC-D, CIC, IFC and HFC will be included in middle layer or the upper layer (and not in the base layer), as the case may be. SPD and IDF-NBFC will always remain in the middle layer.

iii) The remaining NBFCs, viz., Investment and Credit Companies (NBFC-ICC), Micro Finance Institution (NBFC-MFI), NBFC-Factors and Mortgage Guarantee Companies (NBFC-MGC) could lie in any of the layers of the regulatory structure depending on the parameters of the scale based regulatory framework.

iv) Government owned NBFCs shall be placed in the base layer or middle layer, as the case may be. RBI Master Directions define 'NBFC ICC' to mean a company which is a financial institution carrying on as its principal business of asset finance, the providing of finance whether by making loans or advances or otherwise for any activity other than its own and the acquisition of securities.

As on the date of this Draft Prospectus the Company falls under the category of NBFC-BL, as its asset size below 1,00,000 lakhs as per the last audited balance sheet. SBR Directions provide that NBFC-BL shall be subject to regulations as specified in Section II, unless stated otherwise.

Regulatory Requirements of an NBFC under the RBI Act

Net Owned Fund

The current net owned fund requirement for NBFC-ICC is ₹ 20.00 million. SBR Directions have incrementally revised the net owned fund requirement for the NBFC-ICC for achieving the net owned fund: (i) that minimum net owned fund requirement of ₹ 50.00 million) by March 31, 2025; and (ii) ₹ 100.00 million by March 31, 2027. For this purpose, the RBI Act has defined "net owned fund" to mean:

Net Owned Fund – The aggregate of the paid-up equity capital and free reserves as disclosed in the latest balance sheet of the company, after deducting (i) accumulated balance of losses, (ii) deferred revenue expenditure, (iii) deferred tax asset (net); and (iv) other intangible assets; and further reduced by the amounts representing,

(I) investment by such companies in shares of (i) its subsidiary, (ii) companies in the same group, (iii) other NBFCs; and

(II) the book value of debentures, bonds, outstanding loans and advances (including hire purchase and lease finance) made to, and deposits with (i) subsidiary of such companies; and (ii) companies in the same group, to the extent such amount exceeds 10 per cent of (a) above.

Reserve Fund

In addition to the above, Section 45-IC of the RBI Act requires NBFCs to create a reserve fund and transfer therein a sum of not less than 20% of its net profits earned annually before declaration of dividend. Such a fund is to be created by every NBFC irrespective of whether it is a ND NBFC or not. Such sum cannot be appropriated by the NBFC except for the purpose as may be specified by the RBI from time to time and every such appropriation is required to be reported to the RBI within 21 days from the date of such appropriation.

Maintenance of liquid assets

Under the Master Directions, all Non-deposit taking NBFCs with asset size of ₹10,000 lakh and above (as per their last audited balance sheet), systemically important core investment companies and all deposit taking NBFCs (except Type I) NBFC-ND, Non-Operating Financial Holding Company and Standalone Primary Dealer) are required to comply with the RBI Guidelines on Liquidity Risk Management Framework ("LRM Framework"). The LRM Framework provide that the applicable NBFCs should ensure sound and robust liquidity risk management system, the board of directors of the NBFC shall frame a liquidity risk management framework which ensures that it maintains sufficient liquidity, including a cushion of unencumbered, high quality liquid assets to withstand a range of stress events, including those involving the loss or impairment of both unsecured and secured funding sources. The liquidity risk management policy should spell out the entity-level liquidity risk tolerance; funding strategies; prudential limits; system for measuring, assessing and reporting/ reviewing liquidity; framework for stress testing; liquidity planning under alternative scenarios/formal contingent funding plan; nature and frequency of management reporting; periodical review of assumptions used in liquidity projection; etc. The LRM Framework inter alia, deal with: (i) liquidity risk management policy, strategies and practices; (ii) management information system; (iii) internal controls; (iv) maturity profiling; (v) liquidity risk measurement – stock approach; (vi) currency risk; (vii) managing interest rate risk; and (viii) liquidity risk monitoring tools.

The NBFC shall constitute risk management committee ("RMC") consisting of chief executive officer ("CEO")/ managing director ("MD") and heads of various risk verticals, who shall be responsible for evaluating the overall risks faced by the NBFC including liquidity risk. Further, applicable NBFCs have to constitute asset liability management committee ("ALCO") consisting of the NBFC's top management shall be responsible for ensuring adherence to the risk tolerance/limits set by the board of directors as well as implementing the liquidity risk management strategy of the NBFC.

The CEO/ MD or the Executive Director should head the Committee. The role of the ALCO with respect to liquidity risk should include, inter alia, decision on desired maturity profile and mix of incremental assets and liabilities, sale of assets as a source of funding, the structure, responsibilities and controls for managing liquidity risk, and overseeing the liquidity positions of all branches. In addition to RMC and ALCO, applicable NBFCs shall constitute asset liability management support group ("ALM Support Group"). ALM Support Group consist of the operating staff responsible for analysing, monitoring and reporting the liquidity risk profile to the ALCO. The maturity profile should be used for measuring the future cash flows of NBFCs in different time buckets. Within each time bucket, there could be mismatches depending on cash inflows and outflows. While the mismatches up to one year would be relevant since these provide early warning signals of impending liquidity problems, the main focus shall be on the short-term mismatches, viz., 1-30/ 31 days. The net cumulative negative mismatches in the statement of structural liquidity in the maturity buckets 1-7 days, 8-14 days, and 15-30 days shall not exceed 10 percent, 10 percent and 20 per cent of the cumulative cash outflows in the respective time buckets. NBFCs, however, are expected to monitor their cumulative mismatches (running total) across all other time buckets upto 1 year by establishing internal prudential limits with the approval of the board of directors. NBFCs shall also adopt the above cumulative mismatch limits for their structural liquidity statement for consolidated operations. Other than liquidity risk the applicable NBFC has to currency risk and interest rate risk under the terms of LRM Framework.

In addition to the guidelines laid down under LRM Framework, all non-deposit taking systemically important NBFCs with asset size of ₹ 5,00,000 lakh and above (except Core Investment Companies, Type I NBFC-NDs, Non-Operating Financial Holding Companies and Standalone Primary Dealers) and all deposit taking NBFCs irrespective of the asset size shall adhere to the liquidity coverage ratio guidelines ("LCR Framework"). LRM Framework provides that applicable NBFCs shall maintain an adequate level of unencumbered high quality liquid assets (HQLA) that can be converted into cash to meet its liquidity needs for a 30 calendar-day time horizon under a significantly severe liquidity stress scenario. The liquidity coverage ratio shall be maintained on an ongoing basis to help monitor and control liquidity risk as per the prescribed timelines in progressive manner, as provided below:

	December 1,				
	2020	**2021**	**2022**	**2023**	**2024**
For NBFCs with asset size of ₹10,00,000 lakh and above	50%	60%	70%	85%	100%
For NBFCs with asset size of ₹5,00,000 lakh and below ₹10,00,000 lakh	30%	50%	60%	85%	100%

Information with respect to change of address, directors, auditors, etc. to be submitted.

An NBFC-BL is required to inform the RBI, not later than one month from the occurrence of any change in:

- the complete postal address, telephone number/s and fax number/s of the registered/corporate office;
- the names and residential addresses of the directors of the company;
- the names and the official designations of its principal officers;
- the names and office address of the auditors of the company; and
- the specimen signatures of the officers authorised to sign on behalf of the company
- to the Regional Office of the Department of Supervision of RBI under whose jurisdiction NBFC is registered.

Loan-to-value guidelines

The RBI vide the Master Directions, directed all NBFCs to maintain a loan to value ratio not exceeding 75% for loans granted against the collateral of gold jewellery. NBFCs primarily engaged in lending against gold jewellery (such loans comprising 50% or more of their financial assets) shall maintain a minimum Tier l capital of 12% of aggregate risk weighted assets of on-balance sheet and of risk adjusted value of off-balance sheet items. The RBI Master Directions has issued guidelines with regard to the following:

Appropriate infrastructure for storage of gold ornaments: A minimum level of physical infrastructure and facilities is available in each of the branches engaged in financing against gold jewellery including a safe deposit vault and appropriate security measures for operating the vault to ensure safety of the gold and borrower convenience. Existing NBFCs should review the arrangements in place at their branches and ensure that necessary infrastructure is put in place at the earliest. No new branches should be opened without suitable storage arrangements, including safe deposit vault, having been made thereat. No business of grant of loans against the security of gold can be transacted at places where there are no proper facilities for storage/security.

NBFCs shall not grant any advance against bullion / primary gold and gold coins. NBFCs shall not grant any advance for purchase of gold in any form including primary gold, gold bullion, gold jewellery, gold coins, units of Exchange Traded Funds (ETF) and units of gold mutual fund.

Prior approval of RBI for opening branches in excess of 1,000: It is henceforth mandatory for NBFC to obtain prior approval of the Reserve Bank to open branches exceeding 1,000. However, NBFCs which already have more than 1,000 branches may approach the Bank for prior approval for any further branch expansion. Besides, no new branches will be allowed to be opened without the facilities for storage of gold jewellery and minimum security facilities for the pledged gold jewellery.

Standardization of value of gold in arriving at the loan to value ratio: For arriving at the value of gold jewellery accepted as collateral, it will have to be valued at the average of the closing price of 22 carat gold for the preceding 30 days as quoted by BBA or the historical spot gold price data publicly disseminated by a commodity exchange regulated by the Forward Markets Commission.

Verification of the Ownership of Gold: NBFCs should have an explicit Board approved policy in their overall loan policy to verify ownership of the gold jewellery, and adequate steps be taken to ensure that the KYC guidelines stipulated by the Reserve Bank are followed and due diligence of the customer undertaken. Where the gold jewellery pledged by a borrower at any one time or cumulatively on loan outstanding is more than 20 grams, NBFCs must keep record of the verification of the ownership of the jewellery. The method of establishing ownership should be laid down as a Board approved policy. Auction Process and Procedures: The following additional stipulations are made with respect to auctioning of pledged gold jewellery:

a) The auction should be conducted in the same town or taluka in which the branch that has extended the loan is located.

b) While auctioning the gold the NBFC should declare a reserve price for the pledged ornaments. The reserve price for the pledged ornaments should not be less than 85% of the previous 30 day average closing price of 22 carat gold as declared by The Bombay Bullion Association Limited and value of the jewellery of lower purity in terms of carats should be proportionately reduced.

c) It will be mandatory on the part of the NBFCs to provide full details of the value fetched in the auction and the outstanding dues adjusted and any amount over and above the loan outstanding should be payable to the borrower.

d) NBFCs must disclose in their annual reports the details of the auctions conducted during the financial year including the number of loan accounts, outstanding amounts, value fetched and whether any of its sister concerns participated in the auction.

e) In case the first auction fails, NBFCs can pool gold jewellery from different branches in a district and auction it at any location within the district, subject to adherence with all other requirements regarding auction (prior notice, reserve price, arms-length relationship, disclosures, etc.) are met.

Rating of NBFCs

Pursuant to the RBI Master Directions, all NBFCs with an asset size of above ₹1,000 million are required to, as per RBI instructions to, furnish information about downgrading or upgrading of the assigned rating of any financial product issued by them within 15 days of a change in rating.

Prudential Norms

The leverage ratio of NBFCs (except NBFC-MFIs, NBFCs-ML and above) shall not be more than seven at any point of time. Leverage ratio means the total Outside Liabilities divided by Owned Fund. NBFCs primarily engaged in lending against gold jewellery (such loans comprising 50 percent of more of their financial assets) shall maintain a minimum Tier 1 capital of 12 percent of aggregate risk weighted assets of on-balance sheet and of risk adjusted value of off-balance sheet items. The value of each asset/item requires to be multiplied by the relevant risk weights to arrive at risk adjusted value of assets. The aggregate shall be taken into account for reckoning the minimum capital ratio.

NBFC shall calculate the total risk weighted off-balance sheet credit exposure as the sum of the risk-weighted amount of the market related and non-market related off-balance sheet items. The risk-weighted amount of an off- balance sheet item that gives rise to credit exposure shall be calculated by means of a two-step process:

(a) The notional amount of the transaction shall be converted into a credit equivalent amount, by multiplying the amount by the specified credit conversion factor or by applying the current exposure method; and

(b) The resulting credit equivalent amount shall be multiplied by the risk weight applicable, viz., zero percent for exposure to Central Government/ State Governments, 20 percent for exposure to banks and 100 percent for others.

Provisioning Requirements

An NBFC-BL, after taking into account the time lag between an account becoming non-performing, its recognition, the realisation of the security and erosion overtime in the value of the security charged, shall make provisions against sub- standard assets, doubtful assets and loss assets in the manner provided for in the Master Directions.

In the interests of counter cyclicality and so as to ensure that NBFCs create a financial buffer to protect them from the effect of economic downturns, RBI *vide* their circular no. DNBS.PD.CC. No.207/ 03.02.002 /2010-11 dated January 17, 2011, introduced provisioning for Standard Assets by all NBFCs. NBFCs are required to make a general provision at 0.25 per cent of the outstanding standard assets. RBI vide their circular no. DNBR (PD) CC No. 037/03.01.001/2014-15 dated June 11, 2015 raised the provision for standard assets to 0.40 per cent to be met by March 2018. The provisions on standard assets are not reckoned for arriving at Net NPAs. The provisions towards Standard Assets are not needed to be netted from gross advances but shown separately as 'Contingent Provisions against Standard Assets' in the balance sheet. NBFCs are allowed to include the '*General Provisions on Standard Assets*' in Tier II Capital which together with other 'general provisions/ loss reserves' will be admitted as Tier II Capital only up to a maximum of 1.25 per cent of the total risk-weighted assets. NBFCs shall after taking into account the time lag between an account becoming non-performing, its recognition as such, the realisation of the security and the erosion over time in the value of security charged, make provision against sub-standard assets, doubtful assets and loss as assets.

The provisioning requirements in respect of loans, advances and other credit facilities including bills purchased and discounted shall be as:

<table>
<tr><td>Loss Assets</td><td>In case of loss assets the entire asset shall be written off. If the assets are permitted to remain in the books for any reason, 100% of the outstanding must be provided for.</td></tr>
<tr><td>Doubtful Assets</td><td>(a) 100% provision to the extent to which the advance is not covered by the realisable value of the security to which the NBFC has a valid recourse shall be made. The realisable value is to be estimated on a realistic basis;
(b) In addition to the above, depending upon the period for which the asset has remained doubtful, provision to the extent of 20% to 50% of the secured portion (i.e. estimated realisable value of the outstanding) shall be made on the following basis:
<table>
<tr><th>Period for which the asset has been considered as doubtful</th><th>% of provision</th></tr>
<tr><td>Upto one year</td><td>20</td></tr>
<tr><td>One to three years</td><td>30</td></tr>
<tr><td>More than three years</td><td>50</td></tr>
</table></td></tr>
<tr><td>Sub-standard assets</td><td>A general provision of 10% of total outstanding shall be made.</td></tr>
</table>

Leverage Ratio Norms

An NBFC-BL shall maintain a leverage ratio of not more than 7 after March 31, 2015. Further, NBFCs which are primarily engaged in lending against gold jewellery (such loans comprising of 50 percent or more of their financial assets) shall maintain a minimum tier I capital of 12 per cent of aggregate risk weighted assets of on-balance sheet and of risk adjusted value of off-balance sheet items.

Asset Classification

The Masters Directions require that every NBFC shall, after taking into account the degree of well-defined credit weaknesses and extent of dependence on collateral security for realisation, classify its lease/hire purchase assets, loans and advances and any other forms of credit into the following classes:

- Standard assets;
- Sub-standard Assets;
- Doubtful Assets; and
- Loss assets

Further, such class of assets would not be entitled to be upgraded merely as a result of rescheduling, unless it satisfies the conditions required for such upgradation. At present every NBFC is required to make a provision for standard assets at 0.40 per cent.

Standard Assets

The asset in respect of which, no default in repayment of principal or payment of interest is perceived and which does not disclose any problem or carry more than normal risk attached to the business.

Sub-standard Assets

Assets which have been classified as non-performing asset for a period not exceeding eighteen months; or assets where the terms of the agreement regarding interest and/or principal have been renegotiated or rescheduled or restructured after commencement of operations, until the expiry of one year of satisfactory performance under the renegotiated or rescheduled or restructured terms.

Doubtful Assets

Assets such as term loans, lease asset, a hire purchase asset or any other asset which remains a sub-standard asset for a period exceeding 18 months.

Loss Assets

An asset which has been identified as loss asset by the NBFC or its internal or external auditor by the RBI during the inspection of the NBFC, to the extent it is not written of by the NBFC and an asset which is adversely affected by a potential threat of non-recoverability due to either erosion in the value of security or non-availability of security or due to any fraudulent act or omission on the part of the borrower.

The Non-Performing Asset classification norm stands changed due to the overdue period of more than 90 days for applicable NBFCs. A glide path is provided to applicable NBFCs to adhere to the 90 days NPA form as –

NPA Norms	Timeline
>150 days overdue	By March 31, 2024
>120 days overdue	By March 31, 2025
> 90 days	By March 31, 2026

The glide path will not be applicable to NBFCs which are already required to follow the 90 day NPA norm.

Non-Performing Asset (NPA)

(i) assets in respect of which interest has remained overdue for a period of more than 90 days.

(ii) a term loan inclusive of unpaid interest when the instalment is overdue for a period of more than 90 days or on which interest amount remained overdue for a period of more than 90 days.

(iii) a demand or call loan, which remained overdue for a period of more than 90 days from the date of demand or call or on which interest amount remained overdue for a period of more than 90 days.

(iv) a bill which remains overdue for a period of more than 90 days

(v) the interest in respect of a debt or the income on receivables under the head 'other current assets' in the nature of short-term loans/advances, which facility remained overdue for a period of more than 90 days.

(vi) any dues on account of sale of assets or services rendered or reimbursement of expenses incurred, which remained overdue for a period of more than 90 days. (vii) the lease rental and hire purchase instalment, which has become overdue for a period of more than 90 days

(vii) in respect of loans, advances and other credit facilities (including bills purchased and discounted), the balance outstanding under the credit facilities (including accrued interest) made available to the same borrower/beneficiary when any of the above credit facilities becomes non-performing asset.

Provided that in case of lease and hire purchase transactions, an NBFC shall classify each such account on the basis of its record of recovery.

Other stipulations

All NBFCs are required to frame a policy for demand and call loan that includes provisions on the cut-off date for recalling the loans, the rate of interest, periodicity of such interest and periodical reviews of such performance.

Lending against security of gold

The RBI pursuant to the Scale Based Master Directions, as amended from time to time has prescribed that all NBFCs shall maintain a loan to value ratio not exceeding 75% for loans granted against the collateral of gold jewellery. The Value of gold jewellery, for the purpose of determining maximum permissible limit shall be the intrinsic value of the gold content therein and no other cost elements shall be added thereto.

Reserve Bank of India (Know Your Customer (KYC)) Master Directions, 2016 dated February 25, 2016, as amended ("RBI KYC Directions")

The RBI KYC Directions are applicable to every entity regulated by the RBI, specifically, scheduled commercial banks, regional rural banks, local area banks, primary (urban) co-operative banks, state and central co-operative banks, all India financial institutions, NBFCs, miscellaneous non-banking companies and residuary non-banking companies, amongst others. In terms of the RBI KYC Directions, every entity regulated thereunder is required to formulate a KYC policy which is duly approved by the board of directors of such entity or a duly constituted committee thereof. The KYC policy formulated in terms of the RBI KYC Directions is required to include four key elements, being customer acceptance policy, risk management, customer identification procedures and monitoring of transactions. It is advised that all NBFC'S adopt the same with suitable modifications depending upon the activity undertaken by them and ensure that a proper policy framework of anti-money laundering measures is put in place. The RBI KYC Directions provide for a simplified procedure for opening accounts by NBFCs. It also provides for an enhanced and simplified due diligence procedure. It has prescribed detailed instructions in relation to, inter alia, the due diligence of customers, record management, and reporting requirements to Financial Intelligence Unit – India. The RBI KYC Directions have also issued instructions on sharing of information while ensuring secrecy and confidentiality of information held by Banks and NBFCs. The regulated entities must also adhere to the reporting requirements under Foreign Account Tax Compliance Act and Common Reporting Standards. The RBI KYC Directions also require the regulated entities to ensure compliance with the requirements/obligations under international agreements. The regulated entities must also pay adequate attention to any money-laundering and financing of terrorism threats that may arise from new or developing technologies, and ensure that appropriate KYC procedures issued from time to time are duly applied before introducing new products/services/technologies. The RBI KYC Directions were updated on April 20, 2018 to enhance the disclosure requirements under the Prevention of Money-Laundering Act, 2002 and in accordance with the Prevention of Money-Laundering Rules vide Gazette Notification GSR 538 (E) dated June 1, 2017 and the final judgment of the Supreme Court in the case of Justice K.S. Puttaswamy (Retd.) & Another v. Union of India (Writ Petition (Civil) 494/2012). The Directions were updated to accommodate authentication as per the AADHAR (Targeted Delivery of Financial and Other Subsidies, Benefits and Services) Act, 2016 and use of an Indian resident's Aadhar number as a document for the purposes of fulfilling KYC requirement. The RBI KYC Directions were further amended on January 9, 2020, in view of Government of India Gazette Notification No.

G.S.R. 582(E) dated August 19, 2019 and Gazette Notification G.S.R. 840(E) dated November 13, 2019, notifying amendment to the Prevention of Money-laundering (Maintenance of Records) Rules, 2005. With a view to leveraging the digital channels for Customer Identification Process (CIP) by Regulated Entities (REs), the Reserve Bank has decided to permit Video based

Customer Identification Process (V-CIP) as a consent based alternate method of establishing the customer's identity, for customer on boarding.

Master Direction - Reserve Bank of India (Regulatory Framework for Microfinance Loans) Directions, 2022 dated March 14, 2022

Applicability

The master directions are applicable to the following entities:

i) All Commercial Banks (including Small Finance Banks, Local Area Banks, and Regional Rural Banks) excluding Payments Banks;

ii) All Primary (Urban) Co-operative Banks/ State Co-operative Banks/ District Central Cooperative Banks; and

iii) All Non-Banking Financial Companies (including Microfinance Institutions and Housing Finance Companies).

Definition of microfinance loan

A microfinance loan is defined as a collateral-free loan given to a household having annual household income up to ₹ 3,00,000. For this purpose, the household shall mean an individual family unit, i.e., husband, wife and their unmarried children. Further, all collateral-free loans, irrespective of end use and mode of application/ processing/ disbursal (either through physical or digital channels), provided to low income households, i.e., households having annual income up to ₹ 3,00,000, shall be considered as microfinance loans.

Pricing of loans

According to the directions, each of the regulated entities must implement a board-approved policy on microfinance loan pricing, on microfinance loans, interest rates and other charges/fees should not be usurious and shall be subjected to the supervisory scrutiny of the Reserve Bank. Further, according to the master directions each of the regulated entities shall also disclose pricing related information in a standardised format.

The master directions also lay down the guidelines on conduct towards microfinance borrowers.

Qualifying asset criteria

Under the earlier guidelines, an NBFC that does not qualify as an NBFC-MFI, cannot extend microfinance loans exceeding 10 per cent of its total assets. As per the master directions, the maximum limit on microfinance loans for such NBFCs (i.e., NBFCs other than NBFC-MFIs) is now revised to 25 per cent of the total assets.

Implementation of Green Initiative of the Government

All NBFCs are required take proactive steps for increasing the use of electronic payment systems, elimination of post-dated cheques and gradual phase-out of cheques in their day to day business transactions which would result in more cost-effective transactions and faster and accurate settlements.

Implementation of Indian Accounting Standards: RBI Notification

The Reserve bank of India *vide* notification number RBI/2019-20/170 DOR (NBFC).CC.PD.No.109/22.10.106/2019-20 dated March 13, 2020 framed regulatory guidance on Ind AS which will be applicable on Ind AS implementing NBFCs and Asset Reconstruction Companies (ARCs) for preparation of their financial statements from financial year 2019-20 onwards. These guidelines focus on the need to ensure consistency in the application of the accounting standards in specific areas, including asset classification and provisioning, and provide clarifications on regulatory capital in the light of Ind AS implementation.

The guidelines cover aspects on Governance Framework, Prudential Floor for ECL and Computation of Regulatory Capital and Regulatory Ratios.

Master Directions on Fraud Risk Management in Non-Banking Financial Companies (NBFCs) (including Housing Finance Companies) dated July 15, 2024.

On July 15, 2024, the RBI issued the revised Master Directions on Fraud Risk Management in NBFCs (including Housing Finance Companies) ("**Fraud Directions**") superseding the erstwhile Master Directions on Monitoring of Frauds in NBFCs (Reserve Bank), Directions, 2016. Under the Fraud Directions, NBFCs classified as NBFC- BL, NBFC-ML and NBFC-UL shall put in place a board approved policy on fraud risk management delineating roles and responsibilities of board and senior management of the NBFCs. NBFCs are required to report all instances of fraud to the RBI or the National Housing Bank

through fraud monitoring returns portal within 14 (fourteen) days of classifying an incident or account as fraudulent. Furthermore, all attempted and successful instances of theft, burglary, dacoity, and robbery must be reported to the fraud monitoring group of the RBI within 7 (seven) days of occurrence. NBFCs must also report all incidents of fraud immediately to appropriate law enforcement agencies through a nodal point or designated officer of such NBFC.

Master Direction dated September 29, 2016 on Monitoring of Frauds in NBFCs (Reserve Bank) Directions, 2016

All NBFC-ND-NSIs shall put in place a reporting system for frauds and fix staff accountability in respect of delays in reporting of fraud cases to the RBI. An NBFC-ND-NSI is required to report all cases of fraud of ₹ 1 lakh and above, and if the fraud is of ₹ 100 lakhs or above, the report should be sent in the prescribed format within three weeks from the date of detection thereof. The NBFC-ND-NSI shall also report cases of fraud by unscrupulous borrowers and cases of attempted fraud.

Master Circular dated July 1, 2015 – Frauds – Future approach towards monitoring of frauds in NBFCs

In order to prevent the incidence of frauds in NBFCs, the RBI established a reporting requirement to be followed by NBFCs, both NBFCs-Deposit taking and NBFCs-ND-NSI. In terms of the circular, all NBFCs-ND-NSI shall disclose the amount related to fraud, reported in the company for the year in their balance sheets. NBFCs failing to report fraud cases to the RBI would be liable for penal action prescribed under the provisions of Chapter V of the RBI Act. Additionally, the circular provides for categorisation of frauds and the reporting formats in order to ensure uniformity in reporting.

Reporting by Statutory Auditor

The statutory auditor of the NBFC-ND is required to submit to the Board of Directors of the company along with the statutory audit report, a special report certifying that the Directors have passed the requisite resolution mentioned above, not accepted any public deposits during the year and has complied with the prudential norms relating to income recognition, accounting standards, asset classification and provisioning for bad and doubtful debts as applicable to it. In the event of non-compliance, the statutory auditors are required to directly report the same to the RBI.

Master Direction – Non-Banking Financial Companies Auditor's Report (Reserve Bank) Directions, 2016

In addition to the report made by the auditor under Section 143 of the Companies Act, 2013 on the accounts of an NBFC-ND-NSI, the auditor shall made a separate report to the Board of Directors of the company on inter alia examination of validity of certificate of registration obtained from the RBI, whether the NBFC is entitled to continue to hold such certificate of registration in terms of its Principal Business Criteria (financial asset / income pattern) as on March 31 of the applicable year, whether the NBFC is meeting the required net owned fund requirement, whether the board of directors has passed a resolution for non-acceptance of public deposits, whether the company has accepted any public deposits during the applicable year, whether the company has complied with the prudential norms relating to income recognition, accounting standards, asset classification and provisioning for bad and doubtful debts as applicable to it, whether the capital adequacy ratio as disclosed in the return submitted to the Bank in form NBS- 7, has been correctly arrived at and whether such ratio is in compliance with the minimum CRAR prescribed by the Bank, whether the company has furnished to the Bank the annual statement of capital funds, risk assets/exposures and risk asset ratio (NBS-7) within the stipulated period, and whether the non-banking financial company has been correctly classified as NBFC Micro Finance Institutions (MFI).

Master Direction – Reserve Bank of India (Filing of Supervisory Returns) Directions – 2024 dated February 27, 2024

NBFCs - ML are required to report data on their domestic and overseas operations, including the operations of IFSC Banking Units (IBUs) and Overseas Banking Units (OBUs). NBFCs - ML shall design, build, and maintain the data architecture and supporting IT infrastructure for accurate, complete, and timely data aggregation and reporting not only in normal times but also during times of stress or crisis. NBFCs- ML are expected to measure and monitor the accuracy of data and to develop appropriate escalation channels and action plans to rectify any deterioration in data quality. NBFCs- ML are expected to measure and monitor the accuracy of data and to develop appropriate escalation channels and action plans to rectify any deterioration in data quality. Furthermore, NBFCs- ML should strive to achieve a higher degree of automation in the generation of data for the filing of returns. NBFCs- ML shall maintain proper records of sources and aggregation rules for generating returns' data.

The Reserve Bank – Integrated Ombudsman Scheme, 2021 (the "Ombudsman Scheme") dated November 12, 2021

The RBI through its 'Statement on Developmental and Regulatory Policies' dated February 5, 2021, proposed the integration of the Ombudsman Scheme for Non-Banking Financial Companies, 2018 with the Banking Ombudsman Scheme, 2006 and the Ombudsman Scheme for Digital Transactions, 2019 under the 'One Nation One Ombudsman' approach for grievance redressal and has done the same through the Ombudsman Scheme effective from November 12, 2021. This is intended to make the process of redressal of grievances easier by enabling the customers of the banks, NBFCs and non-bank issuers of prepaid payment instruments to register their complaints under the integrated scheme, with one centralized reference point. The Ombudsman Scheme was introduced by the RBI with the object of enabling resolution of complaints in respect of certain services rendered by certain categories of NBFCs, to facilitate the satisfaction or settlement of such complaints, and matters

connected therewith. The Ombudsman Scheme, inter alia, establishes the office of the ombudsman, specifies the procedure for the redressal of grievances and the mechanism for appeals against the awards passed by the ombudsman.

Master Direction on Information Technology Governance, Risk, Controls and Assurance Practices dated November 7, 2023

These directions require all NBFC-ML to implement a comprehensive IT governance framework that includes a board-level IT strategy committee and an IT steering committee for oversight. Additionally, a Chief Information Security Officer (CISO) and an Information Security Committee (ISC) must be appointed to manage cyber and information security risks. A critical aspect of this is the implementation of an IT and Information Security Risk Management Framework, which incorporates information security policies, cybersecurity policies, and a cyber crisis management plan. Furthermore, cybersecurity measures like regular Vulnerability Assessments (VA) and Penetration Testing (PT) along with a cyber incident response plan are mandated. The RBI also dictates guidelines for managing IT infrastructure and services, including software, hardware, third-party arrangements, capacity, projects, vendors, and data. Secure access controls with Multi-Factor Authentication (MFA) and audit trails are another requirement. To ensure business continuity in case of disruptions, NBFC-MLs must have a Business Continuity Plan (BCP) and Disaster Recovery (DR) policy that is tested regularly. Finally, an IS Audit policy with a separate IS Audit function is necessary to conduct risk-based audits.

Directions on Managing Risks and Code of Conduct in Outsourcing of Financial Services by NBFCs, 2017

With a view to put in place necessary safeguards applicable to outsourcing of activities by NBFCs, the RBI has issued directions on managing risks and code of conduct in outsourcing of financial services by NBFCs ("Risk Management Directions"). The Risk Management Directions specify that core management functions like internal auditing, compliance functions, decision making functions such as compliance with KYC norms shall not be outsourced by NBFCs. Further, the Risk Management Directions specify that outsourcing of functions shall not limit its obligations to its customers.

Master Direction on Outsourcing of Information Technology Services dated April 10, 2023

The RBI has issued the RBI Master Direction on Outsourcing of Information Technology Services, dated April 10, 2023, ("**IT Outsourcing Direction**") that came into effect on October 1, 2023, in line with its earlier Draft Master Direction on Outsourcing of IT Services, dated June 23, 2022. The IT Outsourcing Direction is applicable to regulated entities, namely, all commercial banks, non-banking financial companies, primary co-operative banks, credit information companies, 'All India Financial Institutions' as defined under the IT Outsourcing Direction (collectively, "**REs**"). In case of foreign banks operating in India through branch mode, reference to REs' board of directors means the head office or controlling office which has oversight over the Indian branch operations. The scope of the IT Outsourcing Direction extends to 'material outsourcing' of IT services by REs which are IT services which (i) if disrupted or compromised has the potential to significantly impact the RE's business operations, or (ii) may have material impact on the RE's customers in the event of any unauthorised access, loss or theft of customer information.

Master Direction – Reserve Bank of India (Credit Information Reporting) Directions, 2025 dated January 06, 2025

On January 06, 2025, the RBI issued the Master Directions on Credit Information Reporting for credit reporting by regulated entities, including banks, financial institutions, and non-banking financial companies (NBFCs). The RBI mandated that credit information reporting by Credit Information Companies (CICs) adhere to standardized data formats to ensure clarity and consistency in the data reported by banks and financial institutions. The RBI mandated that all regulated entities must process and store such information exclusively within India, ensuring strict data confidentiality and security. The Credit Institutions are now required to inform consumers about the reasons for rejecting data correction requests and if the consumer complaint is not resolved within 30 calendar days of filing complainants are entitled to a compensation of ₹100 per calendar day. RBI also sets guidelines stating that Credit Information Companies must also assess the reputation, financial stability, and legal compliance of the third-party entities before sharing data. CICs shall put in place a robust due diligence and control mechanisms while sharing the credit information

Additionally, the Credit Information Reporting Directions mandated that Credit Institutions must submit credit data to CICs on a regular basis, ideally fortnightly, with updates provided by the 7th calendar day of the subsequent reporting period. The Directions has instructed CICs to monitor the submission timelines and report any delays to the RBI's Department of Supervision every six months. The RBI also puts strict provisions for the unauthorized use of credit information by third parties, including subsidiaries and affiliates of the entity holding the data.

Reserve Bank of India (Lending Against Gold Collateral) Directions, 2025

On June 06, 2025, RBI released Directions on Lending Against Gold Collateral, 2025. These directions are intended to apply uniformly across various lending institutions providing loans secured by gold collateral, silver jewellery, silver ornaments, and specified silver coins. The guidelines cover Commercial Banks (excluding Payments Banks), Small Finance Banks, Local Area Banks, Regional Rural Banks, Primary (Urban) Co-operative Banks, Rural Co-operative Banks (including State and Central

Co-operative Banks), and all NBFCs, including Housing Finance Companies (HFCs). The directions lay out comprehensive norms concerning ceilings, restrictions, valuation methods, and LTV ratios, aiming to standardize practices and ensure prudent lending across the gold loan sector.

The maximum LTV ratio in respect of consumption loans against the eligible collateral shall not exceed LTV ratios as provided in the table below:

Total consumption loan amount per borrower	Maximum LTV ratio
≤₹2.5 lakh	85 per cent
> ₹2.5 lakh & ≤ ₹5 lakh	80 per cent
> ₹5 lakh	75 per cent

Directions on Managing Risks and Code of Conduct in Outsourcing of Financial Services by NBFCs, 2017

With a view to put in place necessary safeguards applicable to outsourcing of activities by NBFCs, the RBI has issued directions on managing risks and code of conduct in outsourcing of financial services by NBFCs ("Risk Management Directions"). The Risk Management Directions specify that core management functions like internal auditing, compliance functions, decision making functions such as compliance with KYC norms shall not be outsourced by NBFCs. Further, the Risk Management Directions specify that outsourcing of functions shall not limit its obligations to its customers.

Master Circular - Bank Finance to Non-Banking Financial Companies (NBFCs) dated April 01, 2025 ("Bank Finance Circular")

The RBI has issued guidelines vide a master circular bearing number RBI/2025-26/15 DOR.CRE.REC.No.05/21.04.172/2025-26 dated April 01, 2025 ("**Bank Finance Circular**") laying down the regulatory policy regarding financing of NBFCs by banks. In particular, these guidelines prohibit banks from lending to NBFCs for the financing of certain activities, such as (i) bill discounting or rediscounting, except where such discounting arises from the sale of commercial vehicles and two wheelers or three wheelers, subject to certain conditions; (ii) unsecured loans or inter-corporate deposits by NBFCs to any company; (iii) investments by NBFCs both of current and long term nature, in any company; (iv) all types of loans and advances by NBFCs to their subsidiaries, group companies/ entities; (v) further lending to individuals for the purpose of subscribing to an initial public offer and for purchase of shares from secondary market.

The Bank Finance Circular also lays down the following prudential ceilings for exposure of Banks to NBFCs:

i. Banks' exposures to a single NBFC (excluding gold loan companies) will be restricted to 20 percent of their eligible capital base (Tier I capital). However, based on the risk perception, more stringent exposure limits in respect of certain categories of NBFCs may be considered by banks. Banks' exposures to a group of connected NBFCs or group of connected counterparties having NBFCs in the group will be restricted to 25 percent of their Tier I Capital.

ii. The exposure of a bank to a single NBFC which is predominantly engaged in lending against collateral of gold jewellery (i.e. such loans comprising 50 per cent or more of their financial assets), shall not exceed 7.5 per cent of the bank's capital funds (Tier I plus Tier II Capital). However, this exposure ceiling may go up by 5 per cent, i.e., up to 12.5 per cent of banks' capital funds if the additional exposure is on account of funds on- lent by such NBFCs to the infrastructure sector

iii. Banks may also consider fixing internal limits for their aggregate exposure to all NBFCs put together. Banks should have an internal sub-limit on their aggregate exposures to all NBFCs, having gold loans to the extent of 50 per cent or more of their total financial assets, taken together. This sub-limit should be within the internal limit, where fixed by the banks for their aggregate exposure to all NBFCs put together as prescribed

Supervisory Framework

In order to ensure adherence to the regulatory framework by non-systemically important ND-NBFCs, the RBI has directed such NBFCs to put in place a system for submission of an annual statement of capital funds, and risk asset ratio etc. as at the end of March every year, in a prescribed format. This return is to be submitted electronically within a period of three months from the close of every financial year. Further, NBFC is required to submit a certificate from its statutory auditor that it is engaged in the business of non-banking financial institution with requirement to hold a certificate of registration under the RBI Act. This certificate is required to be submitted within one month of the date of finalisation of the balance sheet and in any other case not later than December 30 of that particular year. Further, in addition to the auditor's report under Section 143 of the Companies Act, 2013 the auditors are also required to make a separate report to the Board of Directors on certain matters, including correctness of the capital adequacy ratio as disclosed in the return NBS-7 to be filed with the RBI and its compliance with the minimum CRAR, as may be prescribed by the RBI. Where the statement regarding any of the items referred relating to the above, is unfavorable or qualified, or in the opinion of the auditor the company has not complied with the regulations issued by RBI , it shall be the obligation of the auditor to make a report containing the details of such unfavourable or qualified statements

and/or about the non- compliance, as the case may be, in respect of the company to the concerned Regional Office of the Department of Non-Banking Supervision of the Bank under whose jurisdiction the registered office of the company is located.

Asset Liability Management

The RBI has prescribed the Guidelines for Asset Liability Management ("ALM") System in relation to NBFCs ("ALM Guidelines") that are applicable to all NBFCs through a Master Circular on Miscellaneous Instructions to All Non-Banking Financial Companies dated July 1, 2015. As per this Master Circular, the NBFCs (engaged in and classified as equipment leasing, hire purchase finance, loan, investment and residuary non-banking companies) meeting certain criteria, including, an asset base of ₹ 10,000 lakhs, irrespective of whether they are accepting / holding public deposits or not, or holding public deposits of ₹ 2,000 lakhs or more (irrespective of the asset size) as per their audited balance sheet as of March 31, 2001, are required to put in place an ALM system. The ALM Guidelines mainly address liquidity and interest rate risks. In case of structural liquidity, the negative gap (i.e. where outflows exceed inflows) in the 1 to 30/31 days' time-bucket should not exceed the prudential limit of 15% of cash outflows of each time-bucket and the cumulative gap of up to one year should not exceed 15% of the cumulative cash outflows of up to one year. In case these limits are exceeded, the measures proposed for bringing the gaps within the limit should be shown by a footnote in the relevant statement.

The Recovery of Debts and Bankruptcy Act, 1993

The Recovery of Debts and Bankruptcy Act, 1993 (the "**DRT Act**") provides for establishment of the Debts Recovery Tribunals (the "**DRTs**") for expeditious adjudication and recovery of debts due to banks and public financial institutions or to a consortium of banks and public financial institutions. Under the DRT Act, the procedures for recovery of debt have been simplified and time frames have been fixed for speedy disposal of cases. The DRT Act lays down the rules for establishment of DRTs, procedure for making application to the DRTs, powers of the DRTs and modes of recovery of debts determined by DRTs. These include attachment and sale of movable and immovable property of the defendant, arrest of the defendant and his detention in prison and appointment of receiver for management of the movable or immovable properties of the defendant.

The DRT Act also provides that a bank or public financial institution having a claim to recover its debt, may join an ongoing proceeding filed by some other bank or public financial institution, against its debtor, at any stage of the proceedings before the final order is passed, by making an application to the DRT.

Anti-Money Laundering

The RBI has issued a Master Circular dated July 1, 2015 to ensure that a proper policy frame work for the Prevention of Money Laundering Act, 2002 ("PMLA") is put into place. The PMLA seeks to prevent money laundering and provides for confiscation of property derived from, or involved in money laundering and for other matters connected therewith or incidental thereto. It extends to all banking companies, financial institutions, including NBFCs and intermediaries. Pursuant to the provisions of PMLA and the RBI guidelines, all NBFCs are advised to appoint a principal officer for internal reporting of suspicious transactions and cash transactions and to maintain a system of proper record (i) for all cash transactions of value of more than ₹ 10 lakhs; (ii) all series of cash transactions integrally connected to each other which have been valued below ₹ 10 lakhs where such series of transactions have taken place within one month and the aggregate value of such transaction exceeds ₹ 10 lakhs. Further, all NBFCs are required to take appropriate steps to evolve a system for proper maintenance and preservation of account information in a manner that allows data to be retrieved easily and quickly whenever required or when requested by the competent authorities. Further, NBFCs are also required to maintain for at least ten years from the date of transaction between the NBFCs and the client, all necessary records of transactions, both domestic or international, which will permit reconstruction of individual transactions (including the amounts and types of currency involved if any) so as to provide, if necessary, evidence for prosecution of persons involved in criminal activity.

Additionally, NBFCs should ensure that records pertaining to the identification of their customers and their address are obtained while opening the account and during the course of business relationship, and that the same are properly preserved for at least ten years after the business relationship is ended. The identification records and transaction data is to be made available to the competent authorities upon request.

RBI Notification dated December 3, 2015 titled "Anti-Money Laundering (AML)/ Combating of Financing of Terrorism (CFT) – Standards" states that all regulated entities (including NBFCs) are to comply with the updated FATF Public Statement and document 'Improving Global AML/CFT Compliance: on-going process' as on October 23, 2015.

Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 ("SARFAESI")

The SARFAESI Act regulates the securitization and reconstruction of financial assets of banks and financial institutions. The SARFAESI Act provides for measures in relation to enforcement of security interests and rights of the secured creditor in case of default.

The RBI has issued guidelines to banks and financial institutions on the process to be followed for sales of financial assets to asset reconstruction companies. These guidelines provide that a bank or a financial institution or an NBFC may sell financial assets to an asset reconstruction company provided the asset is an NPA. A bank or financial institution or NBFC may sell a financial asset only if the borrower has a consortium or multiple banking arrangements and at least 75% by value of the total loans to the borrower are classified as an NPA and at least 75% by the value of the banks and financial institutions in the consortium or multiple banking arrangement agree to the sale. In addition to the above, a financial asset may be sold by any bank or financial institution where the asset is reported, by the bank financial institution to Central Repository for Information on Large Credit, as an NPA wherein the principal or interest payment is overdue between 61-90 days.

As per the SARFAESI Amendment Act of 2004, the constitutional validity of which was upheld in a recent Supreme Court ruling, non-performing assets have been defined as an asset or account of a borrower, which has been classified by a bank or financial institution as sub-standard, doubtful or loss asset in accordance with directions or guidelines issued by the RBI. In case the bank or financial institution is regulated by a statutory body/authority, NPAs must be classified by such bank in accordance with guidelines issues by such regulatory authority. The RBI has issued guidelines on classification of assets as NPAs. Further, these assets are to be sold on a "without recourse" basis only.

The SARFAESI Act provides for the acquisition of financial assets by Securitization Company or Reconstruction Company from any bank or financial institution on such terms and conditions as may be agreed upon between them. A securitization company or reconstruction company having regard to the guidelines framed by the RBI may, for the purposes of asset reconstruction, provide for measures such as the proper management of the business of the borrower by change in or takeover of the management of the business of the borrower, the sale or lease of a part or whole of the business of the borrower and certain other measures such as rescheduling of payment of debts payable by the borrower; enforcement of security.

Additionally, under the provisions of the SARFAESI Act, any securitisation company or reconstruction company may act as an agent for any bank or financial institution for the purpose of recovering its dues from the borrower on payment of such fee or charges as may be mutually agreed between the parties.

Various provisions of the SARFAESI Act have been amended by the Enforcement of Security Interest and Recovery of Debt Laws and Miscellaneous Provisions (Amendment) Act, 2016 as also the Insolvency and Bankruptcy Code, 2016 (which amended S.13 of SARFAESI). As per this amendment, the Adjudicating Authority under the Insolvency and Bankruptcy Code, 2016 shall by order declare moratorium for prohibiting inter alia any action to foreclose, recover or enforce any security interest created by the corporate debtor in respect of its property including any action under the SARFAESI Act.

Further, in accordance with Ministry of Finance notification no. S.O. 856(E) dated February 24, 2020, the eligibility limit for to enforcement of security interest with respect to secured debt recovery by NBFCs (having assets worth ₹ 1,000 million and above) has been reduced from ₹ 10 million to ₹ 5.00 million.

Insolvency and Bankruptcy Code, 2016

The Insolvency and Bankruptcy Code, 2016 ("**Code**") consolidates laws relating to insolvency, reorganisation and liquidation/ bankruptcy of all persons, including companies, individuals, partnership firms and Limited Liability Partnerships ("**LLPs**"). The Code has established an Insolvency and Bankruptcy Board of India to function as the regulator for all matters pertaining to insolvency and bankruptcy. The Code prescribes a timeline of 330 days for the insolvency resolution process, which begins from the date the application is admitted by the NCLT. During this period, the creditors and the debtor shall negotiate and finalise a resolution plan (accepted by 66% of the financial creditors) and in the event, they fail, the debtor is placed in liquidation and the moratorium lifted. The Code stipulates an interim-moratorium period which would commence after filing of the application for a fresh start process and shall cease to exist after elapse of a period of 180 days from the date of application. During such period, all legal proceedings against such debtor should be stayed and no fresh suits, proceedings, recovery or enforcement action may be initiated against such debtor. However, the Code has also imposed certain restrictions on the debtor during the moratorium period such as the debtor shall not be permitted to act as a director of any company or be involved in the promotion or management of a company during the moratorium period. In light of the COVID-19 pandemic, the Government of India, introduced economic reforms to contribute to the ease of doing business. One of the reforms introduced is the suspension of the Code for a period of one year. An ordinance detailing the changes pursuant to this reform is expected to be introduced by the government. Further, the GoI vide notification dated March 24, 2020 ("**Notification**") has amended section 4 of the Code due the lingering impact of the COVID-19 pandemic. Pursuant to the said Notification, Government of India has increased the minimum amount of default under the insolvency matters from ₹ 1,00,000 to ₹ 1,00,00,000.

The Insolvency and Bankruptcy (Insolvency and Liquidation Proceedings of Financial Service Providers and Application to Adjudicating Authority) Rules 2019 ("IBC Rules, 2019")

The Code, which regulates the insolvency resolution process for "corporate persons" previously excluded financial service providers from its purview. With the notification of the IBC Rules, 2019, the provisions of the Code will apply to financial service providers as well, which are subject to modifications and additional conditions as set out in the IBC Rules, 2019. Financial service providers are defined to mean persons engaged in the business of providing financial services in terms of

authorisation issued or registration granted by a financial sector regulator under the Code. "Financial services" is broadly defined in the Code, and includes, inter alia, services in the nature of acceptance of deposits, administration of assets, underwriting services, advisory services with respect to dealings in financial products, operation of an investment scheme, and maintenance of records of ownership of a financial product. The IBC Rules, 2019, lays down the provisions for setting up an advisory committee, resolution plan and the liquidation process of financial service providers.

Foreign Investment Regulations

***Master Circular – Foreign Investments in India, issued by RBI dated January 04, 2018 (updated as on March* 17, 2022), read with the Consolidated FDI Policy Circular of 2020, issued by the Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India, dated October 15, 2020 ("FDI Policy")**

Foreign investment into NBFCs, carrying on activities approved for FDI, will be subject to the provisions of the FEMA regulations including the FEMA (Non-Debt Instruments) Rules, 2019 and conditions specified in paragraph 3.8.3 of the FDI Policy and foreign investment of up to 100% is permitted under the automatic route. This sector is also subject to minimum capitalization norms as prescribed by the RBI or other government agencies from time to time.

Master Circular No.10/2015-16 on Memorandum of Instructions governing money changing activities, issued by RBI dated July 1, 2015 and updated on September 10, 2015.

Guidelines for Licencing and other Approvals for Authorised Money Changers (AMCs)

Full Fledged Money Changers (FFMCs) are authorised by the Reserve Bank to deal in foreign exchange for specified purposes, to widen the access of foreign exchange facilities to residents and tourists while ensuring efficient customer service through competition. FFMCs are authorised to purchase foreign exchange from residents and non-residents visiting India and to sell foreign exchange for certain approved purposes. AD Category –I Banks/ADs Category – II/FFMCs may appoint franchisees to undertake purchase of foreign currency*. No person shall carry on or advertise that he carries on money changing business unless he is in possession of a valid money changer's licence issued by the Reserve Bank.

** Note: -Franchisees of AD Category –I Banks/ADs Category – II/FFMCs functioning within 10 kilometres from the borders of Pakistan and Bangladesh may also sell the currency of the bordering country, with the prior approval of the Regional offices concerned of the Reserve Bank. Other franchises of AD Category –I Banks/ADs Category – II/FFMCs cannot sell foreign currency.*

Guidelines for appointment of Agents/ Franchisees by Authorised Dealer Category – FFMCs.

Under the Scheme, the Reserve Bank permits FFMCs to enter into franchisee/agency agreements at their option for the purpose of carrying on Restricted Money Changing business i.e. conversion of foreign currency notes, coins or travellers' cheques into Indian Rupees.

A franchisee can be any entity which has a place of business and a minimum Net Owned Funds of ₹ 10 lakhs.

Franchisees can undertake only restricted money changing business.

FFMCs as the franchisers are free to decide on the tenor of the arrangement as also the commission or fee through mutual agreement with the franchisee. The Agency/Franchisee agreement to be entered into should include the salient features as mentioned under the master circular. The master circular also prescribes the procedure for application, due diligence of franchisees, selection of centres, training, reporting, audit and inspection of franchisees and Anti Money Laundering (AML)/Know Your Customer (KYC)/Combating the Financing of Terrorism (CFT) Guidelines.

Note: No licence for appointment of franchisees will be issued to any FFMC, against whom any major DoE/DRI/CBI/Police case is pending. In case where any FFMC has received one-time approval for appointing franchisees and subsequent to the date of approval, any DoE/DRI/CBI/Police case is filed, the FFMC should not appoint any further franchisees and bring the matter to the notice of the Reserve Bank immediately. A decision will be taken by the Reserve Bank regarding allowing the FFMC to appoint franchisees.

Operational Instructions

Foreign exchange in any form can be brought into India freely without limit provided it is declared on the Currency Declaration Form (CDF) on arrival to the Custom Authorities. When foreign exchange brought in the form of currency notes or travellers' cheques does not exceed US $10,000 or its equivalent and/or the value of foreign currency notes does not exceed US $5,000 or its equivalent, declaration thereof on CDF is not insisted upon.

Taking out foreign exchange in any form, other than foreign exchange obtained from an authorised dealer or a money changer is prohibited unless it is covered by a general or special permission of the Reserve Bank. Non- residents, however, have general

permission to take out an amount not exceeding the amount originally brought in by them, subject to compliance with the provisions of sub-para above.

Authorised Money Changers (AMCs)/franchisees may freely purchase foreign currency notes, coins and traveller's cheques from residents as well as non-residents. Where the foreign currency was brought in by declaring on form CDF, the tenderer should be asked to produce the same. The AMC should invariably insist on production of declaration in CDF.

AMCs may sell Indian Rupees to foreign tourists/visitors against International Credit Cards/International Debit Cards and take prompt steps to obtain reimbursement through normal banking channels.

AMCs may issue certificate of encashment when asked for in cases of purchases of foreign currency notes, coins and travellers cheques from residents as well as non-residents. These certificates bearing authorised signatures should be issued on the letter head of the money changer and proper record should be maintained.

In cases where encashment certificate is not issued, attention of the customers should be drawn to the fact that unspent local currency held by non-residents will be allowed to be converted into foreign currency only against production of a valid encashment certificate.

AMCs may purchase from other AMCs and ADs any foreign currency notes, coins and encashed travellers' cheques tendered in the normal course of business. Rupee equivalent of the amount of foreign exchange purchased should be paid only by way of crossed account payee cheque/demand draft/bankers' cheque/Pay order.

AMCs may sell foreign exchange up to the prescribed ceiling (currently US $ 10,000) specified in Schedule III to the Foreign Exchange Management (Current Account Transaction) Rules, 2000 during a financial year to persons resident in India for undertaking one or more private visits to any country abroad (except Nepal and Bhutan). Exchange for such private visits will be available on a self-declaration basis to the traveller regarding the amount of foreign exchange availed during a financial year. Foreign nationals permanently resident in India are also eligible to avail of this quota for private visits provided the applicant is not availing of facilities for remittance of his salary, savings, etc., abroad in terms of extant regulations.

AMCs may sell foreign exchange to persons' resident in India for undertaking business travel or for attending a conference or specialised training or for maintenance expenses of a patient going abroad for medical treatment or check-up abroad or for accompanying as attendant to a patient going abroad for medical treatment/check-up up to the limits as specified in Schedule III to FEMA (Current Account Transactions) Rules, 2000.

AMCs may convert into foreign currency, unspent Indian currency held by non-residents at the time of their departure from India, provided a valid Encashment Certificate is produced.

AMCs may convert at their discretion, unspent Indian currency up to ₹ 10,000 in the possession of non-residents if, for bona fide reasons, the person is unable to produce an Encashment Certificate after ensuring that the departure is scheduled to take place within the following seven days. FFMCs may provide facility for reconversion of Indian Rupees to the extent of ₹ 50,000/- to foreign tourists (not NRIs) against ATM Receipts based on the following documents- Valid passport and visa, ticket confirmed for departure within 7 days, Original ATM slip.

AMCs may issue a cash memo, if asked for, on official letterhead to travellers to whom foreign currency is sold by them. The cash memo may be required for production to emigration authorities while leaving the country.

AMCs may put through transactions relating to foreign currency notes and travellers' cheques at rates of exchange determined by market conditions and in alignment with the ongoing market rates.

AMCs should display at a prominent place in or near the public counter, a chart indicating the rates for purchase/sale of foreign currency notes and travellers' cheques for all the major currencies and the card rates for any day, should be updated, latest by 10:30 a.m.

AMCs should keep balances in foreign currencies at reasonable levels and avoid build-up of idle balances with a view to speculating on currency movements.

Franchisees should surrender foreign currency notes, coins and travellers' cheques purchased only to their franchisers within seven working days.

The transactions between authorised dealers and FFMCs should be settled by way of account payee crossed cheques/demand drafts. Under no circumstances should settlement be made in cash.

AMCs may obtain their normal business requirements of foreign currency notes from other AMCs/authorised dealers in foreign exchange in India, against payment in rupees made by way of account payee crossed cheque/demand draft.

Where AMCs are unable to replenish their stock in this manner, they may make an application to the Forex Markets Division, Foreign Exchange Department, Central Office, RBI, Mumbai through an AD Category-I for permission to import foreign currency into India. The import should take place through the designated AD Category-I through whom the application is made.

AMCs may export surplus foreign currency notes/encashed travellers' cheques to an overseas bank through designated Authorised Dealer Category - I in foreign exchange for realisation of their value through the latter. FFMCs may also export surplus foreign currency to private money changers abroad subject to the condition that either the realisable value is credited in advance to the AD Category – I bank's nostro account or a guarantee is issued by an international bank of repute covering the full value of the foreign currency notes/coins to be exported.

In the event of foreign currency notes purchased being found fake/forged subsequently, AMCs may write- off up to US $ 2000 per financial year after approval of their Top Management after exhausting all available options for recovery of the amount. Any write-off in excess of the above amount, would require the approval of the Regional Office concerned of the Foreign Exchange Department of the Reserve Bank.

Further, provisions regarding the following are also mentioned-

- Registers and Books of Accounts of Money-changing Business
- Submission of Statements to the Reserve Bank
- Inspection of Transactions of AMCs
- Concurrent Audit
- Temporary Money Changing Facilities

Opening of Foreign Currency Accounts by AMCs

AMCs, with the approval of the respective Regional Offices of the Foreign Exchange Department, may be allowed to open Foreign Currency Accounts in India, subject to the following conditions: -

i. Only one account may be permitted at a particular centre.

ii. Only the value of foreign currency notes/encashed TCs exported through the specific bank and realised can be credited to the account.

iii. Balances in the accounts shall be utilised only for settlement of liabilities on account of:

   (a) TCs sold by the AMCs and

   (b) Foreign currency notes acquired by the AMCs from AD Category-I banks.

   (c) No idle balance shall be maintained in the said account

All AMCs are required to submit their annual audited balance sheet to the respective Regional office of the Reserve Bank for the purpose of verification of their Net Owned Funds along-with a certificate from the statutory auditors regarding the NOF as on the date of the balance sheet. As AMCs are expected to maintain the minimum NOF on an ongoing basis, if there is any erosion in their NOF below the minimum level, they are required to bring it to the notice of the Reserve Bank immediately along with a detailed time bound plan for restoring the Net Owned Funds to the minimum required level.

FFMCs, which are not Regional Rural Banks (RRBs), Local Area Banks (LABs), Urban Co-operative Banks (UCBs) and Non-Banking Financial Companies (NBFCs) having a minimum net worth of ₹ 500 lakhs, may participate in the designated currency futures and currency options on exchanges recognised by the Securities and Exchange Board of India (SEBI) as clients only for the purpose of hedging their underlying foreign exchange exposures. FFMCs and ADs Category–II which are RRBs, LABs, UCBs and NBFCs, may be guided by the instructions issued by the respective regulatory Departments of the Reserve Bank in this regard.

Shops and Establishments legislations in various states

The provisions of various Shops and Establishments legislations, as applicable, regulate the conditions of work and employment in shops and commercial establishments and generally prescribe obligations in respect of inter- alia registration, opening and closing hours, daily and weekly working hours, holidays, leave, health, termination of services and safety measures and wages for overtime work.

Labour Laws

India has stringent labour related legislations. We are required to comply with certain labour laws, which include the Employees' Provident Funds and Miscellaneous Provisions Act 1952, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965, Employees' Compensation Act, 1923, the Payment of Gratuity Act, 1972 and the Payment of Wages Act, 1936, amongst others.

Intellectual Property

Intellectual Property in India enjoys protection under both common law and statute. Under statute, India provides for patent protection under the Patents Act, 1970, copyright protection under the Copyright Act, 1957 and trademark protection under the Trade Marks Act, 1999. The above enactments provide for protection of intellectual property by imposing civil and criminal liability for infringement.

Independent Auditor's Review Report on unaudited standalone financial results of Capri Global Capital Limited for the quarter June 30, 2025 pursuant to the Regulation 33 and Regulation 52 read with Regulation 63(2) of the Security and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.

To The Board of Directors
Capri Global Capital Limited

1. We have reviewed the accompanying Statement of unaudited standalone financial results of Capri Global Capital Limited (hereinafter referred to as 'the Company') for the quarter ended June 30, 2025 ('the Statement') attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 and Regulation 52 read with Regulation 63(2) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended ('the Regulations').

2. This Statement, which is the responsibility of Company's Management and has been approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 'Interim Financial Reporting', prescribed under Section 133 of the Companies Act, 2013 ('the Act'), read with relevant rules issued thereunder ('Ind AS 34'), the circulars, guidelines and directions issued by the Reserve Bank of India (the 'RBI') from time to time (the 'RBI Guidelines') and other recognised accounting principles generally accepted in India, and is in compliance with the Regulations and the RBI Guidelines. Our responsibility is to express a conclusion on the Statement based on our review.

3. We conducted our review of the Statement in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement are free from material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143(10) of the Act and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

4. Based on our review conducted as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement prepared in accordance with the recognition and measurement principles laid down in Ind AS 34, the RBI Guidelines and other recognised accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Regulations including the manner in which it is to be disclosed, or that it contains any material misstatement or that it has not been prepared in accordance with the relevant prudential norms issued by the Reserve Bank of India in respect of income recognition, asset classification, provisioning and other related matters.

5. The standalone financial results of the Company for the quarter ended June 30, 2024 was reviewed by another auditor whose report dated August 03, 2024 expressed an unmodified conclusion on those standalone financial results.

   Our conclusion is not modified in respect of the above matter.

Independent Auditor's Review Report on unaudited consolidated financial results of Capri Global Capital Limited for the quarter ended June 30, 2025 pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.

To The Board of Directors
Capri Global Capital Limited

1. We have reviewed the accompanying Statement of unaudited consolidated financial results of Capri Global Capital Limited (hereinafter referred to as the 'Holding Company'), its subsidiaries, (the Holding Company and its subsidiaries together referred to as the 'Group') for the quarter ended June 30, 2025 (the 'Statement'), attached herewith, being submitted by the Holding Company pursuant to the requirements of Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ('the Regulations').

2. This Statement, which is the responsibility of the Holding Company's Management and has been approved by the Holding Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 'Interim Financial Reporting', prescribed under Section 133 of the Companies Act, 2013 ('the Act'), read with relevant rules issued thereunder ('Ind AS 34'), the circulars, guidelines and directions issued by the Reserve Bank of India (the 'RBI') from time to time (the 'RBI Guidelines') and other recognised accounting principles generally accepted in India and is in compliance with the Regulations and the RBI Guidelines. Our responsibility is to express a conclusion on the Statement based on our review.

3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement are free from material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143(10) of the Act and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
   We also performed procedures in accordance with the circular issued by the Securities and Exchange Board of India under Regulation 33 (8) of the Regulations, to the extent applicable.

4. This Statement includes the results of the Holding Company and the following entities:

Sr. No	Name of the Entity	Relationship with the Holding Company
1	Capri Global Housing Finance Limited	Subsidiary
2	Capri Loans Car Platform Private Limited	Subsidiary

5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of the other auditors referred to in paragraph 6 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in Ind AS 34, the RBI Guidelines and other recognised accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement or that it has not been prepared in accordance with the relevant prudential norms issued by the Reserve Bank of India in respect of income recognition, asset classification, provisioning and other related matters.

6. We did not review the interim financial results of the two subsidiaries included in the Statement, whose interim financial results reflects total revenues of Rs. 2,379.06 millions, total net profit after tax of Rs. 255.12 millions, and total comprehensive income of Rs. 233.76 millions, for the quarter ended June 30, 2025, as considered in the Statement. These interim financial results have been reviewed by other auditors whose reports have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries is based solely on the report of the other auditors and the procedures performed by us as stated in paragraph 3 above.

   Our conclusion is not modified in respect of the above matter with respect to our reliance on the work done by and report of the other auditors.

7. The consolidated financial results of the Group for the quarter ended June 30, 2024, was reviewed by another auditor whose report dated August 03, 2024 expressed an unmodified conclusion on those consolidated financial results.

   Our conclusion is not modified in respect of the above matter.

INDEPENDENT AUDITOR'S REPORT

To the Members of **Capri Global Capital Limited**

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Capri Global Capital Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flow for the year then ended, and notes to the standalone financial statements, including material accounting policy information and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS"), the RBI Guidelines and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and profit (including other comprehensive income), changes in equity and its cash flow for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (the "ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the year ended March 31, 2025. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No	Key Audit Matters	How the Key Audit Matters was addressed in our audit
1	**Impairment of loans including Expected Credit Losses ("ECL"):** Total Loans as at March 31, 2025: Rs. 1,37,895.09 millions (net of ECL) Impairment Provision as at March 31, 2025: Rs. 2,101.28 millions (Refer Note 7 of the Standalone Financial Statements) As per Ind AS 109 - Financial Instruments ("Ind AS 109") requires the Company to provide for impairment of its financial assets using ECL approach involving an estimation of probability of loss on such financial assets, considering reasonable and supportable information about past events, current	The audit procedures performed by us to assess appropriateness of the impairment allowance based on ECL on loans included the following: • Understood and evaluated the design and tested the operating effectiveness of the key controls put in place by the management over: i. the assumptions used in the calculation of ECL and its various aspects such as determination of Probability of Default, Loss Given Default, Exposure at Default, Staging of Loans, etc; ii. the completeness and accuracy of source data used by the Management in the ECL computation; and

	conditions and forecasts of future economic conditions which could impact the credit quality of the Company's financial assets The estimation of impairment loss allowance on loan assets involves significant judgement and estimates, which are subject to uncertainty, and involves applying appropriate measurement principles in case of loss events ECL is calculated using the percentage of probability of default ("PD"), loss given default ("LGD") and exposure at default ("EAD") for each of the stages of loan portfolio. Significant management judgment and assumptions involved in measuring ECL is required with respect to: • Segmentation of loan book in buckets based on common risk characteristics; • Staging of loans and in particular determining the criteria, which includes qualitative factors for identifying a significant increase in credit risk (i.e. Stage 2) and credit-impaired (i.e. Stage 3); • factoring in future macro-economic and industry specific estimates and forecasts; • past experience and forecast data on customer behaviour on repayments and; • varied statistical modelling techniques to determine probability of default, loss given default and exposure at default basis, the default history of loans, subsequent recoveries made and other relevant factors using probability weighted scenarios Considering the significance of the above matter to the Standalone Financial Statements and since the matter required significant attention to test the calculation of ECL, we identified this as a key audit matters for current year audit	iii. ECL computations for their reasonableness • Along with the assistance of the auditor's expert, verified the appropriateness of methodology and models used by the Company and reasonableness of the assumptions used within the computation process to estimate the impairment provision. • Test-checked the completeness and accuracy of source data used. • Recomputed the impairment provision for a sample of loans across the loan portfolio to verify the arithmetical accuracy and compliance with the requirements of Ind AS 109. • Evaluated the reasonableness of the judgement involved in management overlays that form part of the impairment provision, and the related approvals. • Evaluated the adequacy of presentation and disclosures in relation to impairment loss allowance in the standalone financial statements
2	**Information Technology ("IT") systems and controls impacting financial controls** The Company key financial accounting and reporting processes are highly dependent on information systems including automated controls in systems, such that there exists a risk that gaps in the IT control environment could result in the financial accounting and reporting records being misstated.	Key IT audit procedures performed included the following, but not limited to: Key IT audit procedures performed included the following, but not limited to: • For testing the IT general controls, application controls and IT dependent manual controls, we involved IT specialists as part of the audit. The team also assisted in testing the accuracy of the

	Amongst its multiple IT systems, we scoped in systems that are key for overall financial reporting. Appropriate IT general controls and application controls are required to ensure that such IT systems are able to process the data, as required, completely, accurately and consistently for reliable financial reporting. We have identified 'IT systems and controls' as a key audit matter considering the high level of automation, significant number of systems being used by Management and the complexity of the IT architecture and its impact on overall financial reporting process and regulatory expectation on automation	information produced by the Company IT systems. • Obtained a comprehensive understanding of IT applications landscape implemented at the Company. It was followed by process understanding, mapping of applications to the same and understanding financial risks posed by people-process and technology. • Key IT audit procedures includes testing design and operating effectiveness of key controls operating over user access management (which includes user access provisioning, de-provisioning, access review, password configuration review, segregation of duties and privilege access), change management (which include change release in production environment are compliant to the defined procedures and segregation of environment is ensured), program development (which include review of data migration activity), computer operations (which includes testing of key controls pertaining to, backup, Batch processing (including interface testing), incident management and data centre security), System interface controls. This included testing that requests for access to systems were appropriately logged, reviewed, and authorized. • In addition to the above, the design and operating effectiveness of certain automated controls, that were considered as key internal system controls over financial reporting were tested. Using various techniques such as inquiry, review of documentation / record / reports, observation, and re-performance. We also tested few controls using negative testing technique. • Tested compensating controls and performed alternate procedures, where necessary. In addition, understood where relevant changes made to the IT landscape during the audit period

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Director's Report but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Director's Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Board of Directors for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flow of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act and the RBI Guidelines. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.

- Conclude on the appropriateness of management and Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures

are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the year ended March 31, 2025 (current year) and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The standalone financial statements of the Company for the year ended March 31, 2024, were audited by another auditor whose report dated May 08, 2024 expressed an unmodified opinion on those statements.

Our opinion is not modified in respect of the above matter

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for the matters stated in the paragraph 2(h)(vi) below on reporting under Rule 11(g).

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.

   (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.

   (f) The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 2(b) above on reporting under Section 143(3)(b) and paragraph 2(h)(vi) below on reporting under Rule 11(g).

   (g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 38 to the standalone financial statements;

ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts - Refer Note 7 and 17 to the standalone financial statements;

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

iv.

a. The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Refer Note 62.6 to the standalone financial statements

b. The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Refer Note 62.7 to the standalone financial statements

c. Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (i) and (ii) above, contain any material mis-statement.

v. The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Companies Act 2013 to the extent it applies to payment of dividend.

The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend. Refer Note 26 to the Standalone financial statements

vi. Based on our examination which included test checks, the Company has used certain accounting softwares (including new ERP implemented w.e.f. December 1, 2024) for maintaining its books of account which has a feature of recording audit trail (edit log) facility except that no audit trail feature was enabled at database level in respect of one accounting software (the old ERP discontinued on November 30, 2024) and was not enabled at the database level from April 1, 2024 to July 07, 2024 in respect of another accounting software. Further the audit trail feature was not enabled at the application level in respect of one accounting software to log any direct data changes as explained in Note 63 to the financial statements.

Further, where enabled, audit trail feature has been operated throughout the year/period for all relevant transactions recorded in the accounting softwares. Also, during the course of our audit, we did not come across any instance of audit trail feature being tampered with in respect of such accounting softwares. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded except for one application the audit trail is not preserved where audit trail feature was enabled on July 08, 2024 at database level.

3. In our opinion, according to information, explanations given to us, the remuneration paid by the Company to its directors is within the limits laid prescribed under Section 197 read with Schedule V of the Act and the rules thereunder.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF CAPRI GLOBAL CAPITAL LIMITED FOR THE YEAR ENDED MARCH 31, 2025

Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report

i. (a) A The Company has maintained proper records showing full particulars including quantitative details and situation of property, plant and equipment and relevant details of right-of-use assets.

B The Company has maintained proper records showing full particulars of intangible assets.

(b) Property, Plant and Equipment have been physically verified by the management during the year and no material discrepancies were identified on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) as disclosed in the standalone financial statements, are held in the name of the Company. Further, the Company has repossessed properties under The Securitisation And Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 from the borrowers who have defaulted their loan repayments. Such properties are acquired to recover the loans from the borrower and accordingly disclosed as Assets held for sale. (Refer Note 16 to the standalone financial statements).

(d) According to the information and explanations given to us, the Company has not revalued its property, plant and Equipment (including Right of Use assets) and intangible assets during the year. Accordingly, the provisions stated under clause 3(i)(d) of the Order are not applicable to the Company.

(e) According to the information and explanations given to us, no proceeding has been initiated or pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988, as amended and rules made thereunder. Accordingly, the provisions stated under clause 3(i)(e) of the Order are not applicable to the Company.

ii. (a) The Company is involved in the business of rendering services and does not hold any inventory. Accordingly, the provisions stated under clause 3(ii)(a) of the Order are not applicable to the Company.

(b) During the year the Company has been sanctioned working capital limits in excess of Rs. 5 crores in aggregate from Banks and financial institutions on the basis of security of loans and other assets. Based on the records examined by us in the normal course of audit of the standalone financial statements, quarterly returns / statements filed with such Banks/ financial institutions are in agreement with the books of accounts of the Company.

iii. (a) The Company's principal business is to give loans and is a registered NBFC. Accordingly, provisions stated under clause 3(iii)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the investments made, securities given and terms and conditions in relation to grant of all loans and advances in the nature of loans, investments made and securities given are not prejudicial to the interest of the Company.

(c) In respect of the aforesaid loans and advances in nature of loans, the schedule of repayment of principal and payment of interest have been stipulated by the Company. Considering that the Company is a Non-Banking Financial Company engaged in the business of granting loans, the entity-wise details of the amount, due date for payment and extent of delay (that has been suggested in the Guidance Note on CARO 2020 issued by the Institute of Chartered Accountants of India for reporting under this clause) have not been detailed hereunder because it is not practicable to furnish such details owing to the voluminous nature of data.

Further, except for the instances where there are delays or defaults in repayment of principal and/or interest and in respect of which the Company has recognized necessary provisions in accordance with the principles of Indian Accounting Standards (Ind AS) and the guidelines issued by the Reserve Bank of India ("RBI") for Income Recognition and Asset Classification (which has been disclosed by

the Company in Note 34 to the standalone financial statements), the parties are repaying the principal amounts, as stipulated, and are also regular in payment of interest, as applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the details of amount overdue for more than ninety days, on the loans and advances in the nature of loans, are as follows:

No. of Cases	Total outstanding of overdue loans	Remarks (if any) (Also, specify whether reasonable steps have been taken/ not been taken by the Company for recovery of principal amount and interest)
9,265	Rs. 2,216.60 million	Yes*

*Total amount outstanding for overdue classified under Stage 3 - Refer Note 48 to the financial statements.
The Company has taken all the reasonable steps including legal actions to ensure recovery of interest and principal.

(e) The Company's principal business is to give loans and is a registered NBFC, accordingly, provisions stated under clause 3(iii)(e) of the Order is not applicable.

(f) According to the information and explanations provided to us, there are no loans and / or advances in the nature of loans, including to promoters or related parties as defined in clause (76) of section 2 of the Companies Act, 2013 either repayable on demand or without specifying any terms or period of repayment during the year. Accordingly, the requirement to report under clause 3(iii)(f) of the Order is not applicable to the Company.

iv. According to the information and explanations given to us, there are no loans, guarantees, and security in respect of which provisions of sections 185 of the Companies Act, 2013, are applicable to the Company. The Company has also not made investments through more than two layer of investment companies in accordance with the provisions of section 186 of the Companies Act, 2013. Hence, the requirement to report under clause 3(iv) of the Order is not applicable to the Company.

v. According to the information and explanations given to us, the Company has neither accepted any deposits from the public nor any amounts which are deemed to be deposits, within the meaning of the provisions of Sections 73 to 76 of the Companies Act, 2013 and the rules framed there under. Accordingly, the requirement to report under clause 3(v) of the Order is not applicable to the Company.

vi. The provisions of sub-Section (1) of Section 148 of the Companies Act, 2013 are not applicable to the Company as the Central Government of India has not specified the maintenance of cost records for any of the products/ services of the Company. Accordingly, the requirement to report on clause 3(vi) of the Order is not applicable to the Company.

vii. (a) According to the information and explanations given to us and the records examined by us, in our opinion, undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax and cess and other statutory dues have been regularly deposited by the Company with appropriate authorities in all cases during the year. No undisputed amounts payable in respect of these statutory dues were outstanding as at March 31, 2025, for a period of more than six months from the date they became payable.

vii. (b) According to the information and explanations given to us and the records examined by us, dues relating to sub clause (a) which have not been deposited as on March 31, 2025, on account of any dispute, are as follows:

Name of the statute	Nature of dues	Gross Amount (in million)	Forum where dispute is pending	Remarks, if any
Income Tax Act, 1961	Assessment u/s 143(3)	0.58	Assessment Year 2016-17	CIT(Appeals)
Income Tax Act, 1961	Assessment u/s 143(3)	0.33	Assessment Year 2017-18	CIT(Appeals)
Income Tax Act, 1961	Assessment u/s 147	0.30	Assessment Year 2017-18	CIT(Appeals)

Income Tax Act, 1961	Assessment u/s 143(3)	0.45	Assessment Year 2018-19	CIT(Appeals)
Income Tax Act, 1961	Assessment u/s 143(3)	0.61	Assessment Year 2020-21	CIT(Appeals)
Income Tax Act, 1961	Assessment u/s 143(3)	1.33	Assessment Year 2021-22	CIT(Appeals)
Income Tax Act, 1961	Assessment u/s 143(3)	1.48	Assessment Year 2022-23	CIT(Appeals)
GST	Order u/s 73	1.24	Financial Year 2017-18	Appellate Authority
GST	Order u/s 73	0.05	Financial Year 2018-19	Appellate Authority
GST	Order u/s 73	0.02	Financial Year 2019-20	Appellate Authority
GST	Order u/s 73	21.55	Financial Year 2021-22 & 2022-23	Appellate Authority

There are no dues relating to employees' state insurance, cess and other statutory dues which have not been deposited on account of any dispute.

viii. According to the information and explanations given to us, there are no transaction which are not recorded in the books of account which have been surrendered or disclosed as income during the year in Income-tax Assessment under the Income Tax Act, 1961. Accordingly, the requirement to report as stated under clause 3(viii) of the Order is not applicable to the Company.

ix. (a) In our opinion and according to the information and explanations given to us and the records of the Company examined by us, the Company has not defaulted in repayment of loans or borrowings or in payment of interest thereon to any lender.

(b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) In our opinion and according to the information and explanations provided to us, money raised by way of term loans during the year have been applied for the purpose for which they were raised.

(d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the standalone financial statements of the Company, we report that no funds raised on short-term basis have been utilised for long-term purposes by the Company.

(e) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries companies. Accordingly, the requirement to report under Clause 3(ix)(f) of the order is not applicable to the Company.

x. (a) In our opinion and according to the information and explanations given to us, the Company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting requirement under clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partly, or optionally convertible) during the year. Accordingly, the requirements to report under clause 3(x)(b) of the Order is not applicable to the Company.

xi. (a) Based on our examination of the books and records of the Company and according to the information and explanations given to us, we report that no fraud by the Company or no material

fraud on the Company has been noticed or reported during the year in the course of our audit except as mentioned in Note 55 to the accompanying standalone financial statements. The Company has initiated necessary action against such instances.

(b) During the year reports under Section 143(12) of the Act, has been filed by by us in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing, and extent of audit procedures.

xii. The Company is not a Nidhi Company. Accordingly, the provisions stated under clause 3(xii)(a) to (c) of the Order are not applicable to the Company.

xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Companies Act, 2013, where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

xiv. (a) In our opinion and based on our examination, the Company has an internal audit system comprising internal audit department commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till the date of our audit report, for the period under audit.

xv. According to the information and explanations given to us, and based on our examination of the records of the Company, in our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and accordingly, the requirement to report on on clause 3(xv) of the Order is not applicable to the Company.

xvi. (a) The Company is required to and has been registered under Section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) as Non-Banking Financial Company.

(b) The Company has conducted non-banking financial activities during the year and the Company holds a valid Certificate of Registration from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.

(c) The Company is not a Core investment Company (CIC) as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report under clause 3 (xvi)(c) of the Order is not applicable to the Company.

(d) The Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) does not have any Core Investment Company (as part of its group. Accordingly, the requirement to report under clause 3(xvi)(d) of the Order is not applicable to the Company.

xvii. Based on the overall review of standalone financial statements, the Company has not incurred cash losses in the current financial year and in the immediately preceding financial year. Accordingly, the requirement to report under clause 3(xvii) of the Order is not applicable to the Company.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, reporting under clause 3(xviii) of the Order is not applicable to the Company.

xix. According to the information and explanations given to us and on the basis of the financial ratios (as disclosed in note 58 to the standalone financial statements), ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx. (a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a Fund as specified in Schedule VII of the Companies Act, 2013 as disclosed in Note 36B to the standalone financial statements.

(b) In respect of ongoing projects, there are no unspent amounts that are required to be transferred to a special account as specified in Schedule VII of the Companies Act, 2013 as disclosed in Note 36B to the standalone financial statements.

xxi. There are no qualifications or adverse remarks by the respective auditors in the Companies (Auditors Report) Order, 2020 reports of the companies included in the consolidated financial statements. Accordingly, the requirement to report on clause 3(xxi) of the Order is not applicable to the Holding Company.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF CAPRI GLOBAL CAPITAL LIMITED

Referred to in paragraph 2(g) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Capri Global Capital Limited on the Financial Statements for the year ended March 31, 2025

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Capri Global Capital Limited (the "Company") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Opinion

In our opinion, the Company has in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2025, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI").

Management's and Board of Director's Responsibility for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

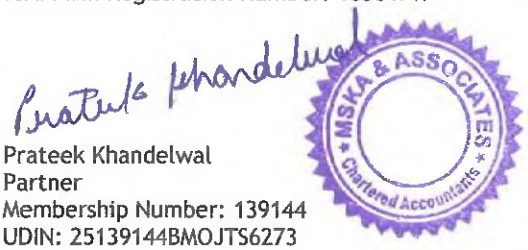

Meaning of Internal Financial Controls With reference to Standalone Financial Statements

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls With reference to Standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1 Corporate Information

Capri Global Capital Limited ("the Company") having principal place of business at Registered office, 502, Tower A, Peninsula Business Park, Senapati Bapat Marg, Lower Parel, Mumbai - 400013 is engaged in the business of providing loans to Micro, Small and Medium Enterprises (MSMEs), Micro Lap, Gold Loans, Construction Finance. The Company is NBFC – Investment and Credit Company (NBFC-ICC), holding a Certificate of Registration No. B-13.01882 from the Reserve Bank of India ("RBI") dated November 05, 2007, having CIN: L65921MH1994PLC173469.

The standalone financial statements as at and for the year ended March 31, 2025 were authorised for issue in accordance with a resolution of the Board of Directors on May 05, 2025.

2 Material accounting policies

2.01 Statement of compliance and basis of preparation and presentation

The Standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act, Master Direction – Reserve Bank of India (Non-Banking Financial Company Scale Based Regulation) Directions, 2023 with the circular No. RBI/DoR/2023-24/105 DoR.FIN.REC.No.45/03.10.119/2023-24 Dated October 19, 2023 and notification for Implementation of Indian Accounting Standard vide circular RBI/2019-20/170 DOR (NBFC).CC.PD. No.109/22.10.106/2019-20 dated 13 March 2020 ('RBI Notification for Implementation of Ind AS') issued by RBI. (*Previously Master Direction - Non-Banking Financial Company – Non-Systemically Important Non-Deposit taking Company (Reserve Bank) Directions, 2016 as amended ('the RBI Master Directions') and notification for Implementation of Indian Accounting Standard vide circular RBI/2019-20/170 DOR (NBFC).CC.PD. No.109/22.10.106/2019-20 dated 13 March 2020 ('RBI Notification for Implementation of Ind AS') issued by RBI.*) The Company uses accrual basis of accounting except in case of significant uncertainties [Refer note 2.03 (A),(C),(D),(E)]. Accounting policies have been consistently applied to all periods presented unless otherwise stated.

The standalone financial statement has been prepared in accordance with and comply in all material aspects with Indian Accounting Standards ('Ind AS') notified under section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other accounting principles generally accepted in India on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period as explained in the accounting policies below and the relevant provisions of the Act.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The preparation of standalone financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to the Company are discussed in Note 2.12 Significant accounting judgements, estimates and assumptions.

2.02 Presentation of financial statement

The Company presents its balance sheet in the order of liquidity.

The Balance Sheet, Statement of Profit and Loss and Statement of Changes in Equity are prepared and presented in the format prescribed in the Division III of Schedule III of the Companies Act, 2013 (the 'Act'). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7.

Financial assets and financial liabilities are generally reported on a gross basis except when there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:

i. The normal course of business
ii. The event of default
iii. The event of insolvency or bankruptcy of the Company and/or its counterparties

2.03 Revenue from operations

2.03.A Interest Income

Interest income is recognised by applying Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at Fair value through Profit and loss (FVTPL) taking into account the amount outstanding and the applicable interest rate. In case of credit-impaired financial assets (as set out in note no. 2.05 (G) regarded as 'Stage 3'), the Company recognises interest income on the amortised cost net of impairment loss of the financial asset. If the financial asset is no longer credit impaired, the Group reverts to calculating interest income on a gross basis.

The EIR is computed:
a. As the rate that exactly discounts estimated future cash payments or receipts through the weighted average behaviorial life of the financial asset to the gross carrying amount of a financial asset.
b. By considering all the contractual terms of the financial instrument (for example prepayment, extension, call and similar options) in estimating the cash flows.
c. Including all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction cost, and all other premiums or discounts.

Loan processing fees on loans are collected towards processing of loan. These are amortised on EIR basis over the weighted average behaviorial life of the loan for MSME, Gold loan and Unsecured business loan and over the contractual tenure for Construction Finanace and Indirect Lending.

2.03.B Dividend Income

Dividend income is recognised when the right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably.

2.03.C Fees & Commission Income

The Company recognises the fee and commission income not integral to EIR under Ind AS 109 in accordance with the terms of the relevant customer contracts / agreement and when it is probable that the Company will collect the consideration for items.
Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

The Company recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.
Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.
Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.
Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation. Fees for sale of services are accounted as and when the service is rendered provided there is reasonable certainty of its ultimate realisation.

Bounce/ penal charges levied on customers for non-payment/delayed in payment of instalment on the contractual date & Foreclosure charges collected from loan customers for early payment / closure of loan are recognised on a point in time basis and are recorded when realised.
Distribution income is earned by selling of services and products of other entities under distribution arrangements. The income so earned is recognised on successful distribution on behalf of other entities subject to there being no significant uncertainty of its recovery.

Commission on Insurance Policies sold is recognised on accrual basis when the Company under its agency code sells the insurance policies.

2.03.D Sale of service

Sale of services includes advertising income, representing income earned from the activities incidental to the business and is recognised when the service is performed. Revenue is net of applicable indirect taxes as per the terms of the contract.

2.03.E Net gain on Fair value changes

Any differences between the fair values of financial assets classified as FVTPL held by the Company on the Balance Sheet date is recognised as an unrealised gain / loss. In case there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss the same is disclosed as "Net loss on fair value changes" under Expenses in the Statement of Profit and Loss.

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at FVOCI is recognised in net gain / loss on fair value changes.

However, Net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

2.03.F Assignment transactions

In accordance with Ind AS 109, in case of assignment transactions with significant transfer of risks and rewards without any retention of residual interest, gain arising on such assignment transactions is recorded upfront in the Statement of Profit and Loss and the corresponding asset is derecognized from the Balance Sheet immediately upon execution of such transaction. Further, the transfer of financial assets qualifies for derecognition to the extent of portion transferred. The whole of the interest spread is at its present value (discounted over the life of the asset) is recognized on the date of derecognition itself as interest only strip receivable (interest strip on assignment) and correspondingly recognized as profit on derecognition of financial asset.

2.04 Expenses

2.04.A Finance costs

Finance costs on borrowings paid towards availing of loan is amortised on EIR basis over the contractual life of loan.

The EIR in case of a financial liability is computed

a. As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.

b. By considering all the contractual terms of the financial instrument in estimating the cash flows.

c. Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction cost, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest expense with the corresponding adjustment to the carrying amount of the liability.

Interest expense includes issue costs that are initially recognized as part of the carrying value of the financial liability and amortized over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses such as external legal costs, rating fee, etc, provided these are incremental costs that are directly related to the issue of a financial liability.

2.04.B Retirement and other employee benefits

Short term employee benefit

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service.

Post-employment employee benefits

a) Defined contribution schemes

The Company provides a defined contribution plan for all the eligible employees of the Company who have opted to receive benefits under the Provident Fund and Employees State Insurance Scheme, defined contribution plans in which both the employee and the Company contribute monthly at a stipulated rate. The Company has no liability for future benefits other than its annual contribution and recognises such contributions as an expense in the period in which employee renders the related service. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the Balance Sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

b) Defined Benefit schemes

The Company provides a defined benefit retirement plan for gratuity covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation carried out by an independent actuary at each Balance Sheet date using the Projected Unit Credit Method which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

Net interest recognized in the Statement of Profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the planed assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at half yearly intervals.

The Company fully contributes all ascertained liabilities to The Trustees – CGCL Employees Group Gratuity Assurance Scheme (Formerly known as "Money Matters Financial Services Limited Employee Group Gratuity Assurance Scheme"). Trustees administer contributions made to the trust and contributions are invested in a scheme of insurance with the Insurance Regulatory and Development Authority (IRDA) approved Insurance Companies.

Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are recognized immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income (OCI) in the period in which they occur. Re-measurements are not reclassified to the Statement of Profit and loss in subsequent periods.

2.04.C Leases Rent

The Company obtain on leases most of its office facilities under operating lease agreements that are renewable on a periodic basis at the option of the lessor and the lessee. The lease agreements contain rent free periods and rent escalation clauses.

The Company assesses whether a contract contains a lease at the inception of the contract. A contract is or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether (i) the contract involves the use of an identified asset, (ii) the Company has substantially all of the economic benefits from the use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a Right-of-use assets (ROU) asset and a corresponding lease liability for all lease arrangements under which it is a lessee, except for short-term leases and low value leases. ROU assets represent the Company's right to use an underlying asset for the lease term and lease liabilities represent the Company's obligation to make lease payments arising from the lease. For short-term leases and low value leases, the Company recognizes the lease payments as an expense on a straight-line basis over the term of the lease.

The lease arrangements include options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the date of commencement of the lease on a straight-line basis over the lease term.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. For leases under which the rate implicit in the lease is not readily determinable, the Company uses its incremental borrowing rate based on the information available at the date of commencement of the lease in determining the present value of lease payments. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset, if the Company changes its assessment as to whether it will exercise an extension or a termination option.

The lease liability is subsequently increased by the interest cost on the lease liability and decreased by lease payment made. The carrying amount of lease liability is remeasured to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. A change in the estimate of the amount expected to be payable under a residual value guarantee, or as appropriate, changes in the assessment of whether a purchase or extension option is reasonably certain to be exercised or a termination option is reasonably certain not be exercised.

At initial recognition the carrying value of the refundable deposits is taken at present value of all expected future principal repayments discounted using market rates prevailing at the time of inception. For Interest expenses, the difference between present market value and deposit made is recognised as prepayment and amortised in the Statement of Profit and Loss over the benefit period on systematic basis. Interest income is recognised at the prevailing market rates.

Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be of low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

2.04.D Impairment of non-financial assets

The carrying amount of assets is reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

2.04.E Taxes

Income Tax

Income tax expense comprises current tax and deferred tax. Income tax expense is recognized in the Statement of Profit and Loss, other comprehensive income or directly in equity when they relate to items that are recognized in the respective line items.

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable profit or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty if any related to income taxes. It is measured using tax rates (and tax law) enacted or substantively enacted by the reporting date.

Deferred tax

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity.

Indirect tax

Goods and Services Tax /Service Tax/Value Added Taxes paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the goods and services tax/service tax/value added taxes paid, except:

i. When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

ii. When receivables and payables are stated with the amount of tax included.

The net amount of tax recoverable from or payable to the taxation authority is included as part of receivables or payables in the balance sheet.

2.05 Financial instruments

Financial assets and financial liabilities are recognised in the Company's Balance Sheet on trade date, i.e. when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs and revenues that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs and revenues of financial assets or financial liabilities carried at fair value through the profit or loss account are recognised immediately in the Statement of Profit or Loss. Trade Receivables are measured at transaction price.

2.05.A (i) Classification of financial instruments

The Company classifies its financial assets into the following measurement categories:

1. Financial assets to be measured at amortised cost.
2. Financial assets to be measured at fair value through profit or loss.
2. Financial assets to be measured at fair value through other comprehensive income

The classification depends on the contractual terms of the financial assets, cash flows and the Company's business model for managing financial assets which are explained below:

Business model assessment

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

►How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel.

►The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed.

► How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).

► The expected frequency, value and timing of sales are also important aspects of the Company's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The Solely Payments of Principal and Interest (SPPI) test

As a second step of its classification process, the Company assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Company classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

2.05.B Financial assets measured at amortised cost

These financial assets comprises of bank balances, receivables, investments and other financial assets.

Financial assets

Financial assets are measured at amortised cost where they have:

a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding; and

b) are held within a business model whose objective is achieved by holding to collect contractual cash flows.

These Financial assets are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at amortised cost.

2.05.C Items at Fair Value Through Profit or Loss (FVTPL)

Items at fair value through profit or loss comprise:

- Investments (including equity shares) held for trading;
- debt instruments with contractual terms that do not represent solely payments of principal and interest.

Financial instruments held at FVTPL are initially recognised at fair value with transaction costs recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the Statement of Profit and loss as they arise.

Financial instruments designated as measured at FVTPL

Upon initial recognition, financial instruments may be designated FVTPL. A financial asset may only be designated at FVTPL if doing so eliminates or significantly reduces measurement or recognition inconsistencies (i.e. eliminates an accounting mismatch) that would otherwise arise from measuring financial assets or liabilities on a different basis.

A financial liability may be designated at FVTPL if it eliminates or significantly reduces an accounting mismatch or:

- if a host contract contains one or more embedded derivatives; or
- if financial assets and liabilities are both managed, and their performance evaluated on a fair value basis in accordance with a documented risk management or investment strategy.

Where a financial liability is designated at FVTPL, the movement in fair value attributable to changes in the Company's own credit quality is calculated by determining the changes in credit spreads above observable market interest rates and is presented separately in other comprehensive income. As at the reporting date, the Company has not designated any financial instruments as measured at fair value through profit or loss.

2.05.D Debt securities and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds and costs that are an integral part of the Effective Interest Rate (EIR).

2.05.E Reclassification

If the business model under which the Company holds financial assets undergoes changes, the financial assets affected are reclassified. The classification and measurement requirements related to the new category apply prospectively from the first day of the first reporting period following the change in business model that result in reclassifying the Company's financial assets. Changes in contractual cash flows are considered under the accounting policy on modification and derecognition of financial assets described in subsequent paragraphs.

2.05.F Recognition and Derecognition of financial assets and liabilities

Recognition:

a) Loans and Advances are initially recognised when the Financial Instruments are transferred to the customers.
b) Investments are initially recognised on the settlement date.
c) Debt securities and borrowings are initially recognised when funds are received by the Company.
d) Other Financial assets and liabilities are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. This includes regular purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Derecognition of financial assets due to substantial modification of terms and conditions:

The Company derecognises a financial asset such as a loan to a customer when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised loans are classified as Stage 1 for ECL measurement purposes unless the new loan is deemed to be Purchased or Originated as Credit Impaired (POCI). In case of an existing exposure to the borrower in the Company, the newly recognised loans are classified as per the staging of the existing exposure.

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Company records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

Derecognition of financial assets and financial liability other than due to substantial modification

a) Financial assets:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Company has transferred the financial asset if the Company has transferred its contractual rights to receive cash flows from the financial asset.

A transfer only qualifies for derecognition, if either:

i. The Company has transferred substantially all the risks and rewards of the asset, or

ii. The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

The Company considers control to be transferred if and only if the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

When the Company has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Company's continuing involvement, in which case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

b) Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of Profit or Loss.

2.05.G Impairment of financial assets

Overview of the ECL principles

The Company records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, referred to in 'financial instruments' section. Equity instruments are not subject to impairment under Ind AS 109.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss) unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both Lifetime ECLs and 12-month ECLs are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments. The Company has grouped its loan portfolio into Micro, Small and Medium Enterprises (MSMEs), Construction Finance, Indirect Lending, Gold Loan and Unsecured business loan

The Company has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Company does the assessment of significant increase in credit risk at a borrower level. If a borrower has various facilities having different past due status, then the highest Days Past Due (DPD) is considered to be applicable for all the facilities of that borrower.

Based on the above, the Company categorises its loans into Stage 1, Stage 2 and Stage 3 as described below:

Stage 1

All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Company classifies all standard advances (past due for 0 to30 days) under this category. Stage 1 loans also include facilities where the credit risk has reduced and the loan has been reclassified from Stage 2 or Stage 3.

Stage 2

All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. Financial assets past due for 31 to 90 days are classified under this stage and lifetime ECL is recognised on such financial assets. Stage 2 loans also include facilities where the credit risk has reduced, and the loan has been reclassified from Stage 3.

Stage 3

All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. More than 90 days Past Due is considered as default for classifying a financial instrument as credit impaired.

Credit-impaired financial assets:

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt financial assets carried at FVTOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

a) Significant financial difficulty of the borrower or issuer;

b) A breach of contract such as a default or past due event;

c) It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or

d) The disappearance of an active market for a security because of financial difficulties.

The mechanics of ECL:

The assessment of credit risk and estimation of ECL are unbiased and probability weighted. It incorporates all information that is relevant including information about past events, current conditions and reasonable forecasts of future events and economic conditions at the reporting date. In addition, the estimation of ECL takes into account the time value of money. Forward looking economic scenarios determined with reference to external forecasts of economic parameters that have demonstrated a linkage to the performance of our portfolios over a period of time have been applied to determine impact of macro economic factors.

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

Probability of Default (PD)
Probability of Default (PD) is defined as the likelihood of default over a particular time horizon. The PD of an obligor is a fundamental risk parameter in credit risk analysis and depends on obligor specific as well as macroeconomic risk factors.

Loss Given Default (LGD)
Loss Given Default (LGD) is defined as the loss rate on the exposure, given the borrower has defaulted. LGD is being calculated for all financial instruments under risk parameter approach by way of evaluation of historical data on defaults, recovery amounts, collateral liquidation, direct expenses, and opportunity cost for each default.

Exposure at Default (EAD)
The Exposure at Default (EAD) is an estimate of the exposure at a future default date including the undrawn commitments. EAD is taken as the gross exposure under a facility upon default of an obligor. The principal outstanding, overdue principal, accrued interest, overdue interest less excess received from the customers is considered as EAD for the purpose of ECL computation.

Forward looking information
While estimating the expected credit losses, the Company reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Company analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD determined by the Company based on its internal data/external data. While the internal estimates of PD rates by the Company may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

Collateral repossessed
In its normal course of business, Company repossess assets under SARFAESI/ Arbitration Act, but do not transfer these assets in its book of accounts. The company continues to show these loans account as Non-Performing Assets (NPA) in the books till the liquidation of the secured assets through public auction and realise actual payment against these loans.

2.05.II Write-offs
The Company reduces the gross carrying amount of a financial asset when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

2.05.I Determination of fair value
On initial recognition, all the financial instruments are measured at fair value. For subsequent measurement, the Company measures certain categories of financial instruments (as explained in note) at fair value on each Balance Sheet date.
Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:
i. In the principal market for the asset or liability, or
ii. In the absence of a principal market, in the most advantageous market for the asset or liability.
The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments - Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments - Those where the inputs that are used for valuation are significant and are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Company will classify the instruments as Level 3.

Level 3 financial instruments - Those that include one or more unobservable input that is significant to the measurement as whole.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Difference between transaction price and fair value at initial recognition
The best evidence of the fair value of a financial instrument at initial recognition is the transaction price (i.e. the fair value of the consideration given or received) unless the fair value of that instrument is evidenced by comparison with other observable current market transactions in the same instrument (i.e. without modification or repackaging) or based on a valuation technique whose variables include only data from observable markets. When such evidence exists, the Company recognises the difference between the transaction price and the fair value in profit or loss on initial recognition (i.e. on day one).
When the transaction price of the instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Company recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is not recognised at the initial recognition stage.

2.05.J Derivative Financial Instruments

The Company holds derivative financial instruments to hedge its foreign currency and interest rate risk exposures. Embedded derivatives are separated from the host contract and accounted for separately if certain criteria are met.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each Balance Sheet date. The resulting gain/loss is recognised in the Statement of Profit and Loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the Statement of Profit and Loss depends on the nature of the hedge relationship.

The Company designates certain derivatives as hedging instruments to hedge the variability in cash flows associated with its floating rate borrowings arising from changes in interest rates and exchange rates at inception of designated hedging relationships.

The Company documents the risk management objective and strategy for undertaking the hedge. The Company also documents the economic relationship between the hedged item and the hedging instrument including whether the changes in cash flows of the hedged item and hedging instrument are expected to offset each other.

Cash flow hedges
When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognised in OCI and accumulated in the other equity under 'effective portion of cash flows hedges'. The effective portion of changes in the fair value of the derivative that is recognised in OCI is limited to the cumulative change in fair value of the hedged item determined on a present value basis from inception of the hedge. Any ineffective portion of changes in fair value of the derivative is recognised immediately in Statement of Profit or Loss.

The Company designates only the change in fair value of the spot element of forward exchange contracts as the hedging instrument in cash flow hedge relationships. Change in fair value of the forward element of the forward exchange contracts ('forward points') is separately accounted for as cost of hedging and recognised separately within equity.

If a hedge no longer meets the criteria for hedge accounting or the hedging instrument is sold, expires, is terminated or is exercised, then hedge accounting is discontinued prospectively. If the hedged future cash flows are no longer expected to occur, then the amounts that have been accumulated in other equity are immediately reclassified to profit or loss.

2.06 Cash and cash equivalents

Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value. They are held for the purposes of meeting short-term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short- term deposits, as defined above.

2.07 Property, Plant and Equipment

Property, Plant and Equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment,if any. The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate and treated as changes in accounting estimates.

PPE is recognised when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress.

Depreciation

Depreciation is calculated using the Written Down Value (WDV) method to write down the cost of property and equipment to their residual values over their estimated useful lives which is in line with the estimated useful life as specified in Schedule II of the Act. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the Statement of Profit and Loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

ROU assets are depreciated from the date of commencement of the lease on a straight-line basis over the shorter of the lease term and the useful life of the underlying asset.

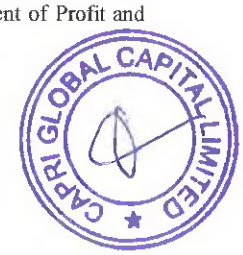

2.08 Intangible assets

An other intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.
Other intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

The useful lives of intangible assets are assessed to be either finite or infinite. other intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year-end.

Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortisation period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortisation expense on other intangible assets with finite lives is presented as a separate line item in the Statement of Profit and Loss. Amortisation on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of Profit and Loss from / upto the date of acquisition/sale.

Amortisation is calculated using the straight–line method to write down the cost of other intangible assets to their residual values over their estimated useful lives. Other intangible assets comprising of software are amortised on a straight-line basis over a period of 3 years unless it has a shorter useful life.

Gains or losses from derecognition of other intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

Intangible assets not ready for the intended use on the date of Balance Sheet are disclosed as "Intangible under development"

Estimated useful life of assets is as below:

(a) Lease hold improvements and Lease Premises- As per lease period
(b) Computer- 3 years
(c) Furniture & fixtures - 10 years
(d) Office Equipment- 5 years
(e) Vechicles- 10 years (Motor cycles, scooters) and 8 years (Motor cars)
(f) Electric installations- 10 years
(g) Computer Software- 3 years
(h) Trademarks- 10 years

2.09 Provisions

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the Statement of Profit and Loss net of any reimbursement.

2.10 Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

2.11 Earnings Per Share

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.
For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

2.12 Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

2.12.A Defined employee benefit assets and liabilities - Refer 2.04.B

2.12.B Impairment of financial assets - Refer 2.05.G

2.12.C Effective Interest Rate (EIR) method - Refer 2.03.A and 2.04.A

Dividend paid	(123.74)	(103.08)
Closing balance	**15,104.08**	**11,985.42**
Total	**38,823.27**	**34,782.02**

f) Dividend Payment
During the current year the Company has paid dividend of ₹ 0.15 per share amounting to ₹ 123.74 millions
During the previous year the Company has paid dividend of ₹ 0.50 per share amounting to ₹ 103.08 millions

Notes:

a) **Statutory Reserve pursuant to Section 45-IC of the RBI Act, 1934**
Every non-banking financial company is required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year as disclosed in the Statement of Profit and Loss before any dividend is declared.

b) **Securities Premium**
Securities premium reserve is used to record the premium on issue of shares and used for allottment of bonus share in accordance with the provisions of the Companies Act, 2013.

c) **General reserve**
Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

d) **Employee stock option outstanding**
This reserve is used to record the employee stock options which are outstanding. The said reserve will be utilised for issuance of share to the eligible employees.

e) **Proposed Dividend**
The Board of Directors have recommended a final dividend of 20% i.e. ₹ 0.20 per equity share on face value of ₹ 1/- each for the year 2024-25 (previous year ₹ 0.15 per equity share) subject to the approval of the members at the ensuing Annual General Meeting. In terms of Ind AS 10 - "Events after the Reporting Period" the Company has not appropriated proposed dividend aggregating to ₹ 165.02 million from the Statement of Profit and Loss Account for the year ended March 31, 2025.

			-	
Total	**564.85**	**142.18**	-	**707.03**

*As per Ind AS 109 'Financial Instruments', on derecognition of loans, the Company recognise difference between the carrying amount (measured at the date of derecognition) and consideration received (including new asset obtained less any new liability assumed) as gain in Statement of Profit and Loss account. Such gain recognised on derecognition of loans is not a real income as per Income tax Act, 1961, hence is offered to tax over the tenure of loans. Accordingly, deferred tax liability has been created on the Spread receivable on assigned portfolio (Co-lending portfolio).

Deferred tax assets created on account of past years tax adjustments has been shown and adjusted against tax expenses provided for earlier years.

B. Movement in deferred tax balances For the year ended March 31, 2024

46. Employee benefits - Disclosure pursuant to Ind AS 19 'Employee Benefits'

46.A Defined contribution plans

The Company's state governed provident fund scheme are defined contribution plan for its employees. The Contribution by the employer and employee together with interest accumulated there on are payable to the employee at the time of separation from Company or retirement whichever is earlier. The benefit vests immediately on rendering of services by the employee.

	For the year ended March 31, 2025	2024
i) Employer's contribution to provident fund	243.02	226.41
ii) Employer's contribution to National Pension Scheme	6.94	5.60

46.B Defined benefit plan

The Company has a defined benefit gratuity plan in India (funded). The Company's defined benefit gratuity plan is a final salary plan for its employees, which requires contributions to be made to a separately administered fund. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at separation/retirement. The fund has the form of a trust and it is governed by the Board of Trustees, which consists of an equal number of employer and employee representatives. The Board of Trustees is responsible for the administration of the plan assets and for the definition of the investment strategy.

a) Principal assumptions used for the actuarial valuations are as follows:

	As at March 31, 2025	2024
Discount Rate	6.59 % p.a.	7.14 % p.a.
Rate of return on plan assets	6.59 % p.a.	7.14 % p.a.
Salary Escalation	9.50 % p.a.	10.20 % p.a.
Attrition Rate		
For service 1 years and below	50.00 % p.a.	29.6% (Attrition rate for all service group)
For service 2 years and below	30.00 % p.a.	
For service 3 years to 4 years	30.00 % p.a.	
For service 5 years and above	20.00 % p.a.	
Mortality Table	Indian Assured Lives Mortality 2012-14 (Urban)	

b) The following table sets out the status of the Defined Benefit Gratuity Plan as per the actuarial valuation by the independent Actuary appointed by the Company:-

Change in present value of defined benefit obligations:	For the year ended March 31, 2025	2024
Defined benefit obligation, beginning of the year	95.95	60.31
Current service cost	39.83	16.21
Past service cost	23.38	-
Interest cost	6.85	4.34
Remeasurements (gains) / losses		
Actuarial (gains) / losses		
arising from changes in demographic assumptions	3.10	8.29
arising from changes in financial assumptions	(0.91)	4.28
arising from changes in experience adjustments	19.05	12.67
Benefits paid from plan assets	(8.99)	(10.15)
Net transfer in / (out) (and effect of any business combinations/ divestures/transfers)	(5.59)	-
Defined benefit obligation, end of the year	**172.67**	**95.95**
Change in plan assets:		
Fair value of plan assets, beginning of the year	53.48	40.28
Interest income	3.82	2.90
Remeasurements gains / (losses)	-	-
Return on plan assets, (excluding amount included in net Interest expense)	1.08	0.41
Employer's contributions	42.49	20.02
Transfer in/(out) of assets	-	-
Net transfer in / (out) (and effect of any business combinations/ divestures/transfers)	-	-
Benefits paid	(9.00)	(10.15)
Fair value of plan assets, end of the year	**91.87**	**53.46**

(Currency : Indian Rupees in millions)

c) Amount recognized in the balance sheet consists of:

	As at March 31, 2025	As at March 31, 2024
Present value of defined benefit obligation	172.67	95.95
Fair value of plan assets	91.87	53.46
Net liability / (assets) recognised in balance sheet	**80.80**	**42.49**

d) The amounts recognised in the Statement of Profit and Loss are as follows:

		For the year ended March 31, 2025	For the year ended March 31, 2024
Service Cost			
Current service cost		39.83	16.21
Past service cost		23.38	-
Total Service cost	(i)	**63.21**	**16.21**
Net interest cost			
Interest expense on DBO		6.85	4.34
Interest (income) on plan assets		(3.82)	(2.90)
Total Interest cost	(ii)	**3.03**	**1.44**
Defined benefit cost included in Statement of Profit and Loss	(iii) = (i+ii)	**66.24**	**17.65**
Remeasurements recognised in other comprehensive income (OCI)			
Actuarial (gains) / losses on defined benefit obligation			
Due to changes in demographic assumptions		3.10	8.29
Due to changes in financial assumptions		(0.91)	4.28
Due to changes in experience adjustments		19.05	12.67
Return on plan assets (excl. interest income)		(1.08)	(0.41)
Total remeasurement in other comprehensive income (OCI)	(iv)	**20.16**	**24.83**
Total Defined benefit cost included in Statement of P&L and OCI	(v) = (iii + iv)	**86.40**	**42.48**

e) The fair value of the plan assets for India are as follows:

	As at March 31, 2025	As at March 31, 2024
a) Insurer managed funds	91.87	53.46

f) Maturity analysis of benefit payments

Projected benefits payable in future years from the date of reporting	As at March 31, 2025	As at March 31, 2024
1st following year	34.95	17.19
2nd following year	21.70	13.30
3rd following year	22.25	12.71
4th following year	22.39	16.10
5th following year	20.34	15.70
Sum of years 6 to 10	63.90	38.53
Sum of years 11 and above	54.17	13.27

The estimates of future salary growth, factored in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market. Such estimates are very long term and are not based on limited past experience / immediate future. Empirical evidence also suggests that in very long term, consistent high salary growth rates are not possible. The said estimates and assumptions have been relied upon by the auditors.

g) Sensitivity analysis

	For the year ended March 31, 2025	For the year ended March 31, 2024	For the year ended March 31, 2025	For the year ended March 31, 2024
Sensitivity level	1% increase	1% increase	1% decrease	1% decrease
Impact on defined benefit obligation				
i) Discount rate	(6.74)	(3.13)	7.41	3.36
ii) Future salary increases	7.11	3.02	(6.65)	(2.90)
iii) Employee turnover	(3.28)	(1.83)	3.47	1.90

Note :

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the Balance Sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

(Currency : Indian Rupees in millions)

47. Leases

A. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

B. Company as a lessee

The Company's lease asset classes primarily consist of leases for premises. The Company assesses whether a contract contains a lease, at inception of a contract. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

C. The details of Right to use Asset of the company are as follows:

Asset Class	Leasehold Property As at March 31,	
	2025	2024
Balance as at beginning of the year (net)	**2,187.94**	**1,716.51**
Add: Additions during the year	312.33	844.78
Less: Deductions during the year on account of modification / termination of leases	(40.13)	(11.33)
Less: Depreciation	(378.03)	(362.02)
Closing Balance as at March 31	**2,082.11**	**2,187.94**

D Following is the movement in lease liabilities for the period

Balance as at beginning of the year	**2,396.28**	**1,770.38**
Add: Additions / modification during the year	287.42	818.47
Less: Deductions / modification during the year	(29.56)	5.42
Add: Interest expense	317.47	322.76
Less: Lease payments	(553.07)	(520.75)
Closing Balance as at March 31	**2,418.54**	**2,396.28**

E. Contractual maturities of lease liabilities on an undiscounted basis

Tenure	2025	2024
Less than 1 year	650.32	519.79
1-3 years	1,038.15	1,075.04
3-5 years	1,019.15	943.97
More than 5 years	765.47	1,224.54
Total	**3,473.09**	**3,763.34**

F. Right-of-use assets and lease liabilities related expenses booked in Statement of Profit and Loss

	For the year ended March 31,	
	2025	2024
a. Depreciation on right-of-use assets	378.03	362.02
b. Interest on lease liabilities	317.47	322.76
Total	**695.50**	**684.78**

G. Short term leases (in Statement of Profit and loss)

	For the year ended March 31,	
	2025	2024
i) Office premises / Branch offices	51.18	18.69
Total	**51.18**	**18.69**

Notes:

The entity has adequate liquidity for payment of lease liabilities. The Company regularly monitor and pays lease rentals on timely manner as per the terms of respective leave and license agreement.

The Company has right to extend lease term as per mutually agreed terms laid down in respective leave and license agreement. The Company takes into account effect of extended lease term while recording the lease assets and lease liabilities accordingly.

49. Maturity analysis of assets and liabilities

The table below shows an analysis of assets and liabilities analysed according to when they are expected to be recovered or settled. They have been classified to mature and/or be repaid within 12 months. With regards to loans and advances to customers, the Company uses the same basis of expected repayment as used for estimating the EIR.

Particulars	As at March 31, 2025			As at March 31, 2024

Classification of assets and liabilities under the maturity buckets is based on the same estimates and assumptions as used by the Company for compiling the return submitted to the RBI. The above is based on the information available with the Company which has been relied upon by the auditors.

CAPRI GLOBAL CAPITAL LIMITED

MSKA & ASSOCIATES Chartered Accountants

50. Capital Management

The Company's capital management is intended to create value for shareholders by facilitating the meeting of long-term and short-term goals of the Company. The Company determines the amount of capital required on the basis of annual operating plans and other strategic investment plans. The funding requirements if any will be met through bank borrowings and equity if the need arise.

The primary objectives of the Company's capital management are to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholders value. The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. Capital Management, objectives and processes are under constant review by the Board.

For details of Capital to Risk Assets Ratio (CRAR) refer Note no. - 59.01

*includes the effect of amortisation of borrowing cost, interest accrued on borrowings, conversation factor of derivative instruments.

52. Fair value measurements

The fair value of a financial instrument on initial recognition is normally the transaction price (fair value of the consideration given or received). Subsequent to initial recognition, the Company determines the fair value of financial instruments that are quoted in active markets using the quoted bid prices (financial assets held) or quoted ask prices (financial liabilities held) and using valuation techniques for other instruments. Valuation techniques include discounted cash flow method, market comparable method, recent transactions happened in the Company and other valuation models.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using a valuation technique.

Ind AS 107, 'Financial Instrument - Disclosure' requires classification of the valuation method of financial instruments measured at fair value in the balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair-value-hierarchy under Ind AS 107 are described below:

52.A Financial instruments by category

52.A.1 As at March 31, 2025

Particulars	FVTPL	Amortised cost	FVTOCI	Total Carrying Value	Fair Value

52.B **Fair value hierarchy**

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

52.B.1 **Financial assets and liabilities measured at fair value - recurring fair value measurements**

As at March 31, 2025	Carrying Amount	Fair Value			Total
		Level 1	Level 2	Level 3

(Currency : Indian Rupees in millions)

Financial liabilities					
Trade Payable	976.04	-	-	976.04	976.04
Debt Securities	1,521.65	-	1,521.65	-	1,521.65
Borrowings other than debt securities	69,584.86	-	-	69,584.86	69,584.86
Other financial liabilities	3,069.37	-	-	3,069.37	3,069.37
Total financial liabilities	**75,151.92**	**-**	**1,521.65**	**73,630.27**	**75,151.92**

Level 1: Level I hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the- counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

Short-term financial assets and liabilities: For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include cash and cash equivalents, trade receivables, balances other than cash and cash equivalents and trade payables without a specific maturity

(Currency : Indian Rupees in millions)

53. Risk Disclosures

Company's risk is managed through an integrated risk management framework, including ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Company's continuing profitability and each individual within the Company is accountable for the risk exposures relating to his or her responsibilities. The Company is exposed to credit risk, liquidity risk and interest rate risk. It is the Company's policy to ensure that a robust risk awareness is embedded in its organisational risk culture.

53.A Credit risk

Credit risk is the risk that the Company will incur a loss because its customers or counterparties fail to discharge their contractual obligations. The Company manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties.

53.A.1 Impairment assessment

a) Exposure at Default

The Exposure at Default is an estimate of the exposure at a future default date including the undrawn commitments. EAD is taken as the gross exposure under a facility upon default of an obligor. The principal outstanding, overdue principal, accrued interest, overdue interest is considered as EAD for the purpose of ECL computation.

The advances have been bifurcated into following three stages:
Stage 1- All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Company classifies all standard advances (past due for 0 to30 days) under this category. Stage 1 loans also include facilities where the credit risk has reduced and the loan has been reclassified from Stage 2 or Stage 3

Stage 2 – All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. Financial assets past due for 31 to 90 days are classified under this stage and lifetime ECL is recognised on such financial assets. Stage 2 loans also include facilities where the credit risk has reduced, and the loan has been reclassified from Stage 3.

Stage 3 – All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. More than 90 days Past Due is considered as default for classifying a financial instrument as credit impaired.

b) Significant increase in credit risk

The Company continuously monitors all assets subject to ECLs. In order to determine whether an instrument or a portfolio of instruments is subject to 12 months ECL or lifetime ECL, the Company assesses whether there has been a significant increase in credit risk since initial recognition. The Company considers an exposure to have significantly increased in credit risk if contractual payments are more than 30 days past due.

c) Definition of default and cure

The Company considers a financial instrument defaulted and therefore Stage 3 (credit impaired) for ECL calculations in all cases when the borrower becomes more than 90 days past due on its contractual payments.

As a part of a qualitative assessment of whether a customer is in default, the Company also considers a variety of instances that may indicate inability to pay. When such events occur, the Company carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate. Such events include:

a) Significant financial difficulty of the borrower or issuer;
b) A breach of contract such as a default or past due event;
c) The restructuring of a loan or advance by the company on terms that the company would not consider otherwise; or
d) It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation

It is the Company's policy to consider a financial instrument as 'cured' and therefore re-classified out of Stage 3 when the borrower makes necessary payments & the borrower's days past due become "0" after such payments. The decision whether to classify an asset as Stage 2 or Stage 1 once cured depends on the updated credit grade, at the time of the cure, and whether this indicates there has been a significant increase in credit risk compared to initial recognition.

(Currency : Indian Rupees in millions)

53. Risk Disclosures

d) Probability of Default ("PD") estimation process

Probability of default (PD) is defined as the likelihood of default over a particular time horizon. The PD of an obligor is a fundamental risk parameter in credit risk analysis and depends on obligor specific as well as macroeconomic risk factors.

a) The Company has applied 12 months PD to stage 1 advances
b)The Lifetime PD is computed using basic exponentiation technique after considering the residual maturity of the respective loan.
c) PD of 100% is considered for Stage 3 assets.

Days past due are a primary input for the determination of the PD for exposures. The Company collects performance and default information about its credit risk exposures analysed by portfolio. For some portfolios, rating based published information is used.

The Company employs statistical models to analyse the data collected and generate estimates of the remaining lifetime PD of exposures and how these are expected to change as a result of the passage of time. Such statistical models are selected considering the availability of information related to the probability of default for each product. This analysis includes the identification and calibration of relationships between changes in default rates and changes in key macro-economic factors.

For the purpose of determination of impact of forward looking information, the Company applies various macro economic (ME) variables as stated above to each portfolio and assess the trend of the historical probability of defaults as compared to the forecasted probability of default. Based on the directional trend of output, management applies an overlay if required. Overtime, new ME variable may emerge to have a better correlation and may replace ME being used now.

The loans are segmented into homogenous product categories to determine the historical PD/LGD as per similar risk profiles, this segmentation is subject to regular review For portfolios in respect of which the Company has limited historical data, external benchmark information is used to supplement the internally available data.

The Company does not have any historic data of default in case of Gold Loan portfolio, so it has relied upon the published data of competitors. In case of Unsecured business loan, it has relied upon the public data of partners with their existing customers of the similar behavioral vintage

e) Loss Given Default (LGD)

Loss Given Default ("LGD") is defined as the loss rate on the exposure, given the borrower has defaulted. LGD is being calculated for all financial instruments under risk parameter approach by way of evaluation of historical data on defaults, recovery amounts, collateral liquidation, direct expenses, and opportunity cost for each default. LGD has been computed using the volatility-based model in case of Gold Loan portfolio. LGD has been computed by using the FIRB (Foundation Internal Rating Based) in case of Unsecured business loan

f) Forward looking information

In its ECL models, the Company relies on a broad range of forward looking information as economic inputs, such as. GDP growth, Consumer Price Index, Unemployment rate, Lending Interest Rate etc. The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. To reflect this, qualitative adjustments or overlays are occasionally made as temporary adjustments when such differences are significantly material.

53.A.2 Analysis of risk concentration - Refer Note 59.15

53.A.3 Collateral and other credit enhancements

The Company holds collateral and other credit enhancements against certain of its credit exposures. The loans are collateralized against equitable mortgage of property, pledge of shares, hypothecation of assets, physical gold jewellery, undertaking to create security.

Management monitors the market value of collateral and will request additional collateral in accordance with the underlying agreement. In case of defaults by customers, where the Company is unable to recover the dues, the Company through a legal process enforces the security and recovers the dues.

53.B Liquidity risk and funding management

Liquidity risk is defined as the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Company might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances. Such scenarios could occur when funding needed for illiquid asset positions is not available to the Company on acceptable terms. To limit this risk, management has arranged for diversified funding sources and adopted a policy of managing assets by monitoring future cash flows and liquidity on a daily basis.

Liquidity risk is managed in accordance with our Asset Liability Management Policy. This policy is framed as per the current regulatory guidelines and is approved by the Board of Directors. The Asset Liability Management Policy is reviewed periodically to incorporate changes as required by regulatory stipulation or to realign the policy with changes in the economic landscape. The Asset Liability Committee (ALCO) of the Company formulates and reviews strategies and provides guidance for management of liquidity risk within the framework laid out in the Asset Liability Management Policy.

53. Risk Disclosures

53.B.1 The table below summarises the maturity profile of the undiscounted cash flow of the Company's financial liabilities:

As at March 31, 2025

		Debt Securities	Borrowings	Trade payable	Lease liability	Other financial liability
1	upto 30/31 days	747.39	2,126.70	921.50	48.74	1,995.29
2	Over 1 month upto 2 months	454.69	2,479.99	-	48.80	-
3	Over 2 months upto 3 months	981.05	5,345.30	-	88.48	-

	Total	**2,365.03**	**83,760.72**	**976.04**	**3,763.34**	**673.09**

53.C Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments. The core business of the company is providing loans to MSME, Construction Finance, Indirect Lending, Gold Loan and Unsecured business loan. The company borrows through various financial instruments to finance its core lending activity. These activities expose the company to interest rate risk

Interest rate risk is measured through earnings at risk from an earnings perspective and through duration of equity from an economic value perspective. Further, exposure to fluctuations in interest rates is also measured by way of gap analysis, providing a static view of the maturity and re-pricing characteristic of Balance sheet positions. An interest rate sensitivity gap report is prepared by classifying all rate sensitive assets and rate sensitive liabilities into various time period categories according to contracted/behavioral maturities or anticipated re-pricing date. The difference in the amount of rate sensitive assets and rate sensitive liabilities maturing or being re-priced in any time period category, gives an indication of the extent of exposure to the risk of potential changes in the margins on new or re-priced assets and liabilities.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being considered as constant) of the Company's statement of profit and loss and equity.

53.C.1 FY 2024-25

Financial instruments type	Increase / (decrease) in basis points (bps)	Sensitivity of profit or loss		Sensitivity of equity	
a. Loans	50 bps Up	Impact on profit before tax	425.74	Impact on equity	319.86
	100 bps Up		851.48		639.73
	50 bps Down		(425.74)		(319.86)
	100 bps Down		(851.48)		(639.73)
b. Borrowings	50 bps Up	Impact on profit before tax	(524.39)	Impact on equity	(393.98)
	100 bps Up		(1,048.78)		(787.96)
	50 bps Down		524.39		393.98
	100 bps Down		1,048.78		787.96

53.C.2 FY 2023-24

Financial instruments type	Increase / (decrease) in basis points (bps)	Sensitivity of profit or loss		Sensitivity of equity	
a. Loans	50 bps Up	Impact on profit before tax	351.08	Impact on equity	264.44
	100 bps Up		702.17		528.88
	50 bps Down		(351.08)		(264.44)
	100 bps Down		(702.17)		(528.88)
b. Borrowings	50 bps Up	Impact on profit before tax	(350.00)	Impact on equity	(263.62)
	100 bps Up		(700.00)		(527.24)
	50 bps Down		350.00		263.62
	100 bps Down		700.00		527.24

53.D Operational risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Company cannot expect to eliminate all operational risks, but it endeavors to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include maker-checker controls, effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, such as the use of internal audit.

53.E Capital management :

Company's capital management objective is primarily to safeguard business continuity. The Company's capital raising policy is aligned to macro economic situation and incidental risk factors. The Company's cashflows are regularly monitored in sync with annual operating plans and long-term and other strategic investment plans. The operational funding requirements are met through debt and operating cash flows generated. The company believes this approach would create shareholder value in long run. Also, the company has adopted a conservative approach for ALM management with primacy to adequate liquidity. At present a large portion of the company's resource base is equity.

The Company maintains its capital structure in line with economic conditions and the risk characteristics of its activities and the board reviews the capital position on a regular basis.

Gearing ratio :
The gearing ratio at each date were as follows :

Particulars	As at March 31, 2025	As at March 31, 2024
a. Debt (I)*	120,064.53	73,502.79
b. Cash and bank balances (II)#	12,569.27	2,102.81
c. Net debt (I - II)	107,495.26	71,399.98
d. Total equity	39,648.39	35,606.96
e. **Net debt to equity ratio**	**2.71**	**2.01**

* Debt includes debt securities, borrowings and lease liability.
# Cash and bank balance is net of book overdraft

54. Related Party Disclosure

187.50	200,000	27.23	200,000	39.40

Fair value methodology

The fair value of ESOP are measured using Black-scholes-merton formula. Measurement input includes share price on measurement date, exercise date of the instrument, exercise price, expected life, risk free interest rate, expected dividend yield, expected volatility.

The following table summarizes the assumptions used in calculating the grant date fair value.

Particulars	As at March 31, 2025	As at March 31, 2024
Expected life of the options	3 to 5 Years	3 to 5 Years
Expected volatility	40%	40%
Expected dividend yield	0.09% to 0.12% p.a	0.18% p.a
Risk-free interest rate	6.78% to 7.19% p.a	7.00% to 7.08%

Expected life of the options: Expected life of the options is the period for which the company expects the Options to be live. The minimum life of a stock option is the minimum period before which the options cannot be exercised, and the maximum life is the period after which the options cannot be exercised.

Expected volatility: The measure of volatility used in ESOP pricing model is the annualised standard deviation of the continuously compounded rates of return (calculated by log function) on the share over a period prior to the date of grant corresponding to the expected life of the option.

Expected dividend yield: Expected dividend yield has been calculated as an average of dividend yields of six financial years preceding the date of grant. The dividend yield for the year is derived by dividing the dividend per share by the share price as on dividend effective date.

Risk-free interest rate: The rate used to discount employee benefit obligations reflects the estimated timing of benefit payments and the currency in which the benefits are to be paid. We have used the Discount Rate which relates to the par-yield rate available on ZYC Government Securities (G. Sec.) for the tenure of the expected life of options. (Ref: G Sec. rates available through www.fbil.org.in with prices/yields published by FBIL).

Particulars	For the year Ended March 31, 2025	For the year Ended March 31, 2024
a. Weighted average market price of the ESOPs exercised	₹ 205.90 per share	₹ 186.73 per share
b. ESOP cost recognised in the Statement of Profit and Loss (₹ in million)	100.74	70.63

	As at March 31, 2025	As at March 31, 2024
Receivable from the subsidiary company with which employees are employed (Amount receivable is difference between the exercise price and fair value of the options)	-	1.47

58. Analytical Ratios

58.A Analytical Ratios as per Ministry of Corporate Affairs ("MCA") notification dated 24th March 2021 are as below:

No.	Particulars	As at March 31, 2025	As at March 31, 2024	% Change	Notes
1	Capital to risk-weighted assets ratio (CRAR)	22.84%	26.62%	-14.2%	a
2	Tier I CRAR	22.43%	26.15%	-14.2%	a
3	Tier II CRAR	0.41%	0.48%	-14.6%	
		For the Quarter ended March 31,			
		2025	2024		
4	Liquidity Coverage Ratio	404.41%	264.03%	53.2%	

58.B Explanation for change in ratios exceeding 25% compared to previous year (For Liquidity Coverage Ratio)

a. The increase in the Liquidity Coverage Ratio (LCR) is primarily due to a significant rise in High-Quality Liquid Assets (HQLA), which grew from ₹3,146.18 million to ₹6,397.29 million—an increase of approximately 103.34%.

58.C

No.	Ratios	Numerator	Denominator
1	Capital to risk-weighted assets ratio (CRAR)	Total Capital Funds	Total risk weighted assets/ exposures
2	Tier I CRAR	Net Owned Fund	Total risk weighted assets/ exposures
3	Tier II CRAR	Aggregate Tier II Capital	Total risk weighted assets/ exposures
4	Liquidity Coverage Ratio	Stock of High Quality Liquid Assets	Total Cash Net Outflows over the next 30 calendar days.

59. Regulatory disclosures - RBI

59.03.3 Disclosures on risk exposure in derivatives

Qualitative disclosure

The Company undertakes derivative transactions for hedging on-balance sheet liabilities, these derivative transactions are in form of Forward Exchange Contracts.

The Asset Liability Management Committee and Risk Management Committee closely monitors such transactions and reviews the risks involved. The Company has entered into these Forward Exchange Contract to mitigate the foreign exchange risk pertaining to FCNR (B) Term Loan.

All derivative contracts including the Forward Exchange Contracts are recognised on the balance sheet and measured at fair value. Hedge accounting is applied to all the derivative instruments including the Forward Exchange Contracts as per IND AS 109. Gain / loss arising on account of fair value changes are recognised in the Statement of Profit and Loss to the extent of ineffective portion of hedge instruments and hedged items. The gains / losses of effective portion of hedge instrument are offset against gain / losses of hedged items in Other Comprehensive Income.

Foreign exchange forward contracts outstanding at the Balance Sheet date, are recorded at fair value. The premium or discount arising at the inception of such forward exchange contract is amortised as expense or income over the life of the contract. The Company has entered into cashflow hedges to hedge currency risk on certain foreign currency loans and to cover future interest on foreign currency borrowings.

59.35.a Funding Concentration based on significant counterparty (borrowings, debt securities)

Particulars	As at March 31, 2025	As at March 31, 2024
No. of Significant Counterparties	19	16
Amount (₹ in millions)#	116,695.35	69,555.55
Percentage of funding concentration to total deposits	NA	NA
Percentage of funding concentration to total liabilities##	93.85%	92.05%

59.35.b Top 20 large deposits

Not applicable as the Company does not accept deposits.

59.35.c Top 10 Borrowings

Particulars		As at March 31, 2025	As at March 31, 2024
Total amount of top 10 borrowings (₹ in millions)#	Banks	87,527.20	60,021.67
Percentage of amount of top 10 borrowings to total borrowings	Banks	73.99%	83.84%
Total amount of top 10 borrowings (₹ in millions)#	Financial Institutions	15,380.36	4,252.05
Percentage of amount of top 10 borrowings to total borrowings	Financial Institutions	13.00%	5.94%
Total amount of top 10 borrowings (₹ in millions)#	Non Convertible Debentures	1,721.10	1,521.65
Percentage of amount of top 10 borrowings to total borrowings	Non Convertible Debentures	1.45%	2.13%

59.35.d Funding concentration based on significant instrument / product:

	Particulars	As at March 31, 2025		As at March 31, 2024	
		₹ in million	% of Total liabilities ##	₹ in million	% of Total liabilities ##
a)	Term Loans from Bank	93,895.71	75.51%	62,018.50	82.08%
b)	Term Loan from Financial Institution	15,380.36	12.37%	4,252.05	5.63%
c)	Non-Convertible Debentures	1,721.10	1.38%	1,521.65	2.01%
d)	Loans repayable on demand from Bank (Cash Credit Facility)	3,940.00	3.17%	3,794.87	5.02%
e)	Commercial Paper	3,365.47	2.71%	-	0.00%

59.35.e Stock Ratios:

	Particulars	As at March 31, 2025	As at March 31, 2024
i)	Commercial Papers to Total Liabilities	2.71%	NA
ii)	Commercial Papers to Total Assets	2.05%	NA
iii)	Commercial Papers to Public funds	2.84%	NA
iv)	NCD(Original Maturity < 1yrs.) to Total Liabilities	NA	NA
v)	NCD(Original Maturity < 1yrs.) to Total Assets	NA	NA
vi)	NCD(Original Maturity < 1yrs.) to Public funds	NA	NA
vii)	Other Short Term Liabilities to Total Liabilities ###	32.76%	34.54%
viii)	Other Short Term Liabilities to Total Assets ###	24.84%	23.48%
ix)	Other Short Term Liabilities to Public funds ###	34.43%	36.46%

All the above numbers are excluding notional Ind AS adjustments.

##Total Liabilities represents total liabilities as per balance sheet less total equity

Other short term liabilities include all the liabilities maturing within next 12 months

The above ratios reflect the strength of the Company as the short term liabilities are adequately funded by short term assets indicating the financial stability of the organisation.

59.36 Gold Loans

		FY 2024-25	FY 2023-24
a)	Loan against Gold portfolio to Total Assets (%)	33.91%	25.40%
b)	Details of Gold Loan auctions conducted *		
	No. of Loan accounts	16,432	6,043
	Outstanding Loan amount (₹ in millions)	1311.05	409.64
	Sale consideration of Gold (₹ in millions)**	1316.81	411.25

* - There is no sister concern participation in any of the above auctions

** the excess sales considered over and above the outstanding amount is repaid to the respective borrower.

59. *Regulatory disclosures - RBI (Continued)*

59.38 Disclosure On Liquidity Risk Management Framework Pursuant To Reserve Bank Of India Notification RBI /DNBR / 2016-17/45 Master Direction Dnbr.Pd.008/03.10.119/2016-17 Dated December 29, 2022.

A. Qualitative Disclosure on LCR

The Board of Directors are responsible for the overall risk management approach and for approving the risk management strategies and principles. The Board has constituted the Risk Management Committee (RMC) which is responsible for monitoring the overall risk process within the Company.

The meetings of RMC are held at quarterly interval. The Risk owners are responsible for monitoring compliance with risk principles, policies and limits across the Company. RMC ensures that the credit and investment exposure to any party / Company / group of parties or companies does not exceed the internally set limits as well as statutory limits as prescribed by Reserve Bank of India from time to time. RMC Develops risk policies and procedures and verify adherence to various risk parameters and prudential limits; review the risk monitoring system and ensure effective risk management.

The Company's Treasury is responsible for managing its assets and liabilities and the overall financial structure. It is also primarily responsible for the funding and liquidity risks of the Company.

The Board of Directors has constitution of Asset Liability Committee (ALCO). The Company's ALCO monitors asset liability mismatches to ensure that there are no imbalances or excessive concentrations on either side of the balance sheet. ALCO conducts quarterly reviews relating to the liquidity position and stress test assuming various 'what if' scenarios. The ALCO is a decision-making unit responsible for balance sheet planning from risk-return perspective including strategic management of interest rate and liquidity risks. The ALCO also evaluates the Borrowing Plan of subsequent quarters based on previous borrowings of the Company.

In assessing the Company's liquidity position, consideration is given to: (1) present and anticipated asset quality (2) present and future earnings capacity (3) historical funding requirements (4) current liquidity position (5) anticipated future funding needs, and (6) sources of funds. The Company maintains a portfolio of marketable assets that are assumed to be easily liquidated and undrawn cash credit limits which can be used in the event of an unforeseen interruption in cash flow. In accordance with the Company's policy, the liquidity position is assessed under a variety of scenarios, giving due consideration to stress factors relating to both the market in general and specifically to the Company. Net liquid assets consist of cash, short–term bank deposits and investments in mutual fund available for immediate sale. Borrowings from banks and financial institutions and issue of debentures are considered as important sources of funds to finance lending to customers.

The minutes of ALCO meetings are placed before the RMC and the Board of Directors meeting for noting.

The Company exceeds the regulatory requirement of liquidity coverage ratio (LCR) introduced by the RBI in FY 2020. This requirement stipulates that NBFCs with an asset size of Rs. 5,000 crore and above are required to maintain 50% of its expected net cash outflows in a stressed scenario in high quality liquid assets (HQLA) by December 2021; which has to be increased to 100% by December 2024 in a phased manner.

As of 31 March 2025, Company maintained LCR of 404.41% which is well above the stipulated norms.

62. Other Statutory Information:

62.1 The Company had not granted any loans or advances in the nature of loans to promoters, directors, KMPs and the related parties (as defined under Companies Act, 2013), either severally or jointly with any other person, that are repayable on demand or without specifying any terms or period of repayment.

62.2 The Company does not have any benami property held in its name. No proceedings have been initiated on or are pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.

62.3 The Company has not been declared willful defaulter by any bank or financial institution or other lender or government or any government authority.

62.4 The Company did not have transactions with struck off companies under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956 during the year March 31, 2025.

Details of transaction with Struck off company during the year March 31, 2024 as below

No.	Name of the struck off company	Nature of Transactions	FY 2023-24	
			Balance outstanding Amount in ₹	Relationship with the struck-off company
1	Kothari Intergroup Limited	Equity shares investor	40.00	Shareholder of the company

62.5 The Company did not have any charges or satisfaction which were yet to be registered with ROC beyond the statutory period.

62.6 The Company has not advanced or loaned or invested funds to any other person(s) or entity(is), including foreign entities (Intermediaries), with the understanding that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

62.7 The Company has not received any funds from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

62.8 The Company did not have any transaction which had not been recorded in the books of account that had been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

62.9 The Company has not revalued any of its Property, Plant and Equipment (including Right-of-Use Assets) during the year.

62.10 The Company has complied with the number of layers for its holding in downstream companies prescribed under clause (87) of section 2 of the Companies Act, 2013 read with the Companies (Restriction on number of Layers) Rules, 2017.

62.11 The Company has not revalued other intangible assets during the year.

62.12 Quarterly returns or statements of current assets filed by the Company with banks or financial institutions are in agreement with the books of accounts.

62.13 Compliance with approved Scheme(s) of Arrangements: Not applicable

62.14 Borrowed funds have been utilised for the purpose they have been sanctioned and share premium has been utilised in working capital.

62.15 The Company confirms that, the title deeds of immovable properties are held in the name of the Company.

62.16 The Company has not traded or invested in crypto currency or virtual currency during the financial year.

62.17 The Company is registered with Insurance Regulatory and Development Authority of India (IRDAI) as Corporate agent *vide* CA0881 dated December 07, 2023.

63. **Accounting Software Used for maintenance of Books of Accounts**

The Company has used certain accounting softwares (including new ERP implemented w.e.f. December 1, 2024) for maintaining its books of account which has a feature of recording audit trail (edit log) facility except that no audit trail feature was enabled at database level in respect of one accounting software (the old ERP discontinued on November 30, 2024) and was not enabled at the database level from April 1, 2024 to July 07, 2024 in respect of another accounting software. Further the audit trail feature was not enabled at the application level in respect of one accounting software to log any direct data changes.

Further, to the extent enabled, audit trail feature has operated throughout the year for all relevant transactions recorded in the accounting softwares. Also, we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded except for one application the audit trail is not preserved where audit trail feature was enabled on July 08, 2024 at database level

64. Figures for the previous years have been regrouped/rearranged wherever considered necessary to conform to the figures presented in the current year.

INDEPENDENT AUDITOR'S REPORT

To the Members of Capri Global Capital Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Capri Global Capital Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2025, and the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow for the year then ended, and notes to the Consolidated Financial Statements, including material accounting policy information and other explanatory information (hereinafter referred to as the "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS"), the RBI Guidelines and other accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2025, and of consolidated profit (including other comprehensive income),consolidated changes in equity and its consolidated cash flow for the year then ended.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by Institute of Chartered Accountant of India ("the ICAI"), and the relevant provisions of the Act and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained and on consideration of audit reports of other auditors referred to in paragraph (a) of the "Other Matters" section below, is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended March 31, 2025. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Sr. No	Key Audit Matters	How the Key Audit Matters was addressed in our audit
1	**Impairment of loans including Expected Credit Losses ("ECL"):** Total Loans as at March 31, 2025: Rs. 1,82,515.02 millions (net of ECL) Impairment Provision as at March 31, 2025: Rs. 2,677.96 millions (Refer Note 7 of the Consolidated Financial Statements) As per Ind AS 109 - Financial Instruments ("Ind AS 109") requires the Company to provide for impairment of its financial assets using ECL approach involving an estimation of probability of loss on such financial assets, considering reasonable and supportable	The audit procedures performed by us to assess the appropriateness of the impairment allowance based on ECL on loans included the following: • Understood and evaluated the design and tested the operating effectiveness of the key controls put in place by the management over: i. the assumptions used in the calculation of ECL and its various aspects such as determination of Probability of Default, Loss Given Default, Exposure at Default, Staging of Loans, etc; ii. the completeness and accuracy of source data used by the Management in the ECL computation; and

	information about past events, current conditions and forecasts of future economic conditions which could impact the credit quality of the Company's financial assets The estimation of impairment loss allowance on loan assets involves significant judgement and estimates, which are subject to uncertainty, and involves applying appropriate measurement principles in case of loss events ECL is calculated using the percentage of probability of default ("PD"), loss given default ("LGD") and exposure at default ("EAD") for each of the stages of loan portfolio. Significant management judgment and assumptions involved in measuring ECL is required with respect to: • Segmentation of loan book in buckets based on common risk characteristics; • Staging of loans and in particular determining the criteria, which includes qualitative factors for identifying a significant increase in credit risk (i.e. Stage 2) and credit-impaired (i.e. Stage 3); • factoring in future macro-economic and industry specific estimates and forecasts; • past experience and forecast data on customer behaviour on repayments and; • varied statistical modelling techniques to determine probability of default, loss given default and exposure at default basis, the default history of loans, subsequent recoveries made and other relevant factors using probability weighted scenarios Considering the significance of the above matter to the Consolidated Financial Statements and since the matter required significant attention to test the calculation of ECL, we identified this as a key audit matters for current year audit	iii. ECL computations for their reasonableness • Along with the assistance of the auditor's expert, verified the appropriateness of methodology and models used by the Company and reasonableness of the assumptions used within the computation process to estimate the impairment provision. • Test-checked the completeness and accuracy of source data used. • Recomputed the impairment provision for a sample of loans across the loan portfolio to verify the arithmetical accuracy and compliance with the requirements of Ind AS 109. • Evaluated the reasonableness of the judgement involved in management overlays that form part of the impairment provision, and the related approvals. • Evaluated the adequacy of presentation and disclosures in relation to impairment loss allowance in the consolidated financial statements
2	**Information Technology ("IT") systems and controls impacting financial controls** The Company key financial accounting and reporting processes are highly dependent on information systems including automated controls in systems, such that there exists a risk that gaps in the IT control environment could result in the financial accounting and reporting records being misstated. Amongst its multiple IT systems, we scoped	Key IT audit procedures performed included the following, but not limited to: Key IT audit procedures performed included the following, but not limited to: • For testing the IT general controls, application controls and IT dependent manual controls, we involved IT specialists as part of the audit. The team also assisted in testing the accuracy of the

	in systems that are key for overall financial reporting. Appropriate IT general controls and application controls are required to ensure that such IT systems are able to process the data, as required, completely, accurately and consistently for reliable financial reporting. We have identified 'IT systems and controls' as a key audit matter considering the high level of automation, significant number of systems being used by Management and the complexity of the IT architecture and its impact on overall financial reporting process and regulatory expectation on automation	information produced by the Company IT systems. • Obtained a comprehensive understanding of IT applications landscape implemented at the Company. It was followed by process understanding, mapping of applications to the same and understanding financial risks posed by people-process and technology. • Key IT audit procedures includes testing design and operating effectiveness of key controls operating over user access management (which includes user access provisioning, de-provisioning, access review, password configuration review, segregation of duties and privilege access), change management (which include change release in production environment are compliant to the defined procedures and segregation of environment is ensured), program development (which include review of data migration activity), computer operations (which includes testing of key controls pertaining to, backup, Batch processing (including interface testing), incident management and data centre security), System interface controls. This included testing that requests for access to systems were appropriately logged, reviewed, and authorized. • In addition to the above, the design and operating effectiveness of certain automated controls, that were considered as key internal system controls over financial reporting were tested. Using various techniques such as inquiry, review of documentation / record / reports, observation, and re-performance. We also tested few controls using negative testing technique. • Tested compensating controls and performed alternate procedures, where necessary. In addition, understood where relevant changes made to the IT landscape during the audit period

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the Director's Report but does not include the consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Director's Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flow of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act and the RBI Guidelines. The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of each company.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing ("SAs") will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management and Board of Directors.

- Conclude on the appropriateness of the management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

a. We did not audit the financial statements of two subsidiaries, whose financial statements reflect total assets of Rs. 50,104.00 millions (before consolidation adjustments) as at March 31, 2025, total revenues of Rs. 8,463.38 millions (before consolidation adjustments) and net cash flow amounting to Rs. (1,757.72) millions (before consolidation adjustments) for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

b. The consolidated financial statements of the Company for the year ended March 31, 2024, were audited by another auditor whose report dated May 08, 2024 expressed an unmodified opinion on those statements.

Our opinion on the Consolidated Financial Statements is not modified in respect of the above matters.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the Seperate Financial Statements of the subsidiaries referred to in the Other Matters section above we report, to the extent applicable, that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

   b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

   c. In our opinion, proper books of account as required by law have been kept by the Group so far as it appears from our examination of those books, except for the matters stated in the paragraph 2(i)(vi) below on reporting under Rule 11(g).

   d. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.

   e. In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.

f. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2025 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, none of the directors of the Group companies are disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.

g. The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 2(b) above on reporting under Section 143(3)(b) and paragraph 2(i)(vi) below on reporting under Rule 11(g).

h. With respect to the adequacy of internal financial controls with reference to consolidated financial statements of the Group and the operating effectiveness of such controls, refer to our separate report in "Annexure A".

i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group - Refer Note 38 to the consolidated financial statements.

ii. Provision has been made in the consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, if any, on long-term contracts including derivative contracts - Refer Note 7 and 17 to the consolidated financial statements in respect of such items as it relates to the Group.

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies.

iv.

i. The respective Managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that such parties shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Refer Note 60.6 to the Consolidated Financial Statements.

ii. The respective Managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, no funds have been received by the Holding Company or any of such subsidiaries from any person(s) or entity(ies), including foreign entities with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Holding Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Refer Note 60.7 to the Consolidated Financial Statements.

iii. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, and according to the information and explanations provided to us by the Management of the Holding company in this regard nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (i) and (ii) above, contain any material mis-statement.

v. On the basis of our verification and on consideration of the reports of the statutory auditors of subsidiaries, associates and joint ventures that are Indian companies under the Act, we report that:

i. The final dividend paid by the Holding Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Companies Act 2013 to the extent it applies to payment of dividend.

ii. The Board of Directors of the Holding Company have proposed final dividend for the year which is subject to the approval of their members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend. Refer Note 26 to the consolidated financial statements

vi. Based on our examination which included test checks, and based on the other auditor's reports of its subsidiary companies incorporated in India whose financial statements have been audited under the Act, except for the instances mentioned below, the holding company and its subsidiary companies incorporated in India have used accounting softwares for maintaining their respective books of account for the year ended March 31, 2025, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the softwares, and further, during the course of audit of the holding company and for above referred subsidiaries we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the holding company and above referred subsidiaries as per the statutory requirements for record retention as explained in Note 61 to the financial statements.

Instances where audit trail has not been enabled at the database level in case of old ERP application until November 30, 2024 to log any direct data changes for certain accounting software	In respect of holding company and two subsidiary companies
Instances where audit trail has not been enabled at the database level from April 1, 2024 to July 07, 2024 to log any direct data changes for one accounting software	In respect of Holding Company
Instances where audit trail has not been enabled at the application level to log any direct data changes for one accounting software	In respect of Holding Company
Instances where audit trail is not preserved at database level in case of one accounting software where audit trail is enabled on July 08, 2024	In respect of Holding Company

2. In our opinion, according to information, explanations given to us, the remuneration paid by the Group to its directors is within the limits laid prescribed under Section 197 read with Schedule V of the Act and the rules thereunder.

3. According to the information and explanations given to us and based on the CARO reports issued by us for the Holding Company and on consideration of CARO reports issued by the statutory auditors of subsidiaries included in the consolidated financial statements of the Group to which reporting under CARO is applicable, we report that there are no qualifications/adverse remarks.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF CAPRI GLOBAL CAPITAL LIMITED

Referred to in paragraph 1(h) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Capri Global Capital Limited on the consolidated Financial Statements for the year ended

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2025, we have audited the internal financial controls reference to consolidated financial statements of Capri Global Capital Limited (hereinafter referred to as "the Holding Company") which includes the internal financial controls over financial reporting of the Holding Company's and its subsidiary companies (the Holding Company and its subsidiaries together referred to as "the Group"), which are companies incorporated in India, as of that date.

In our opinion, and to the best of our information and according to the explanations given to us, the Group have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2025, based on the internal financial controls with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (the "ICAI").

Management's and Board of Director's Responsibility for Internal Financial Controls

The respective Management and the Board of Directors of the Group are responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note issued by ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Group based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Group.

Meaning of Internal Financial Controls With Reference to Consolidated Financial Statements

A Company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to two subsidiary companies which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not modified in respect of this matter.

The Holding Company is NBFC – Investment and Credit Company (NBFC-ICC), holding a Certificate of Registration No. B-13.01882 from the Reserve Bank of India ("RBI") dated November 05, 2007, having CIN: L65921MH1994PLC173469.

Capri Global Housing Finance Limited (the Subsidiary Company) having principal place of business at Registered office, 502, Tower A, Peninsula Business Park, Senapati Bapat Marg, Lower Parel, Mumbai - 400013 is engaged in the business of providing loans primarily to customers for purchase / construction / repair and renovation of residential property. The Company holds registration certificate No. 07.0139.16 with National Housing Bank under section 29A of the National Housing Bank Act, 1987 dated July 18, 2016.

Capri Loans Car Platform Private Limited (the Subsidiary Company) having principal place of business at Registered office, 502, Tower A, Peninsula Business Park, Senapati Bapat Marg, Lower Parel, Mumbai - 400013 is engaged primarily in the business of car loan distribution. The Company holds certificate of incorporation vide No. U66190MH2023PTC412270 in pursuant to sub-section (2) of section 7 and sub-section (1) of section 8 of the Companies Act, 2013 (18 of 2013) and rule 18 of the Companies (Incorporation) Rules, 2014 with effect from October 16, 2023.

The consolidated financial statements relate to the Holding Company and its subsidiary companies (together referred as the "Group").

The consolidated financial statements as at and for the year ended March 31, 2025 were authorised for issue in accordance with a resolution of the Board of Directors on May 05, 2025.

2 Material accounting policies

2.01 Basis of Consolidation

2.01.A The following subsidiary companies have been considered in the preparation of the consolidated financial statements:
Capri Global Housing Finance Limited - 100% wholly owned subsidiary (CGHFL)
Capri Loans Car Platform Private Limited – 100% wholly owned subsidiary incorporated on October 16, 2023 (CLCPPL)

For details of the subsidiary companies considered for consolidation refer note 53

2.01.B Principles of Consolidation:
The consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) 110 - "Consolidated Financial Statements" notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). The consolidated financial statements have been prepared on the following basis:

a) The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and resulting unrealised profits or losses, unless cost cannot be recovered.
For this purpose, income and expenses of the subsidiaries are based on the amounts of the assets and liabilities recognised in the consolidated financial statements as at March 31, 2025

b) The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented, to the extent possible, in the same manner as the Holding Company's separate financial statements. Appropriate adjustments have been made in the financial statements of the subsidiaries with respect to different accounting policies for like transaction and events in similar circumstances for the purpose of preparation of consolidated financial statements.

c) The financial statements of the subsidiaries used in consolidation are drawn up to the same reporting date as that of the Holding Company i.e. as at / for the year ended March 31, 2025.

2.02 Statement of compliance and basis of preparation and presentation

The consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act, Master Direction – Reserve Bank of India (Non-Banking Financial Company Scale Based Regulation) Directions, 2023 with the circular No. RBI/DoR/2023-24/105 DoR.FIN.REC.No.45/03.10.119/2023-24 Dated October 19, 2023 and notification for Implementation of Indian Accounting Standard vide circular RBI/2019-20/170 DOR (NBFC).CC.PD. No.109/22.10.106/2019-20 dated 13 March 2020 ('RBI Notification for Implementation of Ind AS') and Master Direction – Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021 issued by RBI. (Previously Master Direction - Non-Banking Financial Company – Non-Systemically Important Non-Deposit taking Company (Reserve Bank) Directions, 2016 as amended ('the RBI Master Directions') and notification for Implementation of Indian Accounting Standard vide circular RBI/2019-20/170 DOR (NBFC).CC.PD. No.109/22.10.106/2019-20 dated 13 March 2020 ('RBI Notification for Implementation of Ind AS') issued by RBI.) The Group uses accrual basis of accounting except in case of significant uncertainties [Refer note 2.04 (A),(C),(D),(E)]. Accounting policies have been consistently applied to all periods presented unless otherwise stated.

The consolidated financial statement has been prepared in accordance with and comply in all material aspects with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other accounting principles generally accepted in India on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period as explained in the accounting policies below and the relevant provisions of the Act.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The preparation of consolidated financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to the Group are discussed in Note 2.13 Significant accounting judgements, estimates and assumptions.

2.03 Presentation of financial statement

The Group presents its balance sheet in the order of liquidity.

The Group prepares and present its Consolidated Financial Statements in the format prescribed by Division III of Schedule III to the Act as amended from time to time.

Financial assets and financial liabilities are generally reported on a gross basis except when there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:

i. The normal course of business
ii. The event of default
iii. The event of insolvency or bankruptcy of the Group and/or its counterparties

2.04 Revenue from operations

2.04.A Interest Income

Interest income is recognised by applying Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at Fair Value Through Profit and Loss (FVTPL) taking into account the amount outstanding and the applicable interest rate. In case of credit-impaired financial assets (as set out in note no. 2.06 (G) regarded as 'Stage 3'), the Group recognises interest income on the amortised cost net of impairment loss of the financial asset. If the financial asset is no longer credit impaired, the Group reverts to calculating interest income on a gross basis.

The EIR is computed

a. As the rate that exactly discounts estimated future cash payments or receipts through the weighted average behaviorial life of the financial asset to the gross carrying amount of a financial asset.

b. By considering all the contractual terms of the financial instrument (for example prepayment, extension, call and similar options) in estimating the cash flows.

c. Including all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction cost, and all other premiums or discounts.

Loan processing fees on loans is collected towards processing of loan. These are amortised on EIR basis over the weighted average behaviorial life of the loan for MSME, Gold loan, Home Loan and Unsecured business loan and over the contractual tenure for Construction Finance and Indirect Lending.

2.04.B Dividend Income

Dividend income is recognised when the right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably.

2.04.C Fees & Commission Income

The Group recognises the fee and commission income not integral to EIR under Ind AS 109 in accordance with the terms of the relevant customer contracts / agreement and when it is probable that the Group will collect.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Group as part of the contract.

The Group recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Group allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Group expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Group satisfies a performance obligation. Fees for sale of services are accounted as and when the service is rendered, provided there is reasonable certainty of its ultimate realisation.

Bounce/ penal charges levied on customers for non-payment/delayed in payment of instalment on the contractual date & Foreclosure charges collected from loan customers for early payment / closure of loan are recognised on a point in time basis and are recorded when realised.

Distribution income is earned by selling of services and products of other entities under distribution arrangements. The income so earned is recognised on successful distribution on behalf of other entities subject to there being no significant uncertainty of its recovery.

Commission on Insurance Policies sold is recognised on accrual basis when the Holding Company under its agency code sells the insurance policies.

2.04.D Sale of service

Sale of services includes advertising income, representing income earned from the activities incidental to the business and is recognised when the service is performed. Revenue is net of applicable indirect taxes as per the terms of the contract.

2.04.E Net gain on Fair value changes

Any differences between the fair values of financial assets classified as FVTPL held by the Group on the Balance Sheet date is recognised as an unrealised gain / loss. In case there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss, the same is disclosed as "Net loss on fair value changes" under Expenses in the Statement of Profit and Loss.

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at FVOCI is recognised in net gain / loss on fair value changes.

However, Net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

2.04.F Assignment transactions

In accordance with Ind AS 109, in case of assignment transactions with significant transfer of risks and rewards without any retention of residual interest, gain arising on such assignment transactions is recorded upfront in the Statement of Profit and Loss and the corresponding asset is derecognized from the Balance Sheet immediately upon execution of such transaction. Further, the transfer of financial assets qualifies for derecognition to the extent of portion transferred. The whole of the interest spread is at its present value (discounted over the life of the asset) is recognized on the date of derecognition itself as interest only strip receivable (interest strip on assignment) and correspondingly recognized as profit on derecognition of financial asset.

2.05 Expenses

2.05.A Finance costs

Finance costs on borrowings paid towards availing of loan is amortised on EIR basis over the contractual life of loan.

The EIR in case of a financial liability is computed

a. As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.

b. By considering all the contractual terms of the financial instrument in estimating the cash flows

c. Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts
Any subsequent changes in the estimation of the future cash flows is recognised in interest expense with the corresponding adjustment to the carrying amount of the liability.

Interest expense includes issue costs that are initially recognized as part of the carrying value of the financial liability and amortized over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses such as external legal costs, rating fee, etc. provided these are incremental costs that are directly related to the issue of a financial liability.

2.05.B Retirement and other employee benefits

Short term employee benefit

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service.

Post-employment employee benefits

a) Defined contribution schemes

The Group provides a defined contribution plan for all the eligible employees of the Group who have opted to receive benefits under the Provident Fund and Employees State Insurance Scheme, defined contribution plans in which both the employee and the Company contribute monthly at a stipulated rate. The Group has no liability for future benefits other than its annual contribution and recognises such contributions as an expense in the period in which employee renders the related service. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the Balance Sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

b) Defined Benefit schemes

The Group provides a defined benefit retirement plan for gratuity covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation carried out by an independent actuary at each Balance Sheet date using the Projected Unit Credit Method which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

Net interest recognized in Statement of Profit or Loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the planed assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at half yearly intervals.

The Group fully contributes all ascertained liabilities to The Trustees – CGCL Employees Group Gratuity Assurance Scheme (Formerly known as Money Matters Financial Services Limited Employee Group Gratuity Assurance Scheme)" and CGHFL Employees Group Gratuity Assurance Scheme (Formerly known as Money Matters Securities Private Limited Employee Group Gratuity Assurance Scheme. Trustees administer contributions made to the trust and contributions are invested in a scheme of insurance with the Insurance Regulatory and Development Authority (IRDA) approved Insurance Companies.

Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are recognized immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income (OCI) in the period in which they occur. Re-measurements are not reclassified to Statement of Profit and Loss in subsequent periods.

2.05.C Leases Rent

The Group obtain on leases most of its office facilities under operating lease agreements that are renewable on a periodic basis at the option of the lessor and the lessee. The lease agreements contain rent free periods and rent escalation clauses.

The Group assesses whether a contract contains a lease at the inception of the contract. A contract is or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether (i) the contract involves the use of an identified asset, (ii) the Group has substantially all of the economic benefits from the use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a Right-of-Use (ROU) assets and a corresponding lease liability for all lease arrangements under which it is a lessee, except for short-term leases and low value leases. ROU assets represent the Group's right to use an underlying asset for the lease term and lease liabilities represent the Group's obligation to make lease payments arising from the lease. For short-term leases and low value leases, the Group recognizes the lease payments as an expense on a straight-line basis over the term of the lease.

The lease arrangements include options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the date of commencement of the lease on a straight-line basis over the lease term.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. For leases under which the rate implicit in the lease is not readily determinable, the Group uses its incremental borrowing rate based on the information available at the date of commencement of the lease in determining the present value of lease payments. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset, if the Group changes its assessment as to whether it will exercise an extension or a termination option.

At initial recognition the carrying value of the refundable deposits is taken at present value of all expected future principal repayments discounted using market rates prevailing at the time of inception. For Interest expenses, the difference between present market value and deposit made is recognised as prepayment and amortised in the Statement of Profit and Loss over the benefit period on systematic basis. Interest income is recognised at the prevailing market rates.

The lease liability is subsequently increased by the interest cost on the lease liability and decreased by lease payment made. The carrying amount of lease liability is remeasured to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. A change in the estimate of the amount expected to be payable under a residual value guarantee, or as appropriate, changes in the assessment of whether a purchase or extension option is reasonably certain to be exercised or a termination option is reasonably certain not be exercised.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be of low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

2.05.D Impairment of non-financial assets

The carrying amount of assets is reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

2.05.E Taxes

Income Tax

Income tax expense comprises current tax and deferred tax. Income tax expense is recognized in the Statement of Profit and Loss, other comprehensive income or directly in equity when they relate to items that are recognized in the respective line items.

Current Tax
Current tax comprises the expected tax payable or receivable on the taxable profit or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty if any related to income taxes. It is measured using tax rates (and tax law) enacted or substantively enacted by the reporting date.

Deferred tax
Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.
Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity.

Goods and Services Tax /Service Tax/Value Added Taxes paid on acquisition of assets or on incurring expenses
Expenses and assets are recognised net of the goods and services tax/service tax/value added taxes paid, except:
i. When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.
ii. When receivables and payables are stated with the amount of tax included.
The net amount of tax recoverable from or payable to the taxation authority is included as part of receivables or payables in the balance sheet.

2.06 Financial instruments
Financial assets and financial liabilities are recognised in the Group's Balance Sheet on trade date, i.e. when the Group becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs and revenues that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs and revenues of financial assets or financial liabilities carried at fair value through the profit or loss account are recognised immediately in the Statement of Profit or Loss. Trade Receivables are measured at transaction price.

2.06.A (i) Classification of financial instruments
The Group classifies its financial assets into the following measurement categories:
1. Financial assets to be measured at amortised cost.
2. Financial assets to be measured at fair value through profit or loss.
The classification depends on the contractual terms of the financial assets, cash flows and the Group's business model for managing financial assets which are explained below:

Business model assessment
The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.
The Group's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:
► How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel.
► The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed.
► How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).
► The expected frequency, value and timing of sales are also important aspects of the Group's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Group's original expectations, the Group does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The Solely Payments of Principal and Interest (SPPI) test

As a second step of its classification process, the Group assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, the Group considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Group classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

2.06.B Financial assets measured at amortised cost

These financial assets comprises of bank balances, receivables, investments and other financial assets.

Financial assets

Financial assets are measured at amortised cost where they have:

a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding; and

b) are held within a business model whose objective is achieved by holding to collect contractual cash flows.

These Financial assets are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at amortised cost.

2.06.C Items at Fair Value Through Profit or Loss (FVTPL)

Items at Fair Value Through Profit or Loss comprise:

- Investments (including equity shares) held for trading;
- debt instruments with contractual terms that do not represent solely payments of principal and interest.

Financial instruments held at FVTPL are initially recognised at fair value with transaction costs recognised in the Statement of Profit and Loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

Financial instruments designated as measured at FVTPL

Upon initial recognition, financial instruments may be designated FVTPL. A financial asset may only be designated at FVTPL if doing so eliminates or significantly reduces measurement or recognition inconsistencies (i.e. eliminates an accounting mismatch) that would otherwise arise from measuring financial assets or liabilities on a different basis.

A financial liability may be designated at FVTPL if it eliminates or significantly reduces an accounting mismatch or:

- if a host contract contains one or more embedded derivatives; or
- if financial assets and liabilities are both managed, and their performance evaluated on a fair value basis in accordance with a documented risk management or investment strategy.

Where a financial liability is designated at FVTPL, the movement in fair value attributable to changes in the Group's own credit quality is calculated by determining the changes in credit spreads above observable market interest rates and is presented separately in other comprehensive income. As at the reporting date, the Group has not designated any financial instruments as measured at fair value through profit or loss.

2.06.D Debt securities and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds and costs that are an integral part of the Effective Interest Rate (EIR).

2.06.E Reclassification

If the business model under which the Group holds financial assets undergoes changes, the financial assets affected are reclassified. The classification and measurement requirements related to the new category apply prospectively from the first day of the first reporting period following the change in business model that result in reclassifying the Group's financial assets. Changes in contractual cash flows are considered under the accounting policy on modification and derecognition of financial assets described in subsequent paragraphs.

2.06.F Recognition and Derecognition of financial assets and liabilities

Recognition:

a) Loans and Advances are initially recognised when the Financial Instruments are transferred to the customers.

b) Investments are initially recognised on the settlement date.

c) Debt securities and borrowings are initially recognised when funds are received by the Group.

d) Other Financial assets and liabilities are initially recognised on the trade date, i.e., the date that the Group becomes a party to the contractual provisions of the instrument. This includes regular purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Derecognition of financial assets due to substantial modification of terms and conditions:

The Group derecognises a financial asset such as a loan to a customer when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised loans are classified as Stage 1 for ECL measurement purposes unless the new loan is deemed to be Purchased or Originated as Credit Impaired (POCI). In case of an existing exposure to the borrower in the Group, the newly recognised loans are classified as per the staging of the existing exposure.

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Group records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

Derecognition of financial assets other than due to substantial modification

a) Financial assets:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Group also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Group has transferred the financial asset if the Group has transferred its contractual rights to receive cash flows from the financial asset.

A transfer only qualifies for derecognition, if either:

i. The Group has transferred substantially all the risks and rewards of the asset, or

ii. The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

The Group considers control to be transferred if and only if the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

When the Group has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Group's continuing involvement, in which case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

b) Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of Profit or Loss.

2.06.G Impairment of financial assets

Overview of the ECL principles

The Group records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, referred to in 'financial instruments' section. Equity instruments are not subject to impairment under Ind AS 109.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss) unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both Lifetime ECLs and 12-month ECLs are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments. The Group has grouped its loan portfolio into Micro, Small and Medium Enterprises (MSMEs), Construction Finance, Indirect Lending, Gold Loan, Home Loan and Unsecured business loan

The Group has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Group does the assessment of significant increase in credit risk at a borrower level. If a borrower has various facilities having different past due status, then the highest Days Past Due (DPD) is considered to be applicable for all the facilities of that borrower.

Based on the above, the Group categorises its loans into Stage 1, Stage 2 and Stage 3 as described below:

Stage 1
All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Group classifies all standard advances (past due for 0 to30 days) under this category. Stage 1 loans also include facilities where the credit risk has reduced and the loan has been reclassified from Stage 2 or Stage 3.

Stage 2
All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. Financial assets past due for 31 to 90 days are classified under this stage and lifetime ECL is recognised on such financial assets. Stage 2 loans also include facilities where the credit risk has reduced, and the loan has been reclassified from Stage 3.

Stage 3
All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. More than 90 days Past Due is considered as default for classifying a financial instrument as credit impaired.
Credit-impaired financial assets:
At each reporting date, the Group assesses whether financial assets carried at amortised cost and debt financial assets carried at FVTOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.
Evidence that a financial asset is credit-impaired includes the following observable data:
a) Significant financial difficulty of the borrower or issuer;
b) A breach of contract such as a default or past due event;
c) It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
d) The disappearance of an active market for a security because of financial difficulties.

The mechanics of ECL:
The assessment of credit risk and estimation of ECL are unbiased and probability weighted. It incorporates all information that is relevant including information about past events, current conditions and reasonable forecasts of future events and economic conditions at the reporting date. In addition, the estimation of ECL takes into account the time value of money. Forward looking economic scenarios determined with reference to external forecasts of economic parameters that have demonstrated a linkage to the performance of our portfolios over a period of time have been applied to determine impact of macro economic factors.

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

Probability of Default (PD)
Probability of Default (PD) is defined as the likelihood of default over a particular time horizon. The PD of an obligor is a fundamental risk parameter in credit risk analysis and depends on obligor specific as well as macroeconomic risk factors.

Loss Given Default (LGD)
Loss Given Default (LGD) is defined as the loss rate on the exposure, given the borrower has defaulted. LGD is being calculated for all financial instruments under risk parameter approach by way of evaluation of historical data on defaults, recovery amounts, collateral liquidation, direct expenses, and opportunity cost for each default.

Exposure at Default (EAD)
The Exposure at Default (EAD) is an estimate of the exposure at a future default date including the undrawn commitments. EAD is taken as the gross exposure under a facility upon default of an obligor. The principal outstanding, overdue principal, accrued interest, overdue interest less excess received from the customers is considered as EAD for the purpose of ECL computation.

Forward looking information
While estimating the expected credit losses, the Group reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Group analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD determined by the Group based on its internal data/external data. While the internal estimates of PD rates by the Group may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

Collateral repossessed
In its normal course of business, Group repossess assets under SARFAESI/ Arbitration Act, but do not transfer these assets in its book of accounts. The Group continues to show these loans account as Non-Performing Assets (NPA) in the books till the liquidation of the secured assets through public auction and realise actual payment against these loans.

2.06.H Write-offs

The Group reduces the gross carrying amount of a financial asset when the Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Group determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

2.06.I Determination of fair value

On initial recognition, all the financial instruments are measured at fair value. For subsequent measurement, the Group measures certain categories of financial instruments (as explained in note) at fair value on each Balance Sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

i. In the principal market for the asset or liability, or

ii. In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments - Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Group has access to at the measurement date. The Group considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments - Those where the inputs that are used for valuation are significant and are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Group will classify the instruments as Level 3.

Level 3 financial instruments - Those that include one or more unobservable input that is significant to the measurement as whole.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Difference between transaction price and fair value at initial recognition

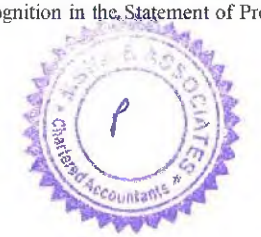

The best evidence of the fair value of a financial instrument at initial recognition is the transaction price (i.e. the fair value of the consideration given or received) unless the fair value of that instrument is evidenced by comparison with other observable current market transactions in the same instrument (i.e. without modification or repackaging) or based on a valuation technique whose variables include only data from observable markets. When such evidence exists, the Group recognises the difference between the transaction price and the fair value in profit or loss on initial recognition (i.e. on day one).

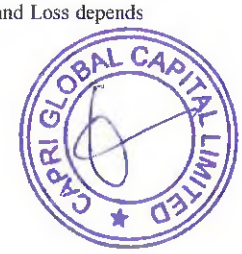

When the transaction price of the instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Group recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is not recognised at the initial recognition stage.

2.06.J Derivative Financial Instruments

The Group holds derivative financial instruments to hedge its foreign currency and interest rate risk exposures. Embedded derivatives are separated from the host contract and accounted for separately if certain criteria are met.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each Balance Sheet date. The resulting gain/loss is recognised in the Statement of Profit and Loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the Statement of Profit and Loss depends on the nature of the hedge relationship.

The Group designates certain derivatives as hedging instruments to hedge the variability in cash flows associated with its floating rate borrowings arising from changes in interest rates and exchange rates at inception of designated hedging relationships.

The Group documents the risk management objective and strategy for undertaking the hedge. The Group also documents the economic relationship between the hedged item and the hedging instrument including whether the changes in cash flows of the hedged item and hedging instrument are expected to offset each other.

Cash flow hedges
When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognised in OCI and accumulated in the other equity under 'effective portion of cash flows hedges'. The effective portion of changes in the fair value of the derivative that is recognised in OCI is limited to the cumulative change in fair value of the hedged item determined on a present value basis from inception of the hedge. Any ineffective portion of changes in fair value of the derivative is recognised immediately in Statement of Profit or Loss.

The Group designates only the change in fair value of the spot element of forward exchange contracts as the hedging instrument in cash flow hedge relationships. Change in fair value of the forward element of the forward exchange contracts ('forward points') is separately accounted for as cost of hedging and recognised separately within equity.

If a hedge no longer meets the criteria for hedge accounting or the hedging instrument is sold, expires, is terminated or is exercised, then hedge accounting is discontinued prospectively. If the hedged future cash flows are no longer expected to occur, then the amounts that have been accumulated in other equity are immediately reclassified to profit or loss.

2.07 Cash and cash equivalents
Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value. They are held for the purposes of meeting short-term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short- term deposits, as defined above.

2.08 Property, plant and equipment
Property, Plant and Equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment,if any. The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate and treated as changes in accounting estimates.

PPE is recognised when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.
Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress.

Depreciation
Depreciation is calculated using the Written Down Value (WDV) method to write down the cost of property and equipment to their residual values over their estimated useful lives which is in line with the estimated useful life as specified in Schedule II of the Act. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.
Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the Statement of Profit and Loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.
ROU assets are depreciated from the date of commencement of the lease on a straight-line basis over the shorter of the lease term and the useful life of the underlying asset.

2.09 Intangible assets
An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Group.
Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

MSKA & ASSOCIATES
CAPRI GLOBAL CAPITAL LIMITED

The useful lives of intangible assets are assessed to be either finite or infinite. Intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year-end.

Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortisation period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is presented as a separate line item in the Statement of Profit and Loss. Amortisation on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of Profit and Loss from / upto the date of acquisition/sale.

Amortisation is calculated using the straight-line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortised on a straight-line basis over a period of 3 years unless it has a shorter useful life.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

Intangible assets not ready for the intended use on the date of Balance Sheet are disclosed as "Intangible under development"

Estimated useful life of assets is as below:

(a) Lease hold improvements and Lease Premises- As per lease period
(b) Computer- 3 years
(c) Furniture & fixtures - 10 years
(d) Office Equipment- 5 years
(e) Vechicles- 10 years (Motor cycles, scooters) and 8 years (Motor cars)
(f) Electric installations- 10 years
(g) Computer Software- 3 years
(h) Trademarks- 10 years

2.10 Provisions

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the Statement of Profit and Loss net of any reimbursement.

2.11 Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

2.12 Earnings Per Share

The Group reports basic and diluted Earnings Per Share (EPS) in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.
For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

2.13 Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

2.13.A Defined employee benefit assets and liabilities - Refer 2.05.B

2.13.B Impairment of financial assets - Refer 2.06.G

2.13.C Effective Interest Rate (EIR) method - Refer 2.04.A and 2.05.A

Total	**42,215.85**	**37,540.76**

g) Dividend Payment

During the current year the Holding company has paid dividend of ₹ 0.15 per share amounting to ₹ 123.74 millions
During the previous year the Holding company has paid dividend of ₹ 0.50 per share amounting to ₹ 103.08 millions

Notes:

a) Statutory Reserve pursuant to Section 45-IC of the RBI Act, 1934

Every non-banking financial company is required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year as disclosed in the statement of profit and loss before any dividend is declared.

b) Statutory Reserve Section 29C of the National Housing Bank Act, 1987

Every housing finance company is required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year as disclosed in the statement of profit and loss before any dividend is declared.

b) Securities Premium

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

d) General Reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013

e) Employee stock option outstanding

This reserve is used to record the employee stock options which are outstanding. The said reserve will be utilised for issuance of share to the eligible employees.

f) Proposed Dividend

The Board of Directors have recommended a final dividend of 20% i.e. ₹ 0.20 per equity share on face value of ₹ 1/- each for the year 2024-25 (previous year ₹ 0.15 per equity share) subject to the approval of the members at the ensuing Annual General Meeting. In terms of Ind AS 10 - "Events after the Reporting Period" the Holding Company has not appropriated proposed dividend aggregating to ₹ 165.02 million from the Statement of Profit and Loss Account for the year ended March 31, 2025.

Total	**476.09**	**230.18**	**-**	**706.25**

Deferred Tax Assets / Liabilities are calculated at the applicable rate of 25.17% for the year ended March 31, 2024 and 2025

*As per Ind AS 109 'Financial Instruments', on derecognition of loans, the Group recognise difference between the carrying amount (measured at the date of derecognition) and consideration received (including new asset obtained less any new liability assumed) as gain in Statement of profit and loss account. Such gain recognised on derecognition of loans is not a real income as per Income tax Act, 1961, hence is offered to tax over the tenure of loans.
Accordingly, deferred tax liability has been created on the Spread receivable on assigned portfolio (Co-lending portfolio).

Deferred Tax assets created on account of past years tax adjustments has been shown and adjusted against tax expenses provided for earlier years.

45. Employee benefits - Disclosure pursuant to Ind AS 19 'Employee Benefits'

45.A Defined contribution plans

The Group's state governed provident fund scheme are defined contribution plan for its employees. The contribution by the employer and employee together with interest accumulated there on are payable to the employee at the time of separation from group or retirement whichever is earlier. The benefit vests immediately on rendering of services by the employee.

	For the year ended March 31, 2025	2024
i) Group's contribution to provident fund	347.17	278.66
ii) Group's contribution to National Pension Scheme	7.90	6.26

45.B Defined Benefit Plan

The Group has a defined benefit gratuity plan in India (funded). The Group's defined benefit gratuity plan is a final salary plan for its employees, which requires contributions to be made to a separately administered fund. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at separation/retirement. The fund has the form of a trust and it is governed by the Board of Trustees, which consists of an equal number of employer and employee representatives. The Board of Trustees is responsible for the administration of the plan assets and for the definition of the investment strategy.

b) The following table sets out the status of the Defined Benefit Gratuity Plan as per the actuarial valuation by the independent Actuary appointed by the Group:-

Change in defined benefit obligations:	**For the year ended March 31,**	
	2025	**2024**
Defined benefit obligation, beginning of the year	**130.05**	**78.86**
Current service cost	55.05	28.26
Past service cost	31.29	-
Interest cost	9.29	5.68
Remeasurements (gains) / losses		
Actuarial (gains) / losses		
arising from changes in demographic assumptions	12.45	8.29
arising from changes in financial assumptions	0.81	4.35
arising from changes in experience adjustments	21.87	16.70
Benefits paid from plan assets	(10.84)	(12.09)
Net transfer in / (out) (and effect of any business combinations/ divestures/transfers)	(0.06)	-
Defined benefit obligation, end of the year	**249.91**	**130.05**
Change in plan assets:		
Fair value of plan assets, beginning of the year	70.94	50.15
Interest income	5.05	3.61
Remeasurements gains / (losses)	-	-
Return on plan assets, (excluding amount included in net Interest expense)	1.29	0.56
Employer's contributions	52.19	28.71
Transfer in/(out) of assets	-	-
Net transfer in / (out) (and effect of any business combinations/ divestures/transfers)	-	-
Benefits paid	(10.85)	(12.09)
Fair value of plan assets, end of the year	**118.62**	**70.94**

c) **Amount recognized in the balance sheet consists of:**

	As at March 3	
	2025	**2024**
Present value of defined benefit obligation	249.91	130.05
Fair value of plan assets	118.62	70.94
Net liability / (assets)	**131.29**	**59.11**

d) **The amounts recognised in the Statement of Profit and Loss are as follows:**

		For the year ended March 31,	
		2025	**2024**
Service Cost			
Current service cost		55.05	28.26
Past service cost		31.29	-
Total Service cost	(i)	**86.34**	**28.26**
Net interest cost			
Interest expense on Defined Benefit Obligation (DBO)		9.29	5.68
Interest (income) on plan assets		(5.05)	(3.61)
Total Interest cost	(ii)	**4.24**	**2.07**
Defined benefit cost included in Statement of Profit and Loss	**(iii) = (i+ii)**	**90.58**	**30.33**
Remeasurements recognised in other comprehensive income (OCI)			
Actuarial (gains) / losses on defined benefit obligation			
Due to changes in demographic assumptions		12.45	8.29
Due to changes in financial assumptions		0.81	4.35
Due to changes in experience adjustments		21.87	16.70
Return on plan assets (excl. interest income)		(1.29)	(0.56)
Total remeasurement in other comprehensive income (OCI)	**(iv)**	**33.84**	**28.78**
Total Defined benefit cost included in Statement of P&L and OCI	**(v) = (iii + iv)**	**124.42**	**59.11**

e) **The fair value of the plan assets for India are as follows:**

	As at March 31,	
	2025	**2024**
a) Insurer managed funds	118.62	70.94

f) **Maturity Analysis of benefit payments**

Projected Benefits Payable in Future Years From the Date of Reporting	**As at March 31,**	
	2025	**2024**
1st following year	47.08	21.15
2nd following year	32.30	16.95
3rd following year	33.29	17.26
4th following year	33.43	21.24
5th following year	30.08	20.73
Sum of years 6 To 10	94.12	54.53
Sum of years 11 and above	75.80	25.34

The estimates of future salary growth, factored in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market. Such estimates are very long term and are not based on limited past experience / immediate future. Empirical evidence also suggests that in very long term, consistent high salary growth rates are not possible. The said estimates and assumptions have been relied upon by the auditors.

g) Sensitivity analysis

	For the year ended March 31,			
	2025	2024	2025	2024
Sensitivity Level	1% increase	1% increase	1% decrease	1% decrease
Impact on defined benefit obligation				
i) Discount Rate	(9.76)	(4.63)	10.71	5.00
ii) Future Salary Increases	10.48	4.62	(9.83)	(4.39)
iii) Employee Turnover	(4.59)	(2.45)	4.82	2.53

Note :

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the Balance Sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

(Currency : Indian Rupees in millions)

46. Leases

A. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

B. Group as a lessee

The Group's lease asset classes primarily consist of leases for premises. The Group assesses whether a contract contains a lease, at inception of a contract. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

C. The details of Right to use Asset of the Group are as follows:

Asset Class	**Leasehold Property As at March 31,**	
	2025	**2024**
Balance as at beginning of the year (net)	**2,372.26**	**1,871.28**
Reclassified on account of adoption of Ind AS 116	-	
Add: Additions during the year	346.95	931.59
Less: Deductions during the year on account of modification / termination of leases	(52.26)	(29.68)
Less: Depreciation	(423.22)	(400.93)
Closing Balance as at March 31	**2,243.73**	**2,372.26**

D Following is the movement in lease liabilities for the period

Balance as at beginning of the year	**2,591.66**	**1,928.86**
Add: Additions / modification during the year	309.80	902.76
Less: Deductions / modification during the year	(29.84)	(13.09)
Add: Interest Expense	327.57	342.25
Less: Lease Payments	(610.16)	(569.12)
Closing Balance as at March 31	**2,589.03**	**2,591.66**

E. Contractual maturities of lease liabilities on an undiscounted basis

Tenure	**As at March 31,**	
	2025	**2024**
Less than 1 year	710.07	571.47
1-3 years	1,128.69	1,169.47
3-5 years	1,070.02	1,003.33
More than 5 years	804.56	1,282.47
Total	**3,713.34**	**4,026.74**

F. Right-of-use Assets and Lease liabilities related expenses booked in Statement of Profit and Loss

	For the year ended March 31,	
	2025	**2024**
a. Depreciation on Right-of-use Assets	423.22	400.91
b. Interest on Lease liabilities	327.57	342.25
Total	**750.79**	**743.16**

G. Short term Leases (in Statement of Profit and Loss)

	For the year ended March 31,	
	2025	**2024**
i) Office premises / Branch offices	63.16	24.62
Total	**63.16**	**24.62**

Notes:
The entity has adequate liquidity for payment of lease liabilities. The Group regularly monitor and pays lease rentals on timely manner as per the terms of respective leave and license agreement.

The Group has right to extend lease term as per mutually agreed terms laid down in respective leave and license agreement. The Group takes into account effect of extended lease term while recording the lease assets and lease liabilities accordingly.

48. Maturity analysis of assets and liabilities

The table below shows an analysis of assets and liabilities analysed according to when they are expected to be recovered or settled. They have been classified to mature and/or be repaid within 12 months. With regards to loans and advances to customers, the Group uses the same basis of expected repayment as used for estimating the EIR.

Particulars	As at March 31, 2025			As at March 31, 2024		
ASSETS	Within 12 months	After 12 months	Total	Within 12 months	After 12 months	Total
Financial assets						
Cash and cash equivalents	15,065.48	-	15,065.48	6,396.49	-	6,396.49
Bank Balances other than cash and cash equivalents	113.13	133.44	246.57	135.76	213.96	349.72

Classification of assets and liabilities under the maturity buckets is based on the same estimates and assumptions as used by the Group for compiling the return submitted to the RBI. The above is based on the information available with the Group which has been relied upon by the auditors.

49. Capital Management

The Group's capital management is intended to create value for shareholders by facilitating the meeting of long-term and short-term goals of the Group. The Group determines the amount of capital required on the basis of annual operating plans and other strategic investment plans. The funding requirements if any will be met through bank borrowings and equity if the need arise.

The primary objectives of the Group's capital management are to ensure that the Group complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholders value. The Group manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. Capital Management, objectives and processes are under constant review by the Board.

50. Change in liabilities arising from financing activities

FY 2024-25	As at April 01, 2024	Cash flows	Other -non cash*	As at March 31, 2025
Debt Securities	1,521.65	3,650.00	(85.08)	**5,086.57**
Borrowings other than debt securities	102,547.48	48,267.42	(133.36)	**150,681.54**
Total liabilities from financing activities	**104,069.13**	**51,917.42**	**(218.44)**	**155,768.11**

FY 2023-24	As at April 01, 2023	Cash flows	Other -non cash*	As at March 31, 2024
Debt Securities	4,386.14	(2,666.67)	(197.82)	**1,521.65**

Total liabilities from financing activities	**75,113.01**	**29,377.12**	**(421.00)**	**104,069.13**

*includes the effect of amortisation of borrowing cost, interest accrued on borrowings, conversation factor of derivative instruments.

51. Fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using a valuation technique.

Ind AS 107, 'Financial Instrument - Disclosure' requires classification of the valuation method of financial instruments measured at fair value in the balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair-value-hierarchy under Ind AS 107 are described below:

51.A Financial instruments by category

51.B **Fair value hierarchy**

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

51.B.1 **Financial assets and liabilities measured at fair value - recurring fair value measurements**

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the- counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

Short-term financial assets and liabilities For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include cash and cash equivalents, trade receivables, balances other than cash and cash equivalents and trade payables without a specific maturity

52. Risk Disclosures

Group's risk is managed through an integrated risk management framework, including ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Group's continuing profitability and each individual within the Group is accountable for the risk exposures relating to his or her responsibilities. The Group is exposed to credit risk, liquidity risk and interest rate risk. It is the Group's policy to ensure that a robust risk awareness is embedded in its organizational risk culture.

52.A Credit risk

Credit risk is the risk that the Group will incur a loss because its customers or counterparties fail to discharge their contractual obligations. The Group manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties.

52.A.1 Impairment assessment

a) Exposure at Default

The Exposure at Default is an estimate of the exposure at a future default date including the undrawn commitments. EAD is taken as the gross exposure under a facility upon default of an obligor. The principal outstanding, overdue principal, accrued interest, overdue interest is considered as EAD for the purpose of ECL computation.

The advances have been bifurcated into following three stages:
Stage 1- All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Group classifies all standard advances (past due for 0 to30 days) under this category. Stage 1 loans also include facilities where the credit risk has reduced and the loan has been reclassified from Stage 2 or Stage 3

Stage 2 – All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. Financial assets with days past due for 31 to 90 days are classified under this stage and lifetime ECL is recognised on such financial assets. Stage 2 loans also include facilities where the credit risk has reduced, and the loan has been reclassified from Stage 3.

Stage 3 – All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. More than 90 days Past Due is considered as default for classifying a financial instrument as credit impaired.

b) Significant increase in credit risk

The Group continuously monitors all assets subject to ECLs. In order to determine whether an instrument or a portfolio of instruments is subject to 12 months ECL or lifetime ECL, the Group assesses whether there has been a significant increase in credit risk since initial recognition. The Group considers an exposure to have significantly increased in credit risk if contractual payments are more than 30 days past due.

c) Definition of default and cure

The Group considers a financial instrument defaulted and therefore Stage 3 (credit impaired) for ECL calculations in all cases when the borrower becomes more than 90 days past due on its contractual payments.
As a part of a qualitative assessment of whether a customer is in default, the Group also considers a variety of instances that may indicate inability to pay. When such events occur, the Group carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate. Such events include:

a) Significant financial difficulty of the borrower or issuer;
b) A breach of contract such as a default or past due event;
c) The restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise; or
d) It is becoming probable that the borrower will enter bankruptcy or other financial reorganization

52. Risk Disclosures

It is the Group's policy to consider a financial instrument as 'cured' and therefore re-classified out of Stage 3 when the borrower makes necessary payments & the borrower is not 90 days past due after such payments. The decision whether to classify an asset as Stage 2 or Stage 1 once cured depends on the updated credit grade, at the time of the cure, and whether this indicates there has been a significant increase in credit risk compared to initial recognition.

d) Probability of Default ("PD") estimation process

Probability of default ("PD") is defined as the likelihood of default over a particular time horizon. The PD of an obligor is a fundamental risk parameter in credit risk analysis and depends on obligor specific as well as macroeconomic risk factors.

a) The Group has applied 12 months PD to stage 1 advances
b)The Lifetime PD is computed using basic exponentiation technique after considering the residual maturity of the respective loan.
c) PD of 100% is considered for Stage 3 assets.

Days past due are a primary input for the determination of the PD for exposures. The Group collects performance and default information about its credit risk exposures analyzed by portfolio. For some portfolios, rating based published information is used.

The Group employs statistical models to analyze the data collected and generate estimates of the remaining lifetime PD of exposures and how these are expected to change as a result of the passage of time. Such statistical models are selected considering the availability of information related to the probability of default for each product. This analysis includes the identification and calibration of relationships between changes in default rates and changes in key macro-economic factors.

For the purpose of determination of impact of forward looking information, the Group applies various macro economic (ME) variables as stated above to each portfolio and assess the trend of the historical probability of defaults as compared to the forecasted probability of default. Based on the directional trend of output, management applies an overlay if required. Overtime, new ME variable may emerge to have a better correlation and may replace ME being used now.

The loans are segmented into homogenous product categories to determine the historical PD/LGD as per similar risk profiles, this segmentation is subject to regular review For portfolios in respect of which the Company has limited historical data, external benchmark information is used to supplement the internally available data.

The Group does not have any historic data of default in case of Gold Loan portfolio, so it has relied upon the published data of competitors. In case of Unsecured business loan, it has relied upon the public data of partners with their existing customers of the similar behavioral vintage

e) Loss Given Default ("LGD")

Loss Given Default ("LGD") is defined as the loss rate on the exposure, given the borrower has defaulted. LGD is being calculated for all financial instruments under risk parameter approach by way of evaluation of historical data on defaults, recovery amounts, collateral liquidation, direct expenses, and opportunity cost for each default. LGD has been computed using the volatility-based model in case of Gold Loan portfolio. LGD has been computed by using the FIRB (Foundation Internal Rating Based) in case of Unsecured business loan

f) Forward looking information

In its ECL models, the Group relies on a broad range of forward looking information as economic inputs, such as. GDP growth, Consumer Price Index, Unemployment rate, Lending Interest Rate etc The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. To reflect this, qualitative adjustments or overlays are occasionally made as temporary adjustments when such differences are significantly material.

(Currency : Indian Rupees in millions)

52. Risk Disclosures

52.A.2 Collateral and other credit enhancements

The Group holds collateral and other credit enhancements against certain of its credit exposures. The loans are collateralized against equitable mortgage of property, pledge of shares, hypothecation of assets, physical gold jewellery, undertaking to create security.

Management monitors the market value of collateral and will request additional collateral in accordance with the underlying agreement. In case of defaults by customers, where the Group is unable to recover the dues, the Group through a legal process enforces the security and recovers the dues.

52.B Liquidity risk and funding management

Liquidity risk is defined as the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Group might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances. Such scenarios could occur when funding needed for illiquid asset positions is not available to the Group on acceptable terms. To limit this risk, management has arranged for diversified funding sources and adopted a policy of managing assets by monitoring future cash flows and liquidity on a daily basis.

Liquidity risk is managed in accordance with Asset Liability Management Policy. This policy is framed as per the current regulatory guidelines and is approved by the Board of Directors of the NBFC's entity. The Asset Liability Management Policy is reviewed periodically to incorporate changes as required by regulatory stipulation or to realign the policy with changes in the economic landscape. The Asset Liability Committee (ALCO) of the Group formulates and reviews strategies and provides guidance for management of liquidity risk within the framework laid out in the Asset Liability Management Policy.

52. Risk Disclosures

52.B.1 The table below summarises the maturity profile of the undiscounted cash flow of the Group's financial liabilities:

As at March 31, 2025

		Debt Securities	Borrowings	Trade Payable	Lease liability	Other Financial Liability
1	upto 30/31 days	747.39	2,751.42	1,646.31	54.18	2,345.33

52.C Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments. The core business of the Group is providing loans to MSME, Construction Finance, Indirect lending, Gold loan, Housing Loan and Unsecured business loan. The Group borrows through various financial instruments to finance its core lending activity. These activities expose the Group to interest rate risk.

Interest rate risk is measured through earnings at risk from an earnings perspective and through duration of equity from an economic value perspective. Further, exposure to fluctuations in interest rates is also measured by way of gap analysis, providing a static view of the maturity and re-pricing characteristic of Balance sheet positions. An interest rate sensitivity gap report is prepared by classifying all rate sensitive assets and rate sensitive liabilities into various time period categories according to contracted/behavioral maturities or anticipated re-pricing date. The difference in the amount of rate sensitive assets and rate sensitive liabilities maturing or being re-priced in any time period category, gives an indication of the extent of exposure to the risk of potential changes in the margins on new or re-priced assets and liabilities.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being considered as constant) of the Group's statement of profit and loss and equity.

52.C.1 FY 2024-25

Financial Instruments Type	Increase / (decrease) in basis points (bps)	Sensitivity of profit or loss		Sensitivity of equity	
a. Loans	50 bps Up	Impact on Profit before Tax	649.77	Impact on equity	487.51
	100 bps Up		1,299.55		975.03
	50 bps Down		(649.77)		(487.51)
	100 bps Down		(1,299.55)		(975.03)
b. Borrowings	50 bps Up	Impact on Profit before Tax	(714.47)	Impact on equity	(536.22)
	100 bps Up		(1,428.93)		(1,072.44)
	50 bps Down		714.47		536.22
	100 bps Down		1,428.93		1,072.44

52.C.2 FY 2023-24

Financial Instruments Type	Increase / (decrease) in basis points (bps)	Sensitivity of profit or loss		Sensitivity of equity	
a. Loans	50 bps Up	Impact on Profit before Tax	544.46	Impact on equity	409.15
	100 bps Up		1,088.92		818.29
	50 bps Down		(544.46)		(409.15)
	100 bps Down		(1,088.92)		(818.29)
b. Borrowings	50 bps Up	Impact on Profit before Tax	(514.10)	Impact on equity	(386.42)
	100 bps Up		(1,028.21)		(772.84)
	50 bps Down		514.10		386.42
	100 bps Down		1,028.21		772.84

52.D Operational Risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Group cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include maker-checker controls, effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, such as the use of internal audit.

52.E Capital Management :

Group's capital management objective is primarily to safeguard business continuity. The Group's cashflows are regularly monitored in sync with annual operating plans and long-term and other strategic investment plans. The operational funding requirements are met through debt and operating cash flows generated. The Group believes this approach would create shareholder value in long run. Also, the Group has adopted a conservative approach for ALM management with primacy to adequate liquidity. At present a large portion of the Group's resource base is equity.

The Group maintains its capital structure in line with economic conditions and the risk characteristics of its activities and the board reviews the capital position on a regular basis.

Gearing ratio :
The gearing ratio at each date were as follows :

Particulars	As at March 31, 2025	As at March 31, 2024
a. Debt (I)*	158,357.14	106,660.79
b. Cash and bank balances (II)#	13,803.66	2,762.61
c. Net debt (I - II)	144,553.48	103,898.18
d. Total equity	43,040.97	38,365.70
e. **Net debt to equity ratio**	**3.36**	**2.71**

* Debt includes debt securities, borrowings and lease liabilities.
\# Cash and bank balances is net of book overdraft

185.00	240,000.00	38.20	240,000.00	50.37
187.50	200,000.00	27.23	200,000.00	39.40

Fair value methodology
The fair value of ESOP are measured using Black-scholes-merton formula. Measurement input includes share price on measurement date, exercise date of the instrument, exercise price, expected life, risk free interest rate, expected dividend yield, expected volatility.

The following table summarizes the assumptions used in calculating the grant date fair value.

Particulars	As at March 31, 2025	As at March 31, 2024
Expected life of the options	3 to 5 Years	3 to 5 Years
Expected volatility	40%	40%
Expected dividend yield	0.09% to 0.12% p.a	0.18% p.a
Risk-free interest rate	6.78% to 7.19% p.a	7.00% to 7.08%

Expected life of the options: Expected life of the options is the period for which the company expects the options to be live. The minimum life of a stock option is the minimum period before which the options cannot be exercised, and the maximum life is the period after which the options cannot be exercised.

Expected volatility: The measure of volatility used in ESOP pricing model is the annualised standard deviation of the continuously compounded rates of return (calculated by log function) on the share over a period prior to the date of grant corresponding to the expected life of the option.

Expected dividend yield: Expected dividend yield has been calculated as an average of dividend yields of six financial years preceding the date of grant. The expected dividend yield for the year is derived by dividing the dividend per share by the share price as on dividend effective date.

Risk-free interest rate: The rate used to discount employee benefit obligations reflects the estimated timing of benefit payments and the currency in which the benefits are to be paid. We have used the Discount Rate which relates to the par-yield rate available on ZYC Government Securities (G. Sec.) for the tenure of the expected life of options. (Ref: G Sec. rates available through www.fbil.org.in with prices/yields published by FBIL).

	For the year Ended March 31, 2025	2024
a. Weighted average market price of the ESOPs exercised	₹ 205.90 per share	₹ 186.73 per share
b. ESOP cost recognised in the Statement of Profit and Loss (₹ in millions)	100.74	70.63

	As at March 31, 2025	As at March 31, 2024
Receivable from the subsidiary company (CGHFL) with which employees are employed (Amount receivable is difference between the exercise price and fair value of the options)	-	1.47

	As at March 31, 2025	As at March 31, 2024
Rembursement of cost incurred by the holding company	-	-

58. Expenditure in Foreign Currency

	FY 2024-25	FY 2023-24

60. Other Statutory Information:

60.1 The Group had not granted any loans or advances in the nature of loans to promoters, directors, KMPs and the related parties (as defined under Companies Act, 2013), either severally or jointly with any other person, that are repayable on demand or without specifying any terms or period of repayment.

60.2 The Group does not have any benami property held in its name. No proceedings have been initiated on or are pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.

60.3 The Group has not been declared wilful defaulter by any bank or financial institution or other lender or government or any government authority.

60.4 The Group did not have transactions with struck off companies under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956 during the year March 31, 2025.

Details of transaction with Struck off company during the year March 31, 2024 as below:

No.	Name of the struck off company	Nature of Transactions	FY 2023-24	
			Balance outstanding Amount in ₹	Relationship with Struck off Company
1	Kothari Intergroup Limited	Equity shares investor	40.00	Shareholder of the company

60.5 The Group did not have any charges or satisfaction which were yet to be registered with ROC beyond the statutory period.

60.6 The Group has not advanced or loaned or invested funds to any other person(s) or entity(is), including foreign entities (Intermediaries), with the understanding that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

60.7 The Group has not received any funds from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

60.8 The Group did not have any transaction which had not been recorded in the books of account that had been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

60.9 The Group has not revalued any of its Property, Plant and Equipment (including Right-of-Use Assets) during the year.

60.10 The Group has complied with the number of layers for its holding in downstream companies prescribed under clause (87) of section 2 of the Companies Act, 2013 read with the Companies (Restriction on number of Layers) Rules, 2017.

60.11 The Group has not revalued Intangible assets during the year.

60.12 Quarterly returns or statements of current assets filed by the Group with banks or financial institutions are in agreement with the books of accounts.

60.13 Compliance with approved Scheme(s) of Arrangements - Not applicable

60.14 Borrowed funds have been utilised for the purpose they have been sanctioned and share premium has been utilised in working capital.

60.15 The title deeds of immovable properties are held in the name of the Holding Company.

60.16 The Group has not traded or invested in crypto currency or virtual currency during the financial year.

60.17 The Holding Company has registered with Insurance Regulatory and Development Authority of India (IRDAI) as Corporate agent vide CA0881 dated December 07, 2023.

61. **Accounting Software Used for maintenance of Books of Accounts**

The Group has used certain accounting softwares (including one new ERP implemented w.e.f. December 1, 2024) for maintaining its books of account which has a feature of recording audit trail (edit log) facility except that no audit trail feature was enabled at database level in respect of one accounting software (the old ERP discontinued on November 30, 2024) for the Group and was not enabled at the database level from April 1, 2024 to July 07, 2024 in respect of another accounting software for the holding company. Further the audit trail feature was not enabled at the application level in respect of one accounting software to log any direct data changes for holding company.

Further, to the extent enabled, audit trail feature has operated throughout the year for all relevant transactions recorded in the accounting softwares. Further, we did not come across any instance of audit trail feature being tampered. Additionally, where enabled, the audit trail has been preserved by the holding company and its subsidiary companies as per the statutory requirements for record retention to the extent it was enabled and recorded except for one application the audit trail is not preserved where audit trail feature was enabled on July 08, 2024 at database level for holding company.

Independent Auditor's Report

To the Members of Capri Global Capital Limited
Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Capri Global Capital Limited ('the Company'), which comprise the standalone balance sheet as at 31 March 2024, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of cash flow and the standalone statement of changes in equity for the year then ended, and notes to the standalone financial statements, including a summary of the material accounting policies and other explanatory information (hereinafter referred to as the 'standalone financial statements').

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015,the relevant circulars, guidelines and directions issued by the Reserve Bank of India (RBI) from time to time ('RBI Guidelines') and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

5. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
Impairment of loans and advances to customers (Refer Note 2.05G for material accounting policies and Note 53A for credit risk disclosures)	
As at 31 March 2024, the Company has reported gross loan assets of ₹ 98,285.70 millions against which an impairment loss of ₹ 2,052.87 millions has been recorded. The Company recognized impairment provision for loan assets based on the Expected Credit Loss ("ECL") approach laid down under 'Ind AS 109 - Financial Instruments'. The estimation of ECL on financial instruments involves significant management judgement and estimates and the use of different modelling techniques and assumptions which could have a material impact on reported profits. Significant management judgement and assumptions involved in measuring ECL is required with respect to: ➢ ensuring completeness and accuracy of the data considered for assumptions used in the model. ➢ determining the criteria for a significant increase in credit risk. ➢ factoring of future economic variables ➢ techniques used to determine probability of default, loss given default and exposure at default. These parameters are derived from the Company's internally developed statistical models and where sufficient internal experience is not available, then proxy of comparable data. On the basis of an estimate made by the management, an overlay of ₹ 208.12 millions has been carried by the Company as at 31 March 2024 on loans basis their performance and outstanding position. The basis of estimates and assumptions involved in arriving at the overlay are monitored by the Company periodically and significantly depend on future developments in the economy.	Our audit focused on assessing the appropriateness of management's judgment and estimates used in the impairment analysis through procedures that included, but were not limited to, the following: • Obtained an understanding of the modelling techniques adopted by the Company including the key inputs and assumptions; • Considered the Company's accounting policies for estimation of expected credit loss on loans and assessing compliance with the policies in terms of Ind AS 109; • Understanding management's updated processes, systems and controls implemented in relation to impairment allowance process; • Accuracy of the computation of the ECL estimate including reasonableness of the methodology and assumption used to determine macro-economic overlays; • Tested the design and operating effectiveness of key controls over completeness and accuracy of the key inputs and assumptions considered for calculation, recording, monitoring of the impairment loss recognized and staging of assets. Also evaluated the controls over the modelling process, validation of data and related approvals; • Assessed the critical assumptions and input data used in the estimation of expected credit loss models for specific key credit risk parameters, such as the movement logic between stages, Exposure at default (EAD), probability of default (PD) or loss given default (LGD);

Disclosure The disclosures regarding the Company's application of Ind AS 109 are key to explaining the key judgements and material inputs to the Ind AS 109 ECL results. Further, disclosures to be provided as per RBI circulars with regards to non-performing assets and provisions is also an area of focus. Considering the significance of the above matter to the overall financial statements and extent of management's estimates and judgements involved, it required auditor's significant attention. Accordingly, we have identified this as a key audit matter.	• Performed test of details over calculations of ECL, in relation to the completeness and accuracy of data; • Obtained written representations from management on whether they believe significant assumptions used in calculation of expected credit losses are reasonable; and • Assessed the appropriateness and adequacy of the related presentation and disclosures of Note 53 "Risk Dislcosures" disclosed in the accompanying financial statements in accordance with the applicable accounting standards and related RBI circulars and Resolution Framework.

Information other than the Financial Statements and Auditor's Report thereon

6. The Company's management and the Board of Directors are responsible for the other information. The other information comprises the information to be included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

   Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

   In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

   When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Board of Directors' Responsibilities for the Standalone Financial Statements

7. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Management and the Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act, RBI Guidelines and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS

accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

8. In preparing the standalone financial statements, the Board of Directors and management are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

9. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

11. As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to the standalone financial statements in place and the operating effectiveness of such controls based on our audit;

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and the Board of Directors;

M M NISSIM & CO LLP
FRN : 107122W / W100672
MUMBAI
CHARTERED ACCOUNTANTS

- Conclude on the appropriateness of Board of Directors and management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and

- Obtain sufficient appropriate audit evidence regarding the standalone financial statements of the Company to express an opinion on the standalone financial statements.

12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

15. As required by section 197(16) of the Act based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.

16. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure I, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

17. Further to our comments in Annexure I, as required by section 143(3) of the Act based on our audit, we report, to the extent applicable, that:

a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;

b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for the matters stated in paragraph 17(g)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended) ("the Rules");

c) the standalone financial statements dealt with by this report are in agreement with the books of account;

d) in our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;

e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of section 164(2) of the Act;

f) with respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company as on 31 March 2024 and the operating effectiveness of such controls, refer to our separate Report in Annexure II wherein we have expressed an unmodified opinion; and

g) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:

i. The Company, as detailed in note 38 to the standalone financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2024;

ii. The Company, as detailed in note 59.11 to the standalone financial statements, has made provision as at 31 March 2024, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;

iii. There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2024;

iv. a. The management has represented that, to the best of its knowledge and belief, as disclosed in note 62.6 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any person or entity, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

M M NISSIM & CO LLP
FRN : 107122W / W100672
MUMBAI
CHARTERED ACCOUNTANTS

b. The management has represented that, to the best of its knowledge and belief, as disclosed in note 62.7 to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.

v. The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act, to the extent it applies to payment of dividend; and

vi. Based on our examination, which included test checks, the Company has used various accounting software for maintaining its books of account which have a feature of recording audit trail (edit log) facility, which have operated throughout the year for all relevant transactions recorded in the software, except in respect of customer masters in two accounting software and databases maintained in accounting software where the audit trail feature was not enabled throughout the year and non-availability of sufficient appropriate audit evidence regarding recording of audit trail in respect of two sunset software which were discontinued during the year. Based on our procedures performed, we did not notice any instance of the audit trail feature being tampered with except in respect of one accounting software where the Company could not provide sufficient appropriate audit evidence that audit trail feature has not been tempered anytime during the year. In respect of the aforesaid masters, databases and software, in the absence of audit trail for the said period, the question of our commenting on whether the audit trail was tampered with, does not arise. Refer note 63 to the standalone financial statements.

Annexure I referred to in Paragraph 16 of the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2024

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

i. a. (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and right of use assets including quantitative details and situation of these assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.

b. The Company has a policy of verification of Property, Plant and Equipment, so to cover all the items once every 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, no such assets were due for physical verification during the year. Since no physical verification of property, plant and equipment was due during the year the question of reporting on material discrepancies noted on verification does not arise.

c. The title deeds of all the immovable properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company.

d. The Company has not revalued its Property, Plant and Equipment and Right of Use assets or intangible assets during the year.

e. According to information and explanations given to us and as verified by us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Accordingly, reporting under clause 3(i)(e) of the Order is not applicable to the Company.

ii. a. The Company does not hold any inventory. Accordingly, reporting under clause 3(ii)(a) of the Order is not applicable to the Company.

b. The Company has a working capital limit in excess of ₹ 5 crore sanctioned by banks and financial institutions based on the security of current assets. The quarterly returns/statements, in respect of the working capital limits have been filed by the Company with such banks and financial institutions and as per the information and explanations given to us and as verified by us, such returns/statements are materially in agreement with the books of account of the Company for the respective periods, which were not subject to audit.

Annexure I to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2024

iii. a. The Company is a Non-Banking Finance Company and its principal business is to give loans. Accordingly, reporting under clause 3(iii)(a) of the Order is not applicable to the Company.

b. The investments made and terms and conditions of the grant of all loans and advances in the nature of loans are not, prima facie, prejudicial to the Company's interest. Company has not provided any guarantee and also not given security to any party.

c. The Company is a Non-Banking Financial Company ('NBFC'), registered under provisions of the Reserve Bank of India Act, 1934 and rules made thereunder and is regulated by various regulations, circulars and norms issued by the Reserve Bank of India including Master Circular - Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances. In respect of loans and advances in the nature of loans granted by the Company, we report that the schedule of repayment of principal and payment of interest has been stipulated and the repayments/ receipts of principal and interest are regular except for certain instances as below.

Outstanding as on 31 March 2024 for overdue loans:

Particulars - Days past due	Total amount outstanding (₹ in millions)	No. of Cases
1-30 days	2,985.68	18,308
31-60 days	1,738.84	10,565
61-90 days	1,519.82	6,282
More than 90 days	2,142.91	5,069
Total	**8,387.25**	**40,224**

d. According to the information and explanations given to us, the total amount which is overdue for more than 90 days in respect of loans and advances in the nature of loans given in course of the business of the Company aggregates to ₹ 2,142.91 millions as at 31 March 2024 in respect of 5,069 number of loans. Further, reasonable steps as per the policies and procedures of the Company have been taken for recovery of such principal and interest amounts overdue.

e. The Company is a Non-Banking Finance Company, and its principal business is to give loans. Accordingly, reporting under clause 3(iii)(e) of the Order is not applicable to the Company.

f. The Company has not granted loans or advances in the nature of loans which are repayable on demand or without specifying any terms or period of repayment. Accordingly, reporting under clause 3(iii)(f) of the Order is not applicable to the Company.

Annexure I to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2024

iv. In our opinion, and according to the information and explanations given to us, the Company has not granted any loans, made investments, or provided guarantees or securities that are covered under the provisions of sections 185 or 186 of the Companies Act, 2013, and hence reporting under clause 3(iv) of the Order is not applicable.

v. The provisions of the sections 73 to 76 and any other relevant provisions of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended), are not applicable to the Company being an non-banking financial company registered with the Reserve Bank of India ('the RBI'), and also the Company has not accepted any deposits from public or there is no amount which has been considered as deemed deposit within the meaning of sections 73 to 76 of the Act. Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not specified maintenance of cost records under sub-section (1) of section 148 of the Act, in respect of Company's products/business activity. Accordingly, reporting under clause 3(vi) of the Order is not applicable.

vii. a. In our opinion, and according to the information and explanations given to us, undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, have generally been regularly deposited with the appropriate authorities by the Company. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.

b. According to the information and explanations given to us, there are no statutory dues referred in sub-clause (a) which have not been deposited with the appropriate authorities on account of any dispute except for the following:

Name of the statute	Nature of dues	Gross Amount (₹ in millions)	Amount paid under Protest (₹ in millions)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Assessment u/s 143 (3)	5.80	5.60	Assessment Year 2016-17	CIT (Appeals)

viii. According to the information and explanations given to us and as verified by us, no transactions were surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) which have not been recorded in the books of accounts.

ix. a. According to the information and explanations given to us, the Company has not defaulted in repayment of its loans or borrowings or in the payment of interest thereon to any lender.

b. According to the information and explanations given to us including representation received from the management of the Company, and on the basis of our audit procedures, we report that the Company has not been declared a willful defaulter by any bank or financial institution or other lender.

c. In our opinion and according to the information and explanations given to us, money raised by way of term loans were applied for the purposes for which these were obtained, though idle/surplus funds which were not required for immediate utilisation have been invested in readily realisable liquid investments.

d. In our opinion and according to the information and explanations given to us, and on an overall examination of the financial statements of the Company, funds raised by the Company on short term basis have not been utilised for long term purposes.

e. The Company did not have any associate or joint venture during the year. Further, according to the information and explanations given to us and on an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary.

Annexure I to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2024

f. The Company did not have any associate or joint venture during the year. Further, according to the information and explanations given to us and as verified by us, the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries.

x. a. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments), during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company.

b. During the year, the Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures. Accordingly, Clause 3(x)(b) of the order is not applicable to the Company.

xi. a. According to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the period covered by our audit except for instances of fraud on the Company by its customers aggregating to ₹ 22.08 million as included in Note 55 to the accompanying standalone financial statements. The Company has initiated necessary action against the customers connected to such instances.

b. According to the information and explanations given to us and as verified by us, no report under section 143(12) of the Act has been filed with the Central Government for the period covered by our audit.

c. We have taken into consideration the whistle blower complaints received by the Company during the year and provided to us, when performing our audit

xii. The Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, all transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. Further, the details of such related party transactions have been disclosed in the standalone financial statements, as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified in Companies (Indian Accounting Standards) Rules 2015 as prescribed under section 133 of the Act.

xiv. a. In our opinion and according to the information and explanations given to us, the Company has an internal audit system as required under section 138 of the Act which is commensurate with the size and nature of its business.

b. We have considered the reports issued by the Internal Auditors till 31 December 2023. We were unable to obtain the Internal auditors report for the quarter ended 31 March 2024 on a timely basis, hence we were unable to consider that in our audit.

Annexure I to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2024

xv. According to the information and explanation given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them and accordingly, provisions of section 192 of the Act are not applicable to the Company.

xvi. a. The Company is required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and such registration has been obtained by the Company.

b. During the year, the Company has not conducted any Non-Banking Financial activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India (RBI) as per the Reserve Bank of India Act, 1934. Further, Company has not conducted any Housing Finance activities and is not required to obtain CoR for such activities from the RBI.

c. According to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the RBI. Accordingly, reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.

d. Based on the information and explanations given to us and as represented by the management of the Company, the Group (as defined in Core Investment Companies (Reserve Bank) Directions, 2016) has no CICs which are registered with the Reserve Bank of India.

xvii. The Company has not incurred any cash loss in the current as well as the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, reporting under clause 3(xviii) of the Order is not applicable to the Company.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the plans of the Board of Directors and management, we are of the opinion that no material uncertainty exists as on the date of the audit report that Company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

Annexure I to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2024

xx. Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there is no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

xxi. The reporting under clause (xxi) is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

Annexure II to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2024

Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

(Referred to in paragraph 17 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

1. In conjunction with our audit of the standalone financial statements of Capri Global Capital Limited ('the Company') as at and for the year ended 31 March 2024, we have audited the internal financial controls with reference to standalone financial statements of the Company as at that date.

Board of Director's Responsibilities for Internal Financial Controls

2. The Company's Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Standalone Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and if such controls operated effectively in all material respects.

Annexure II to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2024

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Standalone Financial Statements

6. A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

CA GLOBAL CAPITAL

1 Corporate Information

Capri Global Capital Limited (the Company) having principal place of business at Registered office, 502, Tower A, Peninsula Business Park, Senapati Bapat Marg, Lower Parel, Mumbai - 400013 is engaged in the business of providing loans to Micro, Small and Medium Enterprises (MSMEs), long term finance for construction of residential houses in India, Indirect Lending, Gold Loan, Unsecured business loan in India and in providing ancillary services related to the said business activities. The Company is NBFC – Investment and Credit Company (NBFC-ICC), holding a Certificate of Registration No. B-13.01882 from the Reserve Bank of India ("RBI") dated November 05, 2007, having CIN: L65921MH1994PLC173469.

The standalone financial statements as at and for the year ended March 31, 2024 were authorised for issue in accordance with a resolution of the Board of Directors on May 08, 2024.

2 Material accounting policies

2.01 Statement of compliance and basis of preparation and presentation

The Standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act, Master Direction – Reserve Bank of India (Non-Banking Financial Company Scale Based Regulation) Directions, 2023 with the circular No. RBI/DoR/2023-24/105 DoR.FIN.REC.No.45/03.10.119/2023-24 Dated October 19, 2023 and notification for Implementation of Indian Accounting Standard vide circular RBI/2019-20/170 DOR (NBFC).CC.PD. No.109/22.10.106/2019-20 dated 13 March 2020 ('RBI Notification for Implementation of Ind AS') issued by RBI. (*Previously Master Direction - Non-Banking Financial Company – Non-Systemically Important Non-Deposit taking Company (Reserve Bank) Directions, 2016 as amended ('the RBI Master Directions') and notification for Implementation of Indian Accounting Standard vide circular RBI 2019-20 170 DOR (NBFC).CC.PD. No.109 22.10.106 2019-20 dated 13 March 2020 ('RBI Notification for Implementation of Ind AS') issued by RBI.*) The Company uses accrual basis of accounting except in case of significant uncertainties [Refer note 2.03 (A),(C),(D),(E)]. Accounting policies have been consistently applied to all periods presented unless otherwise stated.

Any application of guidance / clarification / directions issued by RBI or other regulations are implemented prospectively when they become applicable.

The standalone financial statement has been prepared in accordance with and comply in all material aspects with Indian Accounting Standards ('Ind AS') notified under section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other accounting principles generally accepted in India on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period as explained in the accounting policies below and the relevant provisions of the Act.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The preparation of standalone financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to the Company are discussed in Note 2.13 Significant accounting judgements, estimates and assumptions.

The standalone financial statements are presented in Indian Rupees (₹) millions and all values are rounded to two decimal, except when otherwise indicated.

2.02 Presentation of financial statement

The Company presents its balance sheet in the order of liquidity.

The Company prepares and presents its Standalone Financial Statements in the format prescribed by Division III of Schedule III to the Act as amended from time to time.

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS

CAPRI GLOBAL CAPITAL LIMITED

Financial assets and financial liabilities are generally reported on a gross basis except when there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:
i. The normal course of business
ii. The event of default
iii. The event of insolvency or bankruptcy of the Company and/or its counterparties

2.03 Revenue from operations

2.03.A Interest Income

Interest income is recognised by applying Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at Fair value through Profit and loss (FVTPL) taking into account the amount outstanding and the applicable interest rate. In case of credit-impaired financial assets (as set out in note no. 2.06 (H) regarded as 'Stage 3'), the Company recognises interest income on the amortised cost net of impairment loss of the financial asset. If the financial asset is no longer credit impaired, the Group reverts to calculating interest income on a gross basis.

The EIR is computed:
a. As the rate that exactly discounts estimated future cash payments or receipts through the weighted average behaviorial life of the financial asset to the gross carrying amount of a financial asset.
b. By considering all the contractual terms of the financial instrument (for example prepayment, extension, call and similar options) in estimating the cash flows.
c. Including all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction cost, and all other premiums or discounts.

Loan processing fees on loans are collected towards processing of loan. These are amortised on EIR basis over the weighted average behaviorial life of the loan for MSME, Gold loan and Unsecured business loan and over the contractual tenure for Construction Finanace and Indirect Lending.

2.03.B Fees & Commission Income

The Company recognises the fee and commission income not integral to EIR under Ind AS 109 in accordance with the terms of the relevant customer contracts / agreement and when it is probable that the Company will collect the consideration for items.
Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

The Company recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.
Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.
Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer excluding amounts collected on behalf of third parties.
Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.
Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation. Fees for sale of services are accounted as and when the service is rendered provided there is reasonable certainty of its ultimate realisation.

Bounce/ penal charges levied on customers for non-payment/delayed in payment of instalment on the contractual date & Foreclosure charges collected from loan customers for early payment / closure of loan are recognised on a point in time basis and are recorded when realised.

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS
CAPRI GLOBAL CAPITAL LIMITED

Distribution income is earned by selling of services and products of other entities under distribution arrangements. The income so earned is recognised on successful distribution on behalf of other entities subject to there being no significant uncertainty of its recovery.

Commission on Insurance Policies sold is recognised on accrual basis when the Company under its agency code sells the insurance policies.

2.03.C Sale of service

Sale of services includes advertising income, representing income earned from the activities incidental to the business and is recognised when the service is performed. Revenue is net of applicable indirect taxes as per the terms of the contract.

2.03.D Net gain on Fair value changes

Any differences between the fair values of financial assets classified as FVTPL held by the Company on the balance sheet date is recognised as an unrealised gain / loss. In case there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss the same is disclosed as "Net loss on fair value changes" under Expenses in the Statement of Profit and Loss.
Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at FVOCI is recognised in net gain / loss on fair value changes.
However, Net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

2.03.E Assignment transactions

In accordance with Ind AS 109, in case of assignment transactions with significant transfer of risks and rewards without any retention of residual interest, gain arising on such assignment transactions is recorded upfront in the Statement of Profit and Loss and the corresponding asset is derecognized from the Balance Sheet immediately upon execution of such transaction. Further, the transfer of financial assets qualifies for derecognition to the extent of portion transferred. The whole of the interest spread is at its present value (discounted over the life of the asset) is recognized on the date of derecognition itself as interest only strip receivable (interest strip on assignment) and correspondingly recognized as profit on derecognition of financial asset.

2.04 Expenses

2.04.A Finance costs

Finance costs on borrowings paid towards availing of loan is amortised on EIR basis over the contractual life of loan.

The EIR in case of a financial liability is computed
a. As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
b. By considering all the contractual terms of the financial instrument in estimating the cash flows.
c. Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction cost, and all other premiums or discounts.
Any subsequent changes in the estimation of the future cash flows is recognised in interest expense with the corresponding adjustment to the carrying amount of the liability.

Interest expense includes issue costs that are initially recognized as part of the carrying value of the financial liability and amortized over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses such as external legal costs, rating fee, etc, provided these are incremental costs that are directly related to the issue of a financial liability.

2.04.B Retirement and other employee benefits

Short term employee benefit

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service.

Post-employment employee benefits

M MANUSSIM & CO LLP CHARTERED ACCOUNTANTS FRN : 107122W / W100672 MUMBAI

CAPRI GLOBAL CAPITAL LIMITED

a) Defined contribution schemes
The Company provides a defined contribution plan for all the eligible employees of the Company who have opted to receive benefits under the Provident Fund and Employees State Insurance Scheme, defined contribution plans in which both the employee and the Company contribute monthly at a stipulated rate. The Company has no liability for future benefits other than its annual contribution and recognises such contributions as an expense in the period in which employee renders the related service. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the Balance Sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

b) Defined Benefit schemes
The Company provides a defined benefit retirement plan for gratuity covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation carried out by an independent actuary at each Balance Sheet date using the Projected Unit Credit Method which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

Net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the planed assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at half yearly intervals.

The Company fully contributes all ascertained liabilities to The Trustees – CGCL Employees Group Gratuity Assurance Scheme (Formerly known as "Money Matters Financial Services Limited Employee Group Gratuity Assurance Scheme"). Trustees administer contributions made to the trust and contributions are invested in a scheme of insurance with the Insurance Regulatory and Development Authority (IRDA) approved Insurance Companies.

Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are recognized immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income (OCI) in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

2.04.C Leases Rent
The Company leases most of its office facilities under operating lease agreements that are renewable on a periodic basis at the option of the lessor and the lessee. The lease agreements contain rent free periods and rent escalation clauses.

The Company assesses whether a contract contains a lease at the inception of the contract. A contract is or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether (i) the contract involves the use of an identified asset, (ii) the Company has substantially all of the economic benefits from the use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

M M NISSIM & CO LLP CHARTERED ACCOUNTANTS FRN : 107122W / W100672 MUMBAI

CAPRI GLOBAL CAPITAL LIMITED

At the date of commencement of the lease, the Company recognizes a Right-of-use assets (ROU) asset and a corresponding lease liability for all lease arrangements under which it is a lessee, except for short-term leases and low value leases. ROU assets represent the Company's right to use an underlying asset for the lease term and lease liabilities represent the Company's obligation to make lease payments arising from the lease. For short-term leases and low value leases, the Company recognizes the lease payments as an expense on a straight-line basis over the term of the lease.

The lease arrangements include options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the date of commencement of the lease on a straight-line basis over the lease term.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. For leases under which the rate implicit in the lease is not readily determinable, the Company uses its incremental borrowing rate based on the information available at the date of commencement of the lease in determining the present value of lease payments. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset, if the Company changes its assessment as to whether it will exercise an extension or a termination option.

At initial recognition the carrying value of the refundable deposits is taken at present value of all expected future principal repayments discounted using market rates prevailing at the time of inception. For Interest expenses, the difference between present market value and deposit made is recognised as prepayment and amortised in the Statement of Profit and Loss over the benefit period on systematic basis. Interest income is recognised at the prevailing market rates.

2.04.D Impairment of non-financial assets

The carrying amount of assets is reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

2.04.E Taxes

Income Tax

Income tax expense comprises current tax and deferred tax. Income tax expense is recognized in the Statement of Profit and Loss, other comprehensive income or directly in equity when they relate to items that are recognized in the respective line items.

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable profit or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty if any related to income taxes. It is measured using tax rates (and tax law) enacted or substantively enacted by the reporting date.

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS

CAPRI GLOBAL CAPITAL LIMITED

Deferred tax
Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.
Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity.

Goods and Services Tax /Service Tax/Value Added Taxes paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the goods and services tax/service tax/value added taxes paid, except:
i. When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

ii. When receivables and payables are stated with the amount of tax included.
The net amount of tax recoverable from or payable to the taxation authority is included as part of receivables or payables in the balance sheet.

2.05 Financial instruments
Financial assets and financial liabilities are recognised in the Company's Balance Sheet on trade date, i.e. when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs and revenues that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs and revenues of financial assets or financial liabilities carried at fair value through the profit or loss account are recognised immediately in the Statement of Profit or Loss. Trade Receivables are measured at transaction price.

2.05.A (i) Classification of financial instruments
The Company classifies its financial assets into the following measurement categories:
1. Financial assets to be measured at amortised cost.
2. Financial assets to be measured at fair value through profit or loss account.
The classification depends on the contractual terms of the financial assets, cash flows and the Company's business model for managing financial assets which are explained below:

Business model assessment
The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.
The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:
►How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel.
►The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed.
► How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS

CAPRI GLOBAL CAPITAL LIMITED

► The expected frequency, value and timing of sales are also important aspects of the Company's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The Solely Payments of Principal and Interest (SPPI) test
As a second step of its classification process, the Company assesses the contractual terms of financial assets to identify whether they meet the SPPI test.
'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).
In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.
The Company classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

2.05.B Financial assets measured at amortised cost
These financial assets comprises of bank balances, receivables, investments and other financial assets.

Financial assets
Financial assets are measured at amortised cost where they have:
a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding; and
b) are held within a business model whose objective is achieved by holding to collect contractual cash flows.

These Financial assets are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at amortised cost.

2.05.C Items at Fair Value Through Profit or Loss (FVTPL)
Items at fair value through profit or loss comprise:
• Investments (including equity shares) held for trading;
• debt instruments with contractual terms that do not represent solely payments of principal and interest.

Financial instruments held at FVTPL are initially recognised at fair value with transaction costs recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

Financial instruments designated as measured at FVTPL
Upon initial recognition, financial instruments may be designated FVTPL. A financial asset may only be designated at FVTPL if doing so eliminates or significantly reduces measurement or recognition inconsistencies (i.e. eliminates an accounting mismatch) that would otherwise arise from measuring financial assets or liabilities on a different basis.

A financial liability may be designated at FVTPL if it eliminates or significantly reduces an accounting mismatch or:
• if a host contract contains one or more embedded derivatives; or
• if financial assets and liabilities are both managed, and their performance evaluated on a fair value basis in accordance with a documented risk management or investment strategy.

Where a financial liability is designated at FVTPL, the movement in fair value attributable to changes in the Company's own credit quality is calculated by determining the changes in credit spreads above observable market interest rates and is presented separately in other comprehensive income. As at the reporting date, the Company has not designated any financial instruments as measured at fair value through profit or loss.

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS

CAPRI GLOBAL CAPITAL LIMITED

2.05.D Debt securities and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds and costs that are an integral part of the Effective Interest Rate (EIR).

2.05.E Reclassification

If the business model under which the Company holds financial assets undergoes changes, the financial assets affected are reclassified. The classification and measurement requirements related to the new category apply prospectively from the first day of the first reporting period following the change in business model that result in reclassifying the Company's financial assets. Changes in contractual cash flows are considered under the accounting policy on modification and derecognition of financial assets described in subsequent paragraphs.

2.05.F Recognition and Derecognition of financial assets and liabilities

Recognition:

a) Loans and Advances are initially recognised when the Financial Instruments are transferred to the customers.

b) Investments are initially recognised on the settlement date.

c) Debt securities and borrowings are initially recognised when funds are received by the Company.

d) Other Financial assets and liabilities are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. This includes regular purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Derecognition of financial assets due to substantial modification of terms and conditions:

The Company derecognises a financial asset such as a loan to a customer when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised loans are classified as Stage 1 for ECL measurement purposes unless the new loan is deemed to be Purchased or Originated as Credit Impaired (POCI). In case of an existing exposure to the borrower in the Company, the newly recognised loans are classified as per the staging of the existing exposure.

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Company records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

Derecognition of financial assets and financial liability other than due to substantial modification

a) Financial assets:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Company has transferred the financial asset if the Company has transferred its contractual rights to receive cash flows from the financial asset.

A transfer only qualifies for derecognition, if either:

i. The Company has transferred substantially all the risks and rewards of the asset, or

ii. The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

The Company considers control to be transferred if and only if the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

When the Company has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Company's continuing involvement, in which case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

b) Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of Profit or Loss.

2.05.G Impairment of financial assets

Overview of the ECL principles

The Company records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, referred to in 'financial instruments' section. Equity instruments are not subject to impairment under Ind AS 109.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss) unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both Lifetime ECLs and 12-month ECLs are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments. The Company has grouped its loan portfolio into Micro, Small and Medium Enterprises (MSMEs), Construction Finance, Indirect Lending, Gold Loan and Unsecured business loan

The Company has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Company does the assessment of significant increase in credit risk at a borrower level. If a borrower has various facilities having different past due status, then the highest Days Past Due (DPD) is considered to be applicable for all the facilities of that borrower.

Based on the above, the Company categorises its loans into Stage 1, Stage 2 and Stage 3 as described below:

Stage 1

All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Company classifies all standard advances (past due for 0 to30 days) under this category. Stage 1 loans also include facilities where the credit risk has reduced and the loan has been reclassified from Stage 2 or Stage 3.

Stage 2

All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. Financial assets past due for 31 to 90 days are classified under this stage and lifetime ECL is recognised on such financial assets. Stage 2 loans also include facilities where the credit risk has reduced, and the loan has been reclassified from Stage 3.

Stage 3

All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. More than 90 days Past Due is considered as default for classifying a financial instrument as credit impaired.

Credit-impaired financial assets:

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt financial assets carried at FVTOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

a) Significant financial difficulty of the borrower or issuer;

b) A breach of contract such as a default or past due event;

c) It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or

d) The disappearance of an active market for a security because of financial difficulties.

M M NISSIM & CO LLP CHARTERED ACCOUNTANTS FRN : 107122W / W100672 MUMBAI

CAPRI GLOBAL CAPITAL LIMITED

The mechanics of ECL:
The assessment of credit risk and estimation of ECL are unbiased and probability weighted. It incorporates all information that is relevant including information about past events, current conditions and reasonable forecasts of future events and economic conditions at the reporting date. In addition, the estimation of ECL takes into account the time value of money. Forward looking economic scenarios determined with reference to external forecasts of economic parameters that have demonstrated a linkage to the performance of our portfolios over a period of time have been applied to determine impact of macro economic factors.

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

Probability of Default (PD)
Probability of Default (PD) is defined as the likelihood of default over a particular time horizon. The PD of an obligor is a fundamental risk parameter in credit risk analysis and depends on obligor specific as well as macroeconomic risk factors.

Loss Given Default (LGD)
Loss Given Default (LGD) is defined as the loss rate on the exposure, given the borrower has defaulted. LGD is being calculated for all financial instruments under risk parameter approach by way of evaluation of historical data on defaults, recovery amounts, collateral liquidation, direct expenses, and opportunity cost for each default.

Exposure at Default (EAD)
The Exposure at Default (EAD) is an estimate of the exposure at a future default date including the undrawn commitments. EAD is taken as the gross exposure under a facility upon default of an obligor. The principal outstanding, overdue principal, accrued interest, overdue interest less excess received from the customers is considered as EAD for the purpose of ECL computation.

Forward looking information
While estimating the expected credit losses, the Company reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Company analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD determined by the Company based on its internal data/external data. While the internal estimates of PD rates by the Company may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

Collateral repossessed
In its normal course of business, Company repossess assets under SARFAESI/ Arbitration Act, but do not transfer these assets in its book of accounts. The company continues to show these loans account as Non-Performing Assets (NPA) in the books till the liquidation of the secured assets through public auction and realise actual payment against these loans.

2.05.H Write-offs
The Company reduces the gross carrying amount of a financial asset when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

2.05.I Determination of fair value
On initial recognition, all the financial instruments are measured at fair value. For subsequent measurement, the Company measures certain categories of financial instruments (as explained in note) at fair value on each Balance Sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:
i. In the principal market for the asset or liability, or
ii. In the absence of a principal market, in the most advantageous market for the asset or liability
The principal or the most advantageous market must be accessible by the Company.

M M NISSIM & CO LLP CHARTERED ACCOUNTANTS FRN : 107122W / W100672 MUMBAI

CAPRI GLOBAL CAPITAL LIMITED

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments - Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments - Those where the inputs that are used for valuation are significant and are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Company will classify the instruments as Level 3.

Level 3 financial instruments - Those that include one or more unobservable input that is significant to the measurement as whole.

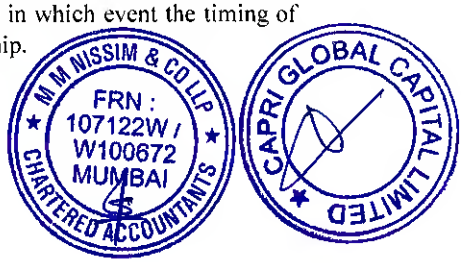

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Difference between transaction price and fair value at initial recognition
The best evidence of the fair value of a financial instrument at initial recognition is the transaction price (i.e. the fair value of the consideration given or received) unless the fair value of that instrument is evidenced by comparison with other observable current market transactions in the same instrument (i.e. without modification or repackaging) or based on a valuation technique whose variables include only data from observable markets. When such evidence exists, the Company recognises the difference between the transaction price and the fair value in profit or loss on initial recognition (i.e. on day one).
When the transaction price of the instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Company recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is not recognised at the initial recognition stage.

2.05.J Derivative Financial Instruments

The Company holds derivative financial instruments to hedge its foreign currency and interest rate risk exposures. Embedded derivatives are separated from the host contract and accounted for separately if certain criteria are met.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/loss is recognised in the statement of profit and loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the statement of profit and loss depends on the nature of the hedge relationship.

The Company designates certain derivatives as hedging instruments to hedge the variability in cash flows associated with its floating rate borrowings arising from changes in interest rates and exchange rates at inception of designated hedging relationships.

The Company documents the risk management objective and strategy for undertaking the hedge. The Company also documents the economic relationship between the hedged item and the hedging instrument including whether the changes in cash flows of the hedged item and hedging instrument are expected to offset each other.

Cash flow hedges
When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognised in OCI and accumulated in the other equity under 'effective portion of cash flows hedges'. The effective portion of changes in the fair value of the derivative that is recognised in OCI is limited to the cumulative change in fair value of the hedged item determined on a present value basis from inception of the hedge. Any ineffective portion of changes in fair value of the derivative is recognised immediately in profit or loss.

The Company designates only the change in fair value of the spot element of forward exchange contracts as the hedging instrument in cash flow hedge relationships. Change in fair value of the forward element of the forward exchange contracts ('forward points') is separately accounted for as cost of hedging and recognised separately within equity.

If a hedge no longer meets the criteria for hedge accounting or the hedging instrument is sold, expires, is terminated or is exercised, then hedge accounting is discontinued prospectively. If the hedged future cash flows are no longer expected to occur, then the amounts that have been accumulated in other equity are immediately reclassified to profit or loss.

2.06 Cash and cash equivalents
Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value. They are held for the purposes of meeting short-term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short- term deposits, as defined above.

2.07 Property, Plant and Equipment
Property, Plant and Equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment,if any. The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate and treated as changes in accounting estimates.

Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress.

Depreciation
Depreciation is calculated using the Written Down Value (WDV) method to write down the cost of property and equipment to their residual values over their estimated useful lives which is in line with the estimated useful life as specified in Schedule II of the Act. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

ROU assets are depreciated from the date of commencement of the lease on a straight-line basis over the shorter of the lease term and the useful life of the underlying asset.

2.08 Intangible assets

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.
Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

The useful lives of intangible assets are assessed to be either finite or infinite. Intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year-end.

Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortisation period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is presented as a separate line item in the statement of profit and loss. Amortisation on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of Profit and Loss from / upto the date of acquisition/sale.

Amortisation is calculated using the straight-line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortised on a straight-line basis over a period of 3 years unless it has a shorter useful life.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

Intangible assets not ready for the intended use on the date of Balance Sheet are disclosed as "Intangible under development"

2.09 Provisions

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the Statement of Profit and Loss net of any reimbursement.

2.10 Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

2.11 Earning Per Share

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

2.12 Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

2.12.A Defined employee benefit assets and liabilities - Refer 2.04.B

2.12.B Impairment of loans portfolio - Refer 2.05.G

2.12.C Effective Interest Rate (EIR) method - Refer 2.03.A and 2.04.A

2.13 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended March 31, 2024, MCA has not notified new standards or amendments to the existing standards applicable to the Company for current reporting period.

(Currency : Indian Rupees in millions)

Particulars	As at March 31, 2024	As at March 31, 2023
3. Cash and cash equivalents		
a) Cash on hand	88.47	160.33
b) Balances with Banks (of the nature of cash and cash equivalents)		
i) in current accounts	2,030.65	3,016.43
ii) in deposit accounts having original maturity less than 3 months	-	11,252.16
c) Cheques, drafts on hand	30.70	17.60
Total	**2,149.82**	**14,446.52**
Of the above, the balances that meet the definition of Cash and Cash equivalent as per Ind AS 7 "Statement of Cash Flows" is:	2,149.82	14,446.52
4. Bank balances other than cash and cash equivalents		
Other Bank balances		
a) In fixed deposit accounts		
i) Fixed deposit accounts with maturity more than 3 months	138.43	134.06
b) In earmarked accounts		
i) Unclaimed Dividend Account	0.15	0.19
Total	**138.58**	**134.25**

Notes :

1 Out of the above ₹ 138.43 million (As at March 31, 2023 - ₹ 134.06 million) balance in deposit accounts with banks are being earmarked towards overdraft facilities, bank guarantee and against customer advance.

2 Deposits are made for varying period from 6 month to 2 years and earn interest from 4.9% to 8.7% p.a.

5. Trade receivables		
a) Trade receivables considered good - Secured	990.81	332.83
Receivables considered good - Unsecured	-	-
b) Trade receivables which have significant increase in credit risk		
i) Secured, considered doubtful	-	-
i) Unsecured, considered doubtful	-	-
d) Trade receivables - Credit impaired	-	-
	990.81	332.83
Less: Impairment loss allowance	(9.79)	(11.40)
Total	**981.02**	**321.43**

Note :

1 Trade receivables are non-interest bearing and are generally on terms of 30 to 90 days.

Less: Dividend paid	(103.08)	(87.87)
Closing balance	**11,985.42**	**10,547.98**
Total	**34,782.02**	**33,292.81**

f) Dividend Payment
During the current year the Company has paid dividend of ₹ 0.50 per share amounting to ₹ 103.08 millions
During the previous year the Company has paid dividend of ₹ 0.50 per share amounting to ₹ 87.87 millions

Notes:

a) Statutory Reserve pursuant to Section 45-IC of the RBI Act, 1934
Every non-banking financial company is required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year as disclosed in the statement of profit and loss before any dividend is declared

b) Securities Premium
Securities premium reserve is used to record the premium on issue of shares and used for allottment of bonus share in accordance with the provisions of the Companies Act, 2013

c) General reserve
Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

d) Other reserves & surplus - Employee stock option outstanding
This reserve is used to record the employee stock options which are outstanding. The said reserve will be utilised for issuance of share to the eligible employees.

The Company has not given loan or guarantee and has not made investments u/s 186(2) of the Companies Act 2013

(Currency : Indian Rupees in millions)

44 Disclosure pursuant to Ind AS 12 "Income Taxes"

44.A Income Tax recognised in statement of profit and loss

Particulars	For the year ended March 31, 2024	2023
Income-tax related to items recognised directly in the statement of profit and loss		
Current income tax:		
i) Current income tax expense	845.94	475.87
ii) (Excess) / Short provision for tax relating to prior years	(7.59)	3.21
Total	**838.35**	**479.08**
Deferred tax (benefit) / charge	(199.35)	4.40
Total Income tax expense recognised relating to continuous operations	**639.00**	**483.48**

44.B Reconciliation of income tax expense for the year:

A reconciliation of income-tax expense applicable to profit before income-tax at statutory rate to income-tax expense at the Company's effective income-tax rate for the year ended March 31 is as follows :

Particulars	For the year ended March 31, 2024	2023
Profit before tax	**2,619.59**	**1,898.85**
Total tax expense (As per Statement of Profit and loss)		
i) Current tax	845.94	475.87
ii) Deferred tax	(199.35)	4.40
Total Tax Expenses	**646.59**	**480.27**
Effective tax rate (%)	**24.68**	**25.29**
Adjustments of allowable and non-allowable income and expenses:		
Effect on Effective Tax rate due to Permanent Difference		
a) Non allowability of Claim of CSR	35.91	39.97
b) Earlier years provision for ECL / Lease adjustments	-	-
c) STT & Brokerage	1.28	(0.25)
d) Fixed Assets written off and others	6.65	-
e) OCI on Gratuity	(24.83)	-
f) Deduction under Chapter VI A u/s 80M & 80JJA	(47.79)	(26.97)
Total (A)	**(28.78)**	**12.75**
a) Difference due to Tax Rate of STCG	72.59	11.55
Total (B)	**72.59**	**11.55**
Total of items affecting tax rate (A+B)	**43.81**	**24.30**

44.C Reconciliation of income tax rate is as follows:

a) Normal Tax Rate	22.00	22.00
b) Surcharge (@ 10% of Normal Tax Rate)	2.20	2.20
c) Health and Education Cess	0.97	0.97
Total Tax Rate (%)	**25.17**	**25.17**
Effect in Tax rate due to permanent difference	(0.28)	0.17
Difference due to Tax Rate of STCG	(0.21)	(0.05)
Effective Tax Rate (%)	**24.68**	**25.29**

45 Movement in Deferred Taxes

A. Movement in deferred tax balances For the year ended March 31, 2024

Particulars	As at March 31, 2023	Recognised in profit or loss	Recognised in OCI	As at March 31, 2024
Deferred tax assets / (liabilities)				
a) Difference between WDV as per books and tax books	34.63	42.45	-	77.08
b) Impairment allowance for financial assets	371.20	101.62	-	472.82
c) Provision for Employee benefits	23.54	10.69	-	34.23
d) Amortised Fees Income	1.01	(1.01)	-	-
e) ECL on Interest on NPA	55.13	29.07	-	84.20
f) Others (net)	28.46	43.34	-	71.80
g) Amortised Finance Cost	(0.29)	0.22	-	(0.07)
h) Unrealised gain on Financial Instruments at FVTPL	(0.15)	(3.85)	-	(4.00)
i) Gain on derecognition of financial instruments*	(148.43)	(22.78)	-	(171.21)
			-	
Total	**365.10**	**199.75**	**-**	**564.85**

*As per Ind AS 109 'Financial Instruments', on derecognition of loans, the Company recognise difference between the carrying amount (measured at the date of derecognition) and consideration received (including new asset obtained less any new liability assumed) as gain in Statement of profit and loss account. Such gain recognised on derecognition of loans is not a real income as per Income tax Act, 1961, hence is offered to tax over the tenure of loans. Accordingly, deferred tax liability has been created on the Spread receivable on assigned portfolio (Co-lending portfolio).

Deferred Tax assets created on account of past years tax adjustments has been shown and adjusted against tax expenses provided for earlier years.

B. Movement in deferred tax balances For the year ended March 31, 2023

Particulars	As at April 01, 2022	Recognised in profit or loss	Recognised in OCI	As at March 31, 2023
Deferred tax assets / (liabilities)				
a) Difference between WDV as per books and tax books	20.27	14.36	-	34.63
b) Impairment allowance for financial assets	297.69	73.51	-	371.20
c) Provision for Employee benefits	12.28	11.26	-	23.54
d) Amortised Fees Income	2.79	(1.78)	-	1.01
e) ECL on Interest on NPA	-	55.13	-	55.13
f) Others (net)	5.00	23.46	-	28.46
g) Amortised Finance Cost	(0.65)	0.36	-	(0.29)
h) Unrealised gain on Financial Instruments at FVTPL	(1.82)	1.67	-	(0.15)
i) Gain on derecognition of financial instruments	(42.40)	(106.03)	-	(148.43)
Total	**293.16**	**71.94**	**-**	**365.10**

Deferred Tax Assets / Liabilities are calculated at the applicable rate of 25.17%

46. Employee benefits - Disclosure pursuant to Ind AS 19 'Employee Benefits'

46.A Defined contribution plans

The Company's state governed provident fund scheme are defined contribution plan for its employees. The Contribution by the employer and employee together with interest accumulated there on are payable to the employee at the time of separation from company or retirement whichever is earlier. The benefit vests immediately on rendering of services by the employee.

	For the year ended March 31,	
	2024	2023
i) Employer's contribution to provident fund	226.41	147.21
ii) Employer's contribution to National Pension Scheme	5.60	3.71

46.B Defined Benefit Plan

The Company has a defined benefit gratuity plan in India (funded). The Company's defined benefit gratuity plan is a final salary plan for its employees, which requires contributions to be made to a separately administered fund. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at separation/retirement. The fund has the form of a trust and it is governed by the Board of Trustees, which consists of an equal number of employer and employee representatives. The Board of Trustees is responsible for the administration of the plan assets and for the definition of the investment strategy.

a) Principal assumptions used for the actuarial valuations are as follows:

	As at March 31,	
	2024	2023
Discount Rate	7.14 % p.a.	7.20 % p.a.
Rate of return on plan assets	7.14 % p.a.	7.20 % p.a.
Salary Escalation	10.20 % p.a.	9.00 % p.a.
Attrition Rate		
For service 2 years and below	29.6% (Attrition	50.00%
For service 3 years to 4 years	rate for all service	30.00%
For service 5 years and above	group)	20.00%
Mortality Table	Indian Assured Lives Mortality 2012-14 (Urban)	

b) The following table sets out the status of the Defined Benefit Gratuity Plan as per the actuarial valuation by the independent Actuary appointed by the Company:-

Change in present value of defined benefit obligations:	For the year ended March 31,	
	2024	2023
Defined benefit obligation, beginning of the year	60.31	43.67
Current service cost	16.21	13.00
Past service cost	-	-
Interest cost	4.34	2.46
Remeasurements (gains) / losses		
Actuarial (gains) / losses		
arising from changes in demographic assumptions	8.29	(11.17)
arising from changes in financial assumptions	4.28	4.95
arising from changes in experience adjustments	12.67	13.20
Benefits paid from plan assets	(10.15)	(5.80)
Net transfer in / (out) (and effect of any business combinations/ divestures/transfers)	-	-
Defined benefit obligation, end of the year	**95.95**	**60.31**
Change in plan assets:		
Fair value of plan assets, beginning of the year	40.28	33.32
Interest income	2.90	1.87
Remeasurements gains / (losses)	-	-
Return on plan assets, (excluding amount included in net Interest expense)	0.41	0.49
Employer's contributions	20.02	10.40
Transfer in/(out) of assets	-	-
Net transfer in / (out) (and effect of any business combinations/ divestures/transfers)	-	-
Benefits paid	(10.15)	(5.80)
Fair value of plan assets, end of the year	**53.46**	**40.28**

c) Amount recognized in the balance sheet consists of:

	As at March 31, 2024	2023
Present value of defined benefit obligation	95.95	60.31
Fair value of plan assets	53.46	40.28
Net liability / (assets) recognised in balance sheet	**42.49**	**20.03**

d) The amounts recognised in the Statement of Profit and Loss are as follows:

		For the year ended March 31, 2024	2023
Service Cost			
Current service cost		16.21	13.00
Past service cost		-	-
Total Service cost	(i)	**16.21**	**13.00**
Net interest cost			
Interest expense on DBO		4.34	2.46
Interest (income) on plan assets		(2.90)	(1.87)
Total Interest cost	(ii)	**1.44**	**0.59**
Defined benefit cost included in Statement of Profit and Loss	**(iii) = (i+ii)**	**17.65**	**13.59**
Remeasurements recognised in other comprehensive income (OCI)			
Actuarial (gains) / losses on defined benefit obligation			
Due to changes in demographic assumptions		8.29	(11.17)
Due to changes in financial assumptions		4.28	4.95
Due to changes in experience adjustments		12.67	13.20
Return on plan assets (excl. interest income)		(0.41)	(0.49)
Total remeasurement in other comprehensive income (OCI)	**(iv)**	**24.83**	**6.49**
Total Defined benefit cost included in Statement of P&L and OCI	**(v) = (iii + iv)**	**42.48**	**20.08**

e) The fair value of the plan assets for India are as follows:

	As at March 31, 2024	2023
a) Insurer managed funds	53.46	40.28

f) Maturity Analysis of benefit payments

Projected Benefits Payable in Future Years From the Date of Reporting	As at March 31, 2024	2023
1st Following Year	17.19	9.74
2nd Following Year	13.30	8.92
3rd Following Year	12.71	7.67
4th Following Year	16.10	7.80
5th Following Year	15.70	7.65
Sum of Years 6 To 10	38.53	25.27
Sum of Years 11 and above	13.27	19.89

The estimates of future salary growth, factored in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market. Such estimates are very long term and are not based on limited past experience / immediate future. Empirical evidence also suggests that in very long term, consistent high salary growth rates are not possible. The said estimates and assumptions have been relied upon by the auditors.

g) Sensitivity analysis

	For the year ended March 31, 2024	2023	2024	2023
Sensitivity Level	1% increase	1% increase	1% decrease	1% decrease
Impact on defined benefit obligation				
i) Discount Rate	(3.13)	(2.41)	3.36	2.64
ii) Future Salary Increases	3.02	2.30	(2.90)	(2.18)
iii) Employee Turnover	(1.83)	(0.78)	1.90	0.81

Note :

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

47. Leases

A. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

B. Company as a lessee

The Company's lease asset classes primarily consist of leases for premises. The Company assesses whether a contract contains a lease, at inception of a contract. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

C. The details of Right to use Asset of the company are as follows:

Asset Class	**Leasehold Property As at March 31,**	
	2024	**2023**
Balance as at beginning of the year (net)	**1,716.51**	**176.29**
Add: Additions during the year	844.78	1,744.07
Less: Deductions during the year on account of modification / termination of leases	(11.33)	(31.01)
Less: Depreciation	(362.02)	(172.84)
Closing Balance as at March 31	**2,187.94**	**1,716.51**

D Following is the movement in lease liabilities for the period

Balance as at beginning of the year	**1,770.38**	**196.21**
Add: Additions / modification during the year	818.47	1,681.68
Less: Deductions / modification during the year	(12.31)	(29.77)
Add: Interest Expense	322.76	134.36
Less: Lease Payments	(503.02)	(212.10)
Closing Balance as at March 31	**2,396.28**	**1,770.38**

E. Contractual maturities of lease liabilities on an undiscounted basis

Tenure	**2024**	**2023**
Less than 1 year	519.79	363.52
1-3 years	1,075.04	739.23
3-5 years	943.97	679.66
More than 5 years	1,224.54	1,071.22
Total	**3,763.34**	**2,853.63**

F. Right-of-use Assets and Lease liabilities related expenses booked in Statement of Profit and Loss

	For the year ended March 31,	
	2024	**2023**
a. Depreciation on Right-of-use Assets	362.02	172.84
b. Interest on Lease liabilities	322.76	134.36
Total	**684.78**	**307.20**

G. Short term Leases (in Statement of Profit and loss)

	For the year ended March 31,	
	2024	**2023**
i) Office premises / Branch offices	18.69	12.98
Total	**18.69**	**12.98**

Notes:
The entity has adequate liquidity for payment of lease liabilities. The Company regularly monitor and pays lease rentals on timely manner as per the terms of respective leave and license agreement.

The Company has right to extend lease term as per mutually agreed terms laid down in respective leave and license agreement. The Company takes into account effect of extended lease term while recording the lease assets and lease liabilities accordingly.

49. Maturity analysis of assets and liabilities

The table below shows an analysis of assets and liabilities analysed according to when they are expected to be recovered or settled. They have been classified to mature and/or be repaid within 12 months. With regards to loans and advances to customers, the Company uses the same basis of expected repayment as used for estimating the EIR.

Particulars	As at March 31, 2024			As at March 31, 2023

50. Capital Management

The Company's capital management is intended to create value for shareholders by facilitating the meeting of long-term and short-term goals of the Company. The Company determines the amount of capital required on the basis of annual operating plans and other strategic investment plans. The funding requirements if any will be met through bank borrowings and equity if the need arise.

The primary objectives of the Company's capital management are to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholders value. The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. Capital Management, objectives and processes are under constant review by the Board.

For details of Capital to Risk Assets Ratio (CRAR) refer Note no. - 59.01

*includes the effect of amortisation of borrowing cost, interest accrued on borrowings, conversation factor of derivative instruments.

52. Fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using a valuation technique.

Ind AS 107, 'Financial Instrument - Disclosure' requires classification of the valuation method of financial instruments measured at fair value in the balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair-value-hierarchy under Ind AS 107 are described below:

52.B Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

52.B.1 Financial assets and liabilities measured at fair value - recurring fair value measurements

As at March 31, 2024	Carrying Amount	Fair Value			Total

Pass Through Certificates	48.76	-	-	48.76	48.76
Other financial assets	705.02	-	-	705.02	705.02
Total financial assets	**86,427.72**	**-**	**-**	**67,946.29**	**82,857.22**
Financial liabilities					
Trade Payable	951.39	-	-	951.39	951.39
Debt Securities	4,386.14	-	4,386.14	-	4,386.14
Borrowings other than debt securities	49,497.74	-	-	49,497.74	49,497.74
Other financial liabilities	4,090.59	-	-	4,090.59	4,090.59
Total financial liabilities	**58,925.86**	**-**	**4,386.14**	**54,539.72**	**58,925.86**

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the- counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

Short-term financial assets and liabilities: For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include cash and cash equivalents, trade receivables, balances other than cash and cash equivalents and trade payables without a specific maturity

(Currency : Indian Rupees in millions)

53. Risk Disclosures

Company's risk is managed through an integrated risk management framework, including ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Company's continuing profitability and each individual within the Company is accountable for the risk exposures relating to his or her responsibilities. The Company is exposed to credit risk, liquidity risk and interest rate risk. It is the Company's policy to ensure that a robust risk awareness is embedded in its organisational risk culture.

53.A Credit risk

Credit risk is the risk that the Company will incur a loss because its customers or counterparties fail to discharge their contractual obligations. The Company manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties.

53.A.1 Impairment assessment

a) Exposure at Default

The Exposure at Default is an estimate of the exposure at a future default date including the undrawn commitments. EAD is taken as the gross exposure under a facility upon default of an obligor. The principal outstanding, overdue principal, accrued interest, overdue interest less excess received from the customers is considered as EAD for the purpose of ECL computation.

The advances have been bifurcated into following three stages:
Stage 1- All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Company classifies all standard advances (past due for 0 to30 days) under this category. Stage 1 loans also include facilities where the credit risk has reduced and the loan has been reclassified from Stage 2 or Stage 3

Stage 2 – All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. Financial assets past due for 31 to 90 days are classified under this stage and lifetime ECL is recognised on such financial assets. Stage 2 loans also include facilities where the credit risk has reduced, and the loan has been reclassified from Stage 3.

Stage 3 – All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. More than 90 days Past Due is considered as default for classifying a financial instrument as credit impaired.

b) Significant increase in credit risk

The Company continuously monitors all assets subject to ECLs. In order to determine whether an instrument or a portfolio of instruments is subject to 12 months ECL or lifetime ECL, the Company assesses whether there has been a significant increase in credit risk since initial recognition. The Company considers an exposure to have significantly increased in credit risk if contractual payments are more than 30 days past due.

c) Definition of default and cure

The Company considers a financial instrument defaulted and therefore Stage 3 (credit impaired) for ECL calculations in all cases when the borrower becomes more than 90 days past due on its contractual payments.

As a part of a qualitative assessment of whether a customer is in default, the Company also considers a variety of instances that may indicate inability to pay. When such events occur, the Company carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate. Such events include:

a) Significant financial difficulty of the borrower or issuer;
b) A breach of contract such as a default or past due event;
c) The restructuring of a loan or advance by the company on terms that the company would not consider otherwise; or
d) It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation

It is the Company's policy to consider a financial instrument as 'cured' and therefore re-classified out of Stage 3 when the borrower makes necessary payments & the borrower's days past due become "0" after such payments. The decision whether to classify an asset as Stage 2 or Stage 1 once cured depends on the updated credit grade, at the time of the cure, and whether this indicates there has been a significant increase in credit risk compared to initial recognition.

53. Risk Disclosures

d) Probability of Default ("PD") estimation process

Probability of default (PD) is defined as the likelihood of default over a particular time horizon. The PD of an obligor is a fundamental risk parameter in credit risk analysis and depends on obligor specific as well as macroeconomic risk factors.

a) The Company has applied 12 months PD to stage 1 advances
b)The Lifetime PD is computed using basic exponentiation technique after considering the residual maturity of the respective loan.
c) PD of 100% is considered for Stage 3 assets.

Days past due are a primary input for the determination of the PD for exposures. The Company collects performance and default information about its credit risk exposures analysed by portfolio. For some portfolios, rating based published information is used.

The Company employs statistical models to analyse the data collected and generate estimates of the remaining lifetime PD of exposures and how these are expected to change as a result of the passage of time. Such statistical models are selected considering the availability of information related to the probability of default for each product. This analysis includes the identification and calibration of relationships between changes in default rates and changes in key macro-economic factors.

For the purpose of determination of impact of forward looking information, the Company applies various macro economic (ME) variables as stated above to each portfolio and assess the trend of the historical probability of defaults as compared to the forecasted probability of default. Based on the directional trend of output, management applies an overlay if required. Overtime, new ME variable may emerge to have a better correlation and may replace ME being used now.

The loans are segmented into homogenous product categories to determine the historical PD/LGD as per similar risk profiles, this segmentation is subject to regular review For portfolios in respect of which the Company has limited historical data, external benchmark information is used to supplement the internally available data.

The Company does not have any historic data of default in case of Gold Loan portfolio, so it has relied upon the published data of competitors. In case of Unsecured business loan, it has relied upon the public data of partners with their existing customers of the similar behavioral vintage

e) Loss Given Default (LGD)

Loss Given Default ("LGD") is defined as the loss rate on the exposure, given the borrower has defaulted. LGD is being calculated for all financial instruments under risk parameter approach by way of evaluation of historical data on defaults, recovery amounts, collateral liquidation, direct expenses, and opportunity cost for each default. LGD has been computed using the volatility-based model in case of Gold Loan portfolio. LGD has been computed by using the FIRB (Foundation Internal Rating Based) in case of Unsecured business loan

f) Forward looking information

In its ECL models, the Company relies on a broad range of forward looking information as economic inputs, such as. GDP growth, Consumer Price Index, Unemployment rate, Lending Interest Rate etc. The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. To reflect this, qualitative adjustments or overlays are occasionally made as temporary adjustments when such differences are significantly material.

53.A.2 Analysis of risk concentration - Refer Note 59.15

53.A.3 Collateral and other credit enhancements

The Company holds collateral and other credit enhancements against certain of its credit exposures. The loans are collateralized against equitable mortgage of property, pledge of shares, hypothecation of assets, physical gold jewellery, undertaking to create security.

Management monitors the market value of collateral and will request additional collateral in accordance with the underlying agreement. In case of defaults by customers, where the Company is unable to recover the dues, the Company through a legal process enforces the security and recovers the dues.

53.B Liquidity risk and funding management

Liquidity risk is defined as the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Company might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances. Such scenarios could occur when funding needed for illiquid asset positions is not available to the Company on acceptable terms. To limit this risk, management has arranged for diversified funding sources and adopted a policy of managing assets by monitoring future cash flows and liquidity on a daily basis.

Liquidity risk is managed in accordance with our Asset Liability Management Policy. This policy is framed as per the current regulatory guidelines and is approved by the Board of Directors. The Asset Liability Management Policy is reviewed periodically to incorporate changes as required by regulatory stipulation or to realign the policy with changes in the economic landscape. The Asset Liability Committee (ALCO) of the Company formulates and reviews strategies and provides guidance for management of liquidity risk within the framework laid out in the Asset Liability Management Policy.

53. Risk Disclosures

53.B.1 The table below summarises the maturity profile of the undiscounted cash flow of the Company's financial liabilities

As at March 31, 2024

		Debt Securities	Borrowings	Trade Payable	Lease liability	Other Financial Liability
1	upto 30/31 days	-	1,683.27	993.65	43.32	673.10

53.C Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments. The core business of the company is providing loans to MSME, Construction Finance, Indirect Lending, Gold Loan and Unsecured business loan. The company borrows through various financial instruments to finance its core lending activity. These activities expose the company to interest rate risk.

Interest rate risk is measured through earnings at risk from an earnings perspective and through duration of equity from an economic value perspective. Further, exposure to fluctuations in interest rates is also measured by way of gap analysis, providing a static view of the maturity and re-pricing characteristic of Balance sheet positions. An interest rate sensitivity gap report is prepared by classifying all rate sensitive assets and rate sensitive liabilities into various time period categories according to contracted/behavioral maturities or anticipated re-pricing date. The difference in the amount of rate sensitive assets and rate sensitive liabilities maturing or being re-priced in any time period category, gives an indication of the extent of exposure to the risk of potential changes in the margins on new or re-priced assets and liabilities.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being considered as constant) of the Company's statement of profit and loss and equity.

53.C.1 FY 2023-24

Financial Instruments Type	Increase / (decrease) in basis points (bps)	Sensitivity of profit or loss		Sensitivity of equity	
a. Loans	50 bps Up	Impact on Profit before Tax	351.08	Impact on equity	264.44
	100 bps Up		702.17		528.88
	50 bps Down		(351.08)		(264.44)
	100 bps Down		(702.17)		(528.88)
b. Borrowings	50 bps Up	Impact on Profit before Tax	(350.00)	Impact on equity	(263.62)
	100 bps Up		(700.00)		(527.24)
	50 bps Down		350.00		263.62
	100 bps Down		700.00		527.24

53.C.2 FY 2022-23

Financial Instruments Type	Increase / (decrease) in basis points (bps)	Sensitivity of profit or loss		Sensitivity of equity	
a. Loans	50 bps Up	Impact on Profit before Tax	299.44	Impact on equity	223.71
	100 bps Up		598.88		447.42
	50 bps Down		(299.44)		(223.71)
	100 bps Down		(598.88)		(447.42)
b. Borrowings	50 bps Up	Impact on Profit before Tax	(248.92)	Impact on equity	(185.97)
	100 bps Up		(497.85)		(371.94)
	50 bps Down		248.92		185.97
	100 bps Down		497.85		371.94

53.D Operational Risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Company cannot expect to eliminate all operational risks, but it endeavors to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include maker-checker controls, effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, such as the use of internal audit.

53.E Capital Management :

Company's capital management objective is primarily to safeguard business continuity. The Company's capital raising policy is aligned to macro economic situation and incidental risk factors. The Company's cashflows are regularly monitored in sync with annual operating plans and long-term and other strategic investment plans. The operational funding requirements are met through debt and operating cash flows generated. The company believes this approach would create shareholder value in long run. Also, the company has adopted a conservative approach for ALM management with primacy to adequate liquidity. At present a large portion of the company's resource base is equity. Therefore the company enjoys a low gearing.

The Company maintains its capital structure in line with economic conditions and the risk characteristics of its activities and the board reviews the capital position on a regular basis.

Gearing ratio :
The gearing ratio at each date were as follows :

Particulars	As at March 31, 2024	As at March 31, 2023
a. Debt (I)*	73,502.79	55,654.26
b. Cash and bank balances (II)#	2,102.81	12,290.64
c. Net debt (I - II)	71,399.98	43,363.62
d. Total equity	35,606.96	33,705.12
e. Net debt to equity ratio	**2.01**	**1.29**

* Debt includes debt securities, borrowings and lease liability.
\# Cash and bank balance is net of book overdraft

54. Related Party Disclosure

54.A List of Related parties

List of related parties and relationship with related parties where control exists or transactions have taken place during the year:

No.	Name of the Related Party	Relationship
I	**Related Parties over which control exists:**	
	Capri Global Housing Finance Limited	Wholly owned Subsidiary
	Capri Loans Car Platform Private Limited	Wholly owned Subsidiary (Incorporated on October 16, 2023)
II	**Enterprises over which Management and/or their relatives have control**	
	Capri Global Holdings Private Limited	
	Parshwanath Buildcon Private Limited	
	Carlelo Private Ltd (w.e.f. July 01, 2023)	
III	**Key Management Personnel**	
	Mr. Rajesh Sharma	Managing Director (Chief Financial Officer upto October 30, 2023)
	Mr. Partha Chakraborti	Chief Financial Officer (w.e.f. October 31, 2023)
	Mr. Beni Prasad Rauka	Independent Director (upto March 31, 2024)
	Ms. Bhagyam Ramani	Independent Director (upto March 31, 2024)
	Mr. Mukesh Kacker	Independent Director (upto March 31, 2024)
	Mr. Ajit Mohan Sharan	Independent Director
	Mr. Desh Raj Dogra	Independent Director
	Mr. L V Prabhakar	Independent Director (w.e.f. February 02, 2024)
	Ms. Nupur Sunil Mukherjee	Independent Director (w.e.f. February 02, 2024)
	Mr. Subramanian Ranganathan	Independent Director (w.e.f. January 13, 2024)
	Mr. Shishir Priyadarshi	Independent Director (w.e.f. February 02, 2024)
IV	**Relative of Key Management Personnel**	
	Mr. Pranay Rauka	Son of Beni Prasad Rauka
	Ms. Jinisha Sharma	Daughter of Rajesh Sharma
V	**Trust under common control**	
	Capri Foundation	
	CGCL Employees Group Gratuity Assurance Scheme (Formerly known as Money Matters Financial Services Limited Employee Group Gratuity Assurance Scheme)

187.50	2,00,000	39.40	-	-

Fair value methodology
The fair value of ESOP are measured using Black-scholes-merton formula. Measurement input includes share price on measurement date, exercise date of the instrument, exercise price, expected life, risk free interest rate, expected dividend yield, expected volatility.

The following table summarizes the assumptions used in calculating the grant date fair value.

Particulars	As at March 31, 2024	As at March 31, 2023
Expected life of the options	3 to 5 Years	2.5 to 5 Years
Expected volatility	40%	40% to 50%
Expected dividend yield	0.18% p.a	0.18% to 0.30% p.a
Risk-free interest rate	7.00% to 7.08%	7.09% to 7.39%

Expected life of the options: Expected life of the options is the period for which the company expects the Options to be live. The minimum life of a stock option is the minimum period before which the options cannot be exercised, and the maximum life is the period after which the options cannot be exercised.

Expected volatility: The measure of volatility used in ESOP pricing model is the annualised standard deviation of the continuously compounded rates of return (calculated by log function) on the share over a period prior to the date of grant corresponding to the expected life of the option.

Expected dividend yield: Expected dividend yield has been calculated as an average of dividend yields of six financial years preceding the date of grant. The dividend yield for the year is derived by dividing the dividend per share by the share price as on dividend effective date.

Risk-free interest rate: The rate used to discount employee benefit obligations reflects the estimated timing of benefit payments and the currency in which the benefits are to be paid. We have used the Discount Rate which relates to the par-yield rate available on ZYC Government Securities (G. Sec.) for the tenure of the expected life of options. (Ref: G Sec. rates available through www.fbil.org.in with prices/yields published by FBIL).

	For the year Ended March 31, 2024	2023
a. Weighted average market price of the ESOPs exercised	₹ 186.73 per share	₹ 180.59 per share
b. ESOP cost recognised in the Statement of Profit and Loss (₹ in million)	70.63	141.75

	As at March 31, 2024	As at March 31, 2023
Receivable from the subsidiary company with which employees are employed (Amount receivable is difference between the exercise price and fair value of the options)	1.47	1.61

(Currency : Indian Rupees in millions)

58. Analytical Ratios

58.A Analytical Ratios as per Ministry of Corporate Affairs ("MCA") notification dated 24th March 2021 are as below:

No.	Particulars	As at March 31, 2024	As at March 31, 2023	% Change	Notes
1	Capital to risk-weighted assets ratio (CRAR)	26.62%	39.86%	-33.2%	a
2	Tier I CRAR	26.15%	39.35%	-33.5%	a
3	Tier II CRAR	0.48%	0.51%	-5.9%	
		For the Quarter ended March 31,			
		2024	**2023**		
4	Liquidity Coverage Ratio	264.03%	257.34%	2.6%	

58.B Explanation for change in ratios exceeding 25% compared to previous year (For CRAR, Tier I and II)

a. There is decrease in Net Owned Fund (Tier I Capital) as compared to previous year due to change in treatment of Right of use assets (₹ 2187.94 millions) as now considered as Intangible assets and increase in Investment in subsidiary.

58.C

No.	Ratios	Numerator	Denominator
1	Capital to risk-weighted assets ratio (CRAR)	Total Capital Funds	Total risk weighted assets/ exposures
2	Tier I CRAR	Net Owned Fund	Total risk weighted assets/ exposures
3	Tier II CRAR	Aggregate Tier II Capital	Total risk weighted assets/ exposures
4	Liquidity Coverage Ratio	Stock of High Quality Liquid Assets	Total Cash Net Outflows over the next 30 calendar days.

59. Regulatory disclosures - RBI

The following additional information is disclosed in the terms of Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 issued vide RBI DoR 2023-24 106 DoR.FIN.REC No 45 03 10 119 2023-24 dated October 19, 2023 as amended from time to time.

The additional disclosure notes required by the Reserve Bank of India (the 'RBI') are prepared under Indian Accounting Standards (Ind AS) issued by Ministry of Corporate Affairs (MCA), unless otherwise stated. Disclosures are provided in the currency in which financial statements are prepared.

59.01 Capital to risk assets ratio (CRAR)

	As at March 31, 2024	As at March 31, 2023
CRAR (%)	26.62%	39.86%
CRAR - Tier I capital (%)	26.15%	39.35%

CAPRI GLOBAL CAPITAL LIMITED

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS

59. Regulatory disclosures - RBI

59.03.3 Disclosures on risk exposure in derivatives

Qualitative disclosure

The Company undertakes derivative transactions for hedging on-balance sheet liabilities, these derivative transactions are in form of Forward Exchange Contracts.

The Asset Liability Management Committee and Risk Management Committee closely monitors such transactions and reviews the risks involved. The Company has entered into these Forward Exchange Contract to mitigate the foreign exchange risk pertaining to FCNR (B) Term Loan.

All derivative contracts including the Forward Exchange Contracts are recognised on the balance sheet and measured at fair value. Hedge accounting is applied to all the derivative instruments including the Forward Exchange Contracts as per IND AS 109. Gain / loss arising on account of fair value changes are recognised in the Statement of Profit and Loss to the extent of ineffective portion of hedge instruments and hedged items. The gains / losses of effective portion of hedge instrument are offset against gain / losses of hedged items in Other Comprehensive Income.

Foreign exchange forward contracts outstanding at the Balance Sheet date, are recorded at fair value. The premium or discount arising at the inception of such forward exchange contract is amortised as expense or income over the life of the contract. The Company has entered into cashflow hedges to hedge currency risk on certain foreign currency loans and to cover future interest on foreign currency borrowings.

		Amount outstanding	-	-	-	-
		Provision thereon	-	-	-	-
8	Restructured Accounts as on March 31 of the Financial Year (closing figures) Outstanding as on 31 March 2024	No. of borrowers	-	1.00	-	1.00
		Amount outstanding	-	144.12	-	144.12
		Provision thereon	-	138.75	-	138.75

The Borrower has 3 loan accounts, however only one account out of 3 loans has been restructured
The above outstanding amount comprises of all 3 loans of the borrower

59. ***Regulatory disclosures - RBI (Continued)***

59.36 Disclosure on liquidity risk under RBI circular no. RBI/2019-20/88 DOR.NBFC (PD) CC. No.102/03.10.001/2019-20 dated November 04, 2019 on Liquidity Risk Management Framework for Non-Banking Financial Companies and Core Investment Companies from March 31, 2023 onwards

59.36.a Funding Concentration based on significant counterparty (borrowings, debt securities)

Particulars	As at March 31, 2024	As at March 31, 2023
No of Significant Counterparties	16	14
Amount (₹ in millions)#	69,555.55	52,395.70
Percentage of funding concentration to total deposits	NA	NA
Percentage of funding concentration to total liabilities##	92.06%	88.39%

59.36.b Top 20 large deposits

Not applicable as the Company does not accept deposits.

59.36.c Top 10 Borrowings

Particulars		As at March 31, 2024	As at March 31, 2023
Total amount of top 10 borrowings (₹ in millions)#	Banks	60,021.67	43,874.40
Percentage of amount of top 10 borrowings to total borrowings	Banks	83.84%	80.96%
Total amount of top 10 borrowings (₹ in millions)#	Financial Institutions	4,252.05	3,517.78
Percentage of amount of top 10 borrowings to total borrowings	Financial Institutions	5.94%	6.49%
Total amount of top 10 borrowings (₹ in millions)#	Non Convertible Debentures	1,521.65	4,386.52
Percentage of amount of top 10 borrowings to total borrowings	Non Convertible Debentures	2.13%	8.09%

59.36.d Funding concentration based on significant instrument / product:

	Particulars	As at March 31, 2024 ₹ in million	As at March 31, 2024 % of Total liabilities ##	As at March 31, 2023 ₹ in million	As at March 31, 2023 % of Total liabilities ##
a)	Term Loans from Bank	62,018.50	82.08%	45,643.28	77.00%
b)	Term Loan from Financial Institution	4,252.05	5.63%	3,517.78	5.93%
c)	Non-Convertible Debentures	1,521.65	2.01%	4,386.52	7.40%
d)	Loans repayable on demand from Bank (Cash Credit Facility)	3,794.87	5.02%	643.50	1.09%

59.36.e Stock Ratios:

	Particulars	As at March 31, 2024	As at March 31, 2023
i)	Commercial Papers to Total Liabilities	NA	NA
ii)	Commercial Papers to Total Assets	NA	NA
iii)	Commercial Papers to Public funds	NA	NA
iv)	NCD(Original Maturity < 1yrs.) to Total Liabilities	NA	NA
v)	NCD(Original Maturity < 1yrs.) to Total Assets	NA	NA
vi)	NCD(Original Maturity < 1yrs.) to Public funds	NA	NA
vii)	Other Short Term Liabilities to Total Liabilities ###	34.54%	34.44%
viii)	Other Short Term Liabilities to Total Assets ###	23.47%	21.95%
ix)	Other Short Term Liabilities to Public funds ###	36.45%	37.67%

All the above numbers are excluding notional Ind AS adjustments.

##Total Liabilities represents total liabilities as per balance sheet less total equity

Other short term liabilities include all the liabilities maturing within next 12 months

The above ratios reflect the strength of the Company as the short term liabilities are adequately funded by short term assets indicating the financial stability of the organisation.

59.37 Gold Loans

		FY 2023-24	FY 2022-23
a)	Loan against Gold portfolio to Total Assets (%)	25.40%	12.11%
b)	Details of Gold Loan auctions conducted *	6,043	-
	No of Loan accounts	409.64	-
	Outstanding Loan amount (₹ in millions)	411.25	-
	Sale consideration of Gold (₹ in millions)**		

* - There is no sister concern participation in any of the above auctions

** the excess sales considered over and above the outstanding amount is repaid to the respective borrower.

59.39 Disclosure On Liquidity Risk Management Framework Pursuant To Reserve Bank Of India Notification RBI /DNBR / 2016-17/45 Master Direction Dnbr.Pd.008/03.10.119/2016-17 Dated December 29, 2022.

A. Qualitative Disclosure on LCR

The Board of Directors are responsible for the overall risk management approach and for approving the risk management strategies and principles. The Board has constituted the Risk Management Committee (RMC) which is responsible for monitoring the overall risk process within the Company.

The meetings of RMC are held at quarterly interval. The Risk owners are responsible for monitoring compliance with risk principles, policies and limits across the Company. RMC ensures that the credit and investment exposure to any party / Company / group of parties or companies does not exceed the internally set limits as well as statutory limits as prescribed by Reserve Bank of India from time to time. RMC Develops risk policies and procedures and verify adherence to various risk parameters and prudential limits; review the risk monitoring system and ensure effective risk management.

The Company's Treasury is responsible for managing its assets and liabilities and the overall financial structure. It is also primarily responsible for the funding and liquidity risks of the Company.

The Board of Directors has constitution of Asset Liability Committee (ALCO). The Company's ALCO monitors asset liability mismatches to ensure that there are no imbalances or excessive concentrations on either side of the balance sheet. ALCO conducts quarterly reviews relating to the liquidity position and stress test assuming various 'what if' scenarios. The ALCO is a decision-making unit responsible for balance sheet planning from risk-return perspective including strategic management of interest rate and liquidity risks. The ALCO also evaluates the Borrowing Plan of subsequent quarters based on previous borrowings of the Company.

In assessing the Company's liquidity position, consideration is given to: (1) present and anticipated asset quality (2) present and future earnings capacity (3) historical funding requirements (4) current liquidity position (5) anticipated future funding needs, and (6) sources of funds. The Company maintains a portfolio of marketable assets that are assumed to be easily liquidated and undrawn cash credit limits which can be used in the event of an unforeseen interruption in cash flow. In accordance with the Company's policy, the liquidity position is assessed under a variety of scenarios, giving due consideration to stress factors relating to both the market in general and specifically to the Company. Net liquid assets consist of cash, short term bank deposits and investments in mutual fund available for immediate sale. Borrowings from banks and financial institutions and issue of debentures are considered as important sources of funds to finance lending to customers.

The minutes of ALCO meetings are placed before the RMC and the Board of Directors meeting for noting.

The Company exceeds the regulatory requirement of liquidity coverage ratio (LCR) introduced by the RBI in FY 2020. This requirement stipulates that NBFCs with an asset size of Rs. 5,000 crore and above are required to maintain 50% of its expected net cash outflows in a stressed scenario in high quality liquid assets (HQLA) by December 2021; which has to be increased to 100% by December 2024 in a phased manner.

As of 31 March 2024, Company maintained LCR of 264.03% which is well above the stipulated norms.

62.14 Borrowed funds have been utilised for the purpose they have been sanctioned and share premium has been utilised in working capital.

62.15 The Company confirms that, the title deeds of immovable properties are held in the name of the Company.

62.16 The Company has not traded or invested in crypto currency or virtual currency during the financial year.

62.17 The Company is registered with Insurance Regulatory and Development Authority of India (IRDAI) as Corporate agent *vide* CA0881 dated December 07, 2023.

63. **Accounting Software Used for maintenance of Books of Accounts**

As per the requirements of rule 3(1) of the Companies (Accounts) Rules 2014, the company uses only such accounting software for maintaining its books of account that have a feature of recording audit trail of each and every transaction creating an edit log of each change made in the books of account along with the date when such changes were made within such accounting software. This feature of recording audit trail has operated throughout the year and was not disabled or tampered with during the year, except for the situations noted below wherein during the year the audit trail feature was not enabled for –

a) Customer masters in two accounting software;
b) Databases maintained in accounting software;

Further, in case of one accounting software, where though the audit trails are maintained by the Company, the Company could not generate audit log to substantiate that the audit trail feature has not been tempered anytime during the year.
Further, for two accounting software, which have been discontinued/sunset during the year, the Company could not extract the data to substantiate that the feature of recording audit trail was operated throughout the year.

64. Figures for the previous years have been regrouped/rearranged wherever considered necessary to conform to the figures presented in the current year.

Independent Auditor's Report

To the Members of Capri Global Capital Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of Capri Global Capital Limited ('the Holding Company') and its subsidiaries, i.e., Capri Global Housing Finance Limited & Capri Loans Car Platform Private Limited (the Holding Company and its subsidiaries together referred to as the 'Group'), which comprise the Consolidated Balance Sheet as at 31 March 2024, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year/period then ended, and notes to the consolidated financial statements, including a summary of the material accounting policies and other explanatory information (hereinafter referred to as the 'consolidated financial statements').

2. In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of report of other auditor on separate financial statements of a subsidiary, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, the relevant circulars, guidelines and directions issued by the Reserve Bank of India (RBI) from time to time ('RBI Guidelines') and other accounting principles generally accepted in India of the consolidated state of affairs of the Group as at 31 March 2024, and their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us along with the consideration of audit report of the other auditor referred to in the 'Other Matter' paragraph below is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

5. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
Impairment of loans and advances to customers (Refer Note 2.06G for material accounting policies and Note 52.A for credit risk disclosures)	
As at 31 March 2024, the Group has reported gross loan assets of ₹ 1,36,778.66 millions against which an impairment loss of ₹ 2,566.83 millions has been recorded. The Group recognized impairment provision for loan assets based on the Expected Credit Loss ("ECL") approach laid down under 'Ind AS 109 - Financial Instruments'. The estimation of ECL on financial instruments involves significant management judgement and estimates and the use of different modelling techniques and assumptions which could have a material impact on reported profits. Significant management judgement and assumptions involved in measuring ECL is required with respect to: ➢ ensuring completeness and accuracy of the data considered for assumptions used in the model. ➢ determining the criteria for a significant increase in credit risk. ➢ factoring of future economic variables ➢ techniques used to determine probability of default, loss given default and exposure at default. These parameters are derived from the Group's internally developed statistical models and other historical data.	Our audit focused on assessing the appropriateness of management's judgment and estimates used in the impairment analysis through procedures that included, but were not limited to, the following: • Obtained an understanding of the modelling techniques adopted by the Group including the key inputs and assumptions; • Considered the Group's accounting policies for estimation of expected credit loss on loans and assessing compliance with the policies in terms of Ind AS 109; • Understanding management's updated processes, systems and controls implemented in relation to impairment allowance process. • Accuracy of the computation of the ECL estimate including reasonableness of the methodology and assumption used to determine macro-economic overlays; • Tested the design and operating effectiveness of key controls over completeness and accuracy of the key inputs and assumptions considered for calculation, recording, monitoring of the impairment loss recognized and staging of assets. Also evaluated the controls over the modelling process, validation of data and related approvals;

On the basis of an estimate made by the management, an overlay of ₹ 208.12 millions has been recognized by the Holding Company as at 31 March 2024 on loans basis their performance and outstanding position. The basis of estimates and assumptions involved in arriving at the overlay are monitored by the Holding Company periodically and significantly depend on future developments in the economy. **Disclosure** The disclosures regarding the Group's application of Ind AS 109 are key to explaining the key judgements and material inputs to the ECL results. Further, disclosures to be provided as per RBI circulars with regards to non-performing assets and provisions is also an area of focus. Considering the significance of the above matter to the overall financial statements, and extent of management's estimates and judgements involved, it required auditor's significant attention. Accordingly, we have identified this as a key audit matter.	• Assessed the critical assumptions and input data used in the estimation of expected credit loss models for specific key credit risk parameters, such as the movement logic between stages, Exposure at default (EAD), probability of default (PD) or loss given default (LGD); • Performed test of details over calculation of ECL, in relation to the completeness and accuracy of the data; • Obtained written representations from management on whether they believe significant assumptions used in calculation of expected credit losses are reasonable; and • Assessed the appropriateness and adequacy of the related presentation and disclosures of Note 39 "Financial risk management" disclosed in the accompanying financial statements in accordance with the applicable accounting standards and related RBI circulars and Resolution Framework.

Information other than the Consolidated Financial Statements and Auditor's Report thereon

6. The Holding Company's management & the Board of Directors are responsible for the other information. The other information comprises the information to be included in the Annual Report, but does not include the consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

   Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

   In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

   When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Board of Director's Responsibilities for the Consolidated Financial Statements

7. The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Management and the Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, RBI Guidelines and other accounting principles generally accepted in India. The respective Board of Directors of the entities included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of their respective Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

8. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of respective Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

9. The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

11. As part of an audit in accordance with Standards on Auditing specified under section 143(10) of the Act, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve

  collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on the internal financial controls system with reference to the consolidated financial statements and the operating effectiveness of such controls based on our audit;

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and the Board of Directors;

- Conclude on the appropriateness of the Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern;

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and

- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the consolidated financial statements, of which we are the independent auditors. For the other entity included in the consolidated financial statements, which have been audited by other auditor, such other auditor remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

12. We communicate with those charged with governance of the Holding Company, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

15. The consolidated financial statements include the audited financial statements of a subsidiary, whose financial statements reflect total assets (before consolidation adjustments) of ₹ 44,820.20 million as at 31 March 2024, total revenue (before consolidation adjustments) of ₹ 4,871.90 million and net profit after tax (before consolidation adjustments) of ₹ 716.99 million and net cash inflows of ₹ 3,909.20 million for the year ended on that date, as considered in the consolidated financial statements, which has been audited by its independent auditor. The independent auditor's report on the financial statements of this entity has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, is based solely on the report of such auditor and the procedures performed by us are as stated in paragraph above.

    Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matter with respect to our reliance on the work done and the report of the other auditor.

Report on Other Legal and Regulatory Requirements

16. As required by section 197(16) of the Act based on our audit and the report of the statutory auditor of a subsidiary company incorporated in India which was not audited by us, we report that the remuneration paid during the current year by the Holding Company and its subsidiary companies to its directors is in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.

M M NISSIM & CO LLP
FRN : 107122W / W100672
MUMBAI
CHARTERED ACCOUNTANTS

17. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/"CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and a subsidiary included in the consolidated financial statements of the Company, we report that there are no qualifications or adverse remarks in these CARO reports.

18. As required by section 143(3) of the Act, based on our audit and on the consideration of report of the other auditor on separate financial statements of a subsidiary, as noted in 'other matters paragraph', we report, to the extent applicable, that:

    a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;

    b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Group so far as it appears from our examination of those books and the report of the other auditor, except for the matters stated in paragraph 18(g)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended) ("the Rules");

    c) The consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;

    d) In our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015;

    e) On the basis of the written representations received from the directors of the Holding Company, and taken on record by the Board of Directors of the Holding Company and reports of the statutory auditor of its subsidiary companies incorporated in India, none of the directors of the Group Companies incorporated in India is disqualified as on 31 March 2024 from being appointed as a director in terms of section 164(2) of the Act.

    f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies incorporated in India, and the operating effectiveness of such controls, refer to our separate report in 'Annexure I' wherein we have expressed an unmodified opinion; and

    g) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of report of the other auditor on the separate financial statements of the subsidiaries as noted in other matter paragraph:

i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group as detailed in Note 38 to the consolidated financial statements;

ii. The Group has made provision as at 31 March 2024, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;

iii. There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Holding Company during the year ended 31 March 2024;

iv. a. The management has represented that, to the best of its knowledge and belief as disclosed in note 60.6 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Holding Company to or in any persons or entities, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b. The management, as disclosed in the note 60.7 to the accompanying consolidated financial statements has represented that, to the best of its knowledge and belief, no funds have been received by the Holding Company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Holding Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c. Based on such audit procedures performed, as considered reasonable and appropriate in the circumstances, nothing has come to our attention that causes us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement;

v. The dividend declared during the year ended 31 March 2024 by the Holding Company is in compliance with section 123 of the Act; and

vi. Based on our examination, which included test checks, the Group has used various accounting software for maintaining its books of account which have a feature of recording audit trail (edit log) facility, which have operated throughout the year for all relevant transactions recorded in the software, except in the case of the Holding Company in respect of customer masters in two accounting software and databases maintained in accounting software where the audit trail feature was not enabled throughout the year and non-availability of sufficient appropriate audit evidence regarding recording of audit trail in respect of two sunset software which were

discontinued during the year. Based on our procedures performed, we did not notice any instance of the audit trail feature being tampered with except in respect of one accounting software where the Holding Company could not provide sufficient appropriate audit evidence that audit trail feature has not been tempered anytime during the year. In respect of the aforesaid masters, databases and software, in the absence of audit trail for the said period, the question of our commenting on whether the audit trail was tampered with, does not arise. Refer note 62 to the consolidated financial statements.

Annexure I

Independent Auditor's Report on the internal financial controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

(Referred to in paragraph 18 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

1. In conjunction with our audit of the consolidated financial statements of Capri Global Capital Limited ('the Holding Company') and its subsidiary (collectively referred as 'Group') as at and for the year ended 31 March 2024, we have audited the internal financial controls with reference to the consolidated financial statements of Group, as at that date.

Board of Director's Responsibilities for Internal Financial Controls

2. The respective Board of Directors of the companies included in the Group, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to the consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Consolidated Financial Statements

3. Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to the consolidated financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Annexure I to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the consolidated financial statements for the year ended 31 March 2024

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements includes obtaining an understanding of such internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in the subsidiary company in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to the consolidated financial statements.

Meaning of Internal Financial Controls with Reference to Consolidated Financial Statements

6. A company's internal financial controls with reference to the consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to the consolidated financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of the consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with Reference to the Consolidated Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to the consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to the consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Annexure I to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the consolidated financial statements for the year ended 31 March 2024

Opinion

8. In our opinion, the Group, have in all material respects, adequate internal financial controls with reference to the consolidated financial statements and such controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to the consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matter

9. Our aforesaid report under Section 143 (3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to the consolidated financial statements insofar as it relates to a subsidiary company, which is a company incorporated in India, is based on the corresponding report of the auditor of such company incorporated in India.

CAPRI GLOBAL CAPITAL LIMITED ★ MUMBAI

1 Corporate Information

Capri Global Capital Limited ("the Company/Holding Company") having principal place of business at Registered office, 502, Tower A, Peninsula Business Park, Senapati Bapat Marg, Lower Parel, Mumbai - 400013 is engaged in the business of providing loans to Micro, Small and Medium Enterprises (MSMEs) long term finance for construction of residential houses in India, Indirect Lending, Gold Loan and Unsecured Business Loan in India and in providing ancillary services related to the said business activities. The Holding Company is NBFC – Investment and Credit Company (NBFC-ICC), holding a Certificate of Registration No. B-13.01882 from the Reserve Bank of India ("RBI") dated November 05, 2007, having CIN: L65921MH1994PLC173469.

Capri Global Housing Finance Limited (the Subsidiary Company) having principal place of business at Registered office, 502, Tower A, Peninsula Business Park, Senapati Bapat Marg, Lower Parel, Mumbai - 400013 is engaged in the business of providing loans primarily to customers for purchase / construction / repair and renovation of residential property. The Company holds registration certificate No. 07.0139.16 with National Housing Bank under section 29A of the National Housing Bank Act, 1987 dated July 18, 2016.

Capri Loans Car Platform Private Limited (the Subsidiary Company) having principal place of business at Registered office, 502, Tower A, Peninsula Business Park, Senapati Bapat Marg, Lower Parel, Mumbai - 400013 is engaged primarily in the business of car loan distribution. The Company holds certificate of incorporation vide No. U66190MH2023PTC412270 in pursuant to sub-section (2) of section 7 and sub-section (1) of section 8 of the Companies Act, 2013 (18 of 2013) and rule 18 of the Companies (Incorporation) Rules, 2014 with effect from October 16, 2023.

The consolidated financial statements relate to the Holding Company and its subsidiary companies (together referred as the "Group").

The consolidated financial statements as at and for the year ended March 31, 2024 were authorised for issue in accordance with a resolution of the Board of Directors on May 08, 2024.

2 Material accounting policies

2.01 Basis of Consolidation

2.01.A The following subsidiary companies have been considered in the preparation of the consolidated financial statements:
Capri Global Housing Finance Limited - 100% wholly owned subsidiary (CGHFL)
Capri Loans Car Platform Private Limited – 100% wholly owned subsidiary incorporated on October 16, 2023 (CLCPPL)

For details of the subsidiary companies considered for consolidation refer note 53

2.01.B Principles of Consolidation:

The consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) 110 - "Consolidated Financial Statements" notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). The consolidated financial statements have been prepared on the following basis:

a) The financial statements of Group have been combined on a line by line basis of like items of assets, liabilities, equity, income, expenses and cash flows of the Holding Company with those of its subsidiaries.
For this purpose, income and expenses of the subsidiaries are based on the amounts of the assets and liabilities recognised in the consolidated financial statements as at March 31, 2024

b) The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented, to the extent possible, in the same manner as the Holding Company's separate financial statements. Appropriate adjustments have been made in the financial statements of the subsidiaries with respect to different accounting policies for like transaction and events in similar circumstances for the purpose of preparation of consolidated financial statements.

c) Elimination of the carrying amount of the Holding Company's investment in each subsidiary and the Holding Company's portion of equity of each subsidiary.

d) The financial statements of the subsidiaries used in consolidation are drawn up to the same reporting date as that of the Holding Company i.e. as at / for the year ended March 31, 2024.

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS

CAPRI GLOBAL CAPITAL LIMITED MUMBAI

2.02 Statement of compliance and basis of preparation and presentation

The consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act, Master Direction – Reserve Bank of India (Non-Banking Financial Company Scale Based Regulation) Directions, 2023 with the circular No. RBI/DoR/2023-24/105 DoR.FIN.REC.No.45/03.10.119/2023-24 Dated October 19, 2023 and notification for Implementation of Indian Accounting Standard vide circular RBI/2019-20/170 DOR (NBFC).CC.PD. No.109/22.10.106/2019-20 dated 13 March 2020 ('RBI Notification for Implementation of Ind AS') and Master Direction – Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021 issued by RBI. (Previously Master Direction - Non-Banking Financial Company – Non-Systemically Important Non-Deposit taking Company (Reserve Bank) Directions, 2016 as amended ('the RBI Master Directions') and notification for Implementation of Indian Accounting Standard vide circular RBI/2019-20/170 DOR (NBFC).CC.PD. No.109/22.10.106/2019-20 dated 13 March 2020 ('RBI Notification for Implementation of Ind AS') issued by RBI.) The Group uses accrual basis of accounting except in case of significant uncertainties [Refer note 2.04 (A),(C),(D),(E)]. Accounting policies have been consistently applied to all periods presented unless otherwise stated.

Any application of guidance / clarification / directions issued by RBI / NHB or other regulations are implemented prospectively when they become applicable.

The consolidated financial statement has been prepared in accordance with and comply in all material aspects with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other accounting principles generally accepted in India on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period as explained in the accounting policies below and the relevant provisions of the Act.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The preparation of consolidated financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to the Group are discussed in Note 2.13 Significant accounting judgements, estimates and assumptions.

The consolidated financial statements are presented in Indian Rupees (₹) millions and all values are rounded to two decimal, except when otherwise indicated.

2.03 Presentation of financial statement

The Group presents its balance sheet in the order of liquidity

The Group prepares and present its Consolidated Financial Statements in the format prescribed by Division III of Schedule III to the Act as amended from time to time.

Financial assets and financial liabilities are generally reported on a gross basis except when there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:
i. The normal course of business
ii. The event of default
iii. The event of insolvency or bankruptcy of the Group and/or its counterparties

2.04 Revenue from operations

2.04.A Interest Income

Interest income is recognised by applying Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at Fair Value Through Profit and Loss (FVTPL) taking into account the amount outstanding and the applicable interest rate. In case of credit-impaired financial assets (as set out in note no. 2.06 (G) regarded as 'Stage 3'), the Group recognises interest income on the amortised cost net of impairment loss of the financial asset. If the financial asset is no longer credit impaired, the Group reverts to calculating interest income on a gross basis.

The EIR is computed
a. As the rate that exactly discounts estimated future cash payments or receipts through the weighted average behaviorial life of the financial asset to the gross carrying amount of a financial asset.
b. By considering all the contractual terms of the financial instrument (for example prepayment, extension, call and similar options) in estimating the cash flows.
c. Including all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction cost, and all other premiums or discounts.

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS

CAPRI GLOBAL CAPITAL LIMITED MUMBAI

Loan processing fees on loans is collected towards processing of loan. These are amortised on EIR basis over the weighted average behaviorial life of the loan for MSME, Gold loan, Home Loan and Unsecured business loan and over the contractual tenure for Construction Finance and Indirect Lending.

2.04.B Fees & Commission Income

The Group recognises the fee and commission income not integral to EIR under Ind AS 109 in accordance with the terms of the relevant customer contracts / agreement and when it is probable that the Group will collect.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Group as part of the contract.

The Group recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Group allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Group expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Group satisfies a performance obligation. Fees for sale of services are accounted as and when the service is rendered, provided there is reasonable certainty of its ultimate realisation.

Bounce/ penal charges levied on customers for non-payment/delayed in payment of instalment on the contractual date & Foreclosure charges collected from loan customers for early payment / closure of loan are recognised on a point in time basis and are recorded when realised.

Distribution income is earned by selling of services and products of other entities under distribution arrangements. The income so earned is recognised on successful distribution on behalf of other entities subject to there being no significant uncertainty of its recovery.

Commission on Insurance Policies sold is recognised on accrual basis when the Holding Company under its agency code sells the insurance policies.

2.04.C Sale of service

Sale of services includes advertising income, representing income earned from the activities incidental to the business and is recognised when the service is performed. Revenue is net of applicable indirect taxes as per the terms of the contract.

2.04.D Net gain on Fair value changes

Any differences between the fair values of financial assets classified as FVTPL held by the Group on the balance sheet date is recognised as an unrealised gain / loss. In case there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss, the same is disclosed as "Net loss on fair value changes" under Expenses in the Statement of Profit and Loss.

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at FVOCI is recognised in net gain / loss on fair value changes.

However, Net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

2.04.E Assignment transactions

In accordance with Ind AS 109, in case of assignment transactions with significant transfer of risks and rewards without any retention of residual interest, gain arising on such assignment transactions is recorded upfront in the Statement of Profit and Loss and the corresponding asset is derecognized from the Balance Sheet immediately upon execution of such transaction. Further, the transfer of financial assets qualifies for derecognition to the extent of portion transferred. The whole of the interest spread is at its present value (discounted over the life of the asset) is recognized on the date of derecognition itself as interest only strip receivable (interest strip on assignment) and correspondingly recognized as profit on derecognition of financial asset.

2.05 Expenses

2.05.A Finance costs

Finance costs on borrowings paid towards availing of loan is amortised on EIR basis over the contractual life of loan.

The EIR in case of a financial liability is computed

a. As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS
CAPRI GLOBAL CAPITAL LIMITED MUMBAI

b. By considering all the contractual terms of the financial instrument in estimating the cash flows
c. Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts
Any subsequent changes in the estimation of the future cash flows is recognised in interest expense with the corresponding adjustment to the carrying amount of the liability.

Interest expense includes issue costs that are initially recognized as part of the carrying value of the financial liability and amortized over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses such as external legal costs, rating fee, etc. provided these are incremental costs that are directly related to the issue of a financial liability.

2.05.B Retirement and other employee benefits

Short term employee benefit

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service.

Post-employment employee benefits

a) Defined contribution schemes

The Group provides a defined contribution plan for all the eligible employees of the Group who have opted to receive benefits under the Provident Fund and Employees State Insurance Scheme, defined contribution plans in which both the employee and the Company contribute monthly at a stipulated rate. The Group has no liability for future benefits other than its annual contribution and recognises such contributions as an expense in the period in which employee renders the related service. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the Balance Sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

b) Defined Benefit schemes

The Group provides a defined benefit retirement plan for gratuity covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation carried out by an independent actuary at each Balance Sheet date using the Projected Unit Credit Method which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

Net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the planed assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at half yearly intervals.

The Group fully contributes all ascertained liabilities to The Trustees – CGCL Employees Group Gratuity Assurance Scheme (Formerly known as Money Matters Financial Services Limited Employee Group Gratuity Assurance Scheme)" and CGHFL Employees Group Gratuity Assurance Scheme (Formerly known as Money Matters Securities Private Limited Employee Group Gratuity Assurance Scheme. Trustees administer contributions made to the trust and contributions are invested in a scheme of insurance with the Insurance Regulatory and Development Authority (IRDA) approved Insurance Companies.

Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are recognized immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income (OCI) in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

2.05.C Leases Rent

The Group leases most of its office facilities under operating lease agreements that are renewable on a periodic basis at the option of the lessor and the lessee. The lease agreements contain rent free periods and rent escalation clauses.

The Group assesses whether a contract contains a lease at the inception of the contract. A contract is or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether (i) the contract involves the use of an identified asset, (ii) the Group has substantially all of the economic benefits from the use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a Right-of-Use (ROU) assets and a corresponding lease liability for all lease arrangements under which it is a lessee, except for short-term leases and low value leases. ROU assets represent the Group's right to use an underlying asset for the lease term and lease liabilities represent the Group's obligation to make lease payments arising from the lease. For short-term leases and low value leases, the Group recognizes the lease payments as an expense on a straight-line basis over the term of the lease.

The lease arrangements include options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the date of commencement of the lease on a straight-line basis over the lease term.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. For leases under which the rate implicit in the lease is not readily determinable, the Group uses its incremental borrowing rate based on the information available at the date of commencement of the lease in determining the present value of lease payments. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset, if the Group changes its assessment as to whether it will exercise an extension or a termination option.

At initial recognition the carrying value of the refundable deposits is taken at present value of all expected future principal repayments discounted using market rates prevailing at the time of inception. For Interest expenses, the difference between present market value and deposit made is recognised as prepayment and amortised in the Statement of Profit and Loss over the benefit period on systematic basis. Interest income is recognised at the prevailing market rates.

2.05.D Impairment of non-financial assets

The carrying amount of assets is reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

2.05.E Taxes

Income Tax

Income tax expense comprises current tax and deferred tax. Income tax expense is recognized in the Statement of Profit and Loss, other comprehensive income or directly in equity when they relate to items that are recognized in the respective line items.

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable profit or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty if any related to income taxes. It is measured using tax rates (and tax law) enacted or substantively enacted by the reporting date.

Deferred tax

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS

CAPRI GLOBAL CAPITAL LIMITED MUMBAI

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity.

Goods and Services Tax /Service Tax/Value Added Taxes paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the goods and services tax/service tax/value added taxes paid, except:
i. When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.
ii. When receivables and payables are stated with the amount of tax included.
The net amount of tax recoverable from or payable to the taxation authority is included as part of receivables or payables in the balance sheet.

2.06 Financial instruments

Financial assets and financial liabilities are recognised in the Group's Balance Sheet on trade date, i.e. when the Group becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs and revenues that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs and revenues of financial assets or financial liabilities carried at fair value through the profit or loss account are recognised immediately in the Statement of Profit or Loss. Trade Receivables are measured at transaction price.

2.06.A (i) Classification of financial instruments

The Group classifies its financial assets into the following measurement categories:
1. Financial assets to be measured at amortised cost.
2. Financial assets to be measured at fair value through profit or loss account.
The classification depends on the contractual terms of the financial assets, cash flows and the Group`s business model for managing financial assets which are explained below:

Business model assessment
The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.
The Group's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:
►How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel.
►The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed.
► How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).
► The expected frequency, value and timing of sales are also important aspects of the Group's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Group's original expectations, the Group does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The Solely Payments of Principal and Interest (SPPI) test
As a second step of its classification process, the Group assesses the contractual terms of financial assets to identify whether they meet the SPPI test.
'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, the Group considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Group classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account required to measure liabilities at fair value through profit or loss such as derivative liabilities.

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS

CAPRI GLOBAL CAPITAL LIMITED MUMBAI

2.06.B Financial assets measured at amortised cost

These financial assets comprises of bank balances, receivables, investments and other financial assets.

Financial assets

Financial assets are measured at amortised cost where they have:

a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding; and

b) are held within a business model whose objective is achieved by holding to collect contractual cash flows.

These Financial assets are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at amortised cost.

2.06.C Items at Fair Value Through Profit or Loss (FVTPL)

Items at Fair Value Through Profit or Loss comprise:

- Investments (including equity shares) held for trading;
- debt instruments with contractual terms that do not represent solely payments of principal and interest.

Financial instruments held at FVTPL are initially recognised at fair value with transaction costs recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

Financial instruments designated as measured at FVTPL

Upon initial recognition, financial instruments may be designated FVTPL. A financial asset may only be designated at FVTPL if doing so eliminates or significantly reduces measurement or recognition inconsistencies (i.e. eliminates an accounting mismatch) that would otherwise arise from measuring financial assets or liabilities on a different basis.

A financial liability may be designated at FVTPL if it eliminates or significantly reduces an accounting mismatch or:

- if a host contract contains one or more embedded derivatives; or
- if financial assets and liabilities are both managed, and their performance evaluated on a fair value basis in accordance with a documented risk management or investment strategy.

Where a financial liability is designated at FVTPL, the movement in fair value attributable to changes in the Group's own credit quality is calculated by determining the changes in credit spreads above observable market interest rates and is presented separately in other comprehensive income. As at the reporting date, the Group has not designated any financial instruments as measured at fair value through profit or loss.

2.06.D Debt securities and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds and costs that are an integral part of the Effective Interest Rate (EIR).

2.06.E Reclassification

If the business model under which the Group holds financial assets undergoes changes, the financial assets affected are reclassified. The classification and measurement requirements related to the new category apply prospectively from the first day of the first reporting period following the change in business model that result in reclassifying the Group's financial assets. Changes in contractual cash flows are considered under the accounting policy on modification and derecognition of financial assets described in subsequent paragraphs.

2.06.F Recognition and Derecognition of financial assets and liabilities

Recognition:

a) Loans and Advances are initially recognised when the Financial Instruments are transferred to the customers.

b) Investments are initially recognised on the settlement date.

c) Debt securities and borrowings are initially recognised when funds are received by the Group.

d) Other Financial assets and liabilities are initially recognised on the trade date, i.e., the date that the Group becomes a party to the contractual provisions of the instrument. This includes regular purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Derecognition of financial assets due to substantial modification of terms and conditions:

The Group derecognises a financial asset such as a loan to a customer when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised loans are classified as Stage 1 for ECL measurement purposes unless the new loan is deemed to be Purchased or Originated as Credit Impaired (POCI). In case of an existing exposure to the borrower in the Group, the newly recognised loans are classified as per the staging of the existing exposure.

M M NISSIM & CO LLP CHARTERED ACCOUNTANTS FRN : 107122W / W100672 MUMBAI

CAPRI GLOBAL CAPITAL LIMITED MUMBAI

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Group records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

Derecognition of financial assets other than due to substantial modification

a) Financial assets:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Group also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Group has transferred the financial asset if the Group has transferred its contractual rights to receive cash flows from the financial asset.

A transfer only qualifies for derecognition, if either:

i. The Group has transferred substantially all the risks and rewards of the asset, or

ii. The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

The Group considers control to be transferred if and only if the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

When the Group has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Group's continuing involvement, in which case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

b) Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of Profit or Loss.

2.06.G Impairment of financial assets

Overview of the ECL principles

The Group records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, referred to in 'financial instruments' section. Equity instruments are not subject to impairment under Ind AS 109.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss) unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both Lifetime ECLs and 12-month ECLs are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments. The Group has grouped its loan portfolio into Micro, Small and Medium Enterprises (MSMEs), Construction Finance, Indirect Lending, Gold Loan, Home Loan and Unsecured business loan

The Group has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Group does the assessment of significant increase in credit risk at a borrower level. If a borrower has various facilities having different past due status, then the highest Days Past Due (DPD) is considered to be applicable for all the facilities of that borrower.

Based on the above, the Group categorises its loans into Stage 1, Stage 2 and Stage 3 as described below:

Stage 1

All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Group classifies all standard advances (past due for 0 to30 days) under this category. Stage 1 loans also include facilities where the credit risk has reduced and the loan has been reclassified from Stage 2 or Stage 3.

Stage 2

All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. Financial assets past due for 31 to 90 days are classified under this stage and lifetime ECL is recognised on such financial assets. Stage 2 loans also include facilities where the credit risk has reduced, and the loan has been reclassified from Stage 3.

Stage 3
All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. More than 90 days Past Due is considered as default for classifying a financial instrument as credit impaired.

Credit-impaired financial assets:
At each reporting date, the Group assesses whether financial assets carried at amortised cost and debt financial assets carried at FVTOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.
Evidence that a financial asset is credit-impaired includes the following observable data:
a) Significant financial difficulty of the borrower or issuer;
b) A breach of contract such as a default or past due event;
c) It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
d) The disappearance of an active market for a security because of financial difficulties.

The mechanics of ECL:
The assessment of credit risk and estimation of ECL are unbiased and probability weighted. It incorporates all information that is relevant including information about past events, current conditions and reasonable forecasts of future events and economic conditions at the reporting date. In addition, the estimation of ECL takes into account the time value of money. Forward looking economic scenarios determined with reference to external forecasts of economic parameters that have demonstrated a linkage to the performance of our portfolios over a period of time have been applied to determine impact of macro economic factors.

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

Probability of Default (PD)
Probability of Default (PD) is defined as the likelihood of default over a particular time horizon. The PD of an obligor is a fundamental risk parameter in credit risk analysis and depends on obligor specific as well as macroeconomic risk factors.

Loss Given Default (LGD)
Loss Given Default (LGD) is defined as the loss rate on the exposure, given the borrower has defaulted. LGD is being calculated for all financial instruments under risk parameter approach by way of evaluation of historical data on defaults, recovery amounts, collateral liquidation, direct expenses, and opportunity cost for each default.

Exposure at Default (EAD)
The Exposure at Default (EAD) is an estimate of the exposure at a future default date including the undrawn commitments. EAD is taken as the gross exposure under a facility upon default of an obligor. The principal outstanding, overdue principal, accrued interest, overdue interest less excess received from the customers is considered as EAD for the purpose of ECL computation.

Forward looking information
While estimating the expected credit losses, the Group reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Group analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD determined by the Group based on its internal data/external data. While the internal estimates of PD rates by the Group may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

Collateral repossessed
In its normal course of business, Group repossess assets under SARFAESI/ Arbitration Act, but do not transfer these assets in its book of accounts. The Group continues to show these loans account as Non-Performing Assets (NPA) in the books till the liquidation of the secured assets through public auction and realise actual payment against these loans.

2.06.H Write-offs
The Group reduces the gross carrying amount of a financial asset when the Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Group determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS

CAPRI GLOBAL CAPITAL LIMITED MUMBAI

2.06.I Determination of fair value

On initial recognition, all the financial instruments are measured at fair value. For subsequent measurement, the Group measures certain categories of financial instruments (as explained in note) at fair value on each Balance Sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:
i. In the principal market for the asset or liability, or
ii. In the absence of a principal market, in the most advantageous market for the asset or liability.
The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments - Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Group has access to at the measurement date. The Group considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments - Those where the inputs that are used for valuation are significant and are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Group will classify the instruments as Level 3.

Level 3 financial instruments - Those that include one or more unobservable input that is significant to the measurement as whole.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Difference between transaction price and fair value at initial recognition
The best evidence of the fair value of a financial instrument at initial recognition is the transaction price (i.e. the fair value of the consideration given or received) unless the fair value of that instrument is evidenced by comparison with other observable current market transactions in the same instrument (i.e. without modification or repackaging) or based on a valuation technique whose variables include only data from observable markets. When such evidence exists, the Group recognises the difference between the transaction price and the fair value in profit or loss on initial recognition (i.e. on day one).

When the transaction price of the instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Group recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is not recognised at the initial recognition stage.

2.06.J Derivative Financial Instruments

The Group holds derivative financial instruments to hedge its foreign currency and interest rate risk exposures. Embedded derivatives are separated from the host contract and accounted for separately if certain criteria are met.

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS

CAPRI GLOBAL CAPITAL LIMITED MUMBAI

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/loss is recognised in the statement of profit and loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the statement of profit and loss depends on the nature of the hedge relationship.

The Group designates certain derivatives as hedging instruments to hedge the variability in cash flows associated with its floating rate borrowings arising from changes in interest rates and exchange rates at inception of designated hedging relationships.

The Group documents the risk management objective and strategy for undertaking the hedge. The Group also documents the economic relationship between the hedged item and the hedging instrument including whether the changes in cash flows of the hedged item and hedging instrument are expected to offset each other.

Cash flow hedges
When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognised in OCI and accumulated in the other equity under 'effective portion of cash flows hedges'. The effective portion of changes in the fair value of the derivative that is recognised in OCI is limited to the cumulative change in fair value of the hedged item determined on a present value basis from inception of the hedge. Any ineffective portion of changes in fair value of the derivative is recognised immediately in profit or loss.

The Group designates only the change in fair value of the spot element of forward exchange contracts as the hedging instrument in cash flow hedge relationships. Change in fair value of the forward element of the forward exchange contracts ('forward points') is separately accounted for as cost of hedging and recognised separately within equity.

If a hedge no longer meets the criteria for hedge accounting or the hedging instrument is sold, expires, is terminated or is exercised, then hedge accounting is discontinued prospectively. If the hedged future cash flows are no longer expected to occur, then the amounts that have been accumulated in other equity are immediately reclassified to profit or loss.

2.07 Cash and cash equivalents
Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value. They are held for the purposes of meeting short-term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short- term deposits, as defined above.

2.08 Property, plant and equipment
Property, Plant and Equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment,if any. The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate and treated as changes in accounting estimates.

Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress.

Depreciation
Depreciation is calculated using the Written Down Value (WDV) method to write down the cost of property and equipment to their residual values over their estimated useful lives which is in line with the estimated useful life as specified in Schedule II of the Act. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.
Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

ROU assets are depreciated from the date of commencement of the lease on a straight-line basis over the shorter of the lease term and the useful life of the underlying asset.

CAPRI GLOBAL CAPITAL LIMITED MUMBAI

2.09 Intangible assets

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Group.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

The useful lives of intangible assets are assessed to be either finite or infinite. Intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year-end.

Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortisation period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is presented as a separate line item in the statement of profit and loss. Amortisation on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of Profit and Loss from / upto the date of acquisition/sale.

Amortisation is calculated using the straight–line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortised on a straight-line basis over a period of 3 years unless it has a shorter useful life.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

Intangible assets not ready for the intended use on the date of Balance Sheet are disclosed as "Intangible under development"

2.10 Provisions

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the Statement of Profit and Loss net of any reimbursement.

2.11 Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

2.12 Earning Per Share

The Group reports basic and diluted Earnings Per Share (EPS) in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

2.13 Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

g) Dividend Payment

During the current year the Holding company has paid dividend of ₹ 0.50 per share amounting to ₹ 103.08 millions
During the previous year the Holding company has paid dividend of ₹ 0.50 per share amounting to ₹ 87.91 millions

Notes:

a) Statutory Reserve pursuant to Section 45-IC of the RBI Act, 1934

Every non-banking financial company is required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year as disclosed in the statement of profit and loss before any dividend is declared.

b) Statutory Reserve Section 29C of the National Housing Bank Act, 1987

Every housing finance company is required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year as disclosed in the statement of profit and loss before any dividend is declared.

b) Securities Premium

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

d) General Reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

e) Other reserves & surplus - Employee stock option outstanding

This reserve is used to record the employee stock options which are outstanding. The said reserve will be utilised for issuance of share to the eligible employees.

*As per Ind AS 109 'Financial Instruments', on derecognition of loans, the Group recognise difference between the carrying amount (measured at the date of derecognition) and consideration received (including new asset obtained less any new liability assumed) as gain in Statement of profit and loss account. Such gain recognised on derecognition of loans is not a real income as per Income tax Act, 1961, hence is offered to tax over the tenure of loans.
Accordingly, deferred tax liability has been created on the Spread receivable on assigned portfolio (Co-lending portfolio).

Deferred Tax assets created on account of past years tax adjustments has been shown and adjusted against tax expenses provided for earlier years.

Particulars	As at April 01, 2022	Recognised in profit or loss	Recognised in OCI	As at March 31, 2023

CAPRI GLOBAL CAPITAL LIMITED MUMBAI

45. Employee benefits - Disclosure pursuant to Ind AS 19 'Employee Benefits'

45.A Defined contribution plans

The Group's state governed provident fund scheme are defined contribution plan for its employees. The contribution by the employer and employee together with interest accumulated there on are payable to the employee at the time of separation from group or retirement whichever is earlier. The benefit vests immediately on rendering of services by the employee

	For the year ended March 31, 2024	2023
i) Group's contribution to provident fund	278.66	163.93
ii) Group's contribution to National Pension Scheme	6.26	4.17

45.B Defined Benefit Plan

The Group has a defined benefit gratuity plan in India (funded). The Group's defined benefit gratuity plan is a final salary plan for its employees, which requires contributions to be made to a separately administered fund. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at separation/retirement. The fund has the form of a trust and it is governed by the Board of Trustees, which consists of an equal number of employer and employee representatives. The Board of Trustees is responsible for the administration of the plan assets and for the definition of the investment strategy.

(Currency - Indian Rupees in millions)

e) The fair value of the plan assets for India are as follows:

	As at March 31, 2024	As at March 31, 2023
a) Insurer managed funds	70.94	50.14

f) Maturity Analysis of benefit payments

Projected Benefits Payable in Future Years From the Date of Reporting	As at March 31, 2024	As at March 31, 2023
1st Following Year	21.15	12.40
2nd Following Year	16.95	11.72
3rd Following Year	17.26	10.19
4th Following Year	21.24	10.19
5th Following Year	20.73	10.10
Sum of Years 6 To 10	54.53	32.93
Sum of Years 11 and above	25.34	26.40

The estimates of future salary growth, factored in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market. Such estimates are very long term and are not based on limited past experience / immediate future. Empirical evidence also suggests that in very long term, consistent high salary growth rates are not possible. The said estimates and assumptions have been relied upon by the auditors.

g) Sensitivity analysis

	For the year ended March 31,			
	2024	2023	2024	2023
Sensitivity Level	1% increase	1% increase	1% decrease	1% decrease
Impact on defined benefit obligation				
i) Discount Rate	(4.63)	(3.17)	5.00	3.47
ii) Future Salary Increases	4.62	3.11	(4.39)	(2.94)
iii) Employee Turnover	(2.45)	(0.98)	2.53	1.03

Note :

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years

46. Leases

A. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

B. Group as a lessee

The Group's lease asset classes primarily consist of leases for premises. The Group assesses whether a contract contains a lease, at inception of a contract. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

C. The details of Right to use Asset of the Group are as follows:

Asset Class	**Leasehold Property**	
	As at March 31,	
	2024	**2023**
Balance as at beginning of the year (net)	**1,871.28**	**223.12**
Add: Additions during the year	931.59	1,885.98
Less: Deductions during the year on account of modification / termination of leases	(29.65)	(37.47)
Less: Depreciation	(400.93)	(200.35)
Closing Balance as at March 31	**2,372.29**	**1,871.28**

D Following is the movement in lease liabilities for the period

Balance as at beginning of the year	**1,928.88**	**248.20**
Add: Additions / modification during the year	902.76	1,815.91
Less: Deductions / modification during the year	(32.11)	(37.59)
Add: Interest Expense	342.25	147.62
Less: Lease Payments	(550.12)	(245.27)
Closing Balance as at March 31	**2,591.66**	**1,928.87**

E. Contractual maturities of lease liabilities on an undiscounted basis

Tenure	**As at March 31,**	
	2024	**2023**
Less than 1 year	571.47	404.82
1-3 years	1,169.47	813.06
3-5 years	1,003.33	733.79
More than 5 years	1,282.47	1,128.80
Total	**4,026.74**	**3,080.47**

F. Right-of-use Assets and Lease liabilities related expenses booked in Statement of Profit and Loss

	For the year ended March 31,	
	2024	**2023**
a. Depreciation on Right-of-use Assets	400.91	200.35
b. Interest on Lease liabilities	342.25	147.62
Total	**743.16**	**347.97**

G. Short term Leases (in Statement of Profit and Loss)

	For the year ended March 31,	
	2024	**2023**
i) Office premises / Branch offices	24.62	19.17
Total	**24.62**	**19.17**

Notes:
The entity has adequate liquidity for payment of lease liabilities. The Group regularly monitor and pays lease rentals on timely manner as per the terms of respective leave and license agreement.

The Group has right to extend lease term as per mutually agreed terms laid down in respective leave and license agreement. The Group takes into account effect of extended lease term while recording the lease assets and lease liabilities accordingly

49. Capital Management

The Group's capital management is intended to create value for shareholders by facilitating the meeting of long-term and short-term goals of the Group. The Group determines the amount of capital required on the basis of annual operating plans and other strategic investment plans. The funding requirements if any will be met through bank borrowings and equity if the need arise.

The primary objectives of the Group's capital management are to ensure that the Group complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholders value. The Group manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. Capital Management, objectives and processes are under constant review by the Board.

51. Fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using a valuation technique.

Ind AS 107, 'Financial Instrument - Disclosure' requires classification of the valuation method of financial instruments measured at fair value in the balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair-value-hierarchy under Ind AS 107 are described below:

51.B Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

51.B.1 Financial assets and liabilities measured at fair value - recurring fair value measurements

Total financial liabilities	**81,922.14**	**-**	**4,386.14**	**77,536.00**	**81,922.14**

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the- counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

Short-term financial assets and liabilities For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include cash and cash equivalents, trade receivables, balances other than cash and cash equivalents and trade payables without a specific maturity.

CAPRI GLOBAL CAPITAL LIMITED MUMBAI

52. Risk Disclosures

Group's risk is managed through an integrated risk management framework, including ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Group's continuing profitability and each individual within the Group is accountable for the risk exposures relating to his or her responsibilities. The Group is exposed to credit risk, liquidity risk and interest rate risk. It is the Group's policy to ensure that a robust risk awareness is embedded in its organizational risk culture.

52.A Credit risk

Credit risk is the risk that the Group will incur a loss because its customers or counterparties fail to discharge their contractual obligations. The Group manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties.

52.A.1 Impairment assessment

a) Exposure at Default

The Exposure at Default is an estimate of the exposure at a future default date including the undrawn commitments. EAD is taken as the gross exposure under a facility upon default of an obligor. The principal outstanding, overdue principal, accrued interest, overdue interest less excess received from the customers is considered as EAD for the purpose of ECL computation.

The advances have been bifurcated into following three stages:
Stage 1- All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Group classifies all standard advances (past due for 0 to30 days) under this category. Stage 1 loans also include facilities where the credit risk has reduced and the loan has been reclassified from Stage 2 or Stage 3

Stage 2 – All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. Financial assets with days past due for 31 to 90 days are classified under this stage and lifetime ECL is recognised on such financial assets. Stage 2 loans also include facilities where the credit risk has reduced, and the loan has been reclassified from Stage 3.

Stage 3 – All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. More than 90 days Past Due is considered as default for classifying a financial instrument as credit impaired.

b) Significant increase in credit risk

The Group continuously monitors all assets subject to ECLs. In order to determine whether an instrument or a portfolio of instruments is subject to 12 months ECL or lifetime ECL, the Group assesses whether there has been a significant increase in credit risk since initial recognition. The Group considers an exposure to have significantly increased in credit risk if contractual payments are more than 30 days past due.

c) Definition of default and cure

The Group considers a financial instrument defaulted and therefore Stage 3 (credit impaired) for ECL calculations in all cases when the borrower becomes more than 90 days past due on its contractual payments.
As a part of a qualitative assessment of whether a customer is in default, the Group also considers a variety of instances that may indicate inability to pay. When such events occur, the Group carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate. Such events include:

a) Significant financial difficulty of the borrower or issuer;
b) A breach of contract such as a default or past due event;
c) The restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise; or
d) It is becoming probable that the borrower will enter bankruptcy or other financial reorganization

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS

CAPRI GLOBAL CAPITAL LIMITED MUMBAI

52. Risk Disclosures

It is the Group's policy to consider a financial instrument as 'cured' and therefore re-classified out of Stage 3 when the borrower makes necessary payments & the borrower is not 90 days past due after such payments. The decision whether to classify an asset as Stage 2 or Stage 1 once cured depends on the updated credit grade, at the time of the cure, and whether this indicates there has been a significant increase in credit risk compared to initial recognition.

d) Probability of Default ("PD") estimation process

Probability of default ("PD") is defined as the likelihood of default over a particular time horizon. The PD of an obligor is a fundamental risk parameter in credit risk analysis and depends on obligor specific as well as macroeconomic risk factors.

a) The Group has applied 12 months PD to stage 1 advances
b)The Lifetime PD is computed using basic exponentiation technique after considering the residual maturity of the respective loan.
c) PD of 100% is considered for Stage 3 assets.

Days past due are a primary input for the determination of the PD for exposures. The Group collects performance and default information about its credit risk exposures analyzed by portfolio. For some portfolios, rating based published information is used.

The Group employs statistical models to analyze the data collected and generate estimates of the remaining lifetime PD of exposures and how these are expected to change as a result of the passage of time. Such statistical models are selected considering the availability of information related to the probability of default for each product. This analysis includes the identification and calibration of relationships between changes in default rates and changes in key macro-economic factors.

For the purpose of determination of impact of forward looking information, the Group applies various macro economic (ME) variables as stated above to each portfolio and assess the trend of the historical probability of defaults as compared to the forecasted probability of default. Based on the directional trend of output, management applies an overlay if required. Overtime, new ME variable may emerge to have a better correlation and may replace ME being used now.

The loans are segmented into homogenous product categories to determine the historical PD/LGD as per similar risk profiles, this segmentation is subject to regular review For portfolios in respect of which the Company has limited historical data, external benchmark information is used to supplement the internally available data.

The Group does not have any historic data of default in case of Gold Loan portfolio, so it has relied upon the published data of competitors. In case of Unsecured business loan, it has relied upon the public data of partners with their existing customers of the similar behavioral vintage

e) Loss Given Default ("LGD")

Loss Given Default ("LGD") is defined as the loss rate on the exposure, given the borrower has defaulted. LGD is being calculated for all financial instruments under risk parameter approach by way of evaluation of historical data on defaults, recovery amounts, collateral liquidation, direct expenses, and opportunity cost for each default. LGD has been computed using the volatility-based model in case of Gold Loan portfolio. LGD has been computed by using the FIRB (Foundation Internal Rating Based) in case of Unsecured business loan

f) Forward looking information

In its ECL models, the Group relies on a broad range of forward looking information as economic inputs, such as. GDP growth, Consumer Price Index, Unemployment rate, Lending Interest Rate etc The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. To reflect this, qualitative adjustments or overlays are occasionally made as temporary adjustments when such differences are significantly material.

52. Risk Disclosures

52.A.2 Collateral and other credit enhancements

The Group holds collateral and other credit enhancements against certain of its credit exposures. The loans are collateralized against equitable mortgage of property, pledge of shares, hypothecation of assets, physical gold jewellery, undertaking to create security.

Management monitors the market value of collateral and will request additional collateral in accordance with the underlying agreement. In case of defaults by customers, where the Group is unable to recover the dues, the Group through a legal process enforces the security and recovers the dues.

52.B Liquidity risk and funding management

Liquidity risk is defined as the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Group might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances. Such scenarios could occur when funding needed for illiquid asset positions is not available to the Group on acceptable terms. To limit this risk, management has arranged for diversified funding sources and adopted a policy of managing assets by monitoring future cash flows and liquidity on a daily basis.

Liquidity risk is managed in accordance with Asset Liability Management Policy. This policy is framed as per the current regulatory guidelines and is approved by the Board of Directors of the NBFC's entity. The Asset Liability Management Policy is reviewed periodically to incorporate changes as required by regulatory stipulation or to realign the policy with changes in the economic landscape. The Asset Liability Committee (ALCO) of the Group formulates and reviews strategies and provides guidance for management of liquidity risk within the framework laid out in the Asset Liability Management Policy.

52.C Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments. The core business of the Group is providing loans to MSME, Construction Finance, Indirect lending, Gold loan, Housing Loan and Unsecured business loan. The Group borrows through various financial instruments to finance its core lending activity. These activities expose the Group to interest rate risk.

Interest rate risk is measured through earnings at risk from an earnings perspective and through duration of equity from an economic value perspective. Further, exposure to fluctuations in interest rates is also measured by way of gap analysis, providing a static view of the maturity and re-pricing characteristic of Balance sheet positions. An interest rate sensitivity gap report is prepared by classifying all rate sensitive assets and rate sensitive liabilities into various time period categories according to contracted/behavioral maturities or anticipated re-pricing date. The difference in the amount of rate sensitive assets and rate sensitive liabilities maturing or being re-priced in any time period category, gives an indication of the extent of exposure to the risk of potential changes in the margins on new or re-priced assets and liabilities.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being considered as constant) of the Group's statement of profit and loss and equity.

52.C.1 FY 2023-24

	Financial Instruments Type	Increase / (decrease) in basis points (bps)	Sensitivity of profit or loss		Sensitivity of equity	
a	Loans	50 bps Up	Impact on Profit before Tax	544.46	Impact on equity	409.15

	100 bps Down		711 04		531 48

52.D Operational Risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss The Group cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks Controls include maker-checker controls, effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, such as the use of internal audit

52.E Capital Management :

Group's capital management objective is primarily to safeguard business continuity The Group's cashflows are regularly monitored in sync with annual operating plans and long-term and other strategic investment plans The operational funding requirements are met through debt and operating cash flows generated The Group believes this approach would create shareholder value in long run Also, the Group has adopted a conservative approach for ALM management with primacy to adequate liquidity At present a large portion of the Group's resource base is equity Therefore the Group has a low gearing

The Group maintains its capital structure in line with economic conditions and the risk characteristics of its activities and the board reviews the capital position on a regular basis

Gearing ratio :
The gearing ratio at each date were as follows

Particulars	As at March 31, 2024	As at March 31, 2023
a Debt (I)*	1,06,660 79	77,041 88
b Cash and bank balances (II)#	2,762 61	11,212 54
c Net debt (I - II)	1,03,898 18	65,829 34
d Total equity	38,365 71	35,654 66
e **Net debt to equity ratio**	**2.71**	**1.85**

* Debt includes debt securities, borrowings and lease liabilities
# Cash and bank balances is net of book overdraft

187.50	2,00,000	39.40	-	-

Fair value methodology
The fair value of ESOP are measured using Black-scholes-merton formula. Measurement input includes share price on measurement date, exercise date of the instrument, exercise price, expected life, risk free interest rate, expected dividend yield, expected volatility

The following table summarizes the assumptions used in calculating the grant date fair value

Particulars	As at March 31, 2024	As at March 31, 2023
Expected life of the options	3 to 5 Years	2.5 to 5 Years
Expected volatility	40%	40% to 50%
Expected dividend yield	0.18% p.a	0.18% to 0.30% p.a
Risk-free interest rate	7.00% to 7.08% p.a	7.09% to 7.39% p.a

Expected life of the options: Expected life of the options is the period for which the company expects the options to be live. The minimum life of a stock option is the minimum period before which the options cannot be exercised, and the maximum life is the period after which the options cannot be exercised.

Expected volatility: The measure of volatility used in ESOP pricing model is the annualised standard deviation of the continuously compounded rates of return (calculated by log function) on the share over a period prior to the date of grant corresponding to the expected life of the option.

Expected dividend yield: Expected dividend yield has been calculated as an average of dividend yields of six financial years preceding the date of grant. The expected dividend yield for the year is derived by dividing the dividend per share by the share price as on dividend effective date.

Risk-free interest rate: The rate used to discount employee benefit obligations reflects the estimated timing of benefit payments and the currency in which the benefits are to be paid. We have used the Discount Rate which relates to the par-yield rate available on ZYC Government Securities (G Sec.) for the tenure of the expected life of options. (Ref: G Sec. rates available through www.fbil.org.in with prices/yields published by FBIL).

	For the year Ended March 31, 2024	2023
a. Weighted average market price of the ESOPs exercised	₹ 186.73 per share	₹ 180.59 per share
b. ESOP cost recognised in the Statement of Profit and Loss (₹ in millions)	85.70	161.59

	As at March 31, 2024	As at March 31, 2023
Receivable from the subsidiary company (CGHFL) with which employees are employed (Amount receivable is difference between the exercise price and fair value of the options)	1.47	1.61

60.18 Details of loans given, investments made and guarantee given u/s 186 (2) of the Companies Act, 2013.
The Group has not given loan or guarantee and has not made investments u/s 186(2) of the Companies Act 2013

61. Figures for the previous years have been regrouped/rearranged wherever considered necessary to conform to the figures presented in the current year

62. **Accounting Software Used for maintenance of Books of Accounts**
As per the requirements of rule 3(1) of the Companies (Accounts) Rules 2014, the Group uses only such accounting software for maintaining its books of account that have a feature of recording audit trail of each and every transaction creating an edit log of each change made in the books of account along with the date when such changes were made within such accounting software. This feature of recording audit trail has operated throughout the year and was not disabled or tampered with during the year, except for the situations noted below wherein during the year the audit trail feature was not enabled for –

a) Customer masters in two accounting software;
b) Databases maintained in accounting software;

Further, in case of one accounting software, where though the audit trails are maintained by the Group, the Group could not generate audit log to substantiate that the audit trail feature has not been tempered anytime during the year
Further, for two accounting software, which have been discontinued/sunset during the year, the Group could not extract the data to substantiate that the feature of recording audit trail was operated throughout the year

Independent Auditor's Report

To the Members of Capri Global Capital Limited
Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Capri Global Capital Limited ('the Company'), which comprise the standalone balance sheet as at 31 March 2023, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of cash flow and the standalone statement of changes in equity for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the 'standalone financial statements').

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015,the relevant circulars, guidelines and directions issued by the Reserve Bank of India (RBI) from time to time ('RBI Guidelines') and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter *(Continued)*

5. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
Impairment of loans and advances to customers (Refer Note 2.6 for significant accounting policies and Note 39.2 for credit risk disclosures)	
As at 31 March 2023, the Company has reported gross loan assets of ₹ 70,711.03 millions against which an impairment loss of ₹ 1,418.81 millions has been recorded. The Company recognized impairment provision for loan assets based on the Expected Credit Loss ("ECL") approach laid down under 'Ind AS 109 – Financial Instruments'. The estimation of ECL on financial instruments involves significant management judgement and estimates and the use of different modelling techniques and assumptions which could have a material impact on reported profits. Significant management judgement and assumptions involved in measuring ECL is required with respect to: ➢ ensuring completeness and accuracy of the data used to create assumption in the model. ➢ determining the criteria for a significant increase in credit risk. ➢ factoring in future economic assumptions ➢ techniques used to determine probability of default, loss given default and exposure at default. These parameters are derived from the Company's internally developed statistical models and other historical data. During the previous years, RBI announced various relief measures for the borrowers which were implemented by the Company such as "COVID 19 Regulatory Package- Asset Classification and Provisioning" announced by the RBI on 17 April 2020 and RBI circular on "Asset Classification and Income Recognition following the expiry of Covid-19 regulatory package" dated 07 April 2021 (collectively	Our audit focused on assessing the appropriateness of management's judgment and estimates used in the impairment analysis through procedures that included, but were not limited to, the following: • Obtained an understanding of the modelling techniques adopted by the Company including the key inputs and assumptions; • Considered the Company's accounting policies for estimation of expected credit loss on loans and assessing compliance with the policies in terms of Ind AS 109; • Understanding management's updated processes, systems and controls implemented in relation to impairment allowance process; • Accuracy of the computation of the ECL estimate including reasonableness of the methodology and assumption used to determine macro-economic overlays; • Tested the design and operating effectiveness of key controls over completeness and accuracy of the key inputs and assumptions considered for calculation, recording, monitoring of the impairment loss recognized and staging of assets. Also evaluated the controls over the modelling process, validation of data and related approvals; • Assessed the critical assumptions and input data used in the estimation of expected credit loss models for specific key credit risk parameters, such as the movement logic between stages, Exposure

referred to as 'the RBI circulars'), and "Resolution Framework for COVID-19 related Stress" (the 'Resolution Framework') dated on 6 August 2020 and 4 June 2021, which have been collectively considered by the management in identification, classification and provisioning of loan assets for impairment. On the basis of an estimate made by the management, an overlay to the tune of 20.27 millions has been carried by the Company as at 31 March 2023 on loans basis their performance and outstanding position. The basis of estimates and assumptions involved in arriving at the overlay are monitored by the Company periodically and significantly depend on future developments in the economy. **Disclosure** The disclosures regarding the Company's application of Ind AS 109 are key to explaining the key judgements and material inputs to the Ind AS 109 ECL results. Further, disclosures to be provided as per RBI circulars with regards to non-performing assets and provisions is also an area of focus. Considering the significance of the above matter to the overall financial statements and extent of management's estimates and judgements involved, it required significant auditor attention. Accordingly, we have identified this as a key audit matter.	at default (EAD), probability of default (PD) or loss given default (LGD); • Performed test of details over calculations of ECL, in relation to the completeness and accuracy of data; • Obtained written representations from management and those charged with governance on whether they believe significant assumptions used in calculation of expected credit losses are reasonable; and • Assessed the appropriateness and adequacy of the related presentation and disclosures of Note 39 "Financial risk management" disclosed in the accompanying financial statements in accordance with the applicable accounting standards and related RBI circulars and Resolution Framework.

Information other than the Financial Statements and Auditor's Report thereon

6. The Company's management and the Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

   Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

   In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

M M NISSIM & CO LLP FRN : 107122W / W100872 MUMBAI CHARTERED ACCOUNTANTS

Information other than the Financial Statements and Auditor's Report thereon *(Continued)*

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Board of Director's Responsibilities for the Standalone Financial Statements

7. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Management and the Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act, RBI Guidelines and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

8. In preparing the standalone financial statements, the Board of Directors and management are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

9. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

11. As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Auditor's Responsibilities for the Audit of the Standalone Financial Statements *(Continued)*

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to the standalone financial statements in place and the operating effectiveness of such controls based on our audit;

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and the Board of Directors;

- Conclude on the appropriateness of Board of Directors and management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and

- Obtain sufficient appropriate audit evidence regarding the financial statements of the Company to express an opinion on the financial statements.

12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

M M NISSIM & CO LLP
FRN : 107122W/W100677
MUMBAI
CHARTERED ACCOUNTANTS

Auditor's Responsibilities for the Audit of the Standalone Financial Statements *(Continued)*

14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

15. As required by section 197(16) of the Act based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.

16. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure I, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

17. Further to our comments in Annexure I, as required by section 143(3) of the Act based on our audit, we report, to the extent applicable, that:

    a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;

    b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

    c) the standalone financial statements dealt with by this report are in agreement with the books of account;

    d) in our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;

    e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of section 164(2) of the Act;

    f) with respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company as on 31 March 2023 and the operating effectiveness of such controls, refer to our separate Report in Annexure II wherein we have expressed an unmodified opinion; and

Report on Other Legal and Regulatory Requirements *(Continued)*

g) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:

i. The Company, as detailed in note 47 to the standalone financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2023;

ii. The Company, as detailed in note 56.11.1 to the standalone financial statements, has made provision as at 31 March 2023, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;

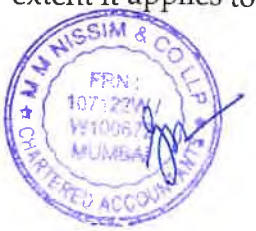

iii. There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2023;

iv. a. The management has represented that, to the best of its knowledge and belief, as disclosed in note 54 (xvi) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any person or entity, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b. The management has represented that, to the best of its knowledge and belief, as disclosed in note 54 (xvi) to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.

v. The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act, to the extent it applies to payment of dividend; and

Report on Other Legal and Regulatory Requirements *(Continued)*

vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 requires all companies which use accounting software for maintaining their books of account, to use such an accounting software which has a feature of audit trail, with effect from the financial year beginning on 1 April 2023 and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 (as amended) is not applicable for the current financial year.

Annexure I referred to in Paragraph 16 of the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2023

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

i. a. (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and right of use assets including quantitative details and situation of these assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.

b. As per information and explanation given to us and as verified by us, the property, plant and equipment and right of use assets have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of physical verification adopted by the Company, is reasonable having regard to the size of the Company and the nature of its assets.

c. The title deeds of all the immovable properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company.

d. The Company has not revalued its Property, Plant and Equipment and Right of Use assets or intangible assets during the year.

e. According to information and explanations given to us and as verified by us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Accordingly, reporting under clause 3(i)(e) of the Order is not applicable to the Company.

ii. a. The Company does not hold any inventory. Accordingly, reporting under clause 3(ii)(a) of the Order is not applicable to the Company.

b. The Company has a working capital limit in excess of Rs 5 crore sanctioned by banks and financial institutions based on the security of current assets. The quarterly returns/statements, in respect of the working capital limits have been filed by the Company with such banks and financial institutions and as per the information and explanations given to us and as verified by us, such returns/statements are materially in agreement with the books of account of the Company for the respective periods, which were not subject to audit.

iii. a. The Company is a Non-Banking Finance Company and its principal business is to give loans. Accordingly, reporting under clause 3(iii)(a) of the Order is not applicable to the Company.

Annexure I to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2023

b. The investments made and terms and conditions of the grant of all loans and advances in the nature of loans are not, prima facie, prejudicial to the Company's interest. Company has not provided any guarantee and also not given security to any party.

c. The Company is a Non-Banking Financial Company ('NBFC'), registered under provisions of the Reserve Bank of India Act, 1934 and rules made thereunder and is regulated by various regulations, circulars and norms issued by the Reserve Bank of India including Master Circular – Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances. In respect of loans and advances in the nature of loans granted by the Company, we report that the schedule of repayment of principal and payment of interest has been stipulated and the repayments/receipts of principal and interest are regular except for certain instances as below.

Outstanding as on 31 March 2023 for overdue loans

Particulars – Days past due	Total amount outstanding (in millions)	No. of Cases
1-30 days	2,434.96	13,869
31-60 days	3,551.08	12,643
61-90 days	185.91	1,836
More than 90 days	1,379.51	1,308
Total	**7,551.46**	**29,656**

d. According to the information and explanations given to us, the total amount which is overdue for more than 90 days in respect of loans and advances in the nature of loans given in course of the business operations of the Company aggregates to Rs 1,379.51 millions as at 31 March 2023 in respect of 1,308 number of loans. Further, reasonable steps as per the policies and procedures of the Company have been taken for recovery of such principal and interest amounts overdue.

e. The Company is a Non-Banking Finance Company, and its principal business is to give loans. Accordingly, reporting under clause 3(iii)(e) of the Order is not applicable to the Company.

f. The Company has not granted loans or advances in the nature of loans which are repayable on demand or without specifying any terms or period of repayment. Accordingly, reporting under clause 3(iii)(f) of the Order is not applicable to the Company.

iv. In our opinion, and according to the information and explanations given to us, the Company has not granted any loans, made investments or provided guarantees or securities that are covered under the provisions of sections 185 or 186 of the Companies Act, 2013, and hence reporting under clause 3(iv) of the Order is not applicable.

Annexure I to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2023

v. The provisions of the sections 73 to 76 and any other relevant provisions of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended), are not applicable to the Company being an non-banking financial company registered with the Reserve Bank of India ('the RBI'), and also the Company has not accepted any deposits from public or there is no amount which has been considered as deemed deposit within the meaning of sections 73 to 76 of the Act. Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not specified maintenance of cost records under sub-section (1) of section 148 of the Act, in respect of Company's products/business activity. Accordingly, reporting under clause 3(vi) of the Order is not applicable.

vii. a. In our opinion, and according to the information and explanations given to us, undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, have been regularly deposited with the appropriate authorities by the Company. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.

b. According to the information and explanations given to us, there are no statutory dues referred in sub-clause (a) which have not been deposited with the appropriate authorities on account of any dispute except for the following:

Name of the statute	Nature of dues	Gross Amount (₹ in millions)	Amount paid under Protest (₹ in millions)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Assessment u/s 143 (3)	5.80	5.60	Assessment Year 2016-17	CIT (Appeals)
Income Tax Act, 1961	Assessment u/s 147	105.32	18.74	Assessment Year 2016-17	CIT (Appeals)
Income Tax Act, 1961	Assessment u/s 143 (3)	3.26	2.90	Assessment Year 2017-18	CIT (Appeals)
Income Tax Act, 1961	Assessment u/s 147	3.01	Nil	Assessment Year 2017-18	CIT (Appeals)
Income Tax Act, 1961	Assessment u/s 143 (3)	4.47	Nil	Assessment Year 2018-19	CIT (Appeals)

viii. According to the information and explanations given to us and as verified by us, no transactions were surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) which have not been recorded in the books of accounts.

ix. a. According to the information and explanations given to us, the Company has not defaulted in repayment of its loans or borrowings or in the payment of interest thereon to any lender.

b. According to the information and explanations given to us including representation received from the management of the Company, and on the basis of our audit procedures, we report that the Company has not been declared a willful defaulter by any bank or financial institution or other lender.

c. In our opinion and according to the information and explanations given to us, money raised by way of term loans were applied for the purposes for which these were obtained, though idle/surplus funds which were not required for immediate utilisation have been invested in readily realisable liquid investments.

d. In our opinion and according to the information and explanations given to us, and on an overall examination of the financial statements of the Company, funds raised by the Company on short term basis have not been utilised for long term purposes.

e. The Company did not have any associate or joint venture during the year. Further, according to the information and explanations given to us and on an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary.

f. The Company did not have any associate or joint venture during the year. Further, according to the information and explanations given to us and as verified by us, the Company has not raised any loans during the year on the pledge of securities held in its subsidiary.

Annexure I to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2023

x. a. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments), during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company.

b. During the year, the Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures. Accordingly, Clause 3(x)(b) of the order is not applicable to the Company.

xi. a. According to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the period covered by our audit except for an instance of fraud on the Company by its customers amounting to Rs 11.18 million as included in Note 49 to the accompanying standalone financial statements. The Company has initiated necessary action against the customers connected to such instance.

b. According to the information and explanations given to us and as verified by us, no report under section 143(12) of the Act has been filed with the Central Government for the period covered by our audit.

c. According to the information and explanations given to us including the representation made to us by the management of the Company, there are no whistle-blower complaints received by the Company during the year.

xii. The Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, all transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. Further, the details of such related party transactions have been disclosed in the standalone financial statements, as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified in Companies (Indian Accounting Standards) Rules 2015 as prescribed under section 133 of the Act.

xiv. a. In our opinion and according to the information and explanations given to us, the Company has an internal audit system as required under section 138 of the Act which is commensurate with the size and nature of its business.

b. We have considered the reports issued by the Internal Auditors till 31 December 2022. We were unable to obtain the Internal auditors report for the quarter ended 31 March 2023 on timely basis, hence we were unable to consider that in our audit.

Annexure I to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2023

xv. According to the information and explanation given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them and accordingly, provisions of section 192 of the Act are not applicable to the Company.

xvi. a. The Company is required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and such registration has been obtained by the Company.

b. During the year, the Company has not conducted any Non-Banking Financial activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India (RBI) as per the Reserve Bank of India Act, 1934. Further, Company has not conducted any Housing Finance activities and is not required to obtain CoR for such activities from the RBI.

c. According to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the RBI. Accordingly, reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.

d. Based on the information and explanations given to us and as represented by the management of the Company, the Group (as defined in Core Investment Companies (Reserve Bank) Directions, 2016) has no CICs which are registered with the Reserve Bank of India.

xvii. The Company has not incurred any cash loss in the current as well as the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, reporting under clause 3(xviii) of the Order is not applicable to the Company.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the plans of the Board of Directors and management, we are of the opinion that no material uncertainty exists as on the date of the audit report that Company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

Annexure I to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2023

xx. Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there is no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

xxi. The reporting under clause (xxi) is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

Annexure II to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2023

Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

(Referred to in paragraph 17 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

1. In conjunction with our audit of the standalone financial statements of Capri Global Capital Limited ('the Company') as at and for the year ended 31 March 2023, we have audited the internal financial controls with reference to standalone financial statements of the Company as at that date.

Board of Director's Responsibilities for Internal Financial Controls

2. The Company's Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Standalone Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and if such controls operated effectively in all material respects.

Annexure II to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2023

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Standalone Financial Statements *(Continued)*

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Standalone Financial Statements

6. A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Annexure II to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the standalone financial statements for the year ended 31 March 2023

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

1. Corporate Information

Capri Global Capital Limited (the Company) having principal place of business at Registered office, 502, Tower A, Peninsula Business Park, Senapati Bapat Marg, Lower Parel, Mumbai - 400013 is engaged in the business of providing loans to Micro, Small and Medium Enterprises (MSMEs), providing long term finance for construction of residential houses in India, Indirect Lending, Gold Loan in India and in providing ancillary services related to the said business activities. The Company is NBFC – Investment and Credit Company (NBFC-ICC), holding a Certificate of Registration No. B-13.01882 from the Reserve Bank of India ("RBI") dated November 05, 2007, having CIN: L65921MH1994PLC173469.

The standalone financial statements for the year ended March 31, 2023 were authorised for issue in accordance with a resolution of the board of directors on May 22, 2023.

2. Significant accounting policies

2.1 Statement of compliance and basis of preparation and presentation

The Standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act, Master Direction - Non-Banking Financial Company – Non-Systemically Important Non-Deposit taking Company (Reserve Bank) Directions, 2016 as amended ('the RBI Master Directions') and notification for Implementation of Indian Accounting Standard vide circular RBI/2019-20/170 DOR(NBFC).CC.PD.No.109/22.10.106/2019-20 dated 13 March 2020 ('RBI Notification for Implementation of Ind AS') issued by RBI. The Company uses accrual basis of accounting except in case of significant uncertainties [Refer note 2.3 (i),(iii),(iv),(v)]. Accounting policies have been consistently applied to all periods presented unless otherwise stated.

Any application of guidance / clarification / directions issued by RBI or other regulations are implemented prospectively when they become applicable.

The standalone financial Statement has been prepared in accordance with and comply in all material aspects with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other accounting principles generally accepted in India on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period as explained in the accounting policies below and the relevant provisions of the Act.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The preparation of Standalone financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to the Company are discussed in Note 2.13 Significant accounting judgements, estimates and assumptions.

The Standalone financial statements are presented in Indian Rupees (₹) and all values are rounded to two decimal Millions, except when otherwise indicated.

2.2. Presentation of financial statement

The Company presents its balance sheet in the order of liquidity.

The Company prepares and present its Standalone Financial Statements in the format prescribed by Division III of Schedule III to the Act as amended from time to time.

Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:

i. The normal course of business
ii. The event of default
iii. The event of insolvency or bankruptcy of the Company and/or its counterparties

M M NISSIM & CO LLP CHARTERED ACCOUNTANTS FRN : 107122W/W100672 MUMBAI

Capri Global Capital Limited Mumbai

2.3 Revenue from operations

(i) Interest Income

Interest income is recognised by applying EIR to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at FVTPL, taking into account the amount outstanding and the applicable interest rate. In case of credit-impaired financial assets (as set out in note no. 2.6 (viii) regarded as 'Stage 3'), the Company recognises interest income on the amortised cost net of impairment loss of the financial asset. If the financial asset is no longer credit impaired, the Group reverts to calculating interest income on a gross basis.

The EIR is computed

a. As the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset to the gross carrying amount of a financial asset

b. By considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) in estimating the cash flows

c. Including all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Loan processing fees on loans is collected towards processing of loan, this is amortised on EIR basis over the average life (after considering the pre payment adjustment) of the loan for MSME, contractual tenure for construction finanace and Indirect loans and average life for Gold loan.

(ii) Dividend Income

Dividend income is recognised when the right to receive the payment is established.

(iii) Fees & Commission Income

The Company recognises the fee and commission income not integral to EIR under Ind AS 109 in accordance with the terms of the relevant customer contracts / agreement and when it is probable that the Company will collect the consideration for items.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

The Company recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:
Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation. Fees for sale of services are accounted as and when the service is rendered, provided there is reasonable certainty of its ultimate realisation.

Bounce/ penal charges levied on customers for non payment/delay payment of instalment on the contractual date & Foreclosure charges are collected from loan customers for early payment / closure of loan, are recognised on a point in time basis and are recorded when realised.

Distribution income is earned by selling of services and products of other entities under distribution arrangements. The income so earned is recognised on successful distribution on behalf of other entities subject to there being no significant uncertainty of its recovery

(iv) Sale of service

Sale of services includes advertising income, representing income earned from the activities incidental to the business and is recognised when the service is performed. Revenue is net of applicable indirect taxes as per the terms of the contract.

(v) Net gain on Fair value changes

Any differences between the fair values of financial assets classified as FVTPL held by the Company on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss the same is disclosed as "Net loss on fair value changes" under Expenses in the Statement of Profit and Loss.

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at FVOCI is recognised in net gain / loss on fair value changes.

However, Net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

(vi) Assignment transactions

In accordance with Ind AS 109, in case of assignment transactions with significant transfer of risks and rewards without any retention of residual interest, gain arising on such assignment transactions is recorded upfront in the Statement of Profit and Loss and the corresponding asset is derecognized from the Balance Sheet immediately upon execution of such transaction. Further, the transfer of financial assets qualifies for derecognition to the extent of portion trasnsferred, the whole of the interest spread at its present value (discounted over the life of the asset) is recognized on the date of derecognition itself as interest only strip receivable (interest strip on assignment) and correspondingly recognized as profit on derecognition of financial asset.

(vii) Securitization transactions

In accordance with Ind AS 109, in case of securitization transactions, the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

2.4 Expenses

(i) Finance costs

Finance costs on borrowings is paid towards availing of loan, is amortised on EIR basis over the contractual life of loan.

The EIR in case of a financial liability is computed

a. As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.

b. By considering all the contractual terms of the financial instrument in estimating the cash flows

c. Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts

Any subsequent changes in the estimation of the future cash flows is recognised in interest expense with the corresponding adjustment to the carrying amount of the liability.

Interest expense includes issue costs that are initially recognized as part of the carrying value of the financial liability and amortized over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses such as external legal costs, Rating Fee etc, provided these are incremental costs that are directly related to the issue of a financial liability.

(ii) Retirement and other employee benefits

Short term employee benefit

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service.

Post-employment employee benefits

a) Defined contribution schemes

All the eligible employees of the Company who have opted to receive benefits under the Provident Fund and Employees State Insurance scheme, defined contribution plans in which both the employee and the Company contribute monthly at a stipulated rate. The Company has no liability for future benefits other than its annual contribution and recognises such contributions as an expense in the period in which employee renders the related service. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the Balance Sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

b) Defined Benefit schemes

The Company provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation, carried out by an independent actuary at each Balance Sheet date, using the Projected Unit Credit Method, which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

Net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The Company fully contributes all ascertained liabilities to The Trustees – CGCL Employees Group Gratuity Assurance Scheme (*Formerly known as Money Matters Financial Services Limited* Employee Group Gratuity Assurance Scheme)". Trustees administer contributions made to the trust and contributions are invested in a scheme of insurance with the IRDA approved Insurance Companies.

Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

M M NISSIM & CO LLP CHARTERED ACCOUNTANTS FRN : 107122W W100672 MUMBAI

Capri Global Capital Limited Mumbai

(iii) Leases Rent

The Company leases most of its office facilities under operating lease agreements that are renewable on a periodic basis at the option of the lessor and the lessee. The lease agreements contain rent free periods and rent escalation clauses.

The Company assesses whether a contract contains a lease at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assesses whether: (i) the contract involves the use of an identified asset, (ii) the company has substantially all of the economic benefits from the use of the asset through the period of the lease, and (iii) the company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a ROU asset and a corresponding lease liability for all lease arrangements under which it is a lessee, except for short-term leases and low value leases. ROU assets represent the Company's right to use an underlying asset for the lease term and lease liabilities represent the Company's obligation to make lease payments arising from the lease. For short-term leases and low value leases, the Company recognizes the lease payments as an expense on a straight-line basis over the term of the lease.

The lease arrangements include options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the date of commencement of the lease on a straight-line basis over the lease term.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. For leases under which the rate implicit in the lease is not readily determinable, the Company uses its incremental borrowing rate based on the information available at the date of commencement of the lease in determining the present value of lease payments. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment as to whether it will exercise an extension or a termination option.

At initial recognition the carrying value of the refundable deposits is taken at present value of all expected future principal repayments discounted using market rates prevailing at the time of inception For Interest expenses, the difference between present market value and deposit made is recognised as prepayment and amortised in the Statement of Profit and loss over the benefit period on systematic basis. Interest income is recognised at the prevailing market rates.

(iv) Other income and expenses

All Other income and expense are recognized in the period they occur.

(v) Impairment of non-financial assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

(vi) Taxes
Income Tax
Income tax expense comprises current and deferred taxes. Income tax expense is recognized in the Statement of Profit and Loss, other comprehensive income or directly in equity when they relate to items that are recognized in the respective line items.

Current Tax
Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax law) enacted or substantively enacted by the reporting date.

Deferred tax
Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity.

Goods and services tax /service tax/value added taxes paid on acquisition of assets or on incurring expenses
Expenses and assets are recognised net of the goods and services tax/service tax/value added taxes paid, except:
i. When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable

ii. When receivables and payables are stated with the amount of tax included
The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

2.5 Foreign currency translation
(i) Functional and presentational currency
The standalone financial statements are presented in Indian Rupees which is also functional currency of the Company and the currency of the primary economic environment in which the Company operates.

(ii) Transactions and balances
Initial recognition:
Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions.

Conversion:
Monetary assets and liabilities denominated in foreign currency, which are outstanding as at the year- end, are translated at the year-end at the closing exchange rate and the resultant exchange differences are recognised in the Statement of Profit and Loss.

Non–monetary items that are measured at historical cost in a foreign currency are translated using the spot exchange rates as at the date of recognition.

M M NISSIM & CO LLP CHARTERED ACCOUNTANTS FRN: 107122W/W100672 MUMBAI
Capri Global Capital Limited Mumbai

2.6 Financial instruments

Financial assets and financial liabilities are recognised in the company's balance sheet on trade date, i.e. when the company becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs and revenues that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs and revenues of financial assets or financial liabilities carried at fair value through the profit or loss account are recognised immediately in the Statement of Profit or Loss. Trade Receivables are measured at transaction price.

(i) Classification of financial instruments

The Company classifies its financial assets into the following measurement categories:

1. Financial assets to be measured at amortised cost
2. Financial assets to be measured at fair value through profit or loss account

The classification depends on the contractual terms of the financial assets' cash flows and the Company's business model for managing financial assets which are explained below:

Business model assessment

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

►How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel

►The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed

► How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)

► The expected frequency, value and timing of sales are also important aspects of the Company's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The Solely Payments of Principal and Interest (SPPI) test

As a second step of its classification process the Company assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Company classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

(ii) Financial assets measured at amortised cost

Debt instruments

These financial assets comprises of bank balances, receivables, investments and other financial assets.

Debt instruments are measured at amortised cost where they have:

a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding; and

b) are held within a business model whose objective is achieved by holding to collect contractual cash flows.

These debt instruments are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at amortised cost.

(iii) Financial assets measured at fair value through other comprehensive income (FVTOCI)

Debt instruments

Investments in debt instruments are measured at fair value through other comprehensive income where they have:

a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding; and

b) are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.

These debt instruments are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at fair value. Gains and losses arising from changes in fair value are included in other comprehensive income within a separate component of equity. Impairment losses or reversals, interest revenue and foreign exchange gains and losses are recognised in Profit and Loss. Upon disposal, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to the statement of profit and loss.

Equity instruments

Investment in equity instruments that are neither held for trading nor contingent consideration recognised by the Company in a business combination to which Ind AS 103 'Business Combination' applies, are measured at fair value through other comprehensive income, where an irrevocable election has been made by management and when such instruments meet the definition of definition of Equity under Ind AS 32 *Financial Instruments: Presentation*. Such classification is determined on an instrument- by-instrument basis. As at reporting date, there are no equity instruments measured at FVTOCI.

Amounts presented in other comprehensive income are not subsequently transferred to profit or loss.

Dividends on such investments are recognised in Profit or Loss.

(iv) Items at fair value through profit or loss (FVTPL)

Items at fair value through profit or loss comprise:

- Investments (including equity shares) held for trading;
- debt instruments with contractual terms that do not represent solely payments of principal and interest.

Financial instruments held at FVTPL are initially recognised at fair value, with transaction costs recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

Financial instruments designated as measured at FVTPL

Upon initial recognition, financial instruments may be designated FVTPL. A financial asset may only be designated at FVTPL if doing so eliminates or significantly reduces measurement or recognition inconsistencies (i.e. eliminates an accounting mismatch) that would otherwise arise from measuring financial assets or liabilities on a different basis.

A financial liability may be designated at FVTPL if it eliminates or significantly reduces an accounting mismatch or:

- if a host contract contains one or more embedded derivatives; or
- if financial assets and liabilities are both managed, and their performance evaluated on a fair value basis in accordance with a documented risk management or investment strategy.

Where a financial liability is designated at FVTPL, the movement in fair value attributable to changes in the Company's own credit quality is calculated by determining the changes in credit spreads above observable market interest rates and is presented separately in other comprehensive income. As at the reporting date, the Company has not designated any financial instruments as measured at fair value through profit or loss.

(v) Debt securities and other borrowed funds

After initial measurement, debt issued, and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and costs that are an integral part of the Effective Interest Rate (EIR).

(vi) Reclassification

If the business model under which the Company holds financial assets undergoes changes, the financial assets affected are reclassified. The classification and measurement requirements related to the new category apply prospectively from the first day of the first reporting period following the change in business model that result in reclassifying the Company's financial assets. Changes in contractual cash flows are considered under the accounting policy on Modification and derecognition of financial assets described in subsequent paragraphs.

(vii) Recognition and Derecognition of financial assets and liabilities

Recognition:

a) Loans and Advances are initially recognised when the Financial Instruments are transferred to the customers.
b) Investments are initially recognised on the settlement date.
c) Debt securities and borrowings are initially recognised when funds are received by the Company.
d) Other Financial assets and liabilities are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Derecognition of financial assets due to substantial modification of terms and conditions

The Company derecognises a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised loans are classified as Stage 1 for ECL measurement purposes, unless the new loan is deemed to be Purchased or Originated as Credit Impaired (POCI). In case of an existing exposure to the borrower in the company the newly recognised loans are classified as per the staging of the existing exposure.

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Company records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

Derecognition of financial assets other than due to substantial modification

a) Financial assets:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Company has transferred the financial asset if, the Company has transferred its contractual rights to receive cash flows from the financial asset.

A transfer only qualifies for derecognition if either:

i. The Company has transferred substantially all the risks and rewards of the asset, or

ii. The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

When the Company has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Company's continuing involvement, in which case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

b) Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of Profit or Loss.

(viii) Impairment of financial assets

Overview of the ECL principles

The Company records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, in this section all referred to as 'financial instruments. Equity instruments are not subject to impairment under Ind AS 109.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both Lifetime ECLs and 12-month ECLs are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments. The Company has grouped its loan portfolio into Micro, Small and Medium Enterprises (MSMEs), Construction Finance Indirect Lending and Gold Loan.

The Company has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Company does the assessment of significant increase in credit risk at a borrower level. If a borrower has various facilities having different past due status, then the highest days past due (DPD) is considered to be applicable for all the facilities of that borrower.

Based on the above, the Company categorises its loans into Stage 1, Stage 2 and Stage 3 as described below:

Stage 1
All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Company classifies all standard advances and advances up to 0-30 days default under this category. Stage 1 loans also include facilities where the credit risk has reduced and the loan has been reclassified from Stage 2.

Stage 2
All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. Financial assets past due for 31 to 90 days are classified under this stage. Stage 2 loans also include facilities where the credit risk has reduced, and the loan has been reclassified from Stage 3.

Stage 3
All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, a lifetime ECL is recognised and interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. more than 90 days Past Due is considered as default for classifying a financial instrument as credit impaired.

Credit-impaired financial assets:
At each reporting date, the company assesses whether financial assets carried at amortised cost and debt financial assets carried at FVTOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:
a) Significant financial difficulty of the borrower or issuer;
b) A breach of contract such as a default or past due event;
c) The restructuring of a loan or advance by the company on terms that the company would not consider otherwise;
d) It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
e) The disappearance of an active market for a security because of financial difficulties.

The mechanics of ECL:

The assessment of credit risk and estimation of ECL are unbiased and probability weighted. It incorporates all information that is relevant including information about past events, current conditions and reasonable forecasts of future events and economic conditions at the reporting date. In addition, the estimation of ECL takes into account the time value of money. Forward looking economic scenarios determined with reference to external forecasts of economic parameters that have demonstrated a linkage to the performance of our portfolios over a period of time have been applied to determine impact of macro economic factors.

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:
Probability of Default (PD) - Probability of default ("PD") is defined as the likelihood of default over a particular time horizon. The PD of an obligor is a fundamental risk parameter in credit risk analysis and depends on obligor specific as well as macroeconomic risk factors.

Loss Given Default (LGD) - Loss Given Default ("LGD") is defined as the loss rate on the exposure, given the borrower has defaulted. LGD is being calculated for all financial instruments under risk parameter approach by way of evaluation of historical data on defaults, recovery amounts, collateral liquidation, direct expenses, and opportunity cost for each default.

Exposure at Default (EAD) - The Exposure at Default is an estimate of the exposure at a future default date including the undrawn commitments. EAD is taken as the gross exposure under a facility upon default of an obligor. The principal outstanding, overdue principal, accrued interest, overdue interest less excess received from the customers is considered as EAD for the purpose of ECL computation.

M M NISSIM & CO LLP CHARTERED ACCOUNTANTS FRN: 107122W Mumbai
Capri Global Capital Limited Mumbai

Forward looking information

While estimating the expected credit losses, the Company reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Company analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD determined by the Company based on its internal data/external data. While the internal estimates of PD rates by the Company may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

Collateral repossessed

In its normal course of business, company repossess assets under SARFAESI/ arbitration Act, but do not transfer these assets in its book of accounts. The company continues to show these loans account as Non-Performing Assets (NPA) in the books, till the liquidation of the secured assets through public auction and realise actual payment against these loans.

(ix) Write-offs

The Company reduces the gross carrying amount of a financial asset when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

(x) Determination of fair value

On initial recognition, all the financial instruments are measured at fair value. For subsequent measurement, the Company measures certain categories of financial instruments (as explained in note.) at fair value on each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

i. In the principal market for the asset or liability, or
ii. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments - Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments - Those where the inputs that are used for valuation are significant and are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Company will classify the instruments as Level 3.

Level 3 financial instruments - Those that include one or more unobservable input that is significant to the measurement as whole.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Difference between transaction price and fair value at initial recognition

The best evidence of the fair value of a financial instrument at initial recognition is the transaction price (i.e. the fair value of the consideration given or received) unless the fair value of that instrument is evidenced by comparison with other observable current market transactions in the same instrument (i.e. without modification or repackaging) or based on a valuation technique whose variables include only data from observable markets. When such evidence exists, the Company recognises the difference between the transaction price and the fair value in profit or loss on initial recognition (i.e. on day one).

When the transaction price of the instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Company recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is not recognised at the initial recognition stage.

(xi) Derivative Financial Instruments

The Company holds derivative financial instruments to hedge its foreign currency and interest rate risk exposures. Embedded derivatives are separated from the host contract and accounted for separately if certain criteria are met.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/loss is recognised in the statement of profit and loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the statement of profit and loss depends on the nature of the hedge relationship.

The Company designates certain derivatives as hedging instruments to hedge the variability in cash flows associated with its floating rate borrowings arising from changes in interest rates and exchange rates. At inception of designated hedging relationships.

The Company documents the risk management objective and strategy for undertaking the hedge. The Company also documents the economic relationship between the hedged item and the hedging instrument, including whether the changes in cash flows of the hedged item and hedging instrument are expected to offset each other.

Cash flow hedges

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognised in OCI and accumulated in the other equity under 'effective portion of cash flows hedges'. The effective portion of changes in the fair value of the derivative that is recognised in OCI is limited to the cumulative change in fair value of the hedged item, determined on a present value basis, from inception of the hedge. Any ineffective portion of changes in fair value of the derivative is recognised immediately in profit or loss.

The Company designates only the change in fair value of the spot element of forward exchange contracts as the hedging instrument in cash flow hedge relationships change in fair value of the forward element of the forward exchange contracts ('forward points') is separately accounted for as cost of hedging and recognised separately within equity.

If a hedge no longer meets the criteria for hedge accounting or the hedging instrument is sold, expires, is terminated or is exercised, then hedge accounting is discontinued prospectively. If the hedged future cash flows are no longer expected to occur, then the amounts that have been accumulated in other equity are immediately reclassified to profit or loss.

2.7 Cash and cash equivalents

Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value. They are held for the purposes of meeting short-term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short- term deposits, as defined above.

2.8 Property, plant and equipment

Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, (if any). The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress.

Depreciation

Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

ROU assets are depreciated from the date of commencement of the lease on a straight-line basis over the shorter of the lease term and the useful life of the underlying asset.

2.9 Intangible assets

An intangible asset is recognised only when its cost can be measured reliably, and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

The useful lives of intangible assets are assessed to be either finite or infinite. Intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year-end.

Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortisation period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is presented as a separate line item in the statement of profit and loss. Amortisation on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of Profit and Loss from / upto the date of acquisition/sale.

Amortisation is calculated using the straight–line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortised on a straight-line basis over a period of 3 years, unless it has a shorter useful life.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

Intangible assets not ready for the intended use on the date of Balance Sheet are disclosed as "Intangible under development"

2.10 Provisions

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the Statement of Profit and Loss net of any reimbursement.

2.11 Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

2.12 Earning Per Share

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

2.13 Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

(i) Defined employee benefit assets and liabilities - Refer 2.4(ii)

(ii) Impairment of loans portfolio - Refer 2.6(viii)

(iii) Effective Interest Rate (EIR) method - Refer 2.3(i) and 2.4(i)

(iv) Lease accounting - Refer 2.4(iii)

(v) Impairment test of non-financial assets - Refer 2.4(v)

(vi) Useful life of property, plant, equipment and intangibles - Refer 2.8 & 2.9

(vii) Provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions - Refer 2.4(vi)

(viii) Recognition and Measurement of Provision and Contingencies - Refer 2.10 and 2.11

(ix) Determination of the fair value of financial instruments - Refer 2.6(x)

(x) Business Model Assessment - Refer 2.6(i)

2.14 Recent accounting pronouncements

The Ministry of Corporate Affairs (MCA) on 31st March 2023 through Companies (Indian Accounting Standards) Amendment Rules, 2023 has notified the following amendments to IND AS which are applicable for the annual periods beginning on or after 1st April, 2023.

Indian Accounting Standard (Ind AS) 1 – Presentation of financial statements – This amendment requires the Company to disclose its material accounting policies rather than their significant accounting policies.

The Company will carry out a detailed review of accounting policies to determine material accounting policy information to be disclosed going forward.

The Company does not expect this amendment to have any material impact in its financial statements.

Indian Accounting Standard (Ind AS) 8 – Accounting Policies, Changes in Accounting Estimates and Errors – This amendment has changed the definition of a "change in accounting estimates" to a definition of "accounting estimates". The amendment clarifies how companies should distinguish changes in accounting policies from changes in accounting estimates.

The Company does not expect this amendment to have any material impact in its financial statements.

Indian Accounting Standard (Ind AS) 12 – Income taxes – This amendment has done away with the recognition exemption on initial recognition of assets and liabilities that give rise to equal and offsetting temporary differences.

The Company does not expect this amendment to have any material impact in its financial statements.

Note 3. Cash and cash equivalents

(₹ in millions)

Particulars	As at March 31, 2023	As at March 31, 2022
Cash on hand	160.33	11.40
Cheques on hand	17.60	6.25
Balances with banks:		
- In Current Accounts	3,017.80	893.21
- Fixed deposits with original maturity of 3 Months or less	11,252.16	-
Total	**14,447.89**	**910.86**

Note 4. Bank balances other than cash and cash

(₹ in millions)

Particulars	As at March 31, 2023	As at March 31, 2022
Earmarked balances with banks		
- Original Maturity more than 3 months	134.06	15.91
- Unclaimed Dividend Account	0.19	0.21
Total	**134.25**	**16.12**

Out of the above ₹ 134.06 millions (March 2022 - ₹ 15.91 millions) balance in deposit accounts with banks are being earmarked towards overdraft facilities, bank guarantee and against customer advance.

Deposits are made for varying period from 6 month to 2 years and earn interest from 4.9% to 7.7% p.a

Note 5. Receivables

(₹ in millions)

Particulars	As at March 31, 2023	As at March 31, 2022
Secured considered good		
-Outstanding for a period exceeding six months from the due date of payment	-	-
-Outstanding for a period less than six months	332.83	81.64
Total – Gross (A)	**332.83**	**81.64**
Less: Provision for impairment	(11.40)	-
Total – Net (A)	**321.43**	**81.64**

Trade receivables are non-interest bearing and are generally on terms of 30 to 90 days.

No trade or other receivable are due from directors or other officers of the company either severally or jointly with any other person. Nor any trade or other receivable are due from firms or private companies respectively in which any director is a partner, a director or a member.

Terms/Rights attached to equity shares:

1. The Company has only one class of equity share having a par value of Rs. 2/- per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividends in Indian Rupees.

2. In the event of liquidation of the company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be proportion to the number of equity shares held by the shareholders.

Shares reservation :

In FY 2022-23 No. of 30,60,400 (FY 2021-22 No. of 30,40,800) shares of ₹ 2 each towards outstanding employee stock options granted (Refer Note 45)

Objective for managing capital:

The Company maintains an actively managed capital base to cover risks inherent in the business and is meeting the capital adequacy requirements of the regulator, Reserve Bank of India (RBI). The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI.

There are no shares reserved for issue under options, contracts, commitments for the sale of shares or divestments.

There are no shares in the preceding 5 years allotted as fully paid up without payment being received in cash/bonus shares/ bought back.

Securities premium

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

General reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

Statutory Reserve pursuant to Section 45-IC of the RBI Act, 1934

Every non-banking financial company is required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year as disclosed in the statement of profit and loss before any dividend is declared.

Employee stock option outstanding reserves

This reserve is used to record the employee stock options which are outstanding. The said reserve will be utilised for issuance of share to the eligible employees.

Rights Issue

During the year, the Company has allotted 3,03,15,789 equity shares of face value of Rs. 2/- each ("Rights Equity Shares") at a premium of Rs. 473/- per share aggregating up to Rs. 14,400 Millions in accordance with the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements), 2018, as amended, and various applicable circulars that have been issued by the Securities and Exchange Board of India ("SEBI") from time to time.

The total expenses on rights issue ₹ 71.31 Millions has been adjusted against securities Premium.

The object of the Issue is to augment the capital base of the Company. The net proceeds to be utilised to meet the future capital requirements, which are expected to arise out of growth of Company's business and assets, including but not limited to, onward lending under company's four lending vertical viz; MSME loans, construction finance loans, Indirect lending and gold loans, ensuring compliance with applicable regulatory requirements, payment of operating expenditure and funding growth opportunities for the above verticals

Total of items affecting tax rate (A+B)	**24.30**	**178.52**

3. Reconciliation of income tax rate is as follows:

(In %)

Particulars	For the year ended March 31, 2023	For the year ended March 31, 2022
Normal Tax Rate	22.00	22.00
Surcharge (@ 10% of Normal Tax Rate)	2.20	2.20
Health and Education Cess	0.97	0.97
Total Tax Rate	**25.17**	**25.17**
Effect in Tax rate due to permenant difference	0.17	0.45
Difference due to Tax Rate of STCG	(0.05)	(0.51)
Effecttive Tax Rate	**25.29**	**25.11**

Note 35 - Deferred Tax

The following table shows deferred tax recorded in the balance sheet and changes recorded in the Income tax expense:

(₹ in millions)

Particulars	Deferred Tax Assets As at March 31, 2022	Income Statement 2022-23	OCI 2022-23	Deferred Tax Assets As at March 31, 2023
Deferred Tax Assets:				
Provision for Employee Benefits	12.28	11.26	-	23.54
Depreciation	20.27	14.36	-	34.63
Impairment allowance for financial assets	297.69	128.64	-	426.33
Unmortised fees on loans	2.79	(1.78)	-	1.01
Others	5.01	23.46	-	28.46
Deferred Tax Liabilities:				
Financial Instruments at FVTPL	(1.82)	1.66	-	(0.15)
Unmortised fees on borrowings	(0.65)	0.36	-	(0.29)
Gain on derecognition of financial	(42.40)	(106.03)	-	(148.43)
Deferred Tax Assets (net)	**293.17**	**71.93**	**-**	**365.10**

*As per Ind AS 109 'Financial Instruments', on derecognition of loans, the Company recognise difference between the carrying amount (measured at the date of derecognition) and consideration received (including new asset obtained less any new liability assumed) as gain in Statement of profit and loss account. Such gain recognised on derecognition of loans is not a real income as per Income tax Act, 1961, hence is offered to tax over the tenure of loans. Accordingly, deferred tax liability has been created on the Spread receivable on assigned portfolio (Co-lending portfolio).

Deferred Tax assets created on account of past years tax adjustments has been shown and adjusted against tax expenses provided for earlier years.

(₹ in millions)

Particulars	Deferred Tax Assets As at March 31, 2021	Income Statement 2021-22	OCI 2021-22	Deferred Tax Assets As at March 31, 2022
Deferred Tax Assets:				
Provision for Employee Benefits	10.04	2.24	-	12.28
Depreciation	19.38	0.89	-	20.27
Impairment allowance for financial assets	166.59	131.10	-	297.69
Unmortised fees on loans	13.75	(10.96)	-	2.79

Capital Management

The primary objectives of the Company's capital management policy are to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholders value. The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. Capital Management Policy, objectives and processes are under constant review by the Board. For details of

Note 38- Fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using a valuation technique.

Ind AS 109, 'Financial Instrument - Disclosure' requires classification of the valuation method of financial instruments measured at fair value in the balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair-value-hierarchy under Ind AS 107 are described below:

38.1 Financial instruments by category

38.2 Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

(₹ in millions)

Financial assets and liabilities measured at fair value - recurring fair value measurements	Notes	Carrying Amount	Fair Value			Total

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the- counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification

Short-term financial assets and liabilities For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include cash and cash equivalents, trade receivables, balances other than cash and cash equivalents and trade payables without a specific maturity

Note 39.1. Risk Disclosures

Company's risk is managed through an integrated risk management framework, including ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Company's continuing profitability and each individual within the Company is accountable for the risk exposures relating to his or her responsibilities. The Company is exposed to credit risk, liquidity risk and interest rate risk.
It is the Company's policy to ensure that a robust risk awareness is embedded in its organisational risk culture.

39.2. Credit risk

Credit risk is the risk that the Company will incur a loss because its customers or counterparties fail to discharge their contractual obligations. The Company manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties.

39.2.1 Impairment assessment

39.2.1.1 Exposure at Default

The Exposure at Default is an estimate of the exposure at a future default date including the undrawn commitments. EAD is taken as the gross exposure under a facility upon default of an obligor. The principal outstanding, overdue principal, accrued interest, overdue interest less excess received from the customers is considered as EAD for the purpose of ECL computation.

The advances have been bifurcated into following three stages:
Stage 1 – All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Company classifies all standard advances and advances up to 0-30 days default under this category. Stage 1 loans also include facilities where the credit risk has reduced and the loan has been reclassified from Stage 2.

Stage 2 – All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. Financial assets past due for 31 to 90 days are classified under this stage. Stage 2 loans also include facilities where the credit risk has reduced, and the loan has been reclassified from Stage 3.

Stage 3 – All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, a lifetime ECL is recognised and interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. more than 90 days Past Due is considered as default for classifying a financial instrument as credit impaired.

39.2.1.2 Significant increase in credit risk

The Company continuously monitors all assets subject to ECLs. In order to determine whether an instrument or a portfolio of instruments is subject to 12 months ECL or lifetime ECL, the Company assesses whether there has been a significant increase in credit risk since initial recognition. The Company considers an exposure to have significantly increased in credit risk if contractual payments are more than 30 days past due.

39.2.1.3 Definition of default and cure

The Company considers a financial instrument defaulted and therefore Stage 3 (credit impaired) for ECL calculations in all cases when the borrower becomes more than 90 days past due on its contractual payments.
As a part of a qualitative assessment of whether a customer is in default, the Company also considers a variety of instances that may indicate inability to pay. When such events occur, the Company carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate. Such events include:
a) Significant financial difficulty of the borrower or issuer;
b) A breach of contract such as a default or past due event;
c) The restructuring of a loan or advance by the company on terms that the company would not consider otherwise; or
d) It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation

It is the Company's policy to consider a financial instrument as 'cured' and therefore re-classified out of Stage 3 when the borrower makes necessary payments & the borrower is not 90 days past due after such payments. The decision whether to classify an asset as Stage 2 or Stage 1 once cured depends on the updated credit grade, at the time of the cure, and whether this indicates there has been a significant increase in credit risk compared to initial recognition.

M M NISSIM & CO. LLP CHARTERED ACCOUNTANTS FRN: 107122W/W100672 MUMBAI
Capital Limited Mumbai

39.2.1.4 Probability of Default ("PD") estimation process

Probability of default ("PD") is defined as the likelihood of default over a particular time horizon. The PD of an obligor is a fundamental risk parameter in credit risk analysis and depends on obligor specific as well as macroeconomic risk factors.

a) The Company has applied 12 months PD to stage 1 advances
b)The Lifetime PD is computed using basic exponentiation technique after considering the residual maturity of the respective loan.
c) PD of 100% is considered for Stage 3 assets.

Days past due are a primary input for the determination of the PD for exposures. The Company collects performance and default information about its credit risk exposures analysed by portfolio. For some portfolios, rating based published information is used.

The Company employs statistical models to analyse the data collected and generate estimates of the remaining lifetime PD of exposures and how these are expected to change as a result of the passage of time. Such statistical models are selected considering the availability of information related to the probability of default for each product. This analysis includes the identification and calibration of relationships between changes in default rates and changes in key macro-economic factors.

For the purpose of determination of impact of forward looking information, the Company applies various macro economic (ME) variables as stated above to each portfolio and assess the trend of the historical probability of defaults as compared to the forecasted probability of default. Based on the directional trend of output, management applies an overlay if required. Overtime, new ME variable may emerge to have a better correlation and may replace ME being used now.

The loans are segmented into homogenous product categories to determine the historical PD/LGD as per similar risk profiles, this segmentation is subject to regular review For portfolios in respect of which the Company has limited historical data, external benchmark information is used to supplement the internally available data.

The Company does not have any historic data of default in case of Gold Loan portfolio, so it has relied upon the published data of competitors

39.2.1.5 Loss Given Default ("LGD")

Loss Given Default ("LGD") is defined as the loss rate on the exposure, given the borrower has defaulted. LGD is being calculated for all financial instruments under risk parameter approach by way of evaluation of historical data on defaults, recovery amounts, collateral liquidation, direct expenses, and opportunity cost for each default. LGD has been computed using the volatility-based model in case of Gold Loan portfolio.

39.2.1.6 Forward looking information

in its EGL models, the Company relies on a broad range of forward looking information as economic inputs, such as. GDP growth, Consumer Price Index, Unemployment rate, Lending Interest Rate etc The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. To reflect this, qualitative adjustments or overlays are occasionally made as temporary adjustments when such differences are significantly material

During the current year, the Company has made refinement in the ECL model and said changes have been updated in the ECL policy which is duly approved by the audit committee.

39.2.2 Analysis of risk concentration - Refer Note 56.11.3.2

39.2.3 Collateral and other credit enhancements

The Company holds collateral and other credit enhancements against certain of its credit exposures. The loans are collateralized against equitable mortgage of property, pledge of shares, hypothecation of assets, physical gold jewellery, undertaking to create security.
Management monitors the market value of collateral and will request additional collateral in accordance with the underlying agreement. In case of defaults by customers, where the Company is unable to recover the dues, the Company through a legal process enforces the security and recovers the dues.

39.3. Liquidity risk and funding management

Liquidity risk is defined as the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Company might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances. Such scenarios could occur when funding needed for illiquid asset positions is not available to the Company on acceptable terms. To limit this risk, management has arranged for diversified funding sources and adopted a policy of managing assets by monitoring future cash flows and liquidity on a daily basis.

Liquidity risk is managed in accordance with our Asset Liability Management Policy. This policy is framed as per the current regulatory guidelines and is approved by the Board of Directors. The Asset Liability Management Policy is reviewed periodically to incorporate changes as required by regulatory stipulation or to realign the policy with changes in the economic landscape. The Asset Liability Committee (ALCO) of the Company formulates and reviews strategies and provides guidance for management of liquidity risk within the framework laid out in the Asset Liability Management Policy.

The table below summarises the maturity profile of the undiscounted cash flow of the Company's financial liabilities:

39.4. Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments. The core business of the company is providing loans to MSME, Construction Finance, Indirect lending and Gold loan. The company borrows through various financial instruments to finance its core lending activity. These activities expose the company to interest rate risk.

Interest rate risk is measured through earnings at risk from an earnings perspective and through duration of equity from an economic value perspective. Further, exposure to fluctuations in interest rates is also measured by way of gap analysis, providing a static view of the maturity and re-pricing characteristic of Balance sheet positions. An interest rate sensitivity gap report is prepared by classifying all rate sensitive assets and rate sensitive liabilities into various time period categories according to contracted/behavioural maturities or anticipated re-pricing date. The difference in the amount of rate sensitive assets and rate sensitive liabilities maturing or being re-priced in any time period category, gives an indication of the extent of exposure to the risk of potential changes in the margins on new or re-priced assets and liabilities. The interest rate risk is monitored through above measures on a quarterly basis.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being considered as constant) of the Company's statement of profit and loss and equity.

(₹ in millions)

Currency	Increase / (decrease) in basis points	Sensitivity of profit or loss		Sensitivity of equity

	25 Basis point Down		84.09		62.92
	50 Basis point Down		168.18		125.85

Operational Risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Company cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include maker-checker controls, effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, such as the use of internal audit.

Capital Management :

Company's capital management objective is primarily to safeguard business continuity. The Company's capital raising policy is aligned to macro economic situation and incidental risk factors. The Company's cashflows are regularly monitored in sync with annual operating plans and long-term and other strategic investment plans. The operational funding requirements are met through debt and operating cash flows generated. The company believes this approach would create shareholder value in long run. Also, the company has adopted a conservative approach for ALM management with primacy to adequate liquidity. At present a large portion of the company's resource base is equity. Therefore the company enjoys a low gearing.

The Company maintains its capital structure in line with economic conditions and the risk characteristics of its activities and the board reviews the capital position on a regular basis.

Gearing ratio :

Particulars	As at March 31, 2023	As at March 31, 2022

Note 40A- Defined Contribution Plan

The Company's state governed provident fund scheme are defined contribution plan for its employees. The Contribution by the employer and employee together with interest accumulated there on are payable to the employee at the time of separation from company or retirement whichever is earlier. The benefit vests immediately on rendering of services by the employee.

(₹ in millions)

Particulars	As at March 31, 2023	As at March 31, 2022
Employer's contribution to provident fund	147.21	51.59
Employer's contribution to National Pension Scheme	3.71	2.70
Total	**150.92**	**54.29**

Note 40B- Defined Benefit Plan

The Company has a defined benefit gratuity plan in India (funded). The Company's defined benefit gratuity plan is a final salary plan for its employees, which requires contributions to be made to a separately administered fund. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at separation/retirement. The fund has the form of a trust and it is governed by the Board of Trustees, which consists of an equal number of employer and employee representatives. The Board of Trustees is responsible for the administration of the plan assets and for the definition of the investment strategy.

The following table sets out the status of the Defined Benefit Gratuity Plan as per the actuarial valuation by the independent Actuary appointed by the Company:-

Principal assumptions used for the actuarial valuations are as follows:

(₹ in millions)

Particulars	Gratuity Plans	
	As at March 31, 2023	As at March 31, 2022

Total	**40.28**	**33.31**

Maturity Analysis of benefit payments

(₹ in millions)

Projected Benefits Payable in Future Years From the Date of Reporting	As at March 31, 2023	As at March 31, 2022
1st Following Year	9.74	7.89

2nd Following Year	8.92	7.19
3rd Following Year	7.67	7.14
4th Following Year	7.80	5.75
5th Following Year	7.65	5.64
Sum of Years 6 To 10	25.27	14.64
Sum of Years 11 and above	19.89	6.04

The estimates of future salary growth, factored in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market. Such estimates are very long term and are not based on limited past experience / immediate future. Empirical evidence also suggests that in very long term, consistent high salary growth rates are not possible. The said estimates and assumptions have been relied upon by the auditors.

Sensitivity analysis

(₹ in millions)

Particulars	As at March 31, 2023	As at March 31, 2022	As at March 31, 2023	As at March 31, 2022
Sensitivity Level	1% increase	1% increase	1% decrease	1% decrease
Impact on defined benefit obligation (in ₹)				
1) Discount Rate	(2.41)	(1.42)	2.64	1.53
2) Future Salary Increases	2.30	1.46	(2.18)	(1.40)
3) Employee Turnover	(0.78)	(0.42)	0.81	0.43

Note :

-The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

-The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

-Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

-There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

Note 41: Related party

A. List of Related Parties and related party relationship:

Considering only parties with whom transaction has entered during the FY 2022-23

Sr. No.	Name of the Related Party	Relationship

Note - 42 Segment Information (IND-AS 108)

Operating Segment:

The Company operates mainly in the business segment of fund based financing activity. All other activities revolve around the main business. Further, all activities are carried out within India. As such, there are no separate reportable segments as per the provisions of IND AS 108 on 'Operating Segments'.

Note - 43 In Accordance with IND AS - 33 Earnings Per Share

The computation of earning per share is set out below:

Particulars			For the year ended March 31, 2023	For the year ended March 31, 2022
Net Profit after tax as per Statement of Profit and Loss	(A)	₹ in millions	1,415.37	1,618.84
Weighted average number of equity shares for calculating Basic EPS	(B)	Nos.	184,990,406	183,575,044
Weighted average number of equity shares for calculating Diluted EPS	(C)	Nos.	187,098,040	185,553,681
Basic earnings per equity share (in ₹) (Face value of ₹ 2/- per share)	(A)/(B)	Rs.	7.65	8.82
Diluted earnings per equity share (in ₹) (Face value of ₹ 2/- per share)	(A)/(C)	Rs.	7.56	8.72

Particulars			For the year ended March 31, 2023	For the year ended March 31, 2022
Weighted average number of equity shares for calculating EPS		Nos.	184,990,406	183,575,044
Add : Equity shares for no consideration arising on grant of stock options under ESOP		Nos.	2,107,634	1,978,637
Weighted average number of equity shares in calculation of diluted EPS		Nos.	187,098,040	185,553,681

Note - 44 Leases

The changes in the carrying value of ROU assets are as follows:

(₹ in millions)

Particulars	As at March 31, 2023	As at March 31, 2022
Gross carrying value		
Balance as at the beginning of the Year	284.35	264.11
Additions/Modifications	1,744.07	41.09
Terminations	46.20	20.84
Balance as at the end of the Year	1,982.22	284.36
Accumulated depreciation		
Balance as at the beginning of the Year	108.07	91.27
Depreciation	172.84	28.73
Terminations/modifications	15.19	11.92
Balance as at the end of the Year	265.72	108.08
Net Carrying Value at the end of the Year	**1,716.50**	**176.28**

The following is the movement in lease liabilities during the year:

(₹ in millions)

Particulars	As at March 31, 2023	As at March 31, 2022
Lease liabilities		
Balance as at the beginning of the Year	**196.21**	**197.55**
Additions/Modification	1,681.68	32.42
Terminations/modifications	29.77	10.51
Finance expense	134.36	19.88
Payment of lease liabilities	212.10	43.14
Balance as at the end of the Year	**1,770.38**	**196.21**

The table below provides details regarding the contractual maturities of lease liabilities as at March 31, 2023, on an undiscounted basis:

(₹ in millions)

Tenure	31st March 2023	31st March 2022
Less than 1 year	363.52	1.57
1-3 years	739.23	19.33
3-5 years	679.66	202.57
More than 5 years	1,071.22	23.01
Total	**2,853.63**	**246.48**

The entity has adequate liquidity for payment of lease liabilities. The Company regularly monitor and pays lease rentals on timely manner as per the terms of respective leave and license agreement.

The Company has right to extend lease term as per mutually agreed terms laid down in respective leave and license agreement. The Company takes into account effect of extended lease term while recording the lease assets and lease liabilities accordingly.

Note - 45 Note-Employee Stock Option

The Company has granted Employee Stock Options (ESOP) under the Employee Stock Option Scheme 2009 (ESOP 2009) to employees of the Company/Subsidiary spread over a period 1 to 4 years.

Employee Stock Option Plans

510.00	20,000	41		
520.00	10,000	42		

Fair value methodology

The fair value of shares are measured using Black-scholes-merton formula. Measurement input includes share price on measurement date, exercise date of the instrument, exercise price, expected life, risk free interest rate, dividend yield, expected volatility

The following table summarizes the assumptions used in calculating the grant date fair value.

Particulars	March 31, 2023	March 31, 2022
Expected life of the options	2.5 to 5 Years	3 to 5 Years
Expected volatility	40% to 50%	50% to 60%
Dividend yield	0.18% to 0.30%	1%
Risk-free interest rate	7.09% to 7.39%	4.72% to 6.28%

Expected life of the options: Expected life of the options is the period for which the company expects the Options to be live. The minimum life of a stock option is the minimum period before which the options cannot be exercised, and the maximum life is the period after which the options cannot be exercised.

Expected volatility: The measure of volatility used in ESOP pricing model is the annualised standard deviation of the continuously compounded rates of return (calculated by log function) on the share over a period prior to the date of grant corresponding to the expected life of the option.

Dividend yield: Dividend Yield has been calculated as an average of dividend yields of six financial years preceding the date of grant. The dividend yield for the year is derived by dividing the dividend per share by the share price as on dividend effective date.

Risk-free interest rate: The rate used to discount employee benefit obligations reflects the estimated timing of benefit payments and the currency in which the benefits are to be paid. We have used the Discount Rate which relates to the par-yield rate available on ZYC Government Securities (G. Sec.) for the tenure of the expected life of options. (Ref: G Sec. rates available through www.fbil.org.in with prices/yields published by FBIL).

The Weighted average market price of the ESOPs exercised during the year is ₹ 722.35 Per share (previous Year ₹ 530.71 Per share)

ESOP cost recognised in the Statement of Profit and Loss for March 31,2023 ₹ 141.75 millions (March 31,2022 ₹ 50.10 millions)

As at March 31, 2023 amount of ₹ 1.61 millions (as at March 31, 2022 ₹ 16.75 millions) being the difference between the exercise price and fair value of the options is receivable from the subsidiary company with which employees are employed.

56.3.3 Disclosures on Risk Exposure in Derivatives

A. Qualitative Disclosure

The Company undertakes derivative transactions for hedging on-balance sheet liabilities, these derivative transactions are in form of Forward Exchange Contracts.

The Asset Liability Management Committee and Risk Management Committee closely monitors such transactions and reviews the risks involved. The Company has entered into these Forward Exchange Contract to mitigate the foreign exchange risk pertaining to FCNR (B) Term Loan.

All derivative contracts including the Forward Exchange Contracts are recognised on the balance sheet and measured at fair value. Hedge accounting is applied to all the derivative instruments including the Forward Exchange Contracts as per IND AS 109. Gain / loss arising on account of fair value changes are recognised in the Statement of Profit and Loss to the extent of ineffective portion of hedge instruments and hedged items. The gains / losses of effective portion of hedge instrument are offset against gain / losses of hedged items in Other Comprehensive Income.

Foreign exchange forward contracts outstanding at the Balance Sheet date, are recorded at fair value. The premium or discount arising at the inception of such forward exchange contract is amortised as expense or income over the life of the contract. The Company has entered into cashflow hedges to hedge currency risk on certain foreign currency loans and to cover future interest on foreign currency borrowings.

M M NISSIM & CO LLP CHARTERED ACCOUNTANTS FRN : 107122W MUMBAI

Capri Global Capital Limited Mumbai

56.12 Disclosure on liquidity risk pursuant to RBI circular dated 4 November 2019 on 'Liquidity Risk Management Framework for Non-Banking Financial Companies and Core Investment Companies' is as follows:

56.12.1 Funding Concentration based on significant counterparty (both deposits and borrowings)

Sr. No.	Number of Significant Counterparties	Amount (in ₹ millions)	% of Total deposits	% of Total liabilities
1	14	52,395.70	NA	88.48%

56.12.2 Top 20 large deposits

Not Applicable to the Company as it does not accept public deposits.

56.12.3 Top 10 borrowings

Amount (₹ millions) of Borrowings from Top 10 Lenders	% of Total borrowings
47,021.53	86.77%

56.12.4 Funding concentration based on significant instrument/product

Sr. No.	Name of instrument/product	Amount (in ₹ millions)	% of Total liabilities
1	Term Loans from Bank	45,643.28	77.08%
2	Term Loan from Financial Institution	3,517.78	5.94%
3	Non-Convertible Debentures	4,386.52	7.41%
4	Loans repayable on demand from Bank (Cash Credit Facility)	643.50	1.09%

56.12.5 Stock ratios

Particulars	As a % of total public funds*	As a % of total liabilities	As a % of total assets
Commercial papers	N.A.	N.A.	N.A.
Non-Convertible Debentures (original maturity of less than 1 year)	N.A.	N.A.	N.A.
Other short term liabilities #	37.56%	34.37%	21.90%

*Public funds" includes funds raised either directly or indirectly through public deposits, inter-corporate deposits, bank finance and all funds received from outside sources such as funds raised by issue of Commercial Papers, debentures etc. but excludes funds raised by issue of instruments compulsorily convertible into equity shares within a period not exceeding 5 years from the date of issue

Other short term liabilities are excluding Commercial paper & short term non-convertible debentures

56.12.6 Institutional set-up for liquidity risk management

The Board of Directors are responsible for the overall risk management approach and for approving the risk management strategies and principles. The Board has constituted the Risk Management Committee (RMC) which is responsible for monitoring the overall risk process within the Company.

The meetings of RMC are held at quarterly interval. The Risk owners are responsible for monitoring compliance with risk principles, policies and limits across the Company. RMC ensures that the credit and investment exposure to any party / Company / group of parties or companies does not exceed the internally set limits as well as statutory limits as prescribed by Reserve Bank of India from time to time. RMC Develops risk policies and procedures and verify adherence to various risk parameters and prudential limits; review the risk monitoring system and ensure effective risk management.
The Company's Treasury is responsible for managing its assets and liabilities and the overall financial structure. It is also primarily responsible for the funding and liquidity risks of the Company.

The Board of Directors has constitution of Asset Liability Committee (ALCO). The Company's ALCO monitors asset liability mismatches to ensure that there are no imbalances or excessive concentrations on either side of the balance sheet. ALCO conducts quarterly reviews relating to the liquidity position and stress test assuming various 'what if' scenarios. The ALCO is a decision-making unit responsible for balance sheet planning from risk-return perspective including strategic management of interest rate and liquidity risks. The ALCO also evaluates the Borrowing Plan of subsequent quarters based on previous borrowings of the Company.

In assessing the Company's liquidity position, consideration is given to: (1) present and anticipated asset quality (2) present and future earnings capacity (3) historical funding requirements (4) current liquidity position (5) anticipated future funding needs, and (6) sources of funds. The Company maintains a portfolio of marketable assets that are assumed to be easily liquidated and undrawn cash credit limits which can be used in the event of an unforeseen interruption in cash flow. In accordance with the Company's policy, the liquidity position is assessed under a variety of scenarios, giving due consideration to stress factors relating to both the market in general and specifically to the Company. Net liquid assets consist of cash, short–term bank deposits and investments in mutual fund available for immediate sale. Borrowings from banks and financial institutions and issue of debentures are considered as important sources of funds to finance lending to customers.

The minutes of ALCO meetings are placed before the RMC and the Board of Directors meeting for noting.

The Company exceeds the regulatory requirement of liquidity coverage ratio (LCR) introduced by the RBI in FY 2020. This requirement stipulates that NBFCs with an asset size of Rs. 5,000 crore and above are required to maintain 50% of its expected net cash outflows in a stressed scenario in high quality liquid assets (HQLA) by December 2021; which has to be increased to 100% by December 2024 in a phased manner.
As of 31 March 2023, Company maintained LCR of 257.34% which is well above the stipulated norms.

Independent Auditor's Report

To the Members of Capri Global Capital Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of Capri Global Capital Limited ('the Holding Company') and its subsidiary - Capri Global Housing Finance Limited (the Holding Company and its subsidiary together referred to as the 'Group'), which comprise the Consolidated Balance Sheet as at 31 March 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the 'consolidated financial statements').

2. In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of report of other auditor on separate financial statements of a subsidiary, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, the relevant circulars, guidelines and directions issued by the Reserve Bank of India (RBI) from time to time ('RBI Guidelines') and other accounting principles generally accepted in India of the consolidated state of affairs of the Group as at 31 March 2023, and their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us along with the consideration of audit report of the other auditor referred to in the 'Other Matter' paragraph below is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

5. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
Impairment of loans and advances to customers (Refer Note 2.7 for significant accounting policies and Note 39.2 for credit risk disclosures)	
As at 31 March 2023, the Group has reported gross loan assets of ₹ 96,547.99 millions against which an impairment loss of ₹ 1,794.47 millions has been recorded. The Group recognized impairment provision for loan assets based on the Expected Credit Loss ("ECL") approach laid down under 'Ind AS 109 – Financial Instruments'. The estimation of ECL on financial instruments involves significant management judgement and estimates and the use of different modelling techniques and assumptions which could have a material impact on reported profits. Significant management judgement and assumptions involved in measuring ECL is required with respect to: ➢ ensuring completeness and accuracy of the data used to create assumption in the model. ➢ determining the criteria for a significant increase in credit risk. ➢ factoring in future economic assumptions ➢ techniques used to determine probability of default, loss given default and exposure at default. These parameters are derived from the Group's internally developed statistical models and other historical data. During the previous years, RBI announced various relief measures for the borrowers which were implemented by the Company such as "COVID 19 Regulatory Package-Asset Classification and Provisioning" announced by the RBI on 17 April 2020 and RBI circular on "Asset Classification and Income Recognition following the expiry of Covid-19 regulatory package" dated 07 April	Our audit focused on assessing the appropriateness of management's judgment and estimates used in the impairment analysis through procedures that included, but were not limited to, the following: • Obtained an understanding of the modelling techniques adopted by the Group including the key inputs and assumptions; • Considered the Group's accounting policies for estimation of expected credit loss on loans and assessing compliance with the policies in terms of Ind AS 109; • Understanding management's updated processes, systems and controls implemented in relation to impairment allowance process. • Accuracy of the computation of the ECL estimate including reasonableness of the methodology and assumption used to determine macro-economic overlays; • Tested the design and operating effectiveness of key controls over completeness and accuracy of the key inputs and assumptions considered for calculation, recording, monitoring of the impairment loss recognized and staging of assets.; • Assessed the critical assumptions and input data used in the estimation of expected credit loss models for specific key credit risk parameters, such as the movement logic between stages, Exposure at default (EAD), probability of default (PD) or loss given default (LGD); • Evaluated the reports and working for the methodology used in the computation of

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS

2021 (collectively referred to as 'the RBI circulars'), and "Resolution Framework for COVID-19 related Stress" (the 'Resolution Framework') dated on 6 August 2020 and 4 June 2021, which have been collectively considered by the management in identification, classification and provisioning of loan assets for impairment. On the basis of an estimate made by the management, an overlay to the tune of Rs 76.30 millions has been recognized by the Holding Company as at 31 March 2023 on loans basis their performance and outstanding position. The basis of estimates and assumptions involved in arriving at the overlay are monitored by the Holding Company periodically and significantly depend on future developments in the economy. **Disclosure** The disclosures regarding the Group's application of Ind AS 109 are key to explaining the key judgements and material inputs to the ECL results. Further, disclosures to be provided as per RBI circulars with regards to non-performing assets and provisions is also an area of focus. Considering the significance of the above matter to the overall financial statements, and extent of management's estimates and judgements involved, it required significant auditor attention. Accordingly, we have identified this as a key audit matter.	Through The Cycle PD, Point In Time PD and LGD, among others; • Performed test of details over calculation of ECL, in relation to the completeness and accuracy of the data; • Obtained written representations from management and those charged with governance on whether they believe significant assumptions used in calculation of expected credit losses are reasonable; and • Assessed the appropriateness and adequacy of the related presentation and disclosures of Note 39 "Financial risk management" disclosed in the accompanying financial statements in accordance with the applicable accounting standards and related RBI circulars and Resolution Framework.

Information other than the Consolidated Financial Statements and Auditor's Report thereon

6. The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

   Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

   In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

   When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Board of Director's Responsibilities for the Consolidated Financial Statements

7. The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, RBI Guidelines and other accounting principles generally accepted in India. The respective Board of Directors of the entities included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of their respective Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

8. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of respective Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

9. The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

11. As part of an audit in accordance with Standards on Auditing specified under section 143(10) of the Act, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements
(Continued)

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on the internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls based on our audit;

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors;

- Conclude on the appropriateness of the Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern;

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and

- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the consolidated financial statements, of which we are the independent auditors. For the other entity included in the consolidated financial statements, which have been audited by other auditor, such other auditor remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

12. We communicate with those charged with governance of the Holding Company, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

M M NISSIM & CO LLP
FRN : 107122W / W100972
MUMBAI
CHARTERED ACCOUNTANTS

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements *(Continued)*

13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

15. The consolidated financial statements include the audited financial statements of a subsidiary, whose financial statements reflect total assets (before consolidation adjustments) of Rs. 28,262.84 million as at 31 March, 2023, total revenue (before consolidation adjustments) of Rs. 3,236.72 million and net profit after tax (before consolidation adjustments) of Rs. 620.47 million and net cash outflows of Rs. 1,994.36 million for the year ended on that date, as considered in the consolidated financial statements, which has been audited by its independent auditor. The independent auditor's report on the financial statements of this entity has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, is based solely on the report of such auditor and the procedures performed by us are as stated in paragraph above.

    Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matter with respect to our reliance on the work done and the report of the other auditor.

Report on Other Legal and Regulatory Requirements

16. As required by section 197(16) of the Act based on our audit and the report of the statutory auditor of a subsidiary company incorporated in India which was not audited by us, we report that the remuneration paid during the current year by the Holding Company and its subsidiary company to its directors is in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.

17. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/"CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and its subsidiary included in the consolidated financial statements of the Company, we report that there are no qualifications or adverse remarks in these CARO reports.

Report on Other Legal and Regulatory Requirements *(Continued)*

18. As required by section 143(3) of the Act, based on our audit and on the consideration of report of the other auditor on separate financial statements of a subsidiary, as noted in 'other matters paragraph', we report, to the extent applicable, that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;

b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the report of the other auditor;

c) The consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;

d) In our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015;

e) On the basis of the written representations received from the directors of the Holding Company, and taken on record by the Board of Directors of the Holding Company and reports of the statutory auditor of its subsidiary company incorporated in India, none of the directors of the Group Companies incorporated in India is disqualified as on 31 March 2023 from being appointed as a director in terms of section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary company incorporated in India, and the operating effectiveness of such controls, refer to our separate report in 'Annexure I' wherein we have expressed an unmodified opinion; and

g) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of report of the other auditor on the separate financial statements of the subsidiary as noted in other matter paragraph:

i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group as detailed in Note 47 to the consolidated financial statements;

ii. The Group has made provision as at 31 March 2023, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;

iii. There are no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiary company incorporated in India during the year ended 31 March 2023;

M M NISSIM & CO LLP FRN : 107122W / W100672 MUMBAI CHARTERED ACCOUNTANTS

Report on Other Legal and Regulatory Requirements *(Continued)*

iv. a. The management has represented that, to the best of its knowledge and belief as disclosed in note 51A to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Holding Company to or in any persons or entities, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b. The management, as disclosed in the note 51A to the accompanying consolidated financial statements has represented that, to the best of its knowledge and belief, no funds have been received by the Holding Company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Holding Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c. Based on such audit procedures performed, as considered reasonable and appropriate in the circumstances, nothing has come to our attention that causes us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement;

v. The dividend declared during the year ended 31 March 2023 by the Holding Company is in compliance with section 123 of the Act; and

vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 requires all companies which use accounting software for maintaining their books of account, to use such an accounting software which has a feature of audit trail, with effect from the financial year beginning on 1 April 2023 and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 (as amended) is not applicable for the current financial year.

Annexure I

Independent Auditor's Report on the internal financial controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

(Referred to in paragraph 18 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

1. In conjunction with our audit of the consolidated financial statements of Capri Global Capital Limited ('the Holding Company') and its subsidiary (collectively referred as 'Group') as at and for the year ended 31 March 2023, we have audited the internal financial controls with reference to the consolidated financial statements of Group, as at that date.

Board of Director's Responsibilities for Internal Financial Controls

2. The respective Board of Directors of the companies included in the Group, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to the consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Consolidated Financial Statements

3. Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to the consolidated financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements includes obtaining an understanding of such internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

Annexure I to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the consolidated financial statements for the year ended 31 March 2023

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements *(Continued)*

5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in the subsidiary company in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to the consolidated financial statements.

Meaning of Internal Financial Controls with Reference to Consolidated Financial Statements

6. A company's internal financial controls with reference to the consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to the consolidated financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of the consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with Reference to the Consolidated Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to the consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to the consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Group, have in all material respects, adequate internal financial controls with reference to the consolidated financial statements and such controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to the consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

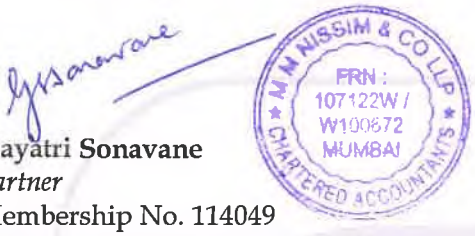

Annexure I to the Independent Auditor's Report of even date to the members of Capri Global Capital Limited on the consolidated financial statements for the year ended 31 March 2023

Other Matter

9. Our aforesaid report under Section 143 (3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to the consolidated financial statements insofar as it relates to a subsidiary company, which is a company incorporated in India, is based on the corresponding report of the auditor of such company incorporated in India.

CAPRI GLOBAL CAPITAL LIMITED
NOTES FORMING PART OF FINANCIAL STATEMENTS

1. Corporate Information

Capri Global Capital Limited ("the Company/Holding Company") having principal place of business at Registered office, 502, Tower A, Peninsula Business Park, Senapati Bapat Marg, Lower Parel, Mumbai - 400013 is engaged in the business of providing loans to Micro, Small and Medium Enterprises (MSMEs), providing long term finance for construction of residential houses in India, Indirect Lending, Gold Loan in India and in providing ancillary services related to the said business activities. The Holding company is NBFC – Investment and Credit Company (NBFC-ICC), holding a Certificate of Registration No. B-13.01882 from the Reserve Bank of India ("RBI") dated November 05, 2007, having CIN: L65921MH1994PLC173469.

Capri Global Housing Finance Limited (the Subsidiary Company) having principal place of business at Registered office, 502, Tower A, Peninsula Business Park, Senapati Bapat Marg, Lower Parel, Mumbai - 400013 is engaged in the business of providing loans primarily to customers for purchase / construction / repair and renovation of residential property. The Company holds registration certificate No. 07.0139.16 with National Housing Bank under section 29A of the National Housing Bank Act, 1987 dated 18th July 2016

The consolidated financial statements relate to the Holding Company and its Subsidiary Company (together regrouped as the "Group").

The Consolidated financial statements for the year ended March 31, 2023 were authorised for issue in accordance with a resolution of the board of directors on May 22, 2023.

2.1 Basis of Consolidation

(i) The following subsidiary company has been considered in the preparation of the consolidated financial statements:

Name of Entity	**Capri Global Housing Finance Limited**
Relationship	**Subsidiary**
Country of incorporation	**India**
Ownership held by	**Capri Global Capital Limited**
% of holding and voting power	
As at March 31, 2023	100%
As at March 31, 2022	100%

(ii) Principles of Consolidation:
The consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) 110 - "Consolidated Financial Statements" notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). The consolidated financial statements have been prepared on the following basis:

a) The financial statements of Group have been combined on a line by line basis of like items of assets, liabilities, equity, income, expenses and cash flows of the Holding Company with those of its subsidiary. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements as at March 31, 2023.

b) The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented, to the extent possible, in the same manner as the Holding Company's separate financial statements. Appropriate adjustments have been made in the financial statements of the subsidiary with respect to different accounting policies for like transaction and events in similar circumstances for the purpose of preparation of consolidated financial statements.

c) Elimination of the carrying amount of the Holding Company's investment in each subsidiary and the Holding Company's portion of equity of each subsidiary.

d) The financial statements of the subsidiary used in consolidation are drawn up to the same reporting date as that of the Holding Company i.e. year ended March 31, 2023.

2.2 Statement of compliance and basis of preparation and presentation

The Consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under section 133 of the Companies Act, 2013 (the Act) The Group uses accrual basis of accounting except in case of significant uncertainties [Refer note 2.4 (i),(iii),(iv),(v)]. Accounting policies have been consistently applied to all periods presented unless otherwise stated.

Any application of guidance / clarification / directions issued by RBI or other regulations are implemented prospectively when they become applicable.

The Consolidated financial Statement has been prepared in accordance with and comply in all material aspects with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other accounting principles generally accepted in India on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period as explained in the accounting policies below and the relevant provisions of the Act.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The preparation of Consolidated financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to The Group are discussed in Note 2.13 Significant accounting judgements, estimates and assumptions.

The Consolidated financial statements are presented in Indian Rupees (₹) and all values are rounded to two decimal Millions, except when otherwise indicated.

2.3. Presentation of financial statement

The Group presents its balance sheet in the order of liquidity.

The Group prepares and present its Consolidated Financial Statements in the format prescribed by Division III of Schedule III to the Act as amended from time to time.

Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:

i. The normal course of business
ii. The event of default
iii. The event of insolvency or bankruptcy of The Group and/or its counterparties

2.4 Revenue from operations

(i) Interest Income

Interest income is recognised by applying EIR to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at FVTPL, taking into account the amount outstanding and the applicable interest rate. In case of credit-impaired financial assets (as set out in note no. 2.6 (viii) regarded as 'Stage 3'), The Group recognises interest income on the amortised cost net of impairment loss of the financial asset. If the financial asset is no longer credit impaired, the Group reverts to calculating interest income on a gross basis.

The EIR is computed

a. As the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset to the gross carrying amount of a financial asset

b. By considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) in estimating the cash flows

c. Including all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Loan processing fees on loans is collected towards processing of loan, this is amortised on EIR basis over the average life (after considering the pre payment adjustment) of the loan for MSME, contractual tenure for construction finanace and Indirect loans and average life for Gold loan.

(ii) Dividend Income

Dividend income is recognised when the right to receive the payment is established.

(iii) Fees & Commission Income

The Group recognises the fee and commission income not integral to EIR under Ind AS 109 in accordance with the terms of the relevant customer contracts / agreement and when it is probable that The Group will collect the consideration for items.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by The Group as part of the contract.

The Group recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which The Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, The Group allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which The Group expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) The Group satisfies a performance obligation. Fees for sale of services are accounted as and when the service is rendered, provided there is reasonable certainty of its ultimate realisation.

Bounce/ penal charges levied on customers for non payment/delay payment of instalment on the contractual date & Foreclosure charges are collected from loan customers for early payment / closure of loan, are recognised on realisation.

M. M. NISSIM & CO. LLP CHARTERED ACCOUNTANTS FRN: 107122W / W100672 MUMBAI

Global Capital Limited Mumbai

Distribution income is earned by selling of services and products of other entities under distribution arrangements. The income so earned is recognised on successful distribution on behalf of other entities subject to there being no significant uncertainty of its recovery

(iv) Sale of service

Sale of services includes advertising income, representing income earned from the activities incidental to the business and is recognised when the service is performed. Revenue is net of applicable indirect taxes as per the terms of the contract.

(v) Net gain on Fair value changes

Any differences between the fair values of financial assets classified as FVTPL held by The Group on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss the same is disclosed as "Net loss on fair value changes" under Expenses in the Statement of Profit and Loss.

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at FVOCI is recognised in net gain / loss on fair value changes.

However, Net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

(vi) Assignment transactions

In accordance with Ind AS 109, in case of assignment transactions with significant transfer of risks and rewards without any retention of residual interest, gain arising on such assignment transactions is recorded upfront in the Statement of Profit and Loss and the corresponding asset is derecognized from the Balance Sheet immediately upon execution of such transaction. Further, the transfer of financial assets qualifies for derecognition to the extent of portion trasnsferred, the whole of the interest spread at its present value (discounted over the life of the asset) is recognized on the date of derecognition itself as interest only strip receivable (interest strip on assignment) and correspondingly recognized as profit on derecognition of financial asset.

(vii) Securitization transactions

In accordance with Ind AS 109, in case of securitization transactions, The Group retains substantially all the risks and rewards of ownership of a transferred financial asset, The Group continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

2.5 Expenses

(i) Finance costs

Finance costs on borrowings is paid towards availing of loan, is amortised on EIR basis over the contractual life of loan.

The EIR in case of a financial liability is computed

a. As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.

b. By considering all the contractual terms of the financial instrument in estimating the cash flows

c. Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts

Any subsequent changes in the estimation of the future cash flows is recognised in interest expense with the corresponding adjustment to the carrying amount of the liability.

Interest expense includes issue costs that are initially recognized as part of the carrying value of the financial liability and amortized over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses such as external legal costs, Rating Fee etc, provided these are incremental costs that are directly related to the issue of a financial liability.

(ii) Retirement and other employee benefits

Short term employee benefit

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service.

Post-employment employee benefits

a) Defined contribution schemes

All the eligible employees of The Group who have opted to receive benefits under the Provident Fund and Employees State Insurance scheme, defined contribution plans in which both the employee and The Group contribute monthly at a stipulated rate. The Group has no liability for future benefits other than its annual contribution and recognises such contributions as an expense in the period in which employee renders the related service. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the Balance Sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

b) Defined Benefit schemes

The Group provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation, carried out by an independent actuary at each Balance Sheet date, using the Projected Unit Credit Method, which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

M M NISSIM & CO LLP CHARTERED ACCOUNTANTS FRN : 107122W / W100672 MUMBAI

Capri Global Capital Limited Mumbai

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

Net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The Group fully contributes all ascertained liabilities to the Trustees – CGCL Employees Group Gratuity Assurance Scheme (Formerly known as Money Matters Financial Services Limited Employee Group Gratuity Assurance Scheme)" and CGHFL Employees Group Gratuity Assurance Scheme (Formerly known as Money Matters Securities Private Limited Employee Group Gratuity Assurance Scheme)" . Trustees administer contributions made to the trust and contributions are invested in a scheme of insurance with the IRDA approved Insurance Companies.

Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

(iii) Leases Rent

The Group leases most of its office facilities under operating lease agreements that are renewable on a periodic basis at the option of the lessor and the lessee. The lease agreements contain rent free periods and rent escalation clauses.

The Group assesses whether a contract contains a lease at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, The Group assesses whether: (i) the contract involves the use of an identified asset, (ii) The Group has substantially all of the economic benefits from the use of the asset through the period of the lease, and (iii) The Group has the right to direct the use of the asset.

At the date of commencement of the lease, The Group recognizes a ROU asset and a corresponding lease liability for all lease arrangements under which it is a lessee, except for short-term leases and low value leases. ROU assets represent The Group's right to use an underlying asset for the lease term and lease liabilities represent The Group's obligation to make lease payments arising from the lease. For short-term leases and low value leases, The Group recognizes the lease payments as an expense on a straight-line basis over the term of the lease.

The lease arrangements include options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the date of commencement of the lease on a straight-line basis over the lease term.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. For leases under which the rate implicit in the lease is not readily determinable, The Group uses its incremental borrowing rate based on the information available at the date of commencement of the lease in determining the present value of lease payments. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if The Group changes its assessment as to whether it will exercise an extension or a termination option.

At initial recognition the carrying value of the refundable deposits is taken at present value of all expected future principal repayments discounted using market rates prevailing at the time of inception For Interest expenses, the difference between present market value and deposit made is recognised as prepayment and amortised in the Statement of Profit and loss over the benefit period on systematic basis. Interest income is recognised at the prevailing market rates.

(iv) Other income and expenses

All Other income and expense are recognized in the period they occur.

(v) Impairment of non-financial assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

(vi) Taxes
Income Tax
Income tax expense comprises current and deferred taxes. Income tax expense is recognized in the Statement of Profit and Loss, other comprehensive income or directly in equity when they relate to items that are recognized in the respective line items.

Current Tax
Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax law) enacted or substantively enacted by the reporting date.

Deferred tax
Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity.

Goods and services tax /service tax/value added taxes paid on acquisition of assets or on incurring expenses
Expenses and assets are recognised net of the goods and services tax/service tax/value added taxes paid, except:
i. When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable

ii. When receivables and payables are stated with the amount of tax included
The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

2.6 Foreign currency translation
(i) Functional and presentational currency
The Consolidated financial statements are presented in Indian Rupees which is also functional currency of The Group and the currency of the primary economic environment in which The Group operates.

(ii) Transactions and balances
Initial recognition:
Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions.

Conversion:
Monetary assets and liabilities denominated in foreign currency, which are outstanding as at the year- end, are translated at the year-end at the closing exchange rate and the resultant exchange differences are recognised in the Statement of Profit and Loss.

Non–monetary items that are measured at historical cost in a foreign currency are translated using the spot exchange rates as at the date of recognition.

2.7 Financial instruments
Financial assets and financial liabilities are recognised in The Group's balance sheet on trade date, i.e. when The Group becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs and revenues that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs and revenues of financial assets or financial liabilities carried at fair value through the profit or loss account are recognised immediately in the Statement of Profit or Loss. Trade Receivables are measured at transaction price.

(i) Classification of financial instruments
The Group classifies its financial assets into the following measurement categories:
1. Financial assets to be measured at amortised cost

M M NISSIM & CO LLP CHARTERED ACCOUNTANTS FRN : 107122W/W100672 MUMBAI
Capital Global Capital Limited Mumbai

2. Financial assets to be measured at fair value through profit or loss account
The classification depends on the contractual terms of the financial assets' cash flows and The Group's business model for managing financial assets which are explained below:

Business model assessment
The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Group's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:
►How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel
►The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed

► How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
► The expected frequency, value and timing of sales are also important aspects of The Group's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from The Group's original expectations, The Group does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The Solely Payments of Principal and Interest (SPPI) test
As a second step of its classification process The Group assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, The Group considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Group classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

(ii) Financial assets measured at amortised cost
Debt instruments
These financial assets comprises of bank balances, receivables, investments and other financial assets.
Debt instruments are measured at amortised cost where they have:
a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding; and
b) are held within a business model whose objective is achieved by holding to collect contractual cash flows.

These debt instruments are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at amortised cost.

(iii) Financial assets measured at fair value through other comprehensive income (FVTOCI)
Debt instruments
Investments in debt instruments are measured at fair value through other comprehensive income where they have:
a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding; and
b) are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.

These debt instruments are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at fair value. Gains and losses arising from changes in fair value are included in other comprehensive income within a separate component of equity. Impairment losses or reversals, interest revenue and foreign exchange gains and losses are recognised in Profit and Loss. Upon disposal, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to the statement of profit and loss.

Equity instruments
Investment in equity instruments that are neither held for trading nor contingent consideration recognised by The Group in a business combination to which Ind AS 103 'Business Combination' applies, are measured at fair value through other comprehensive income, where an irrevocable election has been made by management and when such instruments meet the definition of definition of Equity under Ind AS 32 Financial Instruments: Presentation. Such classification is determined on an instrument- by-instrument basis. As at reporting date, there are no equity instruments measured at FVTOCI.

Amounts presented in other comprehensive income are not subsequently transferred to profit or loss.
Dividends on such investments are recognised in Profit or Loss.

(iv) Items at fair value through profit or loss (FVTPL)
Items at fair value through profit or loss comprise:

M M NISSIM & CO LLP CHARTERED ACCOUNTANTS FRN : 107122W W100672 MUMBAI
Global Capital Limited Mumbai

- Investments (including equity shares) held for trading;
- debt instruments with contractual terms that do not represent solely payments of principal and interest.

Financial instruments held at FVTPL are initially recognised at fair value, with transaction costs recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

Financial instruments designated as measured at FVTPL
Upon initial recognition, financial instruments may be designated FVTPL. A financial asset may only be designated at FVTPL if doing so eliminates or significantly reduces measurement or recognition inconsistencies (i.e. eliminates an accounting mismatch) that would otherwise arise from measuring financial assets or liabilities on a different basis.

A financial liability may be designated at FVTPL if it eliminates or significantly reduces an accounting mismatch or:
- if a host contract contains one or more embedded derivatives; or
- if financial assets and liabilities are both managed, and their performance evaluated on a fair value basis in accordance with a documented risk management or investment strategy.

Where a financial liability is designated at FVTPL, the movement in fair value attributable to changes in The Group's own credit quality is calculated by determining the changes in credit spreads above observable market interest rates and is presented separately in other comprehensive income. As at the reporting date, The Group has not designated any financial instruments as measured at fair value through profit or loss.

(v) Debt securities and other borrowed funds
After initial measurement, debt issued, and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and costs that are an integral part of the Effective Interest Rate (EIR).

(vi) Reclassification
If the business model under which The Group holds financial assets undergoes changes, the financial assets affected are reclassified. The classification and measurement requirements related to the new category apply prospectively from the first day of the first reporting period following the change in business model that result in reclassifying The Group's financial assets. Changes in contractual cash flows are considered under the accounting policy on Modification and derecognition of financial assets described in subsequent paragraphs.

(vii) Recognition and Derecognition of financial assets and liabilities
Recognition:
a) Loans and Advances are initially recognised when the Financial Instruments are transferred to the customers.
b) Investments are initially recognised on the settlement date.
c) Debt securities and borrowings are initially recognised when funds are received by The Group.
d) Other Financial assets and liabilities are initially recognised on the trade date, i.e., the date that The Group becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Derecognition of financial assets due to substantial modification of terms and conditions:
The Group derecognises a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised loans are classified as Stage 1 for ECL measurement purposes, unless the new loan is deemed to be Purchased or Originated as Credit Impaired (POCI). In case of an existing exposure to the borrower in The Group the newly recognised loans are classified as per the staging of the existing exposure.

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, The Group records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

Derecognition of financial assets other than due to substantial modification
a) Financial assets:
A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Group also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Group has transferred the financial asset if, The Group has transferred its contractual rights to receive cash flows from the financial asset.

A transfer only qualifies for derecognition if either:
i. The Group has transferred substantially all the risks and rewards of the asset, or
ii. The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

The Group considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

When The Group has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of The Group's continuing involvement, in which case, The Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that The Group has retained.

b) Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of Profit or Loss.

(viii) Impairment of financial assets

Overview of the ECL principles

The Group records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, in this section all referred to as 'financial instruments. Equity instruments are not subject to impairment under Ind AS 109.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both Lifetime ECLs and 12-month ECLs are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments. The Group has grouped its loan portfolio into Micro, Small and Medium Enterprises (MSMEs), Construction Finance Indirect Lending and Gold Loan.

The Group has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Group does the assessment of significant increase in credit risk at a borrower level. If a borrower has various facilities having different past due status, then the highest days past due (DPD) is considered to be applicable for all the facilities of that borrower.

Based on the above, The Group categorises its loans into Stage 1, Stage 2 and Stage 3 as described below:

Stage 1

All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Group classifies all standard advances and advances up to 0-30 days default under this category. Stage 1 loans also include facilities where the credit risk has reduced and the loan has been reclassified from Stage 2.

Stage 2

All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. Financial assets past due for 31 to 90 days are classified under this stage. Stage 2 loans also include facilities where the credit risk has reduced, and the loan has been reclassified from Stage 3.

Stage 3

All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, a lifetime ECL is recognised and interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. more than 90 days Past Due is considered as default for classifying a financial instrument as credit impaired.

Credit-impaired financial assets:

At each reporting date, The Group assesses whether financial assets carried at amortised cost and debt financial assets carried at FVTOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

a) Significant financial difficulty of the borrower or issuer;
b) A breach of contract such as a default or past due event;
c) The restructuring of a loan or advance by The Group on terms that The Group would not consider otherwise;
d) It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
e) The disappearance of an active market for a security because of financial difficulties.

The mechanics of ECL:

The assessment of credit risk and estimation of ECL are unbiased and probability weighted. It incorporates all information that is relevant including information about past events, current conditions and reasonable forecasts of future events and economic conditions at the reporting date. In addition, the estimation of ECL takes into account the time value of money. Forward looking economic scenarios determined with reference to external forecasts of economic parameters that have demonstrated a linkage to the performance of our portfolios over a period of time have been applied to determine impact of macro economic factors.

M M NISSIM & CO LLP CHARTERED ACCOUNTANTS FRN : 107122W / W100672 MUMBAI

Capri Global Capital Limited Mumbai

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:
Probability of Default (PD) - Probability of default ("PD") is defined as the likelihood of default over a particular time horizon. The PD of an obligor is a fundamental risk parameter in credit risk analysis and depends on obligor specific as well as macroeconomic risk factors.

Loss Given Default (LGD) - Loss Given Default ("LGD") is defined as the loss rate on the exposure, given the borrower has defaulted. LGD is being calculated for all financial instruments under risk parameter approach by way of evaluation of historical data on defaults, recovery amounts, collateral liquidation, direct expenses, and opportunity cost for each default.

Exposure at Default (EAD) - The Exposure at Default is an estimate of the exposure at a future default date including the undrawn commitments. EAD is taken as the gross exposure under a facility upon default of an obligor. The principal outstanding, overdue principal, accrued interest, overdue interest less excess received from the customers is considered as EAD for the purpose of ECL computation.

Forward looking information
While estimating the expected credit losses, The Group reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, The Group analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD determined by The Group based on its internal data/external data. While the internal estimates of PD rates by The Group may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

Collateral repossessed
In its normal course of business, the group repossess assets under SARFAESI/ arbitration Act, but do not transfer these assets in its book of accounts. The Group continues to show these loans account as Non-Performing Assets (NPA) in the books, till the liquidation of the secured assets through public auction and realise actual payment against these loans.

(ix) Write-offs
The Group reduces the gross carrying amount of a financial asset when The Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when The Group determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

(x) Determination of fair value
On initial recognition, all the financial instruments are measured at fair value. For subsequent measurement, The Group measures certain categories of financial instruments (as explained in note.) at fair value on each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

i. In the principal market for the asset or liability, or
ii. In the absence of a principal market, in the most advantageous market for the asset or liability
The principal or the most advantageous market must be accessible by The Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments - Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that The Group has access to at the measurement date. The Group considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments - Those where the inputs that are used for valuation are significant and are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, The Group will classify the instruments as Level 3.

M M NISSIM & CO LLP
FRN : 107122W / W100672
MUMBAI
CHARTERED ACCOUNTANTS

Capri Global Capital Limited
Mumbai

Level 3 financial instruments - Those that include one or more unobservable input that is significant to the measurement as whole.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Difference between transaction price and fair value at initial recognition

The best evidence of the fair value of a financial instrument at initial recognition is the transaction price (i.e. the fair value of the consideration given or received) unless the fair value of that instrument is evidenced by comparison with other observable current market transactions in the same instrument (i.e. without modification or repackaging) or based on a valuation technique whose variables include only data from observable markets. When such evidence exists, The Group recognises the difference between the transaction price and the fair value in profit or loss on initial recognition (i.e. on day one).

When the transaction price of the instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, The Group recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is not recognised at the initial recognition stage.

(xi) Derivative Financial Instruments

The Group holds derivative financial instruments to hedge its foreign currency and interest rate risk exposures. Embedded derivatives are separated from the host contract and accounted for separately if certain criteria are met.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/loss is recognised in the statement of profit and loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the statement of profit and loss depends on the nature of the hedge relationship.

The Group designates certain derivatives as hedging instruments to hedge the variability in cash flows associated with its floating rate borrowings arising from changes in interest rates and exchange rates. At inception of designated hedging relationships.

The Group documents the risk management objective and strategy for undertaking the hedge. The Group also documents the economic relationship between the hedged item and the hedging instrument, including whether the changes in cash flows of the hedged item and hedging instrument are expected to offset each other.

Cash flow hedges

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognised in OCI and accumulated in the other equity under 'effective portion of cash flows hedges'. The effective portion of changes in the fair value of the derivative that is recognised in OCI is limited to the cumulative change in fair value of the hedged item, determined on a present value basis, from inception of the hedge. Any ineffective portion of changes in fair value of the derivative is recognised immediately in profit or loss.

The Group designates only the change in fair value of the spot element of forward exchange contracts as the hedging instrument in cash flow hedge relationships change in fair value of the forward element of the forward exchange contracts ('forward points') is separately accounted for as cost of hedging and recognised separately within equity.

If a hedge no longer meets the criteria for hedge accounting or the hedging instrument is sold, expires, is terminated or is exercised, then hedge accounting is discontinued prospectively. If the hedged future cash flows are no longer expected to occur, then the amounts that have been accumulated in other equity are immediately reclassified to profit or loss.

2.8 Cash and cash equivalents

Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value. They are held for the purposes of meeting short-term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short- term deposits, as defined above.

2.9 Property, plant and equipment

Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, (if any). The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

M M NISSIM & CO LLP
FRN : 107122W / W100672
MUMBAI
CHARTERED ACCOUNTANTS

Capri Global Capital Limited
Mumbai

Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress.

Depreciation

Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

ROU assets are depreciated from the date of commencement of the lease on a straight-line basis over the shorter of the lease term and the useful life of the underlying asset.

2.10 Intangible assets

An intangible asset is recognised only when its cost can be measured reliably, and it is probable that the expected future economic benefits that are attributable to it will flow to The Group.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

The useful lives of intangible assets are assessed to be either finite or infinite. Intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year-end.

Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortisation period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is presented as a separate line item in the statement of profit and loss. Amortisation on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of Profit and Loss from / upto the date of acquisition/sale.

Amortisation is calculated using the straight–line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortised on a straight-line basis over a period of 3 years, unless it has a shorter useful life.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

Intangible assets not ready for the intended use on the date of Balance Sheet are disclosed as "Intangible under development"

2.11 Provisions

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the Statement of Profit and Loss net of any reimbursement.

2.12 Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of The Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

2.13 Earning Per Share

The Group reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

2.14 Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

(i) Defined employee benefit assets and liabilities - Refer 2.5(ii)

(ii) Impairment of loans portfolio - Refer 2.7(viii)

(iii) Effective Interest Rate (EIR) method - Refer 2.4(i) and 2.5(i)

(iv) Lease accounting - Refer 2.5(iii)

(v) Impairment test of non-financial assets - Refer 2.5(v)

(vi) Useful life of property, plant, equipment and intangibles - Refer 2.9 & 2.10

(vii) Provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions - Refer 2.5(vi)

(viii) Recognition and Measurement of Provision and Contingencies - Refer 2.11 and 2.12

(ix) Determination of the fair value of financial instruments - Refer 2.7(x)

(x) Business Model Assessment - Refer 2.7(i)

2.15 Recent accounting pronouncements

The Ministry of Corporate Affairs (MCA) on 31st March 2023 through Companies (Indian Accounting Standards) Amendment Rules, 2023 has notified the following amendments to IND AS which are applicable for the annual periods beginning on or after 1st April, 2023.

Indian Accounting Standard (Ind AS) 1 – Presentation of financial statements – This amendment requires The Group to disclose its material accounting policies rather than their significant accounting policies.

The Group will carry out a detailed review of accounting policies to determine material accounting policy information to be disclosed going forward.

The Group does not expect this amendment to have any material impact in its financial statements.

Indian Accounting Standard (Ind AS) 8 – Accounting Policies, Changes in Accounting Estimates and Errors – This amendment has changed the definition of a "change in accounting estimates" to a definition of "accounting estimates". The amendment clarifies how companies should distinguish changes in accounting policies from changes in accounting estimates.

The Group does not expect this amendment to have any material impact in its financial statements.

Indian Accounting Standard (Ind AS) 12 – Income taxes – This amendment has done away with the recognition exemption on initial recognition of assets and liabilities that give rise to equal and offsetting temporary differences.

The Group does not expect this amendment to have any material impact in its financial statements.

Note 3 - Cash and cash equivalents

(₹ in millions)

Particulars	As at March 31, 2023	As at March 31, 2022
Cash on hand	164.66	14.88
Cheques on hand	27.58	8.81
Balances with banks:		
- In Current Accounts	3,223.26	1,101.37
- Fixed deposits with original maturity of 3 Months or less	11,352.23	2,100.00
Total	**14,767.73**	**3,225.06**

Note 4 - Bank balances other than cash and cash equivalents

(₹ in millions)

Particulars	As at March 31, 2023	As at March 31, 2022
Earmarked balances with banks		
- Original Maturity more than 3 months	334.88	305.94
- Unclaimed Dividend Account	0.19	0.21
Total	**335.07**	**306.15**

Out of the above ₹ 320.46 Millions (March 31, 2022 - ₹ 200.51 Millions) balance in deposit accounts with banks are being earmarked towards Borrowings from National Housing Bank , overdraft facilities, bank guarantee and against customer advance.
Deposits are made for varying period from 10 days to 10 years and earn interest from 4.90% to 7.70% p.a.

Note 5 - Receivables

(₹ in millions)

Particulars	As at March 31, 2023	As at March 31, 2022
Secured, considered good		
-Outstanding for a period exceeding six months from the due date of payment of payment	-	-

Securities premium
Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

General reserve
Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Holding Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

Statutory Reserve pursuant to Section 45-IC of the RBI Act, 1934
Every non-banking financial company is required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year as disclosed in the statement of profit and loss before any dividend is declared.

Statutory Reserve pursuant to Section 29C of the National Housing Bank Act, 1987
Every housing finance institution which is a company shall create a reserve fund and transfer therein a sum not less than twenty per cent of its profit every year as disclosed in the profit and loss account and before any dividend is declared. Explanation - A housing finance institution creating and maintaining any special reserve in terms of clause (viii) of sub-section (1) of section 36 of the Income-tax Act, 1961 (43 of 1961) may take into account any sum transferred by it for the year to such special reserve for the purposes of this sub-section. For the previous comparative periods, company has maintained transfer to statutory reserve on profit calculated under erstwhile GAAP.

Employee Stock Option Reserve
This reserve is used to record the employee stock options which are outstanding. The said reserve will be utilised for issuance of share to the eligible employees.

Rights Issue
During the year, the Holding Company has allotted 3,03,15,789 equity shares of face value of ₹ 2/- each ("Rights Equity Shares") at a premium of ₹ 473/- per share aggregating up to ₹ 14,400 millions in accordance with the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements), 2018, as amended, and various applicable circulars that have been issued by the Securities and Exchange Board of India ("SEBI") from time to time.
The total expenses on rights issue ₹ 71.31 millions has been adjusted against securities Premium.

The object of the Issue is to augment the capital base of the Holding Company. The net proceeds to be utilised to meet the future capital requirements, which are expected to arise out of growth of Holding Company's business and assets, including but not limited to, onward lending under Holding Company's four lending vertical viz; MSME loans, construction finance loans, Indirect lending and gold loans, ensuring compliance with applicable regulatory requirements, payment of operating expenditure and funding growth opportunities for the above verticals

Total shares issued and subscribed (nos.)	Proceeds received from rights issue	Expenses incurred related to rights issue	Net proceeds available for utilisation	Utilised till March 31, 2023	Balance unutilised balance as on March 31, 2023
30,315,789	14,400.00	110.00	14,290.00	2,039.19	12,250.81

The balance net proceeds will be utilised by financial year 2024

Note 34 - Income Taxes relating to continuing operations

1. Income Tax recognised in statement of profit and loss:

(₹ in millions)

Particulars	For the year ended March 31, 2023	For the year ended March 31, 2022
Current Tax		
In respect of the current year	653.96	779.55
In respect of prior years	(11.25)	5.80
	642.71	**785.35**
Deferred Tax		
In respect of the current year	(6.41)	(109.53)
	(6.41)	**(109.53)**
Total Income tax expense recognised in the current year relating to continuing operations	**636.30**	**675.82**

2. Reconciliation of income tax expense for the year:

(₹ in millions)

Particulars	For the year ended March 31, 2023	For the year ended March 31, 2022
Consolidated Profit Before tax	**2,682.84**	**2,726.23**
Total tax expense (As per P&L)		
- Current tax	653.96	779.55
- Deferred tax	(6.41)	(109.53)
- Tax Pertaining to earlier Years	(11.25)	5.80
Total Tax Expenses	**636.30**	**675.82**
Effective tax rate	**24.14%**	**24.58%**
Adjustments of allowable and non-allowable income and expenses:		
Effect on Effective Tax rate due to permanent difference		
a) Non allowability of Claim of CSR, Other Expenses & Special Reserve	94.37	50.12
b) Difference due to Tax Rate of STCG & LTCG	16.02	146.41
c) Deferred Tax Assets/MAT credit reversal u/s 115JB	(11.25)	(8.08)
Total of items affecting tax rate	**99.14**	**188.45**

3. Reconciliation of income tax rate is as follows:

(In %)

Particulars	For the year ended March 31, 2023	For the year ended March 31, 2022
Normal Tax Rate	22.00	22.00
Surcharge (@ 10% of Normal Tax Rate)	2.20	2.20
Education cess (including secondary and higher education cess)		
Health and Education Cess	0.97	0.97
Total Tax Rate	**25.17**	**25.17**
Tax Impact on Non allowability of Claim of CSR, Other Expenses & Special Reserve	(0.89)	(0.46)
Tax Impact on Capital Gain on sale of shares, mutual funds, interest, Property etc.	(0.05)	(0.43)
Tax Impact on Deferred Tax Assets/MAT credit Reversal u/s 115JB	(0.42)	0.30
Effective Tax Rate	**23.81**	**24.58**

Note 35 - Deferred Tax

The following table shows deferred tax recorded in the balance sheet and changes recorded in the Income tax expense:

(₹ in millions)

Particulars	Deferred Tax Assets As at March 31, 2022	Income Statement 2022-23	OCI 2022-23	Deferred Tax Assets As at March 31, 2023
Deferred Tax Assets:				
Provision for Employee Benefits	15.21	14.51	-	29.73
Depreciation	24.25	14.91	-	39.16
Impairment allowance for financial assets	359.09	105.83	-	464.91
Unmortised fees on loans	4.21	(2.66)	-	1.55
Others	7.11	25.35	-	32.46
Interest Income on NPA	-	66.56	-	66.56
Deferred Tax Liabilities:				
Financial Instruments at FVTPL	0.76	(1.79)	-	(1.04)
Unmortised fees on borrowings	(1.40)	0.70	-	(0.69)
Gain on derecognition of financial instruments*	(42.40)	(114.15)	-	(156.55)
Deferred Tax Assets (net)	**366.83**	**109.27**	**-**	**476.09**

*As per Ind AS 109 'Financial Instruments', on derecognition of loans, the Group recognise difference between the carrying amount (measured at the date of derecognition) and consideration received (including new asset obtained less any new liability assumed) as gain in Statement of profit and loss account. Such gain recognised on derecognition of loans is not a real income as per Income tax Act, 1961, hence is offered to tax over the tenure of loans. Accordingly, deferred tax liability has been created on the Spread receivable on assigned portfolio (Co-lending portfolio).

(₹ in millions)

Particulars	Deferred Tax Assets As at March 31, 2021	Income Statement 2021-22	OCI 2021-22	Deferred Tax Assets As at March 31, 2022
Deferred Tax Assets:				
Provision for Employee Benefits	12.63	2.58	-	15.21
Depreciation	22.95	1.30	-	24.25
Impairment allowance for financial assets	195.69	163.39	-	359.08
Unmortised fees on loans	18.08	(13.88)	-	4.20
Others	8.03	(0.91)	-	7.12
MAT Credit Entitlement	8.08	(8.08)	-	-
Deferred Tax Liabilities:

Capital Management

The primary objectives of the Group's capital management policy are to ensure that the Group complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholders value. The Group manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. Capital Management Policy, objectives and processes are under constant review by the Board.

Note 37 - Change in liabilities arising from financing activities

(₹ in millions)

*includes the effect of amortisation of borrowing cost, interest accrued on borrowings, conversation factor of derivative instruments.

Note 38 - Fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions , regardless of whether that price is directly observable or estimated using a valuation technique.

Ind AS 109, 'Financial Instrument - Disclosure' requires classification of the valuation method of financial instruments measured at fair value in the balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair-value-hierarchy under Ind AS 107 are described below:

38.1 Financial instruments by category

(₹ in millions)

38.2 Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

(₹ in millions)

Financial assets and liabilities measured at fair value - recurring fair value measurements	Notes	Carrying Amount	Fair Value

Total financial liabilities		**52,005.78**	-	**4,452.63**	**47,444.90**	**51,897.53**

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the- counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

Short-term financial assets and liabilities For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include cash and cash equivalents, trade receivables, balances other than cash and cash equivalents and trade payables without a specific maturity.

Note 39.1. Risk Disclosures

Group's risk is managed through an integrated risk management framework, including ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Group's continuing profitability and each individual within the Group is accountable for the risk exposures relating to his or her responsibilities. The Group is exposed to credit risk, liquidity risk and interest rate risk. It is the Group's policy to ensure that a robust risk awareness is embedded in its organisational risk culture.

39.2. Credit risk

Credit risk is the risk that the Group will incur a loss because its customers or counterparties fail to discharge their contractual obligations. The Group manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties.

39.2.1 Impairment assessment

39.2.1.1 Exposure at Default

The Exposure at Default is an estimate of the exposure at a future default date including the undrawn commitments. EAD is taken as the gross exposure under a facility upon default of an obligor. The principal outstanding, overdue principal, accrued interest, overdue interest less excess received from the customers is considered as EAD for the purpose of ECL computation.

The advances have been bifurcated into following three stages:
Stage 1 – All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Group classifies all standard advances and advances up to 0-30 days default under this category. Stage 1 loans also include facilities where the credit risk has reduced and the loan has been reclassified from Stage 2.

Stage 2 – All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. Financial assets past due for 31 to 90 days are classified under this stage. Stage 2 loans also include facilities where the credit risk has reduced, and the loan has been reclassified from Stage 3.

Stage 3 – All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, a lifetime ECL is recognised and interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. more than 90 days Past Due is considered as default for classifying a financial instrument as credit impaired.

39.2.1.2 Significant increase in credit risk

The Group continuously monitors all assets subject to ECLs. In order to determine whether an instrument or a portfolio of instruments is subject to 12 months ECL or lifetime ECL, the Group assesses whether there has been a significant increase in credit risk since initial recognition. The Group considers an exposure to have significantly increased in credit risk if contractual payments are more than 30 days past due.

39.2.1.3 Definition of default and cure

The Group considers a financial instrument defaulted and therefore Stage 3 (credit impaired) for ECL calculations in all cases when the borrower becomes more than 90 days past due on its contractual payments.

As a part of a qualitative assessment of whether a customer is in default, the Group also considers a variety of instances that may indicate inability to pay. When such events occur, the Group carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate. Such events include:

a) Significant financial difficulty of the borrower or issuer;
b) A breach of contract such as a default or past due event;
c) The restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise; or
d) It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation

It is the Group's policy to consider a financial instrument as 'cured' and therefore re-classified out of Stage 3 when the borrower makes necessary payments & the borrower is not 90 days past due after such payments. The decision whether to classify an asset as Stage 2 or Stage 1 once cured depends on the updated credit grade, at the time of the cure, and whether this indicates there has been a significant increase in credit risk compared to initial recognition.

39.2.1.4 Probability of Default ("PD") estimation process

Probability of default ("PD") is defined as the likelihood of default over a particular time horizon. The PD of an obligor is a fundamental risk parameter in credit risk analysis and depends on obligor specific as well as macroeconomic risk factors.

a) The Group has applied 12 months PD to stage 1 advances
b)The Lifetime PD is computed using basic exponentiation technique after considering the residual maturity of the respective loan.
c) PD of 100% is considered for Stage 3 assets.

Days past due are a primary input for the determination of the PD for exposures. The Group collects performance and default information about its credit risk exposures analysed by portfolio. For some portfolios, rating based published information is used.

The Group employs statistical models to analyse the data collected and generate estimates of the remaining lifetime PD of exposures and how these are expected to change as a result of the passage of time. Such statistical models are selected considering the availability of information related to the probability of default for each product. This analysis includes the identification and calibration of relationships between changes in default rates and changes in key macro-economic factors.

For the purpose of determination of impact of forward looking information, the Group applies various macro economic (ME) variables as stated above to each portfolio and assess the trend of the historical probability of defaults as compared to the forecasted probability of default. Based on the directional trend of output, management applies an overlay if required. Overtime, new ME variable may emerge to have a better correlation and may replace ME being used now.

The loans are segmented into homogenous product categories to determine the historical PD/LGD as per similar risk profiles, this segmentation is subject to regular review For portfolios in respect of which the Group has limited historical data, external benchmark information is used to supplement the internally available data.

The Group does not have any historic data of default in case of Gold Loan portfolio, so it has relied upon the published data of competitors

39.2.1.5 Loss Given Default ("LGD")

Loss Given Default ("LGD") is defined as the loss rate on the exposure, given the borrower has defaulted. LGD is being calculated for all financial instruments under risk parameter approach by way of evaluation of historical data on defaults, recovery amounts, collateral liquidation, direct expenses, and opportunity cost for each default. LGD has been computed using the volatility-based model in case of Gold Loan portfolio.

39.2.1.6 Forward looking information

in its EGL models, the Group relies on a broad range of forward looking information as economic inputs, such as. GDP growth, Consumer Price Index, Unemployment rate, Lending Interest Rate etc The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. To reflect this, qualitative adjustments or overlays are occasionally made as temporary adjustments when such differences are significantly material

During the current year, the Group has made refinement in the ECL model and said changes have been updated in the ECL policy which is duly approved by the audit committee.

39.2.3 Collateral and other credit enhancements

The Group holds collateral and other credit enhancements against certain of its credit exposures. The loans are collateralized against equitable mortgage of property, pledge of shares, hypothecation of assets, physical gold jewellery, undertaking to create security.
Management monitors the market value of collateral and will request additional collateral in accordance with the underlying agreement. In case of defaults by customers, where the Group is unable to recover the dues, the Group through a legal process enforces the security and recovers the dues.

39.3. Liquidity risk and funding management

Liquidity risk is defined as the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Group might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances. Such scenarios could occur when funding needed for illiquid asset positions is not available to the Group on acceptable terms. To limit this risk, management has arranged for diversified funding sources and adopted a policy of managing assets by monitoring future cash flows and liquidity on a daily basis.

Liquidity risk is managed in accordance with our Asset Liability Management Policy. This policy is framed as per the current regulatory guidelines and is approved by the Board of Directors. The Asset Liability Management Policy is reviewed periodically to incorporate changes as required by regulatory stipulation or to realign the policy with changes in the economic landscape. The Asset Liability Committee (ALCO) of the Group formulates and reviews strategies and provides guidance for management of liquidity risk within the framework laid out in the Asset Liability Management Policy.

The table below summarises the maturity profile of the undiscounted cash flow of the Group's financial liabilities:

39.4. Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments. The core business of the Group is providing loans to MSME Construction Finance, Indirect Lending and Housing Finance. The Group borrows through various financial instruments to finance its core lending activity. These activities expose the Group to interest rate risk.

Interest rate risk is measured through earnings at risk from an earnings perspective and through duration of equity from an economic value perspective. Further, exposure to fluctuations in interest rates is also measured by way of gap analysis, providing a static view of the maturity and re-pricing characteristic of Balance sheet positions. An interest rate sensitivity gap report is prepared by classifying all rate sensitive assets and rate sensitive liabilities into various time period categories according to contracted/behavioural maturities or anticipated re-pricing date. The difference in the amount of rate sensitive assets and rate sensitive liabilities maturing or being re-priced in any time period category, gives an indication of the extent of exposure to the risk of potential changes in the margins on new or re-priced assets and liabilities. The interest rate risk is monitored through above measures on a quarterly basis.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being considered as constant) of the Group's statement of profit and loss and equity.

(₹ in millions)

Currency	Increase / (decrease) in basis points	Sensitivity of profit or loss		Sensitivity of equity	
	2021-22				
Loans (₹)	50 Basis point Up	Impact on Profit before Tax	429.65	Impact on equity	321.15

	25 Basis point Down		120.73		90.34
	50 Basis point Down		241.46		180.68

Operational Risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Group cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include maker-checker controls, effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, such as the use of internal audit.

Capital Management :

Group's capital management objective is primarily to safeguard business continuity. The Group's capital raising policy is aligned to macro economic situation and incidental risk factors. The Group's cashflows are regularly monitored in sync with annual operating plans and long-term and other strategic investment plans. The operational funding requirements are met through debt and operating cash flows generated. The Group believes this approach would create shareholder value in long run. Also, the Group has adopted a conservative approach for ALM management with primacy to adequate liquidity. At present a large portion of the Group's resource base is equity. Therefore the Group enjoys a low gearing.

The Group maintains its capital structure in line with economic conditions and the risk characteristics of its activities and the board reviews the capital position on a regular basis.

Gearing ratio :

(₹ in millions)

Particulars	As at March 31, 2023	As at March 31, 2022
The gearing ratio at each date were as follows :		
Debt (I)	77,041.66	48,570.24
Cash and bank balances (II) (refer note 3)	14,767.73	3,225.06
Net debt (I - II)	**62,273.92**	**45,345.18**
Total equity	**35,654.66**	**19,224.71**
Net debt to equity ratio	**1.75**	**2.36**

* Debt includes debt securities, borrowings and lease liabilities.

Note 40A- Defined Contribution Plan

The Group's state governed provident fund scheme are defined contribution plan for its employees. The Contribution by the employer and employee together with interest accumulated there on are payable to the employee at the time of separation from Group or retirement whichever is earlier. The benefit vests immediately on rendering of services by the employee.

(₹ in millions)

Particulars	As at March 31, 2023	As at March 31, 2022
Employer's contribution to provident fund	163.93	57.61
Employer's contribution to National Pension Scheme	4.17	2.98
Total	**168.10**	**60.59**

Note 40B- Defined Benefit Plan

The Group has a defined benefit gratuity plan in India (funded). The Group's defined benefit gratuity plan is a final salary plan for its employees, which requires contributions to be made to a separately administered fund. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at separation/retirement. The fund has the form of a trust and it is governed by the Board of Trustees, which consists of an equal number of employer and employee representatives. The Board of Trustees is responsible for the administration of the plan assets and for the definition of the investment strategy.

The following table sets out the status of the Defined Benefit Gratuity Plan as per the actuarial valuation by the independent Actuary appointed by the Group:

Principal assumptions used for the actuarial valuations are as follows:

Maturity analysis of benefit payments

(₹ in millions)

Projected benefits payable in future years from the date of reporting	As at March 31, 2023	As at March 31, 2022
1st following year	12.40	9.20
2nd following year	11.72	9.18
3rd following year	10.19	9.05
4th following year	10.19	7.32
5th following year	10.10	6.98
Sum of Years 6 To 10	32.93	18.22
Sum of Years 11 and above	26.40	7.63

The estimates of future salary growth, factored in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market. Such estimates are very long term and are not based on limited past experience / immediate future. Empirical evidence also suggests that in very long term, consistent high salary growth rates are not possible. The said estimates and assumptions have been relied upon by the auditors.

Sensitivity analysis

(₹ in millions)

Particulars	As at March 31, 2023	As at March 31, 2022	As at March 31, 2023	As at March 31, 2022
Sensitivity level	1% increase	1% increase	1% decrease	1% decrease
Impact on defined benefit obligation (in ₹)				
1) Discount rate	(3.17)	(1.78)	3.47	1.92
2) Future salary increases	3.11	1.85	(2.94)	(1.77)
3) Employee turnover	(0.98)	(0.51)	1.03	0.52

Note :

-The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

-The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

-Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

-There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

Note 42 - Segment Information (IND-AS 108)

Operating Segment:

The Group operates mainly in the business segment of fund based financing activity. All other activities revolve around the main business. Further, all activities are carried out within India. As such, there are no separate reportable segments as per the provisions of IND AS 108 on 'Operating Segments'.

Note 43 - In Accordance with IND AS - 33 Earnings Per Share

The computation of earning per share is set out below:

Particulars			For the year ended March 31, 2023	For the year ended March 31, 2022
Net Profit after tax as per Statement of Profit and Loss	(A)	(₹ in millions)	2,046.54	2,050.41
Weighted average number of equity shares for calculating Basic EPS	(B)	Nos.	184,990,406	183,575,044
Weighted average number of equity shares for calculating Diluted EPS	(C)	Nos.	187,098,040	185,553,681
Basic earnings per equity share (Face value of ₹ 2/- per share)	(A)/(B)	₹	11.06	11.69
Diluted earnings per equity share (Face value of ₹ 2/- per share)	(A)/(C)	₹	10.94	11.56

Particulars		For the year ended March 31, 2023	For the year ended March 31, 2022
Weighted average number of equity shares for calculating EPS	Nos.	184,990,406	183,575,044
Add : Equity shares for no consideration arising on grant of stock options under ESOP	Nos.	2,107,634	1,978,637
Weighted average number of equity shares in calculation of diluted EPS	Nos.	187,098,040	185,553,681

Note 44 - Leases

The changes in the carrying value of ROU assets are as follows:

(₹ in millions)

Particulars	As at March 31, 2023	As at March 31, 2022
Gross carrying value		
Balance as at the beginning of the Year	**352.94**	**296.79**
Additions/Modifications	1,885.98	93.90
Terminations	64.46	37.75
Balance as at the end of the Year	**2,174.46**	**352.94**
Accumulated depreciation		
Balance as at the beginning of the Year	129.87	111.15
Depreciation	200.35	42.82
Terminations/modifications	26.98	24.10
Balance as at the end of the Year	303.24	129.87
Net Carrying Value at the end of the Year	**1,871.22**	**223.07**

The following is the movement in lease liabilities during the year:

(₹ in millions)

Particulars	As at March 31, 2022	As at March 31, 2021
Lease liabilities		
Balance as at the beginning of the Year	**248.20**	**211.74**
Additions/Modification	1,815.91	83.23
Terminations/modifications	37.59	16.36
Finance expense	147.62	26.12
Payment of lease liabilities	245.27	56.53
Balance as at the end of the Year	**1,928.87**	**248.20**

The table below provides details regarding the contractual maturities of lease liabilities as at March 31, 2023, on an undiscounted basis:

(₹ in millions)

Tenure	31st March 2023	31st March 2022
Less than 1 year	404.82	20.05
1-3 years	813.06	44.51
3-5 years	733.79	216.40
More than 5 years	1,128.80	31.70
Total	**3,080.47**	**312.66**

The Group has adequate liquidity for payment of lease liabilities. The Group regularly monitor and pays lease rentals on timely manner as per the terms of respective leave and license agreement.

The Group has right to extend lease term as per mutually agreed terms laid down in respective leave and license agreement. The Group takes into account effect of extended lease term while recording the lease assets and lease liabilities accordingly.

510.00	20,000	41		
520.00	10,000	42		

Fair Value Methodology:
The fair value of the shares are measured using Black-Scholes-Merton formula. Measurement inputs include share price on measurement date, exercise date of the instrument, exercise price, expected life, risk free interest rate, dividend yield, expected volatility.

The following table summarizes the assumptions used in calculating the grant date fair value.

Particulars	As at March 31, 2023	As at March 31, 2022
Expected life of the options	2.5 to 5 Years	3 to 5 Years
Expected volatility	40% to 50%	50% to 60%
Dividend yield	0.18% to 0.30%	1%
Risk-free interest rate	7.09% to 7.39%	4.72% to 6.28%

Expected life of the options: Expected life of the options is the period for which the holding company expects the Options to be live. The minimum life of a stock option is the minimum period before which the options cannot be exercised, and the maximum life is the period after which the options cannot be exercised.

Expected volatility: The measure of volatility used in ESOP pricing model is the annualised standard deviation of the continuously compounded rates of return (calculated by log function) on the share over a period prior to the date of grant corresponding to the expected life of the option.

Dividend yield: Dividend Yield has been calculated as an average of dividend yields of six financial years preceding the date of grant. The dividend yield for the year is derived by dividing the dividend per share by the share price as on dividend effective date.

Risk-free interest rate: The rate used to discount employee benefit obligations reflects the estimated timing of benefit payments and the currency in which the benefits are to be paid. We have used the Discount Rate which relates to the par-yield rate available on ZYC Government Securities (G. Sec.) for the tenure of the expected life of options. (Ref: G Sec. rates available through www.fbil.org.in with prices/yields published by FBIL).

The Weighted average market price of the ESOPs exercised during the year is ₹ 722.35 Per share (previous Year ₹ 530.71 Per share)

M M NISSIM & CO LLP CHARTERED ACCOUNTANTS FRN: 107122W/W100672 MUMBAI

Capri Global Capital Limited Mumbai

ESOP cost recognised in the Statement of Profit and Loss for March 31,2022 ₹ 141.75 millions (March 31,2021 ₹ 50.10 millions)

As at March 31, 2023 amount of ₹ 1.61 millions (as at March 31, 2022 ₹ 16.75 millions) being the difference between the exercise price and fair value of the options is receivable from the subsidiary company with which employees are employed.

				157,350.00	**108,413.45**				

*****Amount outstanding include interest accrued but not due.*

Note: Pursuant to the security trustee agreement dated June 30, 2023, and in terms of the borrowings, the Company has hypothecated security by way of first pari-passu charge on the Company's book debts and receivables in the range of 1.10 to 1.33 times of the outstanding amount except the term loan facility sanctioned by NABARD on December 12, 2021 and February 11, 2021, where company has offered exclusive charge to the lender.

Prepayment Penalty: A prepayment or pre-closure charge of up to ~2% (two percent) of the amount being prepaid shall be levied in the event of early repayment, except in certain cases including where such prepayment is made from the Borrower's cash accruals, own sources, or equity infusion amongst others, with a prior written notice to the Lender.

Penalty: Penalty of up to ~2% per annum in case of an overdue portion of the amount for the period of default in case of any delay default in payment of principal or interest or breach of terms and conditions of the loan agreements including non-submission of audited financials, book debt statement, end use certificates, diversion of funds, downgrading of external ratings, asset cover statement etc.

Events of Defaults: The facility documents executed by the Company stipulates certain events as "Events of Default", pursuant to which the Company may be required to immediately repay the entire loan facility availed by it and be subject to additional penalties by the relevant lenders. Such events include, but are not limited to:

a. any information provided by us to the lender is incorrect or untrue;

b. change in the general nature or scope of our business;

c. failure to create and perfect security as envisaged under the borrowing arrangement;

d. occurrence of any event which is likely to prejudice, impair, imperil, depreciate or jeopardize any security or any part thereof;

e. utilization of the loan for any purpose other than the purpose for which it was sanctioned; and

f. an application or a threat to make an application under the Insolvency and Bankruptcy Code, 2016 against our Company by any person.

Re-scheduling: None of the loan documents provides for rescheduling provision.

Events of Default under the financing arrangements:

In terms of the borrowing arrangements entered into by us, the occurrence of any of the following, among others, would constitute an event of default:

a. default in respect of payment of amounts due, in full or in part, under the borrowing arrangement;

b. any information provided by us to the lender is incorrect or untrue;

c. change in the general nature or scope of our business;

d. failure to create and perfect security as envisaged under the borrowing arrangement;

e. occurrence of any event which is likely to prejudice, impair, imperil, depreciate or jeopardize any security or any part thereof;

f. utilization of the loan for any purpose other than the purpose for which it was sanctioned; and

g. an application or a threat to make an application under the Insolvency and Bankruptcy Code, 2016 against our Company by any person.

Restrictive covenants under the financing arrangements:

Borrowing arrangements entered into by us typically contain various restrictive conditions and covenants mandating either the prior written consent and/or an intimation to our lenders.

An indicative list of such covenants is set forth below:

a. any change in the general nature of our business;

b. voluntary winding up, liquidation or dissolution of our affairs;

c. entering into any arrangement whereby our business operations are managed or controlled, directly or indirectly, by any other person;

d. creating any charge, lien or encumbrance over our undertakings or any parts thereof (charged to the lenders) in favour of any financial institution, banks, company, firm or persons except as permitted by the lenders; and

e. approaching the capital market for mobilizing additional resources either in the form of debt or equity.

C. LOANS FROM DIRECTORS AND RELATIVES OF DIRECTORS: Nil

D. EXTERNAL COMMERCIAL BORROWINGS: Nil

SECTION VI – LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION

*Except as disclosed below, there are no outstanding: (a) criminal proceedings; (b) actions by regulatory authorities and statutory authorities (including any show cause notices by such authorities); (c) claims related to direct and indirect taxes; and (d) civil/ arbitration legal proceedings, involving our Company, Subsidiaries, Directors and Promoters (collectively "**Relevant Parties**").*

For the purpose of all civil/ arbitration legal/ tax proceedings in relation to the Relevant Parties, the materiality threshold shall be 5% of the average of the absolute value of the profit/loss after tax as per the Financial Information for the preceding three financial years. Accordingly, the materiality threshold is ₹ 160.43 million

Save as disclosed below, there are no:

i. outstanding criminal proceedings (including matters which are at the first information report stage even if no cognizance has been taken by any court)

ii. outstanding actions (including penalties, show cause notices and any findings/observations or warning letters of any of the inspections by SEBI or any other regulatory authority and all penalties) by statutory and/or regulatory authorities.

iii. pending litigation involving the Company, promoter, director, subsidiaries, group companies or any other person, whose outcome could have material adverse effect on the financial position of the issuer, which may affect the issue or the investor's decision to invest /continue to invest in the debt securities of the Company.

iv. acts of material frauds committed against the Company in the preceding three financial years and current financial year, if any, and if so, the action taken by the Company;

v. pending proceedings initiated against the issuer for economic offences.

vi. litigation or legal action pending or taken by a Government Department or a statutory body or regulatory body during the three years immediately preceding the year of the issue of this Draft Prospectus, against the promoter of the Company.

vii. default and non-payment of statutory dues for the preceding three financial years and current financial year.

viii. Material development or change having implications on the financials/credit quality (e.g. any material regulatory proceedings against the issuer/promoters, litigations resulting in material liabilities, corporate restructuring events etc.) at the time of issue which may affect the issue or the investor's decision to invest /continue to invest in the non-convertible securities; and

ix. any inquiry, inspections or investigations initiated or conducted under the Securities laws or the Companies Act, 2013 or any previous companies law in the last three years immediately preceding the year of issue of this Draft Prospectus in the case of the Company and all of its Subsidiaries; and if there were any prosecutions filed (whether pending or not); fines imposed or compounding of offences done in the last three years immediately preceding the year of this Draft Prospectus for the Company and all of its Subsidiaries.

Further, there are no findings/observations of any inspections by SEBI or any other regulator involving the Relevant Party, which are material, and which need to be disclosed or non-disclosure of which may have bearing on the investment decision in relation to the Issue.

(I) Litigation involving our Company

Litigation against our Company

Criminal proceedings

1. Praveen Khera and Pinky Khera ("**Complainants**") had filed a complaint dated November 21, 2021 ("Complaint") against our Company alleging offences under sections 420, 406, 409, 468, 471, 506 and 120 B of the Indian Penal Code, 1860 for fraudulently increasing the monthly instalments payable by the Complainant and sanctioning an additional loan without the consent of the Complainants. The complaint was dismissed vide an order dated October 13, 2023, passed by Metropolitan Magistrate, Tis Hazari Court, Delhi ("Order"). Subsequently, the Complainants have filed a criminal revision petition dated January 30, 2024,

before the District and Session Judge, Tis Hazari Court, Delhi against the Order requesting that the Order be set aside. The matter is currently pending.

2. Ramesh Chandra Jat ("**Complainant**") has filed a complaint dated October 9, 2024, before the Judicial Magistrate, Kapsan, Rajasthan under sections 351(2), and 351(3) of the Bhartiya Nyaya Sanhita, 2023 against our Company. The Complainant has alleged that our Company had granted a loan to the Complainant's son without his consent. Additionally, the Complainant has alleged that agents of our Company have harassed the Complainant regarding payment of instalments. The matter is currently pending.

3. A first information report was filed by Promod Kumar ("**Complainant**") on June 16, 2022 with the Sector 63 Police Station, Budha Nagar under Section 154 of the Code of Criminal Procedure, 1973 against our Company alleging offenses 120-B, 420, 467, 468, 471 and 504 of the Indian Penal Code, 1860 for fraudulently increasing the monthly instalments payable by the Complainant. The matter is currently pending.

4. A first information report was filed by Jayanti Lal ("**Complainant**") on December 3, 2022 with the Sumerpur Police Station, Pali under Section 154 of the Code of Criminal Procedure, 1973 against a Mr. Jayanti Al and our Company alleging offenses under sections 120-B, 191, 192, 193, 420, 467, 468, 471, and 472 of the Indian Penal Code, 1860 for cheating and forgery by making the Complainant a co-borrower in relation to a loan availed by Jayanti Al from our Company. The matter is currently pending.

5. A first information report was filed by Ami Lal ("**Complainant**") on January 8, 2025 with the Kolayat Police Station, Bikaner, under Section 173 of the Bharatiya Nagarik Suraksha Sanhita, 2023 against Punamchand, Rakesh, Prakash and officers of our Company, alleging offences under sections 3(5), 61(2)(a), 303(2), and 331(23) of the Bharatiya Nayaya Sanhita, 2023 for entering the house of the Complainant without authorization and taking certain ornaments and other items.

6. A first information report was filed by Raju Jatav ("**Complainant**") on March 10, 2025 with the Vaishali Nagar Police Station, Jaipur (West), under Section 173 of the Bharatiya Nagarik Suraksha Sanhita, 2023 against Mr Rajesh Sharma, our Company and others (collectively, the "**Accused**") alleging offences under sections 61(2), 318(4), 336(3), 338, and 340(2) of the Bharatiya Nyaya Sanhita, 2023, forging the signature of the Complainant in relation to the loan facility availed by the Complainant from our Company and for entering the house of the Complainant without authorization and taking certain ornaments and other items. The matter is currently pending.

7. Our Company obtained an order dated August 16, 2019, under Section 14 of the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 ("**SARFAESI Act**") from the District Magistrate to take physical possession of a mortgaged property against M/s. Rushabh Enterprise ("**Borrower**"). The said property was also attached by the Economic Offences Wing ("**EOW**") in proceedings initiated under the Maharashtra Protection of Interest of Depositors (in Financial Establishments) Act ("**MPID Act**"). An application dated December 24, 2024, has been filed by our Company before the Sessions Court under the MPID Act, praying for a stay on the order passed by the District Magistrate to prevent our Company from proceeding further with obtaining physical possession. The said application alleges that the family of the accused is residing in the property, the matter is sub-judice before the court, and possession of the property is with the EOW. The matter is currently pending.

8. Our Company obtained an order dated April 25, 2024, under Section 14 of the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 ("**SARFAESI Act**") from the Chief Judicial Magistrate, Amravati to take physical possession of a mortgaged property against M/s Mahalaxmi Provisions & Ors. ("**Borrower**"). The Borrower has filed a criminal revision petition No. 44/2024 before the District & Sessions Court, Amravati, praying for a stay on and quashing of the order passed by the Chief Judicial Magistrate. The said petition alleges that the Chief Judicial Magistrate lacked jurisdiction to pass the order under the SARFAESI Act and that the order was passed in violation of the principles of natural justice. The petition also highlights that the Borrower has filed a securitization application before the Debts Recovery Tribunal, Pune, rendering the matter sub-judice. The matter is currently pending.

9. Our Company is the complainant in proceedings initiated under Section 138 of the Negotiable Instruments Act, 1881, against Ashutosh Mahindru ("**Borrower**"). The Borrower filed an application before the trial court seeking a stay of these proceedings, which was dismissed by the trial court vide an order dated September 25, 2024. The Borrower has filed two separate criminal miscellaneous petitions under Section 482 of the Code of Criminal Procedure ("**CrPC**") before the High Court of Punjab and Haryana, praying for the quashing of the trial court's orders. The said petitions allege that since an interim moratorium has been declared against the Borrower under sections 96 and 101 of the Insolvency and Bankruptcy Code, 2016 ("**IBC**") in separate proceedings initiated by another financial institution, the criminal proceedings under the

NI Act are liable to be stayed. The High Court, vide interim orders dated January 15, 2025, and February 03, 2025, has stayed the passing of the final order by the trial court. The matters are currently pending.

Actions taken by Regulatory and Statutory Authorities against the Company

There are no outstanding actions initiated by regulatory and/ or statutory authorities against our Company as on the date of this Draft Prospectus.

Material civil proceedings

Nil

Recovery proceedings under the SARFAESI Act

Various parties (collectively, the "**Petitioners**") have challenged the actions of auctioning the mortgaged property, taking possession of the mortgaged property, among others, taken by our Company under the SARFAESI Act against the Petitioners. The Petitioners have filed 242 applications before the Debt Recovery Tribunal and High Courts of various jurisdictions, under Section 17 of the SARFAESI Act, contesting the action of our Company in claiming rights over the mortgaged property and seeking restraining orders against the actions initiated by our Company against the Petitioners. The total pecuniary value involved in these matters' aggregates to ₹ 1,239.44 million, along with interest and these are currently pending at various stages of adjudication.

Other material litigations

A provisional attachment order dated August 2, 2022, was issued by the enforcement directorate ("**ED**") attaching property in possession of our Company and an original complaint ("**OC**") was filed before the Adjudicating Authority, PMLA, New Delhi which was confirmed by order dated January 27, 2023. Our Company filed a petition dated March 1, 2023, submitting that our Company was in possession of the property pursuant to proceedings under SARFAESI Act, 2002 with respect to loan advanced to certain borrowers ("**Borrowers**"). The ED has filed a reply dated February 28, 2024, stating that the action taken by the ED is against the property and not against our Company and that our Company has no involvement in the offence of money laundering committed by the Borrowers. The matter is currently pending.

Litigation by our Company

Criminal Proceedings

20. Our Company has filed a first information report dated August 8, 2023 with the Bisrakh Police Station, Gautam Budha Nagar under Section 154 of the Code of Criminal Procedure, 1973 against Ram Kishore Awasthi, Yashodha Devi, Isha, Chinki, Priya, and Girish Tomar (collectively, the "**Accused**"), alleging offences under sections 147, 148, 186, 309, 332, 352 and 504 of the Indian Penal Code, 1860, for behaving inappropriately with our Company officials and creating hinderances at the time of attempting physical possession after possession was granted to our Company. The matter is currently pending.

21. Our Company has filed a first information report dated December 8, 2024 with the Old City Police Station, Ahmednagar under Section 173 of the Bharatiya Nagarik Suraksha Sanhita, 2023 against Jitesh Batra, Jatin Batra and Jogendra Batra (collectively, the "**Accused**"), alleging offences under sections 3(5) and 329(4) of the Bharatiya Nyaya Sanhita, 2023, for breaking the locks, trespassing and causing damage to the property in possession of our Company by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

22. Our Company has filed a first information report dated February 4, 2025 with the Jodhewal Police Station, Ludhiana under Section 173 of the Bharatiya Nagarik Suraksha Sanhita, 2023 against Pradeep Yadav, Pramod Yadav, Poonam Yadav and Raj Dev Yadav (collectively, the "**Accused**"), alleging offences under sections 34, 447, 448 and 453 of the Indian Penal Code, 1860, for breaking the locks and trespassing into the property

in possession of our Company by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

23. Our Company has filed a first information report dated June 10, 2024 with Kalwad Police Station, Jaipur West, against Ramniwas Chaudhary, and Vimla Devi (collectively, the "**Accused**"), alleging offences under sections 120-B and 452 of the Indian Penal Code, 1860, for breaking the locks and trespassing into the property in possession of our Company by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

24. Our Company has filed a first information report dated December 3, 2024 with the Old City Police Station, Akola under Section 173 of the Bharatiya Nagarik Suraksha Sanhita, 2023 against Avinash Satendranath Chauhan, Gopal Satendranath Chauhan and Satendranath Rathunath Chauhan (collectively, the "**Accused**"), alleging offences under sections 3(5), 115(2), 223, 329(4) and 352 of the Bharatiya Nyaya Sanhita, 2023, for breaking the locks and trespassing into the property in possession of our Company by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

25. Our Company has filed a first information report dated September 14, 2018 with the Civil Lines Police Station, Gurgaon under Section 154 of the Code of Criminal Procedure, 1973 against Kaushik Chatterjee, Zillion Infraprojects Private Limited, Anant Saxena and Raman Puri (collectively, the "**Accused**"), alleging offences under sections 34, 120-B, 406, 408 and 420 of the Indian Penal Code, 1860, for cheating and breach of trust in relation to the loan facility availed by the Accused by forging documents and using the loan for purposes other than for which it was sanctioned for.

26. Our Company has filed a first information report dated August 20, 2019 with the Civil Lines Police Station, Gurgaon under Section 154 of the Code of Criminal Procedure, 1973 against Kaushik Chatterjee, M/s. M S Hotel through its proprietor Shankar Parwani, Varsha Parwani, Dipesh Parwani, Vrishab Parawani and Riddhi Siddhi Mobiles (collectively, the "**Accused**"), alleging offences under sections 34, 120-B, 406, 408 and 420 of the Indian Penal Code, 1860, for cheating and breach of trust in relation to the loan facility availed by the Accused by forging documents, using the loan for purposes other than for which it was sanctioned for, and by not disclosing material facts regarding the mortgaged property.

27. Our Company has filed a first information report dated November 23, 2017 with the Civil Lines Police Station, Gurgaon under Section 154 of the Code of Criminal Procedure, 1973 against Haji Aiyyubbhai Ibrahimbhai Kapadia as an individual and as a Proprietor of M/s. Al-Fateh Tours Travels, Hajiyani Sabina Kapadia and Hakim Shaikh (collectively, the "**Accused**"), alleging offences under sections 34, 120-B, 406, 467, 468, 471 and 420 of the Indian Penal Code, 1860, for cheating and breach of trust in relation to the loan facility availed by the Accused by forging documents regarding the mortgaged property.

28. Our Company has filed a first information report dated July 26, 2024 with the Bandikui Police Station, Dausa under Section 173 of the Bharatiya Nagarik Suraksha Sanhita, 2023 against Rahul Saini (the "**Accused**") alleging offences under sections 324(4), 324(5) and 329(4) of the Bharatiya Nyaya Sanhita, 2023, for breaking the locks and trespassing into the property in possession of our Company by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

29. Our Company has filed a first information report dated October 18, 2024 with the Siroli MIDC Police Station, Kolhapur, under Section 173 of the Bharatiya Nagarik Suraksha Sanhita, 2023, against Ranjit Suresh Jadhav (the "**Accused**"), alleging offences under sections 324(4), 324(5), 329(3), 329(4), and 3(5) of the Bharatiya Nyaya Sanhita, 2023, for breaking the lock and unlawfully trespassing into the property in possession of our Company by virtue of non-payment of loan instalments on the mortgage facility availed by the Accused. The matter is currently pending

30. Our Company has filed a first information report dated May 14, 2025, with the Dausa Police Station, Kolwa under Section 173 of the Bharatiya Nagarik Suraksha Sanhita, 2023 against Ratanlal Parsad, Bhagwati Parsad, Rameshwari Devi, Surendra Kumar and Revendra Kumar (collectively, the "Accused") alleging offences under sections 189(2), 331(1) and 331(2) of the Bharatiya Nyaya Sanhita, 2023, for breaking the locks and trespassing into the property in possession of our Company by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

31. Our Company has submitted a complaint with the Hon'ble Chief Judicial Magistrate, First Class, Sehore, on January 22, 2025, against Gaurav Tyagi Harinarayan, Magta Tyagi, Kamna Tyagi and Gautam Tyagi (collectively, the "**Accused**") alleging offences under sections 329 and 330 of the Bharatiya Nyaya Sanhita, 2023 and the Contempt of Courts Act, 1971, for breaking the locks and trespassing into the property in possession of our Company by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

32. Our Company has filed a first information report dated November 24, 2022, with the Khadakvasla Police Station, Pune City under Section 154 of the Code of Criminal Procedure, 1973, against Prabhakar Bhau Sathe and Rakhi Sushil Sathe, (collectively, the "**Accused**") alleging offences under sections 34, 447 and 448 of the Indian Penal Code, 1860, for breaking the locks and trespassing into the property in possession of our Company by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

33. Our Company has filed a Criminal Revision Application dated June 20, 2025 before the Hon'ble Sessions Court, Thane, under Section 438 of the Bharatiya Nagarik Suraksha Sanhita, 2023, against an order dated May 19, 2025 of the Learned Judicial Magistrate (First Class), Thane, directing Shreenagar Police Station to register a first information report against our Company. The said order was passed pursuant to a complaint filed by Mr. Kalpesh N. Dharmshi in relation to a loan facility of ₹450.00 million availed from our Company in 2016, which upon default, was classified as a non-performing asset in accordance with RBI guidelines. Enforcement proceedings were initiated under the SARFAESI Act, 2002 and the mortgaged property was sold in auction in May 2022 to Wirmon Solar Power LLP. The Complainant has alleged, inter alia, fraud in execution of loan documents, wrongful classification of his account as NPA during the Covid-19 moratorium, and irregularities in the auction process. The matter is currently pending.

34. Our Company filed a complaint before the Ld. District Judge, Ludhiana. The accused include M/s Yadav Fabrics, its proprietor Mr. Raj Dev Yadav, Mr. Pardeep Kumar, Mrs. Asha ("**Accused**") alleging offence under sections 447, 448, 453, 34 of the Indian Penal Code, 1860. The allegations are that by defaulting on an MSME Term Loan Against Property of ₹ 1.72 million the accused then resorted to criminal breaches by trespassing and breaking into the mortgaged property. The complaint asserts that this unlawful entry occurred after the property had been repossessed under the SARFAESI Act, 2002 and despite the existence of court orders, thereby amounting to criminal breach of trust and cheating. The matter is currently pending.

35. Our Company filed a Complaint Petition in 2025 before the Hon'ble Judicial Magistrate First Class, Bhopal, ("the **Complaint**") against M/s Nalini Plastic and Electrical Goods, Mr. Suhas Agnihotri, Smt. Kiran Agnihotri, and Mr. Suresh Vishwanath Agnihotri ("**Accused**") alleging offence under sections 61(2), 316(2), 318(4), 336(3), 338, 340(2)/ 3(5) of the Bharatiya Nyaya Sanhita, 2023,in relation to a housing loan facility of ₹ 2.28 million availed by the Accused in 2018. The Accused defaulted in repayment of installments and did not respond to any communications from us. A Subsequent inspection revealed that the mortgaged property was under the ownership and possession of other persons for several years. Our Company has alleged that it has suffered financial loss since the Accused acted in collusion by using fabricated documents. Prior to the complaint filed by us our company also filed first information report with the local police authorities with no action being initiated. The matter is currently pending.

Material civil proceedings

(i) Our Company has filed a Commercial Execution Application under Order XXI of the Code of Civil Procedure, 1908, read with Section 36 of the Arbitration and Conciliation Act, 1996, before the Hon'ble High Court of Judicature at Bombay. The application is filed against Monarch Imperial and Ors. ("**Award Debtors**") for the enforcement of an Arbitral Award dated February 29, 2020. The Award arises from defaults in repayment under a loan agreement dated December 29, 2013, pursuant to which our Company had disbursed a term loan of ₹400.00 million. The Award directs the Award Debtors to jointly and severally pay ₹795.52 million along with further interest and costs, with the total claim in the execution application amounting to ₹1,991.14 million as of April 19, 2023. The Award Debtors have failed to make any payment subsequent to the Award, and no appeal has been preferred, necessitating the filing of this application for enforcement and recovery. The matter is currently pending.

(ii) Our Company has filed a commercial suit seeking the recovery of an aggregate outstanding amount of ₹ 173.16 million from M/s. Divya Enterprise and others (collectively the "**Defendants**").The claim arises from defaults under a second loan facility of ₹ 250.00 million dated May 10, 2021, and a third (ECLGS) loan facility of ₹ 34.60 million dated March 29 2022, which were extended for the redevelopment of the 'Shree Abhishek CHSL' project. Our Company alleges that Defendants breached the loan agreements by failing to make timely repayments, leading to the dishonour of several cheques and the classification of the loan accounts as non-performing assets on May 1, 2025, and created third-party rights in the project's unsold units, which were mortgaged to our Company, without obtaining the mandatory prior written no Objection certificate. The Defendants also allegedly failed to deposit the sale receivables from the project into the designated escrow account as contractually required. Consequently, our Company issued a loan recall notice on March 5, 2025, followed by statutory notices under Section 13(2) of the SARFAESI Act, 2002 dated May 23, 2025. The suit seeks a decree for the outstanding amount, a declaration that the mortgage over the project assets is valid and subsisting, enforcement of the security through sale, and interim reliefs, including an

injunction to prevent further alienation of assets and the appointment of a court receiver. The matter is currently pending.

Recovery proceedings under the SARFAESI Act

Our Company has initiated actions under the SARFAESI Act against various individuals and entities (collectively, the "**Respondents**"), including auctioning the mortgaged property and taking possession of the mortgaged property. Our Company has filed 34 applications before the Debt Recovery Tribunal and High Courts of various jurisdictions, under Section 17 of the SARFAESI Act, asserting its rights over the mortgaged property and seeking enforcement of its claims against the Respondents. The total pecuniary value involved in these matters aggregates to ₹204.78 million, along with interest, and these matters are currently pending at various stages of adjudication.

(II) **Litigation involving our Subsidiaries**

Litigation against CGHFL

Criminal Proceedings

(i) CGHFL has an appeal filed against them by Shri Gangadhar Vijay Pardhi and two others ("**Appellants**"). CGHFL had initiated proceedings under Section 14 of the SARFAESI Act against the Appellants, who had availed two housing loans and mortgaged the disputed property. Due to their failure to comply with the repayment terms, the loan accounts were classified as non-performing assets. CGHFL subsequently issued a demand notice under Section 13(2) of the SARFAESI Act followed by further measures under Section 13(4) and proceedings to take physical possession of the property. In response, the Appellant filed an appeal seeking to quash and set aside the order dated April 20, 2024 by the Hon'ble 9th CJSD & ACJM, Nagpur. Accordingly, CGHFL has sought dismissal of the appeal for reasons of non-maintainability and lack of merit.

(ii) CGHFL had initiated proceedings under sections 13 and 14 of the SARFAESI Act, 2002, against its borrower Late Shri Nandlal Chouhan (through his legal heirs) seeking recovery of a housing loan and assistance in taking possession of the property mortgaged. The application was allowed by an order dated September 12, 2024 ("**Impugned Order**") passed by the Learned Subordinate Court, Chief Judicial Magistrate, District Mandsaur, M.P. Thereafter, Mrs. Kailashibai and others ("**Petitioners**") have filed a Criminal Revision Petition under Section 438 of the Bharatiya Nagarik Suraksha Sanhita, 2023, dated June 16, 2025, against the Impugned Order, alleging, inter alia, that it was passed without jurisdiction and without notice to them. An application for condonation of delay under Section 5 of the Limitation Act, 1963, has also been filed. The matter is currently pending.

(iii) CGHFL has a criminal complaint filed against them by Mr. Ranjit Suresh Jadhav ("**Complainant**"). CGHFL had initiated proceedings under sections 13(2) and Rule 8(1) of the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 ("**SARFAESI Act**"), against the Complainant seeking recovery of a loan against property and assistance in taking possession of the mortgaged property. The application was allowed by a possession order dated August 20, 2024 ("**Impugned Order**"), passed by the Hon'ble Chief Judicial Magistrate, Kolhapur. The Complainant has filed a complaint under sections 175(3) & 223 of the Bharatiya Nagarik Suraksha Sanhita, 2023, read with sections 198, 212, 227, 316(2), 316(5), 318(1), 318(4), 319(1), 324(5), 336(1), 336(3), 336(4), 338, 343, 344, 45 and 3(5) of the Bharatiya Nyaya Sanhita, 2023, dated April 16, 2025, against CGHFL and its officials, alleging, inter alia, that the Impugned Order was passed by concealing facts, misusing powers, and applying the SARFAESI Act to agricultural land without proper jurisdiction. in the Court of Judicial Magistrate First Class, Peth-Vadgaon, Kolhapur. The matter is currently pending.

Recovery proceedings under the SARFAESI Act

Various individuals and entities (collectively, the "**Petitioners**") have challenged the actions of auctioning the mortgaged property, taking possession of the mortgaged property, among others, taken by CGHFL under the SARFAESI Act against the Petitioners. The Petitioners have filed 98 applications before the Debt Recovery Tribunal and High Courts of various jurisdictions, under Section 17 of the SARFAESI Act, contesting the action of CGHFL in claiming rights over the mortgaged property and seeking restraining orders against the actions initiated by CGHFL against the Petitioners. The total pecuniary value involved in these matters' aggregates to ₹ 217.45 million, along with interest and these are currently pending at various stages of adjudication.

Litigation by CGHFL

Criminal proceedings

1. CGHFL, in the ordinary course of business, has initiated 826 recovery proceedings against several of its borrowers, for the dishonour of cheques under Section 138 of the Negotiable Instruments Act, 1881. These proceedings are pending at various stages of adjudication before various courts. The aggregate amount involved in such proceedings is ₹ 886.88 million, to the extent ascertainable.

2. CGHFL, in the ordinary course of business, has initiated 29 recovery proceedings against sever of its borrowers for dishonour of electronic funds transfer under Section 25 of the Payment and Settlement Systems Act, 2007. These proceedings are pending at various stages of adjudication before various courts. The aggregate amount involved in such proceedings is ₹ 0.51 million to the extent ascertainable.

3. CGHFL has filed a criminal complaint dated April 13, 2022 against Shahid Ali, Vikas Sahu, Ujjwal Jain, Shailender Jaat, Raghuvir Singh Dangi and Bala Prasad (collectively, the "**Accused**") under Section 156(3) of the Code of Criminal Procedure, 1973 before the Judicial Magistrate, I Class, Bhopal ("**Magistrate**") alleging offences under sections 406, 420, 467, 468, 471,120B and 34 of the Indian Penal Code, 1860, for cheating, forgery of documents and causing wrongful loss amounting to ₹1.00 million to CGHFL. Simultaneously, CGHFL also filed a criminal complaint against the Accused under Section 200 of the Code of Criminal Procedure, 1973 before the Magistrate praying for registering the case against the Accused and directing the relevant police station to file the investigation report before the Magistrate. The matter is currently pending.

4. CGHFL has filed a criminal complaint dated April 13, 2022 against Rajesh Jain (the "**Accused**") under Section 156(3) of the Code of Criminal Procedure, 1973 before the Judicial Magistrate, I Class, Bhopal ("**Magistrate**") alleging offences of criminal breach of trust, cheating, forgery, and criminal conspiracy punishable under sections 406, 420, 467, 468, 471, 120B, and 34 of the Indian Penal Code, 1860. The complaint alleges that the Accused obtained a home loan by submitting forged documents for a property that was subsequently found to be non-existent. Simultaneously, CGHFL has also filed a criminal complaint against the Accused under Section 200 of the Code of Criminal Procedure, 1973 before the Magistrate, praying, inter alia, for registering the case against the Accused and directing the relevant police station to file the investigation report before the Magistrate. The matter is currently pending.

5. CGHFL has filed a criminal complaint dated April 13, 2022, against Ghanshyam Singrole (the "**Accused**") under Section 156(3) of the Code of Criminal Procedure, 1973 before the Judicial Magistrate, I Class, Bhopal ("**Magistrate**") alleging, inter alia, offences of criminal breach of trust, cheating, forgery, and criminal conspiracy punishable under sections 406, 420, 467, 468, 471, 120B, and 34 of the Indian Penal Code, 1860. The complaint alleges that the Accused obtained a home loan by submitting forged documents for a property that was subsequently found to be non-existent. Simultaneously, CGHFL has also filed a criminal complaint against the Accused under Section 200 of the Code of Criminal Procedure, 1973 before the Magistrate, praying, inter alia, for registering the case against the Accused and directing the relevant police station to file the investigation report before the Magistrate. The matter is currently pending.

6. CGHFL has filed a complaint dated September 27, 2024, against Girish Kumar Maurya and others (collectively the "**Accused**") under Section 175(4) of the Bhartiya Nagrik Suraksha Sanhita, 2024 ("**Complaint**") before the Chief Judicial Magistrate, Karkadooma, Delhi ("**Magistrate**"). CGHFL has alleged that the Accused have committed offences under sections 406, 420, 467, 468, 471, 120B and 34 of the Indian Penal Code, 1860, for cheating, causing wrongful loss amounting to CGHFL. CGHFL also filed a first information report dated April 18, 2022 against the Accused for the alleged offences. In the Complaint, CGHFL has prayed to direct the police to investigate the case in first information report and submit the chargesheet. The matter is currently pending.

7. CGHFL has filed a Complaint dated December 2, 2024, before the court of Chief Judicial Magistrate (Central) Tis Hazari Court, New Delhi under Section 175(3) read with Section 210 of Bharatiya Nagarik Suraksha Sanhita, 2023 against Praveen Sharma and others ("**Accused**") alleging offences under Section 61, 316, 318, 319, 321, 337 and 339 of the Bharatiya Nyaya Sanhita, 2023. CGHFL has alleged that the Accused used forged documents as genuine to defraud and avail a loan facility from CGHFL. The matter is currently pending.

8. CGHFL has filed a first information report dated July 25, 2020 with the Vaishali Nagar Police Station, Jaipur West under Section 154 of the Code of Criminal Procedure, 1973 against Mohit Juhlani, Deepika, Manoj Ramesh, Om Shiv Grih Nirman Sahkari Samiti Limited, and Ram Singh Rathore (collectively, the "**Accused**") alleging offences under sections 120-B, 406, 420 of the Indian Penal Code, 1860 for breach of trust, fraud and cheating with CGHFL by not paying due installments and making false documents in relation to the loan facility availed by the Accused from CGHFL. The matter is currently pending.

9. CGHFL has filed a first information report dated October 27, 2023 with the Amroli Police Station, Surat West under Section 154 of the Code of Criminal Procedure, 1973 against Rameshbhai Chhanabhai Baraiya (the "**Accused**") alleging offences under sections 114, 447, and 506 of the Indian Penal Code, 1860 for breaking the locks and trespassing into the property in possession of CGHFL by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

10. CGHFL has filed a first information report dated August 26, 2024 with the Badliyas Police Station, Bhilwada under Section 173 of the Bharatiya Nagarik Suraksha Sanhita, 2023 against Gopal Lal Gurjar and Bheri Gurjar (collectively, the "**Accused**") alleging offences under sections 34, 384, 427 and 448, of the Indian Penal Code, 1860 for breaking the locks and trespassing into the property in possession of CGHFL by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

11. CGHFL has filed a first information report dated July 1, 2024 with the Baneda Police Station, Shahpura under Section 173 of the Bharatiya Nagarik Suraksha Sanhita, 2023 against Shakti Singh Bhati, Lakshmi Devi, Bhairu Sigh Bhati and Vikram Singh Bhati (collectively, the "**Accused**") alleging offences under sections 120 and 452 of the Indian Penal Code, 1860 for breaking the locks and trespassing into the property in possession of CGHFL by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

12. CGHFL has filed a first information report dated September 22, 2024 with the Shivaji Nagar Police Station, Kolhapur under Section 173 of the Bharatiya Nagarik Suraksha Sanhita, 2023 against Sunil Parsram Dhanvade Chauhan, Asha Parstam Dhanvade Chauhan and Parstam Maruti Dhanvade Chauhan (collectively, the "**Accused**") alleging offences under sections 223 and 329(4) of the Bharatiya Nyaya Sanhita, 2023 for breaking the locks and trespassing into the property in possession of CGHFL by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

13. CGHFL has filed a first information report information report dated May 8, 2025 with the Badnor Police Station, Beawar, under Section 173 of the Bharatiya Nagarik Suraksha Sanhita, 2023 against Dharmichand Gurjar and Meera Devi (collectively, the "**Accused**") alleging offences under sections 3(5), 62, 329(3) and 324(4) of the Bharatiya Nyaya Sanhita, 2023 for breaking the locks and trespassing into the property in possession of CGHFL by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

14. CGHFL has filed a first information report information report dated April 17, 2025 with the Kotri Police Station, Bhilwara, under Sectoin 173 of the Bharatiya Nagarik Suraksha Sanhita, 2023 against Kana Gujar, Arami Deviq and others (collectively, the "**Accused**") alleging offences under sections 3(5), 62, 329(3) and 324(4) of the Bharatiya Nyaya Sanhita, 2023 for breaking the locks and trespassing into the property in possession of CGHFL by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

15. CGHFL has filed a first information report information report dated March 13, 2025 with the Kapasan Police Station, Chittorgarh, under Section 173 of the Bharatiya Nagarik Suraksha Sanhita, 2023 against Gopal Lal Khatk (the "**Accused**") alleging offences under sections 331(1) of the Bharatiya Nyaya Sanhita, 2023 for breaking the locks and trespassing into the property in possession of CGHFL by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

16. CGHFL has filed a first information report information report dated April 17, 2025 with the Koregaon Police Station, Satara, under Section 173 of the Bharatiya Nagarik Suraksha Sanhita, 2023 against Sanket Rajendra Bhusari and Rajendra Vishnu Bhusari (collectively, the "**Accused**") alleging offences under sections 3(5), 115, 223, 329(4), 351(2) and 351(3) of the Bharatiya Nyaya Sanhita, 2023 for breaking the locks and trespassing into the property in possession of CGHFL by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

17. CGHFL has filed an application dated January 2025 against Mehar Sachetan Singh and others (collectively the "**Accused**") under Section 175(3) of the Bhartiya Nagrik Suraksha Sanhita, 2023 ("**Application**") before the Hon'ble Judicial Magistrate, Jabalpur ("**Magistrate**"). CGHFL has alleged that the Accused have committed offences under sections 318, 338, 336, 340, and 3(5) of the Bharatiya Nyaya Sanhita, 2023, for cheating and causing wrongful loss amounting to ₹ 2.05 million to CGHFL. CGHFL has prayed for a direction to the police to register a first information Report against the Accused and conduct a thorough investigation into the matter. The matter is currently pending.

18. CGHFL has filed a complaint in 2025 against Mr. Ranveer and five others (collectively the "**Accused**") under Section 210 of the Bhartiya Nagarik Suraksha Sanhita, 2023 ("**Complaint**") before the Chief Judicial Magistrate, Central District, Tis Hazari Courts, New Delhi ("**Magistrate**"). CGHFL has alleged that the

Accused have committed offences under sections 316, 317, 319, 322, 333, 334, and 336 of the Bhartiya Nyay Sanhita, 2023, for, conspiring to cheat and cause wrongful loss amounting to ₹4.98 to CGHFL. The Accused allegedly obtained a housing loan by mortgaging a property that was different from the one shown to CGHFL during the verification process, using what appear to be forged and fabricated title documents. CGHFL first filed a complaint with the station house officer, Rajinder Nagar, on December 12, 2024. The matter is currently pending.

19. CGHFL has filed a complaint petition dated March 2025 against Mr. Manohar Lal, Mrs. Kalawati, and Mr. Deependra Sharma (collectively the "**Accused**") under Section 175(3) of the Bhartiya Nagarik Suraksha Sanhita, 2023 ("**Complaint**") before the Hon'ble Court of Additional Judicial Magistrate, Ramganjmandi, Kota District Courts ("**Court**"). CGHFL has alleged that the Accused have committed offences under sections 324, 329, 62, and 3(5) of the Bharatiya Nyaya Sanhita, 2023, forcibly trespassing, breaking of sealed locks, misbehaving with company representatives, and threatening them, thereby interfering with the lawful possession of mortgaged property held by CGHFL for loan recovery. CGHFL has prayed for a direction to the police to take strict legal action against the Accused and register a case in the matter. The matter is currently pending.

20. CGHFL has filed a first information report information report dated February 27, 2025 with the Amaroli Police Station, Surat, under Section 173 of the Bharatiya Nagarik Suraksha Sanhita, 2023 against Rameshbhai Chanabhai Baraiya and Jagrutiben Rameshbhai Baraiya (collectively, the "**Accused**") alleging offences under sections 54 and 329(3) of the Bharatiya Nyaya Sanhita, 2023 for breaking the locks and trespassing into the property in possession of CGHFL by virtue of non-payment of due installments on loan facility availed by the Accused. The matter is currently pending.

21. CGHFL has filed a complaint dated 2025 against Smt. Tannu Mishra, Shri Sanjeev Kumar Mishra, Shri Devendra Singh, and unknown persons (collectively the "**Accused**") under Section 210 of the Bharatiya Nagarik Suraksha Sanhita, 2023 ("**Complaint**") before the Hon'ble Judicial Magistrate, Jaipur Metropolitan (First), Jaipur ("**Magistrate**"). CGHFL has alleged that the Accused have committed offences under sections 316(2), 318(4), 338, 336(3), and 61(2) of the Bharatiya Nyaya Sanhita, 2023, for cheating, criminal conspiracy, forgery, and causing wrongful loss to CGHFL through fraudulent mortgaging of property, procuring loans using forged documents, and selling mortgaged property to third parties while the loan remained outstanding. CGHFL has prayed for a direction to the police to register a first information Report against the Accused and to conduct a thorough investigation into the matter. The matter is currently pending.

22. CGHFL has filed a Complaint Case before the Court of the Learned Judicial Magistrate First Class, District Jabalpur, Madhya Pradesh. The complaint is filed under Section 175(4) read with Section 210 of the Bharatiya Nagarik Suraksha Sanhita, 2023 against Shri Arjun Kewat, Smt. Krishna Bai Kewat, Smt. Kamlesh Garg, Shri Ritesh Sen (collectively the "**Accused**"), and the State of Madhya Pradesh through Police Station Gorakhpur. The Accused allegedly obtained a housing loan by submitting false, fabricated, and forged documents, including a registered sale deed executed before the Sub-Registrar Office by an impersonator purporting to be the original owner, and mortgaging a dummy/fictitious property that did not belong to them. They also caused a dummy/fictitious bank account to be opened in the name of the purported vendor to facilitate the receipt of loan proceeds. CGHFL first lodged a written complaint before Police Station Gorakhpur on November 15, 2024, and subsequently approached the Superintendent of Police, Jabalpur, but no effective action was taken or investigation initiated against the accused persons. CGHFL has prayed for a direction to register a first information Report for the commission of the alleged offences and to initiate criminal proceedings. The matter is currently pending.

Recovery proceedings under the SARFAESI Act

CGHFL has initiated actions under the SARFAESI Act against various individuals and entities (collectively, the "**Respondents**"), including auctioning the mortgaged property and taking possession of the mortgaged property. CGHFL has filed 14 applications before the Debt Recovery Tribunal and High Courts of various jurisdictions, under Section 17 of the SARFAESI Act, asserting its rights over the mortgaged property and seeking enforcement of its claims against the Respondents. The total pecuniary value involved in these matters aggregates to ₹35.65 million, along with interest, and these matters are currently pending at various stages of adjudication.

Listing

The NCDs proposed to be offered through this Issue are proposed to be listed on BSE. An application will be made to the Stock Exchange for permission to deal in and for an official quotation of our NCDs. BSE has been appointed as the Designated Stock Exchange.

If permissions to deal in and for an official quotation of our NCDs are not granted by the Stock Exchange, our Company will forthwith repay, without interest, all moneys received from the Applicants in pursuance of this Draft Prospectus.

Our Company shall ensure that all steps for the completion of the necessary formalities for listing and commencement of trading at the Stock Exchange mentioned above are taken within 6 (six) Working Days from the date of closure of the Issue.

For the avoidance of doubt, it is hereby clarified that in the event of under subscription, NCDs shall not be listed and in the event of zero subscription to any one or more of the series, such NCDs with series shall not be listed.

Our Company shall pay interest at 15% (fifteen) per annum if Allotment is not made and refund orders/allotment letters are not dispatched and/or demat credits are not made to investors within five Working Days of the Issue Closing Date or date of refusal

of the Stock Exchange(s), whichever is earlier. In case listing permission is not granted by the Stock Exchange(s) to our Company and if such money is not repaid within the day our Company becomes liable to repay it on such account, our Company and every officer in default shall, on and from expiry of such date, be liable to repay the money with interest at the rate of 15% as prescribed under Rule 3 of Companies (Prospectus and Allotment of Securities) Rules, 2014 read with Section 26 of the 2013 Act, provided that the beneficiary particulars relating to such Applicants as given by the Applicants is valid at the time of the upload of the demat credit.

Consents

Consents in writing of: (a) the Directors, (b) Company Secretary and Compliance Officer, (c) Chief Financial Officer, (d) Lead Manager, (e) the Registrar to the Issue, (f) Legal Counsel to the Issue; (g) Bankers to Company; (h) Credit Rating Agencies; (i) Consortium Members*; (j) Public Issue Account Bank, Refund Bank and Sponsor Bank* (k) Lenders to the Company and (l) Crisil Intelligence in relation to the Crisil Report have been obtained from them and the same will be filed along with a copy of the Prospectus with the RoC as required under Section 26 of the Companies Act, 2013. Further, such consents have not been withdrawn up to the time of delivery of this Draft Prospectus with the Stock Exchange.

**The consents will be procured at the Prospectus stage.*

Our Company has appointed IDBI Trusteeship Services Limited as the Debenture Trustee. Pursuant to their consent dated September 11, 2025 for its appointment along with a copy of the agreement executed by the Debenture Trustee in accordance with regulation 13 of the Securities and Exchange Board of India (Debenture Trustees) Regulations, 1993, has been uploaded on the website of our Company at www.capriloans.in.

Our Company has received written consent dated September 18, 2025 from M S K A & Associates, Chartered Accountants to include their name as required under section 26 (1) of the Companies Act, 2013 read with SEBI NCS Regulations, in this Draft Prospectus, and as an "expert" as defined under section 2 (38) of the Companies Act, 2013 to the extent and in their capacity as our Statutory Auditor, and in respect of their (i) Unaudited Standalone Financial Results; (ii) Unaudited Consolidated Financial Results; (iii) 2025 Audited Consolidated Financial Statements along with the audit report dated May 5, 2025; (iv) 2025 Audited Standalone Financial Statements along with the audit report dated May 5, 2025; and (v) the report on statement of possible tax benefits dated September 18, 2025, included in this Draft Prospectus, and such consent has not been withdrawn as on the date of this Draft Prospectus.

Our Company has received written consent dated September 18, 2025 from M M NISSIM & Co. LLP, Chartered Accountants to include their name as required under section 26 (1) of the Companies Act, 2013 read with SEBI NCS Regulations, in this Draft Prospectus, and as an "expert" as defined under section 2 (38) of the Companies Act, 2013 to the extent and in their capacity as our Statutory Auditor, and in respect of their (i) 2024 Audited Consolidated Financial Statements along with the audit report dated May 8, 2024; (ii) 2024 Audited Standalone Financial Statements along with the audit report dated May 8, 2024; (iii) 2023 Audited Consolidated Financial Statements along with the audit report dated May 23, 2023; and (iv) 2023 Audited Standalone Financial Statements along with the audit report dated May 23, 2023, included in this Draft Prospectus, and such consent has not been withdrawn as on the date of this Draft Prospectus.

Common form of Transfer

Our Company undertakes that there shall be a common form of transfer for the NCDs and the provisions of the Companies Act, 2013 applicable as on the date of this Draft Prospectus and all applicable laws shall be duly complied with in respect of all transfer of debentures and registration thereof.

Minimum Subscription

In terms of the SEBI NCS Regulations, for an issuer undertaking a public issue of non-convertible securities the minimum subscription for such public issue of non-convertible securities shall be 75% of the Base Issue Size i.e. ₹1,500.00 million. If our Company does not receive the minimum subscription of 75% of the Base Issue Size i.e. ₹1,500.00 million, prior to the Issue Closing Date the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within eight (8) Working Days from the Issue Closing Date or such time as may be specified by SEBI failing which our Company will become liable to refund the Application Amount along with interest at the rate 15% per annum for the delayed period.

Under Section 39(3) of the Companies Act, 2013 and Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or the Registrar, refunds will be made to the account prescribed. However, where our Company and/or the Registrar does not have the necessary information for making such refunds, our Company and/or the Registrar will follow the guidelines prescribed by SEBI in this regard including in the SEBI NCS Master Circular.

Debenture Redemption Reserve

In accordance with recent amendments to the Companies Act, 2013, and the Companies (Share Capital and Debentures) Rules 2014, read with the SEBI NCS Regulations, a listed company that intends to issue debentures to the public is no longer required to create a DRR for the purpose of redemption of debentures. Pursuant to the amendment to the Companies (Share Capital and Debentures) Rules 2014, notified on August 16, 2019, and as on the date of filing of this Draft Prospectus, our Company is not required to create DRR for the purpose of redemption of the NCDs. Accordingly, no debenture redemption reserve shall be created by our Company for the purpose of redemption of the NCDs or in connection with the Issue. Our Company shall, as per the Companies (Share Capital and Debentures) Rules 2014 and other laws applicable from time to time, invest or deposit, as the case may be, the applicable amounts, within the specified timelines, in respect of debentures maturing during the year ending on the 31st day of March of the next year, in any one or more methods of investments or deposits stipulated under the applicable law. Provided that the amount remaining invested or deposited, as the case may be, shall not at any time fall below the specified percentage, which is presently stipulated at 15% (fifteen percent) of the amount of the debentures maturing during the year ending on March 31 of the next year, in any of the following instruments or such other instruments as may be permitted under the applicable laws.

1. in deposits with any scheduled bank, free from any charge or lien;

2. in unencumbered securities of the Central Government or any State Government;

3. in unencumbered securities mentioned in sub-clause (a) to (d) and (ee) of section 20 of the Indian Trusts Act, 1882;

4. in unencumbered bonds issued by any other company which is notified under sub-clause (f) of section 20 of the Indian Trusts Act, 1882:

Provided further that the amount invested or deposited as above shall not be used for any purpose other than for redemption of debentures maturing during the year referred above.

Recovery Expense Fund

An amount deposited by our Company with the Designated Stock Exchange, equal to 0.01% of the issue size, subject to a maximum of deposit of ₹25,00,000 at the time of making the application for listing of NCDs, in the manner as specified by SEBI in the DT Master Circular and Regulation 11 of SEBI NCS Regulations.

Kindly note, any default committed by our Company in terms of the NCDs proposed to be issued shall be reckoned at each respective International Securities Identification Number level assigned to the respective Option(s) of NCDs issued.

Settlement Guarantee Fund

Our Company will deposit amounts in the settlement guarantee fund, as applicable, in the manner as specified in the SEBI NCS Master Circular. This fund has been created under the SEBI NCS Master Circular to ensure upfront collection of charges from eligible issuers at the time of allotment of debt securities.

Filing of this Draft Prospectus

A copy of this Draft Prospectus has been filed with the Stock Exchange, in terms of Regulation 27 of SEBI NCS Regulations for dissemination on its website(s) prior to the opening of the Issue and with SEBI. This Draft Prospectus has also been displayed on the website of our Company and the Lead Manager.

Filing of the Prospectus with the RoC

A copy of the Prospectus shall be filed with the RoC, in accordance with Section 26 of the Companies Act, 2013.

Reservation

No portion of the Issue has been reserved.

Underwriting

The Issue is not underwritten.

Disclosures in accordance with the DT Master Circular

Appointment of Debenture Trustee

Our Company has appointed the Debenture Trustee in accordance with the terms and conditions of the Debenture Trustee Agreement.

Terms and Conditions of Debenture Trustee Agreement

Fees charged by Debenture Trustee

The Debenture Trustee has agreed for one time acceptance fees of ₹ 125,000 plus applicable taxes which would be non-refundable and payable upfront and service charges of ₹ 225,000 plus applicable taxes. First such payment would become payable in on the date of consent letter for the pro-rata period from the date of consent letter till March 31, 2026; thereafter the service charges are payable on an annual basis in advance on April 1 every year till the redemption and satisfaction of charges in full. In case the payment of service charges not received within a period of 30 days from the date of the bill, the Debenture Trustee reserves the right to charge delayed payment charges at the rate of 12% per annum on the outstanding amount. The taxes to the fee structure would be payable at applicable rates from time to time, as disclosed in their offer letter bearing reference number 9593/ITSL/OPR/CL/25-26/DEB/651 dated August 5, 2025.

Terms of carrying out due diligence

As per the DT Master Circular, the Debenture Trustee is required to exercise independent due diligence to ensure that the assets of the Issuer company are sufficient to discharge the interest and principal amount with respect to the debt securities of the Issuer at all times. Accordingly, the Debenture Trustee shall exercise due diligence as per the following process, for which our Company has consented to.

(a) The Debenture Trustee, either through itself or its agents /advisors/consultants, shall carry out requisite diligence to verify the status of encumbrance and valuation of the receivables and whether all permissions or consents (if any) as may be required to create the security as stipulated in the offer document /debenture trust deed, has been obtained. For the purpose of carrying out the due diligence as required under applicable laws, the Debenture Trustee, either through itself or its agents /advisors/consultants, shall have the power to examine the books of account of our Company and to have our Company's receivables inspected by its officers and/or external auditors/valuers/consultants/lawyers/technical experts/management consultants appointed by the Debenture Trustee. Prior to appointment of any agents, advisors, consultants, the Debenture Trustee shall obtain necessary confirmation from the said agents, advisors, or consultants that they do not have any conflict-of-interest in conducting the diligence under the transaction.

(b) Our Company shall provide all assistance to the Debenture Trustee to enable verification from the Registrar of Companies, Sub-registrar of Assurances (as applicable), CERSAI, depositories, information utility registered with Insolvency and Bankruptcy Board of India ("**IBBI**") or any other authority, as may be relevant, where the assets and/or encumbrances in relation to the assets of our Company or any third-party security provider for securing the Debentures, are registered / disclosed.

(c) Further, in the event that existing charge holders or any trustee on behalf of the existing charge holders have provided conditional consent / permissions to our Company to create further charge on the receivables , the Debenture Trustee shall also have the power to verify such conditions by reviewing the relevant transaction documents or any other documents executed between existing charge holders and our Company. The Debenture Trustee shall also have the power to intimate the existing charge holders about proposal of creation of further encumbrance and seeking their comments/ objections, if any.

(d) Without prejudice to the aforesaid, our Company shall ensure that it provides and procures all information, representations, confirmations and disclosures as may be required in the sole discretion of the Debenture Trustee to carry out the requisite diligence in connection with the issuance and allotment of the Debentures, in accordance with the applicable law.

(e) The Debenture Trustee shall have the power to independently appoint intermediaries, valuers, chartered accountant firms, practicing company secretaries, consultants, lawyers and other entities in order to assist in the diligence by the Debenture Trustee. All costs, charges, fees and expenses that are associated with and incurred in relation to the diligence as well as preparation of the reports/certificates/documentation, including all out-of-pocket expenses towards legal or inspection costs, travelling and other costs, shall be solely borne by our Company.

Process of Due Diligence to be carried out by the Debenture Trustee

Due Diligence will be carried out as per the SEBI (Debenture Trustees) Regulations, 1993 and circulars issued by SEBI from time to time. This would broadly include the following:

(a) An independent chartered accountant ("**CA**") appointed by Debenture Trustee will conduct independent due diligence as per scope provided, regarding security offered by the Issuer.

(b) CA will ascertain, verify, and ensure that the assets offered as security by the Issuer are free from any encumbrances or necessary permission / consent / NOC has been obtained from all existing charge holders.

(c) CA will conduct independent due diligence on the basis of data / information provided by the Issuer.

(d) CA will, periodically undertake due diligence as envisaged in SEBI circulars depending on the nature of security.

(e) On basis of the CA's report / finding Due Diligence certificate will be issued by Debenture Trustee and will be filed with relevant Stock Exchange.

(f) Due Diligence conducted is premised on data / information made available to the Debenture Trustee appointed agency and there is no onus of responsibility on Debenture Trustee or its appointed agency for any acts of omission / commission on the part of the Issuer.

While the Debt Security is secured as per terms of the Offer Document and charge is held in favour of the Debenture Trustee, the extent of recovery would depend upon realization of asset value and the Debenture Trustee in no way guarantees / assures full recovery / partial of either principal or interest.

Other Confirmations

The Debenture Trustee confirms that it has undertaken the necessary due diligence in accordance with Applicable Law, including the SEBI (Debenture Trustees) Regulations, 1993, read with the DT Master Circular.

The Debenture Trustee undertakes that the NCDs shall be considered as secured only if the charged asset is registered with sub-registrar and Registrar of Companies or CERSAI and the Central Registry set up under the Security Interest (Enforcement) Rules, 2002, or is independently verifiable by the Debenture Trustee.

IDBI TRUSTEESHIP SERVICES LIMITED HAS FURNISHED TO STOCK EXCHANGE A DUE DILIGENCE CERTIFICATE DATED SEPTEMBER 18, 2025, AS PER THE FORMAT SPECIFIED IN SCHEDULE IV-PART A AND CHAPTER II, CLAUSE 2.2.4 OF DT MASTER CIRCULAR AND THE SEBI NCS REGULATIONS, WHICH READS AS FOLLOWS:

We, the Debenture Trustee to the above-mentioned forthcoming Issue state as follows:

1. We have examined documents pertaining to the said issue and other such relevant documents, reports and certifications.

2. On the basis of such examination and of the discussions with the issuer, its directors and other officers, other agencies and of independent verification of the various relevant documents, reports and certifications,

   WE CONFIRM that:

   a) The Issuer has made adequate provisions for and/or has taken steps to provide for adequate security for the debt securities to be issued and listed.

   b) The Issuer has obtained the permissions / consents necessary for creating security on the said property (ies).

   c) The Issuer has made all the relevant disclosures about the security and also its continued obligations towards the holders of debt securities.

   d) The Issuer has adequately disclosed all consents/ permissions required for creation of further charge on assets in offer document or private placement memorandum/ information memorandum and all disclosures made in the offer document with respect to creation of security are in confirmation with the clauses of debenture trustee agreement.

   e) The Issuer has disclosed all covenants proposed to be included in debenture trust deed (including any side letter, accelerated payment clause etc.), and offer document.

f) The Issuer has given an undertaking that charge shall be created in favour of debenture trustee as per terms of issue before filing of listing application.

We have satisfied ourselves about the ability of the Issuer to service the debt securities.

The Issuer has submitted the due diligence certificate from Debenture Trustee to the Stock Exchange as per format specified in Annexure IIA of the DT Master Circular and Schedule IV of the SEBI NCS Regulations.

Debenture Trust Deed

Our Company and the Debenture Trustee will execute a Debenture Trust Deed, inter alia, specifying the powers, authorities and obligations of the Debenture Trustee and us, as per the extant SEBI regulations applicable for the proposed NCD Issue.

Issue Related Expenses

The expenses for this Issue include, *inter alia*, lead management fees and selling commission to the Lead Manager, Consortium Members and intermediaries as provided for in the SEBI NCS Master Circular, fees payable to debenture trustees, the Registrar to the Issue, SCSBs' commission/ fees, fees payable to sponsor bank, printing and distribution expenses, legal fees, advertisement expenses, listing fees and any other expense directly related to the Issue. The Issue expenses and listing fees will be paid by the Issuer.

The estimated breakdown of the total expenses for the Issue shall be as specified in the Prospectus. For further details see, "*Objects of the Issue*" on page 74.

Utilisation of Issue Proceeds

Our Board of Directors certifies that:

(i) all monies received out of the Issue of the NCDs to the public shall be transferred to a separate bank account maintained with a scheduled bank, as referred to in section 40(3) of the Companies Act;

(ii) details of all monies utilised out of the Issue referred to in sub-item (i) shall be disclosed under an appropriate separate head in our balance sheet indicating the purpose for which such monies were utilised;

(iii) details of all unutilised monies out of the Issue referred to in sub-item (i), if any, shall be disclosed under an appropriate separate head in our balance sheet indicating the form of financial assets in which such unutilised monies have been invested;

(iv) we shall utilize the Issue proceeds only upon creation of security as stated in this Draft Prospectus in the section titled *"Terms of the Issue"* on page 266 and after (a) permissions or consents, as required, for creation of charge have been obtained from the creditors; (b) receipt of the minimum subscription of 75% of the Base Issue Size i.e. ₹1,500.00 million pertaining to the Issue; (c) completion of Allotment and unblocking process in compliance with Section 40 of the Companies Act, 2013; (d) creation of security and confirmation of the same in terms of NCDs and (e) receipt of listing and trading approval from BSE;

(v) the Issue proceeds shall not be utilized towards full or part consideration for the purchase or any other acquisition, *inter alia* by way of a lease, of any property;

(vi) the Issue proceeds shall not be utilized for providing loans to or acquisition of shares of any entity who is part of our Promoter Group or Group Companies;

(vii) the Issue proceeds shall be utilized in compliance with various guidelines, regulations and clarifications issued by RBI, SEBI or any other statutory authority from time to time. Further the Issue proceeds shall be utilised only for the purpose and objects stated in the Offer Documents; and

(viii) If Allotment is not made, application monies will be unblocked in the ASBA Accounts within 2 (two) Working Days from the scheduled listing date or such lesser time as specified by SEBI, failing which interest will be due to be paid to the Applicants in accordance with applicable laws.

Public Issue of Debt and/or Equity by our Group Companies in the three years preceding the date of this Draft Prospectus:

There has been no public issue of Debt and/or Equity by our Group Companies in the three years preceding the date of this Draft Prospectus.

Public Issue of Debt and/or Equity by our Subsidiaries in the three years preceding the date of this Draft Prospectus

There has been no public issue of Debt and/or Equity by our Subsidiaries in the three years preceding the date of this Draft Prospectus.

Delay in listing

There has been no delay in the listing of any non-convertible securities issued by our Company. In the event of failure to list securities issued pursuant to this Issue within such days from the date of closure of issue as may be specified by SEBI (scheduled listing date), all application moneys received or blocked in the public issue shall be refunded or unblocked forthwith within 2 (two) working days from the scheduled listing date to the Applicants through the permissible modes of making refunds and unblocking of funds. For delay in refund/unblocking of funds beyond the timeline as specified above, the Issuer shall be liable to pay interest at the rate of 15% (fifteen percent) per annum to the investors from the scheduled listing date till the date of actual payment.

Default in payment

In case of default (including delay) in payment of interest and/ or redemption of principal on the due dates for debt securities issued on private placement or public issue, additional interest of at least 2% p.a. over the coupon rate shall be payable by the issuer for the defaulting period.

Refusal of listing of any security of the Issuer during last three financial years and current financial year by any of the stock exchanges in India or abroad.

There has been no refusal of listing of any security of our Company during the last three financial years and current financial year prior to the date of this Draft Prospectus by any Stock Exchange in India or abroad.

Debentures or bonds and redeemable preference shares and other instruments issued by our Company and outstanding

As on June 30, 2025, our Company has outstanding non-convertible debentures. For further details see section titled "*Financial Indebtedness*" on page 204. Further there are no preference shares or other instruments issued by our Company, as on the date of this Draft Prospectus.

Dividend

Our Company has in place dividend distribution policy prepared in accordance with Regulation 43A of SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015, as amended, approved by the Board of Directors of our Company.

The declaration and payment of dividends on our shares will be recommended by our Board of Directors and approved by our shareholders, at their discretion, and will depend on a number of factors, including but not limited to our profits, capital requirements and overall financial condition.

Revaluation of assets

Our Company has not revalued its assets in the last three years.

Mechanism for redressal of investor grievances

The Registrar Agreement dated September 17, 2025 between the Registrar to the Issue and our Company will provide for retention of records with the Registrar to the Issue for a period of at least eight years from the last date of dispatch of the Allotment Advice, demat credit and unblocking to enable the investors to approach the Registrar to the Issue for redressal of their grievances.

All grievances relating to the Issue may be addressed to the Registrar to the Issue, giving full details such as name, address of the Applicant, number of NCDs applied for, amount paid on application and the bank branch or collection center where the application was submitted.

All grievances relating to the ASBA process may be addressed to the Registrar to the Issue with a copy to either (a) the relevant Designated Branch of the SCSB where the Application Form was submitted by the ASBA Applicant, or (b) the concerned Member of the Syndicate and the relevant Designated Branch of the SCSB in the event of an Application submitted by an ASBA Applicant at any of the Syndicate ASBA Centers, giving full details such as name, address of Applicant, Application Form number, series applied for, number of NCDs applied for, amount blocked on Application.

All grievances related to the UPI process may be addressed to the Stock Exchange, which shall be responsible for addressing investor grievances arising from applications submitted online through the App based / web interface platform of stock exchange or through their Trading Members. The Intermediaries shall be responsible for addressing any investor grievances arising from the applications uploaded by them in respect of quantity, price or any other data entry or other errors made by them.

The contact details of Registrar to the Issue are as follows:

MUFG Intime India Private Limited ***(formerly Link Intime India Private Limited)***
C-101, 247 Park,
1st Floor, L B S Marg,
Vikhroli (West), Mumbai 400 083,

Tel: + 91 810 811 4949
Fax: +91 22 4918 6060
Email: capriglobal.ncd2025@in.mpms.mufg.com
Investor Grievance ID: capriglobal.ncd2025@in.mpms.mufg.com
Website: www.in.mpms.mufg.com
Contact Person: Shanti Gopalkrishnan
Compliance Officer: B N Ramakrishnan
SEBI Registration No.: INR000004058
CIN: U67190MH1999PTC118368

The Registrar shall endeavor to redress complaints of the investors within three (3) days of receipt of the complaint during the currency of this MoU and continue to do so during the period it is required to maintain records under the Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 and our Company shall extend necessary co-operation to the Registrar for its complying with the said regulations. However, the Registrar shall ensure that the time taken to redress investor complaints does not exceed seven (7) days from the date of receipt of complaint. The Registrar shall provide a status report of investor complaints and grievances on a quarterly basis to our Company. Similar status reports should also be provided to our Company as and when required by our Company.

The details of the person appointed to act as Company Secretary and Compliance Officer for the purposes of the Issue are set out below:

Yashesh Pankaj Bhatt
Company Secretary and Compliance Officer
502, Tower A, Peninsula Business Park,
Senapati Bapat Marg, Lower Parel,
Mumbai 400 013, Maharashtra.

Security Cover	Our Company shall maintain a 110% Security Cover at all times until the Final Settlement Date.
Condition precedent to the Issue	The Issuer shall provide/ confirm to the Debenture Trustee:

	• A certified true copy of the latest charter documents of the Issuer, certified as correct, complete and in full force and effect by the appropriate officer; • Certified true copies of relevant board resolutions and Management Committee Resolutions; • Credit rating letters from the Credit Rating Agency; • Consent letter from the Debenture Trustee; • Execution of Transaction documents; and • In-principle approval from the Stock Exchange. The description above is indicative and a complete list of conditions precedent will be specified in the Debenture Trust Deed.
Condition subsequent to the Issue	The following are the conditions subsequent which our Company shall fulfil on or after the Deemed Date of Allotment to the satisfaction of the Debenture Trustee: • Evidence of payment of stamp duty in connection with the issuance of NCDs; • Filing of form CHG-9 with the RoC in accordance with the Companies Act, 2013 and other filings in relation to the perfection of the security; • Evidence of corporate actions for approving and allotting the NCDs; • Credit of the relevant NCDs in the specified dematerialized account(s) of the investors; • Evidence of listing of the NCDs on the Stock Exchange; • Filing of a return of allotment on the issue of the NCDs in Form PAS-3 pursuant to the Companies (Prospectus and Allotment of Securities) Rules, 2014 with the Registrar of Companies; and • Certificate from the Statutory Auditor/ Independent Chartered Accountant confirming the complete utilization of the Issue proceeds. The description above is indicative and a complete list of conditions subsequent will be specified in the Debenture Trust Deed.
Events of default (including manner of voting/conditions of joining Inter Creditor Agreement)	Please refer to the section titled "*Terms of the Issue – Events of Default*" on page 267.
Creation of recovery expense fund	An amount deposited by our Company with the Designated Stock Exchange, equal to 0.01% of the issue size, subject to a maximum of deposit of ₹25,00,000 at the time of making the application for listing of NCDs, in the manner as specified by SEBI in the DT Master Circular and Regulation 11 of SEBI NCS Regulations.
Conditions for breach of covenants (as specified in Debenture Trust Deed)	Upon occurrence of any default in the performance or observance of any term, covenant, condition or provision contained in the Debenture Trust Deed, the Debenture Trustee shall take necessary actions as mentioned in the Debenture Trust Deed and the Prospectus.
Deemed Date of Allotment	The date on which the Board of Directors or the Management Committee approves the Allotment of the NCDs for the Issue or such date as may be determined by the Board of Directors/ or the Management Committee thereof and notified to the Designated Stock Exchange. The actual Allotment of NCDs may take place on a date other than the Deemed Date of Allotment. All benefits relating to the NCDs including interest on NCDs shall be available to the Debenture Holders from the Deemed Date of Allotment.
Roles and responsibilities of the Debenture Trustee	As per SEBI (Debenture Trustee) Regulations, 1993, SEBI (Issue and Listing of Non-Convertible Securities) Regulation, 2021, Companies Act, the Listing Agreement, and the Debenture Trust Deed, each as amended from time to time. Please see section titled "*Terms of the Issue – Trustees for the NCD Holders*" on page 267.
Risk factors pertaining to the Issue	Please see section titled "*Risk Factors*" on page 16.
Provisions related to Cross Default Clause	As specified in the Debenture Trust Deed and the Prospectus.
Governing law and Jurisdiction	The governing law and jurisdiction for the purpose of the Issue shall be Indian law, and the competent courts of jurisdiction in Mumbai, India respectively.
Working day convention / Day Count Convention/ Effect of holidays on payment.	If the Interest Payment Date falls on a day other than a Working Day, the interest payment shall be made by our Company on the immediately succeeding Working Day and calculation of such interest payment shall be as per original schedule as if such Interest Payment Date were a Working Day. Further, the future Interest Payment Dates shall remain intact and shall not be changed because of postponement of such interest payment on account of it failing on a non-Working Day. If Redemption Date (also being the last Interest Payment Date) falls on a day that is not a Working Day, the Redemption Amount shall be paid by our Company on the immediately preceding Working Day along with interest accrued on the NCDs until but excluding the date of such payment. Payment of interest will be subject to the deduction of tax as per Income Tax Act or any statutory modification or re-enactment thereof for the time being in force. In case the Maturity Date (also being the last Interest Payment Date) does not fall on a Working Day, the payment will be made

	on the immediately preceding Working Day, along with coupon/interest on the NCDs until but excluding the date of such payment.

Notes:

* *If there is any change in Coupon Rate pursuant to any event including elapse of certain time period or downgrade in rating, then such new Coupon Rate and events which lead to such change should be disclosed to the Stock Exchange.*

** *In terms of Regulation 7 of the SEBI NCS Regulations, our Company will undertake this public issue of the NCDs in dematerialised form. Trading in NCDs shall be compulsorily in dematerialized form.*

*** *The Issue shall remain open for subscription on Working Days from 10:00 A.M to 5:00 P.M (Indian Standard Time) during the period indicated above, except that the Issue may close on such earlier date or extended date (subject to a minimum period of two (2) working days and a maximum period of ten (10) working days from the date of opening of the Issue and subject to not exceeding thirty (30) days from filing Prospectus with the RoC including any extensions) as may be decided by the Board of Directors of our Company or the Management Committee, subject to relevant approvals. In the event of an early closure or extension of the Issue, our Company shall ensure that notice of the same is provided to the prospective investors through an advertisement in an English national daily with wide circulation and a regional daily with wide circulation where the Registered Office of our Company is located (in all the newspapers in which pre-issue advertisement for opening of this Issue has been given) on or before such earlier or initial date of Issue closure. On the Issue Closing Date, the Application Forms will be accepted only between 10:00 A.M. and 3:00 P.M. (Indian Standard Time) and uploaded until 5:00 P.M. or such extended time as may be permitted by the Stock Exchanges. Further, pending mandate requests for bids placed on the last day of bidding will be validated by 5:00 P.M on one Working Day post the Issue Closing Date. For further details please refer to the chapter titled "Issue Related Information" on page 261 of this Draft Prospectus.*

*Applications Forms for the Issue will be accepted only from 10:00 A.M to 5:00 P.M (Indian Standard Time) ("**Bidding Period**") or such extended time as may be permitted by the Stock Exchanges, during the Issue Period as mentioned above on all days between Monday and Friday (both inclusive barring public holiday) (a) by the Designated Intermediaries at the Bidding Centres, or (b) by the SCSBs directly at the Designated Branches of the SCSBs. On the Issue Closing Date, Application Forms will be accepted only between 10:00 A.M to 3:00 P.M. and uploaded until 5:00 P.M (Indian Standard Time) or such extended time as may be permitted by the Stock Exchanges. It is clarified that the Applications not uploaded on the Stock Exchange(s) Platform would be rejected. Further, pending mandate requests for bids placed on the last day of bidding will be validated by 5:00 PM on one Working Day after the Issue Closing Date.*

Due to limitation of time available for uploading the Applications on the Issue Closing Date, Applicants are advised to submit their Application Forms one day prior to the Issue Closing Date and, no later than 3:00 P.M. (Indian Standard Time) on the Issue Closing Date. Applicants are cautioned that in the event a large number of Applications are received on the Issue Closing Date, there may be some Applications which are not uploaded due to lack of sufficient time to upload. Such Applications that cannot be uploaded will not be considered for allocation under the Issue. Neither our Company, nor the Lead Manager, nor any Member of the Syndicate, Registered Brokers at the Broker Centres, CDPs at the Designated CDP Locations or the RTAs at the Designated RTA Locations or designated branches of SCSBs are liable for any failure in uploading the Applications due to failure in any software/ hardware systems or otherwise. Please note that the Basis of Allotment under the Issue will be on date priority basis except on the day of oversubscription and thereafter, if any, where the Allotment will be proportionate. For further details please see section titled "Issue Related Information" on page 261 of this Draft Prospectus.

For the list of documents executed/ to be executed, please see section titled "Material Contracts and Documents for Inspection" on page 340.

Please see section titled "Issue Procedure" on page 282 for details of category wise eligibility and allotment in the Issue.

The details pertaining to the illustrative cash flows of our Company in accordance with the SEBI NCS Master Circular will be specified in the Prospectus.

While the NCDs are secured to the tune of 110% of the principal and interest thereon in favour of Debenture Trustee, it is the duty of the Debenture Trustee to monitor the security is maintained, however, the possibility of recovery of 100% of the amount shall depend on the market scenario prevalent at the time of enforcement of the security.

Debt securities shall be considered as secured only if the charged asset is registered with Sub-registrar and Registrar of Companies and the Central Registry set up under the Security Interest (Enforcement) Rules, 2002, as applicable, or is independently verifiable by the debenture trustee.

Specified Terms of the NCDs

As specified in the Prospectus.

Terms of payment

The entire face value per NCDs applied for will be blocked in the relevant ASBA Account maintained with the SCSB or under UPI mechanism (only for Retail Individual Investors), as the case may be, in the bank account of the Applicants that is specified in the ASBA Form at the time of the submission of the Application Form. In the event of Allotment of a lesser number of NCDs than applied for, our Company shall unblock the additional amount blocked upon application in the ASBA Account, in accordance with the terms specified in "*Terms of the Issue – Manner of Payment of Interest/ Refund/Redemption*" on page 273.

Participation by any of the Investor classes as mentioned in this Draft Prospectus in the Issue will be subject to applicable statutory and/or regulatory requirements. Applicants are advised to ensure that applications made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and/or regulatory provisions.

The NCDs have not been and will not be registered, listed or otherwise qualified in any jurisdiction outside India and may not be offered or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction. In particular, the NCDs have not been and will not be registered under the U.S. Securities Act, 1933, as amended (the "**Securities Act**") or the securities laws of any state of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. The Issuer has not registered and does not intend to register under the U.S. Investment Company Act, 1940 in reliance on section 3(c)(7) thereof. This Draft Prospectus may not be forwarded or distributed to any

other person and may not be reproduced in any manner whatsoever, and in particular, may not be forwarded to any U.S. Person or to any U.S. address.

Applications may be made in single or joint names (not exceeding three). Applications should be made by Karta in case the Applicant is an HUF. If the Application is submitted in joint names, the Application Form should contain only the name of the first Applicant whose name should also appear as the first holder of the depository account held in joint names. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form.

This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form. Please ensure that such Applications contain the PAN of the HUF and not of the Karta.

In the case of joint Applications, all payments will be made out in favour of the first Applicant. All communications will be addressed to the first named Applicant whose name appears in the Application Form and at the address mentioned therein.

Day Count Convention

Interest shall be computed on an actual/actual basis i.e., on the principal outstanding on the NCDs as per the SEBI NCS Master Circular.

Effect of holidays on payments

If the date of payment of interest does not fall on a Working Day, then the interest payment will be made on succeeding Working Day, however the calculation for payment of interest will be only till the originally stipulated Interest Payment Date. The dates of the future interest payments would be as per the originally stipulated schedule. Payment of interest will be subject to the deduction of tax as per Income Tax Act or any statutory modification or re-enactment thereof for the time being in force. In case the Redemption Date (also being the last Interest Payment Date) does not fall on a Working Day, the payment will be made on the immediately preceding Working Day, along with coupon/interest accrued on the NCDs until but excluding the date of such payment.

Applicants are advised to ensure that they have obtained the necessary statutory and/or regulatory Permissions / consents/approvals in connection with applying for, subscribing to, or seeking Allotment of NCDs pursuant to the Issue.

For further details, see the section titled "*Issue Procedure*" on page 282.

TERMS OF THE ISSUE

Authority for the Issue

At the meeting of the Board of Directors of our Company held on June 30, 2025, the Board of Directors approved the issuance of NCDs of the face value ₹1,000 each, for an amount up to ₹10,000 million. Further, the present borrowing is within the borrowing limits of ₹150,000 million under Section 180(1)(c) of the Companies Act, 2013 duly approved pursuant to resolution passed our Board on May 8, 2024 and by the members of our Company by way of a special resolution at the Annual General Meeting dated September 19, 2024.

The NCDs pursuant to this Issue will be issued on terms and conditions as set out in the Prospectus.

Principal Terms & Conditions of the Issue

The NCDs being offered as part of the Issue are subject to the provisions of the SEBI NCS Regulations, the SEBI NCS Master Circular, the Act, the Memorandum and Articles of Association of our Company, the terms of this Draft Prospectus, the Prospectus, the Abridged Prospectus, the Application Forms, the terms and conditions of the Debenture Trustee Agreement and the Debenture Trust Deed, other applicable statutory and/or regulatory requirements including those issued from time to time by SEBI/the Government of India/BSE/NSE, and/or other statutory/regulatory authorities relating to the offer, issue and listing of securities and any other documents that may be executed in connection with the NCDs.

Ranking of NCDs

The NCDs would constitute secured obligations of ours and shall rank *pari passu* inter se, and subject to any obligations and applicable statutory and/or regulatory requirements, shall also, with regard to the amount invested, thereof shall be secured by way of a first *pari-passu* charge, by way of hypothecation created on standard receivables including the loan book, unencumbered cash, and bank balances of the Company, to be shared with existing and future lenders (excluding receivables offered exclusively as security to National Bank for Agriculture and Rural Development). The security shall be created upfront and perfected within 30 days from the date of creation. The Company shall maintain a security cover of at least 1.10 times the entire secured obligations throughout the tenure of the NCDs. We have received necessary consents from the relevant lenders, debenture trustees and security trustees, as required under the applicable law, in favour of the Debenture Trustee in relation to the NCDs. The NCDs proposed to be issued under the Issue and all earlier issues of debentures outstanding in the books of our Company having corresponding assets as security, shall rank *pari passu* without preference of one over the other except that priority for payment shall be as per applicable date of redemption. The Issuer has obtained permissions or consents, as required, from the debenture trustees /existing creditors for the Issue.

Security

The principal amount of the NCDs to be issued in terms of this Draft Prospectus and the Prospectus together with all interest due and payable on the NCDs, thereof shall be secured by way of a first *pari-passu* charge, by way of hypothecation created on standard receivables including the loan book, unencumbered cash, and bank balances of the Company, to be shared with existing and future lenders (excluding receivables offered exclusively as security to National Bank for Agriculture and Rural Development). The security shall be created upfront and perfected within 30 days from the date of creation. The Company shall maintain a security cover of at least 1.10 times the entire secured obligations throughout the tenure of the NCDs. We have received necessary consents from the relevant lenders, debenture trustees and security trustees for creating a *pari passu* charge in favour of the Debenture Trustee in relation to the NCDs, as applicable.

The NCDs shall be considered as secured only if the charged asset is registered with sub-registrar and/or RoC and the Central Registry set up under the Security Interest (Enforcement) Rules, 2002, as applicable, or is independently verifiable by the Debenture Trustee. Without prejudice to the aforesaid, in the event the Issuer fails to execute the Debenture Trust Deed within a timeline specified under Regulation 18 of SEBI NCS Regulations, the Issuer shall pay interest of at least 2% p.a. over and above the agreed coupon rate, to each NCD Holder, till the execution of the Debenture Trust Deed. The security shall be created prior to making the listing application for the NCDs with the Stock Exchange.

The Issuer, pursuant to the DT Master Circular has entered into the Debenture Trustee Agreement with the Debenture Trustee and in furtherance thereof intends to enter into the Debenture Trust Deed, terms of which will govern the powers, authorities and obligations of the Debenture Trustee. Our Company proposes to complete the execution and registration of the Debenture Trust Deed within the stipulated timeframe and shall utilize the funds only after the stipulated security has been created. Under the terms of the Debenture Trust Deed, our Company will covenant with the Debenture Trustee that it will pay the NCD Holders the principal amount on the NCDs on the relevant redemption date and also that it will pay the interest due on NCDs on the rate specified in this Draft Prospectus and in the Debenture Trust Deed. The Debenture Trust Deed will also provide that our Company may withdraw any portion of the security and replace with another asset of the same or a higher value and shall ensure that the minimum security cover shall be maintained until the redemption of the NCDs.

Debenture Redemption Reserve

In accordance with recent amendments to the Companies Act, 2013, and the Companies (Share Capital and Debentures) Rules 2014, read with Regulation 16 of the SEBI NCS Regulations, a listed company that intends to issue debentures to the public is no longer required to create a DRR for the purpose of redemption of debentures. Pursuant to the amendment to the Companies (Share Capital and Debentures) Rules 2014, notified on August 16, 2019, and as on the date of filing of this Draft Prospectus, our Company is not required to create DRR for the purpose of redemption of the NCDs. Accordingly, no debenture redemption reserve shall be created by our Company for the purpose of redemption of the NCDs or in connection with the Issue. Our Company shall, as per the Companies (Share Capital and Debentures) Rules 2014 and other laws applicable from time to time, invest or deposit, as the case may be, the applicable amounts, within the specified timelines, in respect of debentures maturing during the year ending on the 31st day of March of the next year, in any one or more methods of investments or deposits stipulated under the applicable law. Provided that the amount remaining invested or deposited, as the case may be, shall not at any time fall below the specified percentage, which is presently stipulated at 15% (fifteen percent) of the amount of the debentures maturing during the year ending on March 31 of the next year, in any of the following instruments or such other instruments as may be permitted under the applicable laws.

1. in deposits with any scheduled bank, free from any charge or lien;

2. in unencumbered securities of the Central Government or any State Government;

3. in unencumbered securities mentioned in sub-clause (a) to (d) and (ee) of section 20 of the Indian Trusts Act, 1882;

4. in unencumbered bonds issued by any other company which is notified under sub-clause (f) of section 20 of the Indian Trusts Act, 1882:

Provided further that the amount invested or deposited as above shall not be used for any purpose other than for redemption of debentures maturing during the year referred above.

Right to recall or redeem prior to maturity

Not Applicable

Face Value

The face value of each NCD shall be ₹1,000.

Trustees for the NCD Holders

Our Company has appointed IDBI Trusteeship Services Limited to act as the Debenture Trustee for the NCD Holders in terms of Regulation 8 of the SEBI NCS Regulations and Section 71 (5) of the Companies Act, 2013 and the rules prescribed thereunder. Our Company and the Debenture Trustee will execute a Debenture Trust Deed, *inter alia*, specifying the powers, authorities and obligations of the Debenture Trustee and us. The NCD Holder(s) shall, without further act or deed, be deemed to have irrevocably given their consent to the Debenture Trustee or any of its agents or authorized officials to do all such acts, deeds, matters and things in respect of or relating to the NCDs as the Debenture Trustee may in its absolute discretion deem necessary or require to be done in the interest of the NCD Holder(s). Any payment made by us to the Debenture Trustee on behalf of the NCD Holder(s) shall discharge us *pro tanto* to the NCD Holder(s).

The Debenture Trustee will protect the interest of the NCD Holders in the event of default by us in regard to timely payment of interest and repayment of principal and they will take necessary action at our cost.

We and the Debenture Trustee will execute a Debenture Trust Deed, inter alia, specifying the powers, authorities and obligations of the Debenture Trustee and us. The NCD Holder(s) shall, without further act or deed, be deemed to have irrevocably given their consent to the Debenture Trustee or any of its agents or authorised officials to do all such acts, deeds, matters and things in respect of or relating to the NCDs as the Debenture Trustee may in its absolute discretion deem necessary or require to be done in the interest of the NCD Holder(s). Any payment made by us to the Debenture Trustee on behalf of the NCD Holder(s) shall discharge us pro tanto to the NCD Holder(s).

Events of Default (including manner of voting/conditions of joining Inter Creditor Agreement)

Upon occurrence of any of the events of default listed below, the Debenture Trustee may at its discretion, or if so requested in writing by any NCD Holder give notice to our Company specifying the event of default.

On and at any time after the occurrence of an event of default listed below and issue of notice of event of default to our Company, the Debenture Trustee shall (on the instructions of the holders of at least three-fourths of the outstanding amount of the NCDs or with the sanction of a special resolution passed at a meeting of the NCD Holders or as may be required under

applicable laws) be entitled to *inter alia* declare the NCDs and/or any particular series of NCDs, in whole or in part, due and repayable immediately or on such date(s) as may be prescribed by the Debenture Trustee. Upon occurrence of an event of default, the Debenture Trustee shall follow the process including seeking consent from the NCD Holders for enforcement of security and/or entering into inter creditor agreement as per the applicable provisions of Chapter X of the DT Master Circular.

The description below is indicative and a complete list of events of default and its consequences will be specified in the Debenture Trust Deed.

Indicative list of events of default:

(i) Default in payment of interest and principal amount on the NCDs;

(ii) Default in performance of covenants and conditions in the Transaction Documents;

(iii) Misrepresentation;

(iv) Material adverse effect;

(v) Failure to create security to secure the NCDs and/or to maintain the required security cover and/or the Security being in jeopardy;

(vi) Ceasing to carry on all or substantially all of the business and/or revocation or suspension or cancellation of any material authorisations and/or licenses;

(vii) Cross acceleration; and

(viii) Insolvency, winding up, bankruptcy or similar process.

In terms of the SEBI NCS Regulations, in case of multiple International Securities Identification Number ("**ISIN**") which may have been issued under the same prospectus, any default committed by the Issuer shall be reckoned at the ISIN level, as all terms and conditions of issuance of security are same under each individual ISIN. The Company shall, so long as the NCDs are outstanding, not declare any dividend to the shareholders (including holders of preference shares) in any year until the Company has paid or made satisfactory provision for the payment of the instalments of principal and interest due on the NCDs.

In accordance with the DT Master Circular, in case of 'Default' by Issuers of listed debt securities", post the occurrence of a "default", the consent of the NCD Holders for entering into an inter-creditor agreement (the "**ICA**")/enforcement of security shall be sought by the debenture trustee after providing a notice to the investors in the manner stipulated under applicable law. Further, the meeting of the NCD Holders shall be held within the period stipulated under applicable law. In case(s) where majority of investors express their consent to enter into the ICA, the debenture trustee shall enter into the ICA on behalf of the investors upon compliance with the conditions as stipulated in the abovementioned circular. In case consents are not received for signing the ICA, the debenture trustee shall take further action, if any, as per the decision taken in the meeting of the investors. The consent of the majority of investors shall mean the approval of not less than 75% of the investors by value of the outstanding debt and 60% of the investors by number at the ISIN level.

It is hereby confirmed, in case of an occurrence of a "default", the Debenture Trustee shall abide and comply with the procedures mentioned in the DT Master Circular.

NCD Holder not a Shareholder

The NCD Holders will not be entitled to any of the rights and privileges available to the equity and/or preference shareholders of our Company, except to the extent of the right to receive the annual reports of our Company and such other rights as may be prescribed under the Companies Act, 2013 and the rules prescribed thereunder and the SEBI Listing Regulations.

Rights of NCD Holders

Some of the significant rights available to the NCD Holders are as follows:

1. The NCDs shall not, except as provided in the Companies Act, 2013, our Memorandum and Articles of Association and/or the Debenture Trust Deed, confer upon the holders thereof any rights or privileges available to our Company's members/shareholders including, without limitation, the right to attend and/or vote at any general meeting of our Company's members/shareholders. However, if any resolution affecting the rights attached to the NCDs is to be placed before the members/shareholders of our Company, the said resolution will first be placed before the concerned registered NCD Holders for their consideration.

2. In terms of Section 136 (2) of the Companies Act, 2013, holders of NCDs shall be entitled to a copy of the balance sheet and copy of trust deed at the Registered Office of our Company during business hours.

3. Subject to the above and the applicable statutory/regulatory requirements and terms of the Debenture Trust Deed, including requirements of other applicable statutory and/or regulatory requirements, the rights, privileges and conditions attached to the NCDs may be varied, modified and/or abrogated with the consent in writing of the holders of at least three-fourths of the outstanding amount of the NCDs or with the sanction of a special resolution passed at a meeting of the concerned NCD Holders, provided that nothing in such consent or resolution shall be operative against us, where such consent or resolution modifies or varies the terms and conditions governing the NCDs, if the same are not acceptable to us.

4. Subject to applicable statutory/regulatory requirements and terms of the Debenture Trust Deed, the registered NCD Holder or in case of joint-holders, the one whose name stands first in the register of debenture holders shall be entitled to vote in respect of such NCDs, either in person or by proxy, at any meeting of the concerned NCD Holders and every such holder shall be entitled to one vote on a show of hands and on a poll, his/her voting rights on every resolution placed before such meeting of the NCD Holders shall be in proportion to the outstanding nominal value of NCDs held by him/her.

5. The NCDs are subject to the provisions of the SEBI NCS Regulations, the Companies Act, 2013, the Memorandum and Articles of Association of our Company, the terms of this Draft Prospectus, the Prospectus, the Application Forms, the terms and conditions of the Debenture Trust Deed, requirements of other applicable statutory and/or regulatory requirements relating to the issue and listing, of securities and any other documents that may be executed in connection with the NCDs.

6. For the NCDs issued in dematerialized form, the Depositories shall also maintain the up-to-date record of holders of the NCDs in dematerialized Form. For NCDs in dematerialized form, all interest and principal sums becoming due and payable in respect of the NCDs will be paid to the person for the time being appearing in the register of beneficial owners of the Depository. In terms of Section 88(3) of the Companies Act, 2013, the register and index of beneficial of NCDs maintained by a Depository for any NCDs in dematerialized form under Section 11 of the Depositories Act shall be deemed to be a Register of NCD Holders for this purpose. The same shall be maintained at the registered office of our Company under Section 94 of the Companies Act, 2013 unless the same has been moved to another location after obtaining the consent of the NCD holders. Subject to the SEBI RTA Master Circular, a register of NCD Holders holding NCDs in physical form pursuant to rematerialisation will be maintained in accordance with Section 88 of the Companies Act, 2013 and all interest and principal sums becoming due and payable in respect of the NCDs will be paid to the registered holder thereof for the time being or in the case of joint-holders, to the person whose name stands first in the Register of NCD Holders as on the Record Date.

7. Subject to compliance with applicable laws, the NCDs can be rolled over only with the consent of the holders of at least 75% (by value) of the outstanding amount of the NCDs after providing 15 days prior notice for such roll over and in accordance with the SEBI NCS Regulations. Our Company shall redeem the debt securities of all the debt securities holders, who have not given their positive consent to the roll-over. The roll-over of NCDs shall be as per Regulation 39 of the SEBI NCS Regulations.

The aforementioned rights of the NCD holders are merely indicative. The final rights of the NCD holders will be as per the terms of this Draft Prospectus and the Debenture Trust Deed.

Nomination facility to NCD Holder

In accordance with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014 ("**Rule 19**") read with the Section 72 of the Companies Act, 2013, the sole NCD holder, or first NCD holder, along with other joint NCD Holders' (being individual(s)), may nominate, in the **Form No. SH.13,** any one person with whom, in the event of the death of Applicant the NCDs were Allotted, if any, will vest. Where the nomination is made in respect of the NCDs held by more than one person jointly, all joint holders shall together nominate in **Form No.SH.13** any person as nominee. A nominee entitled to the NCDs by reason of the death of the original holder(s), will, in accordance with Rule 19 and Section 56 of the Companies Act, 2013, be entitled to the same benefits to which he or she will be entitled if he or she were the registered holder of the NCDs. Where the nominee is a minor, the NCD holder(s) may make a nomination to appoint, in **Form No. SH.14**, any person to become entitled to NCDs in the event of the holder's death during minority. A nomination will stand rescinded on a sale/transfer/alienation of NCDs by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. When the NCDs are held by two or more persons, the nominee shall become entitled to receive the amount only on the demise of all such NCD Holders. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or with the Registrar to the Issue.

NCD Holder(s) are advised to provide the specimen signature of the nominee to us to expedite the transmission of the NCD(s) to the nominee in the event of demise of the NCD Holder(s). The signature can be provided in the Application Form or

subsequently at the time of making fresh nominations. This facility of providing the specimen signature of the nominee is purely optional.

In accordance with Rule 19 read with the applicable provisions of the Companies Act 2013, any person who becomes a nominee by virtue of the Rule 19 read with the applicable provisions of the Companies Act 2013, will on the production of such evidence as may be required by the Board, elect either:

- to register himself or herself as holder of NCDs; or
- to make such transfer of the NCDs, as the deceased holder could have made.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the NCDs, and if the notice is not complied with, within a period of 90 days, our Board may thereafter withhold payment of all interests or other monies payable in respect of the NCDs, until the requirements of the notice have been complied with.

A nomination may be cancelled or varied by nominating any other person in place of the present nominee, by the NCD Holder who has made the nomination, by giving a notice of such cancellation or variation in the prescribed manner as per applicable laws. The cancellation or variation shall take effect from the date on which the notice of such variation or cancellation is received.

Since the allotment of NCDs will be made only in dematerialized mode, there is no need to make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the Applicant would prevail. If the investors require changing their nomination, they are requested to inform their respective Depository Participant. Applicants who have opted for rematerialisation of NCDs and are holding the NCDs in the physical form should provide required details in connection with their nominee to our Company.

Jurisdiction

Exclusive jurisdiction for the purpose of the Issue is with the competent courts of jurisdiction in Mumbai, India.

Application in the Issue

Applicants shall apply in the Issue in dematerialised form only, through a valid Application Form filled in by the Applicant along with attachment, as applicable. Further, Applications in the Issue shall be made through the ASBA facility only (including Applications made by UPI Investors under the UPI Mechanism).

In terms of Regulation 7 of the SEBI NCS Regulations, our Company will make public issue of the NCDs in the dematerialised form only.

However, in the terms of Section 8(1) of the Depositories Act, our Company at the request of the Investors who wish to hold the NCDs in physical form will rematerialise the NCDs. However, trading of the NCDs shall be compulsorily in dematerialised form only.

Form of Allotment and Denomination of NCDs

In case of NCDs held in physical form on account of rematerialisation, a single certificate will be issued to the NCD Holder for the aggregate amount of the NCDs held ("**Consolidated Certificate**"). The Applicant can also request for the issue of NCD certificates in denomination of one NCD ("**Market Lot**"). In case of NCDs held under different Options, as specified in the Prospectus, by a NCD Holder, separate Consolidated Certificates will be issued to the NCD Holder for the aggregate amount of the Secured NCDs held under each Option. It is however distinctly to be understood that the NCDs pursuant to this Issue shall be traded only in demat form.

In respect of Consolidated Certificates, only upon receipt of a request from the NCD Holder, such Consolidated Certificates can be split into smaller denominations subject to the minimum of Market Lot. No fees would be charged for splitting of NCD certificates in Market Lots, but stamp duty payable, if any, would be borne by the NCD Holder. The request for splitting should be accompanied by the original NCD certificate which would then be treated as cancelled by us.

As per the SEBI NCS Regulations, the trading of the NCDs on the Stock Exchange shall be in dematerialized form only in multiples of 1 (one) NCD ("**Market Lot**"). Allotment in this Issue to all Allottees, will be in electronic form i.e., in dematerialised form and in multiples of one NCD.

For details of allotment refer to chapter titled "*Issue Procedure*" beginning on page 282.

Transfer/Transmission of NCD(s)

The NCDs shall be transferred subject to and in accordance with the rules/procedures as prescribed by NSDL/CDSL and the relevant DPs of the transfer or transferee and any other applicable laws and rules notified in respect thereof. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date. In the absence of the same, interest will be paid/redemption will be made to the person, whose name appears in the register of debenture holders maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferor(s) and not with the Issuer or Registrar.

In the absence of the same, interest will be paid/redemption will be made to the person, whose name appears in the register of debenture holders maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferor(s) and not with the Issuer or Registrar. The seller should give delivery instructions containing details of the buyer's DP account to his depository participant.

Please see section titled "*Terms of the Issue – Interest*" on page 273 for the implications on the interest applicable to NCDs held by Individual Investors on the Record Date and NCDs held by Non-Individual Investors on the Record Date.

Pursuant to the SEBI LODR IV Amendment, NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred except by way of transmission or transposition, from December 4, 2018. However, any trading of the NCDs issued pursuant to the Issue shall be compulsorily in dematerialized form only.

Title

The NCD Holder(s) for the time being appearing in the record of beneficial owners maintained by the Depository shall be treated for all purposes by our Company, the Debenture Trustee, the Depositories and all other persons dealing with such person as the holder thereof and its absolute owner for all purposes.

The NCD held in physical form, pursuant to any re-materialization, the person for the time being appearing in the register of debenture holders as NCD Holder, shall be treated for all purposes by the Issuer, the Debenture Trustee, the Depositories and all other persons dealing with such person as the holder thereof and its absolute owner for all purposes regardless of any notice of ownership, trust or any interest in it or any writing on, theft or loss of the consolidated NCD certificate issued in respect of the NCDs and no person will be liable for so treating the NCD Holder.

Procedure for rematerialisation of NCDs

Subject to the SEBI RTA Master Circular, NCD Holders who wish to hold the NCDs in physical form may do so by submitting a request to their DP at any time after Allotment in accordance with the applicable procedure stipulated by the DP, in accordance with the Depositories Act and/or rules as notified by the Depositories from time to time. Holders of the NCDs who propose to rematerialize their NCDs, would have to mandatorily submit details of their bank mandate along with a copy of any document evidencing that the bank account is in the name of the holder of such NCDs and their Permanent Account Number to our Company and the Depository Participant. No proposal for rematerialisation of NCDs would be considered if the aforementioned documents and details are not submitted along with the request for such rematerialisation.

Pursuant to the SEBI (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2018 ("**SEBI LODR IV Amendment**"), NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred except by way of transmission or transposition, from December 4, 2018. However, any trading of the NCDs issued pursuant to the Issue shall be compulsorily in dematerialized form only.

Register of NCD Holders

No transfer of title of a NCD will be valid unless and until entered on the Register of NCD Holders (for re materialized NCDs) or the register and index of NCD Holders maintained by the Depository prior to the Record Date. In the absence of transfer being registered, interest and/or Redemption Amount, as the case may be, will be paid to the person, whose name appears first in the Register of NCD Holders maintained by the Depositories and/or our Company and/or the Registrar, as the case may be. In such cases, claims, if any, by the purchasers of the NCDs will need to be settled with the seller of the NCDs and not with our Company or the Registrar. The provisions relating to transfer and transmission and other related matters in respect of our Company's shares contained in the Articles of Association of our Company and the Companies Act shall apply, mutatis mutandis (to the extent applicable) to the NCDs as well.

Restriction on transfer of NCDs

There are no restrictions on transfers and transmission of NCDs allotted pursuant to the Issue. Pursuant to the SEBI LODR IV Amendment, NCDs held in physical form, pursuant to any re-materialisation, as above, cannot be transferred except by way of

transmission or transposition, from December 04, 2018. However, any trading of the NCDs issued pursuant to the Issue shall be compulsorily in dematerialized form only.

Succession

Where NCDs are held in joint names and one of the joint holders dies, the survivor(s) will be recognized as the NCD Holder(s). It will be sufficient for our Company to delete the name of the deceased NCD Holder after obtaining satisfactory evidence of his death. Provided, a third person may call on our Company to register his name as successor of the deceased NCD Holder after obtaining evidence such as probate of a will for the purpose of proving his title to the debentures. In the event of demise of the sole or first holder of the Debentures, our Company will recognise the executors or administrator of the deceased NCD Holders, or the holder of the succession certificate or other legal representative as having title to the Debentures only if such executor or administrator obtains and produces probate or letter of administration or is the holder of the succession certificate or other legal representation, as the case may be, from an appropriate court in India. The directors of our Company in their absolute discretion may, in any case, dispense with production of probate or letter of administration or succession certificate or other legal representation.

In case of death of NCD Holders who are holding NCDs in dematerialized form, third person is not required to approach our Company to register his name as successor of the deceased NCD Holder. The successor of the deceased NCD Holder shall approach the respective Depository Participant for this purpose and submit necessary documents as required by the Depository Participant.

Where a non-resident Indian becomes entitled to the NCDs by way of succession, the following steps have to be complied with:

1. Documentary evidence to be submitted to the Legacy Cell of the RBI to the effect that the NCDs were acquired by the non-resident Indian as part of the legacy left by the deceased NCD Holder.

2. Proof that the non-resident Indian is an Indian national or is of Indian origin.

3. Such holding by a non-resident Indian will be on a non-repatriation basis.

Joint holders

Where two or more persons are holders of any NCD(s), they shall be deemed to hold the same as joint holders with benefits of survivorship subject to other provisions contained in the Articles.

Period of subscription

ISSUE SCHEDULE	
ISSUE OPENS ON	As specified in the Prospectus.
ISSUE CLOSES ON	As specified in the Prospectus*.
PAY IN DATE	Application Date. The entire Application Amount is payable on Application.
DEEMED DATE OF ALLOTMENT	The date on which the Board of Directors/or the Management Committee approves the Allotment of the NCDs for the Issue or such date as may be determined by the Board of Directors/ or the Management Committee thereof and notified to the Designated Stock Exchange. The actual Allotment of NCDs may take place on a date other than the Deemed Date of Allotment. All benefits relating to the NCDs including interest on NCDs shall be available to the Debenture Holders from the Deemed Date of Allotment.

**The Issue shall remain open for subscription on Working Days from 10:00a.m. to 5:00p.m. (Indian Standard Time) during the period indicated in this Draft Prospectus, except that the Issue may close on such earlier date or extended date as may be decided by our Company, subject to relevant approvals (subject to a minimum period of two working days and a maximum period of ten working days from the date of opening of this Issue) and subject to not exceeding thirty (30) days from filing Prospectus with the RoC including any extensions). In the event of an early closure or extension of the Issue, our Company shall ensure that notice of the same is provided to the prospective investors through an advertisement in an English daily national newspaper with wide circulation and a regional daily with wide circulation where the registered office of the Company is located (in all the newspapers in which pre-issue advertisement for opening of this Issue has been given on or before such earlier or initial date of Issue closure). On the Issue Closing Date, the Application Forms will be accepted only between 10:00a.m. and 3:00p.m. (Indian Standard Time) and uploaded until 5:00p.m. or such extended time as may be permitted by the Stock Exchange. Further, pending mandate requests for bids placed on the last day of bidding be validated by 5:00p.m. on one Working Day post the Issue Closing Date. For further details please see "General Information" on page 55.*

Applications Forms for the Issue will be accepted only between 10.00 A.M. and 5.00 P.M. (Indian Standard Time) or such extended time as may be permitted by the Stock Exchange, during the Issue Period as mentioned above on all days between Monday and Friday (both inclusive barring public holiday), (a) by the Designated Intermediaries at the Bidding Centers, or (b) by the SCSBs directly at the Designated Branches of the SCSBs. On the Issue Closing Date, Application Forms will be accepted only between 10.00 A.M. to 3.00 P.M. (Indian Standard Time) and uploaded until 5.00 P.M. or such extended time as may be permitted by the Stock Exchange. It is clarified that the Applications not uploaded on the Stock Exchange Platform would be rejected. Further, pending mandate requests for bids placed on the last day of bidding will be validated by 5 P.M. on one Working Day after the Issue Closing Date. For further details please refer to "Issue Procedure" on page 282.

Due to limitation of time available for uploading the Applications on the Issue Closing Date, Applicants are advised to submit their Application Forms one day prior to the Issue Closing Date and, no later than 3.00 P.M. (Indian Standard Time) on the Issue Closing Date. Applicants are cautioned that in the event a large number of Applications are received on the Issue Closing Date, there may be some Applications which are not uploaded due to lack of sufficient time to upload. Such Applications that cannot be uploaded will not be considered for allocation under the Issue. Application Forms will only be accepted on Working Days during the Issue Period. Neither our Company, nor the Lead Manager or Trading Members of the Stock Exchange are liable for any failure in uploading

the Applications due to failure in any software/ hardware systems or otherwise. Please note that the Basis of Allotment under the Issue will be on a date priority basis. However, on the date of oversubscription and thereafter, the Allotment will be on proportionate basis in accordance with SEBI NCS Master Circular.

Interest

As specified in the Prospectus.

Basis of payment of Interest

The Tenor, Coupon Rate / Yield and Redemption Amount applicable for each Series of NCDs shall be determined at the time of Allotment of NCDs pursuant to the Prospectus. NCDs once allotted under any particular Series of NCDs shall continue to bear the applicable Tenor, Coupon/Yield and Redemption Amount as at the time of original Allotment irrespective of the category of NCD Holder on any Record Date, and such tenor, coupon/ yield and redemption amount as at the time of original allotment will not be impacted by trading of any series of NCDs between the categories of persons or entities in the secondary market.

Mode of payment of Interest to NCD Holders

We may enter into an arrangement with one or more banks in one or more cities for direct credit of interest to the account of the Investors. In such cases, interest, on the interest payment date, would be directly credited to the account of those Investors who have given their bank mandate.

We may offer the facility of NACH, NEFT, RTGS, Direct Credit and any other method permitted by RBI and SEBI from time to time to help NCD Holders. The terms of this facility (including towns where this facility would be available) would be as prescribed by RBI. Please see section titled "*Terms of the Issue – Manner of Payment of Interest / Unblocking*" at page 276.

Amount of interest payable shall be rounded off to the nearest Rupee. In the event, the interest / payout of total coupon / redemption amount is a fraction and not an integer, such amount will be rounded off to the nearest integer. By way of illustration if the redemption amount is ₹ 1,837.50 then the amount shall be rounded off to ₹ 1,838.00.

Manner of Payment of Interest/Refund/Redemption

The manner of payment of interest / refund / redemption in connection with the NCDs is set out below*:

The bank details will be obtained from the Depositories for payment of Interest / refund / redemption as the case may be. Applicants who are holding the NCDs in electronic form, are advised to immediately update their bank account details as appearing on the records of the depository participant. Neither the Lead Manager, nor our Company, nor the Registrar to the Issue shall have any responsibility and undertake any liability arising from such details not being up to date.

The Registrar to the Issue will issue requisite instructions to the relevant SCSBs to un-block amounts in the ASBA Accounts of the Applicants representing the amounts to unblocked for the Applicants. The mode of interest / refund / redemption payments shall be undertaken in the following order of preference:

1. **Direct Credit**

Investors having their bank account with the Refund Bank, shall be eligible to receive refunds, if any, through direct credit. The refund amount, if any, would be credited directly to their bank account with the Refund Banker.

2. **NACH**

National Automated Clearing House which is a consolidated system of ECS. Payment of refund would be done through NACH for Applicants having an account at one of the centres specified by the RBI, where such facility has been made available. This would be subject to availability of complete bank account details including Magnetic Ink Character Recognition (MICR) code wherever applicable from the depository. The payment of refund through NACH is mandatory for Applicants having a bank account at any of the centres where NACH facility has been made available by the RBI (subject to availability of all information for crediting the refund through NACH including the MICR code as appearing on a cheque leaf, from the depositories), except where applicant is otherwise disclosed as eligible to get refunds through NEFT or Direct Credit or RTGS.

3. **RTGS**

Applicants having a bank account with a participating bank and whose interest payment/ refund/ redemption amounts exceed ₹2,00,000, or such amount as may be fixed by RBI from time to time, have the option to receive refund through RTGS. Such eligible Applicants who indicate their preference to receive interest payment/ refund/ redemption through RTGS are required to provide the IFSC code in the Application Form or intimate our Company and the Registrar to the

Issue at least seven days prior to the Record Date. Charges, if any, levied by the Applicant's bank receiving the credit would be borne by the Applicant. In the event the same is not provided, interest payment/ refund/ redemption shall be made through NACH subject to availability of complete bank account details for the same as stated above.

4. **NEFT**

Payment of interest/ refunds/ redemption shall be undertaken through NEFT wherever the Applicants' banks have been assigned the Indian Financial System Code ("IFSC"), which can be linked to a Magnetic Ink Character Recognition ("MICR"), if any, available to that particular bank branch. The IFSC Code will be obtained from the website of RBI as on a date immediately prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Applicants have registered their nine-digit MICR number and their bank account number while opening and operating the demat account, the same will be duly mapped with the IFSC Code of that particular bank branch and the payment of interest/ refund/ redemption will be made to the applicants through this method.

5. **Registered Post/Speed Post**

For all other applicants, including those who have not updated their bank particulars with the MICR code, the interest payment / refund / redemption orders shall be dispatched through speed post/ registered post. Please note that applicants are eligible to receive payments through the modes detailed in (1), (2) (3), and (4) herein above provided they provide necessary information for the above modes and where such payment facilities are allowed / available. Please note that our Company shall not be responsible to the holder of NCDs, for any delay in receiving credit of interest / refund / redemption so long as our Company has initiated the process of such request in time.

The Registrar to the Issue shall instruct the relevant SCSB or in case of Bids by Retail Individual Investors applying through the UPI Mechanism to the Sponsor Bank, to revoke the mandate and to unblock the funds in the relevant ASBA Account to the extent of the Application Amount specified in the Application Forms for withdrawn, rejected or unsuccessful or partially successful Applications within six Working Days of the Issue Closing Date.

Taxation

Income Tax is deductible at source at the rate of 10% on interest on debentures held by resident Indians as per the provisions of Section 193 of the IT Act (in case where interest is paid to Individual or HUF, no TDS will be deducted where interest paid is less than ₹5,000 and interest is paid by way of account payee cheque). For further details, please see section titled "*Statement of Possible Tax Benefits*" on page 77.

Further, Tax will be deducted at source at reduced rate, or no tax will be deducted at source in the following cases:

a. When the Assessing Officer issues a certificate on an application by a Debenture Holder on satisfaction that the total income of the Debenture holder justifies no/lower deduction of tax at source as per the provisions of Section 197(1) of the IT Act; and that a valid certificate is filed with the Company/ Registrar, atleast 7 days before the relevant record date for payment of debenture interest;

b. When the resident Debenture Holder with Permanent Account Number ('PAN') (not being a company or a firm) submits a declaration as per the provisions of section 197A(1A) of the IT Act in the prescribed Form 15G verified in the prescribed manner to the effect that the tax on his estimated total income of the financial year in which such income is to be included in computing his total income will be Nil. However, under section 197A(1B) of the IT Act, Form 15G cannot be submitted nor considered for exemption from tax deduction at source if the dividend income referred to in section 194, interest on securities, interest, withdrawal from NSS and income from units of mutual fund or of 236 Unit Trust of India as the case may be or the aggregate of the amounts of such incomes credited or paid or likely to be credited or paid during the financial year in which such income is to be included exceeds the maximum amount which is not chargeable to income tax;

c. Senior citizens, who are 60 or more years of age at any time during the financial year, enjoy the special privilege to submit a self-declaration in the prescribed Form 15H for non-deduction of tax at source in accordance with the provisions of section 197A(1C) of the Act even if the aggregate income credited or paid or likely to be credited or paid exceeds the maximum amount not chargeable to tax, provided that the tax due on the estimated total income of the year concerned will be Nil.

d. In all other situations, tax would be deducted at source as per prevailing provisions of the IT Act. However in case of NCD Holders claiming non-deduction or lower deduction of tax at source, as the case may be, the NCD Holder should furnish either (a) a declaration (in duplicate) in the prescribed form i.e. (i) Form 15H which can be given by individuals who are of the age of 60 years or more (ii) Form 15G which can be given by all applicants (other than companies, and firms), or (b) a certificate, from the Assessing Officer which can be obtained by all applicants (including companies and firms) by making an application in the prescribed form i.e. Form No.13.

The investors need to submit Form 15H/ 15G/certificate in original from the Assessing Officer for each Fiscal during the currency of the NCD to claim non-deduction or lower deduction of tax at source from interest on the NCD. Tax exemption certificate/document, if any, must be lodged at the office of the Registrar to the Issue at least seven days prior to the Record Date or as specifically required, failing which tax applicable on interest will be deducted at source on accrual thereof in our Company's books and/or on payment thereof, in accordance with the provisions of the IT Act and/or any other statutory modification, enactment or notification as the case may be. A tax deduction certificate will be issued for the amount of tax so deducted.

Subject to the terms and conditions in connection with computation of applicable interest on the Record Date, please note that in case the NCDs are transferred and/or transmitted in accordance with the provisions of this Draft Prospectus read with the provisions of the Articles of Association of our Company, the transferee of such NCDs or the deceased holder of NCDs, as the case may be, shall be entitled to any interest which may have accrued on the NCDs.

Day Count Convention

Interest shall be computed on an actual/actual basis on the principal outstanding on the NCDs as per the SEBI NCS Master Circular.

Effect of holidays on payments

If the Interest Payment Date falls on a day other than a Working Day, the interest payment shall be made by our Company on the immediately succeeding Working Day and calculation of such interest payment shall be as per original schedule as if such Interest Payment Date were a Working Day. Further, the future Interest Payment Dates shall remain intact and shall not be changed because of postponement of such interest payment on account of it falling on a non -Working Day. Payment of interest will be subject to the deduction of tax as per Income Tax Act or any statutory modification or re - enactment thereof for the time being in force, as applicable.

If Redemption Date (also being the last Interest Payment Date) falls on a day that is not a Working Day, the Redemption Amount shall be paid by our Company on the immediately preceding Working Day along with interest accrued on the NCDs until but excluding the date of such payment.

Illustration for guidance in respect of the day count convention and effect of holidays on payments:

The illustration for guidance in respect of the day count convention and effect of holidays on payments, as required by SEBI NCS Master Circular will be disclosed in the Prospectus.

Maturity and Redemption

As specified in the Prospectus.

Put / Call Option

As specified in the Prospectus.

Application Size

Each Application should be for a minimum of ₹10,000 (10 NCDs) and in multiples of ₹1,000 (1 NCD) thereafter. Applicants can apply for any or all types of NCDs offered hereunder (any/all series) provided the Applicant has applied for minimum application size using the same Application Form.

Applicants are advised to ensure that applications made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and or regulatory provisions.

Terms of Payment

The entire issue price of ₹1,000 per NCD is payable on application itself. In case of allotment of lesser number of NCDs than the number of NCDs applied for, our Company shall instruct the SCSBs to unblock the excess amount blocked on application in accordance with the terms of this Draft Prospectus.

Manner of Payment of Interest / Unblocking

The manner of payment of interest / unblocking in connection with the NCDs is set out below:

The bank details will be obtained from the Depositories for payment of Interest / unblocking / redemption as the case may be. Applicants are advised to keep their bank account details as appearing on the records of the depository participant updated at all points of time. Please note that failure to do so could result in delays in credit of Interest/ Redemption Amounts at the Applicant's sole risk, and the Lead Manager, our Company or the Registrar shall have no responsibility and undertake no liability for the same.

In case of NCDs held in physical form, on account of rematerialisation, the bank details will be obtained from the documents submitted to our Company along with the rematerialisation request. For further details, please see section titled "*Terms of the Issue – Procedure for Rematerialization of NCDs*" on page 271.

Printing of Bank Particulars on Interest/redemption Warrants

As a matter of precaution against possible fraudulent encashment of unblocking intimations and interest/redemption warrants due to loss or misplacement, the particulars of the Applicant's bank account are mandatorily required to be given for printing on the orders/ warrants. NCDs applied and held in dematerialized form, these particulars would be taken directly from the depositories. Bank account particulars will be printed on the orders/ warrants which can then be deposited only in the account specified. In case of NCDs held in physical form either on account of rematerialisation or transfer, the investors are advised to submit their bank account details with our Company / Registrar at least 7 (seven) days prior to the Record Date failing which the orders / warrants will be dispatched to the postal address of the holder of the NCDs as available in the records of our Company. Bank account particulars will be printed on the orders/ warrants which can then be deposited only in the account specified.

Right to Recall or Redeem NCDs prior to Maturity

Not Applicable

Buy Back of NCDs

Our Company may, at its sole discretion, from time to time, consider, subject to applicable statutory and/or regulatory requirements, buyback of NCDs, upon such terms and conditions as may be decided by our Company.

Our Company may from time to time invite the NCD Holders to offer the NCDs held by them through one or more buy- back schemes and/or letters of offer upon such terms and conditions as our Company may from time to time determine, subject to applicable statutory and/or regulatory requirements. Such NCDs which are bought back may be extinguished, re-issued and/or resold in the open market with a view of strengthening the liquidity of the NCDs in the market, subject to applicable statutory and/or regulatory requirements.

Form and Denomination of NCDs

In case of NCDs held in physical form on account of rematerialisation, a single certificate will be issued to the NCD Holder for the aggregate amount of the NCDs held ("**Consolidated Certificate**"). The Applicant can also request for the issue of NCD certificates in denomination of one NCD ("**Market Lot**"). In case of NCDs held under different Options, by an NCD Holder, separate Consolidated Certificates will be issued to the NCD Holder for the aggregate amount of the NCDs held under each Option.

It is, however, distinctly to be understood that the NCDs pursuant to this Issue shall be traded only in dematerialized form.

In respect of Consolidated Certificates, only upon receipt of a request from the NCD Holder, the Consolidated Certificates would be split into smaller denominations, subject to the minimum of Market Lot. No fee would be charged for splitting of NCD certificates in Market Lots, but stamp duty payable, if any, would be borne by the NCD Holder. The request for splitting should be accompanied by the original NCD certificate, which would then be treated as cancelled.

Procedure for redemption by NCD Holders

The procedure for redemption is set out below:

NCDs held in physical form on account of re-materialization

No action would ordinarily be required on the part of the NCD Holder at the time of redemption and the redemption proceeds would be paid to those NCD Holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of Redemption. However, our Company may require that the NCD certificate(s), duly discharged by the sole holder/all the joint-holders (signed on the reverse of the NCD certificates) be surrendered for redemption on maturity and should be sent by the NCD Holders by Registered Post with acknowledgment due or by hand delivery to our office or to such persons at such addresses as may be notified by us from time to time. NCD Holders may be requested to surrender the NCD certificates in the manner as stated above, not more than three months and not less than one month prior to the redemption date so as to facilitate timely payment.

We may at our discretion redeem the NCDs without the requirement of surrendering of the NCD certificates by the NCD Holders. In case we decide to do so, the NCD Holders need not submit the NCD certificates to us and the redemption proceeds would be paid to those NCD Holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of redemption of NCDs. In such case, the NCD certificates would be deemed to have been cancelled.

NCDs held in electronic form

No action is required on the part of NCD Holder(s) at the time of redemption of NCDs.

Payment on redemption

The manner of payment of redemption is set out below:

NCDs held in physical form on account of re-materialization

The payment on redemption of the NCDs will be made by way of cheque/pay order/ electronic modes. However, if our Company so requires, the aforementioned payment would only be made on the surrender of NCD certificates, duly discharged by the sole holder/ all the joint holders (signed on the reverse of the NCD certificates). Dispatch of cheques/ pay orders, etc. in respect of such payment will be made on the redemption date or (if so, requested by our Company in this regard) within a period of 30 days from the date of receipt of the duly discharged NCD certificate.

In case we decide to do so, the redemption proceeds in the manner stated above would be paid on the redemption date to those NCD Holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of Redemption.

Our liability to NCD Holders towards their rights including for payment or otherwise shall stand extinguished from the redemption in all events and when we dispatch the redemption amounts to the NCD Holders.

NCDs held in electronic form

On the redemption date, redemption proceeds would be paid by cheque /pay order / electronic mode to those NCD Holders whose names appear on the list of beneficial owners given by the Depositories to us. These names would be as per the Depositories' records on the Record Date fixed for the purpose of redemption. These NCDs will be simultaneously extinguished to the extent of the amount redeemed through appropriate debit corporate action upon redemption of the corresponding value of the NCDs. It may be noted that in the entire process mentioned above, no action is required on the part of NCD Holders.

Our liability to NCD Holder(s) towards his/their rights including for payment or otherwise shall stand extinguished from the date of redemption in all events and when we dispatch the redemption amounts to the NCD Holder(s).

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCD(s).

Right to Reissue NCD(s)

Subject to the provisions of the Companies Act, 2013, if any and SEBI NCS Regulation, where we have fully redeemed or repurchased any NCD(s), we shall have and shall be deemed always to have had the right to keep such NCDs in effect without extinguishment thereof, for the purpose of resale or reissue and in exercising such right, we shall have and be deemed always to have had the power to resell or reissue such NCDs either by reselling or reissuing the same NCDs or by issuing other NCDs in their place. The aforementioned right includes the right to reissue original NCDs.

Sharing of Information

Our Company may, at its option, use on our own, as well as exchange, share or part with any financial or other information about the NCD Holders available with us, with our subsidiaries, if any and affiliates and other banks, financial institutions, credit bureaus, agencies, statutory bodies, as may be required and neither we or our affiliates nor their agents shall be liable for use of the aforesaid information.

Notices

All notices to the NCD Holder(s) required to be given by us or the Debenture Trustee shall be published in one English language newspaper having wide circulation and one regional language daily newspaper in Mumbai and/or will be sent by speed post/ courier or through email or other electronic media to the Registered Holders of the NCD(s) from time to time.

Issue of duplicate NCD certificate(s)

If NCD certificate(s), issued pursuant to rematerialisation, is/ are mutilated or defaced or the cages for recording transfers of NCDs are fully utilised, the same may be replaced by us against the surrender of such certificate(s). Provided, where the NCD certificate(s) are mutilated or defaced, the same will be replaced as aforesaid only if the certificate numbers and the distinctive numbers are legible.

If any NCD certificate is destroyed, stolen or lost then upon production of proof thereof to our satisfaction and upon furnishing such indemnity/ security and/or documents as we may deem adequate, duplicate NCD certificates shall be issued. Upon issuance of a duplicate NCD certificate, the original NCD certificate shall stand cancelled.

Future Borrowings

The Issuer will be entitled to borrow/raise loans or avail of financial assistance in whatever form as also to issue debentures/ NCDs/other securities in any manner having such ranking in priority, pari passu or otherwise, subject to applicable consents, approvals or permissions that may be required under any statutory/regulatory/contractual requirement.

Impersonation

As a matter of abundant caution, attention of the Investors is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

"Any person who- (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or (c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447 of the Companies Act, 2013."

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least ₹ 1.00 million or 1.00% of the turnover of our Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than ₹ 1.00 million or 1.00% of the turnover of our Company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹ 5.00 million or with both.

Pre-closure

Our Company, in consultation with the Lead Manager reserves the right to close the Issue at any time prior to the Issue Closing Date, subject to receipt of minimum subscription or as may be specified in the Prospectus. Our Company shall allot NCDs with respect to the Applications received until the time of such pre-closure in accordance with the Basis of Allotment as described hereinabove and subject to applicable statutory and/or regulatory requirements. In the event of such early closure of the Issue, our Company shall ensure that public notice of such early closure is published on or before such early date of closure is published on or before such early date of closure or the Issue Closing Date, as applicable, through advertisement(s) in all those newspapers in which pre-issue advertisement have been given.

If our Company does not receive the minimum subscription of 75% of Base Issue Size, i.e. ₹1,500.00 million prior to the Issue Closing Date the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within 8 (eight) working days from the Issue Closing Date, provided wherein, the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Accounts(s) of the Applicants within 5 (five) working days from the Issue Closing Date, failing which our Company will become liable to refund the Application Amount along with interest at the rate 15 (fifteen) percent per annum for the delayed period.

Minimum subscription

In terms of the SEBI NCS Regulations, for an issuer undertaking a public issue of non-convertible securities the minimum subscription for such public issue of non-convertible securities shall be 75% of the Base Issue Size i.e. ₹1,500.00 million. If our Company does not receive the minimum subscription of 75% of the Base Issue Size i.e. ₹1,500.00 million, prior to the Issue Closing Date the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within eight Working Days from the Issue Closing Date or such time as may be specified by SEBI failing which our Company will become liable to refund the Application Amount along with interest at the rate 15% per annum for the delayed period.

Under Section 39(3) of the Companies Act, 2013 and Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or the Registrar, refunds will be made to the account prescribed. However, where our Company and/or the Registrar does not have the necessary information for making such refunds, our Company and/or the Registrar will follow the guidelines prescribed by SEBI in this regard included in the SEBI NCS Master Circular.

Utilisation of Application Amount

The sum received in respect of the Issue will be kept in separate bank account(s) and we will have access to such funds only upon allotment of the NCDs, execution of Debenture Trust Deeds and on receipt of listing and trading approval from the Stock Exchange as per applicable provisions of law(s), regulations and approvals.

Utilisation of Issue Proceeds

(a) The allotment letter shall be issued, or application money shall be refunded in accordance with the Applicable Law failing which interest shall be due to be paid to the applicants at the rate of 15% per annum for the delayed period.

(b) All monies received pursuant to the issue of NCDs to public shall be transferred to a separate bank account other than the bank account referred to in sub-section (3) of Section 40 of the Companies Act, 2013.

(c) Details of all monies utilised out of Issue referred to in sub-item (a) shall be disclosed under an appropriate separate head in our Balance Sheet indicating the purpose for which such monies had been utilized.

(d) Details of all unutilised monies out of issue of NCDs, if any, referred to in sub-item (a) shall be disclosed under an appropriate separate head in our Balance Sheet indicating the form in which such unutilised monies have been invested.

(e) Our Company shall utilize the Issue proceeds only upon (i) receipt of minimum subscription; (ii) completion of Allotment in compliance with Section 40 of the Companies Act, 2013; (ii) receipt of listing and trading approval from Stock Exchange and (iii) only upon execution of the documents for creation of security and debenture trust deed.

(f) The Issue proceeds shall not be utilized towards full or part consideration for the purchase or any other acquisition, *inter alia* by way of a lease, of any immovable property.

(g) Details of all utilized and unutilized monies out of the monies collected in the previous issue made by way of public offer shall be disclosed and continued to be disclosed in the balance sheet till the time any part of the proceeds of such previous issue remains unutilized indicating the purpose for which such monies have been utilized and the securities or other forms of financial assets in which such unutilized monies have been invested.

(h) The Issue proceeds shall be utilised in compliance with various guidelines, regulations and clarifications issued by RBI, SEBI or any other statutory authority from time to time. Further the Issue proceeds shall be utilised only for the purpose and objects stated in the Offer Documents.

(i) Allotment is not made, application monies will be refunded/unblocked in the ASBA Accounts within 6 Working Days from the Issue Closing Date or such lesser time as specified by SEBI, failing which interest will be due to be paid to the Applicants in accordance with applicable laws.

Filing of the Prospectus with the RoC

A copy of the Prospectus shall be filed with the RoC, in accordance with Section 26 of the Companies Act, 2013.

Listing

The NCDs offered through this Draft Prospectus are proposed to be listed on BSE. Our Company has obtained an 'in-principle' approval for the Issue from BSE *vide* its letter dated [●]. For the purposes of the Issue, BSE shall be the Designated Stock Exchange.

Our Company will use best efforts to ensure that all steps for the completion of the necessary formalities for listing and commencement of trading at the Stock Exchange are taken within 6 (six) and/or 3 (three) Working Days of the Issue Closing Date. For the avoidance of doubt, it is hereby clarified that in the event of non-subscription to any one or more of the series, such series(s) of NCDs shall not be listed.

Guarantee/Letter of Comfort

The Security proposed for the Issue is not backed by a guarantee or letter of comfort or any other document and/or letter with similar intent.

Arrangers

No arrangers have been appointed for this Issue.

Monitoring and Reporting of Utilisation of Issue Proceeds

There is no requirement for appointment of a monitoring agency in terms of the SEBI NCS Regulations. The Audit Committee shall monitor the utilization of the proceeds of the Issue. For the relevant Fiscals commencing from Fiscal 2026, our Company will disclose in our financial statements, the utilization of the net proceeds of the Issue under a separate head along with details, if any, in relation to all such proceeds of the Issue that have not been utilized thereby also indicating investments, if any, of such unutilized proceeds of the Issue.

Payment of Interest

If Allotment is not made within the prescribed time period under applicable law, the entire subscription amount will be unblocked within the time prescribed under applicable law, failing which interest may be due to be paid to the Applicants, for the delayed period, as prescribed in applicable law. Our Company shall not be liable to pay any interest on monies liable to be refunded in case of (a) invalid applications or applications liable to be rejected, (b) applications which are withdrawn by the Applicant and/or (c) monies paid in excess of the amount of NCDs applied for in the Application Form. For further details, see "*Issue Procedure - Rejection of Applications*" beginning on page 310.

Lien

Our Company will have the right of set-off and lien, present as well as future on the moneys due and payable to the NCD Holder, to the extent of all outstanding dues, if any by the NCD Holder to our Company.

Lien on Pledge of NCDs

Subject to applicable law, our Company, at its discretion, may record a lien on pledge of NCDs if such pledge of NCDs is accepted by any bank or institution for any loan provided to the NCD Holder against pledge of such NCDs as part of the funding.

Delay in Allotment

Our Company shall pay interest at 15% (fifteen percent) per annum if allotment is not made and refund orders/allotment letters are not dispatched and/or demat credits are not made to investors within five Working Days of the Issue Closing Date or date of refusal of the Stock Exchange(s), whichever is earlier.

ISSUE PROCEDURE

*This section applies to all Applicants. Specific attention of all Applicants is invited to the SEBI NCS Master Circular, which provides, inter-alia, that for all public issues of debt securities all Applicants shall mandatorily use the ASBA facility for participating in the Issue. ASBA Applicants and Applicants applying through the Direct Online Application Mechanism (as defined hereinafter) should note that the ASBA process and the Direct Online Application Mechanism involve application procedures that are different from the procedure applicable to all other Applicants. Please note that all Applicants are required to pay the full Application Amount or ensure that the ASBA Account has sufficient credit balance such that the entire Application Amount can be blocked by the SCSB while making an Application. Further in terms of the SEBI NCS Master Circular retail individual investor may use the Unified Payment Interface ("**UPI**") to participate in the public issue for an amount up to ₹500,000 through the app/web interface of the Stock Exchange or through intermediaries (Syndicate Members, Registered Stock Brokers, Registrar and Transfer Agent and Depository Participants). Further all individual investors applying through intermediaries (viz. syndicate members, registered stock brokers, registrar to an issue and transfer agent and depository participants), where the application amount is upto ₹ 5,00,000, shall only use UPI for the purpose of blocking of funds and provide his/ her bank account linked UPI ID in the bid-cum-application form submitted with intermediaries. However, individual investors shall continue to have the choice of availing other modes (viz. through SCSBs and Stock Exchange Platform) for making an application in the public issue.*

Applicants should note that they may submit their Applications to the Designated Intermediaries at the Designated CDP Locations or the RTAs at the Designated RTA Locations or designated branches of SCSBs as mentioned on the Application Form. Applicants are advised to make their independent investigations and ensure that their Applications do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable law or as specified in this Draft Prospectus.

Please note that this section has been prepared based on the SEBI NCS Master Circular and the notifications issued by BSE in relation to the UPI Mechanism, each as amended, from time to time.

Specific attention is drawn to the SEBI NCS Master Circular which provides for allotment in public issues of debt securities to be made on the basis of the date of upload of each application into the electronic book of the Stock Exchange, as opposed to the date and time of upload of each such application.

Our Company and the Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this section and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Prospectus. Investors are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws.

Further, our Company and the Lead Manager are not liable for any adverse occurrences' consequent to the UPI Mechanism for application in the Issue.

PLEASE NOTE THAT ALL DESIGNATED INTERMEDIARIES WHO WISH TO COLLECT AND UPLOAD APPLICATION IN THE ISSUE ON THE ELECTRONIC APPLICATION PLATFORM PROVIDED BY THE STOCK EXCHANGE WILL NEED TO APPROACH THE STOCK EXCHANGE AND FOLLOW THE REQUISITE PROCEDURES AS MAY BE PRESCRIBED BY THE STOCK EXCHANGE. THE FOLLOWING SECTION MAY CONSEQUENTLY UNDERGO CHANGE BETWEEN THE DATES OF THE DRAFT PROSPECTUS, THE PROSPECTUS, THE ISSUE OPENING DATE AND THE ISSUE CLOSING DATE.

THE LEAD MANAGER, THE CONSORTIUM MEMBERS AND OUR COMPANY SHALL NOT BE RESPONSIBLE OR LIABLE FOR ANY ERRORS OR OMISSIONS ON THE PART OF TRADING MEMBERS/DESIGNATED INTERMEDIARIES IN CONNECTION WITH THE RESPONSIBILITY OF TRADING MEMBERS/DESIGNATED INTERMEDIARIES IN RELATION TO COLLECTION AND UPLOAD OF APPLICATION FORMS IN RESPECT OF THE ISSUE ON THE ELECTRONIC APPLICATION PLATFORM PROVIDED BY STOCK EXCHANGE. FURTHER, THE RELEVANT STOCK EXCHANGE WILL BE RESPONSIBLE FOR ADDRESSING INVESTOR GRIEVANCES ARISING FROM APPLICATIONS THROUGH TRADING MEMBERS/DESIGNATED INTERMEDIARIES REGISTERED WITH SUCH STOCK EXCHANGE.

Please note that for the purposes of this section, the term "Working Day" shall mean all days excluding Sundays or a holiday of commercial banks in Mumbai, except with reference to Issue Period, where Working Days shall mean all days, excluding Saturdays, Sundays and holiday of commercial banks in Mumbai. Furthermore, for the purpose of post issue period, i.e., period beginning from Issue Closing Date to listing of the NCDs, Working Days shall mean all trading days of Stock Exchange for non-convertible securities, excluding Saturdays, Sundays and bank holidays in Mumbai.

Availability of this Draft Prospectus, the Prospectus, Abridged Prospectus and Application Forms

The copies of this Draft Prospectus, the Prospectus, Abridged Prospectus, together with Application Forms may be obtained from our Registered Office, Lead Manager to the Issue, Consortium Members for marketing of the Issue, the Registrar to the Issue and the Designated Branches of the SCSBs. Trading Members of the Stock Exchange can download Application Forms from the websites of the Stock Exchange. Further, Application Forms will be provided to Trading Members of the Stock Exchange at their request.

Please note that there is a single Application Form for, persons resident in India.

Method of Application

In terms of the SEBI NCS Master Circular an eligible investor desirous of applying in this Issue can make Applications through the ASBA mechanism only.

All Applicants shall mandatorily apply in the Issue through the ASBA process only. Applicants intending to subscribe in the Issue shall submit a duly filled Application form to any of the Designated Intermediaries. Designated Intermediaries (other than SCSBs) shall submit/deliver the Application Form (except the Application Form from a retail individual investor bidding using the UPI mechanism) to the respective SCSB, where such investor has a bank account and shall not submit it to any non-SCSB bank or any Escrow Bank.

Applicants are requested to note that in terms of the SEBI NCS Master Circular, SEBI has mandated issuers to provide, through a recognized Stock Exchange which offers such a facility, an online interface enabling direct application by investors to a public issue of debt securities with an online payment facility ("**Direct Online Application Mechanism**"). In this regard, SEBI has, through the SEBI NCS Master Circular, directed recognized Stock Exchange in India to put in necessary systems and infrastructure for the implementation of the SEBI NCS Master Circular and the Direct Online Application Mechanism infrastructure for the implementation of the SEBI NCS Master Circular and the Direct Online Application Mechanism. The Direct Online Application facility will be available for this Issue as per mechanism provided in the SEBI NCS Master Circular

Designated Intermediaries (other than SCSBs) shall submit/deliver the Application Form (except the Application Form from a Retail Individual Investor bidding using the UPI mechanism) to the respective SCSB, where such investor has a bank account and shall not submit it to any non-SCSB bank or any Escrow Bank.

Applicants should submit the Application Form only at the Bidding Centers, i.e., to the respective Syndicate Members at the Specified Locations, the SCSBs at the Designated Branches, the Registered Broker at the Broker Centers, the RTAs at the Designated RTA Locations or CDPs at the Designated CDP Locations. Kindly note that Application Forms submitted by Applicants at the Specified Locations will not be accepted if the SCSB with which the ASBA Account, as specified in the Application Form is maintained has not named at least one branch at that location for the Designated Intermediaries for deposit of the Application Forms. A list of such branches is available at http://www.sebi.gov.in.

The relevant Designated Intermediaries, upon receipt of physical Application Forms from Applicants, shall upload the details of these Application Forms to the online platform of the Stock Exchange and submit these Application Forms with the SCSB (except Application Form from RIBs using the UPI Mechanism) with whom the relevant ASBA Accounts are maintained.

Pursuant to SEBI Circular No: SEBI/HO/DDHS/DDHS-PoD-1/P/CIR/2024/128 dated September 24, 2024, all individual investors applying in public issues where the application amount is up to ₹5,00,000 shall use UPI and shall also provide their UPI ID in the bid cum application form submitted with any of the entities mentioned herein below:

1. a syndicate member;

2. a stock broker registered with a recognised stock exchange (and whose name is mentioned on the website of the stock exchange as eligible for this activity);

3. a depository participant (whose name is mentioned on the website of the stock exchange as eligible for this activity); and

4. a registrar to an issue and share transfer agent (whose name is mentioned on the website of the stock exchange as eligible for this activity).

For RIBs using UPI Mechanism, the Stock Exchange shall share the bid details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to RIBs for blocking of funds.

Designated Intermediaries (other than SCSBs) shall not accept any Application Form from a Retail Individual Investor who is not applying using the UPI Mechanism. For Retail Individual Investors using UPI Mechanism, the Stock Exchange shall share the bid details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to Retail Individual Investors for blocking of funds. An Applicant shall submit the Application Form, in physical form, the Application Form shall be stamped at the relevant Designated Branch of the SCSB. Application Forms in physical mode, which shall be stamped, can also be submitted to be the Designated Intermediaries at the Specified Locations. The SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form. Further, the Application may also be submitted through the app or web interface developed by Stock Exchange wherein the Application is automatically uploaded onto the Stock Exchange bidding platform and the amount is blocked using the UPI mechanism, as applicable.

For Applicants who submit the Application Form, in physical mode, the Application Form shall be stamped at the relevant Designated Branch of the SCSB. Application Forms in physical mode, which shall be stamped, can also be submitted to be the Designated Intermediaries at the Specified Locations. The SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form.

Our Company, the Directors, affiliates, associates and their respective directors and officers, Lead Manager and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to ASBA Applications accepted by the Designated Intermediaries, Applications uploaded by SCSBs, Applications accepted but not uploaded by SCSBs or Applications accepted and uploaded without blocking funds in the ASBA Accounts. It shall be presumed that for Applications uploaded by SCSBs, the Application Amount has been blocked in the relevant ASBA Account. Further, all grievances against Designated Intermediaries in relation to the Issue should be made by Applicants directly to the relevant Stock Exchange.

In terms of the SEBI NCS Master Circular, an eligible investor desirous of applying in this Issue can make Applications through the following modes:

1. *Self-Certified Syndicate Bank (SCSB) or intermediaries (viz. Syndicate members, Registered Stock Brokers, Registrar and Transfer agent and Depository Participants)*

    a. An investor may submit the bid-cum-application form, with ASBA as the sole mechanism for making payment, physically at the branch of a SCSB, i.e., investor's bank. For such applications, the existing process of uploading of bid on the Stock Exchange bidding platform and blocking of funds in investors account by the SCSB would continue.

    b. An investor may submit the completed bid-cum-application form to intermediaries mentioned above along with details of his/her bank account for blocking of funds. The intermediary shall upload the bid on the Stock Exchange bidding platform and forward the application form to a branch of a SCSB for blocking of funds.

    c. An investor may submit the bid-cum-application form with a SCSB, or the intermediaries mentioned above and use his / her bank account linked UPI ID for the purpose of blocking of funds, if the application value is ₹5,00,000 or less. The intermediary shall upload the bid on the Stock Exchange bidding platform. The application amount would be blocked through the UPI mechanism in this case.

2. *Through Stock Exchange*

    a. An investor may submit the bid-cum-application form through the App or web interface developed by Stock Exchange (or any other permitted methods) wherein the bid is automatically uploaded onto the Stock Exchange bidding platform and the amount is blocked using the UPI Mechanism.

    b. The Stock Exchanges have extended their web-based platforms i.e., 'BSE Direct' to facilitate investors to apply in public issues of debt securities through the web-based platform and mobile app with a facility to block funds through Unified Payments Interface (UPI) mechanism for application value up to ₹5,00,000. To place bid through the 'BSE Direct' platforms/ mobile apps, the eligible investor is required to register himself/ herself with BSE Direct, as may be applicable.

    c. An investor may use the following links to access the web-based interface developed by the Stock Exchanges to bid using the UPI Mechanism: BSE: https://www.bsedirect.com;.

    d. The BSE Direct mobile application can be downloaded from play store in android phones. Kindly search for 'BSEdirect' on Google Playstore for downloading mobile applications.

    e. To further clarify the submission of bids through the app or web interface, the BSE has issued operational guidelines and circulars dated December 28, 2020 available at https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-60, https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-61 and the circular dated May 5, 2022 available at https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCircular s.aspx?page=20220519-34. \.

Application Size

Each Application should be for a minimum of 10 NCDs and multiples of one NCD thereof.

Applicants can apply for any or all types of NCDs offered hereunder (any/all series) provided the Applicant has applied for minimum application size using the same Application Form.

Applicants are advised to ensure that applications made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and or regulatory provisions.

APPLICATIONS BY VARIOUS APPLICANT CATEGORIES

Applications by Mutual Funds

Pursuant to the SEBI NCS Master Circular for Mutual Funds bearing reference number SEBI/HO/IMD/IMD-PoD-1/ CIR/P/2023/74 dated May 19, 2023, mutual funds are required to ensure that the total exposure of debt schemes of mutual funds in a particular sector shall not exceed 20% of the net assets value of the scheme. Further, the additional exposure limit provided for financial services sector not exceeding 10% of net assets value of scheme shall be allowed only by way of increase in exposure to HFCs. However, the overall exposure in HFCs shall not exceed the sector exposure limit of 20% of the net assets of the scheme. Further, the group level limits for debt schemes and the ceiling be fixed at 10% of net assets value extendable to 15% of net assets value after prior approval of the board of trustees. A separate Application can be made in respect of each scheme of an Indian mutual fund registered with SEBI and such Applications shall not be treated as multiple Applications. Applications made by the AMCs or custodians of a Mutual Fund shall clearly indicate the name of the concerned scheme for which the Application is being made. An Application Form by a mutual fund registered with SEBI for Allotment of the NCDs must be also accompanied by certified true copies of (i) its SEBI registration certificates (ii) the trust deed in respect of such mutual fund (ii) a resolution authorising investment and containing operating instructions and (iii) specimen signatures of authorized signatories. Failing this, the Issuer reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason thereof.

Application by Scheduled Commercial Banks, Co-operative Banks and Regional Rural Banks

Scheduled Commercial Banks, Co-operative Banks and Regional Rural Banks can apply in the Issue based upon their own investment limits and approvals. Applications by them for Allotment of the NCDs must be accompanied by certified true copies of (i) memorandum and articles of association/charter of constitution; (ii) power of attorney; (iii) a board resolution authorising investment; and (iv) a letter of authorisation. Failing this, our Company reserves the right to accept or reject any Application for Allotment of the NCDs in whole or in part, in either case, without assigning any reason therefor.

Failing this, our Company reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason therefor.

Pursuant to SEBI master circular no. SEBI/HO/CFD/PoD-1/P/CIR/2024/0154 dated November 11, 2024, SCSBs making applications on their own account using ASBA facility, should have a separate account in their own name with any other SEBI registered SCSB. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for ASBA applications.

Application by Insurance Companies

Insurance companies registered with the IRDAI can apply in the Issue based on their own investment limits and approvals in accordance with the regulations, guidelines and circulars issued by the IRDAI. The Application Form must be accompanied by certified true copies of their (i) memorandum and articles of association/charter of constitution; (ii) power of attorney; (iii) resolution authorising investments/containing operating instructions; and (iv) specimen signatures of authorised signatories.

Failing this, our Company reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason therefor.

Applications by Indian Alternative Investments Funds

Applications made by 'alternative investment funds' eligible to invest in accordance with the Securities and Exchange Board of India (Alternative Investment Fund) Regulations, 2012, as amended (the "**SEBI AIF Regulations**") for Allotment of the NCDs must be accompanied by certified true copies of (i) SEBI registration certificate; (ii) a resolution authorising investment and containing operating instructions; and (iii) specimen signatures of authorised persons. The Alternative Investment Funds shall at all times comply with the requirements applicable to it under the SEBI AIF Regulations and the relevant notifications issued by SEBI.

Failing this, our Company reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason therefor.

Applications by Associations of persons and/or bodies established pursuant to or registered under any central or state statutory enactment

In case of Applications made by Applications by Associations of persons and/or bodies established pursuant to or registered under any central or state statutory enactment, must submit a (i) certified copy of the certificate of registration or proof of constitution, as applicable, (ii) Power of Attorney, if any, in favour of one or more persons thereof, (iii) such other documents evidencing registration thereof under applicable statutory/regulatory requirements. Further, any trusts applying for NCDs pursuant to the Issue must ensure that (a) they are authorized under applicable statutory/regulatory requirements and their constitution instrument to hold and invest in debentures, (b) they have obtained all necessary approvals, consents or other authorisations, which may be required under applicable statutory and/or regulatory requirements to invest in debentures, and (c) Applications made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and/ or regulatory provisions.

Failing this, our Company reserves the right to accept or reject any Applications in whole or in part, in either case, without assigning any reason, therefore.

Applications by Trusts

In case of Applications made by trusts, settled under the Indian Trusts Act, 1882, as amended, or any other statutory and/or regulatory provision governing the settlement of trusts in India, must submit a (i) certified copy of the registered instrument for creation of such trust, (ii) power of attorney, if any, in favour of one or more trustees thereof, (iii) such other documents evidencing registration thereof under applicable statutory/regulatory requirements. Further, any trusts applying for NCDs pursuant to the Issue must ensure that (a) they are authorized under applicable statutory/regulatory requirements and their constitution instrument to hold and invest in debentures, (b) they have obtained all necessary approvals, consents or other authorisations, which may be required under applicable statutory and/or regulatory requirements to invest in debentures, and (c) Applications made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and or regulatory provisions.

Failing this, our Company reserves the right to accept or reject any Applications in whole or in part, in either case, without assigning any reason therefor.

Applications by Public Financial Institutions or statutory corporations, which are authorized to invest in the NCDs

The Application must be accompanied by certified true copies of: (i) any Act/ Rules under which they are incorporated; (ii) board resolution authorising investments; and (iii) specimen signature of authorized person.

Failing this, our Company reserves the right to accept or reject any Applications in whole or in part, in either case, without assigning any reason therefor.

Applications made by companies, bodies corporate and societies registered under the applicable laws in India

The Application must be accompanied by certified true copies of: (i) any act/ rules under which they are incorporated; (ii) Board Resolution authorising investments; and (iii) Specimen signature of authorized person.

Failing this, our Company reserves the right to accept or reject any Applications in whole or in part, in either case, without assigning any reason therefor.

Applications by Indian scientific and/ or industrial research organizations, which are authorized to invest in the NCDs

Applications by scientific and/ or industrial research organisations which are authorised to invest in the NCDs must be accompanied by certified true copies of: (i) any act/rules under which such Applicant is incorporated; (ii) a resolution of the board of directors of such Applicant authorising investments; and (iii) specimen signature of authorized persons of such Applicant.

Failing this, our Company reserves the right to accept or reject any Applications for Allotment of the NCDs in whole or in part, in either case, without assigning any reason therefor.

Applications by Partnership firms formed under applicable Indian laws in the name of the partners and Limited Liability Partnerships formed and registered under the provisions of the Limited Liability Partnership Act, 2008

Applications made by partnership firms and limited liability partnerships formed and registered under the Limited Liability Partnership Act, 2008 must be accompanied by certified true copies of: (i) the partnership deed for such Applicants; (ii) any documents evidencing registration of such Applicant thereof under applicable statutory/regulatory requirements; (iii) a resolution authorizing the investment and containing operating instructions; and (iv) specimen signature of authorized persons of such Applicant.

Failing this, our Company reserves the right to accept or reject any Applications for Allotment of the NCDs in whole or in part, in either case, without assigning any reason therefor.

Applications under a power of attorney by limited companies, corporate bodies and registered societies

In case of Applications made pursuant to a power of attorney by Applicants from Category I and Category II, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be lodged along with the Application Form.

Failing this, our Company reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason therefor.

In case of Applications made pursuant to a power of attorney by Applicants from Category III and Category IV, a certified copy of the power of attorney must be lodged along with the Application Form.

In case of physical ASBA Applications made pursuant to a power of attorney, a certified copy of the power of attorney must be lodged along with the Application Form.

Failing this our Company, in consultation with the Lead Manager, reserves the right to reject such Applications. Our Company, in its absolute discretion, reserves the right to relax the above condition of attaching the power of attorney along with the Application Forms subject to such terms and conditions that our Company and the Lead Manager may deem fit.

Brokers having online demat account portals may also provide a facility of submitting the Application Forms online to their account holders. Under this facility, a broker receives an online instruction through its portal from the Applicant for making an Application on his or her behalf. Based on such instruction, and a power of attorney granted by the Applicant to authorizes the broker, the broker makes an Application on behalf of the Applicant.

Applications by provident funds, pension funds, superannuation funds and gratuity funds which are authorized to invest in the NCDs

Applications by provident funds, pension funds, superannuation funds and gratuity funds which are authorizes to invest in the NCDs, for Allotment of the NCDs must be accompanied by certified true copies of: (i) any act/rules under which they are incorporated; (ii) a power of attorney, if any, in favour of one or more trustees thereof, (ii) a board resolution authorizes investments; (iii) such other documents evidencing registration thereof under applicable statutory/regulatory requirements; (iv) specimen signature of authorized person; (v) a certified copy of the registered instrument for creation of such fund/trust; and (vi) any tax exemption certificate issued by Income Tax authorities.

Failing this, our Company reserves the right to accept or reject any Applications for Allotment of the NCDs in whole or in part, in either case, without assigning any reason therefor.

Applications by National Investment Funds

Application made by a National Investment Fund for Allotment of the NCDs must be accompanied by certified true copies of: (i) a resolution authorizes investment and containing operating instructions; and (ii) specimen signatures of authorized persons.

Failing this, our Company reserves the right to accept or reject any Applications for Allotment of the NCDs in whole or in part, in either case, without assigning any reason therefor.

Applications by Systematically Important Non-banking financial companies

Applications made by systematically important non-banking financial companies registered with the RBI and under other applicable laws in India must be accompanied by certified true copies of: (i) memorandum and articles of association/charter of constitution; (ii) power of attorney;(iii) board Resolution authorizes investments; and (iii) specimen signature of authorized person.

Failing this, our Company reserves the right to accept or reject any Applications in whole or in part, in either case, without assigning any reason therefor.

The Syndicate Members and their respective associates and affiliates are permitted to subscribe in the Issue.

Applications cannot be made by:

a. Minors without a guardian name* (A guardian may apply on behalf of a minor. However, the name of the guardian will also need to be mentioned on the Application Form);

b. Foreign nationals, NRI *inter-alia* including any NRIs who are (i) based in the USA, and/or, (ii) domiciled in the USA, and/or, (iii) residents/citizens of the USA, and/or, (iv) subject to any taxation laws of the USA;

c. Person's resident outside India and other foreign entities;

d. Foreign Institutional Investors;

e. Foreign Portfolio Investors;

f. Non-Resident Indians;

g. Qualified Foreign Investors;

h. Overseas Corporate Bodies**;

i. Foreign Venture Capital Funds;

j. Any other category of applicants, not provided for, *as disclosed in the section "Issue Procedure-Who can apply?"* at page 283; and

k. Person's ineligible to contract under applicable statutory/ regulatory requirements.

* *Applicant shall ensure that guardian is competent to contract under Indian Contract Act, 1872*

The Registrar to the Issue shall verify the above on the basis of the records provided by the Depositories based on the DP ID and Client ID provided by the Applicants in the Application Form and uploaded onto the electronic system of the Stock Exchange by the Designated Intermediaries.

Based on the information provided by the Depositories, our Company shall have the right to accept Applications belonging to an account for the benefit of a minor (under guardianship). In case of such Applications, the Registrar to the Issue shall verify the above on the basis of the records provided by the Depositories based on the DP ID and Client ID provided by the Applicants in the Application Form and uploaded onto the electronic system of the Stock Exchange.

** *The concept of Overseas Corporate Bodies (meaning any company, partnership firm, society and other corporate body or overseas trust irrevocably owned/held directly or indirectly to the extent of at least 60% by NRIs), which was in existence until 2003, was withdrawn by the Foreign Exchange Management (Withdrawal of General Permission to Overseas Corporate Bodies) Regulations, 2003. Accordingly, OCBs are not permitted to invest in the Issue.*

Payment instructions

Payment mechanism for Applicants

An Applicant shall specify details of the ASBA Account Number in the Application Form and the relevant SCSB shall block an amount equivalent to the Application Amount in the ASBA Account specified in the Application Form.

An Applicant may submit the completed Application Form to designated intermediaries along with details of his/her bank account for blocking of funds. The intermediary shall upload the bid on the Designated Stock Exchange bidding platform and forward the application form to a branch of a SCSB for blocking of funds.

An Applicant (belonging to Category IV) may also submit the Application Form with a SCSB, or the intermediaries mentioned above and use his / her bank account linked UPI ID for the purpose of blocking of funds, if the application value is ₹5,00,000 or less. The intermediary shall upload the bid on the Stock Exchange bidding platform. The application amount would be blocked through the UPI Mechanism once the mandate request has been successfully accepted by the Applicant in this case.

An Applicant may submit the Application Form through the App or web interface developed by Stock Exchange wherein the bid is automatically uploaded onto the Stock Exchange bidding platform and the amount is blocked using the UPI Mechanism once the mandate request has been successfully accepted by the Applicant.

Upon receipt of an intimation from the Registrar to the Issue, the SCSBs shall, on the Designated Date, transfer such blocked amount from the ASBA Account to the Public Issue Account in terms of the Public Issue Account and Sponsor Bank Agreement. The balance amount remaining after the authorizes of the Basis of Allotment shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the Issue to the respective SCSB within 6 (six) Working Days of the Issue Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application, as the case may be.

For ASBA Applications submitted to the Lead Manager or Consortium Member or Trading Members of the Stock Exchange at the Specified Cities, the ASBA Application will be uploaded onto the electronic system of the Stock Exchange and deposited with the relevant branch of the SCSB at the Specified City named by such SCSB to accept such ASBA Applications from the Lead Manager or Trading Members of the Stock Exchange, as the case may be (A list of such branches is available at https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=44). The relevant branch of the SCSB shall perform verification procedures and block an amount in the ASBA Account equal to the Application Amount specified in the ASBA Application.

For ASBA Applications submitted directly to the SCSBs, the relevant SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the ASBA Application, before entering the ASBA Application into the electronic system of the Stock Exchange. SCSBs may provide the electronic mode of application either through an internet enabled application and banking facility or such other secured, electronically enabled mechanism for application and blocking of funds in the ASBA Account.

Applicants should ensure that they have funds equal to the Application Amount in the ASBA Account before submitting the ASBA Application to the Lead Manager or Consortium Member or Trading Members of the Stock Exchange, as the case may be, at the Specified Cities or to the Designated Branches of the SCSBs. An ASBA Application where the corresponding ASBA Account does not have sufficient funds equal to the Application Amount at the time of blocking the ASBA Account is liable to be rejected.

The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of the Issue or until withdrawal/ rejection of the Application Form, as the case may be. Once the Basis of Allotment is approved, the Registrar to the Issue shall send an appropriate request to the controlling branch of the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount pertaining to NCDs allotted to the successful Applicants to the Public Issue Account(s). The balance amount remaining after the authorizes of the Basis of Allotment shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the respective SCSB within 5 (five) Working Days of the Issue Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the ASBA Application, as the case may be. In case of withdrawal/ failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

Payment mechanism for Direct Online Applicants

In the event the Direct Online Application facility is implemented by the Stock Exchange, relevant "know your customer" details of such Applicants will be validated online from the Depositories, on the basis of the DP ID and Client ID provided by them in the Application Form. On successful submission of a Direct Online Application, the Applicant will receive a system-generated unique application number ("UAN") and an SMS or an email confirmation on credit of the requisite Application Amount paid through the online payment facility with the Direct Online Application. On Allotment, the Registrar to the Issue shall credit NCDs to the beneficiary account of the Applicant and in case of refund, the refund amount shall be credited directly to the Applicant's bank account. Applicants applying through the Direct Online Application facility must preserve their UAN and quote their UAN in: (a) any cancellation/withdrawal of their Application; (b) in queries in connection with Allotment of NCDs and/or refund(s); and/or (c) in all investor grievances/complaints in connection with the Issue**.**

Additional information for Applicants

1. Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected.

2. No separate receipts will be issued for the money blocked on the submission of Application Form. However, the collection center of the Designated Intermediaries will acknowledge the receipt of the Application Forms by stamping and returning to the Applicant the acknowledgement slip. This acknowledgement slip will serve as the duplicate of the Application Form for the records of the Applicant.

3. Applications should be submitted on the Application Form only. In the event that physical Application Form do not bear the stamp of the Designated Intermediaries, or the relevant Designated Branch, as the case may be, they are liable to be rejected.

4. Application Forms submitted by Applicants shall be for allotment of NCDs only in dematerialized form.

Additional Instructions for Retail Individual Investors using the UPI mechanism:

1. Before submission of the application form with the Designated Intermediary, a Retail Individual Investor shall download the mobile app for UPI and create a UPI ID (xyz@bankname) of not more than 45 characters with its bank and link it to his/ her bank account where the funds equivalent to the application amount is available.

2. The Retail Individual Investor shall fill in the bid details in the application form along with his/ her bank account linked UPI ID and submit the application with any of the intermediaries or through the stock exchange App/ Web interface.

3. The Designated Intermediary, upon receipt of form, shall upload the bid details along with the UPI ID on the Stock Exchange(s) bidding platform using appropriate protocols.

4. Once the bid has been entered in the bidding platform, the Stock Exchange(s) shall undertake validation of the PAN and Demat account combination details of investor with the depository.

5. The Depository shall validate the aforesaid PAN and Demat account details on a near real time basis and send response to Stock Exchange(s) which would be shared by the Stock Exchange(s) with the Designated Intermediaries through its platform, for corrections, if any.

6. Once the bid details are uploaded on the Stock Exchange(s) platform, the Stock Exchange(s) shall send an SMS to the investor regarding submission of his / her application, at the end of day, during the bidding period. For the last day of bidding, the SMS may be sent the next Working Day.

7. Post undertaking validation with the Depository, the Stock Exchange(s) shall, on a continuous basis, electronically share the bid details along with investors UPI ID, with the Sponsor Bank appointed by our Company.

8. The Sponsor Bank shall initiate a mandate request on the investor i.e., request the investor to authorize blocking of funds equivalent to application amount and subsequent debit of funds in case of allotment.

9. The request raised by the Sponsor Bank, would be electronically received by the investor as a SMS / intimation on his / her mobile no. / mobile app, associated with the UPI ID linked bank account.

10. The investor shall be able to view the amount to be blocked as per his / her bid in such intimation. The investor shall be able to view an attachment wherein the bid details submitted by such investor will be visible. After reviewing the details properly, the investor shall be required to proceed to authorize the mandate. Such mandate raised by the Sponsor Bank would be a one-time mandate for each application in the Issue.

11. The investor is required to accept the UPI mandate latest by 5 pm on the third working day from the day of bidding on the stock exchange platform except for the last day of the Issue period or any other modified closure date of the Issue period in which case, he / she is required to accept the UPI mandate latest by 5 pm the next Working Day.

12. The investor shall not be allowed to add or modify the bid(s) of the application except for modification of either DP ID/Client ID, or PAN ID but not both. However, the investor can withdraw the bid(s) and reapply.

13. For mismatch bids, on successful validation of PAN and DP ID/ Client ID combination during T+1 (T being the Issue Closing Date) modification session, such bids will be sent to Sponsor Bank for further processing by the Exchange on T+1 (T being the Issue Closing Date) day till 1 pm.

14. The facility of Re-initiation/ Resending the UPI mandate shall be available only till 5 pm on the day of bidding.

15. Upon successful validation of block request by the investor, as above, the said information would be electronically received by the investors' bank, where the funds, equivalent to application amount, would get blocked in investors account. Intimation regarding confirmation of such block of funds in investors account would also be received by the investor.

16. The information containing status of block request (e.g., accepted / decline / pending) would also be shared with the Sponsor Bank, which in turn would be shared with the Stock Exchange(s). The block request status would also be displayed on the Stock Exchange(s) platform for information of the intermediary.

17. The information received from Sponsor Bank, would be shared by Stock Exchange(s) with the Registrar to the Issue in the form of a file for the purpose of reconciliation.

18. Post closure of the Issue, the Stock Exchange(s) shall share the bid details with the Registrar to the Issue. Further, the Stock Exchange(s) shall also provide the Registrar to the Issue, the final file received from the Sponsor Bank, containing status of blocked funds or otherwise, along with the bank account details with respect to applications made using UPI ID.

19. The allotment of debt securities shall be done as per SEBI NCS Master Circular.

20. The RTA, based on information of bidding and blocking received from the Stock Exchange, shall undertake reconciliation of the bid data and block confirmation corresponding to the bids by all investor category applications (with and without the use of UPI) and prepare the basis of allotment.

21. Upon approval of the basis of allotment, the RTA shall share the 'debit' file with Sponsor bank (through Stock Exchange) and SCSBs, as applicable, for credit of funds in the public issue account and unblocking of excess funds in the investor's account. The Sponsor Bank, based on the mandate approved by the investor at the time of blocking of funds, shall raise the debit / collect request from the investor's bank account, whereupon funds will be transferred from investor's account to the public issue account and remaining funds, if any, will be unblocked without any manual intervention by investor or their bank.

22. Upon confirmation of receipt of funds in the public issue account, the securities would be credited to the investor's account. The investor will be notified for full/partial allotment. For partial allotment, the remaining funds would be unblocked. For no allotment, mandate would be revoked and application amount would be unblocked for the investor.

23. Thereafter, Stock Exchange will issue the listing and trading approval.

24. Further, in accordance with the Operational Instructions and Guidelines for Making Application for Public Issue of Debt Securities through BSE Direct issued by BSE on December 28, 2020 and May 19, 2022, the investor shall also be responsible for the following:

    a. Investor shall check the Issue details before placing desired bids;

    b. Investor shall check and understand the UPI mandate acceptance and block of funds process before placing the bid;

    c. The receipt of the SMS for mandate acceptance is dependent upon the system response/integration of UPI on Debt Public Issue System;

    d. Investor shall accept the UPI Mandate Requests within the stipulated timeline;

    e. Investor shall note that the transaction will be treated as completed only after the acceptance of mandates by the investor by way of authorising the transaction by entering their UPI pin and successfully blocking funds through the ASBA process by the investor's bank;

    f. Investor shall check the status of their bid with respect to the mandate acceptance and blocking of funds for the completion of the transaction; and

    g. In case the investor does not accept the mandate within stipulated timelines, in such case their bid will not be considered for allocation.

Applicants are advised not to submit Application Forms to Public Issue Account Banks and the same will be rejected in such cases and the Applicants will not be entitled to any compensation whatsoever.

Filing of the Prospectus with the RoC

A copy of the Prospectus shall be filed with the RoC, in accordance with Section 26 of the Companies Act, 2013.

Pre-Issue Advertisement

Subject to Section 30 of the Companies Act, 2013, our Company will issue a statutory advertisement on or before the Issue Opening Date. This advertisement will be issued in compliance with the Regulation 30(1) of SEBI NCS Regulations and shall contain the information as prescribed in the SEBI NCS Regulations and Section 30 of the Companies Act, 2013.

Material updates, if any, between the date of filing of the Prospectus with the RoC and the date of release of the statutory advertisement will be included in the statutory advertisement information as prescribed under SEBI NCS Regulations.

Instructions for completing the Application Form

1. Applications must be made in prescribed Application Form only;

2. All Applicants should check if they are eligible to apply as per the terms of this Draft Prospectus, the Prospectus, and applicable laws.

3. ASBA Applicants should ensure that their Application Form is submitted either at a Designated Branch of a SCSB where the ASBA Account is maintained or with the Members of the Syndicate or Trading Members of the Stock Exchange(s) at the Specified Cities, and not directly to the escrow collecting banks (assuming that such bank is not a SCSB) or to our Company or the Registrar to the Issue.

4. In case of ASBA Applications through Syndicate ASBA, before submitting the physical Application Form to the Members of the Syndicate or Trading Members of the stock exchange(s), ensure that the SCSB where the ASBA Account, as specified in the ASBA Form, is maintained has named at-least one branch in that Specified City for the Members of the Syndicate or Trading Members of the stock exchange(s), as the case may be, to deposit ASBA Forms (A list of such branches is available at https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=45).

5. ASBA Applicants should ensure that the Application Form is signed by the ASBA Account holder in case the ASBA Applicant is not the account holder. ASBA Applicants should ensure that they receive an acknowledgement from the Designated Branch or the concerned Members of the Syndicate or Trading Members of the Stock Exchange(s), as the case may be, for the submission of the Application Form.

6. Application Forms must be completed in BLOCK LETTERS in English, in accordance with the instructions contained in this Draft Prospectus and the Application Form. Incomplete Application Forms are liable to be rejected. Applicants should note that the Designated Intermediaries will not be liable for errors in data entry due to incomplete or illegible Application Forms,

7. Applications should be in single or joint names and not exceeding three names, and in the same order as their Depository Participant details (in case of Applicants applying for Allotment of the Bonds in authorized form) and Applications should be made by Karta in case the Applicant is an HUF. Please ensure that such Applications contain the PAN of the HUF and not of the Karta. If the Application is submitted in joint names, the Application Form should contain only the name of the first Applicant whose name should also appear as the first holder of the depository account held in joint names.

8. Applicants applying for Allotment in dematerialized form must provide details of valid and active DP ID, Client ID and PAN clearly and without error. On the basis of such Applicant's active DP ID, Client ID and PAN provided in the Application Form, and as entered into the electronic Application system of Stock Exchange by SCSBs, the Members of the Syndicate at the Syndicate ASBA Application Locations and the Trading Members, as the case may be, the Registrar will obtain from the Depository the Demographic Details. Invalid accounts, suspended accounts or where such account is classified as invalid or suspended may not be considered for Allotment of the NCDs

9. Applications must be for a minimum of 10 (Ten) NCDs and in multiples of 1 NCD thereafter. For the purpose of fulfilling the requirement of minimum application size of 10 (Ten) NCDs, an Applicant may choose to apply for 10 (Ten) NCDs or more in a single Application Form. Applications for all series of NCDs may be made in a single Application Form only.

10. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.

11. Applications should be made by Karta in case of HUFs. Applicants are required to ensure that the PAN details of the HUF are mentioned and not those of the Karta. In case of an HUF applying through its Karta, the Applicant is required to specify the name of an Applicant in the Application Form as 'XYZ Hindu Undivided Family applying through PQR', where PQR is the name of the Karta.

12. Thumb impressions and signatures other than in English/Hindi/Gujarati/Marathi or any other languages specified in the 8th Schedule of the Constitution needs to be attested by a Magistrate or Notary Public or a Special Executive Magistrate under his/her seal;

13. No separate receipts will be issued for the money payable on the submission of the Application Form. However, the Members of Consortium, Trading Members of the Stock Exchange or the Designated Branches of the SCSBs, as the case may be, will acknowledge the receipt of the Application Forms by stamping and returning to the Applicants the Transaction Registration Slip ("TRS"). This TRS will serve as the duplicate of the Application Form for the records of the Applicant. Applicants must ensure that the requisite documents are attached to the Application Form prior to submission and receipt of acknowledgement from the Lead Manager, Trading Member of the Stock Exchange or the Designated Branch of the SCSBs, as the case may be.

14. The Designated Intermediaries or the Designated Branches of the SCSBs, as the case may be, will acknowledge the receipt of the Application Forms by stamping and returning to the Applicants the acknowledgement slip. This acknowledgement slip will serve as the duplicate of the Application Form for the records of the Applicant. Applicants must ensure that the requisite documents are attached to the Application Form prior to submission and receipt of acknowledgement from the relevant Designated Intermediaries or the Designated Branch of the SCSBs, as the case may be.

15. Every Applicant should hold a valid PAN and mention the same in the Application Form and submit the same. Applicant without PAN is liable to be rejected, irrespective of the amount

16. All Applicants are required to tick the relevant column of "Category of Investor" and "Series of NCDs" in the Application Form.

17. Applicants should correctly mention the ASBA Account number and UPI ID in case applying through UPI mechanism, and ensure that funds equal to the Application Amount are available in the ASBA Account before submitting the Application Form and also ensure that the signature in the Application Form matches with the signature in Applicant's bank records, otherwise the Application is liable to be rejected

18. Applicants must provide details of valid and active DP ID, UPI ID, Client ID and PAN clearly and without error. On the basis of such Applicant's active DP ID, UPI ID, Client ID and PAN provided in the Application Form, and as entered into the electronic Application system of Stock Exchange by SCSBs, the Designated Intermediaries, the Registrar will obtain from the Depository the Demographic Details. Invalid accounts, suspended accounts or where such account is classified as invalid or suspended may not be considered for Allotment of the NCDs. If the ASBA Account holder is different from the Applicant, the Application Form should be signed by the ASBA Account holder, in accordance with the instructions provided in the Application Form. Not more than five Applications can be made from one single ASBA Account;

19. For Applicants, the Applications in physical mode should be submitted to the SCSBs or a member of the Syndicate or to the Trading Members of the Stock Exchange on the prescribed Application Form. SCSBs may provide the electronic mode for making Application either through an internet enabled banking facility or such other secured, electronically enabled mechanism for Application and blocking funds in the ASBA Account;

20. Application Forms should bear the stamp of the Member of the Syndicate, Trading Member of the Stock Exchange, Designated Intermediaries and/or Designated Branch of the SCSB. Application Forms which do not bear the stamp will be rejected.

21. Applicant should correctly mention the ASBA Account number and UPI ID in case applying through UPI Mechanism and ensure that funds equal to the Application Amount are available in the ASBA Account before submitting the Application Form and ensure that the signature in the Application Form matches with the signature in the Applicant's bank records.

The series, mode of allotment, PAN, demat account number, etc. should be captured by the relevant Designated Intermediaries in the data entries as such data entries will be considered for allotment.

Applicants should note that neither the Members of the Consortium nor the other Designated Intermediaries, as the case may be, will be liable for error in data entry due to incomplete or illegible Application Forms. Our Company would allot the NCDs, as specified in the Prospectus for the Issue to all valid Applications, wherein the Applicants have not indicated their choice of the relevant series of NCDs.

Applicants' PAN, Depository Account and Bank Account Details

ALL APPLICANTS APPLYING FOR ALLOTMENT OF THE NCDS SHOULD MENTION THEIR DP ID, CLIENT ID, PAN AND UPI ID (IN CASE APPLYING THROUGH UPI MECHANISM) IN THE APPLICATION FORM. APPLICANTS MUST ENSURE THAT THE DP ID, CLIENT ID PAN AND UPI ID GIVEN IN THE APPLICATION FORM IS EXACTLY THE SAME AS THE DP ID, CLIENT ID, PAN AND UPI ID AVAILABLE IN THE DEPOSITORY DATABASE. IF THE BENEFICIARY ACCOUNT IS HELD IN JOINT NAMES, THE APPLICATION FORM SHOULD CONTAIN THE NAME AND PAN OF BOTH THE HOLDERS OF THE BENEFICIARY ACCOUNT AND SIGNATURES OF BOTH HOLDERS WOULD BE REQUIRED IN THE APPLICATION FORM.

Applicants applying for Allotment in dematerialised form must mention their DP ID, Client ID, PAN and UPI ID (in case applying through UPI Mechanism) in the Application Form and ensure that the name provided in the Application Form is exactly the same as the name in which the Beneficiary Account is held. In case the Application Form for Allotment in dematerialised form is submitted in the first Applicant's name, it should be ensured that the Beneficiary

Account is held in the same joint names and in the same sequence in which they appear in the Application Form. In case the DP ID, Client ID and PAN mentioned in the Application Form for Allotment in dematerialised form and entered into the electronic system of the Stock Exchange do not match with the DP ID, Client ID and PAN available in the Depository database or in case PAN is not available in the Depository database, the Application Form for Allotment in dematerialised form is liable to be rejected. Further, Application Forms submitted by Applicants applying for Allotment in dematerialised form, whose beneficiary accounts are inactive, will be rejected.

On the basis of the DP ID, Client ID, PAN and UPI ID provided by them in the Application Form, the Registrar to the Issue will obtain from the Depository the Demographic Details of the Applicants including PAN and MICR code. These Demographic Details would be used for giving Allotment Advice and unblocking intimations, if any, to the Applicants. Hence, Applicants are advised to immediately update their Demographic Details (including bank account details) as appearing on the records of the Depository Participant and ensure that they are true and correct. Please note that failure to do so could result in delays in authorizes unblocking of funds, if any, to Applicants, delivery of Allotment Advice or unblocking of ASBA Accounts at the Applicants' sole risk, and neither the Members of the Consortium nor the Designated Intermediaries, nor the Registrar, nor the Banker(s) to the Issue, nor the SCSBs, nor our Company shall have any responsibility and undertake any liability for the same.

Applicants should note that in case the DP ID, Client ID and PAN mentioned in the Application Form, as the case may be and entered into the electronic Application system of the Stock Exchange by the Members of the Consortium or the Designated Intermediaries, as the case may be, do not match with the DP ID, Client ID and PAN available in the Depository database or in case PAN is not available in the Depository database, the Application Form is liable to be rejected and our Company, the Members of the Consortium and the other Designated Intermediaries shall not be liable for losses, if any.

These Demographic Details would be used for all correspondence with the Applicants including mailing of the Allotment Advice and for unblocking intimations (if any) as applicable. The Demographic Details given by Applicants in the Application Form would not be used for any other purpose by the Registrar to the Issue except in relation to this Issue.

By signing the Application Form, Applicants applying for the NCDs would be deemed to have authorizes the Depositories to provide, upon request, to the Registrar, the required Demographic Details as available on its records.

Allotment Advice would be mailed by post or e-mail at the address of the Applicants in accordance with the Demographic Details received from the Depositories. Applicants may note that delivery of Allotment Advice may get delayed if the same once sent to the address obtained from the Depositories are returned undelivered. Further, please note that any such delay shall be at such Applicants' sole risk and neither our Company, Banker(s) to the Issue, Registrar to the Issue nor the Lead Manager shall be liable to compensate the Applicant for any losses caused to the Applicants due to any such delay or liable to pay any interest for such delay. In case of unblocking through electronic modes as detailed in the Prospectus, unblocking may be delayed if bank particulars obtained from the Depository Participant are incorrect.

In case of Applications made under powers of attorney, our Company in its absolute discretion, reserves the right to permit the holder of a power of attorney to request the Registrar to the Issue that for the purpose of printing particulars on and mailing of the Allotment Advice through post, the Demographic Details obtained from the Depository of the Applicant shall be used.

With effect from August 16, 2010, the beneficiary accounts of Applicants for whom PAN details have not been verified shall be suspended for credit and no credit of NCDs pursuant to this Issue will be made into the accounts of the Applicants. Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected. Furthermore, in case no corresponding record is available with the Depositories, which matches the four parameters, namely, DP ID, Client ID, PAN and UPI ID then such Applications are liable to be rejected.

Applicants should note that the NCDs will be allotted to all successful Applicants only in dematerialized form. The Application Forms which do not have the details of the Applicant's depository account, including DP ID, Client ID and PAN and UPI ID (for Retail Individual Investor Applicants bidding using the UPI mechanism), shall be treated as incomplete and will be rejected.

APPLICATIONS FOR ALLOTMENT OF NCDs IN THE DEMATERIALIZED FORM

Submission of Applications

This section is for the information of the Applicants proposing to subscribe to the Issue. The Lead Manager and our Company are not liable for any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and to ensure that the Application Form is correctly filled up.

Our Company, our directors, affiliates, associates and their respective directors and officers, Lead Manager and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to Applications

accepted by and/or uploaded by and/or accepted but not uploaded by Consortium Member, Trading Members, Registered Brokers, CDPs, CRTAs and SCSBs who are authorised to collect Application Forms from the Applicants in the Issue, or Applications accepted and uploaded without blocking funds in the ASBA Accounts by SCSBs. It shall be presumed that for Applications uploaded by SCSBs, the Application Amount payable on Application has been blocked in the relevant ASBA Account. The list of branches of the SCSBs at the Specified Locations named by the respective SCSBs to receive Application Forms from the Members of the Syndicate is available on the website of SEBI Our Company, our directors, affiliates, associates and their respective directors and officers, Lead Manager and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to Applications accepted by and/or uploaded by and/or accepted but not uploaded by Consortium Member, Trading Members, Registered Brokers, CDPs, CRTAs and SCSBs who are authorised to collect Application Forms from the Applicants in the Issue, or Applications accepted and uploaded without blocking funds in the ASBA Accounts by SCSBs. It shall be presumed that for Applications uploaded by SCSBs, the Application Amount payable on Application has been blocked in the relevant ASBA Account. The list of branches of the SCSBs at the Specified Locations named by the respective SCSBs to receive Application Forms from the Members of the Syndicate is available on the website of SEBI.

Applicants can apply for NCDs only using the ASBA facility pursuant to SEBI NCS Master Circular. ASBA Applications can be submitted through either of the following modes:

(a) Physically or electronically to the Designated Branches of the SCSB(s) with whom an Applicant's ASBA Account is maintained. In case of ASBA Application in physical mode, the Applicant shall submit the Application Form at the relevant Designated Branch of the SCSB(s). The Designated Branch shall verify if sufficient funds equal to the Application Amount are available in the ASBA Account and shall also verify that the signature on the Application Form matches with the Investor's bank records, as mentioned in the ASBA Application, prior to uploading such ASBA Application into the electronic system of the Stock Exchange. If sufficient funds are not available in the ASBA Account, the respective Designated Branch shall reject such ASBA Application and shall not upload such ASBA Application in the electronic system of the Stock Exchange. If sufficient funds are available in the ASBA Account, the Designated Branch shall block an amount equivalent to the Application Amount and upload details of the ASBA Application in the electronic system of the Stock Exchange. The Designated Branch of the SCSBs shall stamp the Application Form and issue an acknowledgement as proof of having accepted the Application. In case of Application in the electronic mode, the Applicant shall submit the ASBA Application either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for application and blocking funds in the ASBA Account held with SCSB, and accordingly register such ASBA Applications.

(b) Physically through the Consortium Members, Lead Manager, or Trading Members of the Stock Exchange only at the Specified Cities i.e., Syndicate ASBA. Kindly note that ASBA Applications submitted to the Consortium Members, Lead Manager or Trading Members of the Stock Exchange at the Specified Cities will not be accepted if the SCSB where the ASBA Account is maintained, as specified in the ASBA Application, is maintained has not named at least one branch at that Specified City for the Consortium Members, Lead Manager or Trading Members of the Stock Exchange, as the case may be, to deposit ASBA Applications (A list of such branches is available at https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=45).

(c) A UPI Investor making an Application in the Issue under the UPI Mechanism, where the Application Amount is up to ₹5,00,000, can submit his Application Form physically to a SCSB or a Designated Intermediary. The Designated Intermediary shall upload the application details along with the UPI ID on the Stock Exchange's bidding platform using appropriate protocols. Kindly note that in this case, the Application Amount will be blocked through the UPI Mechanism.

A UPI Investor may also submit the Application Form for the Issue through BSE Direct, wherein the Application will be automatically uploaded onto the Stock Exchange's bidding platform and an amount equivalent to the Application Amount shall be blocked using the UPI Mechanism.

Upon receipt of the Application Form by the Consortium Members, Lead Manager or Trading Members of the Stock Exchange, as the case may be, an acknowledgement shall be issued by giving the counter foil of the Application Form to the Applicant as proof of having accepted the Application. Thereafter, the details of the Application shall be uploaded in the electronic system of the Stock Exchange and the Application Form shall be forwarded to the relevant branch of the SCSB, in the relevant Specified City, named by such SCSB to accept such ASBA Applications from the Consortium Members, Lead Manager or Trading Members of the Stock Exchange, as the case may be (A list of such branches is available at https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=45). Upon receipt of the ASBA Application, the relevant branch of the SCSB shall perform verification procedures including verification of the Applicant's signature with his bank records and check if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the ASBA Form. If sufficient funds are not available in the ASBA Account, the relevant ASBA Application is liable to be rejected. If sufficient funds are available in the ASBA Account, the relevant branch of the SCSB shall block an amount equivalent to the Application Amount mentioned in the ASBA Application. The Application Amount

shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of the Issue or until withdrawal/ rejection of the Application Form, as the case may be.

Applicants must note that:

(a) Physical Application Forms will be available with the Designated Branches of the SCSBs and with the Lead Manager and Trading Members of the Stock Exchange at the Specified Cities; and electronic Application Forms will be available on the websites of the SCSBs and the Stock Exchange at least one day prior to the Issue Opening Date. Application Forms will also be provided to the Trading Members of the Stock Exchange at their request. The Application Forms would be serially numbered. Further, the SCSBs will ensure that the Prospectus are made available on their websites.

(b) The Designated Branches of the SCSBs shall accept ASBA Applications directly from Applicants only during the Issue Period. The SCSB shall not accept any ASBA Applications directly from Applicants after the closing time of acceptance of Applications on the Issue Closing Date. However, in case of Syndicate ASBA, the relevant branches of the SCSBs at Specified Cities can accept ASBA Applications from the Lead Manager or Trading Members of the Stock Exchange, as the case may be, after the closing time of acceptance of Applications on the Issue Closing Date. For further information on the Issue programme, please see section titled "*Issue Related Information*" on page 261.

(c) In case of Applications through Syndicate ASBA, the physical Application Form shall bear the stamp of the Lead Manager or Consortium Member or Trading Members of the Stock Exchange, as the case maybe, if not, the same shall be rejected. Application Forms directly submitted to SCSBs should bear the stamp of SCSBs, if not, the same are liable to be rejected.

Please note that Applicants can make an Application for Allotment of NCDs in the dematerialized form only.

INSTRUCTIONS FOR FILLING-UP THE APPLICATION FORM

General Instructions

A. General instructions for completing the Application Form

- Applications must be made in prescribed Application Form only;
- Application Forms must be completed in block letters in English, as per the instructions contained in this Draft Prospectus, the Prospectus, the Abridged Prospectus and the Application Form.
- If the Application is submitted in joint names, the Application Form should contain only the name of the first Applicant whose name should also appear as the first holder of the depository account held in joint names.
- Applicants must apply for Allotment in dematerialised on form and must provide details of valid and active DP ID, Client ID and PAN clearly and without error. On the basis of such Applicant's active DP ID, Client ID and PAN provided in the Application Form, and as entered into the electronic Application system of Stock Exchange by SCSBs, the Members of the Syndicate at the Syndicate ASBA Application Locations and the Trading Members, as the case may be, the Registrar will obtain from the Depository the Demographic Details. Invalid accounts, suspended accounts or where such account is classified as invalid or suspended may not be considered for Allotment of the NCDs.
- The minimum number of Applications and minimum application size shall be specified in the Prospectus. Applicants may apply for one or more series of NCDs Applied for in a single Application Form.
- Applications should be in single or joint names and not exceeding three names, and in the same order as their Depository Participant details (in case of Applicants applying for Allotment of the Bonds in dematerialised form). If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.
- Applications should be made by Karta in case of HUFs. Applicants are required to ensure that the PAN details of the HUF are mentioned and not those of the Karta;

- Thumb impressions and signatures other than in English/Hindi/Gujarati/Marathi or any other languages specified in the 8th Schedule of the Constitution need to be attested by a Magistrate or Notary Public or a Special Executive Magistrate under his/her seal;

- No separate receipts will be issued for the money payable on the submission of the Application Form. However, the Lead Manager, Consortium Member, Trading Members of the Stock Exchange or the Designated Branches of the SCSBs, as the case may be, will acknowledge the receipt of the Application Forms by stamping and returning to the Applicants the acknowledgement slip. This acknowledgement slip will serve as the duplicate of the Application Form for the records of the Applicant. Applicants must ensure that the requisite documents are attached to the Application Form prior to submission and receipt of acknowledgement from the relevant Lead Manager, Consortium Member, Trading Member of the Stock Exchange or the Designated Branch of the SCSBs, as the case may be.

- Every Applicant should hold valid Permanent Account Number (PAN) and mention the same in the Application Form.

- All Applicants are required to tick the relevant column of "Category of Investor" in the Application Form.

- ASBA will be the default "Mode of Application" as per the SEBI NCS Master Circular.

- Applicants should correctly mention the ASBA Account number and ensure that funds equal to the Application Amount are available in the ASBA Account before submitting the Application Form to the Designated Branch and also ensure that the signature in the Application Form matches with the signature in Applicant's bank records, otherwise the Application is liable to be rejected.

- The Designated Intermediaries or the Designated Branches of the SCSBs, as the case may be, will acknowledge the receipt of the Application Forms by stamping and returning to the Applicants the acknowledgement slip. This acknowledgement slip will serve as the duplicate of the Application Form for the records of the Applicant. Applicants must ensure that the requisite documents are attached to the Application Form prior to submission and receipt of acknowledgement from the relevant Designated Intermediaries or the Designated Branch of the SCSBs, as the case may be.

The series, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Lead Manager, Consortium Member, Trading Member of the Stock Exchange in the data entries as such data entries will be considered for allotment.

Applicants should note that neither the Lead Manager, Consortium Member, Trading Member of the Stock Exchange, Public Issue Account Banks nor Designated Branches, as the case may be, will be liable for error in data entry due to incomplete or illegible Application Forms.

Our Company would allot the series of NCDs, as specified in the Prospectus to all valid Applications, wherein the Applicants have not indicated their choice of the relevant series of NCDs.

B. Applicant's Beneficiary Account and Bank Account Details

Applicants applying for Allotment in dematerialized form must mention their DP ID, Client ID, PAN and UPI ID (in case applying through UPI Mechanism) in the Application Form and ensure that the name provided in the Application Form is exactly the same as the name in which the Beneficiary Account is held. In case the Application Form for Allotment in dematerialized form is submitted in the first Applicant's name, it should be ensured that the Beneficiary Account is held in the same joint names and in the same sequence in which they appear in the Application Form. In case the DP ID, Client ID and PAN mentioned in the Application Form for Allotment in dematerialized form and entered into the electronic system of the Stock Exchange do not match with the DP ID, Client ID and PAN available in the Depository database or in case PAN is not available in the Depository database, the Application Form for Allotment in dematerialized form is liable to be rejected. Further, Application Forms submitted by Applicants applying for Allotment in dematerialized form, whose beneficiary accounts are inactive, will be rejected.

On the basis of the DP ID and Client ID provided by the Applicant in the Application Form for Allotment in dematerialized form and entered into the electronic system of the Stock Exchange, the Registrar to the Issue will obtain from the Depositories the Demographic Details of the Applicant including PAN, address, bank account details for printing on unblocking intimations/unblocking through electronic mode, Magnetic Ink Character Recognition ("**MICR**") Code and occupation. These Demographic Details would be used for giving Allotment Advice and refunds (including through physical refund warrants, direct credit, NACH, NEFT and RTGS), if any, to the Applicants. Hence, Applicants are advised to immediately update their Demographic Details as appearing on the records of the DP and ensure that they are true and correct and carefully fill in their Beneficiary Account details in the Application Form.

Failure to do so could result in delays in dispatch/credit of refunds to Applicants and delivery of Allotment Advice at the Applicants' sole risk, and neither our Company, the Lead Manager, Trading Members of the Stock Exchange, Public Issue Account Bank(s), SCSBs, Registrar to the Issue nor the Stock Exchange will bear any responsibility or liability for the same.

The Demographic Details would be used for correspondence with the Applicants including mailing of the Allotment Advice and printing of bank particulars on the unblocking intimations, or for refunds through electronic transfer of funds, as applicable. Allotment Advice and physical unblocking intimations (as applicable) would be mailed at the address of the Applicant as per the Demographic Details received from the Depositories. Applicants may note that delivery of unblocking intimations/ Allotment Advice may get delayed if the same once sent to the address obtained from the Depositories are returned undelivered. In such an event, the address and other details given by the Applicant in the Application Form would be used only to ensure dispatch of unblocking intimations. Please note that any such delay shall be at such Applicants sole risk and neither our Company, the Lead Manager, Trading Members of the Stock Exchange, Public Issue Account Banks, SCSBs, Registrar to the Issue nor the Stock Exchange shall be liable to compensate the Applicant for any losses caused to the Applicant due to any such delay or liable to pay any interest for such delay. In case of refunds through electronic modes as detailed in the Prospectus, refunds may be delayed if bank particulars obtained from the Depository Participant are incorrect.

In case of Applications made under power of attorney, our Company in its absolute discretion, reserves the right to permit the holder of Power of Attorney to request the Registrar that for the purpose of printing particulars on the unblocking intimation and mailing of unblocking intimations/ Allotment Advice, the demographic details obtained from the Depository of the Applicant shall be used. By signing the Application Form, the Applicant would have deemed to have authorized the Depositories to provide, upon request, to the Registrar to the Issue, the required Demographic Details as available on its records. The Demographic Details given by Applicant in the Application Form would not be used for any other purpose by the Registrar to the Issue except in relation to the Issue.

With effect from August 16, 2010, the beneficiary accounts of Applicants for whom PAN details have not been verified shall be suspended for credit and no credit of NCDs pursuant to the Issue will be made into the accounts of such Applicants. Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected. Furthermore, in case no corresponding record is available with the Depositories, which matches the three parameters, namely, DP ID, Client ID and PAN, then such Application are liable to be rejected.

C. Permanent Account Number ("PAN")

The Applicant should mention his or her PAN allotted under the IT Act. For minor Applicants, applying through the guardian, it is mandatory to mention the PAN of the minor Applicant. However, Applications on behalf of the Central or State Government officials and the officials appointed by the courts in terms of a SEBI circular dated June 30, 2008, and Applicants residing in the state of Sikkim who in terms of a SEBI circular dated July 20, 2006, may be exempt from specifying their PAN for transacting in the securities market. In accordance with Circular No. MRD/DOP/Cir-05/2007 dated April 27, 2007, issued by SEBI, the PAN would be the sole identification number for the participants transacting in the securities market, irrespective of the amount of transaction. Any Application Form, without the PAN is liable to be rejected, irrespective of the amount of transaction. It is to be specifically noted that the Applicants should not submit the GIR number instead of the PAN as the Application is liable to be rejected on this ground.

However, the exemption for the Central or State Government and the officials appointed by the courts and for investors residing in the State of Sikkim is subject to the Depository Participants' verifying the veracity of such claims by collecting sufficient documentary evidence in support of their claims. At the time of ascertaining the validity of these Applications, the Registrar to the Issue will check under the Depository records for the appropriate description under the PAN field i.e., either Sikkim category or exempt category.

D. Joint Applications

Applications can be made in joint names (not exceeding three). In the case of joint Applications, all payments will be made out in favour of the first Applicant. All communications will be addressed to first named in the Application whose name appears in the Application Form and at the address mentioned therein. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.

E. Additional/ Multiple Applications

An Applicant is allowed to make one or more Applications for the NCDs, subject to a minimum application size of ₹10,000 and in multiples of ₹1,000 thereafter as specified in the Prospectus. Any Application for an amount below the

aforesaid minimum application size will be deemed as an invalid application and shall be rejected. However, multiple Applications by the same individual Applicant aggregating to a value exceeding ₹1,000,000 shall be deem such individual Applicant to be a HNI Applicant and all such Applications shall be grouped in the HNI Portion, for the purpose of determining the basis of allotment to such Applicant. However, any Application made by any person in his individual capacity and an Application made by such person in his capacity as a Karta of a Hindu undivided family and/or as Applicant (second or third Applicant), shall not be deemed to be a multiple Application. For the purposes of allotment of NCDs under the Issue, Applications shall be grouped based on the PAN, i.e., Applications under the same PAN shall be grouped together and treated as one Application. Two or more Applications will be deemed to be multiple Applications if the sole or first Applicant is one and the same. For the sake of clarity, two or more applications shall be deemed to be a multiple Application for the aforesaid purpose if the PAN of the sole or the first Applicant is one and the same.

F. Unified Payments Interface (UPI)

Pursuant to the SEBI NCS Master Circular, the UPI Mechanism is an applicable payment mechanism for public debt issues (in addition to the mechanism of blocking funds maintained with SCSBs under ASBA) for applications by retail individual bidders through Designated Intermediaries. All SCSBs offering the facility of making applications in public issues shall also provide the facility to make applications using UPI. The Issuer will be required to appoint one SCSB as a Sponsor Bank to act as a conduit between the Stock Exchange and National Payments Corporation of India in order to facilitate the collection of requests and/or payment instructions of the investors.

Electronic registration of Applications

(a) The Designated Intermediaries will register the Applications using the on-line facilities of Stock Exchange. The Lead Manager, Consortium Member, our Company, and the Registrar to the Issue are not responsible for any acts, mistakes or errors or omission and commissions in relation to (i) the Applications accepted by the Designated Intermediaries, (ii) the Applications uploaded by the Designated Intermediaries, (iii) the Applications accepted but not uploaded by the Designated Intermediaries, (iv) Applications accepted and uploaded by the SCSBs without blocking funds in the ASBA Accounts or (iv) Applications accepted and uploaded by the Designated Intermediaries for which the Application Amounts are not blocked by the SCSBs.

(b) The Stock Exchange will offer an electronic facility for registering Applications for the Issue. This facility will be available on the terminals of Syndicate Members and the other Designated Intermediaries during the Issue Period. On the Issue Closing Date, the Syndicate Members and the other Designated Intermediaries shall upload the Applications till such time as may be permitted by the Stock Exchange. This information will be available with the Syndicate Members and the other Designated Intermediaries on a regular basis. Applicants are cautioned that a high inflow of high volumes on the last day of the Issue Period may lead to some Applications received on the last day not being uploaded and such Applications will not be considered for allocation.

(c) Based on the aggregate demand for Applications registered on the electronic facilities of the Stock Exchange, a graphical representation of consolidated demand for the NCDs, as available on the websites of the Stock Exchange, would be made available at the Application centers as provided in the Application Form during the Issue Period.

(d) At the time of registering each Application, the Designated Intermediaries, shall enter the details of the Applicant, such as the Application Form number, PAN, Applicant category, DP ID, Client ID, number and Option(s) of NCDs applied, Application Amounts and any other details that may be prescribed by the online uploading platform of the Stock Exchange.

(e) With respect to Applications submitted directly to the SCSBs at the time of registering each Application, other than Direct Online Applications, the Designated Branches of the SCSBs shall enter the requisite details of the Applicants in the on-line system including:

- Application Form number
- PAN (of the first Applicant, in case of more than one Applicant)
- Investor category and sub-category
- DP ID
- Client ID
- UPI ID (if applicable)

- Number of NCDs applied for
- Price per NCD
- Bank code for the SCSB where the ASBA Account is maintained
- Bank account number
- Application amount

(f) With respect to Applications submitted to the Designated Intermediaries at the time of registering each Application, the requisite details of the Applicants shall be entered in the on-line system including:

- Application Form number
- PAN (of the first Applicant, in case of more than one Applicant)
- Investor category and sub-category
- DP ID
- Client ID
- UPI ID (if applicable)
- Number of NCDs applied for
- Price per NCD
- Bank code for the SCSB where the ASBA Account is maintained
- Location
- Application amount

(g) A system generated Acknowledgement Slip will be given to the Applicant as a proof of the registration of his Application. It is the Applicant's responsibility to obtain the Acknowledgement Slip from the Syndicate Members or the other Designated Intermediaries, as the case may be. The registration of the Applications by the Designated Intermediaries does not guarantee that the NCDs shall be allocated/ Allotted by our Company. Such Acknowledgement Slip will be non-negotiable and by itself will not create any obligation of any kind.

(h) The permission given by the Stock Exchange to use their network and software of the online system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, and/or the Lead Manager are cleared or approved by the Stock Exchange; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the compliance with the statutory and other requirements nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Draft Prospectus; nor does it warrant that the NCDs will be listed or will continue to be listed on the Stock Exchange.

(i) In case of apparent data entry error by the Designated Intermediaries, in entering the Application Form numbers in their respective schedules, other things remaining unchanged, the Application Form may be considered as valid, or such exceptions may be recorded in minutes of the meeting submitted to the Designated Stock Exchange.

(j) Only Applications that are uploaded on the online system of the Stock Exchange shall be considered for Allotment.

The Designated Intermediaries shall capture all data relevant for the purposes of finalizing the Basis of Allotment while uploading Application data in the electronic systems of the Stock Exchange. In order that the data so captured is accurate, Designated Intermediaries will be given up to one Working Day after the Issue Closing Date to modify/ verify certain selected fields uploaded in the online system during the Issue Period after which the data will be sent to the Registrar to the Issue for reconciliation with the data available with the NSDL and CDSL.

Process for investor application submitted with UPI as mode of payment

(a) Before submission of the application with the intermediary, the investor would be required to have / create a UPI ID, with a maximum length of 45 characters including the handle (Example: InvestorID@bankname).

(b) An investor shall fill in the bid details in the application form along with his/ her bank account linked UPI ID and submit the application with any of the intermediaries or through the stock exchange App/ Web interface, or any other methods as may be permitted.

(c) The intermediary, upon receipt of form, shall upload the bid details along with the UPI ID on the stock exchange bidding platform using appropriate protocols.

(d) Once the bid has been entered in the bidding platform, the Stock Exchange shall undertake validation of the PAN and Demat account combination details of investor with the depository.

(e) The Depository shall validate the aforesaid PAN and Demat account details on a near real time basis and send response to stock exchange which would be shared by stock exchange with intermediary through its platform, for corrections, if any.

(f) Once the bid details are uploaded on the Stock Exchange platform, the Stock Exchange shall send an SMS to the investor regarding submission of his / her application, at the end of day, during the bidding period. For the last day of bidding, the SMS may be sent the next working day.

(g) Post undertaking validation with the Depository, the Stock Exchange shall, on a continuous basis, electronically share the bid details along with investors UPI ID, with the Sponsor Bank appointed by the issuer.

(h) The Sponsor Bank shall initiate a mandate request on the investor.

(i) The request raised by the Sponsor Bank, would be electronically received by the investor as a SMS / intimation on his / her mobile no. / mobile app, associated with the UPI ID linked bank account.

(j) The investor shall be able to view the amount to be blocked as per his / her bid in such intimation. The investor shall be able to view an attachment wherein the public issue bid details submitted by investor will be visible. After reviewing the details properly, the investor shall be required to proceed to authorize the mandate. Such mandate raised by sponsor bank would be a one-time mandate for each application in the public issue.

(k) An investor is required to accept the UPI mandate latest by 5 pm on the third working day from the day of bidding on the stock exchange platform except for the last day of the issue period or any other modified closure date of the issue period in which case, he / she is required to accept the UPI mandate latest by 5 pm the next working day.

(l) An investor shall not be allowed to add or modify the bid(s) of the application except for modification of either DP ID/Client ID, or PAN ID but not both. However, the investor can withdraw the bid(s) and reapply.

(m) For mismatch bids, on successful validation of PAN and DP ID/ Client ID combination during T+1 modification session, such bids will be sent to Sponsor Bank for further processing by the Exchange on T+1 day till 1 PM.

(n) The facility of re-initiation/ resending the UPI mandate shall be available only till 5 pm on the day of bidding.

(o) Upon successful validation of block request by the investor, as above, the said information would be electronically received by the investors' bank, where the funds, equivalent to application amount, would get blocked in investors account. Intimation regarding confirmation of such block of funds in investors account would also be received by the investor.

(p) The information containing status of block request (e.g., accepted / decline / pending) would also be shared with the Sponsor Bank, which in turn would be shared with the Stock Exchange. The block request status would also be displayed on the Stock Exchange platform for information of the intermediary.

(q) The information received from Sponsor Bank, would be shared by stock exchange with RTA in the form of a file for the purpose of reconciliation.

(r) Post closure of the offer, the Stock Exchange shall share the bid details with RTA. Further, the Stock Exchange shall also provide the RTA, the final file received from the Sponsor Bank, containing status of blocked funds or otherwise, along with the bank account details with respect to applications made using UPI ID.

(s) The allotment of debt securities shall be done as per SEBI NCS Regulations and SEBI NCS Master Circular.

(t) The RTA, based on information of bidding and blocking received from the Stock Exchange, shall undertake reconciliation of the bid data and block confirmation corresponding to the bids by all investor category applications (with and without the use of UPI) and prepare the basis of allotment.

(u) Upon approval of the basis of allotment, the RTA shall share the 'debit' file with Sponsor bank (through Stock Exchange) and SCSBs, as applicable, for credit of funds in the public issue account and unblocking of excess funds in the investor's account. The Sponsor Bank, based on the mandate approved by the investor at the time of blocking of funds, shall raise the debit / collect request from the investor's bank account, whereupon funds will be transferred from investor's account to the public issue account and remaining funds, if any, will be unblocked without any manual intervention by investor or their bank.

(v) Upon confirmation of receipt of funds in the public issue account, the securities would be credited to the investor's account. The investor will be notified for full/partial allotment. For partial allotment, the remaining funds would be unblocked. For no allotment, mandate would be revoked, and application amount would be unblocked for the investor.

(w) Thereafter, Stock Exchange will issue the listing and trading approval.

(x) Further, in accordance with the Operational Instructions and Guidelines for Making Application for Public Issue of Debt Securities through BSE Direct issued by BSE on December 28, 2020, the investor shall also be responsible for the following:

i. Investor shall check the Issue details before placing desired bids;

ii. Investor shall check and understand the UPI mandate acceptance and block of funds process before placing the bid;

iii. The receipt of the SMS for mandate acceptance is dependent upon the system response/ integration of UPI on Debt Public Issue System;

iv. Investor shall accept the UPI Mandate Requests within the stipulated timeline;

v. Investor shall note that the transaction will be treated as completed only after the acceptance of mandates by the investor by way of authorizes the transaction by entering their UPI pin and successfully blocking funds through the ASBA process by the investor's bank;

vi. Investor shall check the status of their bid with respect to the mandate acceptance and blocking of funds for the completion of the transaction; and

vii. In case the investor does not accept the mandate within stipulated timelines, in such case their bid will not be considered for allocation.

The series, mode of allotment, PAN, demat account number, etc. should be captured by the relevant Designated Intermediaries in the data entries as such data entries will be considered for allotment. Applicants should note that neither the Members of the Consortium nor the other Designated Intermediaries, as the case may be, will be liable for error in data entry due to incomplete or illegible Application Forms. Our Company would allot the NCDs, as specified in this Draft Prospectus for the Issue to all valid Applications, wherein the Applicants have not indicated their choice of the relevant series of NCDs. The Investors are advised to read the operational guidelines mentioned for Making Application for Public Issue of Debt Securities through BSE Direct issued by BSE on December 28, 2020 before investing through the through the app/ web interface of Stock Exchange(s) Kindly note, the Stock Exchange(s) shall be responsible for addressing investor grievances arising from Applications submitted online through the App based/ web interface platform of Stock Exchange or through their Trading Members Further, the collecting bank shall be responsible for addressing any investor grievances arising from non-confirmation of funds to the Registrar despite successful realization/blocking of funds, or any delay or operational lapse by the collecting bank in sending the Application forms to the Registrar to the Issue.

General Instructions

Do's

1. Check if you are eligible to apply as per the terms of the Prospectus and applicable laws;

2. Read all the instructions carefully and complete the Application Form in the prescribed form;

3. Ensure that you have obtained all necessary approvals from the relevant statutory and/or regulatory authorities to apply for, subscribe to and/or seek Allotment of NCDs pursuant to the Issue.

4. Ensure that the DP ID and Client ID are correct and beneficiary account is activated for Allotment of NCDs in dematerialized form. The requirement for providing Depository Participant details shall be mandatory for all Applicants.

5. Ensure that you have mentioned the correct ASBA Account number in the Application Form;

6. Ensure that you have funds equal to the Application Amount in the ASBA Account before submitting the Application Form to the respective Designated Branch of the SCSB, or to the Intermediaries, as the case may be.

7. Ensure that you have been given an acknowledgement as proof of having accepted the Application Form;

8. In case of any revision of Application in connection with any of the fields which are not allowed to be modified on the electronic application platform of the Stock Exchange as per the procedures and requirements prescribed by each relevant Stock Exchange, ensure that you have first withdrawn your original Application and submit a fresh Application. For instance, as per the notice No: 20120831-22 dated August 31, 2012, issued by the BSE, fields namely, quantity, series, application no., sub-category codes will not be allowed for modification during the Issue. In such a case the date of the fresh Application will be considered for date priority for allotment purposes.

9. Ensure that signatures other than in the languages specified in the Eighth Schedule to the Constitution of India are attested by a Magistrate or a Notary Public or a Special Executive Magistrate under official seal.

10. Ensure that you mention your PAN in the Application Form. In case of joint Applicants, the PAN of all the Applicants should be provided, and for HUFs, PAN of the HUF should be provided. Any Application Form without the PAN is liable to be rejected. Applicants should not submit the GIR Number instead of the PAN as the Application is liable to be rejected on this ground;

11. In case of an HUF applying through its Karta, the Applicant is required to specify the name of an Applicant in the Application Form as 'XYZ hindu undivided family applying through PQR', where PQR is the name of the Karta. However, the PAN of the HUF should be mentioned in the Application Form and not that of the Karta;

12. Ensure that the Applications are submitted to the Lead Manager, Consortium Member, Trading Members of the Stock Exchange or Designated Branches of the SCSBs, as the case may be, before the closure of application hours on the Issue Closing Date. For further information on the Issue programme, please see the section titled "*Issue Related Information*" on page 261.

13. Ensure that the Demographic Details including PAN are updated, true and correct in all respects;

14. Permanent Account Number: Except for Application (i) on behalf of the Central or State Government and officials appointed by the courts, and (ii) (subject to SEBI circular dated April 3, 2008) from the residents of the state of Sikkim, each of the Applicants should provide their PAN. Application Forms in which the PAN is not provided will be rejected. The exemption for the Central or State Government and officials appointed by the courts and for investors residing in the State of Sikkim is subject to (a) the demographic details received from the respective depositories confirming the exemption granted to the beneficiary owner by a suitable description in the PAN field and the beneficiary account remaining in "active status"; and (b) in the case of residents of Sikkim, the address as per the demographic details evidencing the same;

15. Ensure that if the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form;

16. All Applicants are requested to tick the relevant column "Category of Investor" in the Application Form;

17. Tick the series of NCDs in the Application Form that you wish to apply for.

18. Check if you are eligible to Apply under ASBA;

19. Retail individual investors using the UPI Mechanism to ensure that they submit bids up to the application value of ₹5,00,000;

20. Investor using the UPI Mechanism should ensure that the correct UPI ID (with maximum length of 45 characters including the handle) is mentioned in the Bid cum Application Form;

21. Investors bidding using the UPI Mechanism should ensure that they use only their own bank account linked UPI ID to make an application in the issue and submit the application with any of the intermediaries or through the Stock Exchange App/ Web interface

22. Ensure that you give the correct details of your ASBA Account including bank account number/ bank name and branch;

23. Ensure that your Application Form is submitted either at a Designated Branch of a SCSB where the ASBA Account is maintained or with the Lead Manager or Consortium Member or Trading Members of the Stock Exchange at the Specified Cities, and not directly to the Public Issue Account Banks (assuming that such bank is not a SCSB) or to our Company or the Registrar to the Issue;

24. In case of ASBA Applications through Syndicate ASBA, before submitting the physical Application Form to the Trading Members of the Stock Exchange, ensure that the SCSB where the ASBA Account, as specified in the ASBA Form, is maintained has named at-least one branch in that Specified City for the Lead Manager or Consortium Member or Trading Members of the Stock Exchange, as the case may be, to deposit ASBA Forms (A list of such branches is available at https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=45);

25. In terms of the SEBI master circular no. SEBI/HO/CFD/PoD-1/P/CIR/2024/0154 dated November 11, 2024, in case of an SCSB making an ASBA Application, such ASBA Application should be made through an ASBA Account authorized solely for the purpose of applying in public issues and maintained in the name of such SCSB Applicant with a different SCSB, wherein clear demarcated funds are available.

26. Ensure that the Application Form is signed by the ASBA Account holder in case the Applicant is not the account holder;

27. Ensure that you have funds equal to the Application Amount in the ASBA Account before submitting the Application Form and that your signature in the Application Form matches with your available bank records;

28. Ensure that you have correctly ticked, provided or checked the authorizes box in the Application Form, or have otherwise provided an authorizes to the SCSB or Sponsor Bank, as applicable, via the electronic mode, for blocking funds in the ASBA Account equivalent to the Application Amount mentioned in the Application Form as the case may be, at the time of submission of the Bid. In case of Retail Individual Investor submitting their Bids and participating in the Issue through the UPI Mechanism, ensure that you authorize the UPI Mandate Request raised by the Sponsor Bank for blocking of funds equivalent to Bid Amount and subsequent debit of funds in case of Allotment;

29. Ensure that you receive an acknowledgement from the Designated Branch or the concerned Lead Manager or Consortium Member or Trading Member of the Stock Exchange, as the case may be, for the submission of the Application Form.

30. Retail Individual Investors submitting Application Form using the UPI Mechanism, should ensure that the: (a) bank where the bank account linked to their UPI ID is maintained; and (b) the Mobile App and UPI handle being used for making the Bid, are listed on the website of SEBI at www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40.

In terms of SEBI master circular no. SEBI/HO/CFD/PoD-1/P/CIR/2024/0154 dated November 11, 2024, SCSBs making applications on their own account using ASBA facility, should have a separate account in their own name with any other SEBI registered SCSB. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account.

SEBI NCS Master Circular stipulates the time between closure of the Issue and listing at 6 (six) and/or 3 (three) Working Days. In order to enable compliance with the above timelines, investors are advised to use ASBA facility only to make payment.

Don’ts:

1. Do not apply for lower than the minimum application size;

2. Do not pay the Application Amount in cash, by money order or by postal order or by stock invest;

3. Do not send Application Forms by post; instead submit the same to the Consortium Members, sub- brokers, Trading Members of the Stock Exchange or Designated Branches of the SCSBs, as the case may be;

4. Do not fill up the Application Form such that the NCDs applied for exceeds the Issue size and/or investment limit or maximum number of NCDs that can be held under the applicable laws or regulations or maxim um amount permissible under the applicable regulations;

5. Do not submit the GIR number instead of the PAN as the Application is liable to be rejected on this ground;

6. Do not submit incorrect details of the DP ID, Client ID and PAN or provide details for a beneficiary account which is suspended or for which details cannot be verified by the Registrar to the Issue;

7. Do not submit the Application Forms without ensuring that funds equivalent to the entire Application Amount are available for blocking in the relevant ASBA Account;

8. Do not submit Applications on plain paper or on incomplete or illegible Application Forms;

9. Do not apply if you are not competent to contract under the Indian Contract Act, 1872;

10. Do not submit an Application in case you are not eligible to acquire NCDs under applicable law or your relevant constitutional documents or otherwise;

11. Do not submit an Application that does not comply with the securities law of your respective jurisdiction;

12. Do not apply if you are a person ineligible to apply for NCDs under the Issue including Applications by Persons Resident Outside India, NRI (*inter*-alia including NRIs who are (i) based in the USA, and/or, (ii) domiciled in the USA, and/or, (iii) residents/citizens of the USA, and/or, (iv) subject to any taxation laws of the USA); and

13. Do not make an application of the NCD on multiple copies taken of a single form.

14. Payment of Application Amount in any mode other than through blocking of Application Amount in the ASBA Accounts shall not be accepted under the ASBA process;

15. Do not submit the Application Form to the Lead Manager or Trading Members of the Stock Exchange, as the case may be, at a location other than the Specified Cities.

16. Do not send your physical Application Form by post. Instead submit the same to a Designated Branch or the Lead Manager or Trading Members of the Stock Exchange, as the case may be, at the Specified Cities; and

17. Do not submit more than five Application Forms per ASBA Account.

18. If you are a Retail Individual Investor who is submitting the ASBA Application with any of the Designated Intermediaries and using your UPI ID for the purpose of blocking of funds, do not use any third-party bank account or third-party linked bank account UPI ID;

19. Bidding through the UPI Mechanism using the incorrect UPI handle or using a bank account of an SCSB and/or mobile applications which are not mentioned in the list provided in the SEBI;

20. Do not submit a bid using UPI ID, if you are not a Retail Individual Investor and if the Application is for an amount more than ₹5,00,000.

Kindly note that Applications submitted to the Designated Intermediaries will not be accepted if the SCSB where the ASBA Account, as specified in the Application Form, is maintained has not named at least one branch at that location for the Designated Intermediaries to deposit such Application Forms. (A list of such branches is available at https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes).

SUBMISSION OF COMPLETED APPLICATION FORMS

Mode of Submission of Application Forms	To whom the Application Form has to be submitted
ASBA Applications	(i) If using physical Application Form, (a) to the Members of the Consortium or Trading Members of the Stock Exchanges only at the Specified Cities ("Syndicate ASBA"), or (b) to the Designated Branches of the SCSBs where the ASBA Account is maintained; or (ii) If using electronic Application Form, to the SCSBs, electronically through internet banking facility, if available. Please note that clarifications and/or confirmations regarding the implementation of the requisite infrastructure and facilities in relation to direct online applications and online payment facility have been sought from the Stock Exchange.

Depository Arrangements

Our Company has made depository arrangements with NSDL and CDSL for issue and holding of the NCDs in authorized form. In this context:

1. Tripartite Agreement dated March 2, 2016, and between us, the Registrar to the Issue and CDSL for offering depository option to the Applicants.

2. Tripartite Agreement dated March 5, 2016, and between us, the Registrar to the Issue and NSDL for offering depository option to the Applicants.

3. An Applicant must have at least one beneficiary account with any of the Depository Participants (DPs) of NSDL or CDSL prior to making the Application.

4. NCDs Allotted to an Applicant in the electronic form will be credited directly to the Applicant's respective beneficiary account(s) with the DP.

5. Non-transferable Allotment Advice/ unblocking intimations will be directly sent to the Applicant by the Registrar to the Issue.

6. It may be noted that NCDs in electronic form can be traded only on Stock Exchange having electronic connectivity with NSDL or CDSL. The Stock Exchange have connectivity with NSDL and CDSL.

7. Interest or other benefits with respect to the NCDs held in dematerialized form would be paid to those NCD holders whose names appear on the list of beneficial owners given by the Depositories to us as on Record Date. In case of those NCDs for which the beneficial owner is not identified by the Depository as on the Record Date/ book closure date, we would keep in abeyance the payment of interest or other benefits, till such time that the beneficial owner is identified by the Depository and conveyed to us, whereupon the interest or benefits will be paid to the beneficiaries, as identified, within a period of 30 days.

8. The trading of the NCDs on the floor of the Stock Exchange shall be in dematerialized form in multiples of One NCD only.

Allottees will have the option to dematerialize the NCDs Allotted under the Issue as per the provisions of the Companies Act, 2013 and the Depositories Act.

For further information relating to Applications for Allotment of the NCDs in dematerialized form, please see the section titled "*Issue Procedure*" on page 282.

Communications

All future communications in connection with Applications made in the Issue should be addressed to the Registrar to the Issue quoting all relevant details as regards the Applicant and its Application.

Applicants can contact our Company Secretary and Compliance Officer or the Registrar to the Issue in case of any pre – Issue related problems and/or Post-Issue related problems such as non-receipt of Allotment Advice non-credit of NCDs in depository's beneficiary account/ etc. Please note that Applicants who have applied for the NCDs through Designated Intermediaries should contact the Stock Exchange in case of any Post-Issue related problems, such as non-receipt of Allotment Advice / non-credit of NCDs in depository's beneficiary account/ etc.

Grievances relating to Direct Online Applications may be addressed to the Registrar to the Issue, with a copy to the Stock Exchange.

Interest in case of Delay

Our Company undertakes to pay interest, in connection with any delay in allotment, demat credit and unblocking, beyond the time limit as may be prescribed under applicable statutory and/or regulatory requirements, at such rates as stipulated under such applicable statutory and/or regulatory requirements.

Undertaking by the Issuer

Statement by the Board:

(a) All monies received pursuant to the Issue of NCDs to public shall be transferred to a separate bank account as referred to in sub-section (3) of section 40 of the Companies Act, 2013.

(b) Details of all monies utilized out of Issue referred to in sub-item (a) shall be disclosed under an appropriate separate head in our Balance Sheet indicating the purpose for which such monies had been utilized.

(c) Details of all unutilized monies out of issue of NCDs, if any, referred to in sub-item (a) shall be disclosed under an appropriate separate head in our Balance Sheet indicating the form in which such unutilized monies have been invested.

(d) Details of all utilized and unutilized monies out of the monies collected in the previous issue made by way of public offer shall be disclosed and continued to be disclosed in the balance sheet till the time any part of the proceeds of such previous issue remains unutilized indicating the purpose for which such monies have been utilized, and the securities or other forms of financial assets in which such unutilized monies have been invested.

(e) Execution of Debenture Trust Deed. Further, as per Regulation 18 of SEBI NCS Regulations, in the event the Issuer fails to execute the Debenture Trust Deed within a timeline specified under Regulation 18 of SEBI NCS Regulations, the Issuer shall pay interest of at least 2% p.a. over and above the agreed coupon rate, to each NCD Holder, till the execution of the Debenture Trust Deed.

(f) We shall utilize the Issue proceeds only upon creation of security as specified in the Prospectus in the section titled "*Terms of the Issue*" on page 266 and after (a) permissions or consents, as required, for creation of charge have been obtained from the creditors; (b) receipt of the minimum subscription of 75% of the Base Issue amount; (c) completion of Allotment and refund process in compliance with Section 40 of the Companies Act, 2013; (d) creation of security and confirmation of the same in terms of NCDs and receipt of listing and trading approval from the Stock Exchange.

(g) The Issue proceeds shall not be utilized towards full or part consideration for the purchase or any other acquisition, *inter alia* by way of a lease, of any immovable property, dealing of equity of listed companies or lending/investment in group companies.

(h) The Issue proceeds shall be utilised for the purpose of onward lending, financing, and for repayment of interest and principal of existing borrowings of the Company.

(i) The allotment letter shall be issued, or application money shall be unblocked within 2 days from the closure of the Issue or such lesser time as may be specified by SEBI, or else the application money shall be refunded to the applicants forthwith, failing which interest shall be due to be paid to the applicants at the rate of 15% per annum for the delayed period.

Other Undertakings by our Company

Our Company undertakes that:

(a) Complaints received in respect of the Issue will be attended to by our Company expeditiously and satisfactorily.

(b) Necessary cooperation to the relevant credit rating agency(ies) will be extended in providing true and adequate information until the obligations in respect of the NCDs are outstanding.

(c) Our Company will take necessary steps for the purpose of getting the NCDs listed within the specified time, i.e., within 6 (six) Working Days of the Issue Closing Date.

(d) Funds required for dispatch of Allotment Advice will be made available by our Company to the Registrar to the Issue.

(e) Our Company will forward details of utilization of the proceeds of the Issue, duly certified by the Current Statutory Auditor, to the Debenture Trustee as per the specified timelines.

(f) Our Company will provide a compliance certificate to the Debenture Trustee on an annual basis in respect of compliance with the terms and conditions of the Issue as contained in the Prospectus.

(g) We shall make necessary disclosures/reporting under any other legal or regulatory requirement as may be required by our Company from time to time.

(h) We undertake that the assets on which charge is created, are free from any encumbrances and in cases where the assets are already charged to secure a debt, the permission or consent to create a second or pari-passu charge on the Assets of the issuer has been obtained from the earlier creditor.

(i) Our Company will disclose the complete name and address of the Debenture Trustee in its annual report and on its website.

(j) We shall create a recovery expense fund in the manner as specified by SEBI from time to time and will inform the Debenture Trustee about the same.

Rejection of Applications

As set out below or if all required information is not provided or the Application Form is incomplete in any respect, the Board of Directors and/or any committee of our Company reserves it's full, unqualified and absolute right to accept or reject any Application in whole or in part and in either case without assigning any reason thereof.

Application may be rejected on one or more technical grounds, including but not restricted to:

- Application by persons not competent to contract under the Indian Contract Act, 1872, as amended, (other than minors having valid Depository Account as per Demographic Details provided by Depositories);
- Applications accompanied by cash, draft, cheques, money order or any other mode of payment other than amounts blocked in the Bidders' ASBA Account maintained with an SCSB;
- Applications not being signed by the sole/joint Applicant(s);
- Investor Category in the Application Form not being ticked;
- Application Amount blocked being higher or lower than the value of NCDs Applied for. However, our Company may allot NCDs up to the number of NCDs Applied for, if the value of such NCDs Applied for exceeds the minimum application size;
- Applications where a registered address in India is not provided for the Applicant;
- In case of partnership firms (except LLPs), NCDs applied for in the name of the partnership and not the names of the individual partners(s);
- Minor Applicants (applying through the guardian) without mentioning the PAN of the minor Applicant;
- PAN not mentioned in the Application Form, except for Applications by or on behalf of the Central or State Government and the officials appointed by the courts and by investors residing in the State of Sikkim, provided such claims have been verified by the Depository Participants. In case of minor Applicants applying thro ugh guardian when PAN of the Applicant is not mentioned;
- DP ID and Client ID not mentioned in the Application Form;
- GIR number furnished instead of PAN;
- Applications by OCBs;
- Applications for an amount below the minimum application size;
- Submission of more than five ASBA Forms per ASBA Account;
- Applications by persons who are not eligible to acquire NCDs of our Company in terms of applicable laws, rules, regulations, guidelines and approvals;
- In case of Applications under power of attorney or by limited companies, corporate, trust etc., submitted without relevant documents;
- Applications accompanied by Stock invest/ cheque/ money order/ postal order/ cash;
- Signature of sole Applicant missing, or, in case of joint Applicants, the Application Forms not being signed by the first Applicant (as per the order appearing in the records of the Depository);
- Applications by persons debarred from accessing capital markets, by SEBI or any other regulatory authority.
- Date of Birth for first/sole Applicant for persons applying for Allotment not mentioned in the Application Form.
- Application Forms not being signed by the ASBA Account holder if the account holder is different from the Applicant.

- If the signature of the ASBA Account holder on the Application Form does not match with the signature available on the SCSB Bank's records where the ASBA Account mentioned in the Application Form is maintained;
- Application Forms submitted to the Designated Intermediaries or to the Designated Branches of the SCSBs does not bear the stamp of the SCSB and/or the Designated Intermediaries, as the case may be;
- ASBA Applications not having details of the ASBA Account to be blocked;
- In case no corresponding record is available with the Depositories that matches three parameters namely, DP ID, Client ID and PAN or if PAN is not available in the Depository database;
- Inadequate funds in the ASBA Account to enable the SCSB to block the Application Amount specified in the ASBA Application Form at the time of blocking such Application Amount in the ASBA Account or no confirmation is received from the SCSB for blocking of funds;
- If an authorization to the SCSB or Sponsor Bank for blocking funds in the ASBA Account or acceptance of UPI Mandate Request raised has not been provided;
- The UPI Mandate Request is not approved by the Retail Individual Investor;
- SCSB making an ASBA application (a) through an ASBA account maintained with its own self or (b) through an ASBA Account maintained through a different SCSB not in its own name or (c) through an ASBA Account maintained through a different SCSB in its own name, where clear demarcated funds are not present or (d) through an ASBA Account maintained through a different SCSB in its own name which ASBA Account is authorized solely for the purpose of applying in public issues;
- Applications for amounts greater than the maximum permissible amount prescribed by the regulations and applicable law;
- Authorization to the SCSB for blocking funds in the ASBA Account not provided;
- Applications by persons prohibited from buying, selling or dealing in shares, directly or indirectly, by SEBI or any other regulatory authority;
- Applications by any person outside India;
- Applications by other persons who are not eligible to apply for NCDs under the Issue under applicable Indian or foreign statutory/regulatory requirements;
- Applications not uploaded on the online platform of the Stock Exchange;
- Applications uploaded after the expiry of the allocated time on the Issue Closing Date, unless extended by the Stock Exchange, as applicable;
- Application Forms not delivered by the Applicant within the time prescribed as per the Application Form, the Prospectus;
- Applications by Applicants whose demat accounts have 'been suspended for credit' pursuant to the SEBI circular no. SEBI/HO/MRD/MRD-PoD-1/P/CIR/2024/168 dated December 3, 2024;
- Where PAN details in the Application Form and as entered into the electronic system of the Stock Exchange, are not as per the records of the Depositories;
- Applications providing an inoperative demat account number;
- Where Demat account details in the Application Form and as entered into the electronic system of the Stock Exchange, are not as per the records of the Depositories;
- ASBA Applications submitted to the Designated Intermediaries, at locations other than the Specified Cities or at a Designated Branch of a SCSB where the ASBA Account is not maintained, and Applications submitted directly to the Banker to the Issue (assuming that such bank is not a SCSB), to our Company or the Registrar to the Issue;
- Category not ticked;

- Forms not uploaded on the electronic software of the Stock Exchange and/or in case of cancellation of one or more orders (series) within an Application, leading to total order quantity falling under the minimum quantity required for a single Application.

Kindly note that ASBA Applications submitted to the Lead Manager, or Trading Members of the Stock Exchange, Members of the Syndicate, Designated Intermediaries at the Specified Cities will not be accepted if the SCSB where the ASBA Account, as specified in the ASBA Form, is maintained has not named at least one branch at that Specified City for the Lead Manager, or Trading Members of the Stock Exchange, Members of the Syndicate, Designated Intermediaries, as the case may be, to deposit ASBA Applications (A list of such branches is available at https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=44).

For information on certain procedures to be carried out by the Registrar to the Issue for finalization of the basis of allotment, please see below "*Issue Procedure-Information for Applicants*".

Information for Applicants

Unblocking of Funds

In case of ASBA Applications submitted to the SCSBs, in terms of the SEBI RTA Master Circular, the Registrar to the Issue will reconcile the compiled data received from the Stock Exchange and all SCSBs and match the same with the Depository database for correctness of DP ID, Client ID and PAN.

The Registrar to the Issue will undertake technical rejections based on the electronic details and the Depository database. In case of any discrepancy between the electronic data and the Depository records, our Company, in consultation with the Designated Stock Exchange, the Lead Manager and the Registrar to the Issue, reserves the right to proceed as per the Depository records for such ASBA Applications or treat such ASBA Applications as rejected.

In case of Applicants submitted to the Lead Manager, Consortium Member and Trading Members of the Stock Exchange at the Specified Cities, the basis of allotment will be based on the Registrar's validation of the electronic details with the Depository records, and the complete reconciliation of the final certificates received from the SCSBs with the electronic details in terms of the SEBI master circular no. SEBI/HO/CFD/PoD-1/P/CIR/2024/0154 dated November 11, 2024. The Registrar to the Issue will undertake technical rejections based on the electronic details and the Depository database. In case of any discrepancy between the electronic data and the Depository records, our Company, in consultation with the Designated Stock Exchange, the Lead Manager and the Registrar to the Issue, reserves the right to proceed as per the Depository records or treat such ASBA Application as rejected.

Based on the information provided by the Depositories, our Company shall have the right to accept Applications belonging to an account for the benefit of a minor (under guardianship).

In case of Applications for a higher number of NCDs than specified for that category of Applicant, only the maximum amount permissible for such category of Applicant will be considered for Allotment.

Mode of making refunds/unblock funds

The Registrar to the Issue shall instruct the relevant SCSB to unblock the funds in the relevant ASBA Account to the extent of the Application Amount specified in the Application Forms for withdrawn, rejected or unsuccessful or partially successful Applications within 5 (five) Working Days of the Issue Closing Date.

Our Company and the Registrar to the Issue shall credit the allotted NCDs to the respective beneficiary accounts/ dispatch the Letters of Allotment or letters of regret by registered post/speed post/ ordinary post at the Applicant's sole risk, within five Working Days from the Issue Closing Date. We may enter into an arrangement with one or more banks in one or more cities for refund to the account of the applicants through Direct Credit/RTGS/NEFT/NACH.

Further, (a) Allotment of NCDs in this Issue shall be made within the time period stipulated by SEBI; (b) Credit to dematerialised accounts will be given within one Working Day from the Date of Allotment; (c) Interest at a rate of 15% per annum will be paid if the Allotment has not been made and/or the refund effected within five Working days from the Issue Closing Date, for the delay beyond five Working days; and (d) Our Company will provide adequate funds to the Registrar to the Issue for this purpose.

Retention of oversubscription

Our Company shall have an option to retain over-subscription up to the Issue limit.

Basis of Allotment

[●]

Allocation Ratio

[●]

Payment of Refunds

The Registrar shall instruct the relevant SCSB to unblock the funds in the relevant ASBA Account for withdrawn, rejected or unsuccessful or partially successful ASBA Applications within the applicable regulatory timelines.

Issuance of Allotment Advice

Our Company shall ensure dispatch of Allotment Advice as per the Demographic Details received from the Depositories. Instructions for credit of NCDs to the beneficiary account with Depository Participants shall be made within 6 Working Days of the Issue Closing Date.

Our Company shall use best efforts to ensure that all steps for completion of the necessary formalities and approvals for the commencement of trading at the Stock Exchange where the NCDs are proposed to be listed are taken within 5 Working Days from the Issue Closing Date.

Allotment Advices shall be issued, or Application Amount shall be unblocked within 15 days from the Issue Closing Date or such lesser time as may be specified by SEBI or else the application amount shall be unblocked in the ASBA Accounts of the applicants forthwith, failing which interest shall be due to be paid to the applicants at the rate of fifteen per cent. per annum for the delayed period.

Our Company will provide adequate funds required for dispatch of Allotment Advice, as applicable, to the Registrar to the Issue.

Investor Withdrawals and Pre-closure

Investor Withdrawal: Applicants can withdraw their ASBA Applications till the Issue Closing Date by submitting a request for the same to the Consortium Members, Trading Member of the Stock Exchange or the Designated Branch, as the case may be, through whom the ASBA Application had been placed. In case of ASBA Applications submitted to the Lead Manager, Consortium Member, or Trading Members of the Stock Exchange at the Specified Cities, upon receipt of the request for withdrawal from the Applicant, the relevant Lead Manager, or Trading Member of the Stock Exchange, as the case may be, shall do the requisite, including deletion of details of the withdrawn ASBA Application Form from the electronic system of the Stock Exchange. In case of ASBA Applications submitted directly to the Designated Branch of the SCSB, upon receipt of the request for withdraw from the Applicant, the relevant Designated Branch shall do the requisite, including deletion of details of the withdrawn ASBA Application Form from the electronic system of the Stock Exchange and unblocking of the funds in the ASBA Account directly.

In case an Applicant wishes to withdraw the Application after the Issue Closing Date, the same can be done by submitting a withdrawal request to the Registrar to the Issue prior to the finalization of the Basis of Allotment.

Pre-closure

Our Company, in consultation with the Lead Manager reserves the right to close the Issue at any time prior to the Issue Closing Date, subject to receipt of minimum subscription or as may be specified in the Prospectus. Our Company shall allot NCDs with respect to the Applications received until the time of such pre-closure in accordance with the Basis of Allotment as described hereinabove and subject to applicable statutory and/or regulatory requirements. In the event of such early closure of the Issue, our Company shall ensure that public notice of such early closure is published on or before such early date of closure is published on or before such early date of closure or the Issue Closing Date, as applicable, through advertisement(s) in all those newspapers in which pre-issue advertisement have been given.

If our Company does not receive the minimum subscription of 75% of Base Issue Size, i.e. ₹1,500.00 million prior to the Issue Closing Date the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within 8 (eight) working days from the Issue Closing Date, provided wherein, the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Accounts(s) of the Applicants within 5 (five) working days from the Issue Closing Date, failing which our Company will become liable to refund the Application Amount along with interest at the rate 15 (fifteen) percent per annum for the delayed period.

Revision of Applications

As per the notice no: 20120831-22 dated August 31, 2012, issued by BSE, cancellation of one or more orders (series) within an Application is permitted during the Issue Period as long as the total order quantity does not fall under the minimum quantity required for a single Application. However, please note that in case of cancellation of one or more orders (series) within an Application, leading to total order quantity falling under the minimum quantity required for a single Application will be liable for rejection by the Registrar.

Applicants may revise/ modify their Application details during the Issue Period, as allowed/permitted by the Stock Exchange(s), by submitting a written request to the Designated Intermediary, as the case may be. However, for the purpose of Allotment, the date of original upload of the Application will be considered in case of such revision/modification. In case of any revision of Application in connection with any of the fields which are not allowed to be modified on the electronic Application platform of the Stock Exchange as per the procedures and requirements prescribed by each relevant Stock Exchange, Applicants should ensure that they first withdraw their original Application and submit a fresh Application. In such a case the date of the new Application will be considered for date priority for Allotment purposes.

Revision of Applications is not permitted after the expiry of the time for acceptance of Application Forms on Issue Closing Date. However, in order that the data so captured is accurate, the Designated Intermediaries will be given up to one Working Day after the Issue Closing Date (till 1:00 PM) to modify/ verify certain selected fields uploaded in the online system during the Issue Period, after which the data will be sent to the Registrar to the Issue for reconciliation with the data available with the NSDL and CDSL.

SECTION VIII – KEY PROVISIONS OF ARTICLES OF ASSOCIATION

ARTICLES OF ASSOCIATION

OF

CAPRI GLOBAL CAPITAL LIMITED

(Incorporated under the Companies Act, 1956)

The following regulations comprised in these Articles of Association were adopted pursuant to members' special resolution passed by the Members of the Company on July 17, 2017 in substitution for, and to the entire exclusion of, the earlier regulations comprised in the extant Articles of Association of the Company.

1. No regulations contained in Table F in the Schedule I to the Companies Act, 2013 or in the Schedule to any previous Companies Act, shall apply to the Company, but the regulations for the management of the company and for the observance of the Members thereto and their representatives, shall, subject to any exercise of the statutory powers of the Company with reference to the repeal of, alteration of, or addition to, its regulations by resolution, as prescribed or permitted by the Companies Act, 2013, be such as are contained in these Articles.

I. INTERPRETATION

2. A. In the interpretation of these Articles, the following words and expressions shall have the following meanings, unless repugnant to the subject or context.

   i. The Act" means the Companies Act, 2013 or any statutory modification or re-enactment thereof, for the time being in force and earlier enactment to the extent applicable.

   ii. 'Alter' and 'Alteration' shall include the making of additions, omissions and substitution.

   iii. "The Articles" means these Articles of Association of the Company or as altered from time to time.

xlviii. "Subscribed Capital" means such part of the capital which is for the time being subscribed by the Members of the Company.

xlix. **"**Whole-time Director" includes a Director in the whole- time employment of the Company.

B. "In writing" and "written"-include printing, lithography and other modes of representing or reproducing words in visible form.

C. Unless the context otherwise requires, words or expressions contained in these Articles shall bear the same meaning as in the Act or any statutory modification thereof in force at the date at which these Articles become binding on the Company. In case any word is not defined in the Act but defined in the Securities Contracts (Regulation) Act, 1956 (42 of 1956) or the Securities and Exchange Board of India Act,1992 (15 of 1992) or the Depositories Act,1996 (22 of 1996) shall have the meanings respectively assigned to them in those Acts.

D. Words imparting the singular number shall include the plural number and words imparting the masculine gender shall where the context admits, include the feminine and neuter gender.

II. SHARE CAPITAL, CERTIFICATE, VARIATION OF RIGHTS AND BUY BACK

3. (a) The Authorised Share Capital of the Company is, or, shall be such amount as stated in Clause V of Memorandum of Association, for the time being or as may be varied, from time to time, under the provision of the Act, and divided into such numbers, classes and descriptions of shares and into such denomination as stated therein.

(b) The paid-up share capita l of the Company shall be, at any point of time, more than Rupees 5,00,000 (Rupees Five Lac only)or such other higher amount, as prescribed under the Act as applicable to a Public Company.

4. Subject to the provisions of the Act and these Articles, the shares in the Capital of the Company shall be under the control of the Board who may issue, allot or otherwise dispose of the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit. Board shall not issue any shares at discount except issue of such class of shares as may be permitted by the Act.

5. The Company may issue the following kinds of shares in accordance with these Articles, the Act, the Rules and other applicable laws:

(a) equity share capital:

(iii) with voting rights; and / or;

(iv) with differential rights as to dividend, voting or otherwise

(b) Preference share capital

6. The Board or the Company as the case may be, may, in accordance with the Act and the Rules, issue further shares to:

(a) Persons who, at the date of offer, are holders of equity shares of the Company; such offer shall be deemed to include a right exercisable by the person concerned to renounce the shares offered to him or any of them in favour of any other person; or

(b) Employees under any scheme of Employees' Stock Option; or

(c) Any persons, whether or not those persons include the persons referred to in clause (a) or (b) above.

7. A further issue of shares may be made in any manner whatsoever as the Board may determine including by way of right issue, bonus issue or in any other manner that the Board may deem fit, preferential offer, private placement, subject to and in accordance with the provisions of the Act and the Rules.

8. Subject to the provisions of the Act, the Board shall have the power to issue or re- issue preference shares of one or more classes which are liable to be redeemed, or converted into equity shares, on such terms and conditions and in such manner as may be determined by the Board in accordance with the Act and the Rules.

9. Subject to the provisions of the Act and these Articles, the Board may issue and allot shares in the Capital of the Company on payment or part payment for any property or assets of any kind whatsoever sold or transferred, goods or machinery supplied or for services rendered to the Company in the conduct of its business and any shares which may be so allotted may be issued as fully paid-up or partly paid-up shares, otherwise than for cash and if so issued be deemed to be fully paid up or partly paid up shares, as the case may be.

10. Any application signed by or on behalf of an applicant for shares in the Company, followed by an allotment of any share therein, shall be an acceptance of shares within the meaning of these Articles; and every person who thus or

otherwise accepts any share and whose name is on the Register of Members shall, for the purposes of these Articles, be a Member.

11. The money (if any) which the Board of Directors shall, on the allotment of any shares being made by them, require or direct to be paid by way of deposits, calls or otherwise in respect of any shares allotted by them, shall, immediately on the inscription of the name of the allottee in the Register of Members as the holder of such shares, become a debt due to and recoverable by the Company from the allottee thereof, and shall be paid by him accordingly.

12. Every member, or his heirs, executors or administrators or other representative, shall pay to the Company the portion of the capital represented by his share or shares, which may, for the time being, remain unpaid thereon, in such amounts, at such time or times, and in such manner, as the Directors shall, from time to time, in accordance with these Articles, Act, Rules and other applicable laws, require or fix for the payment thereof.

13. Every person whose name is entered as a member in the Register of Members, shall be entitled to receive within two months from the date of allotment or within such period as the Act or Rules may prescribe after the registration of transfer or transmission or within such other period as the conditions of issue shall provide:

    (iv) One certificate for all his shares without payment of any charges; or

    (v) Several Certificates, each for one or more of his shares, upon payment of such charges as may be fixed by the Board of Directors for each certificate after the first certificate.

14. Certificate shall be issued in the form and manner prescribed in the Act, the Rules and other applicable laws.

15. Every certificate of shares shall have its distinctive number and shall specify the shares to which it relates and the amount paid thereon.

16. In respect of share or shares held jointly by several persons, the Company shall not be bound to issue more than one certificate and the delivery of a certificate for a share or shares to one of several joint- holders shall be deemed to be sufficient delivery to all such holders.

17. Notwithstanding anything contained in these Articles, the Company shall be entitled to dematerialize its shares, debentures and other securities pursuant to the Depositories Act,1996 and to offer its further shares, debentures and other securities for subscription in a dematerialized form.

18. A person subscribing to shares offered by the Company shall have the option either to receive certificates for such shares or hold the shares in dematerialized form with a depository. Where a person opts to hold any share with the depository, the Company shall intimate such depository the details of allotment of the share(s) to enable the depository to enter in its records the name of such person as the beneficial owner.

19. If any certificate be worn out, defaced, destroyed or lost or if there be no further space on the back thereof for endorsement of transfer, then upon production and surrender thereof to the Company, it may be ordered to be cancelled, and a new certificate in lieu thereof may be issued and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the Company and on such indemnity as the Board deems adequate being given, a new certificate in lieu thereof shall be given to the party entitled. A sum as may be fixed by the Board, shall be paid to the Company for every certificate issued under this clause, provided that no fee shall be charged for issue of new certificate in replacement of those which are old, worn, decrepit out or where the cages on the reverse for recording transfers have been fully utilized.

20. Every endorsement upon the certificate of any share in favour of any transferee thereof shall be signed by such person for the time being authorised by the Board in that behalf.

21. Every share in the Company shall be distinguished by its distinctive number, provided that nothing shall apply to a share held by a person whose name is entered as holder of beneficial interest in such share in the records of depository.

22. The provisions of the forgoing Articles relating to issue of Certificate shall mutatis mutandis apply to issue of Certificate for any other Securities including debentures (except where the Act otherwise requires) of the Company.

23. If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of the Act, and whether or not the Company is being wound up, be varied with the consent in writing of such number of the holders of the issued shares of that class or with the sanction of a resolution passed at a separate meeting of the holders of the shares of that class or in such other manner as maybe prescribed by the Act and the Rules.

24. The Company may exercise the powers of paying commissions, conferred by the Act, to any person in consideration of his subscribing, or agreeing to subscribe (whether absolutely or conditionally) to its securities, provided that the rate percent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by the Act and the Rules.

25. The rate or amount of the commission shall not exceed the rate or amount as prescribed in the Act and the Rules.

26. Company shall not pay any commission to any underwriter on securities which are not offered to public for subscription.

27. Nothing in this clause shall affect the power of the Company to pay such brokerage, in connection with subscription to its securities, as it may consider reasonable.

28. (a) The commission may be paid or satisfied (subject to the provisions of the Act and these Articles) in cash or in share, debentures or debenture stock of the Company, (whether fully paid or otherwise) or in any combination thereof.

(b) A Vendor to, promoter of, other person who receives payment in shares, debentures or money from the Company shall have and shall be deemed always to have had power to apply any part of the shares, debentures or money so received in payment of any commission the payment of which, if made directly by the Company, would have been legal under this Articles.

29. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith.

30. Except as provided by the Act, the Company shall not, except by reduction of capital under the provisions of the Act, buy its own shares nor give, whether directly or indirectly, and whether by means of a loan, guarantee, provision of security or otherwise any financial assistance for the purpose of or in connection with a purchase or subscription made or to be made by any person of or for any shares in the Company or in its holding company.

Provided that nothing in this Article shall be taken to prohibit:

(i) the provision of money in accordance with any scheme approved by the Company through Special Resolution and in accordance with the requirements specified in the Act and relevant Rules, for the purchase of, or subscription for, fully paid up Shares in the Company or its Holding Company or otherwise as prescribed under the Act and Rules, if the purchase of, or the subscription for the Shares held by trustees for the benefit of the employees or such Shares held by the employee of the Company;

(ii) the giving of loans by the Company to persons in the employment of the Company other than its Directors or Key Managerial Personnel, for an amount not exceeding their salary or wages for a period of six months with a view to enabling them to purchase or subscribe for fully paid up Shares in the Company or its Holding Company or otherwise as prescribed under the Act and Rules to be held by them by way of beneficial ownership.

Nothing in this Article shall affect the right of the Company to redeem any preference shares issued under this Act or under any previous Companies Act.

31. Notwithstanding what is stated in these Articles, in the event it is permitted by the Act and rules thereunder and subject to such conditions, approvals or consents as may be laid down for the purpose, the Company shall have the power to buy-back its own shares or other specified securities, whether or not there is any consequent reduction of Capital. If and to the extent permitted by Act, the Company shall also have the power to re-issue the shares or other specified securities so bought back.

III. CALLS ON SHARES

32. The Board may, from time to time, make calls upon the Members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times.

33. Each Member shall, subject to receiving atleast fourteen days' notice specifying the time or times and place of payment, pay to the Company, at the time or times and place so specified, the amount called on his shares.

34. The Board may, from time to time, at its discretion, extend the time fixed for the payment of any call-in respect of one or more Members as the Board may deem appropriate in any circumstance.

35. A call may be revoked or postponed at the discretion of the Board.

36. A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by installments.

37. All calls shall be made on a uniform basis on all shares falling under the same class.

Explanation: Shares of the same nominal value on which different amounts have been paid-up shall not be deemed to fall under the same class.

38. If by the conditions of allotment of any shares, the whole or part of the amount of issue price thereof shall be payable by installments, then every such installment shall, when due, be paid to the Company by the person, who for the time being and from time to time, is or shall be the registered holder of the share or the legal representative of a deceased registered holder.

39. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.

40. Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these Articles, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.

41. In case of non-payment of such sum, all the relevant provisions of these Articles as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.

42. If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at such rate as may be fixed by the Board.

43. The Board shall be at liberty to waive payment of any such interest wholly or in part.

44. Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any shares nor any part payment or satisfaction thereof nor the receipt by the Company of a portion of any money which shall from time to time be due from any Member in respect of any share either by way of principal or interest nor any indulgence granted by the Company in respect of payment of any such money shall preclude the forfeiture of such shares as provided in the Articles.

45. The Board: -

(i) may, if it thinks fit, receive from any Member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and

(ii) upon all or any of the moneys so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate as may be fixed by the Board. Nothing contained in this clause shall confer on the Member (a) any right to participate in profits or dividends or (b) any voting rights in respect of the moneys so paid by him until the same would, but for such payment, become presently payable by him.

46. The provisions of these Articles relating to calls shall mutatis mutandis apply to other securities including debentures of the Company.

IV. LIEN

47. The Company shall have a first and paramount lien: -

(i) on every share (not being a fully paid share), for all moneys (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and

(ii) on all shares (not being fully paid shares) standing registered in the name of a Member, for all monies presently payable by him or his estate to the Company:

Provided that the Board of Directors may at any time declare any share to be wholly or in part exempt from the provisions of thisclause.

48. The Company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares for any money owing to the Company.

49. Unless otherwise agreed by the Board, the registration of a transfer of shares shall operate as a waiver of the Company's lien, if any, on such shares.

50. The Company may sell, in such manner as the Board thinks fit, any shares on which the Company has a lien:

Provided that no sale shall be made: -

(i) unless a sum in respect of which the lien exists is presently payable;

(ii) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency or otherwise.

51. To give effect to any such sale, the Board may authorize such person to transfer the shares sold to the purchaser thereof.

52. The receipt of the Company for the consideration (if any) given for the share on the sale thereof shall (subject, if necessary, to execution of an instrument of transfer or a transfer by relevant system, as the case may be) constitute a good title to the share and the purchaser shall be registered as the holder of the share comprised in any such transfer.

53. The purchaser shall be registered as the holder of the shares comprised in any such transfer.

54. The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

55. The proceeds of the sale shall be received by the Company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.

56. The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares, at the date of the sale.

57. In exercising the lien, the Company shall be entitled to treat the registered holder of any share as the absolute owner thereof and accordingly shall not (except as ordered by any statute) be bound to recognize any equitable or other claim to, or interest in, such share on the part of any other person, whether a creditor of the registered holder or otherwise. The Company's lien shall prevail notwithstanding that it has received notice of any such claim.

58. The provisions of these Articles relating to lien shall mutatis *mutandis apply* to any other securities including debentures issued by the Company from time to time.

V. FORFEITURE OF SHARES

59. If any Member fails to pay any call, or installment of a call or any money due in respect of any share, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid or a judgment or decree in respect thereof remains unsatisfied in whole or in part, serve a notice on him requiring payment of so much of the call or installment or other money as is unpaid, together with any interest which may have accrued and all the expenses that may have been incurred by the Company by reason of non-payment.

60. The notice aforesaid shall: -

(i) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and

(ii) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.

61. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.

62. Neither the receipt by the Company for a portion of any money which may from time to time be due from any Member in respect of his shares, nor any indulgence that may be granted by the Company, in respect of payment of any such money, shall preclude the Company from thereafter proceeding to enforce a forfeiture in respect of such shares as herein provided. Such forfeiture shall include all dividends declared or any other moneys payable in respect of the forfeited shares and not actually paid before the forfeiture.

63. When any share shall have been so forfeited, notice of the forfeiture shall be given to the defaulting Member and an entry of the forfeiture with the date thereof, shall forthwith be made in the register of member but no forfeiture shall be invalidated by any omission or neglect or any failure to give such notice or make such entry as aforesaid.

64. A duly verified declaration in writing that the declarant is a Director, Manager or Secretary of the Company, and that share(s) in the Company have been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share(s).

65. The Company may receive the consideration, if any, given for the share(s) on any sale, re-allotment or disposal thereof and may execute a transfer of share in favour of the person to whom the share is/are sold or disposed off.

66. The transferee shall thereupon be registered as the holder of the share; and

67. The transferee shall not be bound to see the application of the purchase money, if any, nor shall his title to the share(s) be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale, re-allotment or disposal of share(s).

68. A forfeited share shall be deemed to be the property of the Company and may be sold or re-allotted or otherwise disposed of either to the person who was before such forfeiture the holder thereof or entitled thereto or to any other person on such terms and in such manner as the Board thinks fit.

69. At any time before a sale, re-allotment or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.

70. (a) A person whose shares have been forfeited shall cease to be a Member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay and shall pay to the Company all monies which, at the date of forfeiture, were presently payable by him to the Company in respect of the shares.

(b) All such monies payable shall be paid together with interest thereon at such rate as the Board may determine, from the time of forfeiture until payment or realization. The Board may, if it thinks fit, but without being under any obligation to do so, enforce the payment of the whole or any portion of the moneys due, without any allowance for the value of the shares at the time of forfeiture or waive payment in whole or in part.

71. The liability of such person shall cease if and when the Company shall have received payment in full of all such moneys in respect of the shares.

72. The forfeiture of share shall involve extinction at the time of forfeiture, of all interest in and all claims and demands against the Company, in respect of the share and all other rights incidental to the share.

73. Upon any sale after forfeiture or for enforcing a lien in exercise of the powers hereinabove given, the Board may, if necessary, appoint some person to execute an instrument for transfer of the shares sold and cause the purchaser's name to be entered in the Register of Members in respect of the shares sold and after his name has been entered the Register of Members in respect of such shares, the validity of the sale shall not be impeached by any person.

74. Upon any sale, re-allotment or other disposal under the provisions of the preceding Articles, the certificate(s), if any, originally issued in respect of the relative shares shall (unless the same shall on demand by the Company has been previously surrendered to it by the defaulting Member) stand cancelled and become null and void and be of no effect, and the Board shall be entitled to issue duplicate certificate(s) in respect of the said shares to the person(s) entitled thereto.

75. The Board, may, subject to the provisions of the Act, accept a surrender of any share from or by any Member desirous of surrendering the same on such terms as it may think fit.

76. The provisions of these Articles as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

77. The provisions of these Articles relating to forfeiture of shares shall mutatis mutandis apply to any other securities including debentures of the Company.

VI. TRANSFER OF SHARES

78. (a) The instrument of transfer of any share in the Company shall be duly executed by or on behalf of both the transferor and transferee.

(b) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.

79. The Board may, subject to the right of appeal conferred by the Act decline to register –

(i) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or

(ii) any transfer of shares on which the Company has a lien.

80. In case of shares held in physical form, the Board may decline to recognize any instrument of transfer unless –

(i) the instrument of transfer is duly executed and is in the form as prescribed in the Rules made under the Act;

(ii) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and

(iii) the instrument of transfer is in respect of only one class of shares.

81. On giving of previous notice of at least seven days or such lesser period in accordance with the Act and Rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than 45 days in the aggregate in any year.

82. The provisions of these Articles relating to transfer of shares shall *mutatis mutandis* apply to any other securities including debentures of the Company.

VII. TRANSMISSION OF SHARES

83. On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the Company as having any title to his interest in the shares.

84. Nothing in the above clause shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

85. Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either –

(i) to be registered himself as holder of the share; or

(ii) to make such transfer of the share as the deceased or insolvent member could have made.

86. The Board shall, in either case, have the same right to decline or suspend registration as received from such legal heir as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

87. The Company shall be fully indemnified by such legal heir, from all liability, if any, by actions taken by the Board to give effect to such registration or transfer.

88. If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects.

89. If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.

90. All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.

91. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by the membership in relation to meetings of the Company:

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

92. The provisions of these Articles relating to transmission by operation of law shall *mutatis mutandis apply* to any other securities including debentures of the Company.

VIII. ALTERATION OF SHARE CAPITAL

93. Subject to the provisions of the Act, the Company may, by ordinary resolution: -

a. increase its share capital by such amount as it thinks expedient by issuing new shares;

b. consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;

Provided that any consolidation and division which results in changes in the voting percentage of members shall require applicable approvals under the Act;

c. convert all or any of its fully paid-up shares into stock and reconvert that stock into fully paid-up shares of any denomination;

d. sub-divide its existing shares or any of them into shares of smaller amount than is fixed by its Memorandum of Association, so however that in the sub-division the proportion between the amount paid and the amount, if any, unpaid on each reduced share shall be the same as it was in the case of the share from which the reduced share is derived.

e. cancel any shares which, at the date of the passing of the resolution in that behalf, have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the shares so cancelled.

94. a. When any shares have been converted into stock, the several holders of such stock may henceforth transfer their respective interests therein or any part of such interest, in the same manner and subject to the same regulations as and subject to which shares in the Company's capital may be transferred or as near thereto as circumstances will admit. But the Board may from time to time, if they think fit, fix the minimum amount of stock transferable and restrict or forbid the transfer of fractions of that minimum, but with full power, nevertheless, at the discretion to waive such rules in any particular case.

b. Notice of such conversion of shares into stock or reconversion of stock into shares shall be filed with the Registrar of Companies as provided in the Act.

95. The stock shall confer on the holders thereof respectively the same privileges and advantages, as regards dividend and voting at meetings of the Company and for other purposes, as would have been conferred by shares of equal amount in the capital of the Company of the same class as the shares from which such stock was converted but no such privileges or advantages, except the participation in profits of the Company or in the assets of the Company on a winding up, shall be conferred by any such aliquot part of, consolidated stock as would not, if existing in shares, have conferred such privileges or advantages. No such conversion shall affect or prejudice any preference or other special holders of the share and authenticated by such evidence (if any) as the provisions herein contained shall, so far as circumstances will admit, apply to stock as well as to shares and the words "share" and "shareholder" in these presents shall include "stock" and "stock- holder".

IX. REDUCTION OF CAPITAL

96. The Company may by resolution, as prescribed by the Act and the Rules, reduce its capital in the manner and in accordance with the provisions of the Act:

(i) Its share capital; and/or

(ii) Any capital redemption reserve account; and/or

(iii) Any securities premium account; and/or

(iv) Any other reserve in the nature of capital; and/or

97. Whenever any preference shares are issued by the Company which are or at the option of the Company are liable to be redeemed, the same shall be redeemed in accordance with the provisions of Section 55 of the Act and the Rules made thereunder.

X. JOINT HOLDERS

98. Where two or more persons are registered as joint holders (not more than three) of any share, they shall be deemed (so far as the Company is concerned) to hold the same as joint tenants with benefits of survivorship, subject to the provisions as contained in these Articles.

99. The joint-holders of any share shall be liable severally as well as jointly for and in respect of all calls or installments and other payments which ought to be made in respect of such share.

100. On the death of any one or more of such joint-holders, the survivor or survivors shall be the only person or persons recognized by the Company as having any title to the share but the Directors may require such evidence of death as they may deem fit, and nothing herein contained shall be taken to release the estate of a deceased joint- holder from any liability on shares held by him jointly with any other person.

101. Only the person whose name stands first in the register of members as one of the joint- holders of any share shall be entitled to the delivery of certificate, if any, relating to such share or to receive notice (which term shall be deemed to include all relevant documents) and any notice served on or sent to such person shall be deemed service on all the joint-holders.

102. Any one of two or more joint holders of a share may give effectual receipts of any dividends, bonuses or other monies payable in respect of such share.

103. The provisions of these Articles relating to joint holders of shares shall mutatis mutandis apply to any other securities including debentures of the Company registered in joint names.

XI. ISSUE OF DEBENTURES

104. Any debentures, debenture-stock or other securities may be issued subject to the provisions of the Act and these Articles, at a discount, premium or otherwise or maybe issued on the condition that they shall be convertible into shares of any denomination or with any special privileges or conditions as to redemption, surrender, drawing, allotment of shares, attending (but not voting) at the general meeting, appointment of directors and otherwise.

XII. CAPITALISATION OF PROFITS

105. The Company by way of resolution as prescribed under the Act, in general meeting may, upon the recommendation of the Board, resolve —

(i) that it is desirable to capitalize any part of the amount for the time being standing to the credit of any of the Company's reserve accounts, or to the credit of the profit and loss account, or otherwise available for distribution, in terms of the provisions of the Act and the Rules; and

(ii) that such sum be accordingly set free for distribution in the manner specified in Article 106 below amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.

106. a. The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in sub - clause (b) below, either in or towards:

i. paying up any amounts for the time being unpaid on any shares held by such members respectively;

ii. paying up in full, unissued shares or other securities of the Company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;

iii. partly in the way specified in sub-clause (i) and partly in that specified in sub-clause (ii).

b. A securities premium account and a capital redemption reserve account or any other permissible reserve account may, for the purposes of this Article, be applied in the paying up of unissued shares to be issued to members of the Company as fully paid bonus shares;

c. The Board shall give effect to the resolution passed by the Company in pursuance of this Article.

107. Whenever such a resolution as aforesaid shall have been passed, the Board shall –

i. make all appropriations and applications of the amounts resolved to be capitalized thereby, and all allotments and issues of fully paid shares or other securities, if any; and

ii. generally, do all acts and things required to give effect thereto.

108. The Board shall have power—

i. to make such provisions, by way of the issue of fractional certificates / coupons or by payment in cash or otherwise as it thinks fit, in the case of shares or other securities becoming distributable in fractions; and

ii. to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the Company providing for the allotment to them respectively, credited as fully paid-up, of any further shares or other securities to which they may be entitled upon such capitalization, or as the case may require, for the payment by the Company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalized, of the amount or any part of the amounts remaining unpaid on their existing shares.

109. Any agreement made under such authority shall be effective and binding on such members.

XIII. GENERAL MEETING

110. Subject to the provisions of the Act, an Annual General Meeting of the Members of the Company shall be held every year within six months from the date of closing of each financial year, provided that not more than 15 months shall elapse between the date of one Annual General Meeting and that of the next. Nothing contained in the foregoing provisions shall be taken as affecting the right conferred upon by the Registrar under the provisions of the Act to extend the time within which any Annual General Meeting may be held. Every Annual General Meeting shall be called during business hours, that is, between such time as prescribed in the Act, on any day that is not a National Holiday and shall be held either at the registered office of the Company or at some other place within the city, town or village in which the registered office of the Company is situate.

111. All General Meetings other than Annual General Meeting shall be called Extra Ordinary General Meeting.

112. The Board may, whenever it thinks fit, call an Extra Ordinary General Meeting. The Company can pass any resolution permitted by the Act through Postal Ballot and such resolution(s) shall be deemed to have been duly passed at a General Meeting convened in that behalf on the date of announcement of results of Postal Ballot.

113. To every such separate meeting, the provisions of these Articles relating to General Meetings shall *mutatis mutandis* apply.

XIV. PROCEEDINGS AT GENERAL MEETING

114. A General Meeting of the Company may be called by giving not less than clear twenty-one days' notice in writing or through electronic mode, however, a General Meeting may be called after giving a shorter notice if consent is given in writing or by electronic mode by not less than ninety five percent of the members entitled to vote at such meeting.

Provided that where any members of the Company are entitled to vote only on some resolution or resolutions to be moved at meeting and not on others, those members shall be taken into account for the purposes of this clause in respect of the former resolution or resolutions and not in respect of the latter.

115. Such notice shall be given to –

(i) Every member of the Company, legal representative of any deceased Member or the assignee of an insolvent Member;

(ii) Every Director of the Company,

(iii) Auditor or Auditors of the Company; or

(iv) Any other person as may be specified in the Act and rules made thereunder.

116. The accidental omission to give notice to or other the non- receipt of notice by, any member or other person to whom it should be given shall not invalidate the proceedings at the meeting.

117. In every notice calling a meeting of the Company there shall appear with reasonable prominence a statement that a member entitled to attend and vote is entitled to appoint a proxy or where that is allowed one or more proxies, to attend and vote instead of himself and that a proxy need not be a member.

118. Where any items of business to be transacted at the meeting are deemed to be Special there shall be annexed to the notice of the meeting a statement as specified under section 102 of the Act, read with respective rules made there under.

119. In the case of an Annual General Meeting all business to be transacted at the meeting shall be deemed special with the exception of business relating to (i) the consideration of the Financial Statements, (including the consolidated financial statements, if applicable), and the Reports of the Board of Directors and Auditors, (ii) the declaration of dividend, (iii) the appointment of Directors in the place of those retiring and (iv) the appointment of and the fixing of the remuneration of the Auditors. In the case of any other meeting all business shall be deemed as special business.

120. Upon a requisition of members complying with the provisions of Section 111 of the Act, the Directors shall comply with the obligations of the Company under the said Act relating to circulation of members' resolutions and statements.

121. A certificate in writing, signed by the Secretary or by a Director or some officer or agent appointed by the Board for the purpose, to the effect that according to the best of its belief the notices convening the meeting have been duly given shall be prima facie evidence thereof.

122. No business shall be transacted at any General Meeting unless a quorum of members is present at the time when the meeting proceeds to transact the business.

123. No business shall be discussed or transacted at any General Meeting except election of Chairperson whilst the chair is vacant.

124. The quorum for the General Meetings shall be as prescribed in the Act.

125. The Chairperson, if any, of the Board shall preside as Chairperson at every General Meeting of the Company.

126. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the general meeting, or is unwilling to act as Chairperson of the general meeting, the Directors present shall elect one of their Members to be Chairperson of the general meeting.

127. If at any general meeting no Director is willing to act as Chairperson or if no Director is present within fifteen minutes after the time appointed for holding the general meeting, the Members present shall choose one of them to be Chairperson of the general meeting.

128. On any business at any General Meeting, in case of equality of votes, whether on a show of hands or electronically or on a poll, Chairperson shall have a second or casting vote.

129. The Board, and also any person(s) authorized by it, may take any action before the commencement of any General Meeting or any meeting of a class of Members in the Company, which they may think fit to ensure the security of the such meeting, the safety of people attending the meeting, and the future orderly conduct of the meeting. Any decision made in good faith under this Article shall be final and right to attend and participate in the meeting shall be subject to such decision.

XV. ADJOURNMENT OF MEETING

130. The Chairperson may, as per the provisions of the Act, adjourn the meeting from time to time and from place to place and shall adjourn the meeting, if required, in accordance with the Act.

131. If, within half an hour from the time appointed for holding the meeting, a quorum of members is not present, the meeting if convened by or upon requisition of members shall be dissolved, but in any other case it shall stand adjourned pursuant to the provisions of sub- section (2) of section 103 of the Act.

132. No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

133. When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.

134. Save as aforesaid, and save as provided in the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

135. In case at the adjourned meeting also, quorum is not present within half-an-hour from the time appointed for holding meeting, the members present shall be the quorum and may transact the business and decide upon all matters which could properly have been disposed of at the meeting from which the adjournment took place, if a quorum had been present.

XVI. VOTING RIGHTS

136. A Member may exercise his vote at a meeting by electronic means in accordance with the provisions of the Act and the Rules or voting through poll or by show of hands and he shall be entitled to vote only through one mode.

137. Any member whose name is entered in the register of members of the Company shall enjoy the same rights and be subject to the same liabilities as all other members of the same class.

138. Subject and without prejudice to any special privileges or restrictions or conditions for the time being attached to or affecting the preference or other special classes of shares, if any, issued by and for the time being forming part of the capital of the Company every member, entitled to vote under the provisions of these presents and not disqualified shall on a show of hands have one vote and upon a poll every member, presenting person or proxy or agent duly authorised by a power-of-attorney or representative duly authorised and not disqualified, shall have voting rights in proportion to his share of the paid-up equity s share capital of the Company subject however to any limits imposed by law. But no member shall have voting right in respect of any moneys paid in advance.

139. Any one of two or more joint holders may vote at an y meeting either personally or by an agent duly authorised under a power of attorney or by proxy in respect of such shares as if he were solely entitled thereto and if more than one of such joint holders be present at any meeting personally or by proxy or by attorney that one of such persons so present whose name stands first or higher (as the case may be) on the Register of Members in respect of such share or security shall alone be entitled to vote in respect thereof. Provided always that a person present at any meeting personally shall be entitled to vote in preference to a person, present by an agent, duly authorised under a power of attorney or by proxy although the name of such persons present by an agent or proxy stands first in the Register of Members in respect of such shares. Several executors of a deceased member in whose (deceased member's) so le name any share or security stands shall for the purpose of this sub clause be deemed joint holders.

140. No member shall be entitled to exercise any voting right on any question either personally or by proxy or upon poll (including voting by electronic means) in respect of any shares registered in his name on which any calls or other sums presently payable by him have not been paid or in regard to which the Company has or has exercised any right of lien.

141. Subject to the provisions of the Act and other provisions of these Articles, any person entitled under the Transmission Clause to any shares may vote at any general meeting in respect thereof as if he was the registered holder of such shares, provided that at least48 (forty-eight) hours before the time of holding the meeting or adjourned meeting, as the case may be, at which he proposes to vote, he shall duly satisfy the Board of his right to such shares unless the Board shall have previously admitted his right to vote at such meeting in respect thereof.

142. A member is not prohibited from exercising his voting on the ground that he has not held his share or other interest in the Company for any specified period preceding the date on which the vote is taken, or on any other ground not being a ground set out in the preceding Article.

143. A member of unsound mind or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or at a poll, by his committee or other legal guardian, and not otherwise, and any such committee or guardian may, on a poll, vote by proxy. If any member be a minor, the vote in respect of his share or shares shall be casted by his guardian.

144. A Member being a Body Corporate (whether a company within the meaning of the said Act or not) may by resolution of its Board of Directors or other governing body authorise such persons as it thinks fit to act as its representative at any meeting of the Company, or at any meeting of any class of members of the Company. A person authorised by resolution as aforesaid shall be entitled to exercise the same rights and powers (including the right to vote by proxy) on behalf of the Body Corporate which he represents as that body could exercise if it were a member.

145. No member not personally present shall be entitled to vote on a show of hands unless such members a Body Corporate a n d duly represented under Section 113 of the Act in which case such representative may vote on a show of hands as if he were a member of the Company.

146. a. Any member entitled to attend and vote at a general meeting of the Company m a y do so either personally or through his constituted attorney or through another person (whether a member or not) as his proxy as per the provisions of the Act, to attend and vote instead of himself but a proxy so appointed shall not have any right to speak at the meeting and shall not be entitled to vote except on a poll.

b. The instrument appointing a proxy whether for a specified meeting or otherwise shall be in Form as prescribed in the Act and the relevant Rules.

c. The instrument appointing a proxy and power-of- attorney or other authority if any) under which it is signed or a notarized copy of that power of attorney, shall have been deposited at the Registered Office of the Company not less than forty- eight hours before the time appointed for holding the meeting or adjourned meeting at which the persons named in the instrument proposes to vote and in default the instrument of proxy shall not be treated as valid.

147. a. A vote given in pursuance of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or any power-of-attorney under which such proxy was signed or the transfer of the shares in respect of which the proxy is given, provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received at the Registered Office of the Company before the commencement of meeting or adjourned meeting at which the proxy is used.

b. In case of e-voting, a Member shall be deemed to have exercised his voting rights by himself, even if any other person had voted using the login credentials of that Member.

c. No objection shall be made to the validity of any vote except at the meeting or adjourned meeting or poll at which such vote shall be tendered and every vote whether given personally or by proxy, and not disallowed at such meeting or poll, shall be deemed valid for all purposes of such meeting or poll whatsoever.

148. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.

149. A declaration of result by the Chairman on electronic voting, poll or show of hands (if any) that a resolution has or has not been carried or has or has not been carried either unanimously or by a particular majority and an entry to that effect in the book containing the minutes of the proceedings of the Company, shall be conclusive evidence of the fact, without proof of the number of proportion of the votes cast in favour of or against such resolution.

XVII. BOARD OF DIRECTORS

150. Until otherwise determined by the members of the Company through special resolution, and subject to the provisions of Section 149 of the Act, the number of directors shall not be less than three and not more than fifteen.

151. Not less than two-thirds of the total number of Directors of the Company shall be persons whose period of office is liable to determination by retirement of Directors by rotation; and save as otherwise expressly provided in the Act; be appointed by the Company in General Meeting.

Explanation: for the purposes of this Article "total number of Directors" shall not include Independent Director, whether appointed under the Act or any other law for the time being in force on the Board of the Company.

152. a. Subject to the provisions of Section 152 of the Act at every Annual General Meeting, one-third of such of Rotational Directors for the time being as are liable to retire by rotation, or if their number is not three or a multiple of three, then the number nearest to one-third, shall retire from office.

b. The Directors to retire by rotation at every Annual General Meeting shall be those who have been longest in office since their last appointment, but as between persons who become Directors on the same day, those who are to retire shall, in default of and subject to any agreement among themselves, be determined by lot. A retiring Director shall be eligible for re- election.

c. At the Annual General Meeting at which a Director retires as aforesaid, the Company may fill up the vacancy by appointing the retiring Director or some other person thereto.

d. If the place of the retiring Director is not so filled up and the meeting has not expressly resolved not to fill the vacancy, the meeting shall stand adjourned till the same day in the next week, at the same time and place, or if that day is a National Holiday, till the next succeeding day which is not a holiday, at the same time and place.

e. If at the adjourned meeting also, the place of the retiring Director is not filled up and that meeting also has not expressly resolved not to fill the vacancy, the retiring Director shall be deemed to have been re-appointed at the adjourned meeting unless: -

i. at the meeting or at the previous meeting a resolution for the re- appointment of such Director has been put to the meeting and lost;

ii. the retiring Director has, by a notice in writing addressed to the Company or its Board of Directors, expressed his unwillingness to be so re-appointed;

iii. he is not qualified or is disqualified for appointment;

iv. a resolution, whether special or ordinary, is required for his appointment or re-appointment by virtue of any provisions of the said Act; or

v. Section 162 of the Act is applicable to the case.

153. A person who is not a retiring Director shall subject to the provisions of the Act, be eligible for appointment to the Office of Director at any General Meeting, if he or some member intending to propose him has, not less than fourteen days before the meeting, left at the Registered Office of the Company a notice in writing under his hand signifying his candidature for the office of Directors or as the case may be, the intention of such Member to propose him as a candidate for the office, along with deposit of one lakh rupees or such other amount as may be specified in the A c t a n d relevant Rules.

The amount so deposited shall be refunded to such person or, as the case may be, to the Member, if the person proposed gets elected as a Director or gets more than 25% of total valid votes cast either on show of hands or on poll or by any electronic mode on such resolution.

154. The same individual may, at the same time, be appointed as the Chairperson of the Company as well as the Managing Director or Chief Executive Officer of the Company.

155. The Board shall consist of at least such number of Independent Directors as are statutorily required and such Directors shall possess such qualification as may be prescribed under the Act and shall be appointed for such tenure as prescribed by the Act and the Rules and they shall not be liable to retire by rotation and shall be paid, apart from sitting fees as referred in this Article such remuneration as may be decided by Board of Directors in accordance with the approval granted by the Members in General Meeting. Independent Director shall not be entitled to any stock options.

156. The Directors shall have power, at any time and from time to time, to appoint any person other than a person who fails to get appointed as a director in a general meeting, as an additional director at any time. Each such Additional Director shall hold office only up to the date of the next Annual General Meeting, or the last date on which the annual general meeting should have been held, whichever is earlier, but shall be eligible for appointment by the Company at that meeting as a Director as per the provisions of the Act and the rules made thereunder.

157. Whenever the Company enters into an agreement or contract with the Central or State Government, a local authority, bank or any financial Institutions, or any person or persons or anybody corporate (hereinafter referred to as "the appointer") for borrowing any money or for providing any guarantee or security or for underwriting shares or debentures or other securities of the Company, the Board shall have, subject to the provisions of Section 152 and 161 of the Act, the power to agree that such appointer shall have it and to the extent provided by the terms of such agreement or contract the right to appoint or nominate, by a notice in writing addressed to the Company, one or more Directors on the Board, for such period and upon such conditions as may be mentioned in the agreement or contract. The Board may also agree that any such Director or Directors may be removed from time to time by the appointer entitled to appoint or nominate them and the appointer, may appoint another or others in his or their place and also fill any vacancy which may occur as a result or any Director or Directors appointed or nominated under this Articles shall be entitled to exercise and enjoy all or any of the rights and privileges exercised and enjoyed by the other Directors of the Company, including payment of remuneration and traveling expenses to such Director or Directors as may be agreed by the Company with the appointer. A Director appointed under this Article is herein referred as "Nominee Director" and the term "Nominee Director" means any director for time being in office under this Article.

158. a. The Board of Directors may appoint a person, not being a person holding any alternate directorship for any other Director in the Company, as an Alternate Director to act for a Director (hereinafter called "the Original Director") during his absence for a period of not less than three months from India.

b. No person shall be appointed as an alternate director for an Independent Director unless he is qualified to be appointed as an Independent Director as per the provisions of the Act.

c. An Alternate Director shall be entitled to notice of meetings of the Directors, and to attend and vote thereat accordingly.

d. An Alternate Director shall not hold office for a period longer than that permissible to the original Director in whose place he has been appointed and shall vacate office if and when the Original Director returns to India.

e. If the term of office of the Original Director is determined before he so returns to India as aforesaid any provision for the automatic reappointment of retiring Directors in default of another appointment shall apply to the Original Director and not to the Alternate Director.

159. a. If the office of any Director appointed by the Company in General Meeting is vacated before his term of office expires in the normal course, the resulting casual vacancy may be filled by the Board of Directors at a meeting of the Board.

b. The Director so appointed shall hold office only up to the date up to which the Director in whose place he is appointed would have held office if it has not been vacated as aforesaid.

160. The Company shall arrange to maintain Register of Directors, Key Managerial Personnel, containing the particulars and in the form and manner as prescribed by the Act. It shall be the duty of every Director and other persons regarding whom particulars have to be maintained in such Registers to disclose to the Company any matters relating to himself as may be necessary to comply with the provisions of the Act.

161. The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.

162. The remuneration payable to the directors, including any managing director or whole- time director or manager, if any, shall be determined in accordance with and subject to the provisions of the Act by a resolution passed by the Company in general meeting as prescribed under the Act.

163. The Board may from time to time fix thesitting fee to be paid to Directors or any Committee/s of Board of Directors thereof not exceeding such amount as is permissible under the Act and Rules made thereunder, for attending the meeting.

164. If any Director be called upon to perform extra services or special exertion or efforts (which expression shall include work done by a Director as member of any committee formed by the Directors) the Board may, subject to the provisions of the Act and Rules, arrange with such Directors for such special remuneration for such extra services or special exertions or either by a fixed sum or otherwise as may be determined by the Board and such remuneration may be either in addition to or in substitution for his remuneration above provided.

165. The Board of Directors may allow and pay to the Directors, travelling, hotel other expenses properly incurred connection with the business of Company and in attending and in returning from the meeting(s) of the Board or Committee thereof or general meeting of the Company.

166. a. At a General Meeting of the Company a motion shall not be made for the appointment of two or more persons as Directors of the Company by a single resolution, unless a proposal to move such are solution has first been agreed to by the meeting without any vote being given against it.

b. A resolution moved in contravention of clause (a) above shall be void, whether or not objection was taken at the time to its being so moved;

167. The Company may by an ordinary resolution removes any Director (not being a Director appointed by the Tribunal in pursuance of Section 242 of the Act) in accordance with the provisions of Section169 of the Act. A Director so removed shall not be re- appointed as a Director by the Board of Directors.

XVIII. APPOINTMENT OF CHIEF EXECUTIVE OFFICER, MANAGER, COMPANY SECRETARY AND CHIEF FINANCIAL OFFICER

168. In accordance with the provisions of the Act and the Rules, the Company shall have Key Managerial Personnel as mentioned in the Act.

169. Subject to the provisions of the Act;

a. The Chief Executive Officer, Manager, Company Secretary and Chief Financial Officer, maybe appointed by the Board for such term at such remuneration and upon such conditions as it may think fit and the Chief Executive Officer, Manager, Company Secretary and Chief Financial Officer so appointed may be removed by means of a resolution of the Board Meeting.

b. The Board may designate Chief Executive Officer, Manager, Company Secretary and Chief Financial Officer, so appointed as the Key Managerial Personal of the Company.

c. A Director may be appointed as Chief Executive Officer, Manager, Company Secretary or Chief Financial Officer.

XIX. MANAGING DIRECTOR

170. a. Subject to the provisions of the Act and of these Articles, the Board shall have power to appoint, from time to time, any of its member as a Managing Director or Joint Managing Director, Whole Time Director, Manager or Chief Executive Officer of the Company, either for a fixed term, or without any limitation as to the period for which he or they are or are to hold such office but in any case, not exceeding 5 (Five) years at a time and upon such terms and conditions as the Board thinks fit, and subject to the provisions of these Articles, the Board may, by resolution, vest in such Managing Director or Joint Managing Director, Whole Time Director, Manager or Chief Executive Officer of the Company such of the powers hereby vested in the Board generally, as it thinks fit, and such powers may be made exercisable for such period or periods; and upon such conditions and subject to such restrictions, as it may determine. The remuneration of a Managing Director, Joint Managing Director Whole Time Director, Manager or Chief Executive Officer may be by way of salary and/or allowances, commission or participation in profits or perquisites of any kind, nature or description, or by any or all of these modes, or by any other mode(s) not expressly prohibited by the Act or the Rules made thereunder, or any notification or circular issued under the Act.

171. The Board of Directors may from time to time entrust to and upon a Managing Director or Joint Managing Director for the time being such of the powers exercisable under these Articles by the Directors as they may think fit, and may confer such powers for such time and to be exercised for such objects and purposes and upon such terms and conditions and with such restrictions as they think expedient, and they may confer such powers either collaterally with or to the exclusion of and in substitution for all or any of the powers of the Directors in that behalf, and may from time to time revoke, withdraw, alter or vary all or any of such powers, unless and until otherwise determined that a Managing Director may exercise all the powers exercisable by the Directors, save such powers as by the Act or by these Articles shall be exercisable by the Directors themselves.

XX. PROCEEDINGS OF BOARD OF DIRECTORS

172. A minimum number of four meetings of the Directors shall have been held in every year in such a manner that not more than one hundred and twenty days shall intervene between two consecutive meetings of the Board. The Directors may meet together for the conduct of business, adjourn and otherwise regulate their meeting and proceedings, as they think fit, subject to the provisions of the Act.

173. The Chairperson or any one Director with the previous consent of the Chairperson may, or the company secretary on the direction of the Chairperson or any Director shall, at any time, summon a meeting of the Board.

174. The Board of Directors or any committee of the Board of Directors thereof shall be entitled to hold its meeting through video conferencing or audio visual means or other permitted means and in conducting the Board/Committee meetings through such video conferencing or audio visual or other permitted means the procedures and the precautions as laid down in the A c t a n d the relevant Rules shall be adhered to with regard to every meeting conducted through video conferencing or audio visual means or other permitted means. The scheduled venue of the meetings shall be in India, shall be deemed to be the place of the said meeting and all recordings of the proceedings at the meeting shall be deemed to be made at such place.

175. a. Subject to provisions of Section173 (3) of the Act, notice of not less than seven days of every meeting of the Board of Directors of the Company shall be given in writing to every Director at his address registered with the Company and shall be sent by hand delivery or by post or through electronic means.

b. The meeting of the Board may be called at a shorter notice to transact urgent business subject to the condition that at least one Independent Director of the Company shall be present at the meeting. In the event, any Independent Director is not present at the meeting called at shorter notice, the decision taken at such meeting shall be circulated to all the directors and shall be final only on ratification thereof by at least one Independent Director.

176. The quorum for a meeting of the Board shall be one-third of its total strength (any fraction contained in that one third being rounded off as one), or two Directors whichever is higher and the directors participating by video conferencing or by other permitted means shall also be counted for the purposes of this Article.

Provided that where at any time the number of interested Directors exceeds or is equal to two-thirds of the total strength, the number of the remaining Directors, that is to say, the number of the Directors who are not interested, being not less than two, shall be the quorum during such time.

Explanation: The expressions "interested Director" shall have the meanings given in Section 184(2) of the Act and the expression "total strength" shall have the meaning as given in Section 174 of the Act.

177. The continuing Directors may act notwithstanding any vacancy in their body, but, if and so long as their number is reduced below three, the continuing Directors may act for the purpose of increasing the number of Directors to the said number, or of summoning a General Meeting of the Company, but for no other purpose.

178. If a meeting of the Board could not be held for want of a quorum then the meeting shall automatically stand adjourned to the same day in the next week, at the same time and place, or if that day is a National Holiday, till the next succeeding day which is not a National Holiday at the same time and place.

179. The Chairperson of the Company shall be the Chairperson at meetings of the Board. In his absence, the Board may elect a Chairperson of its meetings and determine the period for which he is to hold office.

180. If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the directors present may choose one of their numbers to be Chairperson of the meeting.

181. Questions arising at any meeting of the Directors shall be decided by a majority of votes, and in case of an equality of votes, the Chairperson thereat shall have a second or casting vote.

182. Subject to the provisions of the Act, the Directors may delegate any of their powers, other than powers which by reason of the provisions of the said Act cannot be delegated, to committees consisting of such member or members of their body as they may think fit, and they may from time to time revoke and discharge any such Committee either wholly or in part, and either as to persons or purposes. Every Committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may from time to time be imposed on it by the Directors, and all acts done by any such Committee in conformity with such regulations and in fulfillment of the purpose of their appointment, but not otherwise, shall have the like force and effect as if done by the Board.

183. A Committee may elect a Chairperson of its meetings unless the Board, while constituting a Committee, has appointed a Chairperson of such Committee.

184. If no such Chairperson is elected, or if at any committee meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the committee meeting.

185. A Committee may meet and adjourn as it thinks fit.

186. Questions arising at any meeting of a Committee shall be determined by a majority of votes of the members present

187. In case of an equality of votes, the Chairperson of the Committee shall have a second or casting vote.

188. A resolution not being a resolution required by the said Act or otherwise to be passed at a meeting of the Directors, may be passed without any meeting of the Directors or of a committee of Directors provided that the resolution has been circulated in draft, together with the necessary papers, if any, to all the Directors, or to all the members of the Committee as the case may be, at their addresses registered with the Company in India, by hand delivery or by post or courier or through electronic means as permissible under the relevant act and rules made there under and has been approved, in writing, signed whether manually or by secured electronic mode, by a majority of the members of Board of Directors or of a committee thereof, as are entitled to vote on the resolution(s).

189. All acts done in any meeting of the Board of Directors or of a committee thereof or by any person as a Director shall be valid, notwithstanding that it may be afterwards discovered that appointment of anyone or more of the Directors was invalid by reason of any defect or disqualification or had terminated by virtue of any provision contained in the said Act or in these Articles. Provided that this Article shall not give validity to acts done by a Director after his appointment has been shown to the company to be invalid or to have terminated.

190. The Directors shall cause minutes to be duly entered in a book or books provided for the purpose in accordance with these presents and section 118 of the Act.

XXI. POWERS OF BOARD

191. a. Subject to the provisions of Section 135,179, 180, 181, 182, 183, 184, 185, 186, 188 and 203 of the Act, and these articles, the Board of Directors of the Company shall be entitled to exercise all such powers, give all such consents, make all such arrangements, be nearly do all such and things as the Company is authorized to exercise and do.

Provided that the Board shall not exercise any power or do any act or thing which is directed or required, whether by the Act, or any other Act or by the Memorandum of Association of the Company or these articles or otherwise, to be exercised or done by the Company in general meeting.

Provided further that in exercising any such power or doing any such act or thing the Board shall be subject to the provisions contained in this behalf in Act or in any other Act or in the Memorandum of Association or in any regulations not inconsistent therewith and duly made there under including regulations made by the Company in general meeting.

b. No regulation made by the Company in General Meeting shall invalidate any prior act of the Board, which would have been valid, if that regulation had not been made.

192. Save as provided by the Act or by these presents and subject to the restrictions imposed by Section 179 of the Act, the Board may delegate all or any powers by the said Act or by the Memorandum of Association or by these presents reposed in them to any of its Committee of Directors, the managing Director, the Manager or any other officer of the Company.

XXII. DIVIDENDS AND RESERVE

193. The Company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board but the Company in general meeting may declare a lesser dividend.

194. Subject to the provisions of the Act, the Board may from time to time pay to the members such interim dividends of such amount on such class of shares and at such times as it may think fit.

195. The Board may, before recommending any dividend, set aside out of the profits of the Company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applied for any purpose to which the profits of the Company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the Company or be invested in such investments (other than shares of the Company) as the Board may, from time to time, think fit.

196. The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.

197. Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the Company, dividends may be declared and paid according to the amounts of the shares.

198. No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this Article as paid on the share.

199. All dividends shall be apportioned and paidproportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.

200. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the Company on account of calls or otherwise in relation to the shares of the Company.

201. The Board may retain dividends payable upon shares in respect of which any person is, under the Transmission Clause hereinbefore contained, entitled to become a member, until such person shall become a member in respect of such shares.

202. Any dividend, interest or other monies payable in cash in respect of shares may be paid by electronic mode or by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.

203. Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.

204. Payment in any way whatsoever shall be made at the risk of the person entitled to the money paid or to be paid. The Company will not be responsible for a payment which is lost or delayed. The Company will be deemed to having made a payment and received a good discharge for it if a payment using any of the foregoing permissible means is made.

205. No dividend shall bear interest against the Company.

206. The waiver in whole or in part of any dividend on any share by any document (whether or not under seal) shall be effective only if such document is signed by the member (or the person entitled to the share in consequence of the death or bankruptcy of the holder) and delivered to the Company and if or to the extent that the same is accepted as such or acted upon by the Board.

XXIII. ACCOUNTS AND AUDIT

207. The Company shall maintain such books of accounts and other books and papers as prescribed under the provisions of the Act and the Rules. Such books of accounts and papers shall be kept at such place as prescribed under the Act or as the Board of Directors think fit, subject to compliance with the applicable provisions of the Act.

208. The books of accounts and other books and papers shall be open to inspection of Directors as per the provisions of the Act and the Rules.

209. No member (not being a Director) shall have any right of inspecting any books of account or o the r books or document or papers of the Company except as conferred by law or authorised by the Board.

210. Subject to the provisions of the Act, at every Annual General Meeting of the Company the Directors shall lay before the Members of the Company, a Financial Statements for each financial year.

211. The Financial Statements shall give a true and fair view of the state of affairs of the Company at the end of the period of the account. Financial Statements shall comply with the provisions of Section 129 and 133 of the Act.

212. a. Financial Statement shall be signed in accordance with the provisions of section134 of the Act.

b. The Directors shall make out and attach to every Balance Sheet laid before the Company in General Meeting a Report of the Board of Directors which shall comply with the requirements of and shall be signed in the manner provided by Section 134 of the Act.

213. a. A copy of every Financial Statements (including consolidated Financial Statements if any, the Auditors' Report and every other document required by law to be annexed or attached, as the case may be, to the Financial Statement) which is to be laid before the Company in General Meeting shall not less than twenty one days before the date of meeting be sent to the persons as authorized to receive a copy thereof under the Act.

b. If the copies of the documents aforesaid are sent less than twenty-one days before the date of the meeting they shall, notwithstanding that fact, be deemed to have been duly sent if it is so agreed by ninety five percent of the members entitled to vote at the meeting.

c. The accidental omission to send the documents aforesaid, to or the non- receipt of the documents aforesaid by, any member or other person to whom it should be given shall not invalidate the proceedings at the meeting.

d. Any member or holder of debentures of the Company whether he is or is not entitled to have copies of the Company's Financial Statements sent to him, shall on demand, be entitled to be furnished without charge, with a copy of the last Financial Statements and every other document required by law to be annexed or attached thereto.

214. The financial statements, book of accounts and other relevant books and papers of the Company shall be examined and audited in accordance with the provisions of the Act and the Rules.

215. Appointment, re-appointment, rotation, removal, resignation, eligibility, qualification, disqualification, remuneration, powers and duties etc. of the Auditors whether Statutory, Branch and Internal Auditor, shall be in accordance with the provisions of the Act and the Rules.

216. Every account when audited and approved by a General Meeting shall be conclusive.

217. In case the Company is required to get itssecretarial records audited by a Secretarial Auditor, the same shall be got audited, in the manner prescribed under the provisions of the Act and the Rules.

218. Appointment, re-appointment, rotation, removal, resignation, eligibility, qualification, disqualification, remuneration, powers and duties etc. of the Secretarial Auditors shall be in accordance with the provisions of the Act and the Rules.

XXIV. MINUTES

219. a. The Company shall cause minutes of the proceedings of every General Meeting or any class of Members or Creditors and every resolution passed by a Postal Ballot and of all proceedings of every meeting of its Board of Directors or of every Committee of the Board, to be prepared and signed in such manner as may be prescribed by the Act and the Rules and kept by making within thirty days of the conclusion of every such meeting concerned or passing of resolution by postal ballot entries thereof in books kept for that purpose with their pages consecutively numbered.

b. Each page of every such book shall be initialed or signed and the last page of the record of proceedings of each meeting in such books shall be dated and signed: -

i. in the case of minutes of proceedings of a meeting of the Board or of a Committee thereof, by the Chairman of the said meeting or the Chairman of the next succeeding meeting.

ii. in the case of minutes of proceedings of a General Meeting by the Chairman of the same meeting within the aforesaid period of thirty days or in the event death or inability of that Chairman within that period, by a Director duly authorize by the Board for the purpose.

220. Where minutes of the proceedings of any General Meeting of the Company or of any meeting of the Board or of a Committee of the Board have been kept in accordance with the provisions of these Articles then, until the contrary is proved, the meeting shall be deemed to have been duly called and held and all proceedings thereat to have duly taken place and the resolution passed by circulation, postal ballot or other permitted means, shall be construed to have been duly passed and in particular all appointments of Directors, Key Managerial Personal or Company Secretary in practice made at the Meeting shall be deemed to be valid including the matters that are required to be transacted at the meeting of the Board of Directors as specified under Section179 of the Act and the Rules made thereunder.

221. Minutes of proceedings of every General Meeting and of the proceeding of every meetings of the Board kept in accordance with these presents shall be evidence of the proceedings recorded therein.

222. The books containing the minutes of the proceedings of General Meetings of the Company and the minutes of the resolution passed by postal ballot, shall be kept at the Registered Office of the Company or such other place as may be approved by the Board and shall be open during the business hours to the inspection of members without charge, subject to such reasonable restrictions as the Company may impose, on all working days except Saturday during such time not less than two hours in each day or as may be fixed by the Board.

223. Any Member shall be entitled to be furnished, within time prescribed by the Act, after he has made a request in writing in that behalf to the Company and on payment of such fees as may be fixed by the Board, as per the provisions of the Act and Rules, with a copy of the minutes of General Meeting. Provided that a Member who has made request for provision of soft copy of the minutes of any previous General Meeting held during the period immediately preceding three financial years, shall be entitled to be furnished with the same free of cost.

224. a. In no case the minutes of proceedings of a meeting shall be attached to any such book as aforesaid by pasting or otherwise.

b. The minutes of each meeting shall contain a fair and correct summary of proceedings thereat.

c. All appointments of officers made at any of the meetings aforesaid shall be included in the minutes of the meeting.

d. In the case of a meeting of the Board of Director or of a committee of the Board, the minutes shall also contain:

i. the names of the Directors present at the meeting;

ii. in the case of each resolution passed at the meeting the name of the Directors, if any dissenting from or not concurring on the resolution.

e. Nothing contained in clauses (a) to (d) herein above, shall be deemed to require the inclusion in any such minutes of any matter which, in the opinion of the Chairman of the meeting: -

i. is or could reasonably be regarded as defamatory of any person,

ii. is irrelevant or immaterial of the Company or

iii. is detrimental to the interest of the Company.

The Chairman shall exercise an absolute discretion in regard to the inclusion or non- inclusion of any matters in the minutes on the ground specified in this Article.

XXV. REGISTER

225. The Company shall keep and maintain all Statutory Registers as prescribed under the Act and the Rules (in physically or electronic mode), at its Registered Office or such other place as per the Act and the Rules and for such duration, as the Board may, unless otherwise prescribed, decide, and in such manner and containing such particulars as prescribed by the Act and the Rules. The Registers and copies of Annual Returns shall be available for inspection during working hours on all working days except Saturdays, during such time as may be fixed by the Board, at the place where such Registers are kept and maintained, by the persons entitled thereto on payment, where required of such fees as may be fixed by the Board of Directors not exceeding the limits prescribed by the Act and Act Rules or without any fees in absence of any fees fixedly the Board in this behalf.

226. a. The Company may exercise the powers conferred on it by the Act with regard to keeping of a Foreign Register and the Board may (subject to the provisions of the Act) make and vary such regulations as it may think fit respecting the keeping of any such Register.

b. The Foreign Register shall be open for inspection and may be closed, and extracts may be taken there from and copies thereof may be required, in the same manner, *mutatis mutandis*, as is applicable to the Register of Members.

XXVI. NOTICES AND SERVICE OF DOCUMENTS

227. a. It shall be imperative on every member to notify to the Company for registration of his place of address in India and if he has no registered address within India to supply to the Company an address within India for giving of notices to him.

b. A member may notify his email address if any, to which the notices and other documents of the company shall be served on him by electronic mode.

c. The Company's obligation shall be satisfied when it transmits the email and the company shall not be responsible for failure in transmission beyond its control

228. Subject to Section 20 of the Act, a document may be served by the Company on any member thereof by sending it to him by post or by registered post or by speed post or by courier or by delivering at his address (within India) supplied by him to the company for the service of notices to him.

The term courier means person or agency who or which delivers the document and provides proof of its delivery.

229. Every person, who by operation of law, transfer or other means whatsoever, shall become entitled to any share, shall be bound by any and every notice and other document in respect of such share which previous to his name and address being entered upon the register shall have been duly given to the person from whom he derives his title to such share.

230. Any notice required to be given by the Company to the members or any of them and not expressly provided for by these presents shall be sufficiently given, if given by advertisement, once in English and once ina vernacular daily newspaper circulating in the city, town or village in which the registered office of the Company is situate.

231. Any notice or document served in the manner hereinbefore provided shall notwithstanding such member be then dead and whether or not the Company has notice of his death, be deemed to have been duly served in respect of any share, whether held solely or jointly with other persons by such member, until some other person be registered in his stead as the holder or joint-holder thereof and such service, for all purposes of these presents be deemed a sufficient service of such notice or documents on his heirs, executors, administrators and all person (if any) jointly interested with him in any such shares.

232. Any notice given by the Company shall be signed (digitally or electronically) by a Director or by the Secretary or some other officer appointed by the Directors and the signature thereto may be written, facsimile, printed, lithographed, Photostat.

233. A document may be served on the Company or on an officer thereof by sending it to the Company or officer at the Registered Office of the Company by post or by Registered Post or by leaving it at its Registered Office, or by means of such electronic mode or other mode as may be specified in the Act and the relevant Rules.

XXVII. INDEMNITY AND INSURANCE

234. a. Subject to the provisions of the Act, every director, managing director, whole-time director, manager, company secretary and other officer of the Company shall be indemnified by the Company out of the funds of the Company, to pay all costs, losses and expenses (including travelling expense) which such Director, Managing Director, Whole Time Director, Manager, Company Secretary and officer may incur or become liable for by reason of any contract entered into or act or deed done by him in his capacity as such Director, Managing Director, Whole Time Director Manager, Company Secretary or officer or in any way in the discharge of his duties in such capacity including expenses.

b. Subject as aforesaid, every director, managing director, manager, company secretary or other officer of the Company shall be indemnified against any liability incurred by him in defending any proceedings, whether civil or criminal in which judgment is given in his favour or in which he is acquitted or discharged or in connection with any application under applicable provisions of the Act in which relief is given to him by the Court.

235. The Company may take and maintain any insurance as the Board may think fit on behalf of its present and/or former directors, key managerial personnel or officers for indemnifying all or any of them against any liability for any acts in relation to the Company for which they may be liable but have acted honestly and reasonably.

XXVIII. SECRECY

236. a. Every Director, Manager, Auditor, Member of a Committee, officer, servant, agent, accountant, consultant or other person employed or engaged in the business of the Company, shall observe strict secrecy respecting all transactions and affairs of the Company and shall not reveal any of the matters which may come to his knowledge in the discharge of his duties except when required so to do by the Board of Directors or by law or by the person to whom such matters relate and except so far as may be necessary in order to comply with any of the provisions in these presents contained.

b. No member shall be entitled to visit any office the Company without the permission of the Directors or to require discovery of or any information respecting any detail of the Company's working, trading or any matter which is or may be in the nature of a secret, mystery of trade or secret process, which may relate to the conduct of the business of Company and which in the opinion of the Directors, it will be in expedient in the interest of the members of the Company to communicate to the public.

XXIX. WINDING UP

237. Subject to the applicable provisions of the Act and the Rules made thereunder –

a. If the Company shall be wound up, the liquidator may, with the sanction of a special resolution of the Company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the Company, whether they shall consist of property of the same kind or not.

b. For the purpose foresaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.

c. The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

XXX. GENERAL POWERS

238. Where any provisions of the Act, provides that the Company shall do such act, deed, or thing, or shall have a right, privilege or authority to carry out a particular transaction, only if it is so authorised in its Articles, in respect of all such acts, deeds, things, rights, privileges and authority, this Article hereby authorizes the Company to carry out the same, without the need for any specific or explicit Article in that behalf.

Press Release

September 11, 2025

CAPRI GLOBAL CAPITAL LIMITED
Rating Assigned and Reaffirmed

Product	Quantum (Rs. Cr)	Long Term Rating	Short Term Rating
Bank Loan Ratings	2000.00	ACUITE AA | Stable | Assigned	-
Bank Loan Ratings	5050.00	ACUITE AA | Stable | Reaffirmed	-
Non Convertible Debentures (NCD)	200.00	ACUITE AA | Stable | Assigned	-
Non Convertible Debentures (NCD)	550.00	ACUITE AA | Stable | Reaffirmed	-
Total Outstanding	7800.00	-	-
Total Withdrawn	0.00	-	-

Rating Rationale

Acuité has reaffirmed its long-term rating of **'ACUITE AA' (read as ACUITE Double A)** on the Rs. 5050.00 Cr. Bank Loan Facilities of Capri Global Capital Limited (CGCL). The outlook is **'Stable'**.

Acuité has assigned its long-term rating of **'ACUITE AA' (read as ACUITE Double A)** on the Rs. 2000.00 Cr. Bank Loan Facilities of Capri Global Capital Limited (CGCL). The outlook is **'Stable'**.

Acuité has reaffirmed its long-term rating of **'ACUITE AA' (read as ACUITE Double A)** on the Rs. 550.00 Cr. non-convertible debentures of Capri Global Capital Limited (CGCL). The outlook is **'Stable'**.

Acuité has assigned its long-term rating of **'ACUITE AA' (read as ACUITE Double A)** on the Rs. 200.00 Cr. Proposed Non-Convertible Debentures of Capri Global Capital Limited (CGCL). The outlook is **'Stable'**.

Rationale for the rating

The rating action takes into consideration the sustained improvement in the earning profile, capital position and asset quality of Capri Global Group.The AUM of CGCL (consolidated) increased to Rs. 22,860.20 Cr. as on March 31, 2025 from Rs. 15,652.94 Cr. as on March 31, 2024.The group had an AUM of Rs 24,753.80 Cr. for Q1FY26. The PAT has also improved from Rs.279.41 Cr. in FY24 to Rs. 478.53 Cr. in FY25. CGCL on a consolidated basis reported Net non-performing assets (NNPA) of 0.89 percent as on March 31, 2025 against 1.06 percent as on March 31, 2024. The rating continues to drive support from CGCL's comfortable capitalization levels marked by networth of Rs. 4304.10 Cr. with a leverage at 3.70 times as on March 31, 2025 (consolidated). CGCL's (standalone) CRAR stood at 22.84 percent as on March 31, 2025. The company had a QIP equity raise of Rs. 2000 Cr during Q1FY26 through investors which included Mutual Funds, Domestic and Foreign funds and insurance companies which has helped them augment their capital position. The rating also considers the AUM composition shifting towards more secured and safer assets like Gold Loan & Housing finance Loan along with diversification of revenue into fees based services. The rating is however constrained by the deterioration in asset quality majorly from the MSME and construction finance protfolio. Further, the rating also factors in moderate seasoning of the scaled-up loan book and its incremental contribution to the profitability indicators, high operating expenses on account of addition of new branches and susceptibility to risk inherent in the MSME and construction finance segment. Going forward, the group's ability to profitably continue the scale-up in business, particularly the gold loan segment, raising resources at competitive rates and maintenance of asset quality of its growing portfolio shall remain key monitorable.

About the Company

Capri Global Capital Limited (CGCL) is the flagship company of Capri Group which was incorporated in 1994. It is non- deposit taking systemically important non-banking finance company(NBFC-ICC) engaged in extending loans to

MSMEs loans secured against property and construction finance. CGCL has a subsidiary Capri Global Housing Finance Limited (CGHFL). CGCL's equity is listed on BSE and NSE with the promoter and promoter group holding 59.95 percent as on June 30, 2025. CGCL is promoted by Mr. Rajesh Sharma (Managing Director) and the day-to-day operations are managed by the team led by Mr. Rajesh Sharma. The company is based in Mumbai.

About the Group

Capri Global Capital Limited (CGCL) is a diversified Non-Banking Financial Company (NBFC) with a presence primarily across two key verticals - MSME Loans and Home Loans. Capri Global Housing Finance Limited. (CGHFL) received certificate of registration from NHB on September 28, 2015, to commence operations as a Housing Finance Company. The company is a 100 percent subsidiary of Capri Global Capital Limited. (CGCL). The company started its operations from December 2016. The company is based in Mumbai. Mr Rajesh Sharma is the primary promoter of the group.

Unsupported Rating

Not Applicable

Analytical Approach

Extent of Consolidation

•Full Consolidation

Rationale for Consolidation or Parent / Group / Govt. Support

Acuite has consolidated the business and financial risk profiles of Capri Global Capital Limited (Parent Company) and its wholly owned subsidiaries. This consolidation is in the view of the common promoters, shared brand name and strong financial and operation synergies.

Key Rating Drivers

Strength

Experienced management & healthy resources raising ability

Capri group, through its flagship company CGCL, forayed into lending business in 2010, primarily focusing towards wholesale lending and gradually shifted towards a retail book. The Group's flagship company CGCL is listed on both BSE and NSE. Capri Group is promoted by Mr. Rajesh Sharma, with an experience of around three decades in financial services sector. CGCL has a board comprising of seven members with an experience of more than three to four decades in the banking, financial services, public administration sectors. The promoter group holds ~60 percent and the remaining 40 percent is held by public, which includes mutual funds, foreign portfolio investors, individuals, bodies corporate etc. CGHFL, the housing finance arm of Capri Group is a wholly owned subsidiary of CGCL. On a consolidated basis, CGCL's Networth stood at Rs. 4304.10 Cr. and AUM of Rs.22,860.20 Cr. as on March 31, 2025. The group had an AUM of Rs 24,753.80 Cr. for Q1FY26. CGCL's (standalone) CRAR stood at 22.84 percent as on March 31, 2025. The company had a QIP equity raise of Rs. 2000 Cr. during Q1FY26 through investors which included Mutual Funds, Domestic and Foreign funds and insurance companies which has helped them augment their capital position. The Group is moderately levered and its consolidated gearing stood at 3.70 times as on March 31, 2025.

Sustained growth in AUM through focus diversification of portfolio

Over the last few years, the group has been diversifying its portfolio towards granular MSME and housing loans and into gold loans. The Group's portfolio comprises of four product verticals namely, loans to MSMEs which are secured against property, housing finance, construction finance, gold loans and indirect lending to smaller NBFCs and MFIs. The company had forayed into the gold loan vertical during FY2023 as a conscious attempt to increase their focus towards diversification of the loan book. CGCL has 821 dedicated branches in Q1FY26 which has helped them scale up the gold loan book to Rs 5561.27 Cr. (as on March 31, 2025) in a short span of time. The gold loan portfolio has increased to Rs 6210.98 Cr. (as on June 30, 2025). The consolidated Asset Under Management (AUM) increased to Rs. 22,860.20 Cr. as on March 31, 2025 from Rs. 15,652.94 Cr. as on March 31, 2024. The growth in AUM was driven by growth across all product verticals. The Group has adopted cautious strategy towards its Construction Finance segment and intends to limit the exposure to Construction Finance to under 20 percent of AUM going forward. Under the construction finance vertical, the company majorly lends to small and medium sized developers with an average ticket size of Rs,7-10 Cr. amidst a range of Rs. 2 Cr. to Rs. 60 Cr. exposure towards a project. Acuité believes that the management's philosophy of focusing on the retail segment and lending towards granular assets is likely to augur well from a risk standpoint.

Weakness

Susceptibility of asset quality to inherent risks in MSME segment and real estate sector

Capri Group has a presence in the lending space since 2010. The company's primary focus of lending is MSME & Housing Finance segment which jointly contributes ~44.3 percent of the overall portfolio as on June 30, 2025. The Group primarily caters to borrowers who are self employed and are engaged in small businesses and trading activities. The cashflows of these borrowers are dependent on the overall economic activity in the region. The Gross NPAs in the MSME vertical stood at 3.94 percent as on March 31, 2025. The GNPA increased to 4.32 percent in Q1FY26. The company mentioned the increase in NPA is stemming from the state of Madhya Pradesh due to delinquencies in small businesses in the state. The company has taken cognizance of this in its MSME book and has taken corrective action to

reduce further exposure to the particular geography.Through its construction finance segment the company continues to be exposed to the vagaries of the real estate industry. Though these exposures are secured by way of an exclusive mortgage of immovable properties with an escrow mechanism. Additionally, a sustained slowdown in funding to the wholesale segment over the near to medium term may adversely impact the developer's ability to complete the existing projects in a timely manner as well as launch new projects. Acuité has observed that the group's initiated steps to take on granular exposures by focussing on housing finance. However, since MSME and Construction finance segments comprise considerable portion of the portfolio, the risk of slippage in asset quality will be a key monitorable.

Moderate earning profile albeit improving

On a consolidated basis, Capri Group's profitability indicators have improved during FY2025 marked by Return on Average Assets (RoAA) at 2.67 percent as on March 31, 2025 from 2.08 percent as on March 31, 2024.However, there has been a reduction in Operating Expenses, the Operating Expenses to Earning Assets (Opex) stands at 6.75 percent as on March 31, 2025 from 7.48 percent as on March 31, 2024. Net Interest Margins (NIM) also improved to 9.74 percent as on March 31, 2025 from 9.68 percent as on March 31, 2024. The group's PAT levels have also improved in FY25 as the group reported PAT of Rs 478.53 Cr. as against Rs. 279.41 Cr. in FY 2024 and sizeable income is derived from CSA (Corporate Selling Agent) business for car loan origination indicating contribution of fee based revenue in the overall revenue stream. Going forward ability of the company to build its loan portfolio while improving its profitability and sustain the growth in its fee based income will remain a monitorable.

ESG Factors Relevant for Rating

Capri Global Capital Limited (CGCL) belongs to the Non-Banking Financial Companies (NBFC) sector which complements bank lending in India. Some of the material governance issues for the sector are policies and practices with regards to business ethics, board diversity and independence, compensation structure for board and KMPs, role of the audit committee and shareholders' rights. On the social aspect, some of the critical issues for the sector are the contributions to financial inclusion and community development, sustainable financing including environmentally friendly projects and policies around data privacy. The industry, by nature has a low exposure to environmental risks. CGCL has been focusing on extending loans to MSMEs loans secured against property and construction finance. The Capri group board comprises of six members with an experience of more than three to four decades in the banking, financial services, public administration sectors. The group companies maintains adequate disclosures with respect to the various board level committees mainly audit committee, nomination and renumeration committee along with stakeholder management committee. The group companies also maintains adequate level of transparency with regards to business ethics issues like related party transactions, investors grievances, litigations, and regulatory penalties for the group, if relevant. In terms of its social impact, CGCL is actively engaged in community development programmes through its CSR activities.

Rating Sensitivity

Note on complexity levels of the rated instrument

In order to inform the investors about complexity of instruments, Acuité has categorized such instruments in three levels: Simple, Complex and Highly Complex. Acuite's categorisation of the instruments across the three categories is based on factors like variability of the returns to the investors, uncertainty in cash flow patterns, number of counterparties and general understanding of the instrument by the market. It has to be understood that complexity is different from credit risk and even an instrument categorized as 'Simple' can carry high levels of risk. For more details, please refer Rating Criteria "Complexity Level Of Financial Instruments" on www.acuite.in.

About Acuité Ratings & Research

Acuité is a full-service Credit Rating Agency registered with the Securities & Exchange Board of India (SEBI). The company received RBI Accreditation as an External Credit Assessment Institution (ECAI) for Bank Loan Ratings under BASEL-II norms in the year 2012. Acuité has assigned ratings to various securities, debt instruments and bank facilities of entities spread across the country and across a wide cross section of industries. It has its Registered and Head Office in Kanjurmarg, Mumbai.

Disclaimer: An Acuité rating does not constitute an audit of the rated entity and should not be treated as a recommendation or opinion that is intended to substitute for a financial adviser's or investor's independent assessment of whether to buy, sell or hold any security. Ratings assigned by Acuité are based on the data and information provided by the issuer and obtained from other reliable sources. Although reasonable care has been taken to ensure that the data and information is true, Acuité, in particular, makes no representation or warranty, expressed or implied with respect to the adequacy, accuracy or completeness of the information relied upon. Acuité is not responsible for any errors or omissions and especially states that it has no financial liability whatsoever for any direct, indirect or consequential loss of any kind, arising from the use of its ratings. Ratings assigned by Acuité are subject to a process of surveillance which may lead to a revision in ratings as and when the circumstances so warrant. Total	**8,995.00 (Rupees Eight Thousand Nine Hundred Ninety-Five Crore Only)**			

2. Details of the credit facilities are attached in **Annexure I.** Our rating symbols for long-term and short-term ratings and explanatory notes thereon are attached in **Annexure II.**

3. The press release for the rating(s) will be communicated to you shortly.

4. The above rating is normally valid for a period of one year from the date of the rating committee (that is. **September 14, 2026).**

5. If the proposed long term / short term facility (if any) is not availed within a period of six months / three months respectively from the date of this letter, then the rating may please be revalidated from us before availing the facility.

6. INFOMERICS reserves the right to undertake a surveillance/review of the rating(s) from time to time, based on circumstances warranting such review, subject to at least one such review/surveillance every year.

7. A formal surveillance/review of the rating is normally conducted within 12 months from the date of initial rating/last review of the rating. However, INFOMERICS reserves the right to undertake a surveillance/review of the rating more than once a year if in the opinion of INFOMERICS, circumstances warrant such surveillance/review.

Continuation Sheet No.

8. **You shall provide us with a No Default Statement as at the last date of the month on the first date of succeeding month without fail**. The NDS shall be mailed every month to nds@Infomerics.com and to the mail id of the undersigned.

9. **You shall provide the quarterly performance results/quarterly operational data (being submitted to Banks) to us within 6 weeks from the close of each calendar quarter for our review/monitoring**.

10. You shall furnish all material information, and any other information called for by INFOMERICS in a timely manner, for monitoring the rating assigned by INFOMERICS. In the event of failure on your part in furnishing such information, to carry out continuous monitoring of the rating of the bank facilities, INFOMERICS shall carry out the review/annual surveillance based on best available information throughout the lifetime of such bank facilities as per the policy of INFOMERICS.

11. Please note that INFOMERICS ratings are not recommendations to buy, sell or hold any security or to sanction, renew, disburse or recall the bank facilities. INFOMERICS do not take into account the sovereign risk, if any, attached to the foreign currency loans, and the ratings are applicable only to the rupee equivalent of these loans.

12. Users of this rating may kindly refer our website www.infomerics.com for latest update on the outstanding rating.

Thanking you,
With Regards,

Manthan Mulveparab

Press Release

Detailed Rationale

Infomerics Ratings assigns/reaffirms its ratings to various credit facilities of Capri Global Capital Limited (CGCL) as it continues to derive comfort from the experienced board of directors and management team, healthy capitalisation, sustained and substantial growth in overall financial profile of the group, improving asset quality, broad network coupled with strong risk management systems, diversified product profile and diversified resource profile. However, ratings are constrained by geographical concentration of operations and inherent risks associated with lending business.

The outlook continues to be “Positive” on the back of expectations from Infomerics that the company will achieve significant growth in overall AUM backed by strong capitalisation levels, increasing branch network and co-lending tie-ups which is expected to result in improved profitability while maintaining stable asset quality.

Key Rating Sensitivities:

Upward Factors

- Substantial and sustained growth in its loan portfolio, while maintaining healthy asset quality, strong capitalization, and profitability on a consolidated basis.

Downward Factors

- Lower than expected growth in consolidated AUM impacting the earnings profile and/or substantial decline in liquidity and capitalization levels.
- Substantial increase in slippage/decrease in collection efficiency resulting in deterioration in consolidated asset quality.

List of Key Rating Drivers with Detailed Description

Key Rating Strengths

Press Release

Sustained growth in overall financial profile

Capri group has robust policies, processes and risk management systems coupled with co-lending tie ups with multiple bank's has helped them to grow their AUM on a sustained basis. On a consolidated basis, CGCL AUM witnessed a YoY growth of 46% in FY25 (refers to the period from 1 April 2024 to 31 March 2025) and stood at Rs 22,860.21 crore (Rs 15,652.94 crore in FY24). The same has further grown to Rs 24,753.80 crore in Q1FY26. Consolidated AUM majorly comprises of gold loans (35.18%), MSME loans (23.09%), Home loans (22.76%) and construction finance (18.08%) as on 31 March 2025. On the back of which the total income and PAT on a consolidated basis increased to Rs 3,250.83 crore and Rs 478.52 crore respectively for FY25 (Rs 2,314.20 crore and 279.41 crore respectively in FY24).

CGHFLs AUM on a standalone basis has also witnessed consistent growth since inception and has reached an AUM of Rs 5,201.95 crore as on 31 March 2025 (Rs 4,209.10 crore as on 31 March 2024). The same has further grown to Rs 5,490.34 crore in Q1FY26. ROTA stood at 3.34% at the end of FY25 (FY24:2.93%) on the backed improved profitability with PAT improved to Rs.478.52 crore in FY25 (FY24: Rs.479.41 crore).Total income and PAT of CGHFL on a standalone basis stood at Rs 606.86 crore and Rs 61.88 crore respectively for FY25. (Rs 487.27 crore and Rs 71.70 crore respectively for FY24).

Healthy capitalization

The group's capital structure remains healthy with consolidated tangible Net worth of Rs 4,257.58 crore and a gearing of 3.67x in FY25 with healthy CRAR levels. Total CRAR of CGCL on a standalone basis stood at 34.39% as on 30 June 2025 (22.84% in FY25) and total CRAR of CGHFL stood at 28.90% as on 30 June 2025 (26.93% in FY25) which is well above the regulatory requirements, giving the group sufficient headroom to continue its growth path and grow its AUM further. The group has maintained healthy capitalisation despite the substantial growth witnessed in AUM levels in the last 3 years reflecting the capital raising ability of the promoters. The company has raised Rs 2000.00 crore through QIP in June 2025, which has helped the group to maintain healthy capitalisation levels and boost their AUM growth.

Improving asset quality

Press Release

The consolidated asset quality of the group continues to improve YoY with GNPA and NNPA decreasing to 1.53% and 0.89% respectively in FY25 from 1.92% and 1.06% respectively in FY24 on the back of improved collection efficiency given the strong and tech driven systems, processes and robust policies adopted by the group. On a standalone basis, CGCLs asset quality also has improved with GNPA and NNPA reducing to 1.56% and 0.91% respectively for FY25 (2.16% and 1.18% respectively for FY24). The improvement in asset quality of CGCL is mainly on account of improved performance of overall loan portfolio, improved collection efficiency leading to reduction in fresh slippages during the period.

CGHFLs asset quality remained stable with GNPA and NNPA of 1.39% and 0.86% respectively in FY25 (1.31% and 0.80% respectively in FY24). The asset quality is expected to moderate further as the portfolio gets seasoned.

As per management CGCL's entire exposure to all its borrowers is adequately secured, which ensures minimum credit loss and CGCL has also taken necessary steps to reduce the over dues. Also, the collection efficiency remains comfortable at ~99% for the last 12 months ending June 2025. Going forward, the ability of the company to control incremental slippages and maintain healthy asset quality in the near to medium term will remain a key rating monitorable.

Broad network coupled with strong risk management systems

On a consolidated basis, CGCL has a wide network of over 1,111 branches in 13 state and UTs as on 31 March 2025 mainly across the North and Western states of India and on a standalone basis, CGHFL has a network of 160+ branches across 9 states. CGCL and CGHFL have adopted robust practices to build a strong risk management system supported by an efficient MIS platform for effective monitoring of its portfolio. It has a well-defined credit and operations policy in place. The credit underwriting policy ensures rigorous risk assessment with clear division of the sourcing and credit underwriting teams. Field investigation and risk containment units are strictly followed to reinforce the focus on risk mitigation. The collection and recovery teams are independent of the sourcing team to avoid the likelihood of any malpractice.

Diversified product profile

On a consolidated basis, CGCL has a diversified product profile/base comprising MSME loans, construction finance, indirect lending, housing loans and gold loans. Indirect lending is financing to other NBFCs engaged in MSME Lending, Microfinance and fintech based NBFCs. CGCL has entered into corporate selling arrangements with commercial banks to distribute the banks new car loan products for a fee consideration. This is an asset light model, and the current tie-ups are with more than 10 banks. Further, the group has entered into co-lending tie-ups with various public sector and private sector banks for MSME, gold loans and housing loans. Through this collaboration, CGCL aims to disburse loans pan-India. Moreover, the company is planning to further diversify and improve its revenue source in the near term.

Experienced Board of Directors and Management Team

CGCL's board of directors has qualified professionals with experience in varied fields such as Banking, Insurance, Capital Markets, and the Indian Administrative Service. It has a team of experienced personnel who have been associated with the company for a long period and heading different verticals relating to lending, Banking & Finance, Risk & Portfolio Management, etc. The support functions of Accounts, Finance and Secretarial Departments are also headed by seasoned professionals with vast experience in the lending business. The group has an enterprising and professional management team which will enable them to scale up its operations, while managing the risks inherent in this type of business.

Key Rating Weaknesses

Geographical concentration of operations

CGCL's operations are regionally concentrated with top three states constituting ~83% of MSME portfolio, ~77% of Construction Finance portfolio, ~66% of housing loan portfolio and ~54% of gold loan portfolio as on 31 March 2025. The geographical concentration remains moderately high in MSME and construction finance segment. The company is of the opinion that the geographical concentration in construction finance is largely due to concentration of real estate advances in these pockets, and it rather helps them in better control over the market, monitoring and recovery. In case of gold loan portfolio, since the product was launched

in August 2022 and is in expansion mode, the concentration is high. As the company expands its presence, the issue of geographical concentration is expected to be addressed gradually.

Analytical Approach: Consolidated

Infomerics has consolidated the business and financial risk profiles of Capri Global Capital Limited (Parent Company) and its wholly owned subsidiary Capri Global Housing Finance Limited. This consolidation is in the view of the common promoters, shared brand name and strong financial and operation synergies.

Applicable Criteria:

Rating Methodology for Financial Institutions/Non-Banking Finance companies

Policy on Default Recognition and Post – Default Curing Period

Criteria of assigning Rating Outlook

Complexity level of rated instruments/Facilities

Financial Ratios & Interpretation (Financial Sector)

Criteria on consolidation of companies

Liquidity: Strong

The group's liquidity remains strong with consolidated tangible Networth of Rs 4,257.58 crore and a gearing of 3.67x in FY25. At consolidated level, the group has a liquidity of Rs 3,441.00 crore as on 30 June 2025 against total debt repayments of ~Rs 2,500 crore for the next 6 months ending December 2025 reflecting strong liquidity cushion. Also, the group has adequately matched ALM profile with positive cumulative mismatches across various buckets as per the ALM profile dated 30 June 2025.

About CGCL

CGCL, incorporated in November 1994, is a Non-Deposit Taking – Systemically Important NBFC providing MSME loans, construction finance, indirect lending and gold loans. CGCL is

promoted by Mr. Rajesh Sharma, who is also the Managing Director of the company. CGCL has a fully owned subsidiary, Capri Global Housing Finance Limited (CGHFL), licensed by NHB in July 2016 extends housing loans. CGCL's equity is listed on BSE and NSE with the promoter and promoter group holding 59.95 percent as on 30 June 2025.

About Infomerics:

Infomerics Valuation and Rating Ltd (Infomerics) was founded in the year 1986 by a team of highly experienced finance professionals for research and risk evaluation. Infomerics commenced its activities as External Credit Assessment Institution after obtaining registration from Securities Exchange Board of India (SEBI) and accreditation from Reserve Bank of India (RBI).

Adhering to best international practices and maintaining high degree of ethics, the team of analysts at Infomerics deliver quality credit ratings. Infomerics evaluates wide range of debt instruments which helps corporates access to financial markets and provides investors credit ratings backed by in-depth research. The transparent, robust, and credible ratings have gained the confidence of investors and the banks.

Infomerics has a pan India presence with Head Office in Delhi and Corporate Office at Mumbai, with branches in major cities and representatives in several locations.

Infomerics also has international presence with credit rating operations in Nepal through its JV subsidiary.

For more information and definition of ratings please visit www.infomerics.com.

Press Release

Disclaimer: Infomerics ratings are based on information provided by the issuer on an 'as is where is' basis. Infomerics credit ratings are an opinion on the credit risk of the issue / issuer and not a recommendation to buy, hold or sell securities. Infomerics reserves the right to change or withdraw the credit ratings at any point in time. Infomerics ratings are opinions on financial statements based on information provided by the management and information obtained from sources believed by it to be accurate and reliable. The credit quality ratings are not recommendations to sanction, renew, disburse or recall the concerned bank facilities or to buy, sell or hold any security. We, however, do not guarantee the accuracy, adequacy or completeness of any information, which we accepted and presumed to be free from misstatement, whether due to error or fraud. We are not responsible for any errors or omissions or for the results obtained from the use of such information. Most entities whose bank facilities/instruments are rated by us have paid a credit rating fee, based on the amount and type of bank facilities/instruments. In case of partnership/proprietary concerns/Association of Persons (AOPs), the rating assigned by Infomerics is based on the capital deployed by the partners/proprietor/ AOPs and the financial strength of the firm at present. The rating may undergo change in case of withdrawal of capital or the unsecured loans brought in by the partners/proprietor/ AOPs in addition to the financial performance and other relevant factors.
