## Only a few cryptocurrencies will survive, says Rajan

PRESS TRUST OF INDIA

New Delhi, November 24

### FORMER GOVERNOR OF THE

RBI Raghuram Rajan on Wednesday said only a "handful" of the 6,000-odd cryptocurrencies in existence might survive going forward.

Comparing the craze in cryptocurrency with that of the tulip mania in the Netherlands in the 17th century, Rajan said people hold cryptocurrencies for two reasons – store of value and an asset which might appreciate; and for use in payments.

"Do we really need 6,000 cryptocurrencies to do payments? One or two, may be a handful, that is going to survive to be used for payments even if the technology is so useful that it is a substitute for cash and currency..." "That would suggest that most cryptos are unlikely to survive with high values going forward," Rajan told CNBC-TV18.

The remarks come a day after the government listed for introduction in Parliament a

Bill to ban all private cryptocurrencies, with some exceptions. The Cryptocurrency and Regulation of Official Digital Currency Bill, 2021, to be introduced in the winter session of Parliament beginning November 29, seeks to "create a facilitative framework for creation of the official digital currency to be issued by the Reserve Bank of India. The Bill also seeks to prohibit all private cryptocurrencies in India, however, it allows for certain exceptions to promote the underlying technology of cryptocurrency and its uses".

Rajan said cryptos may pose the same problem as unregulated chit funds which take money from people and go bust.

# RBI slaps ₹2-crore penalty on Tata Communications Payment Solutions

PRESS TRUST OF INDIA

Mumbai, November 24

THE RESERVE BANK of India on Wednesday said it has imposed a penalty of ₹2 crore on Tata Communications Payment Solutions (TCPSL) and ₹54.93 lakh on Appnit Technologies (ATPL) for deficiencies in regulatory compliance.

"It was observed that TCPSL was non-compliant with the directions issued by RBI on White Label ATM deployment targets and net worth requirement. ATPL was non-compliant with the directions issued

by RBI on maintenance of escrow account balance and net worth requirement," the RBI said. It had issued notice to these two authorised payment system operators (PSOs).

After reviewing their written responses and oral submissions made during the per-

## Restrictions on Malkapur UCB, withdrawals capped at ₹10,000

THE RBI on Wednesday imposed several restrictions, including a ₹10,000 cap on withdrawals, on Malkapur Urban Co-operative Bank in Maharashtra due to deterioration in its

financial position. Malkapur Urban Co-operative Bank shall not without prior approval of the RBI renew any loans, make any investment, incur any liability and disburse any payment, the

Reserve Bank said in a statement. "In particular, a sum not exceeding ₹10,000 of the total balance across all savings bank or current accounts or any other account of a depositor, may

be allowed to be withdrawn...", the central bank added. The restrictions would remain in force for six months from the close of business on Wednesday.

# Insufficient availability of natural rubber affecting tyre production

FE BUREAU

Kochi, November 24

LOWER AVAILABILITY OF natural rubber (NR) is adversely disrupting the production processes at tyre manufacturing units even as the demand for tyres is peaking, tyre industry body Automotive Tyre Manufacturers Association (ATMA) said on Wednesday.

The association has written to the Union minister of commerce & industry stating that the scarcity of NR at the height of peak production season in Kerala is unprecedented and doesn't augur well for the tyre industry value chain.

ATMA reports that as against the average domestic production in the range of 75,000

tonne each in the months of October and November, the same is not expected to exceed 45,000-50,000 tonne each in October and November of the current year.

NR consumption, on the other hand, is expected to remain at over 1 lakh tonne each in these two months, with a resultant deficit of 1 lakh tonne in a short span of 2 months of the ongoing peak production season leading to major concern for tyre industry that consumes nearly 75% of total NR produced in the country, ATMA has stated.

"The scarcity comes at a time when domestic production of commercial vehicles (CVs) is looking up after a prolonged downturn. Truck and bus (T&B) tyres have relatively

higher NR content. NR demand is therefore expected to firm up further but the availability crisis is likely to throw a spanner in the works, said Rajiv Budhraj, director general ATMA.

With a view to ensure that tyre production and exports take place in an uninterrupted manner, duty free imports of NR need to be allowed to the extent of projected demand-supply gap in the country. The duty free import volumes can be reviewed every year, as Tariff Rate Quota (TRQ) quantity, in accordance with production, consumption estimates put up by the Rubber Board, he added.

Moreover, restrictions at various ports on import of natural rubber need to be removed.

## Rupee snaps 3-day losing streak, settles 2 paise up at 74.40

PRESS TRUST OF INDIA

Mumbai, November 24

THE INDIAN RUPEE recovered its initial losses and settled 2 paise up at 74.40 against the greenback on Wednesday as exporters' dollar sales helped offset elevated crude oil prices. Investors

also waited the minutes of the latest Federal Reserve meeting, forex traders said.

According to Emkay Global Financial Services, the forex market is stuck in a lacklustre

The dollar index, which gauges the greenback's strength against a basket of six currencies, advanced 0.22%

trading range, with focus being on Fed minutes and a slew of US economic data. "Only an upbeat data with marginally hawkish Federal Open Market Committee (FOMC) minutes will bolster the case that the US consumer is in good shape and increase bets for an earlier-than-expected rate hike, appreciating the USD-INR spot," it said.

The dollar index, which gauges the greenback's strength against a basket of six currencies, advanced 0.22% to 96.70.

Brent crude futures, the global oil benchmark, fell 0.24% to \$82.11 per barrel.
